- (10) adding the following sentence after the third sentence of the first paragraph under the heading Illustrative Discounted Cash Flow Analysis on page 29 of the Schedule 14D-9:

In determining the range of multiples to use to estimate implied terminal values for the Company in year 2014, Leerink reviewed the range of EV/EBITDA multiples for the High Growth Companies for 2010E (8.3x to 19.0x, with a median of 13.6x) and the range of EV/EBITDA multiples for the Low Growth Companies for 2010E (6.4x to 18.3x, with a median of 8.2x), as described in the Selected Companies Analysis, bearing in mind that these multiples applied to estimated future results rather than trailing results. Based on these ranges and medians, Leerink's judgment that the Company is between a high growth and a low growth med tech company, and its judgment of an appropriate adjustment to reflect trailing results, Leerink selected the range of terminal multiples of 10.0x to 14.0x to apply to estimated 2014 EBITDA of the Company in estimating the range of terminal values for the Company in year 2014.

Item 8 (Additional Information Litigation) of the Schedule 14D-9 is hereby amended and supplemented by inserting the following paragraph after the last paragraph under the heading Litigation on page 33:

While the Company believes that both the *Stanley Manne v. Somanetics Corporation, et al.* action and the *Maryellen Farrelly v. Bruce Barrett, et al.* action (together, the Court Actions) are entirely without merit and that the Company has valid defenses to all claims, in an effort to minimize cost and expense of litigation arising in connection with the Court Actions, on July 21, 2010, the parties to the Court Actions reached an agreement in principle to settle all claims asserted therein. In connection with this agreement, the Company agreed to amend the Schedule 14D-9, previously filed with the SEC, to include certain supplemental disclosures in addition to certain other terms to be agreed upon by the parties. The settlement is subject to, among other things, confirmatory discovery, the execution of one or more stipulations of settlement and court approval. Subject to further definitive documentation and upon court approval, the defendants will be released by the plaintiffs and all members of the relevant class of Company shareholders from all claims arising out of the Offer, the Merger and the transactions contemplated by the Merger Agreement. The settlement, including the payment by the Company or any successor thereto of attorneys' fees, is also contingent upon, among other things, the Merger becoming effective under applicable law. In the event that the settlement is not approved and such conditions are not satisfied, the Company will continue to vigorously defend both the Court Actions.
