PROXY STATEMENT

**Annual Meeting of Stockholders
to be held on September 10, 2007**

General

This proxy statement is being furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors (the *Board*) of GammaCan International, Inc., a Delaware corporation (*we* , *us* or *our*), for use at our Annual Meeting of Stockholders (the *Annual Meeting*) to be held at our offices at the Azrieli Convention Center, 1 Azrieli Center, 1st Floor, Derech Petach Tikva 132, Tel Aviv, 67012 Israel on September 10, 2007 at 10:00 a.m. (Israel time), and at any adjournments or postponements thereof.

At the Annual Meeting, our stockholders will be asked to (i) elect five Directors to serve until our next annual meeting of stockholders and the election and qualification of their respective successors, (ii) consider a proposal to approve an amendment to our Certificate of Incorporation to increase the number of our authorized shares of common stock from 100,000,000 to 200,000,000 (iii) consider a proposal to approve an amendment to our Certificate of Incorporation to classify 20,000,000 shares of our preferred stock as blank check preferred , (iv) consider a proposal to approve an amendment to our Certificate of Incorporation to indemnify our directors and officers to the fullest extent permitted by Delaware law, (v) consider a proposal to approve an amendment to limit the liability of our directors, (vi) ratify the appointment of Kesselman & Kesselman, certified public accountants (Isr.), a member of PriceWaterhouse Coopers International Limited (*Kesselman & Kesselman*) as our independent auditor of the financial statements for the year ending September 30, 2007, and (vii) to transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

Record Date, Voting Rights

Only stockholders of record of our common stock, par value \$0.0001 per share (the *Common Stock*), as of the close of business on July 16, 2007 (the *Record Date*), are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. On the Record Date, there were 44,958,917 shares of Common Stock issued and outstanding. Each share of Common Stock is entitled to one vote.

Quorum, Broker Non-Votes, Abstentions

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. A majority of the outstanding shares of the Common Stock as of the Record Date is necessary to constitute a quorum. Abstentions and broker *non-votes* are included in the determination of the number of shares of Common Stock present at the Annual Meeting for quorum purposes.

Abstentions and broker non-votes will have no effect on the election of directors since only votes cast for and against a director will be counted. With respect to approval of the proposals to amend our Certificate of Incorporation and ratification of our independent auditors, abstentions will have the effect of a vote against these proposals, and broker non-votes will reduce the absolute number, but not the percentage, of affirmative votes needed for approval of these proposals.

Broker non-votes are proxies received from brokers or nominees when the broker or nominee has neither received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on a particular matter. Brokers only possess discretionary power over matters that are considered routine, such as the election of directors described in Proposal 1 and the ratification of our auditors described in Proposal 6. In contrast, brokers do not have discretionary authority to vote shares held in street name on non-routine matters, such as the approval of the amendments to our Certificate of Incorporation described under Proposals 2, 3, 4 and 5 without your instructions. Stockholders are advised to forward their voting instructions promptly so as to afford brokers sufficient time to process such instructions.

Voting of Proxies, Revocation, Solicitation

All stockholders who deliver properly executed and dated proxies to us prior to the Annual Meeting will be deemed present at the Annual Meeting regardless of whether such proxies direct the proxy holders to vote for or against, or to withhold or abstain from voting. The proxies, when properly executed and returned to us, will be voted in accordance with the instructions given therein by the person executing the proxy. In the absence of instructions, properly executed proxies will be voted for the election of the Board's nominees, Yair Aloni, Steven Katz, Shmuel Levi, Josef Neuhaus, and Albert Passner, as Directors, for the approval of the proposals to amend our Certificate of Incorporation and for the ratification of the appointment of Kesselman & Kesselman.

