**NOTICE OF THE 2005 ANNUAL MEETING OF SHAREHOLDERS
To Be Held May 26, 2005**

TO THE SHAREHOLDERS OF TARGETED GENETICS CORPORATION:

We will hold the 2005 Annual Meeting of Shareholders of Targeted Genetics Corporation on Thursday, May 26, 2005, at 9:00 a.m. local time, at the Washington Athletic Club, 1325 Sixth Avenue, Seattle, Washington, for the following purposes, as more fully described in the proxy statement accompanying this notice:

to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005; and

to transact such other business as may properly come before the annual meeting or any adjournments or postponements of the annual meeting.

At the annual meeting, we will also report on our 2004 business results and other matters of interest to our shareholders.

The Board of Directors has fixed the close of business on March 25, 2005 as the record date for the annual meeting. Only shareholders of record of common stock on the record date are entitled to notice of and to vote at the annual meeting and any adjournments or postponements of the annual meeting.

The directors elected will be the two candidates receiving the greatest number of votes cast, in person or by proxy, at the annual meeting. The affirmative vote of the holders of shares representing a majority of our outstanding common stock is required to amend the Amended and Restated Articles of Incorporation. The affirmative vote of the holders of shares representing a majority of the votes cast at the annual meeting, in person or by proxy, is required to ratify the appointment of our independent registered public accounting firm.

You are cordially invited to attend the annual meeting. To ensure your representation at the annual meeting, however, you should complete, sign, date and return the enclosed proxy card as promptly as possible in the enclosed postage-prepaid envelope. Your shares will be voted in accordance with the instructions you give on your proxy card. You may revoke your proxy at any time before it is voted by signing and returning a proxy for the same shares bearing a later date, by filing a written revocation with the secretary of Targeted Genetics or by attending the annual meeting and voting in person.

TARGETED GENETICS CORPORATION

PROXY STATEMENT

This proxy statement is being furnished to holders of shares of common stock of Targeted Genetics Corporation, a Washington corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2005 Annual Meeting of Shareholders and at any adjournments or postponements of the annual meeting. We will hold the annual meeting on Thursday, May 26, 2005, at the Washington Athletic Club, 1325 Sixth Avenue, Seattle, Washington, at 9:00 a.m. local time. The approximate date of mailing of this proxy statement and the accompanying proxy card is April 20, 2005.

Matters to Be Considered at the Annual Meeting

At the annual meeting, shareholders of record of common stock of Targeted Genetics as of the close of business on March 25, 2005 will consider and vote on:

the election of two Class 2 directors to the Board of Directors, to hold office until the third annual meeting of shareholders following their election or until their successors are elected and qualified;

the amendment of our Amended and Restated Articles of Incorporation, or the Restated Articles, to increase the authorized common stock from 120,000,000 shares to 180,000,000 shares;

the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005; and

such other business as may properly come before the annual meeting or any adjournments or postponements of the annual meeting.

The Board of Directors recommends that our shareholders vote FOR election of the nominees for director, FOR amendment of the Restated Articles, and FOR ratification of the appointment of the independent registered public accounting firm.

Record Date; Outstanding Shares Entitled to Vote

Only shareholders of record at the close of business on the record date, March 25, 2005, are entitled to notice of and to vote at the annual meeting. As of the record date, 85,628,244 shares of our common stock were issued and outstanding.

Quorum; Voting

We have one class of voting securities outstanding, which is designated as common stock, and each share of common stock is entitled to one vote. The presence, in person or by proxy, of the holders of a majority of the shares of common stock entitled to vote constitutes a quorum for the transaction of business at the annual meeting.

The directors elected at the annual meeting will be the two candidates receiving the greatest number of votes cast, in person or by proxy, at the annual meeting. Holders of common stock are not entitled to cumulate votes in the election of directors.

The affirmative vote of the holders of shares representing a majority of our outstanding common stock is required to amend the Restated Articles.

The affirmative vote of the holders of shares representing a majority of the votes cast at the annual meeting, in person or by proxy, is required to ratify the appointment of the independent registered public accounting firm.

Table of Contents

Any broker, bank, nominee, fiduciary or other custodian who holds shares of our common stock for the account of a customer who is the beneficial owner of those shares, and who does not receive specific instructions from the customer on how to vote, has the power to vote those shares at its discretion in the election of directors and for other routine matters for which it has not received voting instructions. A broker non-vote occurs when the custodian may not vote, or give a proxy to vote, a customer's shares because the customer did not provide voting instructions with respect to a non-routine matter on which the custodian does not have discretionary authority to vote. Because custodians will have discretionary voting authority with respect to the election of directors and the ratification of the appointment of the independent registered public accounting firm, there will be no broker non-votes with respect to these proposals. With respect to the proposal to amend our Restated Articles, broker non-votes will have the same effect as votes against that proposal because approval of that proposal requires the affirmative vote of holders of shares representing a majority of our outstanding common stock.

An abstention occurs when a shareholder affirmatively instructs the vote to be withheld (by checking the withhold authority to vote box on the proxy card) or when a shareholder who has not given a proxy is present at the meeting but does not cast a ballot. Shares of our common stock subject to abstentions are treated as present at the annual meeting and will therefore be counted toward establishing the presence of a quorum. Abstentions are not treated as votes cast, however, so abstentions will have no effect on the election of directors, which outcome is determined by a plurality of the votes cast, or on the proposal to ratify the appointment of the independent registered public accounting firm, which outcome is determined by a majority of the votes cast. With respect to the proposal to amend our Restated Articles, abstentions will have the same effect as votes against that proposal because approval of that proposal requires the affirmative vote of holders of shares representing a majority of our outstanding common stock.

As of the record date, our directors and executive officers and their affiliates beneficially owned approximately 4.2% of the outstanding shares of our common stock, as beneficial ownership is defined under federal securities laws. Each of our directors and executive officers plans to vote or direct the vote of all shares of common stock over which he or she has voting control in favor of the election of the nominees for director, the amendment of the Restated Articles and ratification of the appointment of the independent registered public accounting firm.

Proxies

Shares of common stock represented by properly executed proxies that we receive at or before the annual meeting that have not been revoked will be voted at the annual meeting in accordance with the instructions contained on the proxy card. Shares of common stock represented by properly executed proxy cards for which no instruction is given will be voted for the election of the nominees for director, for amendment of the Restated Articles and for ratification of the independent registered public accounting firm.

To ensure that your shares are voted, please complete, sign, date and return promptly the enclosed proxy card in the postage-prepaid envelope we have provided. You may revoke a proxy by:

submitting a later-dated proxy for the same shares at any time before the vote;

delivering written notice of revocation to the Secretary of Targeted Genetics at any time before the vote; or

attending the annual meeting and voting in person. Merely attending the annual meeting will not in and of itself revoke a proxy.

If the annual meeting is postponed or adjourned for any reason, at any subsequent reconvening of the annual meeting all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the annual meeting (except for any proxies that have at that time

Table of Contents

effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous meeting.

