Annual Report
December 31, 2003

TO OUR SHAREHOLDERS,

The Sarbanes-Oxley Act requires a Fund's principal executive and financial officers to certify the entire contents of the semi-annual and annual shareholder reports in a filing with the Securities and Exchange Commission on Form N-CSR. This certification would cover the portfolio manager's commentary and subjective opinions if they are attached to or a part of the financial statements. Many of these comments and opinions would be difficult or impossible to certify.

Because we do not want our portfolio managers to eliminate their opinions and/or restrict their commentary to historical facts, we have separated their commentary from the financial statements and investment portfolio and have sent it to you separately. Both the commentary and the financial statements, including the portfolio of investments, will be available on our website at www.gabelli.com/funds.

Enclosed are the audited financial statements and the investment portfolio as of December 31, 2003.

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION. The Gabelli Equity Trust Inc. (the "Equity Trust") is a closed-end, non-diversified management investment company organized as a Maryland corporation on May 20, 1986 and registered under the Investment Company Act of 1940, as amended (the "1940 Act"), whose primary objective is long-term growth of capital. The Equity Trust had no operations until August 11, 1986, when it sold 10,696 shares of common stock to Gabelli Funds, LLC (the "Adviser") for \$100,008. Investment operations commenced on August 21, 1986.

Effective August 1, 2002, the Equity Trust modified its non-fundamental investment policy to increase, from 65% to 80%, the portion of its assets that it will invest, under normal market conditions in equity securities (the "80% Policy"). The 80% Policy may be changed without shareholder approval. However, the Equity Trust has adopted a policy to provide shareholders with at least 60 days' notice of the implementation of any change in the 80% Policy.

2. SIGNIFICANT ACCOUNTING POLICIES. The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Equity Trust in the preparation of its financial statements.

SECURITY VALUATION. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

Board of Directors so determines, by such other method as the Board of Directors shall determine in good faith, to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser"). Portfolio securities primarily traded in foreign markets are generally valued at the preceding closing values of such securities on their respective exchanges or markets. Securities and assets for which market quotations are not readily available are valued at their fair value as determined in good faith under procedures established by and under the general supervision of the Board of Directors. Short term debt securities with remaining maturities of 60 days or less are valued at amortized cost, unless the Board of Directors determines such does not reflect the securities fair value, in which case these securities will be valued at their fair value as determined by the Board of Directors. Debt instruments having a maturity greater than 60 days for which market quotations are readily available are valued at the latest average of the bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price on that day. Options are valued at the last sale price on the exchange on which they are listed. If no sales of such options have taken place that day, they will be valued at the mean between their closing bid and asked prices.

REPURCHASE AGREEMENTS. The Equity Trust may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Bank of New York, with member banks of the Federal Reserve System or with other brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board of Directors. Under the terms of a typical repurchase agreement, the Equity Trust takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Equity Trust to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Equity Trust's holding period. The Equity Trust will always receive and maintain securities as collateral whose market value, including accrued interest, will be at least equal to 102% of the dollar amount invested by the Equity Trust in each agreement. The Equity Trust will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Equity Trust may be delayed or limited.

SWAP AGREEMENTS. The Equity Trust may enter into interest rate swap or cap transactions. The use of interest rate swaps and caps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. In an interest rate swap, the Equity Trust would agree to pay to the other party to the interest rate swap (which is known as the "counterparty") periodically a fixed rate payment in exchange for the counterparty agreeing to pay to the Equity Trust periodically a variable rate payment that is intended to approximate the Equity Trust's variable rate payment obligation on the Series C Preferred Stock. In an interest rate cap, the Equity Trust would pay a premium to the interest rate cap to the counterparty and, to the extent that a specified variable rate index exceeds a predetermined fixed rate, would receive from the counterparty payments of the difference based on the notional amount of such cap. Interest rate swap and cap transactions introduce additional risk because the Equity Trust would remain obligated to pay preferred stock dividends when due in accordance with the Articles Supplementary even if the counterparty defaulted. Depending on the general state of short-term interest rates and the returns

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

on the Equity Trust's portfolio securities at that point in time, such a default could negatively affect the Equity Trust's ability to make dividend payments for the Series C Preferred Stock. In addition, at the time an interest rate swap or cap transaction reaches its scheduled termination date, there is a risk that the Equity Trust will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction. If this occurs, it could have a negative impact on the Equity Trust's ability to make dividend payments on the Series C Preferred Stock.

The Trust has entered into one interest rate swap agreement with Citibank N.A. Under the agreement the Trust receives a floating rate of interest and pays a respective fixed rate of interest on the nominal value of the swap. Details of the swap at December 31, 2003 are as follows:

NOTIONAL AMOUNT	FIXED RATE	FLOATING RATE* (RATE RESET MONTHLY)	TERMINATION DATE	UNREALIZED DEPRECIATION
\$130,000,000	4.494%	1.17%	July 2, 2007	\$(7,197,704)

*Based on Libor (London Interbank Offered Rate).