Any stockholder who executes and delivers a proxy may revoke it at any time before it is voted by delivering a written notice of such revocation to our Secretary at our address set forth in this proxy statement, by submitting a properly executed proxy bearing a later date, or by appearing at the Annual Meeting and requesting the return of the proxy or by voting in person. A stockholder's attendance at the Annual Meeting will not, by itself, revoke a proxy given by that stockholder. In accordance with applicable rules, boxes and designated spaces are provided on the proxy card for stockholders to mark if they wish either to vote for or withhold authority to vote for the nominees for Directors, or to vote for or against or to abstain from voting for a

Edgar Filing: GAMMACAN INTERNATIONAL INC - Form PRER14A

proposal. Stockholders entitled to vote will not have any dissenters' rights of appraisal in connection with any of the matters to be voted on at the meeting.

Stockholders vote at the Annual Meeting by casting ballots (in person or by proxy), which are tabulated by a person who is appointed by the Board of Directors before the Annual Meeting to serve as inspector of election at the Annual Meeting and who has executed and verified an oath of office.

Solicitation of proxies may be made by our directors, officers and regular employees by mail, telephone, facsimile transmission or other electronic media and in person for which they will receive no additional compensation. The expenses of preparing, printing and assembling the materials used in the solicitation of proxies on behalf of the Board of Directors will be borne by us. Upon request, we will reimburse the reasonable fees and expenses of banks, brokers, custodians, nominees and fiduciaries for forwarding proxy materials to, and obtaining authority to execute proxies from, beneficial owners for whose accounts they hold shares of Common Stock.

It is anticipated that this proxy statement, the enclosed proxy card and our Annual Report on Form 10-KSB for the year ended September 30, 2006 will be mailed to our stockholders on or about August 15, 2007.

Board of Directors

There are no agreements with respect to the election of directors. Each director is elected for a period of one year at our annual meeting of stockholders and serves until the next such meeting and until his or her successor is duly elected. The board of directors may also appoint additional directors up to the maximum number permitted under our by-laws. A director so chosen or appointed will hold office until the next annual meeting of stockholders.

There have been no events under any bankruptcy act, no criminal proceedings and no judgments, injunctions, orders or decrees material to the evaluation of the ability and integrity of any director, executive officer, or control person of the Company during the past five years.

Board Meeting Attendance

During the year ended September 30, 2006, our Board held 20 meetings and took actions by written consent on 15 occasions. No incumbent director of the meeting attended fewer than 75% of the aggregate of: (i) the total number of meetings of the Board (during the period for which such director served as a director); and (ii) the total number of meetings held by all committees of the Board on which such director served (during the period for which such director served on such committees). Board members are encouraged to attend our annual meetings of stockholders.

Committees

On January 11, 2005, we established an Audit Committee and a Compensation Committee.

Audit Committee

The Audit Committee is responsible for the following:

reviewing the results of the audit engagement with the independent auditors;

- identifying irregularities in the management of our business, and suggesting an appropriate course of action;
- reviewing the adequacy, scope, and results of the internal accounting controls and procedures;
- reviewing the degree of independence of the auditors, as well as the nature and scope of our relationship with our independent auditors;
- reviewing the auditors' fees; and
- recommending the engagement of auditors to the full board of directors.

A charter has been adopted to govern the Audit Committee. A copy of the charter is available on our website located at www.gammacan.com. The Audit Committee members are Messrs. Shmuel Levi (Chairman) and Josef Neuhaus, each of whom has no other affiliation with us and is independent as defined by the rules of the SEC. Each has also been determined by the Board to be an audit committee financial expert as defined by the SEC.

Audit Committee Report

The Audit Committee's primary responsibilities are to monitor the integrity of our financial statements and reporting process and systems of internal controls regarding finance and accounting and to monitor our compliance with legal and regulatory requirements, including disclosures and procedures. The committee also has the responsibility to evaluate our independent auditor's qualifications, independence and performance as well as to evaluate the performance of the internal audit function.

Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal controls. The independent auditors are responsible for auditing the annual financial statements prepared by management and expressing an opinion as to whether those financial statements conform with accounting principles generally accepted in the United States of America. The audit committee reviewed and discussed the audited financial statements with management and our independent auditors. The audit committee has discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended. In addition, the audit committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, and has discussed with the independent accountant the independent accountant's independence.

