PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of Proxies by the Board of Directors of Deckers Outdoor Corporation, a Delaware corporation (the Company or Deckers), for use at the Annual Meeting of Stockholders (the Annual Meeting) to be held at 9:00 a.m., local time, on May 19, 2006, at Hotel Andalucia, 31 West Carrillo Street, Santa Barbara, California 93101, and any continuations, postponements or adjournments thereof for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement and the accompanying Proxy Card (the Proxy) were first mailed to stockholders on or about April , 2006.

Method of Voting

Stockholders can vote by Proxy or by attending the Annual Meeting and voting in person. A Proxy is enclosed. If you vote by means of the Proxy, the Proxy must be completed, signed and dated by you or your authorized representative. The completed Proxy may be returned in the postage-paid envelope provided or by facsimile to the Inspector of Elections at (213) 553-9735. Angel R. Martinez and Zohar Ziv, the designated proxyholders (the Proxyholders), are members of the Company s management. If you hold Common Stock in street name, you must either instruct your broker or nominee as to how to vote such shares or obtain a Proxy, executed in your favor by your broker or nominee, to be able to vote at the Annual Meeting.

If a Proxy is properly signed, dated and returned and is not revoked, the Proxy will be voted at the Annual Meeting in accordance with the stockholder s instructions indicated on the Proxy. If no instructions are indicated on the Proxy, the Proxy will be voted FOR the nominees named herein for election as directors, FOR ratification of the selection of KPMG LLP as the Company s independent registered public accounting firm, FOR the 2006 Equity Incentive Plan, FOR the amendment to the Company s Certificate of Incorporation to authorize the annual election of directors, and in accordance with the recommendations of the Board of Directors upon such other business as may properly come before such meeting or any and all continuations, postponements or adjournments thereof.

Revocation of Proxy

A stockholder giving a Proxy has the power to revoke it at any time before it is exercised by giving written notice of revocation to the Secretary of the Company, by executing a subsequent Proxy, or by attending the Annual Meeting and voting in person. If you have instructed your broker to vote your shares, you must follow directions received from your broker to change those instructions. Subject to any such revocation, all shares represented by properly executed Proxies will be voted in accordance with the specifications on the enclosed Proxy.

Record Date

March 27, 2006 has been fixed as the record date (the Record Date) for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and any postponements or adjournments thereof. As of March 27, 2006, there were outstanding 12,483,066 shares of the Company s common stock, par value \$.01 per share (the Common Stock).

Table of Contents

Voting Rights

Vote Required. In order to conduct business at the Annual Meeting, a quorum must be present. A majority of the shares of Common Stock entitled to vote, present in person or represented by Proxy, will constitute a quorum at the Annual Meeting. We will treat shares of Common Stock represented by a properly signed and returned Proxy, including abstentions and broker non-votes, as present at the Annual Meeting for the purposes of determining the existence of a quorum. Each share of Common Stock issued and outstanding on the Record Date is entitled to one vote on any matter presented for consideration and action by the stockholders at the Annual Meeting. The Company's Certificate of Incorporation does not authorize cumulative voting in the election of directors. Directors will be elected by a plurality of the votes of the shares of the Company's Common Stock present in person or represented by Proxy and entitled to vote on the election of directors. The affirmative vote of holders of a majority of the outstanding shares of our Common Stock, present in person or represented by Proxy at the Annual Meeting and entitled to vote (assuming that a quorum is present), is required to approve Proposal No. 2 regarding the ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm and Proposal No. 3 regarding the 2006 Equity Incentive Plan. The affirmative vote of holders of a majority in voting power of the outstanding shares of our Common Stock is required to approve Proposal No. 4 regarding the amendment to the Company's Certificate of Incorporation to authorize the annual election of directors.

Abstentions. We will count a properly executed Proxy marked ABSTAIN with respect to a particular proposal as present for purposes of determining whether a quorum is present, but the shares represented by that Proxy will not be voted at the Annual Meeting with respect to such proposal. Because approval of Proposal No. 4 requires the affirmative vote of a majority of the voting power of the shares outstanding, abstentions on this proposal will have the same effect as a vote AGAINST Proposal No. 4. However, abstentions will have no effect on the outcome of any other proposal, but will reduce the number of votes required to approve those proposals.

Broker Non-Votes. If your shares are held by your broker, your broker will vote your shares for you if you provide instructions to your broker on how to vote. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares. Broker non-votes are shares held by a broker or other nominee that are represented at the Annual Meeting, but with respect to which the broker or nominee is not instructed by the beneficial owner of the shares to vote on the particular proposal and the broker does not have discretionary voting power on the proposal. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum but will not be counted for purposes of determining the number of shares represented and voting with respect to a proposal. Failure to instruct your broker on how to vote your shares on Proposal No. 4 will have the effect of voting AGAINST Proposal No. 4. Failure to instruct your broker on how to vote your shares on any other proposal will have no effect on the outcome of such proposals, assuming that a quorum is present at the Annual Meeting, but will reduce the number of votes required to approve those proposals.

