PROXY STATEMENT

-----

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

### SOLICITATION AND REVOCATION OF PROXIES

The accompanying proxy is being solicited by and on behalf of the Board of Supervisory Directors of Core Laboratories N.V. for use at our 2003 annual meeting of shareholders to be held at the law offices of Nauta Dutilh, Prinses Irenestraat 59, 1077 WV, Amsterdam, The Netherlands, on \_\_\_\_\_, May \_\_, 2003 at \_\_\_:00 p.m., local time. If the accompanying proxy card is properly executed and returned, the shares it represents will be voted at the annual meeting in accordance with the directions noted on the card, or, if no directions are indicated, it will be voted for the two nominees for Supervisory Director and in favor of the other proposals described in this proxy statement. Any shareholder giving a proxy has the power to revoke it (1) by giving oral or written notice to our corporate Secretary at any time before the proxy is voted, (2) by submitting a properly signed proxy card with a later date, or (3) by voting in person at the annual meeting.

The solicitation of proxies by the Supervisory Board will be conducted by mail. In addition, certain members of the Supervisory Board, officers and regular employees of our company may solicit proxies in person, by facsimile, by telephone or by other means of electronic communication. Core Laboratories will bear the cost of preparing and mailing proxy materials as well as the cost of soliciting proxies and will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their expenses in sending proxy materials to the beneficial owners of our common shares.

At the close of business on April 15, 2003, the record date for the determination of shareholders entitled to notice of and to vote at our annual meeting, there were \_\_\_\_\_ common shares outstanding, each of which is entitled to one vote. Our common shares are the only class of our capital stock outstanding and entitled to notice of and to vote at the annual meeting. The presence, in person or by proxy, of at least a majority of our outstanding common shares is required for a quorum. Under the Dutch Civil Code and our articles of association, common shares abstaining from voting and broker non-votes will not count as votes cast at the annual meeting but will count for the purpose of determining whether a quorum is present at the meeting.

A copy of our Annual Report on Form 10-K for the year ended December 31, 2002, including the financial statements, schedules and exhibits thereto, may be obtained without charge by written request to John D. Denson, Secretary, in the care of Core Laboratories, LP, 6316 Windfern Road, Houston, Texas 77040.

This proxy statement and the accompanying proxy card were first mailed to shareholders on or about \_\_\_\_\_, 2003.

#### ITEM 1 ELECTION OF SUPERVISORY DIRECTORS

Our articles of association provide for one or more Supervisory Directors. Our Supervisory Board currently has seven members who are divided into three classes of Supervisory Director. Each class is elected for a term of three years such that the term of one class of Supervisory Director expires at the annual meeting each year. At this year's annual meeting we will be electing two Class III Supervisory Directors whose terms expire at the annual meeting. The Supervisory Board is proposing the election of Richard L. Bergmark and Alexander Vriesendorp as Class III Supervisory Directors for a term expiring at the annual meeting in 2006. Both of the nominees for Supervisory Director are presently members of the Supervisory Board.

Nominees for Supervisory Director are proposed by our Supervisory Board and elected at the annual meeting by the affirmative vote of a majority of the votes cast at the meeting. Our shareholders may override the proposal of the Supervisory Board by a vote of two-thirds of the votes cast at the meeting if more than one-half of the outstanding share capital is present or represented.

Unless otherwise instructed or unless authority to vote is withheld, the enclosed proxy will be voted for the election of the nominees listed above. If at the time of, or prior to, the annual meeting any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by our Supervisory Board. The Supervisory Board has no reason to believe that any substitute nominees will be required. No proxy will be voted for a greater number of persons than the number of nominees named herein. Shareholders may not cumulate their votes in the election of Supervisory Directors.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE NOMINEES FOR SUPERVISORY DIRECTOR AS SET FORTH ABOVE, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

The following table sets forth the names, ages and titles of our Supervisory Directors whose terms expire at the annual meeting and who have been nominated for reelection as Supervisory Director:

The restricted shares will generally vest three years from the date of grant assuming continued employment, continued ownership of the underlying common shares upon which the grant was based and certain other conditions. Demshur, Bergmark, Davis and Denson were awarded 40,000, 20,000, 20,000 and 10,000 performance restricted shares, respectively, which represent the right to receive our common shares in the future. None of these awards will vest unless our common shares perform better than the common stock of 50% of the companies comprising the Oil Services Sector Index (OSX) during the three-year period that began January 1, 2002. If our common shares perform better than 75% of the companies comprising this index during such period, then all of the performance restricted shares will vest. If our common shares perform better than between 50% and 75% of the companies comprising the index, then an interpolated percentage of between 20% and 100% of the performance restricted shares will vest at the end of the three-year period. Dividends, if declared, will not be paid on the restricted shares prior to vesting. As of December 31, 2002, the value of these restricted share awards, calculated in the same manner, would have been \$454,000, \$227,000, \$227,000 and \$113,500 for Messrs. ### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Supervisory Directors, executive officers and persons who own more than ten percent of our common shares to file initial reports of ownership and reports of changes in ownership (Forms 3, 4 and 5) of our common shares with the SEC and the NYSE. Supervisory Directors, executive officers and greater than ten percent shareholders are required by SEC regulations to furnish us with copies of all such forms that they file.

To our knowledge, based upon our review of the Section 16(a) filings that have been received by us, we believe that during the fiscal year ending December 31, 2002, our Supervisory Directors, executive officers and ten percent shareholders complied with the applicable Section 16(a) filing requirements.

### COMMITTEES OF THE SUPERVISORY BOARD

The Supervisory Board has three standing committees, the identities, memberships and functions of which are described below:

**Audit Committee.** The current members of the Audit Committee of our Supervisory Board are Messrs. Joyce, Ogren and Perna. The Audit Committee's principal functions include making recommendations concerning the engagement of the independent accountants, reviewing with the independent accountants the plan and results of the auditing engagement, approving professional services provided by the independent accountants and reviewing the adequacy of our internal accounting controls. Each member of the Audit Committee is independent as defined by the corporate governance standards of the New York Stock Exchange. The Supervisory Board has developed a written charter for our audit committee which was filed as an appendix to our proxy statement in 2001.

**Compensation Committee.** The current members of the Compensation Committee of our Supervisory Board are Messrs. Ogren and Perna. The Compensation Committee's principal functions include a general review of our compensation and benefit plans to ensure that they are properly designed to meet corporate objectives. The Compensation Committee reviews and approves the Chief Executive Officer's recommendations on the compensation of our senior executive officers, granting of awards under our stock option and other benefit plans and adopting and changing major compensation policies and practices.

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

In addition to establishing the compensation for the Chief Executive Officer, the Compensation Committee reports its recommendations to the whole Supervisory Board for approval. The Compensation Committee also oversees our Incentive Plan and our Nonemployee Director Plan.

Nominating and Governance Committee. On November 12, 2002, the Supervisory Board established a Nominating and Governance Committee of the Supervisory Board. The current members of the Nominating and Governance Committee are Messrs. Joyce, Ogren, Schouten and Vriesendorp. The Nominating and Governance Committee's principal functions include recommending candidates to the full board for election or appointment as Supervisory Director and advising about, and recommending to the Supervisory Board, an appropriate set of corporate governance practices. Each member of the Nominating and Governance Committee is independent as defined by the corporate governance standards of the New York Stock Exchange.

The Supervisory Board held five meetings in 2002, the Audit Committee held eight meetings in 2002, the Compensation Committee held one meeting in 2002 and the Nominating and Governance Committee held no meetings in 2002. Each Supervisory Director attended at least 75% of the meetings of the Supervisory Board and of all committees on which he serves.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2002, no executive officer served as:

- o a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as one of our Supervisory Directors; or
- o a director of another entity, one of whose executive officers served on our Supervisory Board or the board of directors of one of our subsidiaries.

