PROXY STATEMENT

The Board of Directors (the Board) is soliciting proxies for this year's Annual Meeting. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board set March 9, 2005, as the record date for the meeting. Shareholders who owned the Company's common stock on that date are entitled to vote at the meeting, with each share entitled to one vote. There were 6,089,120 shares of Company stock outstanding on the record date.

Voting materials, which include this proxy statement dated March 16, 2005, a proxy card, and the 2004 Report to Shareholders and Annual Report 10-K are first being mailed to shareholders on or about March 16, 2005.

ABOUT THE MEETING

Why am I receiving this proxy statement and proxy card?

You are receiving this proxy statement and proxy card because you own shares of the Company's common stock. This proxy statement describes matters on which we would like you to vote.

When you sign the proxy card, you appoint the persons named in the proxy, R. Marc Langland and Christopher N. Knudson, as your representatives at the meeting, and those persons will vote your shares at the meeting as you have instructed on the proxy card. This way, your shares will be voted even if you cannot attend the meeting.

Who is soliciting my proxy, and who is paying the cost of solicitation?

The enclosed proxy is solicited by and on behalf of the Board of Directors, and the Company will bear the costs of solicitation. Certain directors, officers, and employees of the Company and/or its subsidiary, Northrim Bank (the Bank), may solicit proxies by telephone, facsimile, and personal contact.

The Company does not expect to pay any compensation to employees, officers, or directors for soliciting proxies, but will reimburse brokers, nominees, and similar recordholders for reasonable expenses in mailing proxy material to beneficial owners of the Company's common stock.

What am I voting on, and what vote is required for approval?

At the Annual Meeting, you will be asked to vote on the election of 11 directors to serve on the Board until the 2006 Annual Shareholders Meeting or until their successors have been elected and have qualified. The election of directors will require the affirmative vote of a majority of the shareholders present in person or represented by duly executed proxy at the meeting.

Who is entitled to vote?

Only shareholders who owned the Company's common stock as of the close of business on the record date, March 9, 2005, are entitled to receive notice of the Annual Meeting and to vote the shares that they held on that date at the meeting, or any postponement or adjournment of the meeting.

How do I vote, and how are the votes counted?

You may vote your shares either in person at the Annual Meeting or by proxy. To vote by proxy, you should mark, date, sign, and mail the enclosed proxy card in the prepaid envelope provided. If your shares are registered in your own name and you attend the meeting, you may deliver your completed proxy card in person. Street name shareholders, that is, those shareholders whose shares are held in the name of and through a broker or other nominee, who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

Table of Contents

With regard to the election of directors, you may cast your vote in favor of some or all of the nominees or you may withhold your vote as to some or all of the nominees. Directors will be elected if the number of votes cast in favor of the director exceeds the number of votes cast against the director. Accordingly, votes withheld generally will have no effect on the outcome of the election. You may also abstain from voting on any proposals other than the election of directors. An abstention will have no impact on the election of directors or any of the remaining proposals set forth in the Notice of Annual Shareholders Meeting.

If shares are held in street name, that is, through a broker or nominee, the broker or nominee is permitted to exercise voting discretion under certain circumstances. At this meeting, if the broker or nominee is not given specific voting instructions, shares may be voted on the election of directors by the broker or nominee in their own discretion. However, if your shares are held in street name and neither you nor your broker votes them, the votes will be broker non-votes, which will have the effect of excluding your vote from the tallies. If your shares are held in your own name and you do not vote your shares, your shares will not be voted.

On each matter before the meeting, including the election of directors, shareholders are entitled to one vote for each share of common stock they held at the record date. Shareholders may not cumulate their votes for the election of directors.

Can I change my vote after I return my proxy card?

Yes. If the enclosed proxy is duly executed and received in time for the meeting, the persons named in the proxy will vote the shares represented by the proxy **FOR** the 11 nominees listed in the proxy statement, unless otherwise directed. If you grant a proxy, you may revoke it at any time before its exercise by written notice to the Company to the attention of Mary A. Finkle, Corporate Secretary, by submitting a proxy with a subsequent date, or by announcing your revocation to the secretary at the meeting prior to the taking of a shareholder vote. The shares represented by properly executed proxies that are not revoked will be voted in accordance with the specifications in such proxies.

Can I vote on other matters or submit a proposal to be considered at the meeting?