Voting Shares in Person that are Held Through Brokers. If your shares are held of record by your broker, bank or another nominee and you wish to vote those shares in person at the annual meeting, you must obtain from the nominee holding your shares a properly executed legal Proxy identifying you as a Deckers stockholder, authorizing you to act on behalf of the nominee at the Annual Meeting and identifying the number of shares with respect to which the authorization is granted.

Procedures for Stockholder Nominations

The Company's Bylaws provide that a stockholder seeking to nominate a candidate for election as director at an annual meeting of stockholders must provide timely advance written notice. To be timely, a stockholder's notice generally must be received at our principal executive office on or before the date 90 days prior to the scheduled date of the annual meeting or, if it is a later date, on or before the date seven days after the Company first publishes notice of the annual meeting.

Under our Bylaws, a stockholder's notice of a proposed nomination for director to be made at an annual meeting must include the following information:

the name and address of the stockholder proposing to make the nomination and of the person or persons to be nominated;

a representation that the holder is a stockholder entitled to vote his or her shares at the annual meeting and intends to vote his or her shares in person or by proxy for the person nominated in the notice;

a description of all arrangements or understandings between the stockholder(s) supporting the nomination and each nominee;

any other information concerning the proposed nominee(s) that the Company would be required to include in the Proxy Statement if the Board of Directors made the nomination; and

the consent of the nominee(s) to serve as director if elected.

The presiding officer of the Annual Meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure. Stockholder nominations submitted in accordance with the requirements of the Bylaws will be forwarded to the Corporate Governance and Nominating Committee.

Other Business

If any other matters are promptly presented for consideration at the Annual Meeting including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place in order to solicit additional Proxies in favor of one or more of the proposals, the persons named as Proxyholders and acting thereunder will have discretion to vote on these matters according to their best judgement to the same extent as the person delivering the Proxy would be entitled to vote. At the date this Proxy Statement went to press, we did not anticipate any other matter would be raised at the Annual Meeting.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

The Company's Bylaws state that the Board of Directors shall consist of not less than one or more than seven members. The specific number of Board members within this range is established by the Board of Directors and is currently set at seven. There are currently seven Board members and no vacancies. The Company's Certificate of Incorporation provides that the Board shall be classified into three classes of directors, which classes serve staggered three-year terms. The Board currently consists of three directors for Class I and two directors for both Class II and Class III. The current term of the Class II directors expires at the Annual Meeting of Stockholders to be held in 2007, the current term of the Class III directors expires at the 2008 Annual Meeting of Stockholders, and the current term of the Class I directors expires at the May 19, 2006 Annual Meeting of Stockholders. The Board of Directors is proposing John M. Gibbons, Daniel L. Terheggen and John G. Perenchio, who are now serving as Class I directors, for re-election as Class I directors at the Annual Meeting. The biographical information regarding each of the nominees is listed below under Management. Except as discussed in the next sentence, each of the Class I directors elected at the Annual Meeting will serve until the Annual Meeting of Stockholders to be held in 2009, until such director's successor has been duly elected and qualified or until such director has otherwise ceased to serve as a director. Proposal No. 3 included in this Proxy Statement is to amend the Company's Certificate of Incorporation to authorize the annual election of directors and if this proposal is approved by the stockholders, all directors will be elected annually beginning at the 2007 annual stockholder meeting. Each nominee has indicated his willingness to serve and, unless otherwise instructed, the Proxyholders will vote the Proxies received by them for the nominees of the Board. If any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting or any adjournment or postponement thereof, the Proxies will be voted for such other nominee(s) as shall be designated by the current Board to fill any vacancy. The Company has no reason to believe that any nominee will be unable or unwilling to serve if elected as director. Voting shall take place for the three Class I directors, and the three nominees for election as Class I directors at the Annual Meeting who receive the highest number of affirmative votes, will be elected.

None of the directors, nominees for director or executive officers were selected pursuant to any arrangement or understanding, other than with the directors and executive officers of the Company acting within their capacity as such. There are no family relationships among directors or executive officers of the Company.

**THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE
FOR PROPOSAL NO. 1 TO ELECT THE ABOVE NOMINEES.**

Committees of the Board

The Company has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Each member of these committees is independent as defined under the applicable rules of the NASD and the SEC.

Audit Committee The Board has a standing Audit Committee that (i) monitors the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance; (ii) monitors the independence and performance of the Company's independent registered public accounting firm, and (iii) provides an avenue of communications among the independent registered public accounting firm, management and the Board of Directors. The committee met eight times during 2005. At the date of this Proxy Statement, Mr. Gibbons was Chairman of the Audit Committee and the committee was comprised of Messrs. Burluson, Licklider and Gibbons. The Board has determined that Mr. Gibbons qualifies as an audit committee financial expert as defined under the rules of the SEC. All of the members of the Audit Committee meet the independence and experience requirements of the NASD rules and the independence requirements of the SEC.