Proxy Solicitation

The enclosed proxy is solicited on behalf of our Board of Directors. We will bear the cost of soliciting proxies from our shareholders. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, facsimile, e-mail, in person or otherwise. We will not additionally compensate our directors, officers and employees for this solicitation but will reimburse them for the out-of-pocket expenses that they incur. We will reimburse persons who hold our common stock of record but not beneficially, such as brokerage firms, nominees, fiduciaries and other custodians, for the reasonable expenses they incur in forwarding solicitation materials to, and requesting authority for the exercise of proxies from, the persons for whom they hold the shares.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

**The Board of Directors recommends that you vote for election
of the nominees for director.**

Our bylaws provide that the Board of Directors shall be composed of not less than one nor more than nine directors. At present, we have seven directors, each of whom is placed into one of three classes such that, to the extent possible, there is an equal number of directors in each class. Every director subsequently elected to the Board of Directors generally holds office for a three-year term and until his or her successor is elected and qualified. However, if a director resigns from the Board of Directors before his or her term expires, the director elected or appointed to fill the resulting vacancy may be designated to a class such that he or she initially must be elected to a shorter term.

At the annual meeting, two Class 2 directors are to be elected, each to hold office for a three-year term or until his successor is elected and qualified. Joseph M. Davie and Louis P. Lacasse have been nominated for election to the Board of Directors as Class 2 directors. Information is provided below with respect to these nominees and our continuing directors.

Unless they receive contrary instructions, the persons named as proxies on the enclosed proxy card intend to cast votes represented by properly executed proxy cards for the election of these nominees. If either nominee should become unavailable for any reason, the persons named as proxies intend to cast votes for election of a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that either of the nominees named will be unable to serve if elected.

If a quorum is present, the two nominees receiving the highest number of votes will be elected to serve as Class 2 directors.

Initial NSOs granted to nonemployee directors vest over a three-year period and the annual NSOs granted to nonemployee directors vested over a one-year period.

Director Nominations Process

Our Board of Directors has adopted a charter of the Nominating and Corporate Governance Committee, or Nominating Committee, that describes the process by which candidates for possible inclusion in our recommended slate of director nominees are selected. The Board of Directors may amend this charter at any time, in which case the most current version will be available on our web site at <http://www.targetedgenetics.com>. Under its charter, the Nominating Committee is responsible for developing criteria for identifying and evaluating nominees for the Board of Directors.

Process for Identifying Candidates

Our Nominating Committee has two primary methods for identifying candidates beyond those proposed by our shareholders. On a periodic basis, the Nominating Committee may solicit ideas for possible candidates from a number of sources, including members of the Board of Directors, senior-level management, individuals personally known to the members of the Board of Directors and research, including publications, databases and Internet searches. In addition, the Nominating Committee may from time to time use its authority under its charter to retain a search firm to identify candidates.

Nomination Right of Shareholders

In accordance with our bylaws and applicable law, recommendations for nominations for the election of directors for consideration by the Nominating Committee may be made by any shareholder of record entitled to vote for the election of directors at shareholder meetings held for such purpose. The requirements a shareholder must follow for recommending persons for consideration by the Nominating Committee for election as directors are set forth in our bylaws and the section of this proxy statement entitled Shareholders Proposals for the 2006 Annual Meeting.

Subject to the superior rights, if any, of the holders of any class or series of stock having a preference over our common stock that we may issue in the future, if a shareholder complies with the procedures for recommending persons for consideration by the Nominating Committee for election as directors, the Nominating Committee will conduct the appropriate and necessary inquiries into the

Table of Contents

backgrounds, qualifications and skills of the shareholder-recommended candidates and, in the exercise of the Nominating Committee's independent judgment in accordance with the policies and procedures adopted in the Nominating Committee charter, will determine whether to recommend the shareholder-recommended candidates to the Board of Directors for inclusion in the list of candidates for election as directors at the next shareholder meetings held for such purpose.

Evaluation of Candidates

The Nominating Committee will consider all candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria. If, based on the Nominating Committee's initial evaluation, a candidate continues to be of interest, the Nominating Committee will generally conduct interviews and arrange for appropriate background and reference checks.

Director Independence and Other Matters

The Board of Directors has determined each of the following directors to be an independent director as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers, or NASD: Jack L. Bowman, Jeremy L. Curnock Cook, Joseph M. Davie, Louis P. Lacasse, Nelson L. Levy and Mark H. Richmond.

The Board of Directors has also determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the NASD and the Securities and Exchange Commission, or SEC.

Committees of the Board of Directors and Meetings

The committees of our Board of Directors are an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The functions performed by these committees are as follows:

Audit Committee. The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee has general responsibility for monitoring the finance, accounting, audit, review and attest activities and internal controls of Targeted Genetics. In addition, the Audit Committee chooses the certified public accountants to be appointed as the independent registered public accounting firm of Targeted Genetics, and ensures that such firm understands that it shall be ultimately accountable to and report to the Audit Committee. The Audit Committee has the sole authority to retain, evaluate, terminate and replace the independent registered public accounting firm. The members of the Audit Committee are Louis P. Lacasse (chairman), Jeremy L. Curnock Cook and Nelson L. Levy. The Board of Directors has determined that Messrs. Curnock Cook and Lacasse and Dr. Levy are audit committee financial experts, as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC, and that each of the members of the Audit Committee is independent in accordance with applicable NASDAQ listing standards and the rules and regulations of the SEC. A listing of the relevant experience that qualify Messrs. Curnock Cook and Lacasse and Dr. Levy as audit committee financial experts can be found in their biographical information contained at the beginning of Proposal One Election of Directors. The Audit Committee held four meetings during 2004. The report of the Audit Committee is set forth below.

Compensation Committee. The Compensation Committee operates under a written charter adopted by the Board of Directors. The Compensation Committee establishes salaries, incentives, option grants and other forms of compensation for our directors and executive officers. The Compensation Committee also administers our various incentive compensation and benefit plans, including our stock option plans, and recommends the establishment of policies relating to our incentive compensation and benefit plans. The members of this committee are Jack L. Bowman (chairman), Joseph M. Davie and Mark H. Richmond, each of whom are independent directors. The

Table of Contents

Compensation Committee held three meetings during 2004. The report of the Compensation Committee is set forth below.

Nominating and Corporate Governance Committee. The Nominating Committee operates under a written charter adopted by the Board of Directors. The Nominating Committee ensures that the Board of Directors is appropriately constituted to meet its fiduciary obligations to the shareholders and Targeted Genetics, monitors and safeguards the independence of the Board of Directors and provides a leadership role in shaping the corporate governance of Targeted Genetics. The members of this committee are Nelson L. Levy (chairman), Jeremy L. Curnock Cook and Louis P. Lacasse. The Nominating Committee held one meeting in 2004.

During 2004, there were four meetings of our Board of Directors. Each of our directors attended 75% or more of the meetings of the Board of Directors and the meetings held by all committees on which he or she served. All of our directors attended our 2004 annual meeting of shareholders.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2004, Mr. Bowman, Mr. Davie and Mr. Richmond served on the Compensation Committee of the Board of Directors. No member of the Compensation Committee was an officer or employee of Targeted Genetics. None of our executive officers served during the year ended December 31, 2004, as a member of the compensation committee or board of directors of any entity that has an executive officer serving as a member of our Compensation Committee or Board of Directors.

Specified changes in control of Targeted Genetics can trigger accelerated vesting of stock options and rights to related payments.

(2) We granted our employees options to purchase a total of 2,397,950 shares of our common stock. In addition in 2004 we granted our directors options to purchase 120,000 shares of our common stock.