Based upon the review and discussions described in this report, a majority of the audit committee members recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-KSB for the fiscal year ended September 30, 2006 that has been filed with the Securities and Exchange Commission.

AUDIT COMMITTEE
Shmuel Levi
Josef Neuhaus

Edgar Filing: GAMMACAN INTERNATIONAL INC - Form PRER14A

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates the Audit Committee Report by reference therein.

Compensation Committee

The Compensation Committee determines the salaries and incentive compensation of our executive officers, subject to outstanding employment agreements and provides recommendations for the salaries and incentive compensation of its other employees and consultants. Its members are Yair Aloni (Chairman), Shmuel Levi, and Josef Neuhaus. A charter has been adopted to govern the Compensation Committee. A copy of the charter is available on our website located at www.gammacan.com.

Our compensation programs are intended to enable the attraction, motivation, reward, and retention of the management talent required to achieve corporate objectives and thereby increase stockholder value. The Committee's policy has been to provide incentives to our senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our business. To attain these objectives, the executive compensation program may include a competitive base salary, cash incentive bonuses, and stock-based compensation.

Relationship of Compensation to Performance and Compensation of Executive Officers

The Compensation Committee annually establishes, subject to the approval of our Board and any applicable employment agreement, the salaries that will be paid to our executive officers during the year. In setting salaries, the Committee takes into account several factors, including the following:

competitive compensation data;

the extent to which an individual may participate in the stock plans which may be maintained by us; and

qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

Nomination of Directors

Our Board has not established a nominating committee because the Board believes that it is unnecessary in light of our size and the fact that a majority of our five Board members are independent. Our Board does not utilize a nominating committee charter. In the event that vacancies on our board of directors arise, the Board considers potential candidates for director, which may come to the attention of the Board through current directors, professional executive search firms, stockholders or other persons. The Board will consider candidates recommended by stockholders if the names and qualifications of such candidates are submitted in writing in

Edgar Filing: GAMMACAN INTERNATIONAL INC - Form PRER14A

accordance with the notice provisions for stockholder proposals set forth under the caption *Stockholder Proposals* in this proxy statement to our corporate secretary at GammaCan International, Inc. Kiryat Ono Mall, Azorim Center A, 39 Jerusalem Street, 55423 Kiryat Ono, Israel. The Board will consider properly submitted stockholder nominations for candidates for the Board in the same manner as it evaluates other nominees. PROPOSAL 2

**PROPOSAL TO APPROVE THE INCREASE IN THE NUMBER OF
AUTHORIZED SHARES OF COMMON STOCK**

Description of Amendment

We are currently governed by a Certificate of Incorporation that was filed with the Secretary of State of Delaware on October 6, 1998, which was subsequently amended on May 28, 2004 and August 19, 2004.

According to Article FOURTH of our current Certificate of Incorporation, as amended, it authorizes 100,000,000 shares of our common stock, par value \$0.0001 per share and 20,000,000 shares of our preferred stock, par value \$0.0001 per share. Our Board has adopted and approved and has recommended that stockholders approve an increase in the number of authorized shares of our common stock to 200,000,000 shares. A copy of the proposed amendment to our Certificate of Incorporation to effect the increase in authorized shares of common stock is attached to this Proxy Statement as Appendix 1.

Edgar Filing: GAMMACAN INTERNATIONAL INC - Form PRER14A

Purpose of Amendment and Possible Effects

As of July 16, 2007, there were 44,958,917 shares of common stock outstanding and an additional 10,000,000 shares reserved for issuance upon exercise of warrants and options granted or which may be granted under the 2004 and 2007 Plans. In addition, we had, as of July 16, 2007, approximately 19,262,558 shares of common stock reserved for issuance upon the exercise of outstanding warrants. Based on the foregoing number of outstanding and reserved shares of common stock, we had, as of July 16, 2007, approximately 25,778,525 authorized but unissued, and otherwise unreserved, shares of common stock and 20,000,000 authorized but unissued, and otherwise unreserved, shares of preferred stock remaining available.