Compensation Committee The Board's Compensation Committee (i) reviews and approves corporate goals and objectives relevant to compensation of the executive officers, (ii) evaluates the performance of the executive officers in light of those goals and objectives, (iii) determines and approves the compensation level of the executive officers based on this evaluation, and (iv) makes recommendations to the Board with respect to incentive-compensation plans and equity-based plans. The committee met four times during 2005. At the date of this Proxy Statement, Mr. Burluson was Chairman of the Compensation Committee and the committee was comprised of Messrs. Beginning January 1, 2006 the Board determined that Mr. Terheggen is independent pursuant to the NASD rules. The Board made this determination after considering that the Company does not make any payments directly to Mr. Terheggen, no other owner of BHPC Global Licensing, Inc. is personally affiliated with Mr. Terheggen, and the payments made to BHPC Global Licensing, Inc. in 2005 amounted to substantially less than a majority of such company's annual revenue.

Corporate Governance and Nominating Committee The Board's Corporate Governance and Nominating Committee (i) develops and recommends to the Board a set of corporate governance principles applicable to the Company, (ii) recommends the director nominees to be selected by the Board for the next annual meeting of stockholders, (iii) identifies individuals qualified to become Board members, consistent with criteria approved by the Board and (iv) oversees the evaluation of the Board and management. The committee met four times during 2005. At the date of this Proxy Statement, the Corporate Governance and Nominating Committee was comprised of Messrs. Essential criteria for all candidates considered by the Corporate Governance and Nominating Committee include the following: integrity and ethical behavior, maturity, management experience and expertise, independence and diversity of thought and broad business or professional experience, with an understanding of business and financial affairs, and the complexities of business organizations.

In evaluating candidates for certain Board positions, the committee evaluates additional criteria, including the following: financial or accounting expertise; industry expertise; accomplishment in designing, marketing, manufacturing, distribution and licensing of footwear, apparel and accessories; business and other experience relevant to public companies of a size comparable to the Company; and experience in investment banking, commercial lending or other financing activities.

The Board of Directors' nominees for the Annual Meeting have been recommended by the Corporate Governance and Nominating Committee, as well as the full Board of Directors.

Effective November 25, 2005, the Company entered into an employment agreement with John A. Kalinich pursuant to which Mr. Kalinich shall serve as the Vice President of Consumer Direct, which expires on December 31, 2007. Commencing on November 25, 2007, Mr. Kalinich's term of employment shall automatically be extended without further action by the Company or Mr. Kalinich on a month-to-month basis until such time as 30 calendar days written notice of termination is given by the Company or written notice is given by Mr. Kalinich. Pursuant to his employment agreement, Mr. Kalinich received an option to purchase 50,000 shares of Common Stock upon commencement of his employment. For 2006, Mr. Kalinich is entitled to an annual base salary of \$180,000 and may be entitled to a performance bonus based on a target bonus of 50% of his annual base salary. The actual 2006 bonus paid, if any, to Mr. Kalinich will be based upon the achievement of certain performance targets. If the performance targets are surpassed or if they are not achieved, the bonus may be more or less, as applicable, than the amount of the target bonus. Mr. Kalinich may also be granted options or nonvested stock units to the extent approved by the Compensation Committee. Mr. Kalinich will also receive the normal fringe benefits available to other senior executives and will be entitled to severance pay under the circumstances described below.

If Mr. Kalinich is terminated by the Company due to his death or total disability or for Cause, or Mr. Kalinich terminates his employment, other than for Good Reasons, Mr. Kalinich or his beneficiaries will be entitled to payment of his accrued base salary, payment for his accrued vacation, reimbursement for certain expenses, receipt of accrued and vested benefits under the Company's plans or programs and other benefits required to be paid by law, payment of any accrued but unpaid incentive bonus for the prior fiscal year and the right to exercise all vested unexercised stock options and warrants outstanding as of the termination date. If Mr. Kalinich is terminated by the Company without Cause or Mr. Kalinich terminates his employment for Good Reason, in addition to those rights described above, Mr. Kalinich will be entitled to payment of an amount equal to the sum of (i) five times Mr. Kalinich's base salary minus (ii) the base salary payments made to Mr. Kalinich during the first five years following the date of his employment agreement. Such payment shall be made over a period of one year following his termination. Mr. Kalinich shall also be entitled to receipt of health benefits until the first to occur of the fifth anniversary of his employment agreement and his attainment of alternative employment that provides health benefits.