(3) The dollar amounts set forth as potential realizable values are calculated based on assumed rates of appreciation of 5% and 10% and are not intended to forecast future appreciation. The Named Executive Officers will realize no value if our stock price does not exceed the exercise price of the options.

Change in Control Arrangements

Senior Management Employment Agreements. In October 1996, we entered into Senior Management Employment Agreements with both H. Stewart Parker and Barrie J. Carter. We entered into a substantially similar agreement with Todd E. Simpson on October 1, 2001. These agreements

Table of Contents

provide that, following a change in control (as that term is defined in the agreements), each executive who continues to be employed by the surviving company will be entitled to receive an annual base salary that is not less than his or her salary in effect before the change in control and an annual bonus at least equal to the average of his or her annual bonuses for the three prior years. In addition, each of these executives will be entitled to insurance coverage and other employee benefits no less favorable than their benefits in effect before the change in control. If during the two-year period after a change in control the employment of any of these executives is terminated for any reason other than death, disability or cause or the executive terminates his or her employment for good reason (as these terms are defined in the agreements), the terminated executive will be entitled to specified additional benefits, including a lump-sum payment equal to one and one-half times (or, in the case of Ms. Parker, two times) the sum of (a) that executive's annual salary before the change in control (or on the date of termination, if the executive's salary is higher on that date) and (b) a percentage of that salary equal to the executive's percentage bonus for the year before the change in control. If no such bonus was paid or if the bonus cannot be determined, the applicable percentage will be 10%. In addition, the terminated executive will be entitled to be paid an amount sufficient to compensate the executive for any excise tax, including interest and penalties, imposed under Section 4999 of the Internal Revenue Code of 1986, as amended, and will be entitled to continuation of life insurance, disability, health, dental and other similar employee benefits for one year after termination. The Senior Management Employment Agreements generally may be terminated with 30 days' prior written notice, but we will remain liable for any obligations arising before the termination.

Option Plans. Our Restated 1992 Stock Option Plan and our 1999 Stock Option Plan each contain provisions that could result in the accelerated vesting of options granted under those plans in the event of a change in control, as that term is defined in each of the plans. The vesting of options granted to our executive officers under these plans may accelerate in the event of a change in control.

Agreements with Management

We loaned Mr. Simpson \$100,000 under a promissory note dated October 31, 2001 to assist in his relocation. Interest on the principal balance accrues at a rate of five percent per year, compounded annually, over a term of four years. Repayment of the principal amount and accrued interest will be due in five equal installments over the term of the note, with the first four installments payable annually and the fifth installment due at the same time as the fourth installment. If, however, on the date an installment becomes due, Mr. Simpson is employed by us, was terminated without cause or has terminated his employment with good reason, as those terms are defined in Mr. Simpson's Senior Management Employment Agreement, Mr. Simpson will not be obligated to pay that installment. We forgave outstanding principal and accrued interest of \$23,000 in 2004, \$24,000 in 2003 and \$25,000 in 2002.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of our Board of Directors currently consists of Jack L. Bowman, Joseph M. Davie and Mark H. Richmond, all of whom are independent directors as defined under NASD rules. The Compensation Committee is responsible for our executive compensation program and for administering our incentive compensation and benefit plans. On an annual basis, the Compensation Committee evaluates the performance and compensation of our executive officers.

Our executive compensation philosophy is to pay competitively to:

attract qualified executive personnel capable of enabling Targeted Genetics to achieve its business objectives;

retain and motivate these executives to achieve superior performance;

link individual compensation to individual and company performance; and

align executives' financial interest with those of our shareholders.

Our executive compensation program includes the following components:

base salaries comparable to those paid by other biotechnology companies of comparable size and mission, taking into account the qualifications and performance of our executive officers;

annual bonuses that are structured to encourage executives to focus on achieving important short-term corporate and individual objectives; and

long-term incentives in the form of stock option grants, which provide financial rewards on the same basis as those realized by our shareholders.

Base Salaries. On January 13, 2004, the Compensation Committee met to consider the compensation levels of our chief executive officer and our other executive officers for 2004. In addition, the Compensation Committee discussed the performance of our executive officers with respect to our corporate objectives that were set in early 2003. The primary objectives consisted of making substantial progress in our clinical programs; successfully strengthening our financial assets; and further developing our manufacturing capabilities and processes. The Compensation Committee concluded that the executive officers had achieved or exceeded substantially all of the 2003 corporate goals. In light of fact that the chief executive officer and our other executive officers had not had an increase in base salaries in 2003 and that they had achieved or exceeded substantially all of the corporate goals for 2003, including making substantial progress in our clinical programs, successfully strengthening our financial assets, and further developing our manufacturing capabilities and processes, we recommended that Ms. Parker's base salary for 2004 be increased to \$398,000, that Dr. Carter's base salary for 2004 be increased to \$265,000 and that Mr. Simpson's base salary for 2004 be increased to \$240,000.

Short-Term Incentive Bonuses. On January 14, 2005, the Compensation Committee met to discuss the performance of our executive officers with respect to our corporate objectives that were set in early 2004. The primary objectives consisted of advancing our clinical development programs; successfully maintaining or expanding our current strategic partnerships and executing new strategic partnerships; strengthening our financial position; and further developing our production and manufacturing capabilities. The Compensation Committee concluded that the executive officers had achieved many of the 2004 corporate goals. Therefore, the committee recommended that bonus compensation for 2004 be set at approximately 60% of the target, resulting in bonuses paid to our Named Executive Officers of \$81,969 to Ms. Parker, \$38,984 to Dr. Carter and \$35,306 to Mr. Simpson.

Stock Option Grants. We grant stock options to provide a long-term incentive opportunity that is directly linked to an increase in shareholder value. We generally grant options with an exercise price equal to the market value of our common stock on the date of the grant and a term of ten years, and

Table of Contents

the options become exercisable over a four-year period in sixteen equal installments beginning three months after the date of grant. To encourage employee retention, we grant all options as incentive stock options to the maximum extent possible under the Internal Revenue Code.

When determining the size of potential option grants to our executive officers, the Compensation Committee uses a range of shares approach, referencing competitive grant guidelines prepared by a human resource and benefits consulting firm. We plan to annually review and revise these guidelines based on then-current competitive data. We maintain competitive levels of option holdings by executive officers through periodic refresher grants. In addition in 2004, when we made our option grant decisions, we took into consideration the fact that there were no salary increases in the 2003. In May 2004, we granted an option to purchase 200,000 shares to Ms. Parker, an option to purchase 150,000 shares to Dr. Carter and an option to purchase 150,000 shares to Mr. Simpson.

Section 162(m) of the Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to the chief executive officer and any other of its four most highly compensated executive officers. Compensation that qualifies as performance-based is, however, excluded from the \$1 million limit. We do not presently expect total cash compensation payable to any of the Named Executive Officers to exceed the \$1 million limit. It is our policy, however, to have the compensation paid to the Named Executive Officers qualify as performance-based and deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code unless there is a valid compensation reason that would justify paying non-deductible amounts. We have structured our incentive plans so that bonuses and stock options are fully deductible. Non-deductible compensation for executive officers would typically take the form of signing or guaranteed bonuses agreed to at the time of hire in order to provide the individual with an incentive to join the company.

