**Independent Auditor's Report**

The Board of Directors  
BioMed Realty Trust, Inc.:

We have audited the accompanying combined statement of revenue and certain expenses of the Chamberlin Portfolio (the Portfolio) for the year ended December 31, 2009. This combined statement is the responsibility of the management of BioMed Realty Trust, Inc. Our responsibility is to express an opinion on this combined statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenue and certain expenses was prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission, as described in note 1. The presentation is not intended to be a complete presentation of the Portfolio's combined revenues and expenses. In our opinion, the combined statement of revenue and certain expenses referred to above presents fairly, in all material respects, the combined revenue and certain expenses described in note 1 of the Chamberlin Portfolio for the year ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

EXPENSES**

**Nine Months Ended September 30, 2010 (unaudited) and Year Ended

**(Tabular amounts in thousands)**

**(1) Basis of Presentation**

The accompanying combined statements of revenue and certain expenses of the Chamberlin Portfolio are comprised of eight properties at the Science Center at Oyster Point and Gateway Business Park in South San Francisco, California (the Portfolio). The Portfolio represents approximately 489,000 total rentable square feet of office and laboratory space. The eight properties are 100% leased to 3 tenants.

The Portfolio is owned by Chamberlin Associates (Chamberlin) and certain of its affiliates. A wholly owned subsidiary of BioMed Realty Trust, Inc. plans to acquire the portfolio for approximately \$298 million plus closing costs. The purchase price includes a cash payment of \$290.3 million and the expected assumption of an estimated \$7.9 million interest rate swap liability (see Note 5). The purchase is expected to be consummated during the fourth quarter of 2010. The accompanying combined statements of revenue and certain expenses include the accounts of the Portfolio except as listed below, and all significant intercompany amounts have been eliminated.

The accompanying combined statements of revenue and certain expenses have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the U.S. Securities and Exchange Commission for the acquisition of one or more real estate properties which in aggregate are significant. The Portfolio is considered a group of related properties as the individual properties are under common control and management by the Seller and the acquisition of a single property in the Portfolio was conditional on the acquisition of the other properties. Therefore, a single combined statements of revenue and certain expenses is presented. The combined statement of revenue and certain expenses excludes the following expenses and, as a result, may not be reflective of the proposed future operations of the Portfolio:

Depreciation and amortization

Income taxes

Interest expense

Payroll and other costs not directly related to the proposed future operations of the Portfolio

Management is not aware of any material factors relating to the Portfolio other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

**(2) Summary of Significant Accounting Policies and Practices**

**(a) Revenue Recognition**

Rental revenue is recognized on a straight-line basis over the term of the respective leases. The straight-line rent adjustment for minimum rents decreased base contractual rental revenue by \$2.0 million and \$2.5 million, respectively, for the nine months ended September 30, 2010 and for the year ended December 31, 2009. Tenant reimbursements for real estate taxes, management fees (see Note 4) and common area maintenance costs are recognized in the period the expenses are incurred and billed to tenants pursuant to the corresponding lease agreements.

**(b) Use of Estimates**

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting periods to prepare the combined statements of revenue and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

**(c) Unaudited Interim Combined Statements**

The combined statements of revenue and certain expenses and associated footnote disclosures for the nine months ended September 30, 2010 are unaudited. In the opinion of management, the statement and disclosures reflect all

adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal recurring nature.

**(3) Minimum Future Lease Rentals**

Minimum rents to be received under non-cancelable lease agreements as of December 31, 2009, with terms ranging from one year to 14 years are as follows:

<b>Year</b>	
2010	\$ 26,628
2011	27,136

2013	16,303
2014	15,764
Thereafter	126,485
	\$ 239,354

**(4) Management fees**

Rental operations expense includes fees charged for property management services provided by Chamberlin to the properties in the amount of \$648,000 and \$656,000, respectively, for the nine months ended September 30, 2010 and for the year ended December 31, 2009.

**(5) Derivative instrument**

An interest rate swap liability with a fair-value of approximately \$7.9 million as of September 30, 2010 is expected to be assumed in conjunction with the acquisition of the portfolio. The related debt, previously hedged by this interest rate swap will not be assumed. Accordingly, the combined statements of revenue and certain expenses include a (loss)/gain on derivative instrument related to changes in the fair-value of the interest rate swap for the periods presented.

**(6) Concentration of Credit Risk**

For the year ended December 31, 2009, one tenant, Elan Pharmaceuticals, Inc. accounted for approximately 91.4% of rental revenues.

**(7a) Subsequent Events**

The Company has evaluated subsequent events related to the Portfolio for recognition or disclosure through September 21, 2010, which is the date the combined statements of revenue and certain expenses was available to be issued, and determined that there are no other items to disclose.

**(7b) Subsequent Events (unaudited)**

The Company completed the acquisition of the Portfolio on October 26, 2010, which was funded by borrowings on the Company's unsecured line of credit. The interest rate swap was not assumed in connection with the close of the acquisition. For purposes of the unaudited interim nine month period ended September 30, 2010, the Company has evaluated subsequent events related to the Portfolio for recognition or disclosure through November 15, 2010, which is the date the combined statement of revenue and certain expenses was available to be issued, and determined that there were no other items to disclose.

***Presentation***

The accompanying unaudited pro forma consolidated balance sheet of the BioMed Realty, L.P., a Maryland limited partnership (the Operating Partnership ) reflects adjustments for completed acquisitions as if they occurred on September 30, 2010:

The acquisition of a nine-building business park located between Roselle Street and Flintkote Avenue in Sorrento Valley for approximately \$29.4 million, including the assumption of a mortgage note of approximately \$13.3 million, which occurred on October 15, 2010;

The acquisition of 11404 and 11408 Sorrento Valley Road for approximately \$9.9 million, which occurred on October 18, 2010; and