As used in the previous paragraph, (1) Cause means (i) any willful breach of duty by Mr. Kalinich in the course of his employment, continued violation of written Company employment policies after written notice of such violation,

conviction of a felony, engaging in illegal activities which defame the Company, or his habitual negligence of his duty or continued incapacity to perform it, and (2) Good Reason means the occurrence of a material breach of the employment agreement by the Company, which breach is not cured within 15 calendar days after written notice thereof is received by the Company.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors consists entirely of directors who have never served as officers or employees of the Company or any of its subsidiaries and whom meet the independence requirements under the NASD rules. The Compensation Committee determines and administers the compensation of the Company's executive officers. Set forth below are the principal factors underlying the Compensation Committee's philosophy used in setting compensation.

-15-

Table of Contents

Compensation Philosophy At the direction of the Board of Directors, the Compensation Committee endeavors to ensure that the compensation programs for executive officers of the Company and its subsidiaries are competitive and consistent in order to attract and retain key executives critical to the Company's long-term success. The Compensation Committee believes that the Company's overall financial performance should be an important factor in the total compensation of executive officers. At the executive officer level, the Compensation Committee has a policy that a significant proportion of potential total compensation should consist of variable, performance-based components, such as nonvested stock awards and bonuses, which can increase or decrease to reflect changes in corporate and individual performance. These incentive compensation programs are intended to reinforce management's commitment to enhancement of profitability and stockholder value.

The Compensation Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation for the Chief Executive Officer and other executive officers. The Compensation Committee considers such corporate performance measures as net sales, open orders, net income, earnings per share and similar quantitative measures. The Compensation Committee also appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as successful supervision of major corporate projects, demonstrated leadership ability and contributions to industry and community development. For 2005, the most important qualitative factors in determining incentive compensation awards to executive officers were the Compensation Committee's assessments of their contributions to the Company's net sales, open orders, and diluted earnings per share.

The Compensation Committee also evaluates the total compensation of the Company's Chief Executive Officer and other executive officers in light of information regarding the compensation practices and corporate financial performance of similar companies in the Company's industry. However, the Compensation Committee does not target a specific percentile range within the peer group compensation structure in determining compensation for executive officers. From time to time, the Compensation Committee also receives assessments and advice regarding the Company's compensation practices from independent compensation consultants.

Relationship of Performance to Compensation - Compensation that may be earned by the executive officers in any fiscal year consists of base salary, cash bonus and stock-based compensation. Salaries are reviewed periodically and adjusted as warranted to reflect sustained individual performance. The Compensation Committee focuses primarily on total annual compensation, including incentive awards and cash bonuses, rather than base salary alone, as the appropriate measure of executive officer performance and contribution.

The executive officers receive incentive awards based on individual goals and milestones established for each officer at the beginning of each year and other factors as determined by the Compensation Committee. Such officers receive compensation for the subsequent attainment of these goals.

The 1993 Plan authorizes the Compensation Committee to make grants and awards of stock options, stock appreciation rights, nonvested stock units and other stock-based awards. The Compensation Committee grants such compensation to executive officers, as well as other employees and consultants of the Company and its subsidiaries below the executive officer level, as it deems appropriate.

In approving grants and awards under the 1993 Plan, the quantitative and qualitative factors and industry comparisons outlined above will be considered. The number and type of awards previously granted to and held by executive officers is reviewed but is not an important factor in determining the size of current grants.

To the extent readily determinable and as one of the factors in its consideration of compensation matters, the Compensation Committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread of exercise of non-qualified options) depend upon the timing of an executive's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws and other factors beyond the Compensation Committee's control also affect the deductibility of compensation.

Beginning in December 2004, the Board of Directors and the Compensation Committee of the Company have determined to cease issuing stock options to directors, officers and employees of the Company and, rather, to issue nonvested stock units to continue to align the interests of the directors, officers and employees with those of the stockholders at a lower cost than the previous stock option grants.

Table of Contents

This policy will be reviewed by the Board of Directors and Compensation Committee periodically and may be changed in the future. As of December 20, 2004, officers and key employees will be eligible to receive nonvested stock units annually in an amount to be determined by the Board of Directors or the Compensation Committee. The vesting of the nonvested stock units will be as set forth in each grant and be dependent on the achievement of certain corporate milestones and continued employment with the Company for a designated period.

Chief Executive Officer Effective April 11, 2005, the Company entered into an employment agreement with Angel R. Martinez pursuant to which Mr. Martinez shall serve as the President and Chief Executive Officer of the Company. For 2005, his employment agreement provided for an annual salary of \$345,000, based on an assessment and recommendation performed by an independent compensation consultant. The amounts of Mr. Martinez's bonuses are determined by the Compensation Committee and are based upon certain performance criteria, weighted heavily toward net sales, open orders and operating results of the Company. In the event that performance targets are surpassed, the bonus earned can exceed the minimum incentive bonus amount, as did occur in 2005. For 2005, Mr. Martinez's bonus was \$232,000. Mr. Martinez may also be granted options or nonvested stock units to the extent approved by the Compensation Committee based on certain performance criteria. Mr. Martinez did not receive any such grants for performance in 2005.

