MANAGEMENT INFORMATION CIRCULAR
AND PROXY STATEMENT

Solicitation of Proxies

THIS MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT (THE "INFORMATION CIRCULAR") IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY THE MANAGEMENT OF ALTAIR NANOTECHNOLOGIES INC. (THE "CORPORATION") OF PROXIES TO BE USED AT THE ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS OF THE CORPORATION TO BE HELD AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ENCLOSED NOTICE OF MEETING (THE "MEETING"). This Information Circular, the notice of Meeting attached hereto, the accompanying form of proxy and the Annual Report of the Corporation for the year ended December 31, 2003 are first being mailed to the shareholders of the Corporation on or about May 19, 2004. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by email, by facsimile or by telephone by officers of the Corporation without additional compensation therefor. If one or more shareholders files a proxy statement or solicits proxies in opposition to the recommendations of the Board of Directors, the Corporation may engage outside solicitors to assist with its solicitation of proxies. Details regarding any such engagement will be set forth in a supplement to this Information Statement.

The cost of solicitation by management will be borne directly by the Corporation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the Common Shares of the Corporation ("Common Shares") held by such persons, and the Corporation will reimburse such brokerage firms, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses incurred by them in connection therewith.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON TO REPRESENT HIM AT THE MEETING MAY DO SO either by inserting such person's name in the blank space provided in that form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the office of the transfer agent indicated on the enclosed envelope not later than 48 hours (excluding Saturdays and holidays) before the time of holding the Meeting, or delivered to the chairman on the day of the Meeting or adjournment thereof.

A proxy given pursuant to this solicitation may be revoked by instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his attorney authorized in writing, and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of such Meeting on the day of the Meeting, or adjournment thereof, or in any other manner permitted by law.

Voting of Proxies

UNLESS OTHERWISE INDICATED ON THE FORM OF PROXY, SHARES REPRESENTED BY PROPERLY EXECUTED PROXIES IN FAVOR OF PERSONS DESIGNATED IN THE PRINTED PORTION OF THE ENCLOSED FORM OF PROXY WILL BE VOTED (I) TO ELECT MANAGEMENT'S SIX NOMINEES FOR DIRECTOR, (II) TO APPOINT DELOITTE & TOUCHE LLP AS THE CORPORATION'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004, AND (III) AGAINST THE SHAREHOLDER PROPOSAL AS SUCH MATTERS ARE DESCRIBED AND DEFINED BELOW. IF SO INDICATED ON THE FORM OF PROXY, SHARES REPRESENTED BY PROPERLY EXECUTED PROXIES IN FAVOR OF PERSONS DESIGNATED IN THE PRINTED PORTION OF THE ENCLOSED FORM OF PROXY WILL BE WITHHELD FROM VOTING WITH RESPECT TO, OR VOTED AGAINST, ANY OR ALL OF THE THREE MATTERS IDENTIFIED IN THE PRECEDING SENTENCE. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the notice of Meeting, or other matters which may properly come before the Meeting. At the time of printing this Information Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

Voting Securities

The authorized capital of the Corporation consists of an unlimited number of Common Shares. As of April 21, 2004, the Corporation had issued and outstanding 48,722,974 Common Shares.

The Corporation shall make a list of all persons who are registered holders of Common Shares on May 16, 2004 (the "Record Date") and the number of Common Shares registered in the name of each person on that date. Each shareholder is entitled to one vote for each Common Share registered in his name as it appears on the list except to the extent that such shareholder has transferred any of his shares after the Record Date and the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he owns the shares and demands, not later than ten days before the Meeting, that his name be included in the list. In such case the transferee is entitled to vote those shares at the Meeting in lieu of the transferor.

Two persons present in person and each entitled to vote at a meeting of shareholders is required for a quorum. An abstention will be counted as "represented" for the purpose of determining the presence or absence of a quorum. A broker non-vote, which is an indication by a broker that it does not have discretionary authority to vote on a particular matter, will not be treated as "represented" for quorum purposes.

