Dear Fellow Stockholders:

You are cordially invited to attend our Company's annual meeting of stockholders on Friday, May 28, 2004 at the corporate headquarters of the Company at 10210 Genetic Center Drive, San Diego, California 92121. The formal meeting will begin at 10:00 a.m., at which time I will report on the Company's business and ask you to vote on the following three proposals: Proposal 1: Election of three Class II Directors; Proposal 2: Increase Authorized Number of Shares of Common Stock; Proposal 3: Ratification of Independent Auditors. I would like to highlight Proposal 2.

Proposal to Increase Authorized Number of Shares

On September 30, 2003, the Company effected a 2-for-1 stock split by stock dividend. This stock dividend was distributed approximately one year after the spin-off of the Company by Chugai Pharmaceutical Co., Ltd. Prior to the stock split, the Company's share price had increased from \$13.79 at market close on September 16, 2002 to an intra day high of \$68.73 during September 2003.

The September 30, 2003 stock split by share dividend doubled the number of outstanding and reserved shares of the Company. As a result, the Board of Directors is requesting stockholder approval of an amendment to the Company's Amended and Restated Certificate of Incorporation to increase the Company's authorized number of shares of common stock from 100,000,000 shares to 200,000,000 shares. As of March 31, 2004 there were 49,071,018 shares of the Company's common stock issued and outstanding, and the Board had reserved 9,756,818 additional shares for issuance upon exercise of outstanding options and rights granted under the Company's stock option plans and employee stock purchase plan.

It is in the Company's best interest to have adequate shares available in the future for a variety of purposes, including possible future stock splits by stock dividend.

For these reasons, I urge you to vote in favor of Proposal 2.

Your vote is very important to us. The items of business to be considered at the annual meeting are more fully described in the accompanying proxy statement. Please review the enclosed proxy materials and send in your vote today.

Sincerely,

HENRY L. NORDHOFF
Chairman, President and Chief Executive Officer

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held On May 28, 2004

Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of Gen-Probe Incorporated, a Delaware corporation (the Company). The meeting will be held on Friday, May 28, 2004 at 10:00 a.m. local time at the corporate headquarters of the Company at 10210 Genetic Center Drive, San Diego, California 92121, for the following purposes:

1. To elect three directors to hold office until the 2007 Annual Meeting of Stockholders.
2. To approve an amendment to the Company's Amended and Restated Certificate of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 200,000,000 shares.
3. To ratify the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004.
4. To conduct any other business properly brought before the meeting.

These items of business are more fully described in the Proxy Statement accompanying this Notice.

The record date for the Annual Meeting is April 15, 2004. Only stockholders of record at the close of business on that date may vote at the meeting or any adjournment thereof.

By Order of the Board of Directors

Henry L. Nordhoff
Chairman, President and Chief Executive Officer

San Diego, California
April 23, 2004

You are cordially invited to attend the meeting in person. Whether or not you expect to attend the meeting, please complete, date, sign and return the enclosed proxy, or vote over the Internet as instructed in these materials, as promptly as possible in order to ensure your representation at the meeting. A return envelope (which is postage prepaid if mailed in the United States) is enclosed for your convenience. Even if you have voted by proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder.

**PROXY STATEMENT
FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS
May 28, 2004**

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Gen-Probe Incorporated (sometimes referred to as the Company or Gen-Probe) is soliciting your proxy to vote at the 2004 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the annual meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about April 23, 2004 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 15, 2004 will be entitled to vote at the annual meeting. On this record date, there were 49,095,223 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 15, 2004 your shares were registered directly in your name with Gen-Probe's transfer agent, Mellon Investor Services, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 15, 2004 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Election of three directors;

Proposed amendment to the Company's Amended and Restated Certificate of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 200,000,000 shares; and

Edgar Filing: GEN PROBE INC - Form DEF 14A

Ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004.

Table of Contents

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, available for USA, Canada and Puerto Rico stockholders only, dial toll-free 1-800-435-6710 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Standard Time on May 27, 2004 to be counted.

To vote on the Internet, go to <http://www.eproxy.com/gpro> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Standard Time on May 27, 2004 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Gen-Probe. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 15, 2004.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all three nominees for director, For the amendment to the Company's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000 shares, and For the selection of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004. If any other matter is properly presented at the

Table of Contents

annual meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. The solicitation of proxies may also be supplemented through the use of a proxy solicitation firm. If used, a proxy solicitor will receive a customary fee which we estimate to be approximately \$10,000.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to Gen-Probe's Secretary at 10210 Genetic Center Drive, San Diego, California 92121.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 20, 2004, to Gen-Probe's Secretary at 10210 Genetic Center Drive, San Diego, California 92121. These proposals must comply with the requirements as to form and substance established by the Securities and Exchange Commission (SEC) for such proposals in order to be included in the proxy statement. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by no later than February 27, 2005 and no earlier than January 28, 2005. If you fail to give notice by this date, then the persons named as proxies in the proxies solicited by the Board for the 2005 Annual Meeting may exercise discretionary voting power regarding any such proposal.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and (with respect to proposals other than the election of directors) Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal except Proposal 2. For Proposal 2, broker non-votes will have the same effect as Against votes.

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange (NYSE) on which your broker may vote shares held in street name in the absence of your voting

Table of Contents

instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

How many votes are needed to approve each proposal?

For the election of directors, the three nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.

To be approved, Proposal No. 2, the proposed amendment to the Company's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000 shares, must receive a For vote from the majority of the outstanding shares either in person or by proxy. If you Abstain from voting shares, it will have the same effect as an Against vote. Broker non-votes will have the same effect as Against votes.