Compensation of the Chief Executive Officer. We believe that Ms. Parker continues to provide outstanding leadership for Targeted Genetics, advancing Targeted Genetics product candidates through clinical development, strengthening the financial and strategic position of Targeted Genetics and successfully maintaining or expanding our current strategic partnerships and executing new strategic partnerships. In light of those achievements in 2004, we increased Ms. Parker's base salary by \$34,000, or 9.3%, from \$364,000 for 2003 to \$398,000 for 2004, and granted Ms. Parker an option to purchase 200,000 shares of our common stock. In light of her success in leading the company to meet a majority of its 2004 corporate objectives, we believe that her performance bonus for 2004 of \$81,969 is appropriate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and holders of 10% or more of our equity securities to file reports of ownership and changes in ownership with the SEC. SEC regulations require our executive officers, directors and 10%-or-greater shareholders to give us copies of all Section 16(a) forms that they file with the SEC.

Based solely on our review of these forms, or written representations from reporting persons that no such forms were required for those persons, we believe that our executive officers, directors and 10%-or-greater shareholders complied with all applicable filing requirements for the calendar year 2004.

PROPOSAL TWO
AMENDMENT OF THE RESTATED ARTICLES
The Board of Directors recommends that you vote
for the amendment of the Restated Articles.

Proposed Amendment. The Board of Directors has approved and adopted, subject to shareholder approval, an amendment, or Amendment, to our Restated Articles, in substantially the form attached to this proxy statement as Appendix A. The proposed Amendment would increase our authorized common stock from 120,000,000 shares to 180,000,000 shares, which would increase our total authorized capital to 186,000,000 shares, which includes 6,000,000 shares of preferred stock. If approved by our shareholders, the Amendment will become effective upon filing with the Secretary of State of Washington.

As of the record date, 85,628,244 shares of our common stock were outstanding and no shares of preferred stock were outstanding. As of the record date, we had reserved an aggregate of 12,121,744 shares of our common stock for future issuance upon (a) the exercise of options outstanding under our stock option plans, (b) the exercise of options that may be granted under our stock option plans and (c) the exercise of outstanding warrants.

To fund our continuing operations, we intend to raise additional capital through future issuances of common stock or securities convertible into common stock. We may also issue additional shares of stock in connection with the acquisition of complementary businesses or technologies or for other general corporate purposes, including issuances upon the exercise of future stock options granted under our stock option plans. The Board of Directors believes that having the additional shares of common stock authorized and available for issuance will give us greater flexibility in considering potential future issuances of stock that may be desirable or necessary to accommodate our business plan. Except for existing commitments under our current collaboration agreements and with respect to options outstanding under our stock option plans, we currently do not have any commitments or understandings that would require the issuance of additional shares of common stock.

Once authorized, the additional shares of common stock may be issued upon the approval of the Board of Directors but without further approval of our shareholders, unless shareholder approval is required under any applicable law or rule of any securities market on which our securities are traded. The additional shares of common stock would have rights identical to those of our currently outstanding common stock. The proposed increase in the number of shares of authorized common stock, and any future issuance of the additional shares, will not affect the rights of our current holders of common stock, except for effects that are incidental to the increase, such as dilution.

Of the 6,000,000 shares of preferred stock authorized under the Restated Articles, 800,000 shares are designated Series A participating cumulative preferred stock, none of which are outstanding, and 12,015 shares are designated Series B convertible exchangeable preferred stock, none of which are outstanding. The remaining 5,187,985 shares of authorized preferred stock are not currently designated but are subject to the Board of Directors' authority to designate additional series of preferred stock.

Approval of the Amendment requires the affirmative vote of a majority of the outstanding shares of common stock. Abstentions and broker non-votes will have the same effect as votes against this proposal.

The Board of Directors believes that approval of the Amendment is in the best interest of our shareholders and that the Amendment is necessary to provide us with the flexibility to pursue additional capital financing opportunities and licensing and other strategic transactions, to provide grants of options and to meet our general corporate needs. If the Amendment is not approved, we may have insufficient shares of common stock authorized to complete these types of transactions in the future.

PROPOSAL THREE
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

**The Board of Directors recommends that you vote for ratification
of the independent registered public accounting firm.**

The Board of Directors recommends that you vote for ratification of its selection of Ernst & Young LLP, independent registered public accounting firm, to audit and report on our consolidated financial statements for the year ending December 31, 2005. The decision to submit the appointment of Ernst & Young to our shareholders for ratification was recommended and approved by our Audit Committee. The affirmative vote of the holders of shares representing a majority of the votes cast at the annual meeting, in person or by proxy, is required to ratify the appointment of the independent registered public accounting firm. Ernst & Young also served as our independent registered public accounting firm for each of the years ended December 31, 2004 and December 31, 2003.

Representatives of Ernst & Young are expected to attend the annual meeting, be available to respond to appropriate questions from shareholders and have the opportunity to make a statement if they desire to do so. If our shareholders fail to ratify the selection of Ernst & Young, the Audit Committee and the Board of Directors will consider whether to retain Ernst & Young, and may retain that firm or another firm without resubmitting the matter to our shareholders.

The fees billed by Ernst & Young LLP for the indicated services performed during the fiscal years ended December 31, 2004 and December 31, 2003 were as follows:

	Fiscal 2004	Fiscal 2003
Audit fees	\$ 307,000	\$ 166,000
Audit-related fees	74,000	82,000
Tax fees	18,000	16,000
All other fees		3,000
Total fees	\$ 399,000	\$ 267,000

Audit fees: Consists of fees related to professional services rendered in connection with the audit of our annual consolidated financial statements, the reviews of the consolidated financial statements included in each of our quarterly reports on Form 10-Q and accounting consultations that relate to the audited consolidated financial statements and are necessary to comply with generally accepted auditing standards.

Audit-related fees: Consists of fees for assurance and related services and consisted primarily professional services rendered in connection with equity financings.

Tax fees: Consists of fees billed for professional services related to federal and state tax return preparation.

All other fees: Consists of fees for a subscription to electronic research materials.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm. All fees billed by outside auditors incurred in 2004 were pre-approved by the Audit Committee. Our Audit Committee has determined that Ernst & Young's rendering of all other non-audit services is compatible with maintaining auditor independence. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. Under the policy, pre-approval is generally provided for particular services or categories of services, including planned services, project-based services and routine consultations projects. Each category is subject to a specific budget or quarterly dollar amount. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval. The Audit Committee has delegated certain

Table of Contents

pre-approval authority to its Chairman. The Chairman must report any decisions to the Audit Committee at its next scheduled meeting.

AUDIT COMMITTEE REPORT

The Board of Directors has determined that members of the Audit Committee currently are independent, as that term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers, and operates under a written Audit Committee charter adopted by the Board of Directors on March 4, 2004. The members of the Audit Committee are Louis P. Lacasse (chairman), Jeremy L. Curnock Cook and Nelson L. Levy.

Our management is responsible for our internal controls and the financial reporting process. Our independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report on its audit. The Audit Committee's responsibility is to monitor and oversee these processes. In addition, the Audit Committee recommends to the full Board of Directors the selection of our independent registered public accounting firm.