Under the Canada Business Corporations Act (the "CBCA"), once a quorum is established, in connection with the election of directors, the six nominees receiving the highest number of votes will be elected. In order to approve each of the proposals in respect of the appointment of independent auditors and the shareholder proposal, the votes cast in favour of such proposal must exceed the votes cast against. Abstentions and broker non-votes will not have the effect of being considered as votes cast against any of the matters considered at the Meeting.

(d) Compensation of Directors

During 2003, directors that were not executive officers of the Corporation, with the exception of Mr. Bengtson, were paid U.S. \$1,000 per meeting attended in person for services as directors. In light of specific responsibility associated with his being Chairman of the Audit Committee, Mr. Bengtson was paid \$2,000 per quarter. During the year ended December 31, 2003, the Corporation paid an aggregate of \$12,000 in compensation to directors. No amounts were paid Dr. Long and Dr. Moerck in their capacities as directors.

For 2004, the Corporation has determined to pay all directors who are not employees of the Corporation a fee of \$3,000 per quarter. In addition, directors who are not employees and provide service in the following positions receive the following additional fees:

Position	Additional Compensation
Chairman of the Board	\$3,000 per quarter
Executive Committee Member	\$2,000 per quarter
Audit or Compensation Committee Chair	\$1,000 per quarter

In addition, directors are entitled to receive compensation to the extent that they provide services to the Corporation at rates that would be charged by such directors for such services to arm's length parties.

Directors of the Corporation and its subsidiaries are also entitled to participate in the 1996 Plan and the 1998 Plan. During 2003, the Corporation granted options to purchase 10,000 Common Shares to Mr. Hartman and options to purchase 10,000 Common Shares to Mr. Golla under the 1996 Plan. During 2003, the

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

Corporation granted options to purchase 20,000 Common Shares to Mr. Hartman, options to purchase 20,000 Common Shares to Mr. Golla and options to purchase 75,000 Common Shares to Mr. Bengtson under the 1998 Plan.

(e) Employment Contracts

William P. Long, Chief Executive Officer of the Corporation through May 1, 2004, has entered into an employment agreement with the Corporation dated January 1, 1998. The term of the agreement commenced on January 1, 1998 and, unless earlier terminated, expires on December 31, 2007. Pursuant to the agreement, Dr. Long is paid a salary of U.S. \$7,600 per month and an annual bonus, determined by the Board, of not less than 10% of Dr. Long's annual compensation. The Corporation is presently negotiating a separation agreement with Dr. Long, which is expected to be executed in early May 2004. You are advised to consult the periodic reports of the Corporation for information regarding the terms of such separation agreement.

(f) Compensation Committee Interlocks and Insider Participation

The Corporation established a Compensation Committee on November 10, 2003 to administer its executive compensation program. In April 2004, the Board replaced the Compensation Committee with a Compensation, Corporate Governance and Nominations Committee (the "Compensation and Nominating Committee") of the Board. Prior to November 2003, the entire Board served as the Compensation Committee of the Corporation. During the period prior to November 10, 2003, none of the executive officers serving on the Board participated in the deliberations or voting regarding his own salary, bonus or other aspects of compensation. The Compensation and Nominating Committee consists of George Hartman (Chair), James Golla and David King, each of whom is independent under Nasdaq's listing standards applicable to such committee.

In addition to evaluating and approving employment contracts for key employees throughout the year, the Board and the Compensation Committee formally considered compensation issues four times during the 2003 fiscal year in connection with the authorization of grants of options to purchase Common Shares.

(g) Compensation Committee Report

Notwithstanding anything to the contrary set forth in any of the Corporation's previous filings under the United States Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, that incorporates by reference, in whole or in part, subsequent filings including, without limitation, this Information Circular and Proxy Statement, the Compensation Committee Report and the Performance Graph set forth below shall not be deemed to be incorporated by reference into any such filings.

As required by the proxy rules promulgated by the Securities and Exchange Commission (the "SEC") and applicable Canadian securities laws, this Compensation Committee Report describes the overall compensation goals and policies applicable to the executive officers of the Corporation, including the basis for determining the compensation of executive officers for the 2003 fiscal year.