The Company has not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and shareholders may submit matters for a vote only in accordance with the Company's bylaws. The Board of Directors does not presently know of any other matters to be brought before the Annual Meeting.

For shareholders seeking to include proposals in the proxy materials for the 2006 Annual Meeting, the proposing shareholder or shareholders must comply with all applicable regulations, including Rule 14a-8 under the Securities Exchange Act of 1934, as amended, and the proposals must be received by the Secretary of the Company on or before November 16, 2005.

How many votes are needed to hold the Annual Meeting?

A majority of the Company's outstanding shares as of the record date (a quorum) must be present at the Annual Meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if a shareholder is present and votes in person at the meeting or has properly submitted a proxy card. As of the record date for the Annual Meeting, 6,089,120 shares of the Company's common stock were outstanding and eligible to vote.

How do I communicate with Directors?

The Board provides a process for stockholders to send communications to the Board or any of the directors. Stockholders may send communications to the Board or any of the directors c/o Corporate Secretary, Northrim

BanCorp, Inc., 3111 C Street, Anchorage, Alaska 99503. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board or the individual directors on a periodic basis.

PROPOSAL 1: ELECTION OF DIRECTORS

General

The Company's Articles of Incorporation provide that the Board of Directors will consist of not less than five nor more than 25 directors. Currently, the Board of Directors consists of 11 directors. The Board of Directors has set the number of directors to be elected at the Annual Meeting at 11 directors. Directors are elected for a one-year term and serve until their successors have been elected and qualified.

Table of Contents

The Board of Directors has nominated the individuals listed on the following pages for election as directors for the one-year term expiring at the 2006 Annual Shareholders Meeting or until their successors have been elected and qualified. If any nominee refuses or becomes unable to serve as a director before the meeting, the directors will select a replacement nominee, and your proxies will be voted for that replacement nominee. The Board of Directors presently has no knowledge that any nominee will refuse or be unable to serve.

It is the Company's policy to encourage that the directors up for election at the annual meeting attend the annual meeting. All directors up for election at the 2004 Annual Shareholders Meeting attended the 2004 Annual Shareholders Meeting.

meeting. Any shareholder nomination should contain the following information to the extent known to the nominating shareholder: (i) the name and address of each proposed nominee; (ii) each nominee's principal occupation; (iii) the total number of shares of the Company's common stock that will be voted for each proposed nominee; (iv) the name and residence of the nominating shareholder; (v) the number of shares of the Company's common stock owned by the nominating shareholder; and (vi) whether the nominee had agreed to serve if elected.

Nominations not made in accordance with the above requirements may be disregarded, in the sole discretion of the Chairman of the Annual Meeting, and upon the Chairman's instruction, the vote teller may disregard all votes cast for that nominee.

Information Regarding the Board of Directors and its Committees

All non-management directors, with the exception of Mr. Danner who is a partner of ARC Partnership, the company that owns the Bank's main office space, are independent of management within the meaning of currently applicable rules of the Securities Exchange Act of 1934 (the "1934 Act"), the Securities and Exchange Commission and the Nasdaq National Market listing requirements.

The Company's Board of Directors has adopted certain standing committees, including an Audit Committee and Compensation Committee.

The Company does not have a standing Nominating Committee. The board believes it is important to have involvement of all directors in the nominating process. A majority of independent directors identifies and recommends persons to be nominees for positions on the Board of Directors at each annual meeting of shareholders, and to fill vacancies on the board between annual meetings. Our directors take a critical role in guiding the Company's strategic direction and overseeing the management of the Company. Board candidates, including directors up for reelection, are considered based upon various criteria, such as personal integrity, broad-based business and professional skills and experiences, banking experience, concern for long-term interests of the Company's shareholders, freedom from conflicts of interest, sound business judgment, community involvement, and the time available to devote to board activities.

The Bank's Board of Directors met 10 times, and the Company's Board of Directors met 10 times during 2004. During 2004, all directors attended at least 75% of the total meetings of the Board and all committees of which they were members. The Company's independent directors meet in executive sessions once per quarter and rotate as lead director twice a year.

Audit Committee. The Audit Committee's principal functions include reviewing and approving the services of the independent auditors, reviewing the plan, scope, and audit results of the independent and internal auditors, and reviewing the reports of bank regulatory authorities. The Company's Board of Directors has adopted a written charter for the Audit Committee. Current members of the Audit Committee are Mark G. Copeland, Anthony Drabek, and Richard L. Lowell.

