NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Dolphin Productions, Inc. ("the Company") was organized under the laws of the State of Nevada on June 26, 1998. The Company provides musical and other performance services for concerts and other events. The Company has not yet generated significant revenues from its planned principal operations and is considered a development stage company

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

as defined in Statement of Financial Accounting Standards No. 7. The Company has, at the present time, not paid any dividends and any dividends that may be paid in the future will depend upon the financial requirements of the Company and other relevant factors.

Condensed Financial Statements - The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows at March 31, 2004 and 2003 and for the periods then ended have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's September 30, 2003 audited financial statements. The results of operations for the periods ended March 31, 2004 and 2003 are not necessarily indicative of the operating results for the full year.

Fiscal Year - The Company's fiscal year-end is September 30th.

Cash and Cash Equivalents - The Company considers all highly liquid debt investments purchased with a maturity of three months or less to be cash equivalents.

Accounts and Loans Receivable - The Company records accounts and loans receivable at the lower of cost or fair value. The Company determines the lower of cost or fair value of non-mortgage loans on an individual asset basis. The Company recognizes interest income on an account receivable based on the stated interest rate for past-due accounts over the period that the account is past due. The Company recognizes interest income on a loan receivable based on the stated interest rate over the term of the loan. The Company accumulates and defers fees and costs associated with establishing a receivable to be amortized over the estimated life of the related receivable. The Company estimates allowances for doubtful accounts and loan losses based on the aged receivable balances and historical losses. The Company records interest income on delinquent accounts and loans receivable only when payment is received. The Company first applies payments received on delinquent accounts and loans receivable to eliminate the outstanding principal. The Company charges off uncollectible accounts and loans receivable when management estimates no possibility of collecting the related receivable. The Company considers accounts and loans receivable to be past due or delinquent based on contractual terms.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [Continued]

Revenue Recognition - The Company recognizes revenue from providing musical and other performances for concerts and other events for a negotiated fee in the period when the services are provided. The Company records only its fee from a concert performance and reflects the Company's expenses related to the performance as general and administrative expense.

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

The Company recognizes revenue from the sale of compact discs when the product is delivered.

Advertising Costs - Advertising costs, except for costs associated with direct-response advertising, are charged to operations when incurred. The costs of direct-response advertising are capitalized and amortized over the period during which future benefits are expected to be received. During the six months ended March 31, 2004 and 2003, advertising costs amounted to \$0 and \$0, respectively.

Income Taxes - The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" [See Note 4].

Loss Per Share - The computation of loss per share is based on the weighted average number of shares outstanding during the period presented in accordance with Statement of Financial Accounting Standards No. 128, "Earnings Per Share" [See Note 6].

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated by management.

Recently Enacted Accounting Standards - Statement of Financial Accounting Standards ("SFAS") No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", SFAS No. 147, "Acquisitions of Certain Financial Institutions - an Amendment of FASB Statements No. 72 and 144 and FASB Interpretation No. 9", SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB Statement No. 123", SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities", and SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity", were recently issued. SFAS No. 146, 147, 148, 149 and 150 have no current applicability to the Company or their effect on the financial statements would not have been significant.

Restatement - On January 15, 1999, the Company effected a 5-for-2 forward stock split. The financial statements have been restated, for all periods presented, to reflect the stock split [See Note 2].

Reclassification - The financial statements for periods prior to March 31, 2004 have been reclassified to conform to the headings and classifications used in the March 31, 2004 financial statements.

NOTE 2 - CAPITAL STOCK

Common Stock - During June 1998, the Company issued 500,000 shares of its previously authorized but unissued common stock for cash of \$2,000 (or \$.004 per share).

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

During January 1999, the Company issued 20,000 shares of its previously authorized but unissued common stock for cash of \$4,000 (or \$.20 per share).

Stock Split - On January 15, 1999, the Company effected a five for two common stock split. The financial statements, for all periods presented, have been restated to reflect the stock split.

NOTE 3 - RELATED PARTY TRANSACTIONS

Management Compensation and Accrued Expenses - Salary expense to the President for the six months ended March 31, 2004 and 2003 amounted to \$0 and \$500, respectively. At March 31, 2004, the Company owes a total of \$6,500 in accrued salary to the President.

Legal Services and Accrued Expenses - During the six months ended March 31, 2004 and 2003, respectively, the President provided legal services of \$0 and \$15,000 to the Company. At March 31, 2004, the Company owes a total of \$15,000 in accrued legal fees to the President.

NOTE 4 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes". SFAS No. 109 requires the Company to provide a net deferred tax asset/liability equal to the expected future tax benefit/expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At March 31, 2004, the Company has available unused operating loss carryforwards of approximately \$4,350, which may be applied against future taxable income and which expire in 2024.

