We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) to most of our stockholders instead of a paper copy of this proxy statement and our 2010 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting (in person or virtually via the Internet), please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person or virtually via the Internet. Proxies are being solicited on behalf of the board of directors.

This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 7, 2011.

GENERAL INFORMATION ABOUT THE MEETING

Quorum and Voting Requirements

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 20, 2010 (the Record Date) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 573,629,041 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class III directors recommended by the board of directors, an advisory vote on executive compensation, an advisory vote on the frequency of holding an advisory vote on executive compensation, reapproval of the performance-based compensation measures to be used under the TD Ameritrade Holding Corporation Long-Term Incentive Plan and the Management Incentive Plan, as required by Section 162(m) of the Internal Revenue Code and ratification of the appointment of the Company's independent registered public accounting firm. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted for a 1 YEAR frequency for holding an advisory vote on executive compensation and FOR all of the other proposals set forth in this Proxy Statement for consideration at the Annual Meeting. The directors expect that shares of the common stock held by executive officers and directors of the Company will be voted for a 1 YEAR frequency for holding an advisory vote on executive compensation and FOR all of the other proposals set forth in this Proxy Statement. Such shares represent approximately 12% of the common stock outstanding as of the Record Date. At this time, we are unaware of any matters, other than described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company's common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting (in person or via the Internet) may revoke their proxies and vote in person. Stockholders attending the Annual Meeting via the Internet should follow the instructions at www.virtualshareholdermeeting.com/amtd in order to vote at the

meeting.

A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions

are cast or shares that are broker non-votes, will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole routine matter the ratification of the appointment of the Company's independent registered public accounting firm. Your broker will not have discretion to vote on the following non-routine matters absent direction from you: the election of directors recommended by the board of directors, an advisory vote on executive compensation, an advisory vote on the frequency of holding an advisory vote on executive compensation and reapproval of the performance-based compensation measures to be used under the Company's Long-Term Incentive Plan and the Management Incentive Plan, as required by Section 162(m) of the Internal Revenue Code.

PROPOSAL NO. 1

ELECTION OF DIRECTORS RECOMMENDED BY THE BOARD OF DIRECTORS

Board of Directors

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's founder, certain members of his family and trusts established for their benefit (collectively, the Ricketts holders) owned approximately 15% of our common stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 46% of our common stock as of the Record Date. References to TD or TD Bank Financial Group in this proxy statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's acquisition of TD Waterhouse Group, Inc. (TD Waterhouse), the Ricketts holders, TD and the Company entered into a stockholders agreement, as amended (the Stockholders Agreement), effective June 22, 2005. Under the Stockholders Agreement, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, up to three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and three of whom are outside independent directors who are nominated by the Outside Independent Directors (OID) Committee and then approved by TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of Company common stock, as set forth in the Stockholders Agreement. See discussion under Stockholders Agreement for additional information regarding the terms of the Stockholders Agreement. As of the Record Date, based on their respective ownership positions in the Company, TD may designate five members of the board of directors and the Ricketts holders may designate two members. Because TD and the Ricketts holders collectively own more than 50% of the voting power of the outstanding common stock of the Company, the Company qualifies as a controlled company for purposes of Nasdaq Rule 5615(c) and therefore is exempt from specified director

independence requirements of The Nasdaq Stock Market.

The board of directors has nominated the following persons as directors to be voted upon at the 2011 Annual Meeting: J. Joe Ricketts, Dan W. Cook III, Joseph H. Moglia and Wilbur J. Prezzano, as Class III directors to serve

terms ending at the 2014 Annual Meeting. Mr. J. Joe Ricketts is a designee of the Ricketts holders. Mr. Cook is an outside independent director. Mr. Moglia serves as a director under a waiver to the Stockholders Agreement permitting him to serve in the place of an outside independent director so long as he serves as chairman of the board pursuant to his employment agreement. Mr. Prezzano is a designee of TD. W. Edmund Clark, Karen E. Maidment, Mark L. Mitchell and Fredric J. Tomczyk are Class I directors serving terms ending at the 2012 Annual Meeting. Marshall A. Cohen, William H. Hatanaka, J. Peter Ricketts and Allan R. Tessler are Class II directors serving terms ending at the 2013 Annual Meeting. The board of directors has determined that Ms. Maidment and Messrs. Cohen, Cook, Mitchell, Prezzano, and Tessler are independent as defined in Nasdaq Rule 5605.

The board of directors knows of no reason why any of Messrs. J. Joe Ricketts, Cook, Moglia and Prezzano might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. J. Joe Ricketts, Cook, Moglia and Prezzano is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. With the exception of the Stockholders Agreement and the employment agreement of Mr. Moglia, there are no arrangements or understandings between any of the persons nominated to be a Class III director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this non-routine proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the election of directors. Proxies submitted pursuant to this solicitation will be voted FOR the election of each of Messrs. J. Joe Ricketts, Cook, Moglia and Prezzano as Class III directors, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF J. JOE RICKETTS, DAN W. COOK III, JOSEPH H. MOGLIA AND WILBUR J. PREZZANO AS CLASS III DIRECTORS.

Board Meetings and Committees

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. The board of directors has a policy requiring the separation of the roles of chief executive officer and chairman of the board, because the board of directors believes it improves the ability of the board to exercise its oversight role. Currently, Mr. Tomczyk serves as the chief executive officer and Mr. Moglia serves as chairman of the board. The chairman oversees the overall strategic business management of the Company. The chairman also establishes the agenda for each board meeting with input from management, as necessary or desired, and from other directors, and coordinates activities of the board of directors with committee chairs. The separation of the roles of chief executive officer and chairman of the board does not affect risk oversight, which is the responsibility of the board of directors, primarily overseen by the Risk Committee. Our management team is responsible for managing risk, using risk management processes, policies and procedures to identify, measure and manage risks.

During the fiscal year ended September 30, 2010, the board of directors held seven meetings. During fiscal year 2010, each director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which they served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, directors are encouraged to attend. All 11 directors attended the 2010 Annual Meeting of Stockholders.

The board of directors has established six standing committees: Audit, H.R. and Compensation, Corporate Governance, Outside Independent Directors, Non-TD Directors and Risk.

Audit Committee. The functions performed by the Audit Committee are described in the Audit Committee charter and include (1) overseeing the Company's internal accounting and operational controls, including assessment of operational, legal and compliance matters, (2) selecting the Company's independent registered public accounting firm and Managing Director of Corporate Audit and assessing their performance on an ongoing basis, (3) reviewing the Company's financial statements and audit findings and overseeing the financial and regulatory reporting processes, (4) performing other oversight functions as requested by the board of directors and (5) reporting activities performed to the board of directors. The Audit Committee charter was adopted by unanimous written consent of the board of directors on September 5, 2002 and subsequently was adopted by the Audit Committee at the October 3, 2002 Audit Committee meeting. A revision to the charter was approved by the Audit Committee on July 26, 2010 and subsequently was approved by the board of directors on July 27, 2010. The charter is reviewed and reaffirmed by the

Audit Committee annually, with the most recent review and approval at the November 18, 2010 Audit Committee meeting. The Audit Committee charter is available on the Company's Web site at www.amtd.com under the governance section and is attached to this proxy statement as Appendix A. The Audit Committee is currently composed of Ms. Maidment and Messrs. Cohen, Prezzano and Tessler. Mr. Cohen serves as the Audit Committee's chairman. All current Audit Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. The board of directors has determined that each Audit Committee

member has sufficient knowledge in financial and auditing matters to serve on the committee and has designated Mr. Tessler as an audit committee financial expert as defined by the Securities and Exchange Commission (SEC). The Company s Audit Committee met 11 times during fiscal year 2010. The Report of the Audit Committee for the fiscal year ended September 30, 2010 appears under PROPOSAL NO. 6 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

H.R. and Compensation Committee. The H.R. and Compensation Committee, referred to in this proxy statement as the Compensation Committee, reviews and approves broad compensation philosophy and policy and executive salary levels, bonus payments and equity awards pursuant to the Company s management incentive plans and, in consultation with the Risk Committee, reviews compensation-related risks. The Compensation Committee also reviews the Compensation Discussion and Analysis, discusses it with management and makes a recommendation as to whether it should be included in each proxy statement. The Compensation Committee is currently composed of Messrs. Clark, Cook and Mitchell. Mr. Clark serves as the Compensation Committee s chairman. The Compensation Committee charter is available on the Company s Web site at www.amtd.com under the governance section. The Compensation Committee met five times during fiscal year 2010. The Compensation Committee Report appears under EXECUTIVE COMPENSATION AND RELATED INFORMATION.

Corporate Governance Committee. The primary purpose of the Corporate Governance Committee is to ensure that the Company has and follows appropriate governance standards. To carry out this purpose, the committee develops and recommends to the board of directors corporate governance principles and leads and oversees the annual self-evaluation of the board of directors and its committees. The Corporate Governance Committee is currently composed of Messrs. Clark, Cohen, Cook, J. Joe Ricketts and Tessler. Mr. Tessler serves as the Corporate Governance Committee s chairman. The Company s Corporate Governance Committee met four times during fiscal year 2010. The Corporate Governance Committee charter and the Corporate Governance Guidelines are available on the Company s Web site at www.amtd.com under the governance section.

Outside Independent Directors Committee. The OID Committee s purpose is to assist the board of directors in fulfilling the board s oversight responsibilities by (1) identifying individuals qualified to serve on the board of directors, (2) reviewing the qualifications of the members of the board and recommending nominees to fill board of director vacancies and (3) recommending a slate of nominees for election or reelection as directors by the Company s stockholders at the Annual Meeting to fill the seats of directors whose terms are expiring. The OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed by the Company. The OID Committee is also responsible for approving transfers of voting securities by TD and the Ricketts holders not otherwise permitted by the Stockholders Agreement, approving qualifying transactions (as defined in the Stockholders Agreement) and determining the fair market value (or selecting an independent investment banking firm to determine the fair market value) of certain property in connection with the stock purchase and transfer rights of TD and the Ricketts holders set forth in the Stockholders Agreement. The members of the OID Committee are Messrs. Cook, Mitchell and Tessler. Mr. Cook serves as the OID Committee s chairman. All current OID Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. In accordance with the Stockholders Agreement, the OID Committee will not include any director designated by TD or the Ricketts holders. The Company s OID Committee met five times during fiscal year 2010.

Written communications submitted by stockholders pursuant to the Company s Stockholder Communications Policy recommending the nomination of a person to be a member of the Company s board of directors will be forwarded to the chair of the OID Committee for consideration. The OID Committee will consider director candidates who have been identified by other directors or the Company s stockholders, but it has no obligation to recommend such candidates for nomination, except as may be required by contractual obligation of the Company. Stockholders who submit director recommendations must include the following: (1) a detailed resume outlining the candidate s knowledge, skills and experience, (2) a one-page summary of the candidate s attributes, including a statement as to

why the candidate is an excellent choice for the board of directors, (3) a detailed resume of the

stockholder submitting the director recommendation and (4) the number of shares held by the stockholder, including the dates such shares were acquired.

The OID Committee charter establishes the following guidelines for identifying and evaluating candidates for selection to the board of directors:

1. Decisions for recommending candidates for nomination are based on merit, qualifications, performance, character and integrity and the Company's business needs and will comply with the Company's anti-discrimination policies and federal, state and local laws.
2. The composition of the entire board of directors will be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board of directors; the need for financial, business, financial industry, public company and other experience and expertise on the board of directors and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.
3. Candidates will be free of conflicts of interest that would interfere with their ability to discharge their duties as a director.
4. Candidates will be willing and able to devote the time necessary to discharge their duties as a director and shall have the desire and purpose to represent and advance the interests of the Company and stockholders as a whole.
5. Any other criteria as the OID Committee may determine.

Notwithstanding any provision to the contrary in the OID Committee charter, when the Company is legally required by contractual obligation to provide third parties with the ability to nominate directors (including pursuant to the Stockholders Agreement discussed below under the heading "Stockholders Agreement") the selection and nomination of such directors is not subject to the committee's review and recommendation process. The OID Committee charter is available on the Company's Web site at www.amtd.com under the governance section.

Non-TD Directors Committee. The Non-TD Directors Committee is composed of all of the directors not designated by TD. The purpose of this committee is to make determinations relating to any acquisition by the Company of a competing business held by TD. The Non-TD Directors Committee is currently composed of Messrs. Cook, Mitchell, Moglia, J. Joe Ricketts, J. Peter Ricketts, Tessler and Tomczyk. The Non-TD Directors Committee did not meet during fiscal year 2010.

Risk Committee. The Risk Committee was formed in February 2010 for the purpose of assisting the board of directors in its oversight responsibilities relating to the identification, monitoring and assessment of the key risks of the Company. Ms. Maidment and Messrs. Hatanaka, Mitchell and J. Peter Ricketts currently serve as members of the Risk Committee. Mr. Mitchell serves as the Risk Committee's chairman. The Risk Committee met two times during fiscal year 2010.

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, the Ricketts holders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and various provisions relating to board of director composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters.

Governance of TD Ameritrade. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company and three of whom are outside independent directors. The outside independent directors are nominated by the OID Committee and subject to the

consent of TD and the Ricketts holders. The number of directors designated by TD and the Ricketts holders depends on their maintenance of specified ownership thresholds of common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five in the case of TD or three in the case of the Ricketts holders.