FUTURES CONTRACTS. The Equity Trust may engage in futures contracts for the purpose of hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase. Such investments will only be made if they are economically appropriate to the reduction of risks involved in the management of the Equity Trust's investments. Upon entering into a futures contract, the Equity Trust is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the "initial margin." Subsequent payments ("variation margin") are made or received by the Equity Trust each day, depending on the daily fluctuation of the value of the contract. The daily changes in the contract are included in unrealized appreciation/depreciation on investments and futures contracts. The Equity Trust recognizes a realized gain or loss when the contract is closed. There were no open futures contracts at December 31, 2003.

There are several risks in connection with the use of futures contracts as a hedging device. The change in value of futures contracts primarily corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. In addition, there is the risk the Equity Trust may not be able to enter into a closing transaction because of an illiquid secondary market.

FOREIGN CURRENCY TRANSACTION. The books and records of the Equity Trust are maintained in United States (U.S.) dollars. Foreign currencies, investments and other assets and liabilities are translated into U.S. dollars at the exchange rates prevailing at the end of the period, and purchases and sales of investment securities, income and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses, which result from changes in foreign exchange rates and/or changes in market prices of securities, have been included in unrealized appreciation/depreciation on investments and foreign currency transactions. Net realized foreign currency

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of the Equity Trust and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are accounted for as of the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded as earned. Dividend income is recorded on the ex-dividend date.

DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS. Distributions to shareholders are recorded on the ex-dividend date. Distributions to shareholders of the Equity Trust's 7.25% Tax Advantaged Series A Cumulative Preferred Stock, 7.20% Tax Advantaged Series B Cumulative Preferred Stock, Series C Auction Rate Cumulative Preferred Stock, 5.875% Series D Cumulative Preferred Stock, and Series E Auction Rate Cumulative Preferred Stock ("Cumulative Preferred Stock") are accrued on a daily basis and are determined as described in Note 5.

Income dividends and capital gain distributions are determined in accordance with Federal income tax regulations which may differ from accounting principles generally accepted in the United States. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Equity Trust, timing differences and differing characterization of distributions made by the Equity Trust.

For the year ended December 31, 2003, reclassifications were made to increase accumulated distributions in excess of net investment income for \$35,924 and decrease accumulated distributions in excess of net realized gain on investments, options, future contracts and foreign currency transactions for \$35,924 with an offsetting adjustment to additional paid-in capital.

PROVISION FOR INCOME TAXES. The Equity Trust intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. It is the Trust's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for Federal income taxes is required.

As of December 31, 2003, the components of accumulated earnings/(losses) on a tax basis were as follows:

Net unrealized appreciation on investments	\$222,707,582
Net unrealized depreciation on foreign currency transactions and interest rate swaps	(7,102,989)
Other	(291,785)

Total accumulated gain	\$215,312,808
	=====

Other is primarily due to dividends payable on preferred stock at December 31, 2003.

3. AGREEMENTS AND TRANSACTIONS WITH AFFILIATES. The Equity Trust has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Equity Trust will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Equity Trust's average weekly net assets plus liquidation value of preferred stock. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Equity Trust's portfolio and oversees the administration of all aspects of the Equity Trust's business and affairs. The Adviser has agreed to reduce the management fee on the incremental assets attributable to the Cumulative Preferred Stock if the total return of the net asset value of the common shares of the Equity Trust, including distributions and advisory fee subject to reduction, does not exceed the stated dividend rate or corresponding swap rate of the Cumulative Preferred Stock.

The Trust's total return on the net asset value of the common shares is monitored on a monthly basis to assess whether the total return on the net asset value of the common shares exceeds the stated dividend rate of the Cumulative Preferred Stock for the period. For the year ended December 31, 2003, the Trust's total return on the net asset value of the common shares exceeded the stated dividend rates and net swap expense of all outstanding preferred stock. Thus, management fees were earned on these assets.

During the year ended December 31, 2003, Gabelli & Company, Inc. received \$426,924 in brokerage commissions as a result of executing agency transactions in portfolio securities on behalf of the Equity Trust.

The cost of calculating the Trust's net asset value per share is a Trust expense pursuant to the Investment Advisory Agreement between the Trust and the Adviser. During fiscal 2003, the Gabelli Equity Trust reimbursed the Adviser \$34,800 in connection with the cost of computing the Trust's net asset value.

4. PORTFOLIO SECURITIES. Cost of purchases and proceeds from sales of securities, other than short-term securities, for the year ended December 31, 2003 aggregated \$230,599,247 and \$332,248,556, respectively.

5. CAPITAL. The charter permits the Equity Trust to issue 182,000,000 shares of common stock (par value \$0.001). The Board of Directors of the Equity Trust has authorized the repurchase of its shares on the open market when the shares are

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

trading at a discount of 10% or more (or such other percentage as the Board of Directors may determine from time to time) from the net asset value of the shares. During the year ended December 31, 2003, the Equity Trust did not repurchase any shares of its common stock in the open market.