Joseph R. Perna, a member of our Compensation Committee, is a former officer of our company.

### REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee's responsibilities are:

- o to oversee the development of the compensation program for our officers and managerial employees;
- o to administer the incentive and stock option plans, including approval of grants and awards under these plans; and
- o to establish the compensation program for our Chief Executive Officer and our other executive officers.

Our Compensation Committee is comprised of Joseph R. Perna and D. John Ogren, neither of whom are our employees.

Executive Compensation Philosophy. The objective of the compensation program for officers and managers is to create strong financial incentives for corporate and division officers and managers to increase profits, revenues and operating efficiency, which we expect to lead to an increase in shareholder

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

value. The following objectives guide the Compensation Committee in its deliberations:

- o provide a competitive compensation program that enables us to attract and retain key executives and Supervisory Board members;
- o ensure a strong relationship between our performance results and those of our divisions and the total compensation received by an individual;

10

- o balance our annual and longer term performance objectives;
- o encourage executives to acquire and retain meaningful levels of common shares; and
- o work closely with our Chief Executive Officer to ensure that the compensation program supports our management style, objectives and culture.

In addition to normal employee benefits, the executive total compensation program includes base salary, annual cash incentive compensation and longer term stock-based grants and awards.

Market Comparisons. Primary market comparisons for executive compensation are made to other oilfield service companies, adjusted for size and job responsibilities. The companies used for market comparisons in the development of the compensation program are broader than those used in the performance graph presented elsewhere in this proxy statement and are used because they are more representative of the market in which we compete for executive talent. Data sources include peer company proxy disclosures, oilfield industry surveys, national survey databases and general trend data provided by consultants.

Variable Incentives. Variable incentives, both annual and longer term, are major components of the program and are used to link pay with performance results appropriate to each executive officer or manager. Variable incentive awards and performance objectives are calibrated such that total compensation will approximate the market 50th percentile when our performance plans are achieved and exceed the 50th percentile when our performance plans are exceeded.

Internal Revenue Code Section 162(m). Internal Revenue Code Section 162(m) imposes a \$1,000,000 limit, with certain exceptions, on the deductibility of compensation paid to each of our five highest paid executive officers. In particular, compensation that is determined to be "performance based" is exempt from this limitation. To be "performance based," incentive payments must use predetermined objective standards, limit the use of discretion in making awards and be certified by the Compensation Committee made up of "outside directors." To date, we have not lost any tax deductions related to the limitations of Section 162(m). The Compensation Committee will continue to monitor these issues and will take appropriate action if it is warranted in the future.

### EXECUTIVE COMPENSATION PROGRAM

The following is a discussion of each of the principal components of the executive total compensation program.

Base Salary. The base salary program targets the median of the primary

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

comparison group for corporate and divisional officers and managers. Each executive is reviewed individually on an annual basis. Salary adjustments are based on the individual's experience and background, the individual's performance during the prior year, the general movement of salaries in the marketplace and our financial position. As a result of these factors, an executive's base salary may be above or below the targeted median at any point in time.

Annual Incentive Compensation. We administer an annual incentive plan for our corporate and divisional officers and managers. The goal of the plan is to reward participants in proportion to our performance as a whole, the performance of the division for which they have direct responsibility and their individual contributions to our success.

For 2002, corporate participants were measured on earnings before interest and taxes, or "EBIT," and earnings per share, while division participants were also measured on working capital management. In addition, a discretionary component was included as part of the plan so that outstanding effort and dedication could be recognized. The measures were weighted substantially equally.