During 2004, the Audit Committee had four regular meetings. In addition to its regularly scheduled meetings, the Audit Committee has had periodic meetings to keep informed of the process in place to achieve readiness for compliance with Section 404 of the Sarbanes-Oxley Act of 2002 ("SOX") and discuss the current status of progress being made with the Company's independent auditors, internal SOX Committee and internal senior auditor.

Each of the members of the Committee is independent of management within the meaning of the 1934 Act, the rules of the Securities and Exchange Commission and the Nasdaq National Market listing standards. The Committee and the full board have determined that no individual Audit Committee member qualifies as an audit committee

financial expert within the meaning of such rules. The board does believe, however, that each of the Committee members has attributes of a financial expert within the meaning of applicable rules and that all of the members of the Committee, taken as a whole, would constitute a financial expert within the meaning of applicable rules.

In addition, one of our directors, Mr. Swalling, is a certified public accountant and, while he is not a member of the Audit Committee due to the demands of his schedule, he is available as a resource on financial matters. For these reasons, at this time the board does not believe it is necessary to actively search for a director that would qualify as a financial expert.

Compensation Committee. The primary functions of the Compensation Committee, which met six times in 2004, are to review and approve officer compensation, select and approve employee benefits and retirement plans, and administer the Company's stock option plans. Compensation Committee members are Larry S. Cash, Ronald A. Davis, and Joseph E. Usibelli. All members of the Compensation Committee are independent within the meaning of currently applicable rules of the 1934 Act, the Securities and Exchange Commission, and the Nasdaq National Market listing requirements.

Table of Contents

Director Compensation. Non-officer directors currently receive a \$5,000 annual cash retainer and an award of stock equal to \$5,000 at the then current market value payable annually for serving on the Board of Directors, in addition to the fee of \$750 for each Board meeting attended. Members of the Audit and Compensation Committees receive \$750 for each meeting attended with the exception of the committee chairpersons who receive \$1,500 and \$1,125, respectively, for each committee meeting they attended.

EXECUTIVE OFFICERS

The following table sets forth certain information about the Company's executive officers:

EXECUTIVE COMPENSATION**Report of the Compensation Committee on Executive Compensation**

The Compensation Committee of the Board of Directors (the Compensation Committee) of the Company has furnished the following report on executive compensation for fiscal year 2004. The Compensation Committee report is intended to describe in general terms the process the Compensation Committee undertakes and the matters it considers in determining the appropriate compensation for the Company's executive officers, including the executive officers who are named in the Summary Compensation Table that begins on page 8.

Responsibilities and Composition of the Compensation Committee

The Compensation Committee is responsible for (i) establishing, with the assistance of independent compensation consultants and legal counsel, compensation programs for executive officers of the Company designed to attract, motivate, and retain key executives responsible for the success of the Company as a whole; (ii) administering and maintaining such programs in a manner that will benefit the long-term interests of the Company and its shareholders; and (iii) determining the salary, bonus, stock option, and other stock-based compensation of the Company's executive officers. The Compensation Committee serves pursuant to a Charter adopted by the Board of Directors.

The Compensation Committee is composed of Ronald A. Davis, Chairman, Joseph E. Usibelli, and Larry S. Cash. None of the members are officers or employees of the Company and all are independent of management within the meaning of currently applicable rules of the 1934 Act, the Securities and Exchange Commission, and the Nasdaq National Market listing requirements. Mr. Usibelli has served on the Compensation Committee since 1991. Mr. Cash was appointed to the Compensation Committee in 1996. Mr. Davis was appointed to the Compensation Committee in 2002.

Table of Contents

Compensation Philosophy

The Compensation Committee bases its compensation strategy on maintaining the Company's primary strategic goal: to maintain, over the next several years, a well-capitalized, customer-focused financial institution, headquartered in Anchorage and serving the greater Anchorage, Matanuska Valley, and Fairbanks areas, as well as various other markets in and outside Alaska. We believe that achieving these goals will create long-term value for shareholders, consistent with protecting the interests of our depositors. The Company's business and growth strategies consist of the following elements:

Continued development of a business culture in which customers are accorded the highest priority in all aspects of the Company's operations.