Transactions in common stock were as follows:

	YEAR ENDED DECEMBER 31, 2003		Share
	Shares	Amount	
Shares issued upon reinvestment of dividends and distributions	3,129,917	\$22,608,759	3,992,

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The holders of Cumulative Preferred Stock have voting rights equivalent to those of the holders of common stock (one vote per share) and will vote together with holders of shares of common stock as a single class. In addition, the 1940 Act requires that along with approval of a majority of the holders of common stock, approval of a majority of the holders of any outstanding shares of Cumulative Preferred Stock, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the Cumulative Preferred Stock, and (b) take any action requiring a vote of security holders, including, among other things, changes in the Trust's subclassification as a closed-end investment company or changes in its fundamental investment restrictions. The Equity Trust's Articles of Incorporation, as amended, authorize the issuance of up to 16,006,000 shares of \$0.001 par value Cumulative Preferred Stock. The Cumulative Preferred Stock is senior to the common stock and results in the financial leveraging of the common stock. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Cumulative Preferred Stock are cumulative. The Equity Trust is required to meet certain asset coverage tests as required by the 1940 Act and by the Shares' Articles Supplementary with respect to the Cumulative Preferred Stock. If the Equity Trust fails to meet these requirements and does not correct such failure, the Equity Trust may be required to redeem, in part or in full, the 7.20% Series B, Series C Auction Rate, 5.875% Series D, and Series E Auction Rate Cumulative Preferred Stock at a redemption price of \$25, \$25,000, \$25, and \$25,000, respectively, per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset requirements could restrict the Equity Trust's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Equity Trust's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

Under Emerging Issues Task Force (EITF) promulgating Topic D-98, CLASSIFICATION AND MEASUREMENT OF REDEEMABLE SECURITIES, which was issued on

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

July 19, 2001, preferred securities that are redeemable for cash or other assets are to be classified outside of permanent equity to the extent that the redemption is at a fixed or determinable price and at the option of the holder or upon the occurrence of an event that is not solely within the control of the issuer. In accordance with the guidance of the EITF, the Equity Trust's Cumulative Preferred Stock is classified outside of permanent equity (net assets attributable to common stock shareholders) in the accompanying financial statements.

The Equity Trust, as authorized by the Board of Directors, redeemed all (5,367,900 shares) of its outstanding 7.25% Series A Cumulative Preferred Stock. The redemption date was June 17, 2003 and the redemption price was \$25.4078 per Preferred Share, which consisted of \$25.00 per Preferred Share (the "liquidation value") plus accrued dividends through the redemption date of \$0.4078 per Preferred Share. The Preferred Shares were callable at any time at the liquidation value of \$25.00 per share plus accrued dividends following the expiration of the five-year call protection on June 9, 2003.

On June 27, 2002, the Equity Trust received net proceeds of \$128,246,557 (after underwriting discounts of \$1,300,000 and offering expenses of \$453,443) from the public offering of 5,200 shares of Series C Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every 7 days, is expected to vary with short-term interest rates. The Rates of Series C Auction Rate Cumulative Preferred Stock ranged from 1.08% to 1.68% for the year ended December 31, 2003. Existing shareholders may submit an order to hold, bid or sell such shares on each auction date. Series C Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Equity Trust, at its option, may redeem the Series C Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the year ended December 31, 2003, the Equity Trust did not repurchase any shares of Series C Auction Rate Cumulative Preferred Stock. At December 31, 2003, 5,200 shares of the Series C Auction Rate Cumulative Preferred Stock were outstanding at the annual rate of 1.53 percent and accrued dividends amounted to \$5,525.

On October 7, 2003, the Equity Trust received net proceeds of \$72,387,500 (after underwriting discounts of \$2,362,500 and estimated offering expenses of \$250,000) from the public offering of 3,000,000 shares of 5.875% Series D Cumulative Preferred Stock. Commencing October 7, 2008 and thereafter, the Equity Trust, at its option, may redeem the 5.875% Series D Cumulative Preferred Stock in whole or in part at the redemption price. During the year ended December 31, 2003, the Equity Trust did not repurchase any shares of 5.875% Series D Cumulative Preferred Stock. At December 31, 2003, 3,000,000 shares of the 5.875% Series D Cumulative Preferred Stock were outstanding at the fixed rate of 5.875 percent and accrued dividends amounted to \$73,438.

On October 7, 2003, the Equity Trust received net proceeds of \$49,260,000 (after underwriting discounts of \$500,000 and estimated offering expenses of \$240,000) from the public offering of 2,000 shares of Series E Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every 7 days, is expected to vary with short-term interest rates. The Rates of Series E Auction Rate Cumulative Preferred Stock ranged from 1.10% to 1.47% from October 7, 2003 to December 31, 2003. Existing shareholders may submit an order to hold, bid or sell such shares on each auction date. Series E Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Equity Trust, at its option, may redeem the Series E Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the year ended December 31, 2003, the Equity Trust did not repurchase any shares of Series E Auction Rate Cumulative Preferred Stock. At December 31, 2003, 2,000 shares of the Series E Auction Rate Cumulative Preferred Stock were outstanding at the annual rate of 1.47 percent and accrued dividends amounted to \$12,250.

6. OTHER MATTERS. On October 7, 2003, the Equity Trust's Adviser received a subpoena from the Attorney General of the State of New York requesting information on mutual fund shares trading practices. The Adviser is fully cooperating in responding to the request. The Equity Trust does not believe that this matter will have a material adverse effect on the Equity Trust's financial position or results of the operations.