For 2005, the Compensation Committee based the majority of Mr. Martinez's bonus on several criteria established at the beginning of the year, which were focused primarily on the Company's ability to achieve targeted goals for net sales, open orders and earnings. In 2005, under the direction of Mr. Martinez, the Company exceeded the targeted goals for each of these areas. In 2005, the Company had record net sales of \$264.8 million and record operating income of \$52.3 million, and increased diluted earnings per share by 18%.

In December 2005 and in February 2006, the Compensation Committee established the compensation of the Company's Chief Executive Officer and its other executive officers for fiscal year 2006. In each case, the Compensation Committee's decision was based upon the principles and procedures outlined above.

Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), a public company generally will not be entitled to a deduction for non-performance-based compensation paid to certain executive officers to the extent such compensation exceeds \$1.0 million. Special rules apply for performance-based compensation, including the approval of the performance goals by the stockholders of the Company.

The Company has not adopted any formal policy with respect to Section 162(m) of the Internal Revenue Code of 1986. However, the Compensation Committee generally structures compensation to be deductible and considers cost and value to the Company in making compensation decisions, which would result in non-deductibility. The Board has on occasion made decisions resulting in non-deductible compensation. The Compensation Committee believes that these payments were appropriate and in the best interests of the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is currently composed of three directors, each of whom meets the independence and experience requirements under the NASD rules and the independence requirements of the SEC.

Management is responsible for the preparation of the Company's financial statements and financial reporting process including its system of internal controls. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing (i) an opinion on whether the Company's financial statements present fairly, in all material respects, the Company's financial position and results of operations for the periods presented in conformity with accounting principles generally accepted in the United States and (ii) an opinion on whether management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2005, is fairly stated, in all material respects, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Audit Committee's responsibility is to monitor and oversee these processes. The Board of Directors has determined that John M. Gibbons, the Chairman of the Audit Committee, is an audit committee financial expert and is independent.

In connection with these responsibilities, the Audit Committee met with management and the independent registered public accounting firm to review and discuss the December 31, 2005 consolidated financial statements and obtained from management their representation that the Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also discussed with the independent registered public accounting firm the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees), which includes, among other items, information regarding the conduct of the audit of the Company's consolidated financial statements. The Audit Committee also received written disclosures from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with KPMG LLP that firm's independence from the Company and its management. The Audit Committee has further considered the compatibility of the services provided by KPMG LLP with that firm's independence.

The Audit Committee operates under a written charter, which was adopted by the Board and is assessed annually for adequacy by the Audit Committee. The Audit Committee held eight meetings during fiscal 2005, including meetings with the independent registered public accounting firm, both with and without management present. In performing its functions, the Audit Committee acts only in an oversight capacity. It is not the responsibility of the Audit Committee to determine that the Company's financial statements are complete and accurate, are presented in accordance with accounting principles generally accepted in the United States or present fairly the results of operations of the Company for the periods presented or that the Company maintains appropriate internal controls. Nor is it the duty of the Audit Committee to determine that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's registered public accounting firm is independent.

Based upon the Audit Committee's review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K as of and for the year ended December 31, 2005, to be filed with the Securities and Exchange Commission (the "SEC").

Certain Relationships and Related Transactions

Transactions with Directors

Daniel L. Terheggen, a member of the Company's Board of Directors, is a 50% owner and Chief Executive Officer of BHPC Global Licensing, Inc. The Company paid BHPC Global Licensing, Inc. an aggregate of approximately \$118,000 for agency fees related to licensing of the Company's products during 2005.

In 1993, the Company and Douglas B. Otto, Chairman of the Board, entered into a split dollar life insurance arrangement, whereby the Company participated in a portion of the life insurance premiums paid through 2001. The arrangement provided that Mr. Otto's estate would reimburse the Company for all premiums previously paid. In 2005, Mr. Otto reimbursed the Company for all premiums paid on his behalf. The Company carried the value of the life insurance policy at its cash surrender value, which was lower than the amount of premiums paid on the policy. As a result, the Company recognized a gain of \$260,000 in 2005 upon settlement and receipt of the reimbursement.

Limitation of Liability and Indemnification of Directors and Officers

Our Certificate of Incorporation and Bylaws provide that we shall indemnify directors and executive officers to the fullest extent now or hereafter permitted by the Delaware General Corporation Law (the "DGCL"). In addition, we entered into Indemnification Agreements with our directors and executive officers in which we agree to indemnify such persons to the fullest extent now or hereafter permitted by the DGCL.

