* Explanation for forecasts of operation and

other notes:

With regard to the assumptions and other related matters concerning consolidated financial results forecasts for the fiscal year ending March 31, 2010, refer to pages 10 and 19.

Consolidated financial statements in this earnings release are unaudited.

Statement of Financial Accounting Standards No. 160, Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51.

Effective April 1, 2009, we adopted Statement of Financial Accounting Standards (SFAS) No. 160 Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51 . SFAS No. 160 requires noncontrolling interests, which was previously referred to as Minority interests, held by parties other than the parent to be clearly identified, labeled and presented in the consolidated statement of financial position within equity, but separate from the parent s equity. SFAS No. 160 also requires changes in parent s ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted for as equity transactions.

Upon the adoption of SFAS No. 160, Net income , which includes income attributable to noncontrolling interests, and Net income attributable to NTT DoCoMo, Inc. are both presented in the consolidated statements of income and comprehensive income. Net Income Attributable to NTT DoCoMo, Inc. , Basic Earnings per Share Attributable to NTT DoCoMo, Inc. and Diluted Earnings per Share Attributable to NTT DoCoMo, Inc. for the Consolidated Financial Results for the Three Months Ended June 30, 2008 and 2009, as well as Net Income Attributable to NTT DoCoMo, Inc. and Basic Earnings per Share Attributable to NTT DoCoMo, Inc. for the Consolidated Financial Results for the Fiscal Year Ending March 31, 2010 are as follows:

Consolidated Financial Results for the Three Months Ended June 30, 2009 (April 1, 2009 June 30, 2009) Consolidated Results of Operations

Year ending March 31, 2010	493,000	4.5%	11,805.61 (yen)		
(Percentage above represents changes compared to the	he previous year)				

We do not formulate consolidated financial results forecasts for six months ending September 30, 2009.

 Net Income attributable to NTT DoCoMo, Inc. is calculated in the same manner as Net income for the fiscal year ended March 31, 2009.

DOCOMO Earnings Release

Three Months Ended June 30, 2009

Earnings Release for the Three Months Ended June 30, 2009

<< 1. Operating Results >>

1. Business Overview

As Japan s mobile phone market continued to mature in line with the rise in cellular penetration rate, the competition among operators has intensified in such areas as acquisition of subscribers and further improvement of service offerings.

Under these market conditions, we have moved ahead with our business transformation initiatives from a customer-centric perspective based on our new action plan, Change and Challenge . We aim to further grow our revenues by offering a wide array of services catered to the diverse needs of customers and thereby expanding the data communications market.

During the three months ended June 30, 2009, we strived to enrich our billing plans, for example, by lowering the minimum rate of our two-tier flat-rate service for unlimited i-mode packet access Pake-hodai double as part of our efforts aimed at enhancing customer satisfaction. We also unveiled our 2009 summer model handsets, which include Japan s first Android * phone, and started marketing 13 of these models before June 30, 2009. Meanwhile, we have worked to enrich our video content services by adding to our docomo-doga , our mobile video delivery service, video content portfolio a new TV broadcast service called Bee TV . This service provided by Avex Broadcasting & Communications Inc., our joint venture with Avex Entertainment Inc., offers TV programs that are accessible only from mobile phones.

As a result, for the three months ended June 30, 2009, we recorded operating revenues and operating income of \$1,084.8 billion (a decrease of \$85.5 billion from the same period of the prior year) and \$251.8 billion (a decrease of \$44.7 billion from the same period of the prior year), respectively. Income before income taxes was \$247.5 billion and net income attributable to NTT DoCoMo, Inc. was \$147.4 billion.

DOCOMO Earnings Release 2. Segment Information

(1) Mobile phone business

As of June 30, 2009, the total number of our cellular services subscriptions reached 54.86 million, posting an increase of 1.24 million compared to the number as of June 30, 2008, of which FOMA subscriptions accounted for 91.6% or 50.25 million. Our cellular churn rate for the three months ended June 30, 2009 improved significantly to 0.44% compared to 0.51% for the same period of the prior year, owing mainly to the positive impacts of Fami-wari MAX50 and other new discount services as well as the new handset purchase methods.