- (d) Based on weekly prices.
- (e) The ratios do not include a reduction of expenses for custodian fee credits on cash balances maintained with the custodian. Including such custodian fee credits for the years ended 2002, 2001 and 2000, the ratios of operating expenses to average net assets attributable to common stock would be 1.37%, 1.11%, and 1.14%, respectively, and the ratios of operating expenses to average total net assets including liquidation value of preferred shares would be 1.00%, 0.94% and 1.03%, respectively.
- (f) Asset coverage is calculated by combining all series of preferred stock.
- (g) The Trust incurred interest expense during the periods ended December 31, 2003 and 2002. If interest expense had not been incurred, the ratio of operating expenses to average net assets attributable to common stock would be 1.62% and 1.19%, respectively, and the ratio of operating expenses to average total net assets including liquidation value of preferred shares would be 1.14% and 0.87%, respectively.

THE GABELLI EQUITY TRUST INC. REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Shareholders of
The Gabelli Equity Trust Inc.

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The Gabelli Equity Trust Inc. (the "Trust") at December 31, 2003, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Trust's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2003 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

AUTOMATIC DIVIDEND REINVESTMENT AND VOLUNTARY CASH PURCHASE PLAN

ENROLLMENT IN THE PLAN

It is the policy of The Gabelli Equity Trust Inc. ("Equity Trust") to automatically reinvest dividends. As a "registered" shareholder you automatically become a participant in the Equity Trust's Automatic Dividend Reinvestment Plan (the "Plan"). The Plan authorizes the Equity Trust to issue shares to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Equity Trust. Plan participants may send their stock certificates to EquiServe Trust Company ("EquiServe") to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

The Gabelli Equity Trust Inc.
c/o EquiServe
P.O. Box 43011
Providence, RI 02940-3011

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan may contact EquiServe at 1 (800) 336-6983.

SHAREHOLDERS WISHING TO LIQUIDATE REINVESTED SHARES held at EquiServe must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

If your shares are held in the name of a broker, bank or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in the Plan through such institution, it may be necessary for you to have your shares taken out of "street name" and re-registered in your own name. Once registered in your own name your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in "street name" at participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of Common Stock distributed to participants in the Plan

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Equity Trust's Common Stock is equal to or exceeds net asset value at the time shares are valued for purposes of determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of Common Stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Equity Trust's Common Stock. The valuation date is the dividend or distribution payment date or, if that date is not a New York Stock Exchange trading day, the next trading day. If the net asset value of the Common Stock at the time of valuation exceeds the market price of the Common Stock, participants will receive shares from the Equity Trust valued at market price. If the Equity Trust should declare a dividend or capital gains distribution payable only in cash, EquiServe will buy Common Stock in the open market, or on the New York Stock Exchange or elsewhere, for the participants' accounts, except that EquiServe will endeavor to terminate purchases in the open market and cause the Equity Trust to issue shares at net asset value if, following the commencement of such purchases, the market value of the Common Stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for Federal income tax purposes as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

The Equity Trust reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by EquiServe on at least 90 days' written notice to participants in the Plan.

VOLUNTARY CASH PURCHASE PLAN

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Equity Trust. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to EquiServe for investments in the Equity Trust's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. EquiServe will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. EquiServe will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to EquiServe, P.O. Box 43011, Providence, RI 02940-3011 such that EquiServe receives such payments approximately 10 days before the investment date. Funds not received at least five days before the investment date shall be held for investment in the following period. A payment may be withdrawn without charge if notice is received by EquiServe at least 48 hours before such payment is to be invested.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Equity Trust.

The Annual Meeting of The Gabelli Equity Trust's stockholders will be held at 9:00 A.M. on Monday, May 10, 2004, at the Greenwich Public Library, 101 West Putnam Avenue in Greenwich, Connecticut.

permissible non-audit services to be provided by the independent auditors to Gabelli and any affiliate of Gabelli that provides services to the registrant (a "Covered Services Provider") if the independent auditors' engagement relates directly to the operations and financial reporting of the registrant. The Committee may delegate its responsibility to pre-approve any such audit and permissible non-audit services to the Chairperson of the Committee, and the Chairperson must report to the Committee, at its next regularly scheduled meeting after the Chairperson's pre-approval of such services, his or her decision(s). The Committee may also establish detailed pre-approval policies and procedures for pre-approval of such services in accordance with applicable laws, including the delegation of some or all of the Committee's pre-approval responsibilities to other persons (other than Gabelli or the registrant's officers). Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the aggregate amount of all such permissible non-audit services provided to the registrant, Gabelli and any Covered Services Provider constitutes not more than 5% of the total amount of revenues paid by the registrant to its independent auditors during the fiscal year in which the permissible non-audit services are provided; (ii) the permissible non-audit services were not recognized by the registrant at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved by the Committee or the Chairperson prior to the completion of the audit.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Not applicable.

ITEM 6. [RESERVED]

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Proxy Voting Policies are attached herewith.