In determining the amount and composition of compensation for the Corporation's executive officers, the Board is guided by several factors. Because the Corporation has a small number of employees, compensation practices are flexible in response to the needs and talents of the individual officer, entrepreneurial, and geared toward rewarding contributions that enhance shareholder value. In prior years, because the Corporation had no substantial

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

revenues from operations and needed capital for research and development, the Corporation kept salaries and bonuses at levels that the Corporation believed were lower than many of the Corporation's competitors and compensated employees (including executive officers) primarily in the form of stock options. Going forward, the Corporation intends to use a combination of more competitive, but still generally below industry average, salaries, cash bonuses and stock options to align the interest of the executive officers and other employees with the long-term interests of the Corporation and to attract and retain talented employees who can enhance the Corporation's value.

Compensation Components

Annual Base Salary. The Corporation's compensation of its executive officers consists of three components: base salary, bonuses, and long-term incentive awards in the form of stock options. The Board establishes base salaries based primarily on its subjective judgment, taking into consideration both qualitative and quantitative factors. Among the factors considered by the Board are: (i) the qualifications and performance of each executive officer; (ii) the performance of the Corporation as measured by such factors as progress in product development and increased shareholder value; (iii) salaries provided by other companies inside and outside the industry that are of a comparable size and at a similar development stage, to the extent known; and (iv) the capital position and needs of the Corporation. The Board does not assign any specific weights to these factors in determining salaries. It does, however, try to keep base salaries as low as possible, consistent with the needs and status of the executive officers, in order to preserve capital for future growth and development.

Incentive Bonuses. The Corporation may also compensate its executive officers in the form of bonuses. In addition, the Corporation may pay bonuses to other key employees in the future as a reward for significant and specific achievements that have a significant impact on shareholder value. Because the Corporation does not have a history of earnings per share, net income, or other conventional data to use as a benchmark for determining the amount or existence of bonus awards, the Board generally makes such determinations based on its subjective evaluation of each individual's contribution to the Corporation. In some cases, however, bonuses payable to individuals may be tied to specific criteria identified at the time of engagement. In the 2003 fiscal year, the Corporation's liquidity and overall financial position were substantially improved and several customer contracts were signed which contained significant revenue commitments. The Compensation Committee felt that these achievements represented substantial progress toward the Corporation's goal of becoming profitable and thereby warranted the granting of bonuses for executive officers. The Compensation Committee approved fiscal year 2003 bonuses of \$60,000 for Dr. Long, \$50,000 for Dr. Moerck, \$40,000 for Mr. Ellsworth and \$25,000 for Mr. Dickinson.

Stock Options. As stated, in the past, the Corporation has relied extensively on stock options to compensate executive officers and other key employees. The 1996 Plan and the 1998 Plan are designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to reward option holders for past performance and to give option holders the incentive to remain with the Corporation long term. Individual grants are determined on the basis of the Board's assessment of an individual's current and expected future performance, level of responsibilities, and the importance of his or her position with, and contribution to, the Corporation. In the 2003

fiscal year, the Board awarded options to purchase 50,000 Common Shares to Dr. Moerck, 110,000 to Mr. Ellsworth and 110,000 Common Shares to Mr. Dickinson in

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

order to ensure that they have a continued interest in setting strategies and making decisions that enhance shareholder value.

Audit Committee and Audit Committee Report

Audit Committee(1)

The Audit Committee of the Board of Directors ("Board") operates pursuant to a written charter adopted by the Board. In April 2004 the Board amended and restated the charter of the Audit Committee ("Committee"), a copy of which is attached to this Information Circular as Appendix A and may be found on the Altair Nanotechnologies, Inc. website, <http://www.altairnano.com> under the heading "Investor Relations." A copy may also be obtained free of charge by mailing a request in writing to: Secretary, Altair Nanotechnologies Inc. 204 Edison Way, Reno, Nevada 89502.

The Committee is comprised solely of non-employee directors, each of whom has been determined by the Board to be independent under the requirements of the NASDAQ listing standards. The Committee was comprised of James Golla, George Hartman and Robert Sheldon during the period January 2003 through June 2003 and was comprised of Jon Bengtson, James Golla and George Hartman during the period July 2003 through December 2003. If elected by the shareholders, Jon Bengtson, George Hartman and Christopher Jones are expected to be members of the Committee during 2004. The Committee met four times via conference call and once in person during the fiscal year ended December 31, 2003.