Supplemental Executive Retirement Plans. In 1998, we adopted the Core Laboratories Supplemental Executive Retirement Plan, which we refer to as the "Group SERP," for the benefit of certain key employees and outside directors. The Group SERP was established to provide additional retirement income to the participants and death benefits to the participants' designated beneficiaries as a reward for the participants' contributions to our success and growth. The four participants in the Group SERP are Richard L. Bergmark, David M. Demshur, Joseph R. Perna and Stephen D. Weinroth.

11

Mr. Weinroth served as Chairman of our Supervisory Board until May 2001. Each participant is entitled to receive a retirement benefit of \$250,000 per year, which begins on the participant's retirement date and is paid in annual installments until the participant's death. If a participant dies on or after his retirement date and prior to receiving 15 annual installments of his retirement benefit, then the participant's designated beneficiary is entitled to receive \$250,000 each year until such payments have been made for an aggregate of 15 years to both the participant and such designated beneficiary. If the participant dies before his retirement date, the designated beneficiary of the deceased participant is entitled to receive \$225,000 each year for 15 years. Each participant's benefit under the Group SERP is fully vested and fully accrued. Additionally, the participant may make a prior election to receive a lump sum payment upon a "change of control" of our company equal to the discounted present value of the retirement benefits that would have been paid upon the participant's retirement. Benefits under the Group SERP may be forfeited only in the event of a participant's termination for cause.

In 1999, we adopted the Core Laboratories Supplemental Executive Retirement Plans for Monty L. Davis and John D. Denson, which we refer to as the "Individual SERPs." The Individual SERPs were established to provide additional retirement income for Messrs. Davis and Denson and death benefits for their designated beneficiaries as a reward for their respective contributions to our success and growth. Each is entitled to receive a retirement benefit commencing on his retirement date. The amount of the retirement benefit is determined using a formula that takes into consideration the participant's compensation, years of employment, and a five year vesting schedule, and is paid in annual installments until the participant's death. Vesting in this retirement benefit is accelerated

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

upon a "change in control" of our company. If a participant dies on or after his retirement date and prior to receiving 15 annual installments of his retirement benefit, then the designated beneficiary of the deceased participant is entitled to receive the payments the deceased participant would have received if the participant's death had not occurred. Such payments will continue until payments for an aggregate of 15 years have been made to both the participant and his designated beneficiary. If a participant dies prior to his retirement date, the designated beneficiary of the deceased participant is entitled to receive annual payments for 15 years, and the amount of such payments is determined using a formula similar to that described above. Additionally, the participant may make a prior election to receive a lump sum payment upon a "change of control" of our company equal to the discounted present value of the retirement benefits that would have been paid upon the participant's retirement. Benefits under an Individual SERP may be forfeited upon a participant's termination for cause.

We have purchased insurance coverage on the lives of Messrs. Bergmark, Demshur, Perna, Davis and Denson to assist us in providing benefits under the Group and Individual SERPs. We are the owner and beneficiary of the insurance coverage and are obligated to pay the total premium of \$319,500 and \$82,191 each year for the Group SERP and the Individual SERPs, respectively, until the policies are paid up (which we anticipate will occur in 2005). Based on actuarial calculations (including a 12% earnings rate assumption), we expect that the death benefits paid to us under the insurance policies will be sufficient to cover the costs of the Group and Individual SERPs' benefits and the policy premium payments for these individuals. However, to the extent the death benefits under the policies are insufficient to cover those costs, we are obligated to pay the remainder out of our other general assets to absorb any shortfall. In the event of a "change of control," we are obligated to fully fund the amount of the retirement benefits and death benefits of all six participants in the Group and Individual SERPs and their designated beneficiaries. The amount of the "change of control" contribution is the lesser of the total amount due under the terms of the Group and Individual SERPs and the amount of unpaid premiums on any insurance policies held by the trust through the seventh anniversary of the date of the purchase of each such policy.