GABELLI ASSET MANAGEMENT INC. AND AFFILIATES

THE VOTING OF PROXIES ON BEHALF OF CLIENTS

Rules 204(4)-2 and 204-2 under the Investment Advisers Act of 1940 and Rule 30b1-4 under the Investment Company Act of 1940 require investment advisers to adopt written policies and procedures governing the voting of proxies on behalf of their clients.

These procedures will be used by GAMCO Investors, Inc., Gabelli Funds, LLC and Gabelli Advisers, Inc. (collectively, the "Advisers") to determine how to vote proxies relating to portfolio securities held by their clients, including the procedures that the Advisers use when a vote presents a conflict between the interests of the shareholders of an investment company managed by one of the Advisers, on the one hand, and those of the Advisers; the principal underwriter; or any affiliated person of the investment company, the Advisers, or the principal underwriter. These procedures will not apply where the Advisers do not have voting discretion or where the Advisers have agreed to with a client to vote the client's proxies in accordance with specific guidelines or procedures supplied by the client (to the extent permitted by ERISA).

I. PROXY VOTING COMMITTEE

The Proxy Voting Committee was originally formed in April 1989 for the purpose of formulating guidelines and reviewing proxy statements within the parameters set by the substantive proxy voting guidelines originally published by GAMCO Investors, Inc. in 1988 and updated periodically, a copy of which are appended as Exhibit A. The Committee will include representatives of Research, Administration, Legal, and the Advisers. Additional or replacement members of the Committee will be nominated by the Chairman and voted upon by the entire Committee. As of June 30, 2003, the members are:

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

Bruce N. Alpert, Chief Operating Officer of Gabelli Funds, LLC

Ivan Arteaga, Research Analyst

Caesar M. P. Bryan, Portfolio Manager

Stephen DeTore, Deputy General Counsel

Joshua Fenton, Director of Research

Douglas R. Jamieson, Chief Operating Officer of GAMCO

James E. McKee, General Counsel

Karyn M. Nappi, Director of Proxy Voting Services

William S. Selby, Managing Director of GAMCO

Howard F. Ward, Portfolio Manager

Peter D. Zaglio, Senior Vice President

Peter D. Zaglio currently chairs the Committee. In his absence, the Director of Research will chair the Committee. Meetings are held as needed basis to form views on the manner in which the Advisers should vote proxies on behalf of their clients.

In general, the Director of Proxy Voting Services, using the Proxy Guidelines, recommendations of Institutional Shareholder Corporate Governance Service ("ISS"), other third-party services and the analysts of Gabelli & Company, Inc., will determine how to vote on each issue. For non-controversial matters, the Director of Proxy Voting Services may vote the proxy if the vote is (1) consistent with the recommendations of the issuer's Board of Directors and not contrary to the Proxy Guidelines; (2) consistent with the recommendations of the issuer's Board of Directors and is a non-controversial issue not covered by the Proxy Guidelines; or (3) the vote is contrary to the recommendations of the Board of Directors but is consistent with the Proxy Guidelines. In those instances, the Director of Proxy Voting Services or the Chairman of the Committee may sign and date the proxy statement indicating how each issue will be voted.

All matters identified by the Chairman of the Committee, the Director of Proxy Voting Services or the Legal Department as controversial, taking into account the recommendations of ISS or other third party services and the analysts of Gabelli & Company, Inc., will be presented to the Proxy Voting Committee. If the Chairman of the Committee, the Director of Proxy Voting Services or the Legal Department has identified the matter as one that (1) is controversial; (2) would benefit from deliberation by the Proxy Voting Committee; or (3) may give rise to a conflict of interest between the Advisers and their clients, the Chairman of the Committee will initially determine what vote to recommend that the Advisers should cast and the matter will go before the Committee.

For matters submitted to the Committee, each member of the Committee will receive, prior to the meeting, a copy of the proxy statement, any relevant third party research, a summary of any views provided by the Chief Investment Officer and any recommendations by Gabelli & Company, Inc. analysts. The Chief Investment Officer or the Gabelli & Company, Inc. analysts may be invited to

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

present their viewpoints. If the Legal Department believes that the matter before the committee is one with respect to which a conflict of interest may exist between the Advisers and their clients, counsel will provide an opinion to the Committee concerning the conflict. If the matter is one in which the interests of the clients of one or more of Advisers may diverge, counsel will so advise and the Committee may make different recommendations as to different clients. For any matters where the recommendation may trigger appraisal rights, counsel will provide an opinion concerning the likely risks and merits of such an appraisal action.

Each matter submitted to the Committee will be determined by the vote of a majority of the members present at the meeting. Should the vote concerning one or more recommendations be tied in a vote of the Committee, the Chairman of the Committee will cast the deciding vote. The Committee will notify the proxy department of its decisions and the proxies will be voted accordingly.

Although the Proxy Guidelines express the normal preferences for the voting of any shares not covered by a contrary investment guideline provided by the client, the Committee is not bound by the preferences set forth in the Proxy Guidelines and will review each matter on its own merits. Written minutes of all Proxy Voting Committee meetings will be maintained. The Advisers subscribe to ISS, which supplies current information on companies, matters being voted on, regulations, trends in proxy voting and information on corporate governance issues.