Emphasis on developing full-service banking relationships with members of the business and professional communities to increase loan and core deposit volumes.

Competitive and responsive commercial, construction, small business, land development, and real estate lending.

Strong marketing emphasis on the Company's customer-focused philosophy to assist in the further development of a broad core deposit base which will help fund expanded lending activity.

Control of credit risk through established loan underwriting and monitoring procedures, loan concentration limits, product and industry diversification, as well as the hiring and retention of experienced lending personnel having a high degree of familiarity with their market areas.

Delivery of products and investment management services through its subsidiary's (Northrim Investment Services Company) investment in Elliott Cove Capital Management.

Delivery of employee benefits products and services through its subsidiaries' purchase of an interest in an employee benefits business unit to be renamed Northrim Benefits Group.

Formation in Washington State of a new division of Northrim Bank and hiring of experienced personnel with a high degree of familiarity of the Washington market to deliver short-term working capital to customers by purchasing their accounts receivable.

Continued growth through a combination of growth at existing offices, developing a sales culture to broaden existing and new customer relationships, expanding the Company's presence and visibility in the marketplace, along with technological advances, and expansion into other markets as promising strategic opportunities for diversification and growth arise.

The Compensation Committee believes that compensation packages for executive officers and key personnel should be based to a substantial extent on achievement of the goals and strategies the Board has established and articulated. When establishing salaries, bonus levels and stock option awards for executive officers, the Compensation Committee considers (i) the Company's financial performance during the past year; (ii) the individual's performance during the past year; and (iii) the salaries of executive officers in similar positions with companies of comparable size and other companies within the financial institutions industry. For executive officers other than the Chief Executive Officer, the Compensation Committee gives consideration to recommendations of the Chief Executive Officer. The method for determining compensation varies from case to case based on a discretionary and subjective determination of appropriate criteria.

Compensation Programs and Practices

The Company's executive compensation program continues to consist of four key elements: (i) base salary; (ii) a performance-based annual bonus; (iii) periodic option grants and other stock-based compensation awards; and (iv) retirement and other deferred benefits.

The Compensation Committee believes this four-part approach best serves the interests of the Company and its shareholders. It enables the Company to meet the requirements of the highly competitive banking environment in which it operates, while ensuring that executive officers are compensated in a way that advances both the short- and long-term interests of shareholders. The variable annual bonus rewards and motivates individual performance, and is based, in significant part, on the contribution made by the officer to the Company's overall performance. Stock options and other stock-based awards relate a

Table of Contents

significant portion of long-term remuneration directly to stock price appreciation and further promote the executive's continued service with the organization.

The Company has developed and implemented policies for determining salary structure, annual incentive bonus payments, and employee stock option and other stock-based awards based on recommendations by nationally recognized compensation consulting firms, which have periodically reviewed the Company's executive compensation practices and its overall compensation program.

During 1999, 2002, 2003, and again in 2004, the Company engaged an independent nationally recognized consulting firm to review and analyze its executive compensation package and its overall compensation practices to ensure that the Company remains competitive with financial institutions of comparable size. Based on the consultants' recommendations and with the advice of legal counsel, the Company adopted an employee stock incentive plan in 2000, amended its executive officer employment agreements effective January 1, 2003, and adopted in 2004, as approved by shareholders, the new Northrim Bancorp, Inc. 2004 Stock Incentive Plan authorizing issuance of 300,000 shares and reflecting accounting rule changes.

Base Salary Based on its consideration of competitive industry salaries and general economic conditions within the Company's market area and within the financial institutions industry, the Company's Human Resources Department has established a graded salary structure for executives and other officers. Individual base salaries for executive officers are based upon recommendations by the Chief Executive Officer, taking into account the officer's salary grade. Base salary levels are reviewed annually and any proposed increases are recommended to the Compensation Committee by the Chief Executive Officer based on an assessment of an executive's scope of responsibilities, individual performance, and contribution to the organization.