Deferred Compensation Plan. Core Laboratories LP, one of our principal subsidiaries, has adopted a deferred compensation plan that allows certain officers, including all of our executive officers, to defer a portion of their salary and bonus, as well as the amount of any reductions in their deferrals under the 401(k) Plan, due to certain limitations imposed by the Internal Revenue Code of 1986, as amended. The plan also provides for employer contributions to be made on behalf of participants equal in amount to certain forfeitures of, and/or reductions in, employer contributions that participants could have received under the 401(k) Plan in the absence of certain limitations imposed by the Internal Revenue Code. These employer contributions vest gradually over a period of five years. Discretionary employer contributions may also be made on behalf of participants in the plan and are subject to discretionary vesting schedules determined at the time of such contributions. Vesting in all employer contributions is accelerated upon the death of the participant or a "change in control." Employer contributions under the plan are forfeited upon a participant's termination of employment to the extent they are not vested at that time.

Stock Based Compensation. Stock ownership by corporate and divisional management is encouraged through the use of the Incentive Plan which provides for the award of our common shares and options to buy our common shares. The Compensation Committee and management believe that widespread common share

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

ownership by key employees is an important means of encouraging superior performance and employee retention. Common share option grants are considered annually based on competitive multiples of base salary. Senior executives typically have a higher multiple and, as a result, have a greater portion of their total compensation linked to our long-term success. In determining the appropriate grant multiples, we target the market median among publicly-held oilfield service companies of similar size. In 2002, our executive officers did not receive stock option grants.

In 2002, we made performance restricted share awards to members of our corporate and divisional management, including our executive officers. These performance restricted share awards represent the right to receive our common shares in the future. Assuming the employee's continued employment (or death or disability while employed), these awards will vest on December 31, 2004 based on the performance of our common shares as compared to that of the common stock of the companies comprising the Oil Service Sector Index (OSX). None of these awards will vest unless our common shares perform better than the common stock of 50% of the companies comprising this index during the three-year period that began on January 1, 2002. If our common shares perform better than 75% of the companies comprising the index during such period, then all of the performance restricted shares will vest. If our common shares perform better than between 50% and 75% of the companies comprising the index, then an interpolated percentage of between 20% and 100% of the performance restricted shares will vest at the end of the three-year period. Upon a "change in control" of our company, all of the performance restricted shares will vest.

Executive Restricted Share Matching Program. In 2002, we implemented an Executive Restricted Share Matching Program to encourage personal investment in our common shares by our executive officers. Under the program, Messrs. Demshur, Bergmark, Davis and Denson were granted a number of restricted shares equal to the number of common shares such executive officer had purchased in open market transactions or held in his deferred compensation, 401(k) or other retirement account as of June 1, 2002. The number of shares that an executive officer was eligible to have matched was capped at 50,000 shares. Pursuant to the program, Messrs. Demshur, Bergmark, Davis and Denson were awarded 47,394, 49,259, 16,491 and 19,708 restricted shares, respectively. The shares will vest three years from the date of grant assuming the executive's continued employment with our company and continued ownership of the underlying common shares upon which the grant was based. These awards will also vest immediately upon the death or disability of the participant, his involuntary termination without cause or a "change in control" of our company.

The agreements governing the awards also provide that each executive officer is entitled to receive an additional restricted share award upon the vesting of the initial restricted shares in order to reimburse the executive for the amount of tax payable by the executive upon the vesting of the initial restricted shares (including any tax due as a result of the tax gross-up itself). If the initial restricted shares vest as a result of any of the events listed in the last sentence of the preceding paragraph, the executive will be granted a lump sum cash payment equal to the amount of tax due (including any tax due as a result of the tax gross-up itself) rather than a grant of restricted shares. The additional restricted shares will vest two years from the date of the grant assuming the executive's continued employment with our company, continued ownership of the common shares upon which the initial grant was based and continued ownership of the vested initial restricted shares (less a number of restricted shares equal in value to the amount of tax the executive was required to pay upon the vesting of the initial restricted shares). These additional awards will also vest immediately upon the death or disability of the participant, his involuntary termination without cause or a "change in control" of our company.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

Our Chief Executive Officer, David M. Demshur, participates in the executive compensation program described above. In establishing the base salary for Mr. Demshur, our Compensation Committee assessed the pay levels for chief executive officers in similar companies in the oilfield service industry and our profit performance. In 2002, Mr. Demshur's base salary was \$447,923. He received no stock options in 2002 and did not receive an annual incentive award for 2002. Mr. Demshur received an award of 40,000 performance restricted shares in 2002 and a grant of 47,394 restricted shares pursuant to the Executive Restricted Share Matching Program described above.