If the vote cast either by the analyst or as a result of the deliberations of the Proxy Voting Committee runs contrary to the recommendation of the Board of Directors of the issuer, the matter will be referred to legal counsel to determine whether an amendment to the most recently filed Schedule 13D is appropriate.

II. SOCIAL ISSUES AND OTHER CLIENT GUIDELINES

If a client has provided special instructions relating to the voting of proxies, they should be noted in the client's account file and forwarded to the proxy department. This is the responsibility of the investment professional or sales assistant for the client. In accordance with Department of Labor guidelines, the Advisers' policy is to vote on behalf of ERISA accounts in the best interest of the plan participants with regard to social issues that carry an economic impact. Where an account is not governed by ERISA, the Advisers will vote shares held on behalf of the client in a manner consistent with any individual investment/voting guidelines provided by the client. Otherwise the Advisers will abstain with respect to those shares.

III. CLIENT RETENTION OF VOTING RIGHTS

If a client chooses to retain the right to vote proxies or if there is any change in voting authority, the following should be notified by the investment professional or sales assistant for the client.

- Operations
- Legal Department
- Proxy Department
- Investment professional assigned to the account

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

In the event that the Board of Directors (or a Committee thereof) of one or more of the investment companies managed by one of the Advisers has retained direct voting control over any security, the Proxy Voting Department will provide each Board Member (or Committee member) with a copy of the proxy statement together with any other relevant information including recommendations of ISS or other third-party services.

IV. VOTING RECORDS

The Proxy Voting Department will retain a record of matters voted upon by the Advisers for their clients. The Advisers' staff may request proxy-voting records for use in presentations to current or prospective clients. Requests for proxy voting records should be made at least ten days prior to client meetings.

If a client wishes to receive a proxy voting record on a quarterly, semi-annual or annual basis, please notify the Proxy Voting Department. The reports will be available for mailing approximately ten days after the quarter end of the period. First quarter reports may be delayed since the end of the quarter falls during the height of the proxy season.

A letter is sent to the custodians for all clients for which the Advisers have voting responsibility instructing them to forward all proxy materials to:

[Adviser name]

Attn: Proxy Voting Department

One Corporate Center

Rye, New York 10580-1433

The sales assistant sends the letters to the custodians along with the trading/DTC instructions. Proxy voting records will be retained in compliance with Rule 204-2 under the Investment Advisers Act.

V. VOTING PROCEDURES

1. Custodian banks, outside brokerage firms and Wexford Clearing Services Corporation are responsible for forwarding proxies directly to GAMCO.

Proxies are received in one of two forms:

- o Shareholder Vote Authorization Forms (VAFs) - Issued by ADP. VAFs must be voted through the issuing institution causing a time lag. ADP is an outside service contracted by the various institutions to issue proxy materials.
- o Proxy cards which may be voted directly.

2. Upon receipt of the proxy, the number of shares each form represents is logged into the proxy system according to security.

3. In the case of a discrepancy such as an incorrect number of shares, an improperly signed or dated card, wrong class of security, etc., the issuing custodian is notified by phone. A corrected proxy is requested. Any arrangements are made to insure that a proper proxy is received in time to be voted (overnight delivery, fax, etc.). When securities are out on loan on record date, the custodian is requested to supply written verification.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

4. Upon receipt of instructions from the proxy committee (see Administrative), the votes are cast and recorded for each account on an individual basis.

Since January 1, 1992, records have been maintained on the Proxy Edge system. The system is backed up regularly. From 1990 through 1991, records were maintained on the PROXY VOTER system and in hardcopy format. Prior to 1990, records were maintained on diskette and in hardcopy format.

PROXY EDGE records include:

Security Name and Cusip Number

Date and Type of Meeting (Annual, Special, Contest)

Client Name

Adviser or Fund Account Number

Directors' Recommendation

How GAMCO voted for the client on each issue

The rationale for the vote when it appropriate

Records prior to the institution of the PROXY EDGE system include:

Security name

Type of Meeting (Annual, Special, Contest)

Date of Meeting

Name of Custodian

Name of Client

Custodian Account Number

Adviser or Fund Account Number

Directors' recommendation

How the Adviser voted for the client on each issue

Date the proxy statement was received and by whom

Name of person posting the vote

Date and method by which the vote was cast

- o From these records individual client proxy voting records are compiled. It is our policy to provide institutional clients with a proxy voting record during

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

client reviews. In addition, we will supply a proxy voting record at the request of the client on a quarterly, semi-annual or annual basis.

5. VAFs are kept alphabetically by security. Records for the current proxy season are located in the Proxy Voting Department office. In preparation for the upcoming season, files are transferred to an offsite storage facility during January/February.

6. Shareholder Vote Authorization Forms issued by ADP are always sent directly to a specific individual at ADP.

7. If a proxy card or VAF is received too late to be voted in the conventional matter, every attempt is made to vote on one of the following manners:

- o VAFs can be faxed to ADP up until the time of the meeting. This is followed up by mailing the original form.
- o When a solicitor has been retained, the solicitor is called. At the solicitor's direction, the proxy is faxed.