In 2004, the Audit Committee met and held discussions with management and the independent registered public accounting firm. In addition, the members of the Audit Committee individually reviewed our consolidated financial statements before we filed them with the SEC in our quarterly reports on Forms 10-Q and annual report on Form 10-K. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards, or SAS, No. 61, as amended by SAS No. 90, *Communication with Audit Committees*.

Our independent registered public accounting firm also provided to the Audit Committee the written disclosures required by the Independence Standards Board's Standard No. 1, *Independence Discussions with Audit Committees*, and discussed with the Audit Committee Ernst & Young's independence and considered the compatibility of non-audit services with the firm's independence.

Based on the Audit Committee's discussion with management and the independent registered public accounting firm and its review of the representation of management and the report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2004, to be filed with the Securities and Exchange Commission. The Audit Committee also evaluated the performance of Ernst & Young and recommended to the Board of Directors that Ernst & Young be selected as Targeted Genetics independent registered public accounting firm to audit and report on Targeted Genetics' consolidated financial statements for the year ending December 31, 2005.

4.3 Designation of Rights and Preferences of Series A Participating Cumulative Preferred Stock

The following series of Preferred Stock is hereby designated, which series shall have the rights, preferences and privileges and limitations set forth below:

4.3.1 Designation of Series A Participating Cumulative Preferred Stock

The shares of such series shall be designated the Series A Participating Cumulative Preferred Stock (the Series A Preferred Stock), par value \$.01 per share. The number of shares initially constituting the Series A Preferred Stock shall be 800,000; *provided, however*, if more than a total of 800,000 shares of Series A Preferred Stock shall be issuable upon the exercise of Rights (the Rights) issued pursuant to the Rights Agreement dated as of October 17, 1996 between the corporation and ChaseMellon Shareholder Services, as Rights Agent (the Rights Agreement), the corporation's Board of Directors, pursuant to Section 23B.06.020 of the Revised Code of Washington, shall direct by resolution or resolutions that Articles of Amendment be properly executed and filed with the Washington Secretary of State providing for the total number of shares of Series A Preferred Stock authorized for issuance to be increased (to the extent that the Restated Articles of Incorporation then permits) to the largest number of whole shares (rounded up to the nearest whole number) issuable upon exercise of such Rights. In addition, such number of shares may be decreased by resolution of the Board of Directors; *provided, however*, that no decrease shall reduce the number of shares of Series A Preferred Stock to a number less than the number of shares then outstanding plus the number of shares reserved for issuance upon the exercise of outstanding options, rights or warrants or upon the conversion of any outstanding securities issued by the corporation convertible into Series A Preferred Stock.

4.3.2 Dividends and Distributions

(a) Subject to the prior and superior rights of the holders of shares of any other series of Preferred Stock or other class of capital stock of the corporation ranking prior and superior to the shares of Series A Preferred Stock with respect to dividends, the holders of shares of Series A Preferred Stock shall be entitled to receive, when, as, and if declared by the Board of Directors, out of the assets of the corporation legally available therefor, quarterly dividends payable in cash on the last

Table of Contents

day of each fiscal quarter in each year, or such other dates as the corporation's Board of Directors shall approve (each such date being referred to in this Designation as a Quarterly Dividend Payment Date), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or a fraction of a share of Series A Preferred Stock, in an amount per share (rounded to the nearest cent) equal to the greater of (i) \$.01 and (ii) the Formula Number (as hereinafter defined) then in effect times the cash dividends then to be paid on each share of Common Stock. In addition, if the corporation shall pay any dividend or make any distribution on the Common Stock payable in assets, securities or other forms of noncash consideration (other than dividends or distributions solely in shares of Common Stock), then, in each such case, the corporation shall simultaneously pay or make on each outstanding whole share of Series A Preferred Stock a dividend or distribution in like kind equal to the Formula Number then in effect times such dividend or distribution on each share of Common Stock. As used in this Designation and in the Rights Agreement, the Formula Number shall be 100; *provided, however*, that if at any time after October 17, 1996 the corporation shall (i) declare or pay any dividend on the Common Stock payable in shares of Common Stock or make any distribution on the Common Stock in shares of Common Stock, (ii) subdivide (by a stock split or otherwise) the outstanding shares of Common Stock into a larger number of shares of Common Stock, or (iii) combine (by a reverse stock split or otherwise) the outstanding shares of Common Stock into a smaller number of shares of Common Stock, then in each such event the Formula Number shall be adjusted to a number determined by multiplying the Formula Number in effect immediately prior to such event by a fraction, the numerator of which is the number of shares of Common Stock that are outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that are outstanding immediately prior to such event (and rounding the result to the nearest whole number); and *provided further*, that if at any time after October 17, 1996 the corporation shall issue any shares of its capital stock in a merger, reclassification or change of the outstanding shares of Common Stock, then in each such event the Formula Number shall be appropriately adjusted to reflect such merger, reclassification or change so that each share of Preferred Stock continues to be the economic equivalent of a Formula Number of shares of Common Stock prior to such merger, reclassification or change.

(b) The Corporation shall declare a dividend or distribution on the Series A Preferred Stock as provided in Section 4.3.2(a) immediately prior to or at the same time it declares a dividend or distribution on the Common Stock (other than a dividend or distribution solely in shares of Common Stock); *provided, however*, that in the event no dividend or distribution (other than a dividend or distribution in shares of Common Stock) shall have been declared on the Common Stock during the period between any Quarterly Dividend Payment Date and the next subsequent Quarterly Dividend Payment Date, a dividend of \$.01 per share on the Series A Preferred Stock shall nevertheless be payable on such subsequent Quarterly Dividend Payment Date. The Corporation's Board of Directors may fix a record date for the determination of holders of shares of Series A Preferred Stock entitled to receive a dividend or distribution declared thereon, which record date shall be the same as the record date for any corresponding dividend or distribution on the Common Stock and which shall not be more than 60 days prior to the date fixed for payment thereof.

(c) Dividends shall begin to accrue and be cumulative on outstanding shares of Series A Preferred Stock from and after the Quarterly Dividend Payment Date next preceding the date of original issue of such shares of Series A Preferred Stock; *provided, however*, that dividends on such shares that are originally issued after the record date for the determination of holders of shares of Series A Preferred Stock entitled to receive a quarterly dividend on or prior to the next succeeding Quarterly Dividend Payment Date shall begin to accrue and be cumulative from and after such Quarterly Dividend Payment Date. Notwithstanding the foregoing, dividends on shares of Series A Preferred Stock that are originally issued prior to the record date for the determination of holders of shares of Series A Preferred Stock entitled to receive a quarterly dividend on or prior to the first Quarterly Dividend Payment Date shall be calculated as if cumulative from and after the last day of the fiscal quarter (or such other Quarterly Dividend Payment Date as the corporation's Board of Directors shall approve) next preceding the date of original issuance of such shares. Accrued but unpaid dividends shall not bear

interest. Dividends paid on the shares of Series A Preferred Stock in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding.

(d) So long as any shares of Series A Preferred Stock are outstanding, no dividends or other distributions shall be declared, paid or distributed, or set aside for payment or distribution, on the Common Stock unless, in each case, the dividend required by this Section 4.3.2 to be declared on the Series A Preferred Stock shall have been declared.

(e) The holders of shares of Series A Preferred Stock shall not be entitled to receive any dividends or other distributions except as provided in this Designation.