In determining the independence of PricewaterhouseCoopers LLP for purposes of its 2002 audit, the Audit Committee considered whether the rendering of non-audit services was compatible with maintaining PricewaterhouseCoopers LLP's independence and concluded that PricewaterhouseCoopers LLP's independence was not compromised by the provision of such services.

### SHAREHOLDER RETURN PERFORMANCE PRESENTATION

The following performance graph compares the performance of our common shares to the Standard & Poor's 500 Index and the Standard & Poor's Oil Well Equipment and Services Index (which has been selected as our peer group) for the period beginning January 1, 1998 and ending December 31, 2002. The graph assumes that the value of the investment in our common shares and each index was \$100 at January 1, 1998 and that all dividends were reinvested. Our common shares began trading on the Nasdaq Stock Market in September 1995 and in July 1998 ceased trading on the Nasdaq Stock Market and began trading on the New York Stock Exchange.

### CHANGE IN INDEPENDENT PUBLIC ACCOUNTANTS

On April 10, 2002, our Supervisory Board, upon the recommendation of our Audit Committee, made a determination to dismiss Arthur Andersen LLP as our independent public accountants and selected PricewaterhouseCoopers LLP to serve as our independent public accountants for the fiscal year ending December 31, 2002.

Arthur Andersen LLP's reports on our consolidated financial statements for each of the years ended December 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to the uncertainty, audit scope or accounting principles. Arthur Andersen LLP's reports on our consolidated financial statements for the year ended December 31, 2001 were filed with our Annual Report on Form 10-K for the year ended December 31, 2001.

During the years ended December 31, 2001 and 2000 and through the end of the period during which they served as our independent public accountants, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused them to make reference to the subject matter in connection with their report on our consolidated financial statements for such years. There were no reportable events as listed in Item 304(a)(1)(v) of Regulation S-K.

During the years ended December 31, 2001 and 2000 and through the date of their engagement as our independent public accountants in April 2002, we did not consult PricewaterhouseCoopers LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered in our consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

### ITEM 2. APPROVAL OF ANNUAL ACCOUNTS

At the annual meeting, our shareholders will be asked to approve our Dutch Statutory Annual Accounts for the fiscal year ending December 31, 2002, as required under Dutch law and our articles of association. In accordance with

15

Article 408 of the Dutch Civil Code, the Annual Accounts are our annual accounts and our participation and do not represent the consolidated accounts of our company and subsidiaries as presented in our Consolidated Financial Statements contained in our Annual Report for the year ending December 31, 2002.

The affirmative vote of the majority of the votes cast at the annual meeting is required to adopt the Annual Accounts.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ADOPTION OF THE ANNUAL ACCOUNTS, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