We have obtained a liability policy for our directors and officers as permitted by the DGCL which extends to, among other things, liability arising under the Securities Act of 1933, as amended.

We maintain an insurance policy pursuant to which our directors and officers are insured, within the limits and subject to the limitations of the policy, against specified expenses in connection with the defense of claims, actions, suits or proceedings, and liabilities which might be imposed as a result of such claims, actions, suits or proceedings, that may be brought against them by reason of their being or having been directors or officers.

Code of Ethics

The Company has adopted a Code of Ethics applicable to all senior officers of the Company. The Code of Ethics appears as Exhibit 14.1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2005. A copy of the Code of Ethics is available free of charge by writing to the Secretary of the Company at the Company's office at 495-A South Fairview Avenue, Goleta, California 93117. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and representations from each Section 16 Person known to the Company that no other reports were required, during the fiscal year ended December 31, 2005, all Section 16(a) filing requirements applicable to its Section 16 Persons were complied with except that: (i) Rex A. **PROPOSAL NO. 2
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

For the 2005 fiscal year, KPMG LLP provided audit services, which included examination of the Company's annual consolidated financial statements. The Audit Committee has selected KPMG LLP to provide audit services to the Company and its subsidiaries for the fiscal year ending December 31, 2006. The stockholders are being requested to ratify such selection at the Annual Meeting. A representative of KPMG LLP will attend the Annual Meeting to make any statements he or she may desire and to respond to appropriate stockholder questions.

Although this appointment is not required to be submitted to a vote of the stockholders, the Audit Committee believes it is appropriate as a matter of policy to request that the stockholders ratify the appointment. Ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of holders of a majority of the outstanding shares of our Common Stock, present in person or represented by Proxy of the Annual Meeting and entitled to vote. If the stockholders do not ratify the appointment, the Board of Directors and Audit Committee will consider the selection of another independent registered public accounting firm.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee administers the Company's engagement of KPMG LLP and pre-approves all audit and permissible non-audit services on a case-by-case basis. In approving non-audit services, the Audit Committee considers whether the engagement could compromise the independence of KPMG LLP, and whether for reasons of efficiency or convenience it is in the best interest of the Company to engage its independent auditor to perform the services. The Audit Committee has determined that performance by KPMG LLP of the non-audit services listed above did not affect their independence.

Prior to engagement, the Audit Committee pre-approves all independent auditor services. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services

not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires that those services be submitted to the Audit Committee for specific pre-approval before the Company can engage for them.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated reports any pre-approval decisions to the Audit Committee at its next scheduled meeting.

**PROPOSAL NO. 3
2006 EQUITY INCENTIVE PLAN**

The stockholders are being asked to approve the adoption of the 2006 Equity Incentive Plan (the 2006 Plan). The 2006 Plan is intended to replace the Deckers Outdoor Corporation 1993 Employee Stock Incentive Plan (the 1993 Plan). The Board of Directors adopted the 2006 Plan on March 27, 2006, subject to the approval of the stockholders at the Annual Meeting. Stockholder approval of the 2006 Plan is being sought to (1) satisfy the requirements of The Nasdaq National Market, (2) qualify certain compensation under the 2006 Plan as performance-based compensation not subject to the tax deduction limitation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and (3) qualify certain stock options that may be granted under the 2006 Plan as incentive stock options under Section 422 of the Code.

Description of the Proposal

The Board approved the 2006 Plan because it believes that the best means for aligning the interests of employees and stockholders is through equity incentives, and the Company needs additional shares available for issuance as equity-based compensation. As of the Record Date, the Company had 288,000 shares available for future issuance under its 1993 Plan. Additionally, the 2006 Plan includes provisions that are not part of the 1993 Plan and which are necessary for the Company to offer a competitive equity incentive program. Recent changes in the accounting treatment for stock options are expected to make the use of alternative types of awards more attractive in the future.

Description of the 2006 Equity Incentive Plan

A copy of the 2006 Plan is attached to this Proxy Statement as Appendix A. The following description of the 2006 Plan is a summary and is qualified by reference to the complete text of the 2006 Plan.

Background and Purpose. The primary purpose of the 2006 Plan is to encourage ownership in our Company by key personnel, whose long-term service is considered essential to our continued progress, thereby linking these employees directly to stockholder interests through increased stock ownership. We currently have one stock option plan from which awards can be made, which we refer to as the 1993 Plan. The 1993 Plan authorizes up to 3,000,000 shares for issuance pursuant to stock options. The 2006 Plan will provide for added flexibility over the 1993 Plan in light of recent changes in the rules affecting such plans.

As of March 27, 2006, options with respect to 579,000 shares were outstanding under the 1993 Plan at exercise prices ranging from \$1.56 to \$33.10 and 288,000 shares remained available for future grants. The Board has determined that the 1993 Plan will no longer be available for further option grants upon the effective date of the approval of our stockholders of the 2006 Plan.