In order to accommodate both the election of Joseph H. Moglia as chairman of the board of directors and Fredric J. Tomczyk as chief executive officer, effective October 1, 2008, given the limitation of twelve members of the board of directors and other rights provided under the Stockholders Agreement, TD waived its right to designate one of its directors so long as Mr. Moglia serves as chairman of the board. On August 3, 2009, the Company entered into Amendment No. 2 and Waiver to the Stockholders Agreement (Amendment No. 2). Under Amendment No. 2: (a) the Company consented to the termination of the waiver by TD of its right to designate one of its five TD directors; (b) certain provisions of the Stockholders Agreement and the certificate of incorporation were waived to the extent necessary to permit Mr. Moglia, instead of an outside independent director, to fill the board of directors

vacancy created by the resignation of one of the directors designated by the Ricketts holders as a result of the reduction in ownership of Company common stock by the Ricketts holders, and (c) in the event the Ricketts holders are entitled to fill a third seat on the board of directors during any time that Mr. Moglia serves as chairman of the board pursuant to his employment agreement, TD agrees to waive its right to designate one of its five directors to accommodate the continued service of Mr. Moglia as a director, and TD will cause one of its five designated directors to resign to permit a director designated by the Ricketts holders to join the board of directors. This waiver by TD of its right to designate one of its five directors would continue only so long as Mr. Moglia serves as chairman of the board pursuant to his employment agreement. Upon Mr. Moglia ceasing to be chairman of the board, the TD waiver would expire and TD would have the right to designate the full number of TD directors provided for in the Stockholders Agreement.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, one of the directors designated by the Ricketts holders and two of the outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders maintenance of specified ownership thresholds. The parties to the Stockholders Agreement each agreed to vote their shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. TD is permitted to exercise voting rights only with respect to 45% of the outstanding shares of common stock of the Company for the remaining term of the Stockholders Agreement. Under the Stockholders Agreement, if our stock repurchases cause TD's ownership percentage to increase above 45%, TD is only permitted to own up to 48% of our outstanding common stock and TD has until January 24, 2014 to reduce its ownership to 45%. The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD. Under the Stockholders Agreement, the Ricketts holders may acquire additional shares of common stock only up to an aggregate ownership interest of 29% of the outstanding common stock.

Right to Purchase Securities. TD and the Ricketts holders have the right to purchase up to their respective proportionate share of future issuances of common stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of common stock, absent approval of the OID Committee, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide any non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that neither TD nor J. Joe Ricketts (so long as he is a director of the Company) or their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years.

Mr. Ricketts, TD and their affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) incidentally in connection with the acquisition of an entity not more than 75% of whose revenues are generated by commercial banks or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of common stock falls below approximately 4% and (2) in its entirety, upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) January 24, 2016, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of common stock, unless the board of directors recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of directors of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other than the Ricketts holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

We have organized this report as follows:

1. First, we provide information regarding our Compensation Committee and its role in setting executive compensation.

2. Next, we discuss the guiding principles underlying senior executive compensation policies and decisions.
3. We describe the risk assessment of our compensation programs.
4. We discuss the elements of compensation, how we determined the amount of each element and how each element fits into the Company's compensation objectives.
5. We describe stock ownership guidelines.
6. We discuss severance and change in control provisions.
7. We discuss certain tax treatment of senior executive compensation.
8. We conclude by describing compensation-related actions since the end of fiscal year 2010.

1. The H.R. and Compensation Committee

The Compensation Committee establishes and administers the Company's executive compensation programs and, in consultation with the Risk Committee, reviews compensation-related risks. The board of directors evaluates the performance of the chief executive officer and reviews the Compensation Committee's compensation recommendation in light of pre-established goals and objectives. The Compensation Committee then formally approves the chief executive officer's compensation. The chief executive officer and the Compensation Committee together assess the performance of the other named executive officers and determine their compensation based on initial recommendations from the chief executive officer. Beginning in October 2005, the Compensation Committee retained Mercer Human Resources Consulting to advise the Compensation Committee on executive compensation practices and market compensation levels. Annually, Mercer provides the Compensation Committee with independent validation of the market data provided by management. In addition, Mercer provides management with guidance on industry trends and best practices. Management also engages Mercer to provide consulting services to the Company on its health and welfare plans. In fiscal year 2010, Mercer and its affiliates earned approximately \$8,000 in fees for executive compensation market analysis and approximately \$407,000 in fees for other services, including consulting services on the Company's health and welfare plans and compensation market survey software. These other services were not approved by the board of directors or the Compensation Committee because they relate to broad-based compensation and benefit plans.

The Compensation Committee is composed of three non-employee directors of the board. No member of the Compensation Committee during fiscal year 2010 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2010 qualified as a non-employee director under rule 16b-3 under the 1934 Act and as an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee has delegated to the chief executive officer the authority to increase the compensation of, and grant equity awards to, any employee whose compensation is less than the tenth highest paid employee participating in the management incentive plan, or MIP, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

In addition, the Compensation Committee approved a discretionary restricted stock unit, or RSU, award for Mr. Bradley in March 2010 with a value of \$500,000. This award was granted to recognize Mr. Bradley's performance and also to provide an additional retention incentive. He was the only named executive officer to receive an award of discretionary RSUs during fiscal year 2010.

2. Guiding Principles

The objective of the executive compensation plans is to attract, retain and motivate high-performing executives to create sustainable long-term value for stockholders. To achieve this objective, the Company and the Compensation Committee use the following guiding principles when evaluating executive compensation policies and decisions:

Alignment with the Company's Business Strategy

Executive compensation is linked with the achievement of specific strategic business objectives and the Company's overall performance.

Compensation plans are linked to key business drivers that support long-term stockholder value creation.

Alignment to Stockholders Interests

The interests of executives are aligned with those of long-term stockholders through policy and plan design.

Stock ownership guidelines are used to align the interests of executives with those of stockholders over the long term.

As an executive increases in seniority, an increasing percentage of total compensation is subject to vesting through the greater use of equity-based awards to aid in retention and to focus executives on sustainable long-term performance.

Risk Management

Compensation plan design should not create an incentive for excessive risk-taking and each plan is reviewed periodically to determine that it is operating as intended.

Pay for Performance

Clear relationships should exist between executive compensation and performance. Compensation should reward both corporate and individual performance.

Total compensation includes a meaningful variable component that is linked to key business objectives.

A substantial portion of variable compensation is awarded in the form of equity-based awards.

Equity awards are generally granted based on the achievement of annual performance goals and are subject to time-based vesting.

Incentive compensation is subject to risk of forfeiture in accordance with the clawback policy.

The Compensation Committee has the ability to exercise negative discretion to reduce compensation as appropriate.

Pay Competitively

Target total compensation should be based on the median of the competitive market and adjusted to reflect scope of responsibility, experience, potential and performance or other factors specific to the executive.

3. Risk Assessment

The Compensation Committee, together with the Risk Committee, assessed all of the Company's compensation plans and has concluded that our compensation plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Management assessed all of the Company's executive and broad-based compensation plans to determine if any provisions or practices create undesired or unintentional risk of a material nature. This risk assessment process included a review of plan design, including business drivers and performance measures. Incentive compensation plan design varies across business units based on differing goals established for business units. Incentive compensation targets are reviewed annually and adjusted as necessary to align with CEO goals. The Company's compensation structure includes the following risk-mitigating factors: approval of executive compensation by a committee of independent directors, performance-based long-term incentive awards aligned with stockholder interests, stock ownership guidelines and a clawback policy (described below).

4. Elements of Compensation

Targeted Overall Compensation

The Company operates in the highly competitive financial services sector, with a leadership position in retail securities brokerage services. The overall compensation program is designed to align the interests of executives with those of our stockholders and be competitive with the compensation practices of financial services companies with characteristics similar to the Company (identified below).

In 2009, the Company revised its executive compensation comparator group to provide a broader market perspective focused on firms with key business segments similar to the Company. The comparator group consists of: E*TRADE Financial Corporation, The Charles Schwab Corporation, Ameriprise Financial, Inc., Blackrock, Inc., Franklin Resources, Inc., Legg Mason, Inc., MF Global Ltd., Northern Trust Corporation, optionsXpress Holdings Inc., Raymond James Financial Inc. and T. Rowe Price Group Inc. The criteria for determining the comparator

group were industry, products, operations, market capitalization, total revenue and client assets/assets under management.

Target total compensation consists of an executive's base salary and incentive compensation, which includes annual cash and equity compensation.

These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from human resources consulting firms, such as McLagan, Mercer and Towers Watson. The executive positions considered as part of the competitive market reflect responsibilities that are similar to the responsibilities of our executive officers, where available. Mercer, our outside independent compensation consultant, reviewed the market compensation information and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive officers.

A significant portion of each executive's total compensation is variable or at risk. The at risk portion of total compensation includes the annual cash incentive and the annual equity incentive, which are both linked to performance during the year. If the Company's or individual's performance is poor, at risk compensation may decrease. Conversely, if the Company's or individual's performance is strong, at risk compensation may increase.

The equity incentive compensation target is established so that a meaningful portion of total compensation is awarded as equity which vests after three years. The target mix between cash and equity is based on total compensation level, with the portion that is awarded as equity generally increasing as total compensation increases. This practice, combined with stock ownership guidelines, promotes retention and focuses executives on executing business strategies, sustaining performance and growing value for stockholders over the long-term.

Each named executive officer had a base salary and target annual incentive award for fiscal year 2010 as follows:

Name	Base Salary (\$)	Target Cash Incentive (\$)	Target Equity Incentive (\$)	Total Target Incentive (\$)	Targeted Overall Compensation (\$)
Fredric J. Tomczyk	500,000	1,500,000	3,500,000	5,000,000	5,500,000
William J. Gerber	350,000	475,000	475,000	950,000	1,300,000
John B. Bunch	400,000	800,000	800,000	1,600,000	2,000,000
David M. Kelley	400,000	800,000	800,000	1,600,000	2,000,000
J. Thomas Bradley, Jr. ⁽¹⁾	387,500	531,250	531,250	1,062,500	1,450,000

(1) Mr. Bradley's base salary and targeted incentive compensation is calculated using weighted averages of his base salary of \$350,000 and target incentive of \$950,000 for the first three months of fiscal year 2010 and base salary of \$400,000 and target incentive of \$1,100,000 for the last nine months of fiscal year 2010.

Consistent with the Company's overall principles, a large percentage of the total compensation package is paid only after an executive satisfies performance objectives. The Company has generally designed its compensation plans so that as target total compensation increases the percentage of performance-based compensation also increases, thereby establishing a progressively higher percentage of performance-based compensation. The percentage of each executive's targeted overall compensation that was subject to performance-based objectives for fiscal 2010 was:

Name	Performance- Based
Fredric J. Tomczyk	91%
William J. Gerber	73%
John B. Bunch	80%
David M. Kelley	80%
J. Thomas Bradley, Jr.	73%

Annual Incentive Award

The board of directors and the Compensation Committee believe that the Company's annual diluted earnings per share, or EPS, is an important measure of the Company's success. In fiscal year 2010, awards under the annual incentive plan for executive officers were initially based on the achievement of an EPS goal established by the Compensation Committee in order to align the short-term interests of executives with those of our stockholders. In addition, the following factors were considered in determining the actual annual incentive award of our executive officers:

Attainment of key quantitative and qualitative long-term goals, established by the CEO and approved by the Compensation Committee, which we refer to as the CEO goals and

Attainment of individual quantitative and qualitative performance goals.

The Compensation Committee reserved the right to reduce the payouts initially determined by the achievement of EPS by up to 20% based on the specific performance of the CEO goals and up to an additional 20% based on each executive's specific performance of individual goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

The design of our annual incentive plan supports our pay-for-performance philosophy and more closely aligns each executive to the long-term growth of the Company and the business strategy for which each executive is most responsible. Based on pre-established EPS and CEO goals, the Compensation Committee believes that the design provides for a balanced assessment of short and long-term performance.

A portion of the annual incentive award is granted in equity under the Long-Term Incentive Plan, or the LTIP. Equity is used to motivate, reward and retain key executives and to align their interests to those of stockholders. If the Company grants RSUs as a component of the annual incentive, the RSUs will fully vest on the third anniversary of the grant date, so long as the executive is then employed by the Company. This vesting schedule aligns the long-term interests of executives with those of our stockholders.

In February 2010, the Compensation Committee approved amendments to the MIP and the LTIP and also approved a new form of RSU agreement to permit the clawback of cash and equity awards granted pursuant to the MIP and LTIP if the Compensation Committee determines, within three years of the date of the award, that the conduct described below has occurred. Generally, under the terms of the clawback provisions, an executive who is involved in misconduct that results in a restatement of the Company's financial statements or who commits an act of fraud, negligence or breach of fiduciary duty can be required to forfeit and transfer to the Company, at no cost to the Company, any unvested RSUs and any shares of common stock issued in connection with vested RSUs and to repay to the Company any cash incentive awarded under the MIP or any gain realized from the disposition of any such shares of common stock awarded under the LTIP. The board of directors adopted the clawback policy to prevent executives from unjustly benefiting from certain wrongful conduct. In addition, the new form of RSU agreement includes a provision that increases the number of RSUs awarded to account for the effect of cash dividends paid by the Company.

The Compensation Committee believes that the clear performance measures and specific targets used by the Company ensure a strong, team-oriented, pay-for-performance philosophy. Our compensation plans are designed to permit the full incentive payments to executive officers to qualify as performance-based compensation under section 162(m) of the Code.