The number of subscribers to the new discount services including Fami-wari MAX50 introduced in August 2007 totaled approximately 34.30 million, while the subscription count of Value Plan launched in November 2007 was approximately 24.00 million as of June 30, 2009. As a consequence, aggregate average revenue per unit (ARPU) of cellular (FOMA+mova) services for the three months ended June 30, 2009 decreased to ¥5,440 (down 7.6% compared to the same period of the prior year).

With respect to equipment sales, the number of handsets sold during the three months ended June 30, 2009, declined by 0.60 million from the same period of the prior year to 4.34 million units. Equipment sales revenue decreased from the same period of the prior year resulting from a decrease in number of handsets sold to agent resellers.

As a result, operating revenues and operating income from mobile phone business for the three months ended June 30, 2009, were \$1,057.9 billion (down \$96.9 billion compared to the same period of the prior year) and \$255.2 billion (down \$45.8 billion compared to the same period of the prior year), respectively.

Number of subscriptions by services, trend of ARPU and other operation data are as follows: <Number of subscriptions by services>

	Thousand subscriptions					
			Increa	ase		
	June					
	30,					
	2008	June 30, 2009	(Decre	ase)		
Cellular services	53,629	54,864	1,235	2.3%		
Cellular (FOMA) services	45,200	50,246	5,046	11.2		
Including: i-channel services	15,823	16,607	784	5.0		
Including: i-concier services		1,558				
Including: flat-rate services for unlimited i-mode						
usage	13,395	19,578	6,183	46.2		
Cellular (mova) services	8,429	4,618	(3,811)	(45.2)		
i-mode services	48,061	48,597	536	1.1		
	. 10			<u> </u>		

Notes: 1. Number of subscriptions of Cellular services and Cellular (FOMA) services includes Communication Module services subscriptions.

- 2. Effective March 3, 2008, FOMA services subscription became mandatory for subscription to 2in1 * service. Such FOMA services subscriptions to 2in1 services are included in the above numbers of Cellular services subscriptions and Cellular (FOMA) services subscriptions.
- 3. Number of subscriptions to flat-rate services for unlimited i-mode usage = Pake-hodai subscriptions + Pake-hodai double subscriptions
- 4. Number of i-mode subscriptions = Cellular (FOMA) i-mode subscriptions + Cellular (mova) i-mode subscriptions

* 2in1 refers to an optional network service which enables a subscriber to subscribe to an additional phone number and an e-mail address for a single compatible handset

DOCOMO Earnings Release

(2) Miscellaneous businesses

Operating revenues from miscellaneous businesses for the three months ended June 30, 2009 were ¥26.9 billion, which represented 2.5% of the total operating revenues. The revenues derived mainly from home shopping services provided mainly through TV media, high-speed internet connection and video-clip casting services for hotel facilities, advertisement services, development, sales and maintenance of IT systems and credit services. Operating expenses and operating loss from miscellaneous businesses were ¥30.3 billion and ¥3.4 billion, respectively. <Results of operations>

3. Trend of Capital Expenditures

We continued to improve the quality of our FOMA service area and reinforced its network capacity to meet an increase in traffic demand, together with our efforts to make capital expenditure more efficient and less costly by saving on equipment purchase costs and improving our design and construction process. Total capital expenditures for the three months ended June 30, 2009 were ¥153.1 billion (down 6.5% compared to the same period of the prior year). <Breakdown of capital expenditures>

2. Cash Flow Conditions

For the three months ended June 30, 2009, net cash provided by operating activities was \$154.5 billion. Net income was \$148.0 billion, depreciation and amortization charges were \$169.0 billion, while there was net payment for income taxes of \$241.6 billion.

Net cash used in investing activities was ¥242.2 billion. Our expenditures for purchases of property, plant and equipment of ¥123.5 billion and purchases of intangible and other assets of ¥91.4 billion were included.

Net cash provided by financing activities was ¥24.3 billion. We spent ¥15.0 billion for repayment of outstanding long-term debt and ¥98.1 billion for payment of cash dividends while financing ¥137.9 billion through issuance of commercial papers.

The balance of cash and cash equivalents was ¥537.2 billion as of June 30, 2009.

DOCOMO Earnings Release

ease Three Months Ended June 30, 2009 <<3. Prospects for the Fiscal Year Ending March 31, 2010 >>

As Japan s mobile phone market continues to mature given the high penetration rate and environments surrounding the Japanese economy get severe, the competition among carriers is expected to intensify even further in the future, due to competition among operators in such area as customer acquisition and improvement of services as well as market entry by new competitors such as MVNOs.

