### CITY NETWORK, INC. AND SUBSIDIARIES (FORMERLY INVESTMENT AGENTS, INC.)

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2003

##### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Unaudited Interim Financial Information - The accompanying financial statements have been prepared by City Network, Inc., pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") Form 10-QSB and Item 310 of Regulation S-B, and generally accepted accounting principles for interim financial reporting. These financial statements are unaudited and, in the opinion of management, include all adjustments (consisting of normal recurring adjustments and accruals) necessary for a fair presentation of the statement of financial position, operations, and cash flows for the periods presented. Operating results for the nine months ended November 30, 2003 and 2002 are not necessarily indicative of the results that may be expected for the year ending February 28, 2004, or any future period, due to seasonal and other factors. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting policies have been omitted in accordance with the rules and regulations of the SEC. These financial statements should be read in conjunction with the audited consolidated financial statements and accompanying notes, included in the Company's Annual Report for the year ended February 28, 2003.

Basis of Consolidation - The consolidated financial statements for 2003 include the accounts of City Network, Inc. and its wholly owned subsidiaries, City Network Technology, Inc. - BVI, City Network, Inc. - Taiwan, and City Network Construction. All references herein to the Company are included in the consolidated results. All significant intercompany accounts and transactions have been eliminated upon consolidation.

Revenue Recognition - Revenue from sales of products to customers is recognized upon shipment or when title passes to customers based on the terms of the sales, and is recorded net of returns, discounts and allowances.

Cash and Cash Equivalents - Cash equivalents are stated at cost. Cash equivalents are highly liquid investments readily convertible into cash with an original maturity of three months or less and consist of time deposits with commercial banks.

Allowance for Doubtful Accounts - The Company establishes an allowance for doubtful accounts on a case-by-case basis when it believes the required payment of specific amounts owed is unlikely to occur after a review of historical collection experience, subsequent collections and management's evaluation of existing economic conditions.

CITY NETWORK, INC. AND SUBSIDIARIES  
(FORMERLY INVESTMENT AGENTS, INC.)

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2003

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fixed Assets - Property and equipment are stated at cost less accumulated depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance and repairs are charged to expense as incurred. Whenever an asset is retired or disposed of, its cost and accumulated depreciation or amortization is removed from the respective accounts and the resulting gain or loss is credited or charged to income.

Depreciation is computed using the straight-line and declining-balance methods over the following estimated useful lives:

Furniture and Fixtures	5 years
Equipment	5 years
Computer Hardware and Software	3 years
Building and Improvements	50 years

Inventory - Inventory is valued at the lower of cost or market; cost is determined on the weighted average method. As of November 30, 2003, inventory consisted only of finished goods.

Contingencies - Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company's management and legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material would be disclosed.

Loss contingencies considered to be remote by management are generally not disclosed unless they involve guarantees, in which case the guarantee would be disclosed. As of November 30, 2003 and the date of our report, management has informed us that there are no matters that warrant disclosure in the financial statements.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Advertising - Advertising costs are expensed in the year incurred.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include collectibility of accounts receivable, accounts payable, sales returns and recoverability of long-term assets.

Concentration of Credit Risk - Financial instruments, which subject the Company to credit risk, consist primarily of cash equivalents and trade accounts receivable arising from its normal business activities. The Company places its cash in what it believes to be credit-worthy financial institutions, however, cash balances have exceeded the FDIC insured levels at various times during the year. Concentration of credit risk with respect to trade accounts receivable is primarily from related parties located in Asia. The Company actively evaluates the creditworthiness of the customers with which it conducts business through credit approvals, credit limits and monitoring procedures.

Stock Based Compensation - The Company accounts for stock-based employee compensation arrangements in accordance with the provisions of Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees," and complies with the disclosure provisions of Statement of Financial Accounting Standards ("SFAS") 123, "Accounting for Stock-Based Compensation." Under APB 25, compensation cost is recognized over the vesting period based on the difference, if any, on the date of grant between the fair value of the Company's stock and the amount an employee must pay to acquire the stock.