If Proposal 2 is approved, an additional 100,000,000 shares of common stock will be available for issuance from time to time as may be deemed advisable or required for various purposes. We anticipate that we will continue to seek additional funding to support our research and development activities and may seek to enter into strategic transactions. The Board believes that it is advantageous for us to be able to act promptly with respect to potential opportunities and that the proposed increase in the number of authorized shares of common stock is desirable in order to have the additional shares available, as needed, for possible future financing transactions, strategic transactions or for the purposes of attracting and retaining employees through the issuance of additional securities under our stock option plan or other general corporate purposes that are determined by the Board to be in our best interests. Having such additional authorized shares available for issuance in the future would give us greater flexibility and would enable us to issue shares of common stock, preferred stock or other securities exercisable, exchangeable or convertible into common stock or preferred stock, without the expense and delay of a stockholders' meeting, except as may be required by applicable law or regulations. Our Board will determine the terms of any issuance of the additional shares of common and preferred stock.

Although the Board is recommending that stockholders vote for the proposed increase of the authorized number of shares of common stock, we currently have no plan, commitment, arrangement, understanding or agreement, either oral or written, in place to issue common stock or shares convertible, exchangeable or exercisable into our common stock subsequent to the proposed increase other than in satisfaction of our outstanding warrants and options and otherwise disclosed in our periodic reports.

Except for certain of our stockholders, our stockholders do not presently have preemptive rights with respect to common and preferred stock. Thus, should the Board elect to issue additional shares of common or preferred stock, most of our stockholders would not have any preferential rights to purchase such shares. If the Board elects to issue additional shares of common or preferred stock, such issuance could have a dilutive effect on the earnings per share, book value per share voting power and shareholdings of current stockholders.

This proposal could have an anti-takeover effect, although that is not the Board's intention. For example, if we were the subject of a hostile takeover attempt, we could try to impede the takeover by issuing shares of common stock, thereby diluting the voting power of the other outstanding shares and increasing the potential cost of the takeover. The availability of this defensive strategy to us could discourage unsolicited takeover attempts, thereby limiting the opportunity for our stockholders to realize a higher price for their shares than is generally available in the public markets. The Board is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

Effective Date; Vote Required; Board Recommendation

If the amendment is approved by our stockholders, it will become effective upon filing of a Certificate of Amendment of a Certificate of Incorporation with the Delaware Secretary of State. However, the Board retains discretion under Delaware law not to implement the proposed amendment.

A vote for approval of Proposal 2 requires the affirmative vote of holders of a majority of the outstanding shares of Common Stock.

THE BOARD RECOMMENDS THAT STOCKHOLDERS AUTHORIZE AN INCREASE IN THE AUTHORIZED NUMBER OF COMMON STOCK.

PROPOSAL 3

PROPOSAL TO APPROVE THE CLASSIFICATION OF OUR PREFERRED STOCK AS BLANK CHECK PREFERRED

Description of Amendment

Our Certificate of Incorporation, as amended, does not authorize us to issue shares of preferred stock in series with such rights (including voting, dividends and conversion), preferences and designations as it deems necessary or advisable without any action by our stockholders (commonly referred to as blank check preferred).

Our Board has adopted and approved and has recommended that stockholders approve the classification of our preferred stock as blank check preferred. A copy of the proposed amendment to our Certificate of Incorporation to effect such classification is attached to this Proxy Statement as Appendix 2.

The proposed amendment to our Certificates of Incorporation would permit the Board or a committee of the Board to issue shares of preferred stock of any series and to declare and pay dividends thereon and, in connection with the creation of each such series, to fix by resolution the number of such shares, the designations, powers, preferences, and rights (including voting rights), and the qualifications, limitations, and restrictions, of such series, to the full extent now or hereafter permitted by the laws of the State of Delaware.