Fiscal Year 2010

For fiscal year 2010, the Compensation Committee established an EPS target for the annual incentive award of \$0.80, with the following range:

Fiscal Year 2010 EPS (\$)	Fiscal Year 2010 Annual Incentive Award Payout (% of Target)
1.80	200%
1.20	140%
1.00	120%
0.80	100%
0.60	80%
0.40	40%
0.20	0%

In fiscal year 2010, the Company achieved EPS of \$1.00. Accordingly, under the terms of the annual incentive program for fiscal year 2010, the Compensation Committee approved annual incentive awards equal to 120% of the target annual incentive, subject to the exercise of up to 20% negative discretion for the CEO goals, up to 20% negative discretion for individual performance goals and further negative discretion based on other qualitative factors determined by the Compensation Committee. The Compensation Committee did not utilize a formula for CEO goals or individual performance assessment, as it does with EPS, in determining the amount of negative discretion to apply. The CEO goals used in fiscal year 2010 to determine the appropriate amount, if any, of negative discretion to be used for each executive consisted of the following key corporate performance goals: market share, net new client assets, client experience, progress on strategic initiatives, associate engagement and delivering superior stockholder return. The Compensation Committee decided that significant strides were accomplished in 2010 on reaching the CEO goals and applied 5% negative discretion, reducing the maximum incentive award funding to 115% for all named executive officers. In addition, the Compensation Committee evaluated incentive funding in light of year-over-year EPS results and other qualitative factors regarding the Company's fiscal year 2010 performance and applied an additional 15% negative discretion, resulting in a maximum incentive funding of 100%. The Compensation Committee then used its judgment to measure the individual performance of each named executive officer in order to determine the amount of any additional negative discretion to employ. After all negative discretion was applied, actual incentive awards, as summarized in the table below, ranged from 90% to 100% of target for the named executive officers.

Management was rewarded in fiscal year 2010 for successfully executing on a business strategy, in the face of extremely difficult operating conditions, that resulted in record new client accounts and net new client assets. The 2010 annual incentive awards consisted of a cash component and an equity component. The amount of incentive compensation based on achieving individual performance goals was awarded solely in equity in order to increase the retention value of the compensation and to further align the interests of our executives to the long-term success of the Company. This had the effect of increasing the equity component of the annual incentive while decreasing the cash component, with no net effect on the overall award.

The following table sets forth the actual awards earned under the fiscal year 2010 annual incentive:

Cash	Equity	Total Annual Incentive
------	--------	------------------------

Name	Incentive (\$)	Incentive (\$)	(\$)	% of Target
Fredric J. Tomczyk	1,200,000	3,550,000	4,750,000	95.0%
William J. Gerber	380,000	475,000	855,000	90.0%
John B. Bunch	640,000	880,000	1,520,000	95.0%
David M. Kelley	640,000	880,000	1,520,000	95.0%
J. Thomas Bradley, Jr.	425,000	637,500	1,062,500	100.0%

The equity component of the 2010 annual incentive award for each named executive officer was made solely in the form of RSUs. As described above, the RSUs will vest in full on the third anniversary of the grant date.

Fiscal Year 2011

For fiscal year 2011, 70% of awards under the annual incentive plan will be based on the achievement of the EPS range shown below and 30% will be based on the achievement of two CEO goals: market share and net new client assets. The inclusion of these CEO goals in the calculation of incentive compensation increases the focus on key longer-term strategic goals and individual contribution to the achievement of these goals.

Fiscal Year 2011 EPS (\$)	Fiscal Year 2011 Annual Incentive Award Payout (% of Target)
1.35	200%
1.05	140%
0.95	120%
0.85	100%
0.75	80%
0.55	40%
0.35	0%

For each \$0.01 change in EPS for fiscal year 2011, the maximum payout is impacted by 2%. As shown above, EPS of \$0.85 would result in a 100% maximum payout. The Compensation Committee increased the effect on the payout percentage for each \$0.01 change in EPS in fiscal year 2011 to 2%, from a 1% effect on the payout percentage for each \$0.01 change in EPS in fiscal year 2010, in order to further emphasize pay for performance and increase alignment with stockholder interests.

The Company's achievement of EPS of \$0.85 in fiscal year 2011 would not guarantee that an executive officer will receive a 100% payout because EPS only represents 70% of the target incentive payout and 30% is based on the attainment of certain CEO goals. In addition, the Compensation Committee has reserved the right for fiscal 2011 to reduce the final payouts by up to 40% for other unanticipated factors and up to an additional 40% for failure to attain individual performance goals, thereby putting up to 80% of the annual incentive payout at risk. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

The individual performance goals for fiscal year 2011 consist of contributions to CEO goals, qualitative performance and relative performance to peer companies. In fiscal year 2011, incentive compensation for the CEO will be comprised of 30% cash and 70% equity. For other executive officers with total target annual compensation of at least \$1 million, incentive compensation will be comprised of equal amounts of cash and equity.

This strategic design supports our pay-for-performance philosophy and allows for each executive's contribution to the Company's achievement of key performance goals to be assessed individually and as a management team. The overall compensation design intentionally provides the opportunity for the exercise of judgment and discretion by the Compensation Committee in assessing management's performance in executing the Company's strategy in determining overall compensation.

5. Stock Ownership Guidelines

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines are as follows:

ten times base salary for Mr. Tomczyk and

five times base salary for Messrs. Gerber, Bunch, Kelley and Bradley.

None of these executive officers are permitted to sell any equity interest in the Company until the stock ownership requirements have been met, after which the chief executive officer must obtain approval from the

Compensation Committee and all other senior executives must obtain prior approval from the chief executive officer. Mr. Tomczyk has agreed to maintain stock ownership under these guidelines for two years after he ceases to be an employee or director of the Company following his retirement. The Company considers any stock held without restrictions, unvested restricted stock units, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in determining whether the stock ownership requirements have been met. All named executive officers have met the stock ownership guidelines.

The Company does not allow any of its employees to enter into hedging transactions involving its common stock.

6. Change in Control and Severance Provisions

Our senior executive team has been instrumental in successfully building the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are aligned with them, and providing change in control benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP continue to vest in accordance with their terms in the event of termination for any reason, other than for cause, within 24 months after a change in control. Our executive officers are not entitled to any other benefits upon a change in control. Rather, our employment arrangements with Messrs. Tomczyk and Bunch all require a termination of employment without cause or resignation with good reason in connection with or following a change in control. We utilize this dual-trigger change in control provision because we believe that triggering payments simply upon a change in control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation to preserve income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the four other most highly compensated executive officers.

The Company believes that the cash bonuses paid and stock-based awards granted to executive officers under the MIP are and will be fully deductible under section 162(m). In addition, the Company has adopted a general policy that all stock-based awards granted to its executive officers should generally only be made pursuant to plans that the Company believes satisfy the requirements of section 162(m). The Compensation Committee retains discretion and flexibility in developing appropriate compensation programs and establishing compensation levels and, in some instances, may approve compensation that is not fully deductible.

8. Actions Since End of Fiscal Year 2010

The design of the fiscal year 2011 annual incentive plan is discussed above. This section describes other executive compensation-related actions since the end of fiscal year 2010.

The table below summarizes RSUs granted to our named executive officers for service during fiscal year 2010. Because these grants were made in fiscal year 2011, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

Name	Fiscal 2010 Equity Incentive		Discretionary	
	\$	# of Units	\$	# of Units
Fredric J. Tomczyk	3,550,000	206,456		
William J. Gerber	475,000	29,172		
John B. Bunch	880,000	54,045		
David M. Kelley	880,000	54,045		
J. Thomas Bradley, Jr.	637,500	39,152	500,000	30,708

The number of RSUs granted for Mr. Tomczyk was determined by dividing the dollar amount earned by \$17.19, the average of the high and low price of the Company's common stock for the 20 trading days ended November 19, 2010. The number of RSUs granted for the other named executive officers was determined by dividing the dollar amount earned by \$16.28, the average of the high and low price of the Company's common stock for the 20 trading days ended October 18, 2010. These awards vest in full on the third anniversary of the grant date if the executive is then employed by the Company.

For fiscal 2011, Mr. Tomczyk's annual target incentive compensation increased from \$5 million to \$5.5 million. Mr. Kelley's annual target incentive compensation was increased from \$1.6 million to \$1.8 million and Mr. Bradley's from \$1.1 million to \$1.4 million following a review of the compensation paid to comparable executive officers in the Company's comparator group (identified above).

Compensation Committee Report

This report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the 1934 Act and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the 1934 Act.

The H.R. and Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis of this Proxy Statement with TD Ameritrade's management. Based on that review and those discussions, the H.R. and Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis section be included in this Proxy Statement and incorporated by reference into TD Ameritrade's Annual Report on Form 10-K for its 2010 fiscal year.

Potential Payments Upon Termination or Change-in-Control

Introduction and Overview

The Company has entered into employment agreements with Messrs. Tomczyk and Bunch. Messrs. Gerber, Kelley and Bradley do not have employment agreements. The employment agreements and certain compensation plans and award agreements require the Company to provide compensation and benefits to the executives in the event of a termination of employment, including in connection with a change in control of the Company. Payments are not triggered simply upon the occurrence of a change in control. Rather, our executives will only receive change in control benefits if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. Under the performance restricted stock unit, or PRSU, and RSU award agreements, the consequences of death, disability, retirement, termination without cause and change in control are:

Triggering Event	Consequence
Death	Award vests and settles as soon as practicable
Disability or retirement	Award continues to vest in accordance with its terms, whether or not the executive is employed on the settlement date
Termination without cause	Award is pro-rated through the date of termination and then vests in accordance with its terms
Change in control	Award continues to vest in accordance with its terms in the event of termination for any reason, other than cause, within 24 months after a change in control

Summary Table Potential Payments Upon Termination or Change-in-Control

The following table summarizes potential payments upon termination or change in control for the named executive officers as of September 30, 2010. Each of the named executive officers will only be entitled to receive change in control benefits if his employment is terminated without cause or he resigns with good reason in connection with or following a change in control. Cause and good reason are defined above in the summary of employment agreements for Messrs. Tomczyk and Bunch. Except as specifically indicated in the footnotes to the table below, we used the following assumptions in calculating the amounts included the table and discussion below:

As required by SEC rules, we assume the triggering event causing the payment occurred on September 30, 2010, the last business day of our last completed fiscal year, and the price per share of the common stock of the Company was \$16.15, the closing market price on that date.

We treat all amounts of base salary that were earned and accrued, including unused vacation, as of the date of the triggering event as paid immediately prior to the triggering event in accordance with the Company's customary payroll practice.

The value of health benefits is based upon the same assumptions we use for financial reporting purposes; specifically, the 94GR mortality table and the Company providing health care coverage to the applicable executive officer and his spouse until the death of each of them.

Director Compensation and Stock Ownership Guidelines

The following table summarizes non-employee director compensation for calendar year 2010 under the terms of the TD Ameritrade Holding Corporation 2006 Directors Incentive Plan:

Non-employee Director Compensation	Amount
Annual Cash Retainer	\$80,000
Annual Equity Grant	\$130,000 in RSUs
Committee Chair Retainer	\$10,000 (\$25,000 for Audit Committee chair)
Audit Committee Member Fee	\$10,000

For calendar year 2010, board of director and committee meeting attendance fees were eliminated and replaced with increases in the annual cash retainer and annual equity grant. Non-employee directors may also receive, at the discretion of the Corporate Governance Committee and approved by the board of directors, payment of additional non-employee director compensation when special circumstances warrant.

The 2006 Directors Incentive Plan is designed to:

- fairly compensate non-employee directors for work required of a company the size and complexity of TD Ameritrade and

- align directors' interests with the long-term interests of stockholders.

The annual cash retainer, the committee chair retainer and the Audit Committee member fee are paid in advance at the beginning of each calendar year. During calendar year 2009, payments for meeting fees were made in four installments following the end of each quarter of service.

Under the 2006 Directors Incentive Plan, any non-employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Cash awards that were deferred under the terms of the 1996 Directors Incentive Plan (the predecessor to the 2006 Directors Incentive Plan) earn interest at the prime rate as reported by The Wall Street Journal. Cash awards that are deferred under the terms of the 2006 Directors Incentive Plan earn interest based on terms and conditions established by the Compensation Committee.

The number of RSUs under the annual equity grant is calculated by using the average closing price of the Company's common stock for the 20 trading days prior to the grant date. The RSUs vest in one-third increments annually over three years from the date of grant. Vested RSUs are settled by issuing shares of Company common stock following

the third anniversary of the grant date. However, a director may elect to defer the receipt of stock under the terms of any applicable deferred compensation plan. If the director terminates service as a non-employee director prior to the third anniversary of the grant date, the RSUs, to the extent vested on the date of such termination of service, are settled as soon as reasonably practicable after such termination. In the event of a change in control of the Company, the RSUs vest as soon as practicable after the change in control. RSUs do not have any voting rights. Beginning with calendar year 2011 grants, RSU awards will vest completely on the first anniversary of the grant date. Vested RSUs and awards of RSUs (vested and unvested) for calendar years beginning in 2011 will receive the benefit of any dividends on common stock of the Company in the form of additional RSUs. Unvested RSUs granted for calendar years prior to 2011 are not entitled to receive the benefit of dividends. In the event of the death of a non-

employee director, the RSUs will vest and be settled in common stock of the Company. In the event of the disability of a non-employee director, the RSUs will continue to vest over the applicable vesting period whether or not the director continues to serve as a director of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also provides liability insurance for its directors and officers.

The Company and Mr. Moglia entered into an amendment to his employment agreement in connection with his election as chairman of the board of directors, dated as of September 29, 2008. Under the terms of Mr. Moglia's employment agreement, as amended, he is paid a base salary of \$1,000,000 per year. The agreement is scheduled to expire on May 31, 2011. For the complete terms of Mr. Moglia's employment agreement, we refer you to Exhibit 10.1 of the Company's Quarterly Report on Form 10-Q, filed on August 8, 2008 (employment agreement) and Exhibit 10.3 of the Company's Annual Report on Form 10-K, filed with the SEC on November 26, 2008 (amendment to employment agreement). Messrs. Moglia and Tomczyk are the only employee directors of the Company.

The table below provides information on compensation for directors who served during fiscal year 2010, except for Mr. Tomczyk. Compensation information for Mr. Tomczyk, who is a named executive officer, is disclosed in the Summary Compensation Table earlier in this section.