Impairment of Long-Lived Assets - On January 1, 2002 the Company adopted SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". The Company evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down would be recorded to reduce the related asset to its estimated fair value. There have been no such impairments to date.

Earnings Per Share - Earnings per share are based on the weighted average number of shares of common stock and common stock equivalents outstanding during each period. Earnings per share are computed using the treasury stock method. The options to purchase common shares are considered to be outstanding for all periods presented but are not calculated as part of the earnings per share.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Edgar Filing: CITY NETWORK INC - Form 10QSB

Income Taxes - Income taxes have been provided based upon the tax laws and rates in the countries in which operations are conducted and income is earned. The income tax rates imposed by the taxing authorities vary. Taxable income may vary from pre-tax income for financial accounting purposes. There is no expected relationship between the provision for income taxes and income before income taxes because the countries have different taxation rules, which vary not only to nominal rates but also in terms of available deductions, credits and other benefits. Deferred tax assets and liabilities are recognized for the anticipated future tax effects of temporary differences between the financial statement basis and the tax basis of the Company's assets and liabilities using the applicable tax rates in effect at year end as prescribed by SFAS 109 "Accounting for Income Taxes".

Exchange Gain (Loss) - As of November 30, 2003, the transactions of City Network, Inc. - Taiwan denominated in foreign currency is recorded in New Taiwan dollars at the rates of exchange in effect when the transactions occur. Exchange gains and losses are recognized for the different foreign exchange rates applied when the foreign currency assets and liabilities are settled.

Translation Adjustments - As of November 30, 2003, the accounts of City Network, Inc. - Taiwan and City Network Construction were maintained, and its financial statements were expressed, in New Taiwan Dollars (NTD). Such financial statements were translated into U.S. Dollars (USD) in accordance with Statement of Financial Accounts Standards ("SFAS") No. 52, "Foreign Currency Translation", with the NTD as the functional currency. According to the Statement, all assets and liabilities were translated at the current exchange rate, stockholder's equity are translated at the historical rates and income statement items are translated at the average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with SFAS No. 130, "Reporting Comprehensive Income".

As of November 30, 2003 the exchange rates between NTD and the USD was NTD\$1=USD\$0.0292. The weight-average rate of exchange between NTD and USD was NTD\$1 = USD\$0.02905.

New Accounting Pronouncements - In July 2001, the FASB issued SFAS 141 "Business Combinations". SFAS 141 requires that all business combinations initiated or completed after June 30, 2001 be accounted for using the purchase method of accounting. The statement provides for recognition and measurement of intangible assets separate from goodwill. The Company adopted SFAS 141 as of July 1, 2001. The adoption of the new statement had no effect on the consolidated results of operations or financial position of the Company.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
NOVEMBER 30, 2003

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In July 2001, the FASB issued SFAS 142, "Goodwill and Other Intangible Assets". Under SFAS 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed at least annually for impairment. The amortization provisions of SFAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. With respect to Goodwill and intangible assets acquired prior to July 1, 2001, the Company is required to and has adopted SFAS 142 effective January 1, 2002. The adoption of this pronouncement did not have a

## Edgar Filing: CITY NETWORK INC - Form 10QSB

material effect to the Company's consolidated financial position or results of operations.

In August 2001, the FASB issued SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS supersedes SFAS 121 and the accounting and reporting provisions of APB 30. SFAS 144 provides guidance for determining whether long-lived assets should be tested for impairment and specific criteria for classifying assets to be disposed of as held for sale. The statement is effective for fiscal years beginning after December 15, 2001, and the Company has adopted the statement as of January 1, 2002. Management does not expect the adoption of this statement to have a material effect on the Company's consolidated financial position or results of operations.

### NOTE 3 - CONCENTRATION

Of the twelve customers referred to herein, seven customers comprise 25% of the total sales during the third quarter ended November 30, 2003. Sales to these customers were approximately \$3,710,234. Included in accounts receivable is \$2,191,701 from these customers as of November 30, 2003.