The Board has determined in its business judgment that each member of the Committee satisfies the requirements with respect to financial literacy set forth in NASD Rule 4350(d)(2)(A)(iv); and the Board has determined that Jon Bengtson, the Chair of the Committee, is an "audit committee financial expert" as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC, is independent under Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act and is, as a result of his past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background, sophisticated with respect to financial matters.

The Committee's responsibility is to assist the Board in its oversight of the (a) quality and integrity of the Corporation's financial reports, (b) the independence and qualifications of the Corporation's independent auditor and (c) the compliance by the Corporation with legal and regulatory requirements. Management of the Corporation has the responsibility for the Corporation's financial statements as well as the Corporation's financial reporting process, principles and internal controls. The Corporation's independent auditors are responsible for performing an audit of the Corporation's financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles.

Audit Committee Report

In this context, the Committee has reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2003 with management and the independent auditors. The Committee has discussed with the independent auditors the matters required to be discussed by Statement on auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the independent auditors their independence from the Corporation.

The Committee has also considered whether the independent auditor's provision of non-audit services to the Corporation is compatible with maintaining the auditors' independence.

The members of the Committee are not engaged in the accounting or auditing profession and, consequently, are not experts in matters involving auditing or accounting including in respect of auditor independence. As such, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements fairly present the Corporation's financial position and results of operation and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Committee is entitled to rely on (i) the integrity of those persons within the Corporation and of the professionals and experts (such as the independent auditor) from which the Committee receives information, (ii) the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts absent actual knowledge to the contrary and (iii) representations made by management or the independent auditors as to any information technology services of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X and other non audit services provided by the independent auditor to the Corporation.

Based on the reports and discussions described above, the Committee recommended to the Board that the audited financial statements be included in the Corporation's Annual Report on form 10-K for the year ended December 31, 2003, for filing with the SEC.

Report On Repricing Of Stock Options

On September 4, 2003, the Board authorized the repricing of existing options held by certain employees, including outstanding options held by Douglas Ellsworth, Senior Vice President of the Corporation and Bruce Sabacky, Vice President of Altair Nanomaterials, Inc.. The Board, in consideration of the decline in trading price of the Corporation's Common Shares since the original options were granted, desired to continue to provide sufficient incentive for the option holders to remain employees of the Corporation. Accordingly, the Board reduced the exercise price of the options to a price nearer the then-current market price of the Common Shares. The foregoing is submitted by the Board of directors, which acted as Compensation Committee at the time of the repricing:

William P. Long
 Jon Bengtson

Nominating Committee

The purpose of the Compensation and Nominating Committee is (i) to discharge the Board's responsibilities relating to compensation of the Company's executives and, if needed, to produce an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with the rules and regulations of the SEC and (ii) to recommend to the Board the slate of director nominees for election to the Company's Board of Directors, individuals to fill vacancies occurring between annual meetings of stockholders, and individuals for nomination as members of the standing committees of the Board and (iii) to develop and recommend to the Board a set of corporate governance principles applicable to the Company.

In identifying nominees for directors, the Compensation and Nominating Committee takes into consideration such factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, relationship of work experience and education to the current and proposed lines of business of the Corporation, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board and the extent to which the candidate satisfies any objective requirements (such as residence, independence or expertise requirements) applicable to the Board or any committees of the Board. The Compensation and Nominating Committee considers candidates submitted by shareholders in accordance with the policies set forth in the most recent proxy statement delivered to shareholders and may, but is not be required to, consider candidates proposed by management.

PROPOSAL NO. 3 - SHAREHOLDER PROPOSAL

Pursuant to Rule 14a-8 ("Rule 14a-8") under the Securities Exchange Act of 1934, as amended, Louis Schnur, a shareholder of the Corporation, has submitted to the Corporation the proposal set forth under the subheading "Proposal" in the following paragraph (the "Shareholder Proposal") and requested that the Corporation include the Shareholder Proposal on the agenda for the Meeting.