Annual Bonus Executive officers have an annual incentive bonus opportunity as participants in the Company's Executive Incentive Plan (the Incentive Plan). Incentive Plan participants are recommended by the Chairman of the Board and President, and approved by the Compensation Committee prior to each plan year. The Incentive Plan establishes three tiers of incentive award amounts based on officer title and level of responsibility. The Incentive Plan then establishes within each tier three levels of award representing a predetermined graduated percentage of annual base salary. Actual bonus amounts must be approved by the Compensation Committee and are based on a formula that takes into account predetermined performance standards. The current performance standards include efficiency, return on equity, net income to budget, asset growth, and the credit quality of portfolio loans. These criteria may be modified from time to time based on the Company's strategic plan, with a goal of maximizing shareholder returns.

Options and Other Stock-Based Compensation The Compensation Committee has followed a philosophy of offering stock-based incentives to the Company's employees to: (i) attract and retain the best available personnel; (ii) enhance long-term profitability and shareholder value; and (iii) encourage employees to acquire and maintain stock ownership in the Company, thereby more closely aligning the interests of employees and shareholders. The Compensation Committee, subject to the Company's employee stock incentive plans, may determine the employees eligible to receive options and awards and to assess the amount of each option and award.

Retirement and Other Deferred Compensation Executive officers participate in the Company's qualified retirement plan, the Northrim Bank Savings Incentive Plan (401-k), to the same extent and subject to the same rules and limitations as the Company's and the Bank's other employees. In addition, effective July 1, 1994, the Bank adopted the Northrim Bank Supplemental Executive Retirement Plan (SERP) for the benefit of its executive officers. The Compensation Committee and the Board of Directors approved an amendment to the SERP, effective January 1, 2004, allowing participants more flexibility in choosing the form of payment of their benefits. The SERP provides for payment of a specified amount to plan beneficiaries or their survivors upon retirement, with early retirement permitted after the participant's 55th birthday if she or he has been a plan participant for at least five years prior to retirement.

Benefits are payable monthly beginning 90 days after retirement, with the amount payable being equal to the total plan account balance for that participant (including interest at a specified fixed rate), divided by 12 months, divided by the number of years over which the participant elects to receive payments, with 15 years being the maximum period over which payout is permitted. If the participant dies prior to commencement of benefits, benefits are paid to the participant's survivors in equal installments over 15 years unless the Compensation Committee elects to accelerate payment. Finally, certain executive officers are entitled to participate in the Bank's non-qualified deferred compensation plan, which is intended to provide a source of funds for the future retirement of such executive officers.

Table of Contents

The Company's performance has, in the Compensation Committee's opinion, shown the value of this approach. In particular, the Compensation Committee noted continued asset growth, deposit growth, improvement in credit quality, and improved efficiencies for the year 2004 derived from the operation of the Bank's new imaging system, which the Compensation Committee believes will provide the Company with the technology needed to currently serve and efficiently meet the future needs of Northrim's customers. The Compensation Committee also noted that the Company has achieved a profit every quarter since the fourth quarter of its first full year in operation.

Chief Executive Officer Compensation Mr. R. Marc Langland serves as the Chairman, President and Chief Executive Officer of Northrim BanCorp, Inc. and Northrim Bank. In evaluating the compensation of Mr. Langland for services rendered in 2004, the Compensation Committee considered both quantitative and qualitative factors.

In looking at quantitative factors, the Compensation Committee reviewed the Company's 2004 financial results compared to the Company's plan and actual results for 2003. Specifically, the Committee considered that: (i) the Company's total assets; portfolio loans (excluding loans for resale) and total deposits grew by 8%, 13%, and 8%, respectively, from year-end 2003 to year-end 2004 and the Company's tangible book value per share grew to \$12.60 at year-end 2004 compared to \$11.29 one year ago; (ii) year-end net income increased 1% from 2003; and (iii) the Company earned \$1.71 per diluted share for the year 2004 compared to \$1.69 per diluted share one year ago.

In addition to these quantitative accomplishments, the Compensation Committee also considered certain qualitative accomplishments by Mr. Langland in 2004. Specifically, the Compensation Committee recognized that, due in part to Mr. Langland's continued efforts, the Company realized a number of its corporate objectives, including the formation of Northrim Funding Services as a division of the Bank based in Bellevue, Washington to provide short-term working capital to customers in Washington State and Oregon by purchasing their accounts receivable; the implementation of technological advances to more efficiently operate the Bank and better serve its customers; as well as the further development of the Company's strategic plan to deliver a diversified range of non-deposit investment products and investment management services through its subsidiary's (Northrim Investment Services Company) investment in Elliott Cove Capital Management LLC (Elliott Cove) that is expected to attract, broaden, and strengthen customer relationships, as well as provide the opportunity to develop new relationships over the long-term in an increasingly competitive environment; and the purchase of an interest, through its subsidiaries, in an employee benefits business unit to be renamed Northrim Benefits Group to deliver employee benefits products and services to its business communities. The Compensation Committee also recognized Mr. Langland's vision, extensive community involvement, as well as his leadership in strategically positioning the Company for future significant development in the banking industry and in the Company's market area, and otherwise developing long-term strategies for the future direction and growth of the organization.