To be approved, Proposal No. 3, ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004, must receive a For vote from the majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or by proxy. On April 15, 2004, the record date, there were 49,095,223 shares outstanding and entitled to vote. As a result, 24,547,612 of these shares must be represented by stockholders present at the meeting or by proxy to have a quorum. Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2004.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

Gen-Probe's Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The Board of Directors presently has eight members. There are three directors in the class whose term of office expires in 2007. Each of the nominees listed below is currently a director of the Company. Mr. Kessler was elected to the Board in November 2002. Dr. McNamee was elected to the Board in September 2002. Mr. Kessler and Dr. McNamee were recommended for election to the Board by Mr. Nordhoff, the Company's Chairman, President and Chief Executive Officer, in connection with the Company's spin-off from Chugai Pharmaceutical Co., Ltd. In February 2004, Dr. Kurokawa resigned from the Board of Directors due to increasing demands on his time in Japan. Following Dr. Kurokawa's resignation, Dr. Jemison was recommended for election to the Board by Messrs. Dittamore and Sofaer, each a non-management director of the Company, and was subsequently elected to the Board in March 2004 to fill the vacancy in Class II of the Board created by Dr. Kurokawa's resignation. If elected at the annual meeting, each of these nominees would serve until the 2007 annual meeting and until his or her successor is elected and has qualified, or until the director's death, resignation or removal. It is our policy to encourage our directors and nominees for directors to attend our annual meetings of stockholders. All of our directors attended the 2003 Annual Meeting of Stockholders, including the nominees for election as a director at the 2003 Annual Meeting of Stockholders.

Directors are elected by a plurality of the votes properly cast in person or by proxy. The three nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by the Company's management. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

The following is a brief biography of each nominee and each director whose term will continue after the annual meeting.

Nominees for Election to the Board of Directors**For a Three-Year Term Expiring at the****2007 Annual Meeting of Stockholders**

Independence of the Board of Directors

As required under The NASDAQ Stock Market (NASDAQ) listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent NASDAQ listing standards, as in effect time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board affirmatively has determined that all of the Company's directors are independent directors within the meaning of the applicable NASDAQ listing standards, except for Mr. Nordhoff, our Chairman, President and Chief Executive Officer.

Information Regarding the Board of Directors and its Committees

In November 2003, the Board of Directors documented the governance practices followed by the Company by adopting Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. The Corporate Governance Guidelines set forth the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines were adopted by the Board to, among other things, reflect changes to the NASDAQ listing standards and SEC rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002. The Corporate Governance Guidelines, as well as the charters for each committee of the Board, may be viewed at www.gen-probe.com.

As required under new NASDAQ listing standards, the Company's independent directors will meet in regularly scheduled executive sessions at which only independent directors are present. Persons interested in communicating with the independent directors regarding their concerns or issues may address correspondence to a particular director, or to the independent directors generally, in care of Gen-Probe Incorporated, Attention: Corporate Secretary, 10210 Genetic Center Drive, San Diego, California 92121.

Table of Contents

The Board has three committees: an Audit Committee, a Compensation Committee, and a Corporate Governance Committee. The following table provides membership and meeting information for fiscal 2003 for each of the Board committees:

* Committee Chairperson

Below is a current description of each committee of the Board of Directors. The Board of Directors has determined that each member of each committee meets the applicable rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board of Directors oversees the Company's corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; oversees the internal audit function of the Company; and discusses with management and the independent auditors the results of the annual audit and the results of the Company's quarterly financial statements. Three directors currently comprise the Audit Committee: Mr. Schneider (Chairman), Dr. Laubach and Mr. Sofaer. Effective as of May 28, 2004, the Audit Committee will be comprised of Mr. Schneider (Chairman), Mr. Dittamore, Dr. Laubach and Mr. Sofaer. The Audit Committee met eight times during the 2003 fiscal year. The Audit Committee has adopted a written Audit Committee Charter that is attached as Appendix A to these proxy materials.

The Board of Directors annually reviews the NASDAQ listing standards definition of independence for Audit Committee members and has determined that all members of the Company's Audit Committee are independent (as independence is currently described in Rule 4350(d)(2)(A)(i) and (ii) of the NASDAQ listing standards). The Board of Directors has determined that Mr. Schneider and Mr. Dittamore each qualify as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Schneider's and Mr. Dittamore's level of knowledge and experience based on a number of factors, including their formal education and, in the case of Mr. Schneider, his experience as a chief financial officer for a public reporting company, and in the case of Mr. Dittamore, his experience as a Partner with Ernst & Young LLP. In addition to the Company's Audit Committee, Mr. Schneider also serves as Chairman

of the Audit Committee of CancerVax Corporation. In addition to the Company's Audit Committee, which Mr. Dittamore will join on May 28, 2004, Mr. Dittamore also serves as Chairman of the Audit Committee of Invitrogen Corporation, Qualcomm Corporation and Applied Molecular Evolution Inc. The Board of Directors has determined that such simultaneous service does not impair Mr. Schneider's or Mr. Dittamore's ability to effectively serve on the Company's Audit Committee.

Compensation Committee

The Compensation Committee of the Board of Directors reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee reviews and approves corporate performance goals and objectives relevant to the compensation of the Company's executive officers and other senior management; reviews and approves the compensation and other terms of employment of the Company's Chief Executive Officer; reviews and approves the compensation and other terms of employment of the other executive officers; and administers the Company's stock option and stock purchase plans. Three directors currently comprise the Compensation Committee: Dr. McNamee (Chairman), Dr. Laubach and Mr. Kessler. Effective as of May 28, 2004, the Compensation Committee will be comprised of Mr. Kessler (Chairman), Dr. McNamee, Dr. Laubach and Dr. Jemison. All members of the Company's Compensation Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the NASDAQ listing standards). The Compensation Committee met six times during the 2003 fiscal year.

Corporate Governance Committee

The Corporate Governance Committee of the Board of Directors is responsible for assessing the performance of the Board, developing guidelines for board composition; and reviewing and administering the Company's corporate governance guidelines and considering other issues related to corporate governance. Three directors currently comprise the Corporate Governance Committee: Mr. Dittamore (Chairman), Mr. Kessler and Mr. Sofaer. Effective as of May 28, 2004, Mr. Sofaer will replace Mr. Dittamore as Chairman of this committee. All members of the Corporate Governance Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the NASDAQ listing standards). The Corporate Governance Committee met seven times during the 2003 fiscal year.

The Company currently does not have a Nominating Committee of the Board. Director nominees are selected by a majority of our independent directors, in accordance with procedures established pursuant to resolutions of our Board of Directors. All of our independent directors, Messrs. Dittamore, Kessler, Schneider and Sofaer and Drs. Jemison, McNamee and Laubach, participate in the consideration of director nominees. Each of these directors is an independent director as defined by NASDAQ. Since all of our directors other than Mr. Nordhoff, our Chairman, President and Chief Executive Officer, are independent, the Board believes it is appropriate at this time for all independent directors to participate in the process of identifying, reviewing and evaluating candidates to serve as directors, consistent with criteria approved by the Board. The Board may in the future establish a Nominating Committee for this function.