Under these market conditions, although the promotion of loyalty marketing is expected to curb churns, operating revenues for the fiscal year ending March 31, 2010 are estimated to be \$4,382.0 billion, primarily because of the projected decline in ARPU resulting from the rate revisions made in the past. On the expense side, factors such as a projected reduction in network costs resulting from lower capital expenditures and on-going cost cutting efforts are expected to contribute to cost reductions, which are partially offset by the implementation of actions aimed for expanding future profitability and enhancing customer satisfaction. Accordingly, operating income is expected to be \$830.0 billion.

As we are currently not aware of any factors which may have a material impact on our projected results of operations, we have not revised our projection announced on April 28, 2009.

Explanation for forecasts of operation and other notes:

The mobile communications market in Japan is characterized by rapid changes in the market environment due to technical innovations, market entry by new competitors and other factors. To respond to such changes, our corporate group may introduce new billing plans or other measures that could potentially have a significant impact on our revenues and income. The timing of introduction of such measures will be decided after comprehensively taking into consideration our operational circumstances and the actions of our competitors, and therefore, is not necessarily decided beforehand. Such measures, depending on the timing of implementation, may significantly affect our results forecasts to be made at the time of our first-quarterly results announcement. Providing such prospects on a quarter-year basis, therefore, may not be adequate or useful as information to be disclosed to investors. Accordingly, we will provide prospects for the full year only, and report the progress vis-à-vis the projected full-year forecasts by disclosing actual results on a quarterly basis.

DOCOMO Earnings Release

Three Months Ended June 30, 2009

<<4. Others >>

- 1. Changes in significant subsidiaries for the three months ended June 30, 2009 (which resulted in changes in scope of consolidation): None
- 2. Application of accounting which is simplified or exceptional for quarterly consolidated financial statements : None
- 3. Changes in significant accounting policies, procedures and presentation in quarterly consolidated financial statements:

Business Combinations

Effective April 1, 2009, DOCOMO adopted Statement of Financial Accounting Standards (SFAS) No. 141 (revised 2007) Business Combinations (SFAS No. 141R). SFAS No. 141R requires an acquirer in a business combination to generally recognize and measure all the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at their fair values as of the acquisition date. SFAS No. 141R also requires the acquirer to recognize and measure as goodwill the excess of consideration transferred plus the fair value of any noncontrolling interest in the acquiree at the acquisition date over the fair value of the identifiable net assets acquired. The excess of the fair value of the identifiable net assets acquired over consideration transferred plus the fair value of any noncontrolling interest in the acquiree at the acquisition date is required to be recognized and measured as a gain from a bargain purchase. The adoption of SFAS No. 141R did not have a material impact on DOCOMO s results of operations and financial position.

Noncontrolling Interests in Consolidated Financial Statements

Effective April 1, 2009, DOCOMO adopted SFAS No. 160 Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No.51 . SFAS No. 160 requires noncontrolling interest held by parties other than the parent be clearly identified, labeled and presented in the consolidated statement of financial position within equity, but separate from the parent s equity. SFAS No. 160 also requires changes in parent s ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted for as equity transactions. Upon the adoption of SFAS No.160, Noncontrolling interests , which were previously referred to as Minority interests and classified between Total liabilities and Shareholders equity in the consolidated statements of income and comprehensive income now includes net income attributable to noncontrolling interests, which was previously referred to as Minority interests and deducted. As a result, the adoption of SFAS No. 160 changed the presentation and disclosure of noncontrolling interest in the consolidated financial statements retrospectively, but did not have a material impact on DOCOMO s results of operations and financial position.

Table of Contents

(APPENDIX 2)

Definition and Calculation Methods of ARPU and MOU

1. Definition of ARPU and MOU

i) ARPU (Average monthly Revenue Per Unit)¹:

Average monthly revenue per unit, or ARPU, is used to measure average monthly operating revenues attributable to designated services on a per subscription basis. ARPU is calculated by dividing various revenue items included in operating revenues from our wireless services, such as basic monthly charges, voice communication charges and packet communication charges, from designated services which are incurred consistently each month, by the number of active subscriptions to the relevant services. Accordingly, the calculation of ARPU excludes revenues that are not representative of monthly average usage such as activation fees. We believe that our ARPU figures provide useful information to analyze the average usage per subscription and the impacts of changes in our billing arrangements. The revenue items included in the numerators of our ARPU figures are based on our U.S. GAAP results of operations. This definition applies to all ARPU figures hereinafter.

ii) MOU (Minutes of Use): Average monthly communication time per subscription.