Under the Company's non-employee director stock ownership guidelines, non-employee directors receiving compensation are required to own shares of the Company's common stock with a value equal to \$420,000, or twice the annual retainer of \$210,000, not later than the fifth anniversary of becoming a director of the Company. Shares counted toward this calculation include common stock beneficially owned by the director, vested and unvested RSUs and vested options. All non-employee directors receiving compensation with more than five years of service with the Company have met this guideline.

Certain Relationships and Related Transactions

Review and Approval of Related Person Transactions. We review all relationships and transactions in which the Company and any person included in the table under the heading "Stock Ownership of Certain Beneficial Owners" our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members are participants to determine whether such persons have a direct or indirect material interest under the rules and regulations of the SEC. The Company's legal department is primarily responsible for the development and implementation of processes and controls to obtain information about related person transactions. In addition, under the OID Committee charter, the OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed. Any member of the OID Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote to approve (or ratify) the transaction.

Under an agreement between the Company and Joseph H. Moglia, chairman of the Company's board of directors, dated September 13, 2001, the Company agreed to lend Mr. Moglia the Medicare tax amounts due from time to time resulting from his vesting in benefits under his deferred compensation plan. Mr. Moglia is required to repay the loan, which does not bear interest, at the time of termination of his employment. The Company may offset the amount of the loan against the amount that would otherwise be payable to Mr. Moglia under the deferred compensation plan. The balance of the loan was approximately \$222,000 as of September 30, 2010.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company, as permitted by applicable law. Margin loans to these individuals were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Transactions with TD and TD Affiliates

As a result of the Company's acquisition of TD Waterhouse, TD became an affiliate of the Company. The Company transacts business and has extensive relationships with TD and certain of its affiliates. A description of significant agreements and transactions with TD and its affiliates is set forth below.

Registration Rights Agreement

The Company, the Ricketts holders and TD are a party to a registration rights agreement, pursuant to which the Ricketts holders and TD are granted rights to be included in registrations of Company common stock, as follows:

Demand Registrations

The Company has granted the Ricketts holders and TD, together, the right to demand registration of the shares of Company common stock held by them on nine separate occasions. Six of the nine demand rights, including two shelf registrations, are allocated to TD, and three of the nine demand rights, including one shelf registration, are allocated to the Ricketts holders.

Piggy Back Registrations

The Company has also agreed that if at any time the Company proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), the Company shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing. The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

Expenses

The Company has agreed to pay all registration expenses, including the legal fees of one counsel for the stockholders exercising registration rights under the registration rights agreement, but excluding underwriting discounts, selling commissions, stock transfer taxes and any other legal fees of such stockholders.

Trademark License Agreement

The Company and TD are a party to a trademark license agreement that requires the Company to use the TD trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

The TD Ameritrade Name

The Company is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials. The Company has further agreed to use the TD Ameritrade name and, in conjunction with it, the TD logo, in other countries unless the Company reasonably determines such use would not be consistent with or to the benefit of the

Company's business in a particular country.

The Company has a worldwide (except in Canada) license to use the name and trademark "TD" as part of the trademark, service mark, trade name, corporate name or domain name "TD Ameritrade" in connection with the Company's business of providing securities brokerage services to retail traders, individual investors and registered investment advisors. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity

providing securities brokerage services to retail traders, individual investors and registered investment advisors in the U.S., as so restricted by the Stockholders Agreement.

Ownership and Protection of the TD Ameritrade Name

TD and the Company jointly own the TD Ameritrade name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. The Company has further agreed to use commercially reasonable efforts to keep TD informed and to allow TD to provide reasonable input as to the registration, maintenance and prosecution strategy in connection with the TD Ameritrade trademark. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

Indemnification

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD Ameritrade name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

Term; Termination

The term of the trademark license agreement is 10 years from January 24, 2006, and is automatically renewable for additional periods of 10 years, unless earlier terminated. The Company and TD can each terminate the trademark license agreement upon any of the following events: if the other party becomes insolvent, makes an assignment for the benefit of creditors, a trustee or receiver is appointed for a material part of the other party's assets, or a proceeding in bankruptcy is not dismissed within 90 days; if the other party fails to cure a material breach within 60 days of the initial notice of material breach; if the other party is subject to a decree dissolving such other party which has been in effect for more than 30 days; if there is a change of control of the other party that results in such other party being controlled by a competitor; if TD beneficially owns voting securities representing 4.17% or less of the total voting power of the Company; if a third party bona fide tender or exchange offer for not less than 25% of the outstanding shares of common stock of the Company is consummated; if the Company's board of directors consummates a takeover proposal from a third party; or if the TD trademark or logo becomes materially damaged by the other party.

Effects of Termination

Upon termination of the trademark license agreement, the Company has agreed to stop all new uses of the TD mark within six months and discontinue all use of the TD mark within 12 months. Neither the Company nor TD shall be entitled to use the TD Ameritrade name after the trademark license agreement terminates, and all trademark applications and registrations for the TD Ameritrade trademark shall be expressly abandoned.

URL License Agreement

TD and the Company are also a party to a license agreement pursuant to which TD granted the Company an exclusive license to use the TDWaterhouse.com Internet domain name for redirection to the Company's home page as well as the rights to include links to international TDWaterhouse Internet domain names. In exchange for those rights, the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TDWaterhouse websites. The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Either party may terminate the agreement if

the trademark license is terminated or the other party materially breaches the agreement. The Company has the right to terminate the agreement for any reason upon 30 days prior written notice.

Insured Deposit Account Agreement

The Company is party to an IDA agreement with TD and two of its wholly-owned subsidiaries, TD Bank USA, N.A. (TD Bank USA) and TD Bank, N.A. Under the IDA agreement, TD Bank USA and TD Bank, N.A. (together, the Depository Institutions) make available to clients of the Company FDIC-insured money market deposit accounts as either designated sweep vehicles or as non-sweep deposit accounts. The Company provides marketing, recordkeeping and support services for the Depository Institutions with respect to the money market deposit accounts. In exchange for providing these services, the Depository Institutions pay the Company a fee based on the yield earned on the client IDA assets, less the actual interest paid to clients, a flat fee to the Depository Institutions of 25 basis points and the cost of FDIC insurance premiums.

The IDA agreement has a term of five years beginning July 1, 2008, and is automatically renewable for successive five-year terms, provided that it may be terminated by any party upon two years prior written notice. The agreement provides that the fee earned on the IDA agreement is calculated based on three primary components: (a) the actual yield earned on investments in place as of July 1, 2008, which were primarily fixed-income securities backed by Canadian government guarantees, (b) the yield on other fixed-rate investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such investments were added to the IDA portfolio and (c) floating-rate investments, based on the monthly average rate for 30-day LIBOR. The agreement provides that, from time to time, the Company may request amounts and maturity dates for the other fixed-rate investments (component (b) above) in the IDA portfolio, subject to the approval of the Depository Institutions. For the month of September 2010, the IDA portfolio was comprised of approximately 8% component (a) investments, 82% component (b) investments and 10% component (c) investments.

In the event the fee computation results in a negative amount, the Company must pay the Depository Institutions the negative amount. This effectively results in the Company guaranteeing the Depository Institutions revenue of 25 basis points on the IDA agreement, plus the reimbursement of FDIC insurance premiums. The fee computation under the IDA agreement is affected by many variables, including the type, duration, credit quality, principal balance and yield of the investment portfolio at the Depository Institutions, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative IDA fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated. Management believes the potential for the fee calculation to result in a negative amount is remote and the fair value of the guarantee is not material.

The Company earned fee income associated with the insured deposit account agreement of \$682.2 million for fiscal year 2010.

Mutual Fund Agreements

The Company and an affiliate of TD are parties to a sweep fund agreement, transfer agency agreement, shareholder services agreement and a dealer agreement pursuant to which certain mutual funds are made available as money market sweep or direct purchase options to Company clients. The Company performs certain distribution and marketing support services with respect to those funds. In consideration for offering the funds and performing the distribution and marketing support services, an affiliate of TD compensates the Company in accordance with the provisions of the sweep fund agreement. The Company also performs certain services for the applicable fund and earns fees for those services. The agreement may be terminated by any party upon one year s prior written notice and may be terminated by the Company upon 30 days prior written notice under certain circumstances. The Company earned fee income associated with these agreements of \$9.8 million for fiscal year 2010.

Securities Borrowing and Lending

In connection with its brokerage business, the Company engages in securities borrowing and lending with TD Securities, Inc. (TDSI), an affiliate of TD. The Company earned net interest revenue of \$1.5 million for fiscal year 2010 associated with securities borrowing and lending with TDSI. The transactions with TDSI are subject to the same collateral requirements as transactions with other counterparties.

Referral and Strategic Alliance Agreement

TD Ameritrade, Inc., a wholly-owned subsidiary of the Company, is a party to a referral and strategic alliance agreement with TD Bank, N.A. and TD Wealth Management Services, Inc. (TDWMS), a wholly-owned subsidiary of TD. The strategic alliance agreement has a term of five years beginning February 1, 2010 and is automatically renewable for successive three-year terms, provided that it may be terminated by any party after January 1, 2011 upon 180 days' prior written notice. Under the agreement, TD Bank, N.A. will promote TD Ameritrade, Inc.'s brokerage services to its clients using a variety of marketing and referral programs and TDWMS referred its existing brokerage account clients to TD Ameritrade, Inc. while TDWMS discontinued its brokerage operations. TD Bank, N.A. clients that open brokerage accounts at TD Ameritrade, Inc. and TDWMS clients that elected to transfer their accounts to TD Ameritrade, Inc. are considered program clients. TD Ameritrade, Inc. retains a fee for providing brokerage services to the program clients, and the program's net margin is shared equally between TD Ameritrade, Inc. and TD Bank, N.A. The Company earned pre-tax income associated with the referral and strategic alliance agreement of \$0.8 million for fiscal year 2010.

Cash Management Services Agreement

Pursuant to a cash management services agreement, TD Bank USA provides cash management services to clients of TD Ameritrade, Inc. In exchange for such services, the Company pays TD Bank USA service-based fees agreed upon by the parties. The Company incurred expense associated with the cash management services agreement of \$0.8 million for fiscal year 2010. The cash management services agreement will continue in effect for as long as the IDA agreement remains in effect, provided that it may be terminated by TD Ameritrade, Inc. without cause upon 60 days' prior written notice to TD Bank USA.

Indemnification Agreement for Phantom Stock Plan Liabilities

Pursuant to an indemnification agreement, the Company agreed to assume TD Waterhouse liabilities related to the payout of awards under The Toronto-Dominion Bank 2002 Phantom Stock Incentive Plan following the completion of the TD Waterhouse acquisition. Under this plan, participants were granted units of stock appreciation rights (SARs) based on TD's common stock that generally vest over four years. Upon exercise, the participant receives cash representing the appreciated value of the units between the grant date and the redemption date. In connection with the payout of awards under the 2002 Phantom Stock Incentive Plan, TD agreed to indemnify the Company for any liabilities incurred by the Company in excess of the provision for such liability included on the closing date balance sheet of TD Waterhouse. In addition, in the event that the liability incurred by the Company in connection with the 2002 Phantom Stock Incentive Plan is less than the provision for such liability included on the closing date balance sheet of TD Waterhouse, the Company agreed to pay the difference to TD. There were 23,930 SARs outstanding as of September 30, 2010, with an approximate value of \$1.1 million. The indemnification agreement effectively protects the Company against fluctuations in TD's common stock price with respect to the SARs, so there is no net effect on the Company's results of operations resulting from such fluctuations.

Canadian Call Center Services Agreement

Pursuant to the Canadian call center services agreement, TD receives and services client calls at its London, Ontario site for clients of TD Ameritrade, Inc. After May 1, 2013, either party may terminate this agreement without cause and without penalty by providing 24 months' prior written notice. In consideration of the performance by TD of the call center services, the Company pays TD, on a monthly basis, an amount approximately equal to TD's monthly cost. The Company incurred expenses associated with the Canadian call center services agreement of \$17.5 million for fiscal year 2010.

TD Waterhouse Canada Order Routing Agreement

TD Ameritrade Clearing, Inc. (TDAC), a wholly-owned subsidiary of the Company, is a party to an order routing agreement with TD Waterhouse Canada Inc. (TDW Canada), a wholly-owned subsidiary of TD. The agreement has a term of four years beginning May 20, 2010, provided that it may be terminated by either party upon 90 days prior written notice. Under the agreement, TDAC provides TDW Canada order routing services for

U.S. equity and option orders to U.S. brokers and market centers with which TDW Canada has order execution arrangements. TDAC retains a percentage of the net payment for order flow revenue it receives on TDW Canada trades and remits the remainder to TDW Canada. The Company earned net payment for order flow revenue associated with the order routing agreement of \$0.6 million for fiscal year 2010.

TD Waterhouse UK Servicing Agreement

TDAC is a party to a servicing agreement with TD Waterhouse Investor Services (Europe) Limited (TDW UK), a wholly-owned subsidiary of TD. The agreement has an initial term of ten years beginning July 16, 2010 and will automatically renew for consecutive two year terms, provided that either party may give written notice of its intent not to renew at least 180 days prior to the end of the initial term or any renewal term. Under the agreement, TDAC provides clearing services to clients of TDW UK that trade in U.S. equity securities. In exchange for such services, TDW UK pays TDAC a per trade commission. The Company earned commission revenues associated with the servicing agreement of \$0.1 million for fiscal year 2010.