The Board believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Board also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Board retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Board considers skills, diversity, age, and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Board and the Corporate Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships

Table of Contents

and transactions that might impair such directors' independence. In the case of new director candidates, the Board also determines whether the nominee must be independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Board then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Board conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Board meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Board has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, the Board has not rejected a timely director nominee from a stockholder or stockholders.

At this time, the Committee does not consider director candidates recommended by stockholders. The Board believes that it is in the best position to identify, review, evaluate and select qualified candidates for Board membership, based on the comprehensive criteria for Board membership approved by the Board. In the future, the Company's Board of Directors expects to expand the duties and responsibilities of the committees of the Board of Directors consistent with new enacted laws and recently proposed regulations and listing requirements of NASDAQ.

Meetings of the Board of Directors

The Board of Directors met nine times during the 2003 fiscal year. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member, respectively.

Stockholder Communications with the Board of Directors

Historically, the Company has not adopted a formal process for stockholder communications with the Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. During the upcoming year, the Corporate Governance Committee will give full consideration to the adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it to the Company's website.

Code of Ethics

The Company has adopted the Gen-Probe Incorporated Code of Ethics that applies to all officers, directors and employees. The Code of Ethics is available on our website at www.gen-probe.com. If the Company makes any substantive amendments to the Code of Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

Report of the Audit Committee of the Board of Directors

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described in its charter, which the Board has adopted and is included as Appendix A to these proxy materials.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

Table of Contents

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2003 with the Company's management and has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, Ernst & Young LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Ernst & Young LLP their independence.

Based on these reviews and discussions, on February 23, 2004, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC.

PROPOSAL 2

APPROVAL OF INCREASE IN NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors is requesting stockholder approval of an amendment to the Company's Amended and Restated Certificate of Incorporation to increase the Company's authorized number of shares of common stock from 100,000,000 shares to 200,000,000 shares.

The additional common stock to be authorized by adoption of the amendment would have rights identical to the currently outstanding common stock of the Company. Adoption of the proposed amendment and issuance of the common stock would not affect the rights of the holders of currently outstanding common stock of the Company, except for effects incidental to increasing the number of shares of the Company's common stock outstanding, such as dilution of the earnings per share and voting rights of current holders of common stock. If the amendment is adopted, it will become effective upon filing of a Certificate of Amendment of the Company's Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware.

In addition to the 49,071,018 shares of common stock issued and outstanding on March 31, 2004, the Board has reserved 9,756,818 shares for issuance upon exercise of options and rights granted under the Company's stock option plans and employee stock purchase plan.

Although at present the Board of Directors has no other plans to issue the additional shares of common stock, it desires to have the shares available to provide additional flexibility to use its capital stock for business and financial purposes in the future. The additional shares of common stock may be used for various purposes without further stockholder approval. These purposes may include: effecting additional stock dividends; raising capital; providing equity incentives to employees, officers or directors; establishing strategic relationships with other companies; expanding the company's business or product lines through the acquisition of other businesses or products; and other purposes.

The additional shares of common stock that would become available for issuance if this proposal is adopted could also be used by the Company to oppose a hostile takeover attempt or to delay or prevent changes in control or management of the Company. For example, without further stockholder approval, the Board could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized common stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), nevertheless, stockholders should be aware that approval of this proposal could facilitate future efforts by the Company to deter or prevent changes in control of the Company, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

The Company's audited consolidated financial statements, management's discussion and analysis of financial condition and results of operations, and certain supplementary financial information are incorporated by reference to the Company's Annual Report on Form 10-K for the year ended December 31, 2003, and its other current or periodic reports filed with the SEC.

The affirmative vote of the holders of a majority of the outstanding shares of our common stock will be required to approve this amendment to the Company's Amended and Restated Certificate of Incorporation. As a result, abstentions and broker non-votes will have the same effect as negative votes.

The Board of Directors recommends a vote in favor of Proposal 2.

Table of Contents**PROPOSAL 3****RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since 1989. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors. However, the Audit Committee of the Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Independent Auditors Fees

The following table represents aggregate fees billed to the Company for fiscal years ended December 31, 2003 and 2002 by Ernst & Young LLP, the Company's principal auditors. Certain amounts from fiscal 2002 have been restated to conform to new presentation requirements. All fees described below were approved by the Audit Committee.

	Fiscal Year Ended	
	2003	2002
	(In thousands)	
Audit Fees(1)	\$240	\$288
Audit-related Fees(2)	76	17
Tax Fees(3)	6	93
All Other Fees	7	3
Total Fees	\$329	\$401

- (1) These fees include the audit of the Company's annual financial statements, review of the Company's financial information included in its quarterly reports on Form 10-Q, accounting consultations and the review of the Company's Registration Statement on Form 10 filed in 2002 in connection with the spin-off from Chugai Pharmaceutical.
- (2) These fees include the audit of the Company's 401(k) savings plan and due diligence activities.
- (3) These fees include tax consulting services provided to the Company in connection with the 2002 spin-off from Chugai Pharmaceutical Co. Ltd. and reviews of corporate tax returns.

Pre-approval Policies and Procedures

Edgar Filing: GEN PROBE INC - Form DEF 14A

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor, Ernst & Young LLP. The Company's pre-approval policy also

Table of Contents

applies to services rendered by Deloitte & Touche, the independent auditor of our consolidated subsidiary Molecular Light Technology Limited and its subsidiaries. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence.

The Board of Directors recommends a vote in favor of Proposal 3.

to outstanding stock options, as follows: Mr. Edelshain (0); Mr. Freiberg (3,465); Dr. Mimms (12,633); Mr. Rosenman (48,751); and Ms. Vedova (37,919).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with; except an initial report of ownership, and one report covering one transaction were filed late by Mr. Edelshain; and one report covering one transaction each was filed late by each of the following individuals: Messrs. Dittamore, Kessler, Laubach, McNamee, Kurokawa, Powelson, Schneider and Sofaer.