8. In the case of a proxy contest, records are maintained for each opposing entity.

9. Voting in Person

a) At times it may be necessary to vote the shares in person. In this case, a "legal proxy" is obtained in the following manner:

- o Banks and brokerage firms using the services at ADP:

A call is placed to ADP requesting legal proxies. The VAFs are then sent overnight to ADP. ADP issues individual legal proxies and sends them back via overnight. A lead-time of at least two weeks prior to the meeting is needed to do this. Alternatively, the procedures detailed below for banks not using ADP may be implemented.

- o Banks and brokerage firms issuing proxies directly:

The bank is called and/or faxed and a legal proxy is requested.

All legal proxies should appoint:

"REPRESENTATIVE OF [ADVISER NAME] WITH FULL POWER OF SUBSTITUTION."

b) The legal proxies are given to the person attending the meeting along with the following supplemental material:

- o A limited Power of Attorney appointing the attendee an Adviser representative.
- o A list of all shares being voted by custodian only. Client names and account numbers are not included. This list must be presented, along with the proxies, to the Inspectors of Elections and/or tabulator at least one-half hour prior to the scheduled start of the meeting. The tabulator must "qualify" the votes (i.e. determine if the vote have previously been cast, if the votes have been rescinded, etc. vote have previously been cast, etc.).
- o A sample ERISA and Individual contract.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

- o A sample of the annual authorization to vote proxies form.
- o A copy of our most recent Schedule 13D filing (if applicable).

APPENDIX A

PROXY GUIDELINES

PROXY VOTING GUIDELINES

GENERAL POLICY STATEMENT

It is the policy of GABELLI ASSET MANAGEMENT INC. to vote in the best economic interests of our clients. As we state in our Magna Carta of Shareholders Rights, established in May 1988, we are neither FOR nor AGAINST management. We are for shareholders.

At our first proxy committee meeting in 1989, it was decided that each proxy statement should be evaluated on its own merits within the framework first established by our Magna Carta of Shareholders Rights. The attached guidelines serve to enhance that broad framework.

We do not consider any issue routine. We take into consideration all of our research on the company, its directors, and their short and long-term goals for the company. In cases where issues that we generally do not approve of are combined with other issues, the negative aspects of the issues will be factored into the evaluation of the overall proposals but will not necessitate a vote in opposition to the overall proposals.

BOARD OF DIRECTORS

The advisers do not consider the election of the Board of Directors a routine issue. Each slate of directors is evaluated on a case-by-case basis.

Factors taken into consideration include:

- o Historical responsiveness to shareholders

This may include such areas as:

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

-Paying greenmail

-Failure to adopt shareholder resolutions receiving a majority of shareholder votes

- o Qualifications
- o Nominating committee in place
- o Number of outside directors on the board
- o Attendance at meetings
- o Overall performance

SELECTION OF AUDITORS

In general, we support the Board of Directors' recommendation for auditors.

BLANK CHECK PREFERRED STOCK

We oppose the issuance of blank check preferred stock.

Blank check preferred stock allows the company to issue stock and establish dividends, voting rights, etc. without further shareholder approval.

CLASSIFIED BOARD

A classified board is one where the directors are divided into classes with overlapping terms. A different class is elected at each annual meeting.

While a classified board promotes continuity of directors facilitating long range planning, we feel directors should be accountable to shareholders on an annual basis. We will look at this proposal on a case-by-case basis taking into consideration the board's historical responsiveness to the rights of shareholders.

Where a classified board is in place we will generally not support attempts to change to an annually elected board.

When an annually elected board is in place, we generally will not support attempts to classify the board.

INCREASE AUTHORIZED COMMON STOCK

The request to increase the amount of outstanding shares is considered on a case-by-case basis.

Factors taken into consideration include:

- o Future use of additional shares

-Stock split

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

- Stock option or other executive compensation plan
- Finance growth of company/strengthen balance sheet
- Aid in restructuring

- Improve credit rating
- Implement a poison pill or other takeover defense

- o Amount of stock currently authorized but not yet issued or reserved for stock option plans
- o Amount of additional stock to be authorized and its dilutive effect

We will support this proposal if a detailed and verifiable plan for the use of the additional shares is contained in the proxy statement.

CONFIDENTIAL BALLOT

We support the idea that a shareholder's identity and vote should be treated with confidentiality.

However, we look at this issue on a case-by-case basis.

In order to promote confidentiality in the voting process, we endorse the use of independent Inspectors of Election.

CUMULATIVE VOTING

In general, we support cumulative voting.

Cumulative voting is a process by which a shareholder may multiply the number of directors being elected by the number of shares held on record date and cast the total number for one candidate or allocate the voting among two or more candidates.

Where cumulative voting is in place, we will vote against any proposal to rescind this shareholder right.

Cumulative voting may result in a minority block of stock gaining representation on the board. When a proposal is made to institute cumulative voting, the proposal will be reviewed on a case-by-case basis. While we feel that each board member should represent all shareholders, cumulative voting provides minority shareholders an opportunity to have their views represented.