4.3.3 Voting Rights

The holders of shares of Series A Preferred Stock shall have the following voting rights:

(a) Each holder of Series A Preferred Stock shall be entitled to a number of votes equal to the Formula Number then in effect for each share of Series A Preferred Stock held of record on each matter on which holders of the Common Stock or shareholders generally are entitled to vote, multiplied by the maximum number of votes per share that any holders of the Common Stock or shareholders generally then have with respect to such matter (assuming any holding period or other requirement to vote a greater number of shares is satisfied).

(b) Except as otherwise provided in this Designation or by applicable law, the holders of shares of Series A Preferred Stock and the holders of shares of Common Stock and any other capital stock of the corporation having general voting rights shall vote together as one class for the election of directors of the corporation and on all other matters submitted to a vote of shareholders of the corporation.

(c) Except as provided in this Designation or by applicable law, holders of Series A Preferred Stock shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth in this Designation) for authorizing or taking any corporate action.

4.3.4 Certain Restrictions

(a) Whenever quarterly dividends or other dividends or distributions payable on the Series A Preferred Stock as provided in Section 4.3.2 are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series A Preferred Stock outstanding shall have been paid in full, the corporation shall not:

(i) declare or pay dividends on, make any other distributions on, or redeem or purchase or otherwise acquire for consideration any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock;

(ii) declare or pay dividends on or make any other distributions on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred Stock, except dividends paid ratably on the Series A Preferred Stock and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred Stock; *provided, however*, that the corporation may at any time redeem, purchase or otherwise acquire shares of any such junior stock in exchange for shares of any stock of the corporation ranking junior (either as to dividends or upon dissolution, liquidation or winding up) to the Series A Preferred Stock; or

Table of Contents

(iv) redeem or purchase or otherwise acquire for consideration any shares of Series A Preferred Stock, or any shares of stock ranking on a parity with the Series A Preferred Stock, except in accordance with a purchase offer made in writing or by publication (as determined by the corporation's Board of Directors) to all holders of such shares upon such terms as the corporation's Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(b) The corporation shall not permit any subsidiary of the corporation to purchase or otherwise acquire for consideration any shares of stock of the corporation unless the corporation could, under paragraph (a) of this Section 4.3.4, purchase or otherwise acquire such shares at such time and in such manner.

4.3.5 Liquidation Rights

Upon the liquidation, dissolution or winding up of the corporation, whether voluntary or involuntary, no distribution shall be made to (a) the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received an amount equal to the greater of (i) \$.01 per share and (ii) the accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment, plus an aggregate amount per share equal to the Formula Number then in effect times the aggregate amount to be distributed per share to holders of Common Stock or (b) the holders of shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred Stock, except distributions made ratably on the Series A Preferred Stock and all other such parity stock in proportion to the total amounts to which the holders of all such shares are entitled upon such liquidation, dissolution or winding up.

4.3.6 Consolidation, Merger, etc.

In case the corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case the then outstanding shares of Series A Preferred Stock shall at the same time be similarly exchanged or changed into an amount per share equal to the Formula Number then in effect times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is exchanged or changed. In the event both this Section 4.3.6 and Section 4.3.2 appear to apply to a transaction, this Section 4.3.6 will control.

4.3.7 No Redemption; No Sinking Fund

(a) The shares of Series A Preferred Stock shall not be subject to redemption by the corporation or at the option of any holder of Series A Preferred Stock; *provided, however*, that the corporation may purchase or otherwise acquire outstanding shares of Series A Preferred Stock in the open market or by offer to any holder or holders of shares of Series A Preferred Stock.

(b) The shares of Series A Preferred Stock shall not be subject to or entitled to the operation of a retirement or sinking fund.

4.3.11 Amendment

ARTICLE 11.

To the full extent that the Washington Business Corporation Act, as it exists on the date hereof or may hereafter be amended, permits the limitation or elimination of the liability of Directors, a Director of this corporation shall not be liable to this corporation or its shareholders for monetary damages for conduct as a Director. Any amendments to or repeal of this Article 11 shall not adversely affect any right or protection of a Director of this corporation for or with respect to any acts or omissions of such Director occurring prior to such amendment or repeal.

The Chairman of the Board of Directors, the President or the Board of Directors may call special meetings of the shareholders for any purpose. **SERIES B CONVERTIBLE EXCHANGEABLE PREFERRED STOCK
DESIGNATION OF RIGHTS AND PREFERENCES**

There is hereby designated a series of Preferred Stock to be known as Series B Convertible Exchangeable Preferred Stock (the Series B Stock), consisting of 12,015 shares, \$0.01 par value per share, having the following rights and preferences:

1. Dividend Rights

(a) When and if this corporation's Board of Directors shall declare a dividend or distribution payable with respect to the then-outstanding shares of Common Stock of this corporation, other than any such dividend or distribution payable in shares of Common Stock or other securities of this corporation (which is provided for in Sections 3.3 and 3.4), the holders of the Series B Stock shall be entitled to the amount of dividends per share that would be payable on the largest number of whole shares of Common Stock into which a holder's aggregate shares of Series B Stock could then be converted pursuant to Section 3.1(a) without regard to the provisions of Section 4 (such number to be determined as of the record date for the determination of holders of Common Stock entitled to receive such dividend).

(b) In addition to Section 1(a), subject to the rights of holders, if any, of shares of Preferred Stock then outstanding having a right to dividends ranking equal or superior to the rights of holders of Series B Stock, the holders of the then outstanding Series B Stock shall be entitled to receive, out of any assets of this corporation legally available therefor, a cumulative dividend equal to 7.0% per year of \$1,000.00 per share (the Series B Original Issue Price) (as adjusted for any combinations, consolidations, stock distributions, stock dividends or other recapitalizations with respect to such shares) plus accrued dividends thereon, compounded on a semi-annual basis for a period of six years from the date of issuance. Such dividend shall be payable solely by the issuance of additional shares of Common Stock upon conversion of the Series B Stock into Common Stock pursuant to Section 3 hereof; provided, however, that if the Company exercises the Redemption Right (as defined in Section 4), such dividend shall be payable in cash upon such redemption in accordance with Section 4. The dividend to be paid to a holder under this Section 1 upon a conversion of the Series B Stock shall be equal to that number of shares of Common Stock determined by dividing the total

dividend accrued with respect such holder's Series B Stock by the Series B Conversion Price, determined in accordance with Section 3 hereof, then in effect. No dividends shall be payable under this Section 1 in the event the Exchange Right is exercised pursuant to Section 5.

(c) In the event of any liquidation, dissolution or winding-up of the affairs of the Corporation, whether voluntary or involuntary (collectively, a "Liquidation"), before any payment of cash or distribution of other property shall be made to the holders of the Common Stock or any other class or series of stock subordinate in liquidation preference to the Series B Stock, the holders of the Series B Stock shall be entitled to receive out of the assets of the Corporation legally available for distribution to its shareholders, the Series B Original Issue Price (as defined below) per share (as appropriately adjusted for any combinations or divisions or similar recapitalizations affecting the Series B Stock after issuance) (the "Series B Liquidation Preference"), out of funds legally available therefor.

(d) If, upon any Liquidation, the assets of the Corporation available for distribution to its shareholders shall be insufficient to pay the holders of the B Preferred Stock the full amounts to which they shall be entitled, the holders of the Series B Stock shall share ratably in any distribution of assets in proportion to the respective amounts which would be payable to them in respect of the shares held by them if all amounts payable to them in respect of such were paid in full pursuant to Section 1(c).