Eligible Participants. Awards may be granted under the 2006 Plan to any of our employees, directors, or consultants or those of our affiliates, except that an incentive stock option may only be granted to a person who, at the time of the grant, is an employee of us or a related corporation. As of March 27, 2006, there were approximately 225 employees and five non-employee directors who would be eligible to participate.

Number of Shares of Common Stock Available. If approved by the stockholders, a total of 2,000,000 new shares of our Common Stock will be reserved for issuance under the 2006 Plan. The maximum aggregate number of shares that may be issued under the 2006 Plan through the exercise of incentive stock options is 1,500,000. If an award is cancelled, terminates, expires, or lapses for any reason without having been fully exercised or vested, or is settled for less than the full number of shares of Common Stock represented by such award actually being issued, the unvested, cancelled, or unissued shares of Common Stock generally will be returned to the available pool of shares reserved for issuance under the 2006 Plan. In addition, if we experience a stock dividend, reorganization, or other change in our capital structure, the administrator may, in its discretion, adjust the number of shares available for issuance under the 2006 Plan and any outstanding awards as appropriate to reflect the stock dividend or other change. The share number limitations included in the 2006 Plan will also adjust appropriately upon such event.

Administration of the 2006 Plan. The 2006 Plan will be administered by the Board or one or more committees of the Board, which we refer to as the Committee. Our Board has appointed our Compensation Committee as the Committee referred to in the 2006 Plan. In the case of awards intended to qualify as performance-based-compensation excludable from the deduction limitation under Section 162(m) of the Code, the Committee will consist of two or more outside directors within the meaning of Section 162(m).

Table of Contents

The administrator has the authority to, among other things, select the individuals to whom awards will be granted and to determine the type of award to grant; determine the terms of the awards, including the exercise price, the number of shares subject to each award, the exercisability of the awards, and the form of consideration payable upon exercise; to provide for a right dividends or dividend equivalents; and to interpret the 2006 Plan and adopt rules and procedures relating to administration of the 2006 Plan. Except to the extent prohibited by any applicable law, the administrator may delegate to one or more individuals the day-to-day administration of the 2006 Plan.

Award Types

Options. A stock option is the right to purchase shares of our Common Stock at a fixed exercise price for a fixed period. An option under the 2006 Plan may be an incentive stock option or a nonstatutory stock option. The exercise price of an option granted under the 2006 Plan must be at least equal to the fair market value of our Common Stock on the date of grant. In addition, the exercise price for any incentive stock option granted to any employee owning more than 10% of our Common Stock may not be less than 110% of the fair market value of our Common Stock on the date of grant.

Unless the administrator determines to use another method, the fair market value of our Common Stock on the date of grant will be determined as the closing price for our Common Stock on the date the option is granted (or if no sales are reported that day, the last preceding day on which a sale occurred), using a reporting source selected by the administrator. As of March 27, 2006, the closing price on The Nasdaq National Market for our Common Stock was \$39.64 per share. The administrator determines the acceptable form of consideration for exercising an option, including the method of payment, either through the terms of the option agreement or at the time of exercise of an option, provided that consideration must have a value of not less than the par value of the shares to be issued and must be actually received before issuing any shares. The 2006 Plan permits payment in the form of cash, check or wire transfer, other shares of Common Stock of the Company, cashless exercises, any other form of consideration and method of payment permitted by applicable laws, or any combination thereof.

An option granted under the 2006 Plan generally cannot be exercised until it becomes vested. The administrator establishes the vesting schedule of each option at the time of grant and the option will expire at the times established by the administrator. After termination of the optionee's service, he or she may exercise his or her option for the period stated in the option agreement, to the extent the option is vested on the date of termination. If termination is due to death or disability, the option generally will remain exercisable for twelve months following such termination. In all other cases, the option generally will remain exercisable for three months. However, an option may never be exercised later than the expiration of its term. The term of any stock option may not exceed ten years, except that with respect to any participant who owns 10% or more of the voting power of all classes of our outstanding capital stock, the term for incentive stock options must not exceed five years.

Stock Awards. Stock awards are awards or issuances of shares of our Common Stock that vest in accordance with terms and conditions established by the administrator. Stock awards include stock units, which are bookkeeping entries representing an amount equivalent to the fair market value of a share of Common Stock, payable in cash, property, or other shares of stock. The administrator may determine the number of shares to be granted, and impose whatever conditions to vesting it determines to be appropriate, including performance criteria and level of achievement versus the criteria that the administrator determines. The criteria may be based on financial performance, personal performance evaluations, and completion of service by the participant. Unless the administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to our right of repurchase of the unvested portion of such shares at the original price paid by the participant, which we may exercise upon the voluntary or involuntary termination of the awardee's service with us for any reason, including death or disability.