20

The Shareholder Proposal and Supporting Statement

The Shareholder Proposal and supporting statement submitted by Mr. Schnur are as follows:

Proposal

That the Company (1) make a greater effort to identify and nominate candidates for director who have meaningful knowledge and experience in nanotechnology or high tech industries; and (2) issue a report describing its efforts to identify and recruit director nominees who have meaningful knowledge and experience in nanotechnology or high tech industries, its criteria for board qualifications, and the process of selecting board candidates and committee members.

Supporting Statement

Within recent periods, the Company has dramatically altered its business focus from mining to development of nanotechnologies. Given this changes, the Company should make an effort to recruit directors with knowledge and experience in nanotechnology and high tech industries. Shareholder value should be better served by having these changes made.

In the interest of shareholder value vote yes.

Certain Information Regarding Mr. Schnur

Mr. Schnur's address is 6941 South Western Avenue, Chicago, Illinois 60636. According to a Schedule 13D dated April 7, 2004 filed by Mr. Schnur with the SEC, at the time of such filing, Mr. Schnur and affiliated entities held 2,139,829 issued and outstanding Common Shares and, in addition, held warrants to purchase 3,110,022 Common Shares.

Recommendation of the Board of Directors and Reasons For the Recommendation

The Board of Directors recommends that you vote AGAINST the Shareholder Proposal for the following reasons:

- o The Board, and nominees of the Board, already include three directors with meaningful knowledge and experience in nanotechnology, and the Board has included industry-related experience among its preferred criteria in connection with its

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

search for a new Chairman. David King has a strong research background at the National Institute of Standards and Technology in work related to energy transfer and chemical reactions at the nano-scale and was a federal funding program manager in the U.S. Department of Commerce Advanced Technology with responsibility in nanotechnology related areas. Mr. Jones has been vice President of Manufacturing and Engineering at Behr Process Corporation, where he is responsible for the construction and operations of all coating plant operations for the larger DIY architectural coatings company in North America and Mr. Moerck has held various leadership positions with responsibility related to chemical and pharmaceuticals development and production. All three such directors hold doctorates in fields related to nanotechnology.

21

- o The Shareholder Proposal fails to recognize the importance of including on the Board of Directors persons with skills in areas such as accounting, finance, management, government relations, operations, and commercialization of technology that are important to direction of the Corporation and essential in order to keep the Corporation in compliance with SEC, Nasdaq and Canadian rules. For example, governing rules require that the Corporation have an audit committee composed of at least three persons, each of whom must be able to read and understand fundamental financial statements. A focus solely on recruiting directors with nanotechnology or high tech experience may interfere with the financial oversight functions of the Board of Directors and its committees.
- o The Shareholder Proposal fails to address the breadth of industry-specific skills that may be appropriate for the board of directors of a nanotechnology company. As the Corporation develops products with applications in pharmaceuticals, metals, pigment production and other industries, having directors with specific knowledge and experience in those industries would be desirable. Such directors would not, however, satisfy the narrow industry focus of the Shareholder Proposal.
- o The report required by the Shareholder Proposal would be cumbersome, costly and increase the administrative burden on the Corporation without providing significant value or information to shareholders.
- o The Shareholder Proposal does not include a sunset provision or another indication as to when, if ever, the Corporation's obligation to make a "greater effort" to identify and nominate directors with nanotechnology knowledge and experience ceases.

Vote Required

The affirmative vote of a majority of the votes cast on the Shareholder Proposal shall constitute approval of the Shareholder Proposal.

Reservation of Right to Withdraw

The Corporation is including the Shareholder Proposal in this Information Statement and on the agenda of the Meeting at the request of Mr. Schnur in accordance Rule 14a-8. The Corporation reserves the right to withdraw

Edgar Filing: ALTAIR NANOTECHNOLOGIES INC - Form DEF 14A

the Shareholder Proposal at any time prior to its consideration at the Meeting (a) at the request of Mr. Schnur, or (b) if Mr. Schnur fails to satisfy any of the requirements of Rule 14a-8, including, without limitation, the requirement that he or his representative personally appear at the Meeting in order to present the Shareholder Proposal.
