Please share this information with your medical society contacts, as you feel appropriate.

We want to share some important news with you.

This morning we issued a press release announcing that Aetna has entered into a definitive agreement to acquire Coventry Health Care, Inc.

Coventry is a diversified managed health care company that offers a full portfolio of risk and fee-based products, including Medicare Advantage and Medicare Part D programs, Medicaid managed care plans, group and individual health insurance, coverage for specialty services such as workers' compensation, and network rental services.

The acquisition of Coventry will complement Aetna's strategy to expand our competitive set of core and emerging businesses to grow our business and lead the transformation of the health care industry.

On a pro forma basis, the Coventry acquisition will add nearly 4 million medical members and 1.5 million Medicare Part D members. It also will build on our existing resources and capabilities.

Coventry will expand Aetna's presence in important local geographies, particularly the Mid-Atlantic and Mid-West. Coventry will add more balance to Aetna's overall portfolio, particularly in the fast-growing Government sector. Coventry's strength in individual Medicare Advantage and Medicare Part D programs complements our group Medicare Advantage business.

The transaction is subject to customary closing conditions, and we anticipate completing the acquisition in the middle of 2013.