Certificates of Deposit Brokerage Agreement

Effective as of September 24, 2008, TD Ameritrade, Inc. entered into a certificates of deposit brokerage agreement with TD Bank USA, under which TD Ameritrade, Inc. acts as agent for its clients in purchasing certificates of deposit from TD Bank USA. Under the agreement, TD Bank USA pays TD Ameritrade, Inc. a placement fee for each certificate of deposit issued in an amount agreed to by both parties. TD Ameritrade, Inc. has periodically promoted limited time offers to purchase a three-month TD Bank USA certificate of deposit with a premium yield to clients that made a deposit or transferred \$25,000 into their TD Ameritrade, Inc. brokerage account during a specified time period. Under these promotions, TD Ameritrade, Inc. reimburses TD Bank USA for the subsidized portion of the premium yield paid to its clients. The Company incurred net costs to TD Bank USA associated with these promotional offers of \$2.3 million for fiscal year 2010.

Trading Platform Hosting and Services Agreement

On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. (thinkorswim), the Company completed the sale of thinkorswim Canada, Inc. (thinkorswim Canada) to TDW Canada. In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading platform hosting and services agreement. The agreement has an initial term of five years beginning June 11, 2009, and will automatically renew for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Because this agreement represents contingent consideration to be paid for the sale of thinkorswim Canada, the Company recorded a \$10.7 million receivable for the fair value of this agreement. Under this agreement, TDW Canada uses the thinkorswim trading platform and TD Ameritrade, Inc. provides the services to support the platform. In consideration for the performance by TD Ameritrade, Inc. of all its obligations under this agreement, TDW Canada pays TD Ameritrade, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues. Fees earned under the agreement are recorded as a reduction of the contingent consideration receivable until the receivable is reduced to zero, and thereafter will be recorded as fee revenue. As of September 30, 2010, the receivable balance for this agreement was \$9.7 million.

Payment for Order Flow

TD Options LLC, a subsidiary of TD, paid the Company the amount of exchange-sponsored payment for order flow that it received for routing TD Ameritrade, Inc. client orders to the exchanges. The Company earned \$0.5 million of payment for order flow revenues from TD Options LLC for fiscal year 2010.

Other Transactions with TD Affiliates

TD Securities (USA) LLC, an indirect wholly-owned subsidiary of TD, was the joint lead manager and participated as an underwriter in the Company's offering of \$1.25 billion of Senior Notes in November 2009. In this capacity, TD Securities (USA) LLC earned a discount and commission of \$0.5 million.

TD Ameritrade, Inc. was reimbursed for \$0.2 million of expenses associated with call center support services provided to TD Bank USA during fiscal year 2010.

TD has agreed to reimburse the Company for costs incurred related to the rebranding of the TD Ameritrade corporate entity name and logo. The Company incurred \$0.4 million of expenses associated with rebranding during fiscal year 2010.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our stockholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the board of directors believe that our compensation design and practices are effective in implementing our guiding principles.

We are required to submit a proposal to stockholders for a (non-binding) advisory vote to approve the compensation of our named executive officers pursuant to Section 14A of the 1934 Act. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this proxy statement. Accordingly, the following resolution is submitted for stockholder vote at the 2011 Annual Meeting:

RESOLVED, that the stockholders of TD Ameritrade Holding Corporation approve, on an advisory basis, the compensation of its named executive officers as disclosed in the Proxy Statement for the 2011 Annual Meeting, including the Summary Compensation Table and the Compensation Discussion and Analysis set forth in such Proxy Statement and other related tables and disclosures.

As this is an advisory vote, the result will not be binding on the Company, the board of directors or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. Proxies submitted without direction pursuant to this solicitation will be voted FOR the approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the 1934 Act, the Company is required to submit to stockholders an advisory vote as to whether the stockholder advisory vote to approve the compensation of its named executive officers Proposal No. 2 above should occur every one, two or three years. You may cast your vote by choosing one year, two years or three years or you may abstain from voting when you vote for the resolution set forth below.

In formulating its recommendation, our board of directors considered that an annual (non-binding) advisory vote on executive compensation will allow our stockholders to provide us with direct and timely input on our compensation principles, policies and practices.

Accordingly, the following resolution is submitted for stockholder vote at the 2011 Annual Meeting:

RESOLVED, that the highest number of votes cast by the stockholders of TD Ameritrade Holding Corporation for the option set forth below shall be the preferred frequency with which the Company is to hold an advisory vote on the approval of the compensation of its named executive officers included in the proxy statement:

yearly or

every two years or

every three years.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. However, as this is an advisory vote, the result will not be binding on our board of directors or the Company. Our Compensation Committee will consider the outcome of the vote when determining how often the Company should submit to stockholders an advisory vote to approve the compensation of its named executive officers included in the Company's proxy statement. Proxies submitted without direction pursuant to this solicitation will be voted for the option of YEARLY .

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE OPTION OF YEARLY AS THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED AN ADVISORY VOTE ON THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS INCLUDED IN THE COMPANY'S PROXY STATEMENT.

PROPOSAL NO. 4

REAPPROVAL OF THE PERFORMANCE-BASED COMPENSATION MEASURES USED UNDER THE LONG-TERM INCENTIVE PLAN, AS REQUIRED BY SECTION 162(m) OF THE INTERNAL REVENUE CODE

At the Annual Meeting, the stockholders will be asked to reapprove the TD Ameritrade Holding Corporation Long-Term Incentive Plan. We refer to this plan as the LTIP in this proxy statement. Stockholder reapproval of the performance-based compensation measures under the LTIP is required every five years in order to qualify the LTIP under Section 162(m) of Internal Revenue Code, thereby allowing the Company to deduct for federal income tax purposes compensation paid under the LTIP. If stockholders do not reapprove the performance-based compensation measures, the Company will not be able to grant awards that are intended to be performance-based compensation under Section 162(m) of the Code. If that happens, we may not be entitled to a tax deduction for some or all of the equity incentive awards provided to our chief executive officer and our other most highly compensated executive officers.

The board of directors believes that the Company must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within the Company. The board of directors expects that the LTIP will continue to be an important factor in attracting, retaining and rewarding the high-caliber employees, consultants and directors essential to our success and in motivating these individuals to

strive to enhance our growth and profitability.

No amendments or changes to the LTIP are being requested by the Company at this time. Consequently, the reapproval of this proposal by the stockholders will not result in any increase in the number of shares of common stock available for issuance under the LTIP or result in any amendment to the LTIP.

Summary of the LTIP

The following summary of the principal features of the LTIP is qualified in its entirety by the specific language of the LTIP, a copy of which is attached to this Proxy Statement as Appendix B and which may also be accessed from the SEC's website at www.sec.gov. In addition, a copy of the LTIP may be obtained upon written request to the Company.

General. The purpose of the LTIP is to advance the interests of the Company by providing an incentive program that will enable the Company to attract and retain employees, consultants and directors upon whose judgment, interest and efforts the Company's success is dependent and to provide them with an equity interest in the success of the Company in order to motivate superior performance. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock awards, restricted stock units, performance shares and performance units.

Authorized Shares. A total of 42,104,174 shares of our common stock, subject to adjustment as described below, have been reserved for the granting of awards. These shares may be currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by the Company, any such shares that are reacquired or subject to such a terminated award will again become available for issuance. However, shares shall not again become available for issuance under the LTIP if they were (1) withheld or surrendered to satisfy tax withholding obligations of any award, (2) surrendered in payment of stock option exercise price or (3) subject to the grant of a stock appreciation right which were not issued upon settlement of the stock appreciation right.

Adjustments to Shares Subject to the LTIP. In the event of any merger, consolidation, reorganization, spin-off, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of common stock or other change in the corporate structure or capitalization affecting common stock, the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards and the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the board of directors or the Compensation Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to participants.

Administration. The LTIP will be administered by the Compensation Committee. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a compensation committee comprised solely of two or more outside directors within the meaning of Section 162(m). Subject to the provisions of the LTIP, the Compensation Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Compensation Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m), amend, cancel or renew any award, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. However, the LTIP forbids, without stockholder approval, the repricing of any outstanding option or stock appreciation right through either (1) the cancellation of outstanding options or stock appreciation rights and the grant in substitution therefore of any new award, or (2) the amendment of outstanding options or stock appreciation rights to reduce the exercise price thereof.

The Compensation Committee will interpret the LTIP and awards granted thereunder, and all determinations of the Compensation Committee will be final and binding on all persons having an interest in the LTIP or any award. In addition, the LTIP includes a provision for the forfeiture or repayment of amounts paid thereunder in connection with certain events (also known as a "clawback").

Eligibility. Awards may be granted to employees, consultants and directors of the Company or any present or future parent or subsidiary corporation of the Company and any other business, partnership, limited liability company or other entity in which the Company, or any parent or subsidiary corporation, holds a substantial ownership. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of the Company or any parent or subsidiary of the Company. As of December 20, 2010, the Company had

approximately 5,300 employees, including eight executive officers, approximately 1,000 consultants and 10 non-employee directors who would be eligible for awards.

Stock Options. Each option granted must be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the LTIP.

The exercise price of each option may not be less than the fair market value of a share of common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (a Ten Percent Stockholder) must have an exercise price equal to at least 110% of the fair market value of a share of common stock on the date of grant. Generally, the fair market value of the common stock is the closing market composite price per share on the date of grant as quoted on the Nasdaq Global Select Market. On December 20, 2010, the closing price of the Company's common stock on the Nasdaq Global Select Market was \$18.61 per share.

An option's exercise price may be paid in cash, by check, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option (a cashless exercise), to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price, or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Compensation Committee. The maximum term of any option is ten years, provided that an incentive stock option granted to a Ten Percent Stockholder must have a term not exceeding five years. The Compensation Committee will specify in each written option agreement, and solely in its discretion, the period of post-termination exercise applicable to each option.

Stock options are nontransferable by the optionee, other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. Each stock appreciation right must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the LTIP.

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of the Company common stock between the date of grant of the award and the date of its exercise. The Company may pay the appreciation either in cash or in shares of common stock. The Compensation Committee may grant stock appreciation rights in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on the terms established by the Compensation Committee. Stock appreciation rights are generally nontransferable by the participant other than by will or by the laws of descent and distribution, and are generally exercisable during the participant's lifetime only by the participant. The Company has not granted any stock appreciation rights pursuant to the LTIP.

Restricted Stock Awards. Each restricted stock award granted must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the LTIP. Restricted stock awards may be subject to vesting

conditions based on such service or performance criteria as the Compensation Committee specifies, and the shares acquired may not be transferred by the participant until vested. Unless otherwise provided by the Compensation Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same restrictions as the original award. The Company has not granted any restricted stock awards pursuant to the LTIP.

Restricted Stock Units. The Compensation Committee may grant restricted stock units which represent a right to receive shares of common stock at a future date determined in accordance with the participant's award agreement. No monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's service to the Company. The Compensation Committee may grant restricted stock unit awards subject to the attainment of performance goals similar to those described below in connection with performance shares and performance units, or may make the awards subject to vesting conditions similar to those applicable to restricted stock awards. The Company may pay the fair market value either in cash or in shares of common stock. Participants have no voting rights or rights to receive cash dividends with respect to restricted stock unit awards until shares of stock are issued in settlement of such awards. However, the Compensation Committee may grant restricted stock units that entitle a participant to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal to any cash dividends paid with respect to common stock.

Performance-Based Compensation. Performance units and performance shares may also be granted under the LTIP. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the Compensation Committee are achieved or the awards otherwise vest. As described below, the Compensation Committee will establish organizational or individual performance goals in its discretion within the parameters of the LTIP, which, depending on the extent to which they are met, will determine the degree of granting, vesting and/or payout value of performance units and performance shares. Performance units will have an initial dollar value established by the Compensation Committee on or before the grant date. Performance shares will have an initial value equal to the fair market value of common stock on the grant date. The LTIP provides specific measures from which the Compensation Committee may base performance goals. Specifically, performance goals to be used for awards shall be chosen from one or more of the following measures: revenue, gross margin, operating margin, operating income, pre-tax profit, pre-tax margin, earnings before interest, taxes, depreciation and amortization, net income, cash flow, operating expenses, the market price of the Company's common stock, earnings per share, earnings yield, earnings yield spread, gross and net client asset growth, gross and net account growth, total stockholder return, return on capital, return on assets, product quality, economic value added, number of customers, market share, return on investments, profit after taxes, client satisfaction, business divestitures and acquisitions, supplier awards from significant customers, new product development, working capital, individual objectives, time to market, return on net assets, and sales.

Prior to the beginning of any applicable performance period or such later date as permitted under Section 162(m), the Compensation Committee will establish one or more performance goals applicable to the award. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee. The degree of attainment of performance measures will, according to criteria established by the Compensation Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.

Following completion of the applicable performance period, the Compensation Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Compensation Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to the participant on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other participant. Performance award payments may be made in lump sum or in installments. If any payment is to be made on a deferred basis, the Compensation Committee may provide for the payment of dividend equivalents or interest during the deferral period.

No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period. The Company reserves the right to grant awards that do not qualify for the

Section 162(m) performance-based exception under Section 162(m).

Individual Award Limitations. The LTIP contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any one individual in any fiscal year (1) pursuant to options and/or stock appreciation rights is limited to 4,000,000 shares, (2) pursuant to restricted stock, restricted stock units or performance shares is limited to 2,000,000 shares, and (3) the maximum which could

be issued to any one individual in any fiscal year pursuant to the grant of performance units is \$6,000,000. In addition, an individual may be granted options or stock appreciation rights to purchase up to an additional 2,000,000 shares of stock in connection with his or her initial hiring with the Company.

The Compensation Committee may adjust the limitations on annual grants to individuals or in connection with an individual's initial hiring, as well as any performance conditions relating to shares and any other conditions of outstanding awards, in the event of any adjustment to common stock discussed above.

Effect of a Change in Control. The LTIP provides that in the event of a change in control of the Company after the date the stockholders approve the LTIP, the successor corporation will assume, substitute an equivalent award, or replace with a cash incentive program each outstanding award that is granted under the LTIP after the date the stockholders approve the LTIP. If there is no assumption, substitution or replacement with a cash incentive program of outstanding awards granted after the date the stockholders approve the LTIP, such awards will become fully vested and exercisable immediately prior to the change in control, and the Company will provide notice to the recipient that he or she has the right to exercise such outstanding awards for a period of 15 days from the date of the notice. The awards will terminate upon the expiration of the 15-day period.