2. ARPU Calculation Methods

i) ARPU (FOMA+mova)

Aggregate ARPU (FOMA+mova) = Voice ARPU (FOMA+mova) + Packet ARPU (FOMA+mova)

Voice ARPU (FOMA+mova): Voice ARPU (FOMA+mova) Related Revenues (basic monthly charges, voice communication charges) / No. of active subscriptions (FOMA+mova)

Packet ARPU (FOMA+mova): {Packet ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) + i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges)}/ No. of active subscriptions (FOMA+mova)

i-mode ARPU (FOMA+mova)²: i-mode ARPU (FOMA+mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (FOMA+mova)

ARPU generated purely from i-mode (FOMA+mova)³: i-mode ARPU (FOMA+mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (i-mode (FOMA+mova))

ii) ARPU (FOMA)

Aggregate ARPU (FOMA) = Voice ARPU (FOMA) + Packet ARPU (FOMA)

Voice ARPU (FOMA): Voice ARPU (FOMA) Related Revenues (basic monthly charges, voice communication charges) / No. of active subscriptions (FOMA)

Packet ARPU (FOMA): Packet ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (FOMA)

i-mode ARPU (FOMA)²: i-mode ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (FOMA)

ARPU generated purely from i-mode (FOMA)³: i-mode ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (i-mode (FOMA))

iii) ARPU (mova)

Aggregate ARPU (mova) = Voice ARPU (mova) + i-mode ARPU (mova)

Voice ARPU (mova): Voice ARPU (mova) Related Revenues (basic monthly charges, voice communication charges) / No. of active subscriptions (mova)

i-mode ARPU (mova)²: i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (mova)

ARPU generated purely from i-mode (mova)³: i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions (i-mode (mova))

3. Active Subscriptions Calculation Methods

No. of active subscriptions used in ARPU/MOU/Churn Rate calculations is as follows:

No. of active subscriptions for each month:

(No. of subscriptions at the end of previous month + No. of subscriptions at the end of current month) / 2

No. of active subscriptions for full-year results/forecasts:

Sum of No. of active subscriptions for each month from April to March

1 Communication

module services subscriptions and the revenues thereof are not included in the ARPU and MOU calculations.

2 The

denominator used in calculating i-mode ARPU (FOMA+mova, FOMA, mova) is the aggregate number of subscriptions to each service (FOMA+mova, FOMA, mova, respectively), regardless of whether i-mode service is activated or not.

3 ARPU

generated purely from i-mode (FOMA+mova, FOMA, mova) is calculated using only the number of i-mode subscriptions as a denominator.

(APPENDIX 3)

Reconciliations of the Disclosed Non-GAAP Financial Measures to the Most Directly Comparable GAAP Financial Measures

1. EBITDA and EBITDA margin

	Billions of yen			
a. EBITDA	Three months ended June 30, 2008 ¥ 469.7		Three months ended June 30, 2009 426.4	
Depreciation and amortization Loss on sale or disposal of property, plant and equipment	(168.5) (4.7)		(169.0) (5.6)	
Operating income	296.5		251.8	
Other income (expense) Income taxes Equity in net income (losses) of affiliates Less: Net (income) loss attributable to noncontrolling interests	(8.1) (118.0) 3.1 (0.0)	1	(4.4) (100.2) 0.8 (0.7)	
b. Net income attributable to NTT DoCoMo, Inc.	173.5		147.4	
c. Operating revenues	1,170.2		1,084.8	
EBITDA margin (=a/c) Net income margin (=b/c)	40.19 14.89		39.3% 13.6%	

Note: EBITDA and

EBITDA margin, as we use them, are different from EBITDA as used in Item 10(e) of regulation S-K and may not be comparable to similarly titled measures used by other companies.