Based on the foregoing and consistent with the Compensation Committee's overall compensation philosophy, the Compensation Committee made the following determinations with respect to Mr. Langland's compensation for 2004. Mr. Langland's annual salary in 2004 was established at \$292,365, and he was awarded an incentive (bonus) payment of \$71,040 for 2004 performance. In December 2004, Mr. Langland was also granted a stock option award of 7,182 shares of common stock and 1,197 restricted stock units for his outstanding contributions to the Company's success.

CONCLUSION

The Compensation Committee believes that for 2004, the compensation terms for Mr. Langland, as well as for the other executive officers, were clearly related to the realization of the goals and strategies established by Northrim BanCorp, Inc. as well as the performance of the organization as compared with performance of peer companies.

Table of Contents**Stock Performance Graph**

The graph shown below depicts the total return to shareholders during the period beginning after December 31, 1999, and ending December 31, 2004. The definition of total return includes appreciation in market value of the stock, as well as the actual cash and stock dividends paid to shareholders. The comparable indices utilized are the Standard & Poor's 500 Index, which is a nationally recognized index of stock performance by 500 leading companies located in the United States chosen by market size, liquidity, and industry group, the Russell 3000 Index, representing approximately 98% of the U.S. equity market, and the SNL Financial Bank Stock Index, comprised of publicly traded banks with assets of \$500 million to \$1 billion which are located in the United States. The graph assumes that the value of the investment in the Company's common stock and each of the three indices was \$100 on December 31, 1999, and that all dividends were reinvested.

Employment Agreements

Effective January 1, 2003, the Company adopted amended employment agreements for R. Marc Langland, Christopher N. Knudson, and Victor P. Mollozzi and a new employment agreement with Joseph M. Schierhorn. Effective January 1, 2004 the Company entered into a new employment agreement with Robert L. Shake. Each employment agreement between the Company and the executive will automatically renew for successive one-year terms, unless either party gives notice 90 days prior to the expiration of the term and since no notice was given by either of the parties, the employment agreements between the Company and each of the named executives were renewed for the year 2005 according to the terms defined in the agreements.

The employment agreements provide for severance payments in the event of termination of the executive by the employer without cause or if the executive leaves the Company for good reason during the term of the agreement. In either event, the Company is required to pay the executive an amount equal to two times the executive's highest base salary over the prior three years, plus an amount equal to two times the higher of the target bonus or average bonus paid over the prior three years.

Table of Contents

The executives are also entitled to severance payments in certain circumstances following a change of control of the Company. In the case of Langland and Knudson, if the Company is subjected to a Change of Control (as defined in the agreements) and either the Company or its assigns terminates either executive's employment without cause or, either executive terminates his employment for good reason within two years of the Change of Control, the executive would be paid an amount equal to three times his highest base salary over the prior three years, plus three times the executive's target bonus or three times average bonus over the prior three years, whichever is greater.

In the case of Mollozzi, Schierhorn and Shake, if the Company is subjected to a Change of Control and either the Company or its assigns terminates the executive's employment without cause or, the executive terminates his employment for good reason within two years of the Change of Control, the executive would be entitled to be paid an amount equal to two times his highest base salary over the prior three years, plus two times his target bonus or two times the average of his bonuses over the prior three years, whichever is greater.

The employment agreements contain an Excise Tax Gross-Up provision to ensure that the Company's executives are treated fairly should there be a Change of Control, in that the value of the severance benefits agreed upon by the Company and the executives would be preserved.

The employment agreements contain covenants by the executives that they will not compete with the Company for two years (one year in the case of Change of Control) after termination without cause or by the executive for good reason. The severance payments are contingent on the executives agreeing to release the Company from any known or unknown claims and liabilities arising out of the executive's employment with the Company.