Purpose of Amendment and Possible Effects

The Board believes that amending its Certificate of Incorporation to authorize the issuance of blank check preferred stock will provide us with increased flexibility in raising future capital. The creation of blank check preferred stock would permit the Board to negotiate with potential investors regarding the rights and preferences of a series of equity securities. In addition, the Board would not be required to seek stockholder approval for the creation of a series of preferred stock and, therefore, would be able to proceed expeditiously with a future plan of financing involving preferred stock. Because our research and development activities are time-consuming and capital intensive, the Board believes that increased flexibility in capital raising is in the best interests of the Company and its stockholders. Although the Board is recommending that stockholders vote for Proposal 3 in part to increase flexibility for future financings, we currently have no plan in place to utilize preferred stock in connection with any future financings.

The availability of undesignated preferred stock may have certain negative effects on the rights of the holders of our common stock. The actual effect of the issuance of any shares of blank check preferred stock upon the rights of holders of common stock cannot be stated until the Board determines the specific rights of the holders of such blank check preferred stock. The proposed amendment will permit the Board, without future stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights, which are superior to and could adversely affect the voting power or other rights of the holders of our common stock. Specifically, we will be in a position to issue securities which would grant to the holders thereof, preferences or priorities over the holders of common stock with respect to, among other things, liquidation, dividends and voting. This could result in holders of common stock receiving less in the event of a liquidation, dissolution or other winding up of our company, reduce the amount of funds, if any, available for dividends on common stock, and dilute the voting power of the holders of common stock.

In addition, preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying or preventing a change in control of our company. For example, the Board could designate and issue a series of preferred stock in an amount that sufficiently increases the number of outstanding shares to overcome a vote by the holders of our common stock or with rights and preferences that include special voting rights to veto a change in control. The effect of such provisions could delay or frustrate a merger, tender offer or proxy contest, the removal of incumbent directors, or the assumption of control by stockholders, even if such proposed actions would be beneficial to our stockholders. This could include discouraging bids even if such bid represents a premium over our then existing trading price and thereby prevent stockholders from receiving the maximum value for their shares.

Effective Date; Vote Required; Board Recommendation

If the amendment is approved by our stockholders, it will become effective upon filing of a Certificate of Amendment of the Certificate of Incorporation with the Delaware Secretary of State. However, the Board retains discretion under Delaware law not to implement the proposed amendment.

A vote for approval of Proposal 3 requires the affirmative vote of holders of a majority of the outstanding shares of Common Stock.

THE BOARD RECOMMENDS THAT STOCKHOLDERS AUTHORIZE THE CLASSIFICATION OF OUR PREFERRED STOCK AS BLANK CHECK PREFERRED .

PROPOSAL 4

PROPOSAL TO INDEMNIFY OUR DIRECTORS AND OFFICERS

Description of Amendment

The Delaware General Corporation Law (*DGCL*) provides that a corporation may indemnify its officers and directors for losses and litigation expenses incurred in connection with their service to the Company. The current Certificate of Incorporation, as amended, does not contain any provisions for indemnification of directors, officers, employees or agents.

Our Board has adopted and approved and has recommended that stockholders approve the proposal to indemnify our directors and officers to the fullest extent permitted by Delaware law. A copy of the proposed amendment to our Certificate of Incorporation to effect such proposal is attached to this Proxy Statement as Appendix 3.

The proposed amendment to our Certificate of Incorporation provides that we shall indemnify and hold harmless against all expense, liability and loss (including attorneys' fees, fines, excise taxes or penalties under the Employment Retirement Income Security Act of 1974, as amended, and amounts paid in settlement) reasonably incurred by a director, officer, employee, or agent of the Company or of a subsidiary or a person serving as such at the request of the Company, including service with respect to an employee benefit plan), who was or is made a party or is threatened to be made a party in any action, suit or proceeding, whether civil, criminal, administrative or investigative (the *Indemnitee*) to the fullest extent authorized by the DGCL and whether the basis of such proceeding is alleged action in an official capacity or in any other capacity while serving as a director, officer, employee or agent. It further provides that the right of indemnification continues on behalf of the Indemnitee who has ceased to be a director, officer, employee, or agent and is to inure to the benefit of the Indemnitee's heirs, executors and administrators.