### ITEM 3. EXTENSION OF AUTHORITY OF MANAGEMENT BOARD UNTIL NOVEMBER \_\_, 2004 TO REPURCHASE SHARES

## Edgar Filing: CORE LABORATORIES N V - Form PRE 14A

Under Dutch law, our articles of association and subject to certain Dutch statutory provisions, we may repurchase up to 10% of our outstanding share capital in open market purchases at any price that does not exceed \$200.00 per share or its equivalent in other currencies. This \$200.00 limit is an arbitrary number used to satisfy Dutch statutory provisions and our articles of association and is not reflective of the price that would actually be paid in any such repurchase unless the market price of our common shares approximated such amount on the date of repurchase. Any such purchases are subject to the approval of the Supervisory Board and the authorization of our shareholders at the annual meeting, which authorization must be renewed every 18 months. In connection with our initial public offering in September 1995, our shareholders authorized our Management Board to make such repurchases for a period of 18 months. At each annual meeting subsequent to 1995, our shareholders have extended the period such that the current period is set to expire on November 29, 2003. In 2002, we repurchased approximately 860,400 of our common shares for an aggregate purchase price of approximately \$9.0 million. In 2003 through March 31, we have repurchased approximately 790,800 of our common shares for an aggregate purchase price of \$8.9 million. We believe that it is in the best interest of our company and shareholders to have the flexibility to repurchase shares in the future if the Supervisory Board deems it advisable to do so. THIS AUTHORITY IS SIMILAR TO THAT GENERALLY AFFORDED UNDER STATE LAW TO PUBLIC COMPANIES DOMICILED IN THE UNITED STATES.

At the annual meeting, our shareholders will be asked to approve a further extension of this authority for an additional 18-month period from the date of the annual meeting until November \_\_, 2004.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authorization of the management board to repurchase up to 10% of our outstanding share capital for an additional 18-month period from the date of the annual meeting.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE EXTENSION OF THE AUTHORITY OF THE MANAGEMENT BOARD TO REPURCHASE UP TO 10% OF OUR OUTSTANDING SHARE CAPITAL UNTIL NOVEMBER \_\_, 2004 AT A PRICE NOT TO EXCEED \$200.00 PER SHARE, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

### ITEM 4.

#### EXTENSION OF AUTHORITY OF SUPERVISORY BOARD TO ISSUE SHARES OF CORE LABORATORIES N.V. UNTIL MAY \_\_, 2008

Under Dutch law and our articles of association, the Supervisory Board has the power to issue shares of our share capital as long as the Supervisory Board has been designated and authorized by the shareholders to do so at the annual meeting. An authorization of the Supervisory Board to issue shares may be effective for a period of up to five years and may be renewed on an annual rolling basis. In connection with our initial public offering in September 1995, our shareholders authorized the Supervisory Board to issue shares and/or rights with respect to our shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended the period such that the current period is set to expire on May 29, 2007.

16

At the annual meeting, our shareholders will be asked to approve a further extension of this authority for a five-year period from the date of the annual meeting until May \_\_, 2008. THIS AUTHORITY TO ISSUE SHARES IS SIMILAR TO THAT GENERALLY AFFORDED UNDER STATE LAW TO PUBLIC COMPANIES DOMICILED IN THE

UNITED STATES. Management believes that retaining the flexibility to issue shares for acquisition, financing or other business purposes in a timely manner without first obtaining specific shareholder approval is important to our continued growth. Furthermore, our common shares are listed on the NYSE and, accordingly, the issuance of additional shares will remain subject to the rules of the NYSE. In particular, the NYSE requires shareholder approval for the issuance of shares of common stock in excess of twenty percent of the shares outstanding except for public offerings for cash or bona fide private offerings at a price greater than both the book and market value of a company's common stock.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to issue and/or to grant rights (including options to purchase) with respect to our common and/or preference shares for a five-year period from the date of the annual meeting.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE EXTENSION OF THE AUTHORITY OF THE SUPERVISORY BOARD TO ISSUE AND/OR TO GRANT RIGHTS (INCLUDING OPTIONS TO PURCHASE) WITH RESPECT TO OUR COMMON AND/OR PREFERENCE SHARES UNTIL MAY \_\_, 2008, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