2. ROCE after tax effect

Edgar Filing: NTT DOCOMO INC - Form 6-K

	Three months ended June 30,			Three months ended	
		2008		June 30, 2009	
a. Operating income	¥	296.5	¥	251.8	
b. Operating income after tax effect $\{=a^{*}(1-effective tax rate)\}$		175.2		149.1	
c. Capital employed		4,779.4		5,075.8	
ROCE before tax effect (=a/c) ROCE after tax effect (=b/c)		6.2% 3.7%		5.0% 2.9%	

Notes: The effective tax rate for the three months ended June 30, 2008 and 2009 was 40.9% and 40.8%, respectively. Capital employed = Two period ends average of (NTT DoCoMo, Inc. shareholders equity + Interest bearing liabilities) Interest bearing liabilities = Current portion of long-term debt + Short-term borrowings +

Long-term debt

3. Free cash flows excluding changes in investments for cash management purposes

	Billions of yen			
	Three			
	n	nonths		Three months
	ended		ended	
		une 30, 2008		June 30, 2009
Free cash flows excluding changes in investments for cash management purposes	¥	(105.6)	¥	(90.8)
Lution	_	()	_	(*****)
Changes in investments for cash management purposes (*)		50.4		3.2

Edgar Filing: NTT DOCOMO INC - Form 6-K

Free cash flows	(55.2)	(87.6)
Net cash used in investing activities	(190.4)	(242.2)
Net cash provided by operating activities	135.3	154.5

Note: (*)Changes in investments for cash management purposes were derived from purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months.

Special Note Regarding Forward-Looking Statements

This Earnings Release contains forward-looking statements such as forecasts of results of operations, management strategies, objectives and plans, forecasts of operational data such as the expected number of subscriptions, and the expected dividend payments. All forward-looking statements that are not historical facts are based on management s current plans, expectations, assumptions and estimates based on the information currently available. Some of the projected numbers in this Earnings Release were derived using certain assumptions that are indispensable for making such projections in addition to historical facts. These forward-looking statements are subject to various known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those contained in or suggested by any forward-looking statement. Potential risks and uncertainties include, without limitation, the following:

- 1. Changes in the business environment in the telecommunications industry, such as intensifying competition from other service providers or other technologies caused by Mobile Number Portability, new market entrants and other factors, could limit our acquisition of new subscriptions and retention of existing subscriptions, or may lead to diminishing ARPU or an increase in our costs and expenses.
- 2. Current and new services, usage patterns, and sales schemes introduced by our corporate group may not develop as planned, which could affect our financial condition and limit our growth.
- 3. The introduction or change of various laws or regulations or the application of such laws and regulations to our corporate group could restrict our business operations, which may adversely affect our financial condition and results of operations.
- 4. Limitations in the amount of frequency spectrum or facilities made available to us could negatively affect our ability to maintain and improve our service quality and level of customer satisfaction.
- 5. The W-CDMA technology that we use for our 3G system and/or mobile multimedia services may not be introduced by other overseas operators, which could limit our ability to offer international services to our subscribers.
- 6. Our domestic and international investments, alliances and collaborations may not produce the returns or provide the opportunities we expect.
- 7. As electronic payment capability and many other new features are built into our cellular phones, and services of parties other than those belonging to our corporate group are provided through our cellular handsets, potential problems resulting from malfunctions, defects or loss of handsets, or imperfection of services provided by such other parties may arise, which could have an adverse effect on our financial condition and results of operations.
- 8. Social problems that could be caused by misuse or misunderstanding of our products and services may adversely affect our credibility or corporate image.
- 9. Inadequate handling of confidential business information including personal information by our corporate group, contractors and other factors, may adversely affect our credibility or corporate image.
- 10. Owners of intellectual property rights that are essential for our business execution may not grant us the right to license or otherwise use such intellectual property rights on acceptable terms or at all, which may limit our ability to offer certain technologies, products and/or services, and we may also be held liable for damage compensation if we infringe the intellectual property rights of others.
- 11. Earthquakes, power shortages, malfunctioning of equipment, software bugs, computer viruses, cyber attacks, hacking, unauthorized access and other problems could cause systems failures in the networks required for the provision of service, disrupting our ability to offer services to our subscribers and may adversely affect our credibility or corporate image.
- 12. Concerns about wireless telecommunication health risks may adversely affect our financial condition and results of operations.
- 13. Our parent company, NIPPON TELEGRAPH AND TELEPHONE CORPORATION (NTT), could exercise influence that may not be in the interests of our other shareholders.