The proposed amendment, consistent with the DGCL, also provides that the Indemnitee will have a right to be paid by the Company expenses incurred in defending a proceeding in advance of the final disposition provided the Indemnitee provides us with a written undertaking to repay all advances if it is ultimately determined by final judicial decision from which there is no further right to appeal that the Indemnitee is not entitled to be indemnified for such expenses.

Purpose of Amendment and Possible Effects

The Board believes that its ability to attract and retain highly competent and responsible persons as directors and officers will be enhanced materially by the foregoing charter protection, if approved. Because charter provisions limiting director liability and requiring companies to indemnify their directors and officers are common for public reporting companies, the Board believes that the absence of such provisions in our current Certificate of Incorporation, as amended, may hinder our ability to attract and retain directors and officers who are averse to the risks associated with lawsuits. It is further expected that such protections will also facilitate management decision making without fear of liability arising out of frivolous claims.

The Board recognizes that, if the proposed amendment is adopted, its principal effect would be that the protections afforded by this amendment could raise obstacles and make it impractical for shareholders to bring a claim against an officer or director. It should be noted that our Board has a personal interest in having the shareholders approve the proposed amendment, to the potential detriment of the Company and its shareholders. However, given the potential liabilities which face the directors of publicly held corporations, the Board believes that the proposed amendment is in our best interests and the best interests of our shareholders for the reasons stated above.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions or otherwise, we have been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Effective Date; Vote Required; Board Recommendation

If the amendment is approved by our stockholders, it will become effective upon filing of a Certificate of Amendment of the Certificate of Incorporation with the Delaware Secretary of State. However, the Board retains discretion under Delaware law not to implement the proposed amendment.

A vote for approval of Proposal 4 requires the affirmative vote of holders of a majority of the outstanding shares of Common Stock.

THE BOARD RECOMMENDS THAT STOCKHOLDERS AUTHORIZE THE PROPOSAL TO INDEMNIFY OUR DIRECTORS AND OFFICERS.

PROPOSAL 5

PROPOSAL TO LIMIT THE LIABILITY OF OUR DIRECTORS

Description of Amendment

Directors of corporations incorporated in the State of Delaware, such as ours, have duties of loyalty and due care to the corporation and its stockholders. The Delaware General Corporation Law permits each Delaware corporation to include in its certificate of incorporation a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of the duty of due care as a director, subject to certain limitations.

The current Certificate of Incorporation, as amended, does not contain any provisions for limiting the liability of our directors. Our Board has adopted and approved and has recommended that stockholders approve the proposal to limit the liability of our directors for breach of duty of due care, subject to limitations. A copy of the proposed amendment to our Certificate of Incorporation to effect such proposal is attached to this Proxy Statement as Appendix 4.

The proposed amendment provides that no director of the Company shall be liable to the Company or any of its stockholders for monetary damages for breach of a fiduciary duty other than: (i) breach of duty of loyalty to the Company or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL which relates to an unlawful dividend or stock purchase or redemption, or (iv) any transaction from which the director derived an improper personal benefit.

Purpose of Amendment and Possible Effects

The Board believes that its ability to attract and retain highly competent and responsible persons as directors and officers will be enhanced materially by the foregoing charter protection, if approved. Because charter provisions limiting director liability are common for public reporting companies, the Board believes that the absence of such provisions in our current Certificate of Incorporation, as amended, may hinder our ability to attract and retain directors and officers who are averse to the risks associated with lawsuits. It is further expected that such protections will also facilitate management decision making without fear of liability arising out of frivolous claims.