Termination or Amendment. The LTIP will continue in effect until the first to occur of (1) its termination by the Compensation Committee or (2) the date on which all shares available for issuance have been issued and all restrictions on such shares have lapsed. However, no incentive stock option may be granted on or after January 19, 2016. The Compensation Committee may terminate or amend the LTIP at any time, provided that no amendment may be made without stockholder approval if (1) the Compensation Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the common stock of the Company is then listed or (2) the amendment purports to reprice stock options or stock appreciation rights. No termination or amendment may affect any outstanding award unless expressly provided by the Compensation Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law, regulation or rule.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the LTIP and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who do not dispose of their shares within two years following the date the option was granted or within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, the Company will not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the determination date (see discussion under *Nonstatutory Stock Options* below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under Nonstatutory Stock Options below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of

computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The determination date is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (1) the date on which the shares become transferable or (2) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the determination date (as defined above under *Nonstatutory Stock Options*). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Restricted Stock Unit Awards. There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such participant at the end of the applicable vesting period or, if later, the settlement date elected by the Compensation Committee or a participant. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Shares and Performance Unit Awards. A participant generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, participants normally will

recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of stock, the participant generally will be taxed in the same manner as described above (see discussion under Restricted Stock

Awards). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined above under Nonstatutory Stock Options), will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Historical Plan Benefits

Options Granted to Certain Individuals and Groups. The number of options or other awards (if any) that an individual may receive under the LTIP is in the discretion of the Compensation Committee and therefore cannot be determined in advance. The following table sets forth the total number of shares of the Company's common stock subject to options or other awards (if any) granted under the LTIP to the listed persons and groups during the fiscal year ended September 30, 2010 and the weighted average per share exercise price of the options.

Required Vote and Board of Directors Recommendation

The affirmative vote of the holders of a majority of the shares of Company common stock present in person or represented by proxy and voting on the matter is required to approve the LTIP. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this non-routine proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the proposal.

The board of directors believes that the LTIP is in the best interests of the Company and its stockholders for the reasons stated above. Proxies submitted without direction pursuant to this solicitation will be voted FOR the reapproval of the performance-based compensation measures used under the LTIP.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR REAPPROVAL OF THE PERFORMANCE-BASED COMPENSATION MEASURES USED UNDER THE LTIP.

PROPOSAL NO. 5

REAPPROVAL OF THE PERFORMANCE-BASED COMPENSATION MEASURES USED UNDER THE MANAGEMENT INCENTIVE PLAN, AS REQUIRED BY SECTION 162(m) OF THE INTERNAL REVENUE CODE

The board of directors of the Company originally adopted the TD Ameritrade Holding Corporation Management Incentive Plan effective as of November 15, 2006. We refer to this plan as the MIP in this proxy statement. At the Annual Meeting, the stockholders will be asked to reapprove the MIP for purposes of complying with certain requirements of the Internal Revenue Code. Stockholder reapproval of the performance-based compensation measures under the MIP is required every five years in order to qualify the MIP under Section 162(m) of the Code, thereby allowing the Company to deduct for federal income tax purposes compensation paid under the MIP. If stockholders do not reapprove the performance-based compensation measures under the MIP, it will not be available for the Company to continue to grant performance-based bonuses to its key employees and executive officers. If that happens, we may not be entitled to a tax deduction for some or all of the incentive cash compensation paid to our chief executive officer and our other most highly compensated executive officers.

Summary of the MIP

The following paragraphs provide a summary of the principal features of the MIP and its operation. The summary is qualified in its entirety by reference to the full text of the MIP, a copy of which is attached hereto as Appendix C and which may also be accessed from the SEC's website at www.sec.gov. In addition, a copy of the MIP may be obtained upon written request to the Company.

General. The purpose of the MIP is to increase stockholder value and the success of the Company by motivating key executives to perform to the best of their abilities and to achieve the Company's objectives. The MIP's goals are to be achieved by providing such executives with incentive awards only after the achievement of specified goals relating to the performance of the Company.

Administration. The MIP will be administered by the Compensation Committee. The Compensation Committee may delegate specific administrative tasks to Company employees or others to assist with day-to-day administration of the MIP. To the extent such a delegation of authority has been made, the term "Compensation Committee" in this Proposal No. 5 should be read as "Compensation Committee or its delegate." The Compensation Committee shall consist of two or more members of the board who are not employees of the Company and who otherwise qualify as outside directors under Code section 162(m). Subject to the terms of the MIP, the Compensation Committee has sole discretion to:

select the employees who will be eligible to receive awards;

determine the target award for each participant;

establish a period of time or performance period during which performance will be measured;

set the performance goals that must be achieved during the performance period before any actual awards are paid;

establish a payout formula to provide for an actual award greater or less than a participant's target award to reflect actual performance versus the predetermined performance goals; and

interpret the provisions of the MIP.

Participation and Eligibility. The Compensation Committee selects the employees of the Company who will be eligible to receive awards under the MIP for each performance period. The actual number of employees who will be eligible to receive an award during any particular performance period cannot be determined in advance because the Compensation Committee has discretion to select the participants.

Approximately 50 employees have been designated for participation in the MIP (as of the Company's most recent completed fiscal year). We currently expect that a similar number of employees will participate in future

years and performance periods, but the actual number of employees participating may be higher or lower as determined by the Compensation Committee.

Plan Operation. The duration of each performance period will be determined by the Compensation Committee in its discretion. The Compensation Committee currently expects that most performance periods under the MIP will last for one fiscal year but the Compensation Committee may establish shorter or longer performance periods in the future. However, no performance period may last longer than three fiscal years. Also, no participant may participate in more than three performance periods at any one time.

For each performance period, the Compensation Committee will designate the employees eligible to participate in that performance period and for each participant also will establish:

- a target award, expressed as a percentage of the participant's base salary or a specific dollar amount and
- the performance goal or goals that must be achieved before an award actually will be paid to the participant.

The performance goals will require the achievement of objectives for one or more of the following measures: revenue, gross margin, operating margin, operating income, pre-tax profit, pre-tax margin, earnings before interest, taxes, depreciation and amortization, net income, cash flow, operating expenses, the market price of the Company's common stock, earnings per share, earnings yield, earnings yield spread, gross and net client asset growth, gross and net account growth, total stockholder return, return on capital, return on assets, product quality, economic value added, number of customers, market share, return on investments, profit after taxes, client satisfaction, business divestitures and acquisitions, supplier awards from significant customers, new product development, working capital, individual objectives, time to market, return on net assets, and sales. Performance goals may differ from participant to participant, performance period to performance period and from award to award.

The Compensation Committee may choose to set target goals (from the above list): (a) in absolute terms, (b) in relative terms (including, but not limited, the passage of time and/or against other companies or financial metrics), (c) on a per share and/or per capita basis, (d) against the performance of the Company as a whole or against particular segments or products of the Company and/or (e) on a pre-tax or after-tax basis. The Compensation Committee also will determine whether any elements (for example, the effect of mergers or acquisitions) will be included in or excluded from the calculations (whether or not such determinations result in any performance goal being measured on a basis other than generally accepted accounting principles).

After the performance period ends, the Compensation Committee will certify the extent to which the pre-established performance goals actually were achieved or exceeded. The actual award that is payable to a participant increases or decreases based on the level of actual performance attained. However, the MIP limits actual awards to a maximum of \$20 million per person for any performance period, even if the pre-established formula otherwise indicates a larger award. Also, as indicated above, no participant may participate in more than three performance periods at any one time.

The Compensation Committee has discretion to reduce or eliminate the actual award of any participant. Also, unless determined otherwise by the Compensation Committee or otherwise required under existing contractual agreements, a participant will forfeit the bonus if a participant terminates employment before the bonus actually is paid. However, the Compensation Committee has discretion to pay out part or all of the award. In addition, the MIP includes a provision for the forfeiture or repayment of amounts paid thereunder in connection with certain events (also known as a clawback).

Actual awards can generally be paid in cash generally no later than ninety (90) days after the performance period ends. However, the Compensation Committee has discretion to pay any such award in the form of restricted shares, restricted stock units or stock options under any of the Company's stock plans. The Compensation Committee also has the discretion to defer payment of part or all of any bonuses and/or to apply a vesting schedule (which may be time-based or performance-based) to part or all of any bonuses. No time-based vesting schedule (that is, the period of time for which an employee must remain employed to actually receive the bonus) may be longer than four years.

Federal Income Tax Considerations

An actual award under the MIP generally will be compensation taxable as ordinary income (and subject to income tax withholding) when paid to the participant. The Company generally will be entitled to a corresponding deduction for federal income tax purposes, except as follows. Section 162(m) of the Code generally limits to \$1,000,000 the amount of compensation that may be deducted by the Company in any tax year with respect to the Company's chief executive officer or any of the three other most highly compensated executive officers (other than the Company's chief financial officer). However, if the Company pays compensation that is performance based under section 162(m), the Company still may receive a federal income tax deduction for the compensation even if it is more than \$1 million during a single year. The MIP is designed, and is intended to be administered, to allow the Company to pay incentive compensation that is performance based and therefore fully tax deductible on the Company's federal income tax return.

Amendment and Termination of the Plan

The Compensation Committee may amend or terminate the plan at any time and for any reason. However, no amendment or termination may impair the rights of a participant with respect to payments made prior to such amendment or termination unless the Compensation Committee has determined that such amendment or termination is in the best interests of all persons to whom awards have been granted.

Estimated Bonuses to be Paid to Certain Individuals and Groups

Awards under the MIP (if any) will be determined based on actual future performance during performance periods designated by the Compensation Committee. As a result, future actual awards cannot now be determined. The following table sets forth the target awards for the fiscal year 2011 performance period for the persons and groups shown below. For the fiscal year 2011 performance period, the Compensation Committee selected performance goals that relate to the achievement of targets based upon EPS, market share and net new assets. These potential bonus amounts (if any) for the fiscal year 2011 performance period are included in the table below and are subject to stockholder approval. The maximum award any individual participant can receive for any performance period is \$20 million. Our executive officers are eligible to receive awards under the MIP and, accordingly, our executive officers have an interest in this proposal.

Name of Individual or Group	Target Award
Fredric J. Tomczyk, President and Chief Executive Officer ⁽¹⁾	\$ 5,500,000
William J. Gerber, Executive Vice President, Chief Financial Officer ⁽²⁾	\$ 950,000
John B. Bunch, Executive Vice President, Retail Distribution ⁽²⁾	\$ 1,600,000
David M. Kelley, Executive Vice President, Chief Operating Officer ⁽²⁾	\$ 1,800,000
J. Thomas Bradley, Jr., Executive Vice President, Institutional Services ⁽²⁾	\$ 1,400,000
All executive officers, as a group ⁽³⁾	\$ 13,350,000
All employees who are not executive officers, as a group ⁽⁴⁾	\$ 12,825,000
All directors who are not executive officers, as a group ⁽⁵⁾	

(1) Mr. Tomczyk's target award consists of \$1,650,000 in cash and \$3,850,000 in restricted stock units.

(2)

The target awards for each of Messrs. Gerber, Bunch, Kelley and Bradley consist of an equal amount of cash and restricted stock units.

- (3) The aggregate target award for the executive officers, as a group, consists of \$5,585,000 in cash and \$7,765,000 in restricted stock units.
- (4) The aggregate target award for all employees who are not executive officers, as a group, consists of \$8,332,500 in cash and \$4,492,500 in restricted stock units.
- (5) This group is not eligible to participate in the MIP.

There can be no assurance that the target awards shown above actually will be paid. The actual award paid (if any) may be higher or lower depending on actual performance compared to the targeted performance goals. In no

event will any participant's actual award for the fiscal year 2011 performance period under the MIP exceed the maximum award specified by the MIP. In addition, the Compensation Committee has discretion to decrease (but not increase) the award otherwise indicated under the pre-established measures.

Required Vote and Board of Directors Recommendation

The affirmative vote of the holders of a majority of the shares of Company common stock present in person or represented by proxy and voting on the matter is required to approve the MIP. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this non-routine proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

The board of directors believes that the MIP is in the best interests of the Company and its stockholders for the reasons stated above. Proxies submitted without direction pursuant to this solicitation will be voted FOR the reapproval of the performance-based compensation measures used under the MIP.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR REAPPROVAL OF THE PERFORMANCE-BASED COMPENSATION MEASURES USED UNDER THE MANAGEMENT INCENTIVE PLAN.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm.

On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the committee approves the engagement of the independent registered public accounting firm. No services are undertaken which are not pre-approved. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. All of the services provided by our independent auditor in 2010 and 2009, including services related to audit, audit-related fees, tax fees and all other fees described above, were approved by the Audit Committee under its pre-approval policies.

TD AMERITRADE HOLDING CORPORATION
Audit Committee Charter
November 18, 2010

Introduction

Primary responsibility for TD Ameritrade Holding Corporation (the Corporation) accounting and financial reporting lies with senior management, with oversight by the Board of Directors. To help the Board of Directors carry out this oversight responsibility, an Audit Committee (the Committee) has been established.

The Committee will be comprised entirely of independent directors as defined under applicable statutes, rules and regulations. The members of the Committee shall be appointed by the Board and shall serve until their successors are duly appointed. The size of the Committee shall be determined by the Board subject to a minimum requirement of three directors. A Chair will be appointed by the Board. The Committee may from time to time delegate to its Chair certain powers or responsibilities that the Committee itself may have hereunder. Members of the Committee must have broker/dealer or financial or management expertise, and at least one must be a financial expert as defined under applicable statutes, rules and regulations. A financial expert will be formally designated by the Board. Committee members will periodically be provided with educational materials or other opportunities for development to enhance their familiarity with financial, accounting and other areas relevant to their responsibilities.