(e) After the distribution described in Section 1(c) above have been paid, subject to the rights of other series of preferred stock that may from time to time come into existence, the remaining assets of the Corporation available for distribution to shareholders shall be distributed among the holders of Common Stock pro rata based on the number of shares of Common Stock held by each.

2. Voting Rights

Holders of Series B Stock shall not be entitled to vote together with holders of Common Stock, including with respect to the election of directors of this corporation, or as a separate class, except as otherwise provided by the Washington Business Corporation Act (the "WBCA"). To the extent that, under the WBCA, the vote of the holders of the Series B Stock, voting separately as a class or series as applicable, is required to authorize a given action of this corporation, the affirmative vote or consent of the holders of at least a majority of the shares of the Series B Stock represented at a duly held meeting at which a quorum is present or by written consent of a majority of the shares of Series B Stock (except as otherwise may be required under the WBCA) shall constitute the approval of such action by the class or series. Holders of the Series B Stock shall be entitled to notice of all shareholder meetings or written consents (and copies of proxy materials and other information sent to shareholders) with respect to which they would be entitled as of right under the WBCA which notice would be provided pursuant to the Company's Bylaws and the WBCA.

3. Conversion

3.1 Right to Convert; Automatic Conversion

(a) Subject to Sections 3.3, 3.4, 3.5 and 3.6, each share of Series B Stock shall be convertible, without payment of any additional consideration by the holder thereof and at the option of such holder, into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing the Series B Original Issue Price, plus any accrued and unpaid dividends, by the Series B Conversion Price (as defined below) in effect at the time of conversion, at any time from the date hereof, at the office of this corporation or any transfer agent for such stock. The Series B Conversion Price shall initially be \$3.32 per share, subject to adjustment as provided below.

(b) In the event that a Significant Transaction (as defined below) occurs, then, in such event, the Series B Stock shall automatically be converted into such number of fully paid and nonassessable shares of Common Stock determined by dividing the Series B Original Issue Price, plus accrued and unpaid dividends, by the Series B Conversion Price then in effect, provided that the Corporation shall have given the holders of the Series B Stock notice that such significant transaction shall occur. For

purposes of this Certificate of Designation, **Significant Transaction** shall mean (A) a reorganization, merger or consolidation in which immediately after (by virtue of securities issued as consideration for such transaction) the former shareholders of this corporation do not hold at least 50% of the voting power of the surviving or acquiring entity in approximately the same relative percentage after such acquisition or sale as before such acquisition or sale, (B) an acquisition of all outstanding capital stock of this corporation or (C) a sale or other transfer of all or substantially all of this corporation's assets, but shall not include (1) a commencement of any bankruptcy or insolvency proceedings, whether voluntary or involuntary, (2) a filing for reorganization or relief under bankruptcy law, (3) a consent to the appointment of a receiver, liquidator or trustee for this corporation or its assets, (4) a making of a general assignment by this corporation for the benefit of its creditors or (5) any other similar corporate action.

3.2 Mechanics of Conversion

Before any holder of Series B Stock shall be entitled to convert the same into shares of Common Stock, such holder shall surrender the certificate or certificates therefor, duly endorsed, at the office of this corporation or of any transfer agent for the Series B Stock, and shall give written notice by mail, postage prepaid, to this corporation at its principal corporate office, of the election to convert the same and shall state the name or names in which the certificate or certificates for shares of Common Stock are to be issued. This corporation shall, as soon as practicable, issue and deliver at such office to such holder of Series B Stock or to the nominee or nominees of such holder, a certificate or certificates for the number of shares of Common Stock to which such holder shall be entitled. Such conversion shall be deemed to have been made immediately prior to the close of business on the date of such surrender of the shares of Series B Stock to be converted, and the person or persons entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder or holders of such shares of Common Stock as of such date.

3.3 Conversion Price Adjustments for Stock Splits and Combinations

If this corporation shall at any time or from time to time after the date that the first share of Series B Stock is issued (the **Original Issue Date**) effect a subdivision of the outstanding Common Stock without a corresponding subdivision of the Series B Stock, the Series B Conversion Price in effect immediately before that subdivision shall be proportionately decreased. Conversely, if the Company shall at any time or from time to time after the **Original Issue Date** combine the outstanding shares of Common Stock into a smaller number of shares without a corresponding combination of the Series B Stock, the Series B Conversion Price in effect immediately before the combination shall be proportionately increased. Any adjustment under this Section 3.3 shall become effective at the close of business on the date the subdivision or combination becomes effective.

3.4 Other Distributions

In the event this corporation shall declare a distribution payable in securities of other persons, evidences of indebtedness issued by this corporation or other persons, assets (excluding cash dividends) or options or rights not referred to in Section 3.3, then, in each such case for the purpose of this Section 3.4, the holders of the Series B Stock shall be entitled to a proportionate share of any such distribution as though they were the holders of the number of shares of Common Stock of this corporation into which their shares of Series B Stock are convertible as of the record date fixed for the determination of the holders of Common Stock of this corporation entitled to receive such distribution.

3.5 Recapitalizations

If the Common Stock issuable upon the conversion of Series B Stock shall be changed into the same or a different number of shares of any class or classes of stock of this corporation, whether by capital reorganization, reclassification or otherwise (other than a subdivision or combination of shares or stock dividend provided for elsewhere in this Section 3), then and in each such event each share of Series B Stock shall be convertible into the kind and amount of shares of stock and other securities and property receivable upon such reorganization, reclassification or other change by the number of

Table of Contents

shares of Common Stock into which such share of Series B Stock might have been converted immediately prior to such reorganization, reclassification or change, all subject to further adjustment as provided herein.

3.6 No Fractional Shares; Certificates as to Adjustment

(a) No fractional shares of Common Stock or scrip representing fractional shares shall be issued upon the conversion of shares of Series B Stock, but this corporation shall pay to the holder of such shares a cash adjustment in respect of such fractional shares in an amount equal to the same fraction of the market price per share of the Common Stock (as determined in a reasonable manner prescribed by this corporation's Board of Directors) at the close of business on the applicable conversion date. The determination as to whether or not any fractional shares are issuable shall be based upon the total number of shares of Series B Stock being converted at any one time by any holder, not upon each share of Series B Stock being converted.

(b) In each case of an adjustment or readjustment of the Series B Conversion Price, this corporation at its expense will furnish each holder of Series B Stock with a certificate, signed by this corporation's Chief Financial Officer, showing such adjustment or readjustment and stating in detail the facts upon which such adjustment or readjustment is based.

3.7 Notices of Record Date

In the event of any taking by this corporation of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any dividend (other than a cash dividend) or other distribution, any right to subscribe for, purchase or otherwise acquire any shares of stock of any class or other securities or property, or to receive any other right, this corporation shall mail to each holder of Series B Stock, at least twenty (20) days prior to the date specified therein, a notice specifying the date on which any such record is to be taken for the purpose of such dividend, distribution or right, and the amount and character of such dividend, distribution or right.

3.8 Reservation of Stock Issuable Upon Conversion

This corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock such number of its shares of Common Stock as shall be sufficient to effect the conversion of all outstanding shares of the Series B Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series B Stock, in addition to such other remedies as shall be available to the holder of such Preferred Stock, this corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes.