The Board recognizes that, if the proposed amendment is adopted, its principal effect would be that the protections afforded by this amendment could raise obstacles and make it impractical for shareholders to bring a claim against an officer or director. It should be noted that our Board has a personal interest in having the shareholders approve the proposed amendment, to the potential detriment of the Company and its shareholders. However, given the potential liabilities which face the directors of publicly held corporations, the Board believes that the proposed amendment is in our best interests and the best interests of our shareholders for the reasons stated above.

Effective Date; Vote Required; Board Recommendation

If the amendment is approved by our stockholders, it will become effective upon filing of a Certificate of Amendment of the Certificate of Incorporation with the Delaware Secretary of State. However, the Board retains discretion under Delaware law not to implement the proposed amendment.

A vote for approval of Proposal 5 requires the affirmative vote of holders of a majority of the outstanding shares of Common Stock.

THE BOARD RECOMMENDS THAT STOCKHOLDERS AUTHORIZE THE PROPOSAL TO LIMIT THE LIABILITY OF OUR DIRECTORS.

PROPOSAL 6

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Our Board, subject to stockholder ratification, appointed Kesselman & Kesselman as our independent public accountants for our financial statements for the fiscal year ending September 30, 2007.

Stockholder ratification of the appointment is not required by our Certificate of Incorporation, as amended, or By-laws or otherwise. If our stockholders fail to ratify the appointment, the Board will reconsider whether to retain that firm. Even if the appointment is ratified, the Board in its discretion may direct the appointment of a different independent accounting firm if the Board determines that such a change would be in our best interests and the best interests of our stockholders.

Kesselman & Kesselman has audited our consolidated financial statements since October 1, 2003. A representative of that firm is expected to be present at the Annual Meeting, and will have an opportunity to make a statement to the stockholders and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered for the audits of our annual financial statements for the years ended September 30, 2006 and 2005.

	<u>2006</u>	<u>2005</u>
Audit Fees ¹	\$ 74,000	\$ 56,000
Audit-Related Fees	Nil	Nil
Tax Fees ²	\$ 5,000	\$ 4,000
All Other Fees	Nil	Nil

1. Audit Fees relate to the audit of our financial statements and reviews of financial statements included in our quarterly reports on Form 10-QSB.

2. Tax Fees consist of fees billed for professional services for tax compliance and tax advice.

The affirmative vote of a majority of votes properly cast on this proposal at the Annual Meeting is required to ratify such selection.

THE BOARD RECOMMENDS THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF ITS INDEPENDENT PUBLIC ACCOUNTANTS.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual

[B.] Authority is hereby expressly granted to the Board of Directors of this corporation, or a committee thereof designated by the Board of Directors pursuant to the by-laws of the corporation, as from time to time amended, to issue the Preferred Stock from time to time as Preferred Stock of any series and to declare and pay dividends thereon in accordance with the terms thereof and, in connection with the creation of each such series, to fix by the resolution or resolutions providing for the issue of shares thereof, the number of such shares, the designations, powers, preferences, and rights (including voting rights), and the qualifications, limitations, and restrictions, of such series, to the full extent now or hereafter permitted by the laws of the State of Delaware.

Appendix 3

Amendment to Certificate of Incorporation

SEVENTH. A. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit, or proceeding, whether civil, criminal, administrative, or investigative (hereinafter a *proceeding*), by reason of the fact that he or she is or was a director, officer, employee, or agent of this corporation or any of its direct or indirect subsidiaries or is or was serving at the request of this corporation as a director, officer, employee, or agent of any other corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan (hereinafter an *indemnitee*), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee, or agent or in any other capacity while serving as a director, officer, employee, or agent, shall be indemnified and held harmless by this corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits this corporation to provide broader indemnification rights than permitted prior thereto), against all expense, liability, and loss (including attorneys' fees, judgments, fines, excise taxes or penalties under the Employee Retirement Income Security Act of 1974, as amended, and amounts paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith, and such indemnification shall continue as to an indemnitee who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the indemnitee's heirs, executors, and administrators; provided, however, that, except as provided in Paragraph C of this Article SEVENTH with respect to proceedings to enforce rights to indemnification, this corporation shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors of this corporation.