DIRECTOR LIABILITY AND INDEMNIFICATION

We support efforts to attract the best possible directors by limiting the liability and increasing the indemnification of directors, except in the case of insider dealing.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

EQUAL ACCESS TO THE PROXY

The SEC's rules provide for shareholder resolutions. However, the resolutions are limited in scope and there is a 500 word limit on proponents' written arguments. Management has no such limitations. While we support equal access to the proxy, we would look at such variables as length of time required to respond, percentage of ownership, etc.

FAIR PRICE PROVISIONS

Charter provisions requiring a bidder to pay all shareholders a fair price are intended to prevent two-tier tender offers that may be abusive. Typically, these provisions do not apply to board-approved transactions.

We support fair price provisions because we feel all shareholders should be entitled to receive the same benefits.

Reviewed on a case-by-case basis.

GOLDEN PARACHUTES

Golden parachutes are severance payments to top executives who are terminated or demoted after a takeover.

We support any proposal that would assure management of its own welfare so that they may continue to make decisions in the best interest of the company and shareholders even if the decision results in them losing their job. We do not, however, support excessive golden parachutes. Therefore, each proposal will be decided on a case-by-case basis.

NOTE: CONGRESS HAS IMPOSED A TAX ON ANY PARACHUTE THAT IS MORE THAN THREE TIMES THE EXECUTIVE'S AVERAGE ANNUAL COMPENSATION.

ANTI-GREENMAIL PROPOSALS

We do not support greenmail. An offer extended to one shareholder should be extended to all shareholders equally across the board.

LIMIT SHAREHOLDERS' RIGHTS TO CALL SPECIAL MEETINGS

We support the right of shareholders to call a special meeting.

CONSIDERATION OF NONFINANCIAL EFFECTS OF A MERGER

This proposal releases the directors from only looking at the financial effects of a merger and allows them the opportunity to consider the merger's effects on employees, the community, and consumers.

As a fiduciary, we are obligated to vote in the best economic interests of our clients. In general, this proposal does not allow us to do that. Therefore, we generally cannot support this proposal.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

Reviewed on a case-by-case basis.

MERGERS, BUYOUTS, SPIN-OFFS, RESTRUCTURINGS

Each of the above is considered on a case-by-case basis. According to the Department of Labor, we are not required to vote for a proposal simply because the offering price is at a premium to the current market price. We may take into consideration the long term interests of the shareholders.

MILITARY ISSUES

Shareholder proposals regarding military production must be evaluated on a purely economic set of criteria for our ERISA clients. As such, decisions will be made on a case-by-case basis.

In voting on this proposal for our non-ERISA clients, we will vote according to the client's direction when applicable. Where no direction has been given, we will vote in the best economic interests of our clients. It is not our duty to impose our social judgment on others.

NORTHERN IRELAND

Shareholder proposals requesting the signing of the MacBride principles for the purpose of countering the discrimination of Catholics in hiring practices must be evaluated on a purely economic set of criteria for our ERISA clients. As such, decisions will be made on a case-by-case basis.

In voting on this proposal for our non-ERISA clients, we will vote according to client direction when applicable. Where no direction has been given, we will vote in the best economic interests of our clients. It is not our duty to impose our social judgment on others.

OPT OUT OF STATE ANTI-TAKEOVER LAW

This shareholder proposal requests that a company opt out of the coverage of the state's takeover statutes. Example: Delaware law requires that a buyer must acquire at least 85% of the company's stock before the buyer can exercise control unless the board approves.

We consider this on a case-by-case basis. Our decision will be based on the following:

- o State of Incorporation
- o Management history of responsiveness to shareholders
- o Other mitigating factors

POISON PILL

In general, we do not endorse poison pills.

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSR

In certain cases where management has a history of being responsive to the needs of shareholders and the stock is very liquid, we will reconsider this position.

REINCORPORATION

Generally, we support reincorporation for well-defined business reasons. We oppose reincorporation if proposed solely for the purpose of reincorporating in a state with more stringent anti-takeover statutes that may negatively impact the value of the stock.

STOCK OPTION PLANS

Stock option plans are an excellent way to attract, hold and motivate directors and employees. However, each stock option plan must be evaluated on its own merits, taking into consideration the following:

- o Dilution of voting power or earnings per share by more than 10%
- o Kind of stock to be awarded, to whom, when and how much
- o Method of payment
- o Amount of stock already authorized but not yet issued under existing stock option plans

SUPERMAJORITY VOTE REQUIREMENTS

Supermajority vote requirements in a company's charter or bylaws require a level of voting approval in excess of a simple majority of the outstanding shares. In general, we oppose supermajority-voting requirements. Supermajority requirements often exceed the average level of shareholder participation. We support proposals' approvals by a simple majority of the shares voting.

LIMIT SHAREHOLDERS RIGHT TO ACT BY WRITTEN CONSENT

Written consent allows shareholders to initiate and carry on a shareholder action without having to wait until the next annual meeting or to call a special meeting. It permits action to be taken by the written consent of the same percentage of the shares that would be required to effect proposed action at a shareholder meeting.

Reviewed on a case-by-case basis.