Compensation of Directors

Each non-employee director of the Company receives an annual retainer of \$60,000, with twenty percent of the annual retainer to be paid in the form of common stock of the Company, if shares are then available for issuance under an equity incentive plan adopted by the Company. The twenty percent of the annual retainer received in the form of common stock must be held until the director retires from the Board. In addition, directors may elect to receive the remainder of their annual retainer in the form of common stock of the Company, subject to share availability. Shares are granted as restricted stock awards under the Company's 2003 Incentive Award Plan and the number of shares is determined based on the fair market value on the date of grant, the first day of the calendar quarter following the director's service. Non-employee directors also receive an initial grant of an option to purchase 20,000 shares of the Company's common stock, and an annual grant of an option to purchase 10,000 shares of the Company's common stock, if options are then available, under an equity incentive plan adopted by the Company. The exercise price of these options is based on the fair market value of the Company's common stock on the date of grant. Additionally, the Company pays an additional retainer of \$20,000 to the Chairman of the Audit Committee and \$10,000 each to the Chairs of the Compensation Committee and the Corporate Governance Committee. In the fiscal year ended December 31, 2003, the total compensation paid to non-employee directors was \$350,000. An additional \$115,000 was paid in January 2004 for director services rendered during the fourth quarter of 2003. The members of the Board of Directors are also eligible for reimbursement for their expenses incurred in attending Board meetings in accordance with Company policy.

During the last fiscal year, the Company granted options to purchase 10,000 shares of our common stock to each non-employee director of the Company, at an exercise price per share of \$19.185, the fair market value of our common stock on the date of grant. As of March 15, 2004, 17,777 options of the total options granted to non-employee directors had been exercised.

Stock Option Grants and Exercises

The Company grants options to its executive officers under its 2000 Equity Participation Plan (2000 Plan), 2002 New Hire Stock Option Plan (2002 Plan) and The 2003 Incentive Award Plan (2003 Plan). As of March 15, 2004, options to purchase a total of 5,375,350 shares were outstanding under these plans and options to purchase 3,485,164 shares remained available for grant under the plans. The following tables show for the fiscal year ended December 31, 2003, certain information regarding options granted to, exercised by, and held at year end by, the Named Executive Officers.

- (1) The potential realizable value listed in the table represents hypothetical gains that could be achieved for the options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the options were granted to their expiration date. The 5% and 10% rates of appreciation are provided in accordance with the rules of the SEC and do not represent the Company's estimate or projection of the Company's future stock value. Actual gains, if any, on option exercises will depend on the future performance of the common stock and overall market conditions. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock.
- (2) Share and per share amounts reflect the 2-for-1 stock split implemented as a 100% stock dividend in September 2003.
- (3) The exercise price of the options is based on the fair market value on the date of grant. The options granted under the 2000 Plan vest as follows: one-fourth (1/4) of the option shares vest one year after the vesting commencement date; the remainder of the option shares vest monthly thereafter over the following three years at a rate of 1/48th of the shares each month.
- (4) Based on options to purchase an aggregate of 2,043,932 shares granted to employees in fiscal year 2003.

Employment Agreements

The Company entered into an employment agreement with its Chairman, President and Chief Executive Officer, Henry L. Nordhoff, on April 2, 2003, as amended on January 1, 2004, which specifies the terms and conditions of his employment. The agreement states that Mr. Nordhoff's base salary will equal his base salary on the date of the agreement (\$511,400 per year), which amount can be increased annually by the Board of Directors. Mr. Nordhoff's salary may not be decreased during the term of the agreement. Mr. Nordhoff's target bonus will be 75% of his base salary, with the actual amount determined by the Board of Directors at its discretion. This authority has been delegated by the Board to the Compensation Committee. The agreement also provides that Mr. Nordhoff will receive an annual grant of no less than 20,000 shares of restricted stock of the Company and no less than 100,000 options to purchase shares of the Company's common stock, if such options or restricted shares are then available under an equity participation plan adopted by the Company. The Company also is required to provide Mr. Nordhoff with a term life insurance policy providing for payment of \$1 million to his designated beneficiaries and to pay annual club dues on his behalf. The agreement also provides that Mr. Nordhoff is eligible to participate in the Company's retirement, stock option, insurance and similar plans as in effect from time to time.

The agreement also provides that Mr. Nordhoff may terminate his employment with the Company at any time. In the event Mr. Nordhoff's employment is terminated for reasons other than cause, or if he terminates his employment for good reason (each as defined below), Mr. Nordhoff will receive severance in the form of 24 months salary continuation at his salary rate paid at the time of the termination, plus a pro rata portion of his targeted level bonus in the year of the termination and an amount equal to two times his targeted level bonus in the year of termination. If Mr. Nordhoff's termination is in connection with a change in control (as defined in the agreement), he will receive severance in the form of a lump sum payment, payable within 10 days of termination, equal to 36 months' base salary, and an amount equal to three times his targeted level bonus in the year of the termination. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. The agreement also requires the Company to provide continued health care coverage to Mr. Nordhoff and his eligible dependents without charge until the earlier of his 65th birthday or the first date that he is covered under another employer's health benefit program providing substantially the same or better benefits and to pay premiums on life insurance obtained under the Company's life insurance plan. After Mr. Nordhoff reaches age 65, the Company will provide for up to \$10,000 per year in medical reimbursement to cover medical and prescription expenses incurred but not covered by Medicare. Further, upon a termination without cause or for

Table of Contents

good reason, Mr. Nordhoff's interest in any unvested 401(k) contributions will vest as of the date of his termination and he will receive outplacement services for six months.

The agreement also provides that if it is determined that any payment or distribution of any type to Mr. Nordhoff or for his benefit by the Company, any of its affiliates, any person who acquires ownership or effective control of the Company or ownership of a substantial portion of its assets (within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (Code) and the regulations thereunder), whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise, would be subject to the excise tax imposed by Section 4999 of the Code or any interest or penalties with respect to such excise tax, then Mr. Nordhoff will be entitled to receive an additional gross up payment in an amount calculated to ensure that after Mr. Nordhoff pays all taxes (and any interest or penalties imposed with respect to such taxes), including any excise tax, imposed upon the gross-up payment, Mr. Nordhoff retains an amount of the gross-up payment equal to the excise tax imposed upon the total payments made to him. However, if the excise tax could be avoided by reducing the total payments by \$10,000 or less, then the total payments would be reduced to the extent necessary to avoid the excise tax and no gross-up payment would be required under the agreement.