3.9 Notices

Any notice required by the provisions of this Section 3 to be given to the holders of shares of Series B Stock shall be deemed given if deposited in the United States mail, postage prepaid, and addressed to each holder of record at such holder's address appearing on the books of this corporation.

4. Limitation on Issuance of Shares Upon Conversion; Redemption

(a) The following definitions shall apply to this Section 4:

(i) Maximum Share Amount shall mean the number of shares of this corporation's Common Stock equal to 19.99% of this corporation's Common Stock then outstanding;

(ii) Excess Shares shall mean Common Stock of this corporation which, upon issuance, results in the beneficial ownership (as defined in Rule 13(d)-3 of the Securities Exchange Act of 1934) by a holder of shares of Common Stock in excess of the Maximum Share Amount;

Table of Contents

(iii) Exchange Rules shall mean the rules or regulations of Nasdaq or any other principal securities market upon which the Common Stock of this corporation is or becomes traded.

(b) Except as provided in Section 4(c), this corporation shall not be obligated to issue upon conversion of the Series B Stock, in the aggregate, Excess Shares if such issuance in excess of the Maximum Shares Amount would constitute a breach or violation of the Exchange Rules.

(c) To the extent this corporation will be required, or it appears likely to the Board of Directors of this corporation that this corporation will be required, to issue any Excess Shares, this corporation shall promptly use its best efforts to obtain shareholder approval in accordance with the WBCA, the applicable rules of the Securities and Exchange Commission and the Exchange Rules. In the event this corporation does not obtain shareholder approval, this corporation shall have the right, at its option (the Redemption Right), to redeem, out of funds legally available therefor, all or any part of the Excess Shares at a redemption price, payable in cash, equal to the Series B Original Issue Price per share together with accrued and unpaid dividends on any such shares that are redeemed (the Redemption Price). This corporation may exercise the Redemption Right by providing notice by mail, first class postage prepaid, to each holder of Series B Stock of record (at the close of business on the business day preceding the day on which notice is given) of the Series B Stock to be redeemed, at the address last shown on the records of this corporation for such holder, notifying such holder of the redemption to be effected, specifying the number of shares to be redeemed from such holder, the date that the redemption is to occur (the Redemption Date), the place at which payment may be obtained and calling upon such holder to surrender to this corporation, in the manner and at the place designated, such holder's certificate or certificates representing the shares to be redeemed (the Redemption Notice). On or after the Redemption Date, each holder of Series B Stock to be redeemed shall surrender to this corporation the certificate or certificates representing such shares in the manner and at the place designated in the Redemption Notice, and thereupon the Redemption Price of such shares shall be payable to the order of the person whose name appears on such certificate or certificates as the owner thereof and each surrendered certificate shall be cancelled. In the event less than all of the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares. From and after the Redemption Date, unless there shall have been a default in payment of the Redemption Price, all rights of the holders of shares of Series B Stock designated for redemption in the Redemption Notice as holders of Series B Stock (except the right to receive the Redemption Price without interest upon surrender of their certificate or certificates and except as provided in Section 6(c)) shall cease with respect to such shares, and such shares shall not thereafter be transferred on the books of this corporation or be deemed to be outstanding for any purpose whatsoever.

5. Exchange Right

(a) At any time beginning on the date hereof and ending on the later of April 21, 2003 or six months after the end of the Research and Development Term (as defined by the Joint Development and Operating Agreement among this corporation, Elan Pharmaceuticals, plc, a public liability corporation incorporated under the laws of Ireland, Elan International Services, Ltd., a Bermuda corporation (EIS) and Targeted Genetics Newco, Ltd., a Bermuda corporation (Newco)), provided that no shares of Series B Stock representing the shares initially issued and sold by this corporation to EIS and its affiliates, together with those issued or issuable in respect of dividends provided for in Section 1, have been converted as provided in Section 3.1(a) or 3.1(b), the holders of the Series B Stock (by act of the holders of a majority of the Series B Stock) shall have the right to exchange 100% of such shares of Series B Stock (the Exchange Right) with this corporation for 100% of the outstanding preferred shares of Newco, held by this corporation, representing 30.1% of the beneficial interest in the aggregate issued and outstanding capital stock of Newco on a fully diluted basis, so that, after giving effect to the exercise of the Exchange Right, such holders will own such issued and outstanding capital stock of Newco representing 50.0% of the beneficial interest in the aggregate issued and outstanding capital stock of Newco on a fully diluted basis.

Table of Contents

(b) In order to exercise the Exchange Right, the holders shall provide written notice thereof to this corporation, setting forth (i) the fact that such holders intend to exercise the Exchange Right and (ii) the proposed date for such exercise (the Exercise Date), which shall be between 10 and 30 days after the date of such notice. On the Exercise Date, (x) the holders shall tender their shares of Series B Stock to this corporation for cancellation and (y) this corporation shall cause to be delivered to EIS, acting on behalf of such holders, such shares of Newco. The holders and this corporation shall take all other necessary or appropriate actions in connection with or to effect such closing.

(c) If any shares of Series B Stock are converted into shares of Common Stock pursuant to Section 3.1(a) or 3.1(b), the Exchange Right shall terminate and be of no further force or effect with respect to such shares or with respect to those shares of Series B Stock issued as dividends pursuant to Section 1. If all or any shares of the Series B Stock are converted to shares of Common Stock upon the occurrence of a Significant Transaction, the Exchange Right shall be preserved for its full term as provided in Section 5(a), except that, to exercise the Exchange Right, EIS shall be obligated to tender the consideration received by EIS upon the automatic conversion of the Series B Stock in connection with such Significant Transaction. If this corporation exercises the Redemption Right with respect to any shares of Series B Stock, the Exchange Right shall be preserved for its full term, except that, to exercise the Exchange Right, in addition to tendering any shares of Series B Stock then outstanding, EIS shall be obligated to tender the consideration received by EIS upon the redemption of any Excess Shares in connection with this corporation's exercise of its Redemption Right.

6. Protective Provisions

So long as any shares of Series B Stock are outstanding, this corporation shall not, without first obtaining the approval (by vote or written consent, as provided by law) of the holders of at least a majority of the then outstanding shares of Series B Stock, voting as a separate class or series, amend its Articles of Incorporation so as to adversely affect the rights, preferences or privileges of the Series B Stock or any holder thereof, including, without limitation, by creating any series of Preferred Stock (or issuing shares under any such series) that is senior in right of payment upon liquidation, in respect of dividends or otherwise to the Series B Stock, or adversely change the rights of the holders of the Series B Stock in any other respect; provided, however, that the creation of any series of Preferred Stock (or issuance of shares under any such series) that is *pari passu* in respect of dividends or otherwise with the Series B Stock shall not be deemed to adversely affect the rights, preferences or privileges of the Series B Stock or any holder thereof or change the rights of the holders of the Series B Stock in any other respect.

7. Status of Converted, Redeemed or Exchanged Stock

In the event any shares of Series B Stock shall be converted pursuant to Section 3, redeemed pursuant to Section 4 or exchanged pursuant to Section 5, the shares so converted, redeemed or exchanged shall be cancelled and shall not be reissuable by this corporation.