B. The right to indemnification conferred in Paragraph A of this Article SEVENTH shall include the right to be paid by this corporation the expenses incurred in defending any proceeding for which such right to indemnification is applicable in advance of its final disposition (hereinafter an *advancement of expenses*); PROVIDED, HOWEVER, that, if the Delaware General Corporation Law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to this corporation of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such indemnitee is not entitled to be indemnified for such expenses under this Article SEVENTH or otherwise.

C. The rights to indemnification and to the advancement of expenses conferred in Paragraphs A and B of this Article SEVENTH shall be contract rights. If a claim under Paragraph A or B of this Article SEVENTH is not paid in full by this corporation within sixty days after a written claim has been received by this corporation, except in the case of a claim for an advancement of

expenses, in which case the applicable period shall be twenty days, the indemnitee may at any time thereafter bring suit against this corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by this corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee or this corporation, as applicable, shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by an indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) any suit by this corporation to recover an advancement of expenses pursuant to the terms of an undertaking, this corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Delaware General Corporation Law. Neither the failure of this corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by this corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by this corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article SEVENTH or otherwise, shall be on this corporation.

D. The rights to indemnification and to the advancement of expenses conferred in this Article SEVENTH shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, this certificate of incorporation, by-law, agreement, vote of stockholders or disinterested directors, or otherwise.

E. This corporation may maintain insurance, at this corporation's expense, to protect itself and any director, officer, employee, or agent of this corporation or another corporation, partnership, joint venture, trust, or other enterprise against any expense, liability, or loss, whether or not this corporation would have the power to indemnify such person against such expense, liability, or loss under the Delaware General Corporation Law.

F. This corporation's obligation, if any, to indemnify any person who was or is serving as a director, officer, employee, or agent of any direct or indirect subsidiary of this corporation or, at the request of this corporation, of any other corporation or of a partnership, joint venture, trust, or other enterprise shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, joint venture, trust, or other enterprise.

G. Any repeal or modification of the foregoing provisions of this Article SEVENTH shall not adversely affect any right or protection hereunder of any person in respect of any act or omission occurring prior to the time of such repeal or modification.

Appendix 4

Amendment to Certificate of Incorporation

[EIGHTH.] No director of this corporation shall be liable to this corporation or any of its stockholders for monetary damages for breach of fiduciary duty as a director, provided that this provision does not eliminate the liability of the director (i) for any breach of the director's duty of loyalty to this corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of Title 8 of the Delaware Code, or (iv) for any transaction from which the director derived an improper personal benefit. For purposes of the prior sentence, the term "damages" shall, to the extent permitted by law, include without limitation, any judgment, fine, amount paid in settlement, penalty, punitive damages, excise or other tax assessed with respect to an employee benefit plan, or expense of any nature (including, without limitation, counsel fees and disbursements). Each person who serves as a director of this corporation while this Article EIGHTH is in effect shall be deemed to be doing so in reliance on the provisions of this Article EIGHTH, and neither the amendment or repeal of this Article EIGHTH, nor the adoption of any provision of this Certificate of Incorporation inconsistent with this Article EIGHTH, shall apply to or have any effect on the liability or alleged liability of any director or this corporation for, arising out of, based upon, or in connection with any acts or omissions of such director occurring prior to such amendment, repeal, or adoption of an inconsistent provision. The provisions of this Article EIGHTH are cumulative and shall be in addition to and independent of any and all other limitations on or eliminations of the liabilities of directors of this corporation, as such, whether such limitations or eliminations arise under or are created by any law, rule, regulation, by-law, agreement, vote of shareholders or disinterested directors, or otherwise.