For purposes of the agreement, good reason means any of the following events that are not consented to by Mr. Nordhoff: (i) the removal of Mr. Nordhoff from his position as the Chief Executive Officer of the Company; (ii) a substantial and material diminution in Mr. Nordhoff's duties and responsibilities; (iii) a reduction of Mr. Nordhoff's base salary or target bonus percentage; (iv) the location of Mr. Nordhoff's assignment on behalf of the Company is moved to a location more than 30 miles from its present location; (v) the failure of the Company to obtain a satisfactory agreement from any successor to the Company to assume and agree to perform the agreement; or (vi) a material breach by the Company of its obligations under the agreement after notice in writing from Mr. Nordhoff and a reasonable opportunity for the Company to cure or substantially mitigate any material adverse effect of such breach. In addition, cause means any of the following events: (i) any act of gross or willful misconduct, fraud, misappropriation, dishonesty, embezzlement or similar conduct on the part of Mr. Nordhoff; (ii) Mr. Nordhoff's conviction of a felony or any crime involving moral turpitude (which conviction, due to the passage of time or otherwise, is not subject to further appeal); (iii) Mr. Nordhoff's misuse or abuse of alcohol, drugs or controlled substances and failure to seek and comply with appropriate treatment; (iv) willful and continued failure by Mr. Nordhoff to substantially perform his duties under the agreement (other than any failure resulting from disability or from termination by Mr. Nordhoff for good reason) as determined by a majority of the Board after written demand from the Board of Directors for substantial performance is delivered to Mr. Nordhoff, and Mr. Nordhoff fails to resume substantial performance of his duties on a continuous basis within 30 days of such notice; (v) the death of Mr. Nordhoff; or (vi) Mr. Nordhoff's becoming disabled such that he is not able to perform his usual duties for the Company for a period in excess of six consecutive calendar months.

The Company also has entered into employment agreements with each of the following executives: Executive Vice President Development, James H. Godsey; Executive Vice President and Chief Scientist, Daniel L. Kacian, Ph.D., M.D.; Executive Vice President Sales and Operations, Niall M. Conway; Vice President General Counsel and Secretary, R. William Bowen; Vice President Regulatory, Quality & Government Affairs, Glen Paul Freiberg, RAC; Executive Vice President Commercialization, Molecular Light Technology Limited, Lynda A. Merrill; Vice President Strategic Planning and Business Development, Larry T. Mimms, Ph.D.; Vice President Finance and Chief Financial Officer, Herm Rosenman; and Vice President Administration, Robin L. Vedova. Each agreement provides that in the event the executive's employment is terminated for reasons other than cause, or if the executive terminates her or his employment for good reason, (each as defined in the agreement) the executive will receive severance in the form of continued compensation, at the executive's salary rate paid at the time of the termination plus costs of life insurance premiums, if any, for a period of 12 months. If the termination is due to a change in control (as defined in the agreement), the executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 18 months' base salary, and an amount equal to 1.5 times the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the

termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the executive is covered under another employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

The Company also has entered into employment agreements with the following additional executives: Vice President Research, Lyle J. Arnold; Vice President Corporate Development, Martin B. Edelshain; Vice President Business Development, Paul E. Gargan, Ph.D.; Vice President Supply Chain Management, Gurney I. Lashley; Vice President Product Development, Mathew Longiaru; Vice President Worldwide Sales, Mark A. Powelson; Vice President Marketing, Stephen M. Prince; Vice President Finance and Corporate Controller, Donald D. Tartre; and Vice President Intellectual Property, Peter R. Shearer. Each agreement provides that in the event the executive's employment is terminated for reasons other than cause, or if the executive terminates her or his employment for good reason, (each as defined in the agreement) the executive will receive severance in the form of continued compensation, at the executive's salary rate paid at the time of the termination plus costs of life insurance premiums, if any, for a period of six months. If the termination is due to a change in control, the executive will receive severance in the form of a lump sum payment, payable within 10 days of termination equal to 12 months' base salary, and an amount equal to the greater of the executive's targeted level bonus in the year of the termination or the executive's highest discretionary bonus in the preceding three years. A termination is considered in connection with a change in control if the termination occurs within the period six months before or 18 months after a change in control. Each executive also is entitled to receive COBRA benefits for the executive and eligible dependents until the earlier of one year following the termination date or the first date that the executive is covered under another employer's health benefit program providing substantially the same or better benefits, and outplacement services for six months.

Change-in-Control Severance Compensation Plan

The Company has established the Gen-Probe Incorporated Change-in-Control Severance Compensation Plan (the Severance Plan), which provides eligible employees with severance pay benefits in the event of a change in control of the Company. Generally, all employees who are not officers of the Company are eligible to participate in the Severance Plan. The Company is entitled to amend or terminate the Severance Plan, in its sole discretion, at any time prior to a change in control. Under the Severance Plan, in the event of a change in control of the Company, eligible employees who are terminated without cause within one year of the change in control are entitled to receive a severance payment. The participant is entitled to receive a severance payment equal to the employee's weekly salary on the date of termination to be paid for a minimum of three weeks and a maximum of 30 weeks (depending on the employee's position with the Company) and the Company will pay on the employee's behalf the costs of premiums under the Company's medical and dental plans during that period of time. Alternatively, the participant may elect to receive 90% of the aggregate cash severance payment due to him or her in one lump sum cash payment. If the participant commences full time employment with a new employer, the Company's obligation to pay the costs of premiums due under the Company's medical and dental plans will terminate, but the Company will still be obligated to pay the cash severance payment to the participant. Such payments may tend to discourage takeover attempts by increasing costs to be incurred by the Company in the event of a takeover. The Severance Plan will terminate on September 16, 2009 unless a change in control occurs prior to that date, in which event the Severance Plan will apply to any termination of employment occurring within 12 months after the change in control.