### ITEM 5.

#### EXTENSION OF AUTHORITY OF SUPERVISORY BOARD TO LIMIT OR ELIMINATE PREEMPTIVE RIGHTS UNTIL MAY \_\_, 2008

Holders of our common shares (other than our employees and employees of our subsidiaries who are issued common shares pursuant to the exercise of options granted under the Incentive Plan and the Nonemployee Director Plan) have a pro rata preemptive right of subscription to any of our common shares issued for cash unless such right is limited or eliminated by our Supervisory Board. Holders of our common shares have no pro rata preemptive subscription right with respect to any common shares issued for consideration other than cash. If designated and authorized by our shareholders at the annual meeting, the Supervisory Board has the power to limit or eliminate such rights. Such an authorization may be effective for up to five years and may be renewed for successive five-year periods. In connection with our initial public offering in September 1995, our shareholders authorized the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for a five-year period. At each annual meeting subsequent to 1995, our shareholders have extended this period such that the current period is set to expire on May 29, 2007.

At the annual meeting, our shareholders will be asked to approve a further extension of this authority for a five-year period from the date of the annual meeting until May \_\_, 2008 to limit or eliminate preemptive rights. PREEMPTIVE RIGHTS ARE UNCOMMON FOR PUBLIC COMPANIES DOMICILED IN THE UNITED STATES. Management believes that if the Supervisory Board is not granted the authority to limit preemptive rights, the ability of our company to engage in equity financing transactions would be significantly affected. Furthermore, as long as our common shares remain listed on the NYSE, any issuance of common shares will remain subject to the rules of the NYSE, including limitations on our ability to issue shares without shareholder approval. See Item 4 above for a discussion of the NYSE rules regarding stock issuances.

The affirmative vote of the majority of the votes cast at the annual meeting is required to extend the authority of the Supervisory Board to limit or eliminate the preemptive rights of holders of our common shares for a five-year period from the date of the annual meeting.

THE SUPERVISORY BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE

EXTENSION OF THE AUTHORITY OF THE SUPERVISORY BOARD TO LIMIT OR ELIMINATE PREEMPTIVE RIGHTS OF HOLDERS OF OUR COMMON SHARES UNTIL MAY \_\_, 2008, AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

### ITEM 6

RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP  
AS INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY FOR 2003

17

The Supervisory Board has appointed the firm of PricewaterhouseCoopers LLP as our independent public accountants for the year ending December 31, 2003 subject to ratification by our shareholders. PricewaterhouseCoopers LLP has acted as our independent public accountants since April 2002.

The affirmative vote of the majority of the votes cast at the annual meeting is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent public accountants for 2003.

In the event the appointment is not ratified, our Supervisory Board will consider the appointment of other independent accountants. Our Supervisory Board may terminate the appointment of PricewaterhouseCoopers LLP as our independent accountants without the approval of our shareholders whenever our Supervisory Board deems such termination necessary or appropriate. Representatives of PricewaterhouseCoopers LLP are not expected to be present at the annual meeting.

THE SUPERVISORY BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF PRICEWATERHOUSECOOPERS' APPOINTMENT AS OUR INDEPENDENT PUBLIC ACCOUNTANTS FOR 2003 AND PROXIES EXECUTED AND RETURNED WILL BE SO VOTED UNLESS CONTRARY INSTRUCTIONS ARE INDICATED THEREON.

### ITEM 7. OTHER MATTERS

The Supervisory Board does not know of any other matters that are to be presented for action at the annual meeting. However, if any other matters properly come before the annual meeting or any adjournment thereof, it is intended that the enclosed proxy will be voted in accordance with the judgment of the persons voting the proxy.

### SHAREHOLDER PROPOSALS

Any shareholder who desires to submit a proposal for inclusion in the proxy material for presentation at the 2004 annual meeting of shareholders must forward such proposal to our corporate Secretary at the address indicated on the cover page of this proxy statement, so that the Secretary receives it no later than \_\_\_\_\_, 2004. Any notice of a proposal to be considered at the 2004 annual meeting should also be submitted to our corporate Secretary. Any such notice will be considered untimely if not received by the Secretary on or before \_\_\_\_\_, 2004.