The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the deferred tax assets, the Company has established a valuation allowance equal to their tax effect and, therefore, no deferred tax asset has been recognized for the deferred tax assets. The net deferred tax assets, which consist mainly of accrued compensation and net operating loss carryforward, are approximately \$3,900 and \$3,700 as of March 31, 2004 and September 30, 2003, respectively, with an offsetting valuation allowance of the same amount, resulting in a change in the valuation allowance of approximately \$200 during the six months ended March 31, 2004.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 5 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America which contemplate continuation of the Company as a going concern. However, the Company has not yet been successful in establishing profitable operations and has current liabilities in excess of current

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard, management is proposing to raise any necessary additional funds through loans or through additional sales of its common stock or through the possible acquisition of other companies. There is no assurance that the Company will be successful in raising this additional capital or in achieving profitable operations.

NOTE 6 - LOSS PER SHARE

The following data show the amounts used in computing loss per share:

	For the Three Months Ended March 31,		For the Six Months Ended March 31,		From Inception on June 26, 1998 Through March 31, 2004
	2004	2003	2004	2003	
Net loss available to common shareholders (numerator)	\$ (8)	\$ (16,749)	\$ (1,308)	\$ (17,795)	\$ (26,143)
Weighted average number of common shares outstanding used in loss per share for the period (denominator)	520,000	520,000	520,000	520,000	518,071

Dilutive loss per share was not presented, as the Company had no common stock equivalent shares for all periods presented that would affect the computation of diluted loss per share.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is management's discussion and analysis of certain significant factors that have affected the Company's financial condition and operating results for the period included in the accompanying financial statements. The accompanying Unaudited Condensed Financial Statements as of March 31, 2004, including the Notes to Unaudited Condensed Financial Statements, are, by this reference, included in this Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations Three Months Ended March 31, 2004 Compared to Three Months Ended March 31, 2003

DOLPHIN PRODUCTIONS, INC., revenues from concert services and from all other sources were \$0 for the quarter ended March 31, 2004 compared to concert revenues of \$2000 for the first quarter ended March 31, 2003. No concert services were provided by the Company, and no revenues were generated, during the second quarter of 2004. Services were provided for one event in 2003. All revenues generated in 2003 came from the single

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

event.

DOLPHIN PRODUCTIONS, INC. recorded a net loss of \$798 for the second quarter of fiscal year 2004 compared to a net loss of \$16,749 for the second quarter of fiscal year 2003. The loss during the second quarter of 2003 was largely attributable to the accrual in 2003 of \$15,000 for legal costs associated with the Company's registration of its stock through the filing of a Form 10-SB registration statement. No similar costs were incurred in the comparable quarter of 2004.

DOLPHIN PRODUCTIONS, INC. has no plans to produce concerts or to provide concert-related services in the future, except as such services may be ancillary to the Company's development and promotion of its web site and the Internet marketing of recorded music.

DOLPHIN PRODUCTIONS, INC., has no prospects or commitments for generating revenues from its operations during the foreseeable future. The magnitude of the revenues, if any, will depend upon the Company's ability to implement an unproved process for generating revenues from making recorded music available to the public on the Internet.

Six Months Ended March 31, 2004 Compared to Six Months Ended March 31, 2003

For the six month period ended March 31, 2004, DOLPHIN PRODUCTIONS, INC., experienced a net loss of \$2,098. For the comparable period of 2003, the Company experienced a net loss, after giving effect to certain tax benefits (which may not be realized) of \$17,795. The larger loss in 2003 was largely the result of the accrual of \$15,000 of legal costs associated with the registration of the Company's common stock.

Liquidity and Capital Resources

As of March 31, 2004, the Company had on hand cash of \$627. It owns no other liquid assets.

As of March 31, 2004, the Company owed an accrued liability of \$21,500 to the Company's President and Chairman, Richard H. Casper. The Company's current liabilities of \$22,290 exceeds the cash (\$627) that it had on hand as of March 31, 2004, by \$21,663. As of the end of the comparable period in 2003, the Company had a cash balance of \$5,322.

The liability to the Company's President is not evidenced by a writing and does not currently bear interest. It is due upon demand.

The Company currently has no prospects or commitments from any parties to provide additional capital, cash or resources to the Company.

Item 3. Controls and Procedures

As of February 29, 2004, an informal evaluation was performed under the supervision and with the participation of the Company's management, including the CEO and CFO, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Company's management, including the CEO and CFO, concluded that the Company's disclosure controls and procedures were effective as of February 29, 2004. There have been no significant changes in the Company's internal controls or in other factors that could significantly affect internal controls subsequent to February 29, 2004.