Report of the Compensation Committee of the Board of Directors

on Executive Compensation

The Compensation Committee is currently comprised of three directors of the Board, each of whom is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code (the Code). The Compensation

Table of Contents

Committee receives and approves each of the elements of the executive compensation program of the Company and continually assesses the effectiveness and competitiveness of the program. In addition, the Committee administers the stock option program and other key provisions of the executive compensation program and reviews with the Board all aspects of the compensation structure for the Company's executives. Set forth below in full is the Report of the Compensation Committee regarding compensation paid by the Company to its executive officers during 2003.

Compensation for executives is based on the principles that compensation must (a) be competitive with other quality companies in order to help attract, motivate and retain the talent needed to lead and grow the Company's business; (b) be based on performance of the individual and performance of the business; (c) provide a strong incentive for key managers to achieve the Company's goals; and (d) make prudent use of the Company's resources.

Executive compensation is based on performance against a combination of financial and non-financial measures including business results and developing organizational capacity. In addition, executives are expected to uphold the fundamental principles embodied in the Company's Vision and Mission Statement. These include a commitment to providing products of value to our customers by encouraging innovation, developing our people, and investing in technologies while generating profits to fund aggressive growth. In upholding these objectives, executives not only contribute to their own success, but also help ensure that the Company's business, employees, stockholders and communities in which we live and work will prosper.

Compensation Philosophy

The Company's executive compensation program is based upon a pay-for-performance philosophy. The executive compensation program is designed to provide value to the executive based on the extent of individual performance, the Company's performance versus budgeted earnings targets and other financial measures, the Company's longer term financial performance and total return to stockholders, including to the extent share price appreciation meets, exceeds or falls short of expectations.

Elements of the Executive Compensation Program

Base Salary. An executive's base salary is determined by an assessment of her or his sustained performance against her or his individual job responsibilities including, where appropriate, the impact of such performance on the Company's business results, industry pay levels, and experience and potential for advancement.

Annual Incentives. Payments under the Company's annual performance incentive plan are based on achieving personal and corporate goals. Corporate goals include revenues, profitability and product launches. Use of corporate goals establishes a direct link between the executive's pay and the Company's financial success.

Long-Term Incentives. The Company's long-term incentives will be primarily in the form of stock option awards. The objective of these awards is to advance the Company's longer-term interests and those of the Company's stockholders and to complement incentives tied to annual performance. These awards will provide rewards to executives based upon the creation of incremental stockholder value.

Stock options will only produce value to executives if the price of the Company's stock appreciates, thereby directly linking the interests of executives with those of stockholders. The number of stock options granted is based on the executive's position, performance in the prior year and the executive's potential for continued sustained contributions to the Company's success. The Compensation Committee does consider the number of options held by the executives when making grants. The executive's right to stock options vests over a four-year period and each option is exercisable, but only to the extent that it has vested, over a ten-year period following its grant, so long as the executive continues to provide services to the Company. In order to preserve the linkage between the interests of executives and those of stockholders, the executives are encouraged to utilize the shares obtained on the exercise of their stock options, after satisfying the cost of

exercise and taxes, to establish a significant level of direct ownership. We plan to consider establishing share ownership expectations for our executives to satisfy through the exercise of stock option awards.

CEO Compensation

Henry L. Nordhoff's base salary was established pursuant to his employment agreement. The Compensation Committee believes that the total compensation of the Chairman, President and Chief Executive Officer is largely based upon the same policies and criteria used for other executive officers at comparable companies. Each year the Compensation Committee reviews the Chief Executive Officer's compensation arrangement, his individual performance for the calendar year under review, as well as the Company's performance. In determining Mr. Nordhoff's bonus for 2003, the Committee considered his contributions to the Company, particularly in connection with meeting and exceeding 2003 financial, operational, strategic and organizational performance objectives, and his role in implementing strategic and financial initiatives designed to augment the Company's development and growth efforts. For the fiscal year ended December 31, 2003, Mr. Nordhoff received a bonus of \$400,000. In August 2003, Mr. Nordhoff was granted options under the 2003 Plan to purchase 100,000 shares of Common Stock at \$29.525 per share, the fair market value on the date of grant, and a restricted stock award under the 2003 Plan for 20,000 shares of common stock. The stock option grant and restricted stock award are both subject to vesting over four years. The Compensation Committee believes Mr. Nordhoff's compensation, including salary and bonus, is at a level competitive with Chief Executive Officer salaries within the biotechnology industry.

Section 162(m) Compliance

Section 162(m) of the Code generally limits the tax deductions a public corporation may take for compensation paid to its Named Executive Officers to \$1 million per executive per year. Compensation above \$1 million may be deducted if it is performance based compensation within the meaning of the Code. The Company's stockholders have previously approved the 2000 Plan and the 2003 Plan, qualifying awards under these plans as performance based compensation exempt from the Section 162(m) limits. In addition, the Committee intends to evaluate the Company's executive compensation policies and benefit plans during the coming year to determine whether additional actions to maintain the tax deductibility of executive compensation are in the best interest of the Company's stockholders.

Conclusion

Through the programs described above, a significant portion of the Company's compensation program and realization of its benefits is contingent on both Company and individual performance.

The foregoing report has been furnished by the Compensation Committee.

Certain Transactions

In September 2000, the Company made a loan in principal amount of \$100,000 to Niall M. Conway, its Executive Vice President Sales and Operations. The Company made this loan to Mr. Conway in order to assist him with the purchase of his initial residence in San Diego, California. This loan is evidenced by a promissory note which matures upon the earlier of (a) the resale of such residence, or (b) termination of his employment with the Company. The loan bears interest at the minimum applicable rate (as determined by Internal Revenue Service regulations).

In December 2003, the Company entered into an Asset Acquisition Agreement with Oasis Biosciences Incorporated for the purchase of certain assets for aggregate consideration of \$325,000, of which approximately \$110,000 will be paid by Oasis to Lyle J. Arnold, Ph.D., an executive officer of the Company, in connection with the dissolution of Oasis. Dr. Arnold was an employee of Oasis from October 2001 to

September 2003 as its President and Chief Scientific Officer and served on its Board of Directors from September 1997 to December 2003.