The Committee has oversight responsibility of the Corporation's Audit Department and, in such capacity, the Chairman of the Committee will maintain direct access and communications with the Managing Director - Corporate Audit.

The Committee is authorized to engage independent legal counsel and other advisors as the Committee determines necessary to carry out its responsibilities. The Committee will ensure the RPA complies with Independence Standard No. 1 and provides to the Committee the disclosures and letter required by such standard. The Committee will take appropriate actions to ensure that the RPA has not been engaged to perform any non-audit services that are prohibited under applicable statutes,

rules and regulations. The Committee may delegate to one or more of its members the authority to grant the pre-approval of services, so long as any such approvals are presented to the Committee at its next meeting.

I. The Committee will meet privately with the RPA, no less than annually, to request its opinion of various matters, including the quality of financial and accounting personnel and the internal audit staff.

J. The Committee will meet privately with the RPA, no less than annually, to determine what the RPA's greatest concerns are and if any matters should be discussed with the Committee that have not been raised or covered elsewhere.

An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the shares of Stock underlying such Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised. In addition, the exercise of an Option will result in the surrender of the corresponding rights under a tandem Stock Appreciation Right, if any.

(b) Termination of Service Provider Relationship. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, and except to the extent terminated earlier pursuant to the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Committee, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(c) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination as a result of Disability. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(d) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Committee. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal

representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Committee, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

6.7. Reload Provision. In the event the Participant exercises an Option that was granted on or prior to the 2006 Restatement Date and pays all or a portion of the Option Price in Stock, such Participant (either pursuant to the terms of the Option Award, or pursuant to the exercise of Committee discretion at the time the Option is exercised) may be issued a new Option to purchase additional shares of Stock equal to the number of shares of Stock surrendered to the Company in such payment. Such new Option shall have an exercise price equal to the Fair Market Value per share on the date such new Option is granted, shall first be exercisable six months from the date of grant of the new Option and shall expire on the same date as the expiration date of the original Option so exercised by payment of the Option Price in shares of Stock. Options granted after the 2006 Restatement Date will not be subject to this reload provision in this Section 6.7.

7. Stock Appreciation Rights.

7.1. Types of SARs Authorized. SARs may be granted in tandem with all or any portion of a related Option or may be granted independently of any Option.

7.2. Exercise Price and Other Terms. The Administrator, subject to the provisions of the plan, will have complete discretion to determine the terms and conditions of each SAR granted under the Plan; provided, however, that (a) the exercise price per share subject to a tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to an independently granted SAR shall not be less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR.

7.3. Exercise. If a SAR is not in tandem with an Option, then the SAR shall be exercisable in accordance with the terms established by the Administrator at the time of grant and set forth in the Award Agreement. If a SAR is granted in tandem with an Option, then the SAR shall be exercisable at the time the tandem Option is exercisable. The exercise of a tandem SAR will result in the surrender of the corresponding rights under the related Option.

7.4. Settlement of Award. Upon the exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times (b) the number of shares of Stock with respect to which the SAR is exercised. At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in shares of Stock of equivalent value, or in some combination thereof.

7.5. Terms and Expiration of SARs. The Administrator, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of a SAR as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, ownership of Stock by the Participant, and such other factors as the Administrator determines to be appropriate. Each SAR grant under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the requirements of Section 6.6 also will apply to SARs.

8. Restricted Stock.

8.1. Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock to Service Providers in such amounts as the Committee, in its sole discretion, will determine.

8.2. Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Committee, in its sole discretion, will determine. Unless the Committee determines otherwise, Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

8.3. Other Restrictions. The Committee, in its sole discretion, may impose such other restrictions on Restricted Stock as it may deem advisable or appropriate, including granting such an Award of Restricted Stock subject to Performance Goals or to the requirements of Section 12.

8.4. Removal of Restrictions. Except as otherwise provided in the Plan or the applicable Award Agreement, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Committee, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

8.5. Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Committee determines otherwise and as set forth in the Award Agreement.

8.6. Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock may be entitled to Dividend Rights with respect to such Shares to the extent provided in the Award Agreement. If any such Dividend Rights are paid in shares of Stock, the shares of Stock will be subject to the same restrictions on transferability and forfeitability as the Restricted Stock with respect to which they were paid. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

8.7. Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Restricted Stock Units.

9.1. Grant of Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock Units to Service Providers in such amounts as the Committee, in its sole discretion, will determine.

9.2. Restricted Stock Unit Agreement. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares to be issued in settlement of the Award, and such other terms and conditions as the Committee, in its sole discretion, will determine.

9.3. Other Restrictions. The Committee, in its sole discretion, may impose such other restrictions on Restricted Stock Units as it may deem advisable or appropriate, including granting such an Award of Restricted Stock Units subject to Performance Goals or to the requirements of Section 12.

9.4. Settlement of Restricted Stock Units. At the time of grant of any Restricted Stock Unit, the Committee will specify the settlement date applicable to each grant of Restricted Stock Units which will be no earlier than the vesting date or dates of the Award and may be determined at the election of the Participant. On the settlement date, the Company will transfer to the Participant either (a) one share of Stock or (ii) cash equal to the value of one such share of Stock for each Restricted Stock Unit scheduled to be paid out on such date and which was not previously forfeited.

9.5. Voting Rights. Service Providers holding Restricted Stock Units will not have any right to exercise voting rights with respect to the shares of Stock underlying such Restricted Stock Unit.

9.6. Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock Units may be entitled to Dividend Rights with respect to such Shares to the extent and in the manner provided in the Award Agreement. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

9.7. Return of Restricted Stock Units to Company. On the date set forth in the Award Agreement, the Restricted Stock Units for which restrictions have not lapsed, and for which shares of Stock have not been issued in settlement of the Award, will revert to the Company and again will become available for grant under the Plan.

10. Performance Units and Performance Shares.

10.1. Grant of Performance Units/Shares. Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

10.2. Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

10.3. Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Participant) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participants. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set Performance Goals based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

10.4. Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

10.5. Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

10.6. Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Replacement Awards. Each holder of an Award related to the common stock of Old Ameritrade which was granted pursuant to the Plan prior to the Assumption Date and which was outstanding as of the Assumption Date after giving effect to the transactions contemplated by the Merger Agreement (the Existing Awards), will, as of the Assumption Date, be automatically granted a Replacement Award under the Plan and the Existing Awards shall be cancelled in exchange for the Replacement Awards. The number of shares of Stock and, if applicable, the Option Price per share of Stock, subject to a Replacement Award shall be equal to the same number of shares of common stock of Old Ameritrade and, if applicable, the same Option Price per share, subject to corresponding Existing Award. Except as provided in the preceding sentence, the Replacement Awards granted pursuant to this Section 11 shall be subject to the same terms and conditions as the corresponding Existing Awards.

12. Terms and Conditions of Any Performance-Based Award.

12.1. *Purpose.* The purpose of this Section 12 is to provide the Committee the ability to qualify Awards (other than Options and SARs) that are granted pursuant to the Plan as qualified performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant a Performance-Based Award subject to Performance Goals to a Covered Employee, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Committee may in its discretion grant Awards to such Covered Employees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

12.2. Applicability. This Section 12 will apply to those Covered Employees which are selected by the Committee to receive any Award subject to Performance Goals. The designation of a Covered Employee as being subject to Section 162(m) of the Code will not in any manner entitle the Covered Employee to receive an Award under the Plan. Moreover, designation of a Covered Employee subject to Section 162(m) of the Code for a particular Performance Period will not require designation of such Covered Employee in any subsequent Performance Period and designation of one Covered Employee will not require designation of any other Covered Employee in such period or in any other period.

12.3. Procedures with Respect to Performance Based Awards. To the extent necessary to comply with the performance-based compensation of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated period of time or period of service (or such other time as may be required or permitted by Section 162(m)), the Committee will, in writing, (a) designate one or more Participants who are Covered Employees, (b) select the Performance Goals applicable to the Performance Period, (c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Covered Employee, the Committee will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period. Unless specifically provided otherwise by the Committee when establishing any Performance Goal, and only to the extent applicable to each particular Performance Goal, such Performance Goals shall be automatically adjusted to (a) the reflect the impact of any change in accounting standards that may be required by the Financial Accounting Standards Board after the adoption of the Performance Goal and (b) reflect the impact of any restatement of the Company's financial statements as result of such a change in the accounting standards.

12.4. Payment of Performance Based Awards. Unless otherwise provided in the applicable Award Agreement, a Covered Employee must be employed by the Company or a Related Entity on the day a Performance-Based Award for such Performance Period is paid to the Covered Employee. Furthermore, a Covered Employee will be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

12.5. Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. Change in Control.

13.1. Options and SARs. In the event of a Change in Control, an outstanding Option or SAR that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent option or SAR of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation does not assume, substitute or replace a Participant's Option or SAR that was granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in and have the right to exercise such Option or SAR that was granted on or

after the 2006 Restatement Date and which is not assumed, substituted or replaced as to all of the Stock underlying the Award, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR that was granted on or after the 2006 Restatement Date is not assumed, substituted or replaced in the event of a Change in Control, the Committee shall notify the Participant in writing or electronically that the Option or SAR that was granted on or after the 2006 Restatement Date shall be exercisable, to

the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option or SAR that was granted on or after the 2006 Restatement Date shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Stock subject to such Option or SAR immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR that was granted on or after the 2006 Restatement Date, for each Share of Stock subject to the Option or SAR that was granted on or after the 2006 Restatement Date, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

13.2. Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. In the event of a Change in Control, an outstanding Award of Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent restricted stock, restricted stock unit, performance share or performance unit award of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation refuses to assume, substitute or replace a Participant's Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in such Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit award that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

14. Forfeiture Events. The Administrator may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the

occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, fraud, breach of a fiduciary duty, restatement of financial statements as a result of fraud or willful errors or omissions, termination of employment for cause, violation of material Company and/or Subsidiary policies, breach of non-competition,

confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its Subsidiaries.

15. Miscellaneous.

15.1. Limit on Distribution. Distribution of shares of Stock or other amounts under the Plan shall be subject to the following:

(a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any shares of Stock under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity.

(b) In the case of a Participant who is subject to Section 16(a) and 16(b) of the Exchange Act, the Administrator may, at any time, add such conditions and limitations to any Award to such Participant, or any feature of any such Award, as the Administrator, in its sole discretion, deems necessary or desirable to comply with Section 16(a) or 16(b) of the Exchange Act and the rules and regulations thereunder or to obtain any exemption therefrom.

(c) To the extent that the Plan provides for issuance of certificates to reflect the transfer of shares of Stock, the transfer of such shares may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

15.2. Withholding. All Awards and other payments under the Plan are subject to withholding of all applicable taxes, which withholding obligations may be satisfied, with the consent of the Administrator, through the surrender of shares of Stock which the Participant already owns, or to which a Participant is otherwise entitled under the Plan; provided, however, that in no event shall the Fair Market Value of the number of shares withheld from any Award to satisfy tax withholding obligations exceed the amount necessary to meet the required Federal, state and local withholding tax rates then in effect that are applicable to the participant and to the particular transaction.

15.3. Transferability. Awards under the Plan are not transferable except as designated by a Participant by will or by the laws of descent and distribution. To the extent that the Participant who receives an Award under the Plan has the right to exercise such Award, the Award may be exercised during the lifetime of the Participant only by the Participant.

15.4. Notices. Any notice or document required to be filed with the Administrator under the Plan will be properly filed if delivered or mailed by registered mail, postage prepaid, to the Administrator, in care of the Company, at its principal executive offices. The Administrator may, by advance written notice to affected persons, revise such notice procedure from time to time. Any notice required under the Plan (other than a notice of election) may be waived by the person entitled to notice.

15.5. Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification or revocation thereof, shall be in writing filed with the Administrator at such times, in such form, and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Administrator shall require.

15.6. Agreement With Company. At the time of an Award to a Participant under the Plan, the Administrator may require a Participant to enter into an Award Agreement with the Company in a form specified by the Administrator, agreeing to the terms and conditions of the Plan and to such additional terms and conditions, not inconsistent with the Plan, as the Administrator may, in its sole discretion, prescribe.

15.7. Limitation of Implied Rights.

(a) Neither a Participant nor any other person shall, by reason of the Plan, acquire any right in or title to any assets, funds or property of the Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the amounts, if any, payable under the Plan, unsecured by any assets of the Company. Nothing contained in the Plan shall constitute a guarantee by the Company that the assets of such companies shall be sufficient to pay any benefits to any person.

(b) The Plan does not constitute a contract of employment, and selection as a Participant will not give any employee the right to be retained in the employ of the Company, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any right as a shareholder of the Company prior to the date on which he fulfills all service requirements and other conditions for receipt of such rights.

15.8. Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

15.9. Gender and Number. Where the context admits, words in one gender shall include the other gender, words in the singular shall include the plural and the plural shall include the singular.

15.10. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

15.11. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Committee makes the determination granting such Award, or such other later date as is determined by the Committee. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

16. Amendment and Termination.

16.1. Amendment and Termination. The Administrator may at any time amend, alter, suspend or terminate the Plan.

16.2. Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Other than pursuant to Section 13, the Company also will obtain stockholder approval before implementing a program to reduce the exercise price of outstanding Options and/or SARs through a repricing or Award exchange.

16.3. Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Company, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Committee's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

SECTION 3

SELECTION OF PARTICIPANTS AND DETERMINATION OF AWARDS

3.1 Selection of Participants. The Committee, in its sole discretion, shall select the Employees who shall be Participants for any Performance Period. Participation in the Plan is in the sole discretion of the Committee, and on a Performance Period by Performance Period basis. Accordingly, an Employee who is a Participant for a given Performance Period in no way is guaranteed or assured of being selected for participation in any subsequent Performance Period.