During fiscal year 2003 through March 15, 2004, certain of the Company's directors and executive officers purchased shares of the Company's common stock pursuant to the exercise of vested stock options as follows: R. William Bowen, 35,000 shares for \$456,549; Niall M. Conway, 9,276 shares for \$114,002; Robin L. Vedova, 23,183 shares for \$290,379; Glen P. Freiberg, 37,992 for \$497,616; Paul E. Gargan, 20,000 shares for \$267,629; James H. Godsey, 15,526 for \$212,008; Gurney I. Lashley, 32,000 shares for \$414,646; Matthew Longiaru, 20,000 shares for \$255,186; Armin M. Kessler, 8,333 shares for \$79,997; Kiyoshi Kurokawa 9,444 shares for \$63,747; Lynda A. Merrill, 18,000 shares for \$229,972; Larry T. Mimms, 62,800 shares for \$529,997; Henry L. Nordhoff, 190,000 shares for \$2,335,100; Mark A. Powelson, 4,000 shares for \$54,620; Peter R. Shearer, 26,822 shares for \$351,802.

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under Delaware law and the Company's Bylaws.

The Company believes that all of the transactions described above were on terms at least as favorable to it as they would have been had the Company entered into those transactions with unaffiliated third parties.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Gen-Probe stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Gen-Probe Incorporated, Attention: Investor Relations, 10210 Genetic Center Drive, San Diego, California 92121, or contact the Investor Relations Department at (818) 410-8000. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

APPENDIX A

GEN-PROBE INCORPORATED

AUDIT COMMITTEE CHARTER

I. PURPOSE AND POLICY

The primary purpose of the Audit Committee (Committee) shall be to act on behalf of the Gen-Probe Incorporated (Company) Board of Directors (Board) in fulfilling its oversight responsibilities with respect to the adequacy of the Company s internal controls, corporate accounting, financial reporting practices and audits of financial statements as well as the quality, integrity, and reliability of the Company s financial statements and financial reports to the public, as well as the performance of the Company s internal audit function and the independence, qualifications, and performance of the Company s independent outside auditors (Auditors).

The policy of the Committee, in discharging these obligations, shall be to maintain and foster an open avenue of communication between the Committee and the Auditors, the Company s financial management and internal auditors.

II. COMPOSITION

The Committee shall consist of at least three members of the Board. The members of the Committee shall satisfy the independence and financial literacy requirements of Section 301 of the Sarbanes-Oxley Act of 2002, Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act), and the NASDAQ Stock Market (Nasdaq). At least one member shall satisfy the Nasdaq financial sophistication requirements as in effect from time to time.

III. MEETINGS AND MINUTES

The Committee will meet at least four times annually. The Committee may hold such additional regular or special meetings as its members deem necessary or appropriate. The Committee shall appoint a Chairperson of the Committee by majority vote. The Chairperson (or in his or her absence, a member designated by the Chairperson) shall preside at all meetings of the Committee. The Committee Chairperson has the power to call a meeting whenever the Chairperson thinks there is a need. The Committee may ask members of the Company s management, or others, to attend the meeting and is authorized to receive all pertinent information from the Company. The Committee has sole discretion in determining the meeting attendees and agenda. A majority shall constitute a quorum of the Committee. A majority of the Committee in attendance shall decide any question brought before any meeting of the Committee. Minutes of each Committee meeting shall be prepared and distributed to each director of the Company and the Secretary of the Company promptly after each meeting.

IV. AUTHORITY

The Committee shall also carry out and may exercise any other powers or responsibilities delegated to it by the Board from time to time without requirement of Board approval. While acting within the scope of its stated purposes, the Committee shall have and may exercise all the powers and authority of the Board.

The Committee shall have full access to all books, facilities and personnel of the Company as deemed necessary or appropriate by any member of the Committee to discharge his or her responsibilities hereunder. The Committee shall have authority to retain, at the Company s expenses, special legal, accounting or other advisors or consultants as it deems necessary or appropriate in the performance of its duties. The Committee shall have the authority to require that any of the Company s personnel, counsel, Auditors or investment bankers, or any other consultant or advisor to the Company attend any meeting of the Committee or meet with any member of the Committee or any of its special legal, accounting or other advisors and consultants.

Table of Contents

V. RESPONSIBILITIES

The Committee shall oversee the Company's financial reporting process on behalf of the Board, shall have direct responsibility for the oversight of the Auditors and shall report the results of its activities to the Board. The Committee's functions and procedures should remain flexible to address changing circumstances most effectively. Management of the Company is responsible for the Company's financial statements as well as the Company's financial reporting process, accounting policies, internal audit functions and internal controls. The Company's Auditors are responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and other procedures. Members of the Committee are not engaged in the accounting or auditing profession and some members may not be financial experts or otherwise experts in matters involving auditing or accounting, including auditor independence, financial reporting processes, accounting policies or internal audit functions and controls. It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements fairly present the Company's financial position and results of operations and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Committee is entitled to rely on: (i) the integrity of those persons within the Company and of the professionals and experts (such as the Auditors) from which the Committee receives information; (ii) the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts absent actual knowledge to the contrary; and (iii) representations made by management or the Auditors as to any non-audit services provided by the Auditors to the Company.

To implement the Committee's purpose and policy, the Committee shall, to the extent the Committee deems necessary or appropriate, be charged with the following functions and processes with the understanding, however, that the Committee may supplement or (except as otherwise required by applicable laws or rules) deviate from these activities under certain circumstances:

A. General

1. Adopt a written Audit Committee Charter that is approved by the full Board of Directors. The Committee shall review this charter as necessary, no less than annually, and recommend any proposed changes to the Board for approval.
2. Report Committee actions to the Board and make appropriate recommendations.
3. Prepare the report of the Committee required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.
4. Conduct or authorize investigations into any matters within the Committee's scope of responsibilities. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the Auditors for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee.
5. Discharge any additional responsibilities as dictated by the law, the Company's Bylaws, or that the Board requires.

B. Audit Activities

1. Have sole authority and responsibility with regard to the selection, evaluation, oversight, and, as appropriate, replacement of the Company's Auditors.
2. Consider and evaluate the independence, experience, qualifications, and effectiveness of the Auditors. Annually, the Committee will review and approve all fees and all relationships between the Auditors and the Company to determine the Auditors' independence.
3. Except as permitted under the Sarbanes-Oxley Act and the applicable rules promulgated by the SEC, the Committee shall pre-approve the hiring or retention of the Auditors or any of its affiliates for any audit related services (including comfort letters and statutory audits) or non-audit services and shall pre-

Table of Contents

approve the fees to be paid to the Auditors or its affiliates and any other terms of the engagement of the Auditors or its affiliates. Although the Committee may seek the input of management, the Committee shall have the sole authority to pre-approve all audit engagement fees and terms, as well as all non-audit engagements with the Auditors or any of its affiliates. The Committee may delegate to one or more designated members of the Audit Committee the authority to grant pre-approvals required by this paragraph; provided that any such approvals are presented to the Committee at its next scheduled meeting.

4. The Committee shall, at least annually, review the experience and qualifications of the Auditors' senior personnel that are providing audit services to the Company and the quality control procedures of the Auditors. In conducting its review, the Committee shall:

a. At least annually, obtain and review a report by the Auditors describing: (i) the auditing firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the Auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the Auditors, and any steps taken to deal with any such issues; and (iii) all relationships between the Auditors and the Company (to assess the Auditors' independence).

b. Ensure that the Auditors prepare and deliver, at least annually, a written statement delineating all relationships between the Auditors and the Company, consistent with Independence Standards Board Standard 1. The Committee shall actively engage in a dialogue with the Auditors with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the Auditors. If the Committee determines that further inquiry is advisable, the Committee shall take appropriate action in response to the Auditors' report to satisfy itself of the Auditors' independence.

c. Confirm with the Auditors that the Auditors are in compliance with the partner rotation requirements established by the SEC.

d. If applicable, consider whether the Auditors' provision of non-audit services to the Company is compatible with maintaining the independence of the Auditors.

e. Assess the Auditors' scope and approach for the annual audit, including the process for identifying and responding to key audit and internal control risks. Review significant reports to management prepared by the Auditors.

f. Obtain from and discuss with the Auditors, timely reports prepared by the Auditors regarding: (i) all accounting policies and practices that the Auditors identify as critical; (ii) all alternative treatments within generally accepted accounting principles for policies and practices that have been discussed among management and the Auditors and the ramifications of such alternative disclosures and treatments, and the treatment preferred by the Auditor; (iii) all other material written communications between the Auditors and management of the Company, such as any management letter, management representation letter, reports on observations and recommendations on internal controls, Auditors' engagement letter, Auditors' independence letter, schedule of unadjusted differences and a listing of adjustments and reclassifications not recorded, if any; and (iv) any changes in the accounting policies and practices of the Company or any changes (or initiatives or proposals to change) of any accounting or financial reporting rules that could reasonably be expected to have a material impact on the Company's financial statements.

g. Review the internal audit function of the Company including: its independence, the authority of its reporting relationships, the adequacy of qualifications and resources, and review and concur in the appointment, replacement, reassignment, or dismissal of the senior internal auditor.

h. Review and approve internal audit activities including: the internal audit charter, internal audit plan, status of internal audit projects, and the summaries of completed internal audits.

Table of Contents

i. Meet with the senior internal auditor to discuss the conclusions and recommendations of any reports prepared by him or her for the Committee and any other matters brought to the attention of the Committee by the senior internal auditor.

C. Financial Statements and Internal Controls

1. Review the annual audited financial statements with management and the external independent auditor prior to the filing of the Company's Form 10-K. Determine that the Auditors are satisfied with the disclosure and content of the financial statements, including the nature and extent of any significant changes in accounting principles.

2. Discuss with the Auditors the matters required to be discussed by Statement on Auditing Standards No. 61 as then in effect including, among others, (i) the methods used to account for any significant unusual transactions reflected in the audited financial statements; (ii) the effect of significant accounting policies in any controversial or emerging areas for which there is a lack of authoritative guidance or a consensus to be followed by the outside auditor; (iii) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (iv) any disagreements with management over the application of accounting principles, the basis for management's accounting estimates or the disclosures in the financial statements.

Based on the review and discussions referenced above, and based on the disclosures received from the Auditors regarding its independence and discussions with the Auditors regarding such independence, recommend to the Board whether the audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year subject to the audit.

4. Review with management and the Auditors the Company's quarterly financial statements prior to the filing of its Form 10-Q, including discussing with the external independent auditors the scope and results of their required quarterly review procedures.

5. Discuss with financial management and the Auditors their qualitative judgments about the appropriateness, not just the acceptability, of accounting principles and financial disclosure practices, significant financial reporting issues, or disputes regarding the treatment of GAAP or of the Company's critical accounting policies that were made in connection with the preparation of the Company's financial statements.

6. Review with management and the Auditors the effect of regulatory and accounting initiatives on the Company's financial statements, as well as the presence of any off-balance sheet structures or related-party transactions.

7. Consider and review with management, the internal audit function, and the Auditors:

a. The effectiveness of, or weaknesses in, the Company's internal controls including the status and adequacy of information systems and security.

b. Any related significant findings and recommendations of the Auditors and the internal auditors together with management's responses including the timetable for implementation of recommendations to correct weaknesses in the internal controls.

8. Review and discuss among themselves, without management or the Auditors present, the financial information and control structure of the Company.

D. Legal, Compliance and Ethics

1. Require management to report on procedures that provide assurance that the Company's mission, values, and code of ethics are properly communicated to all employees.

2. Discuss with management and the Auditors any correspondence from or with regulators or governmental agencies, any employee complaints or any published reports that raise material issues regarding the Company's financial statements, financial reporting process, accounting policies or internal audit function.

Table of Contents

3. Discuss with management the Company's policies and procedures with respect to transactions between the Company and officers and directors, or affiliates of officers or directors. Review and approve transactions between the Company related parties, as defined by the applicable requirements of the Sarbanes-Oxley Act, Nasdaq, and SEC.

4. Meet with organization's legal counsel to review any legal matters that may have a significant impact on the Company's overall financials.

5. Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal controls or auditing matters. Establish procedures for the confidential and anonymous submission by employees regarding questionable accounting or auditing matters.

6. Discuss with management the Company's policies with respect to risk assessment and risk management, and the Company's significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures.