3.2 Determination of Performance Goals. The Committee, in its sole discretion, shall establish the Performance Goals for each Participant for the Performance Period. Such Performance Goals shall be set forth in writing.

3.3 Determination of Target Awards. The Committee, in its sole discretion, shall establish a Target Award for each Participant. Each Participant's Target Award shall be determined by the Committee in its sole discretion, and each Target Award shall be set forth in writing.

3.4 Determination of Payout Formula or Formulae. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish a Payout Formula or Formulae for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Performance Period are achieved, and (d) provide for an Actual Award greater than or less than the Participant's Target Award, depending upon the extent to which actual performance exceeds or falls below the Performance Goals. Notwithstanding the preceding, in no event shall a Participant's Actual Award for any Performance Period exceed his or her Maximum Award.

3.5 Date for Determinations. The Committee shall make all determinations under Section 3.1 through 3.4 on or before the Determination Date.

3.6 Determination of Actual Awards. After the end of each Performance Period, the Committee shall certify in writing the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded. The Actual Award for each Participant shall be determined by applying the Payout Formula to the level of actual performance that has been certified by the Committee. Notwithstanding any contrary provision of the Plan, the Committee, in its sole discretion, may (a) eliminate or reduce the Actual Award payable to any Participant below that which otherwise would be payable under the Payout Formula, and (b) determine whether or not a Participant will receive an Actual Award in the event the Participant incurs a Termination of Employment prior to the date the Actual Award is to be paid pursuant Section 4.2 below.

SECTION 4

PAYMENT OF AWARDS

4.1 Right to Receive Payment. Each Actual Award that may become payable under the Plan shall be paid solely from the general assets of the Company or the Affiliate that employs the Participant (as the case may be), as determined by the Committee. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Actual Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled.

4.2 Timing of Payment. Subject to Section 3.6, payment of each Actual Award shall be made as soon as administratively practicable, but in no event later than (a) the 15th day of the third month following the end of the Company's taxable year in which the Performance Period has ended, or (b) March 15th of the calendar year following

the calendar year in which the applicable Performance Period has ended.

4.3 *Form of Payment.* Each Actual Award normally shall be paid in cash (or its equivalent) in a single lump sum. However, the Committee, in its sole discretion, may declare any Actual Award, in whole or in part, payable in Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans. The number of Shares of restricted stock and/or restricted stock units granted shall be determined in the sole and absolute discretion of the Committee and generally shall be determined by dividing the cash amount foregone by

either (i) an average of the fair market value of a Share over a period of time prior to the date of grant of the restricted stock, restricted stock units and/or options, or (ii) the fair market value of a Share on the date that the cash payment otherwise would have been made, rounded up to the nearest whole number of shares. For this purpose, fair market value shall have the same meaning as provided by the applicable Company stock plan under which the award shall be granted. The number of options granted shall generally be determined by dividing the cash amount foregone by an option pricing model determined by the Committee (e.g., Black-Scholes), rounded up to the nearest whole number of shares. Any restricted stock, restricted stock units or options so awarded may be subject to such additional vesting over a period of not more than four years, and/or be subject to additional vesting conditions, including specifically additional Performance Goals, as determined by the Committee. The number of Shares of restricted stock and/or restricted stock units granted pursuant to this Section 4.3 may be increased or decreased if such new award is granted by the Committee subject to Performance Goals and such increase or decrease otherwise meets all the performance-based compensation requirements of section 162(m) of the Code.

4.4 *Payment in the Event of Death or Disability.* If a Participant dies, or is determined to have a Disability, prior to the payment of an Actual Award that was scheduled to be paid to him or her prior to death, or the determination of a Disability, for a prior Performance Period, the Award shall be paid, in the case of death, to his or her estate, and in the case of Disability, to the Participant or any other person authorized under applicable law.

4.5 *Forfeiture or Repayment in Connection with Certain Events.*

(a) *Forfeiture or Repayment.* Notwithstanding any contrary provision of the Plan or the terms of any written agreement between the Company and the Participant (including specifically any written employment, severance or change in control agreement), if the Committee determines (in its sole discretion, but acting in good faith) that a Clawback Event has occurred at any time while an individual who participated in the Plan was an Employee and, with respect to each Target Award and Actual Award, such determination is made no later than three (3) years following the later of (i) the end of the applicable Performance Period or, (ii) the date of grant of the Shares of restricted stock, restricted stock units and/or options issued to the Affected Participant in payment of the Actual Award for such Performance Period, then: (i) with respect to the Performance Period then in effect, if the Affected Participant is currently participating in the Plan, participation in the Plan may, in the sole discretion of the Committee, immediately cease, in which case the Affected Participant will have no further rights or interest in his or her Target Award; (ii) with respect to any Performance Period that has ended, but for which any Actual Award has not yet been paid in full to the Affected Participant, the Committee may, in its discretion, reduce or eliminate the unpaid portion of the Actual Award; and (iii) each Actual Award to which this Section 4.5 applies that has previously been paid to the Affected Participant must, if required by the Committee, in its sole discretion, be repaid to the Company. The portion of the Actual Award paid to the Affected Participant in cash must be repaid to the Company in cash. The manner in which the portion, if any, of the Actual Award paid to the Affected Participant in Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans must be repaid to the Company will be governed by the terms and conditions of the applicable award agreement for such Shares of restricted stock, restricted stock units and/or options. For the portion of the Actual Award that must be repaid in cash, if the Affected Participant refuses to make such payment, the Company will, if directed by the Committee, in its sole discretion, and subject to applicable law (including any Code Section 409A considerations), recover such payment and, if applicable, the amount of its court costs, attorneys' fees and other costs and expenses incurred in connection with enforcing this Section 4.5 by (w) reducing the amount that would otherwise be payable to the Affected Participant under any compensatory plan, program or arrangement maintained by the Company or any Affiliate, (x) withholding payment of future increases in compensation (including the payment of any discretionary bonus amount) or grants of compensatory awards that would otherwise have been made in accordance with the Company's (or its Affiliate's) otherwise applicable compensation practices, (y) reducing any severance benefits that would otherwise be payable or provided to the Affected Participant under any plan, program or arrangement maintained or entered into by the Company or any Affiliate (including specifically under any employment or severance agreement) or (z) by any

combination of the foregoing.

(b) Discretion to Reduce Amount Subject to Forfeiture or Repayment. In the event of a Clawback Event described in subsection (c)(iii)(A) of this Section 4.5, the Committee may, in its sole discretion, limit the amount to be recovered from the Affected Participant to the amount by which the Actual Award exceeded the amount that would have been payable to the Affected Participant had the financial statements been initially filed as restated, as

determined by the Committee in accordance with the terms and conditions of the Plan. In the event the Committee exercises such discretion, the Committee will have the discretion to determine how the amount to be recovered will be allocated among the portion, if any, of the Actual Award paid in cash and the portion, if any, of the Actual Award paid in Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans.

(c) Definitions.

(i) For purposes of this Section 4.5, Affected Participant shall mean an individual who is or was a Participant with respect to whom the Committee has determined that a Clawback Event has occurred, regardless of whether the individual is a Participant or Employee at the time of such determination.

(ii) For purposes of this Section 4.5, Change of Control shall have the same meaning as that term is defined in the Company's Long-Term Incentive Plan.

(iii) For purposes of this Section 4.5, Clawback Event shall mean one or more of the following: (A) any of the Company's financial statements are required to be restated resulting from fraud or willful misconduct by the Affected Participant or any other person, provided that the Affected Participant knew or should have known of such fraud or willful misconduct; or (B) any act of fraud, negligence or breach of fiduciary duty by the Affected Participant or any other person, provided that the Affected Participant knew or should have known of such fraud, negligence or breach of fiduciary, resulting in material loss, damage or injury to the Company.

(d) Restrictions on Sale of Stock Pending Determination of Clawback Event. If the Company reasonably believes that a Clawback Event has occurred, the Company may, in its sole discretion, restrict the Affected Participant's ability to directly or indirectly sell, offer, contract or grant any option to sell (including without limitation any short sale), pledge, swap, hedge, transfer, or otherwise dispose of any shares of Company common stock held by the Affected Participant in his or her Company brokerage account (whether issued in connection with an Actual Award or otherwise) pending a final determination by the Committee that a Clawback Event has or has not occurred. Such determination shall be made as soon as administratively practicable but in no event will the Affected Participant be restricted in accordance with the preceding sentence for more than that period of time reasonably necessary for the Committee to determine the existence of a Clawback Event. The Company shall have no responsibility or liability for any fluctuations that occur in the price of the Company's common stock or for any potential loss or gain the Affected Participant could have realized from the sale of his or her shares of Company common stock during the period of time in which the Affected Participant is restricted in accordance with this Section 4.5(d).

(e) Applicability and Expiration. This Section 4.5 shall not apply to Actual Awards paid prior to the Amended Effective Date. Further, this Section 4.5 shall expire and have no further force or effect upon a Change of Control. Solely with respect to this Section 4.5, a Change of Control shall not be deemed to have occurred if the Company's outstanding Shares or substantially all of the Company's assets are purchased by TD Bank Financial Group.

(f) No Waiver. Any failure by the Company to assert the forfeiture and repayment rights under this Section 4.5 with respect to specific claims against the Affected Participant shall not waive, or operate to waive, the Company's right to later assert its rights hereunder with respect to other or subsequent claims against the Affected Participant.

(g) No Limitation on Remedies. The Company's forfeiture and repayment rights under this Section 4.5 shall be in addition to, and not in lieu of, actions the Company may take to remedy or discipline any misconduct by the Affected Participant including, but not limited to, termination of employment or initiation of appropriate legal action.

SECTION 5 ADMINISTRATION

5.1 Committee is the Administrator. The Plan shall be administered by the Committee. The Committee shall consist of not less than two (2) members of the Board. The members of the Committee shall be appointed from time to time by, and serve at the pleasure of, the Board. Each member of the Committee shall qualify as an outside director under section 162(m) of the Code. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

5.2 Committee Authority. It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees shall be granted awards, (b) prescribe the terms and conditions of awards, (c) interpret the Plan and the awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside of the United States, (e) bifurcate the Plan and treat Participants differently as provided by Section 8.1, (f) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (g) interpret, amend or revoke any such rules.

5.3 Decisions Binding. All determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

5.4 Delegation by the Committee. The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; provided, however, that the Committee may delegate its authority and powers only with respect to awards that are not intended to qualify as performance-based compensation under section 162(m) of the Code.

SECTION 6 GENERAL PROVISIONS

6.1 Tax Withholding. The Company or an Affiliate, as determined by the Committee, shall withhold all applicable taxes from any Actual Award, including any federal, state and local taxes.

6.2 No Effect on Employment. Nothing in the Plan shall interfere with or limit in any way the right of the Company or an Affiliate, as applicable, to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment. Employment with the Company and its Affiliates is on an at-will basis only. The Company expressly reserves the right, which may be exercised at any time and without regard to when during or after a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 Participation. No Employee shall have the right to be selected to receive an award under this Plan, or, having been so selected, to be selected to receive a future award. Participation in this Plan shall not give any Employee the right to participate in any other benefit, stock or deferred compensation plan of the Company or any Affiliate.

6.4 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or

proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own

expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

6.5 *Successors.* All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

6.6 *Beneficiary Designations.* If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

6.7 *Nontransferability of Awards.* No award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or to the limited extent provided in Section 6.6. All rights with respect to an award granted to a Participant shall be available during his or her lifetime only to the Participant.

6.8 *Deferrals.* The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash that would otherwise be delivered to a Participant under the Plan. Any such deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

SECTION 7 AMENDMENT, TERMINATION AND DURATION

7.1 *Amendment, Suspension or Termination.* The Board, in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Target Award theretofore granted to such Participant. No award may be granted during any period of suspension or after termination of the Plan.

7.2 *Duration of the Plan.* The Plan shall commence on the date specified herein, and subject to Section 7.1 (regarding the Board's right to amend or terminate the Plan), shall remain in effect thereafter.

SECTION 8 LEGAL CONSTRUCTION

8.1 *Section 162(m) Conditions; Bifurcation of Plan.* It is the intent of the Company that the Plan and the awards paid under the Plan to Participants who are or may become persons whose compensation is subject to section 162(m) of the Code, satisfy any applicable requirements of section 162(m) of the Code. Any provision, application or interpretation of the Plan inconsistent with this intent shall be disregarded. The provisions of the Plan may be bifurcated by the Board or the Committee at any time so that certain provisions of the Plan, or any award, required in order to satisfy the requirements of section 162(m) of the Code are only applicable to Participants whose compensation is subject to section 162(m) of the Code.

8.2 *Gender and Number.* Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

8.3 *Severability*. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

8.4 Requirements of Law. The granting of awards under the Plan shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

8.5 Governing Law. The Plan and all awards shall be construed in accordance with and governed by the laws of the State of Nebraska, but without regard to its conflict of law provisions.

8.6 Section 409A of the Code. It is intended that the Plan shall be exempt from Section 409A of the Internal Revenue Code of 1986, as amended (Section 409A), pursuant to the requirement that all payments hereunder shall be paid within the applicable short-term deferral period as set forth in Section 1.409A-1(b)(4) of the final regulations issued under Section 409A. The Committee shall administer and interpret the Plan in a manner consistent with this short-term deferral exception and any other regulations or other Internal Revenue Service guidance issued with respect to Section 409A.

8.7 Bonus Plan. The Plan is intended to be a bonus program as defined under U.S. Department of Labor regulation section 2510.3-2(c) and shall be construed and administered by the Company in accordance with such intention.

8.8 Captions. Captions are provided herein for convenience only, and shall not serve as a basis for interpretation or construction of the Plan.