For stock awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the measures established by the administrator must be qualifying performance criteria. Qualifying performance criteria under the 2006 Plan include any of the following performance criteria, individually or in combination:

Quarterly and annual earnings per share growth

Quarterly and annual sales levels

Quarterly and annual backlog and inventory levels

-24-

Table of Contents

Quarterly and annual brand contribution

Achieving expense and shipping targets

Achieving targets for bad debt and collectibility measures

Any other similar criteria

Qualifying performance criteria may be applied either to the Company as a whole or to a business unit, affiliate, or business segment, individually or in any combination. Qualifying performance criteria may be measured either annually or cumulatively over a period of years, and may be measured on an absolute basis or relative to a pre-established target, to previous years' results, or to a designated comparison group, in each case as specified by the administrator in writing in the award.

Stock Appreciation Rights. A stock appreciation right is the right to receive the appreciation in the fair market value of our Common Stock in an amount equal to the difference between (a) the fair market value of a share of our Common Stock on the date of exercise, and (b) the exercise price. This amount will be paid, as determined by the administrator, in shares of our Common Stock with equivalent value, cash, or a combination of both. The exercise price must be at least equal to the fair market value of our Common Stock on the date of grant. Subject to these limitations, the administrator determines the exercise price, term, vesting schedule, and other terms and conditions of stock appreciation rights; except that stock appreciation rights terminate under the same rules that apply to stock options.

Cash Awards. Cash awards confer upon the participant the opportunity to earn future cash payments tied to the level of achievement with respect to one or more performance criteria established by the administrator for a performance period. The administrator will establish the performance criteria and level of achievement versus these criteria, which will determine the target and the minimum and maximum amount payable under a cash award. The criteria may be based on financial performance or personal performance evaluations, or both. For cash awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the measures established by the administrator must be specified in writing and the amount payable as cash under such cash award is limited to \$2.0 million.

Other Provisions of the 2006 Plan

Transferability of Awards. Unless the administrator determines otherwise, the 2006 Plan does not permit the transfer of awards other than by beneficiary designation, will, or by the laws of descent or distribution, and only the participant may exercise an award during his or her lifetime.

Preemptive Rights. The 2006 Plan provides that no shares will be issued thereunder in violation of any preemptive rights held by any stockholder of the Company.

Adjustments upon Merger or Change in Control. The 2006 Plan provides that in the event of a merger with or into another corporation or our change in control, including the sale of all or substantially all of our assets, and certain other events, our Board or the Committee may, in its discretion, provide for the assumption or substitution of, or adjustment to, each outstanding award; accelerate the vesting of options and stock appreciation rights, and terminate any restrictions on stock awards or cash awards; provide for the cancellation of awards in exchange for a cash payment to the participant; or provide for the cancellation of awards that have not been exercised or redeemed as of the relevant event.

Amendment and Termination of the 2006 Plan. The administrator has the authority to amend, alter, or discontinue the 2006 Plan, subject to the approval of the stockholders to the extent required by applicable laws. No amendment may impair the rights of any outstanding award without the agreement of the participant.

Certain Federal Income Tax Information

The following is a general summary as of this date of the federal income tax consequences to us and to U.S. participants for awards granted under the 2006 Plan. The federal tax laws may change and the federal, state, and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different.

Table of Contents***Tax Effects for Participants***

Incentive Stock Options. For federal income tax purposes, an optionee does not recognize taxable income when an incentive stock option is granted or upon its exercise. When an incentive stock option is exercised, however, the difference between the option exercise price and the fair market value of the shares on the exercise date is an adjustment in computing the holder's alternative minimum taxable income and may be subject to an alternative minimum tax, which is paid if such tax exceeds the optionee's regular tax for the year.

An optionee who disposes of shares acquired by exercise of an incentive stock option more than two years after the option is granted and one year after its exercise recognizes a long-term capital gain or loss equal to the difference between the sale price and the exercise price. If the holding periods are not met and the sale price *exceeds* the exercise price, the optionee generally will recognize ordinary income (for which we must withhold the taxes) as of the exercise date equal to the difference between the exercise price and the lower of the sale price of the shares or their fair market value on the exercise date. Any gain or loss recognized on such premature sale of the shares in excess of the amount of ordinary income is characterized as capital gain or loss. If the holding periods are not met and the sale price is *less than* the exercise price, the option will recognize a capital loss equal to the difference between the exercise price and the sale price.

Nonstatutory Stock Options. A participant who receives a nonstatutory stock option with an exercise price equal to or greater than the fair market value of the stock on the grant date generally will not realize taxable income on the grant of such option, but will realize ordinary income when he or she exercises the option, equal to the excess of the fair market value of the shares on the date of exercise over the option exercise price. Any additional gain or loss recognized upon any later disposition of shares would be capital gain or loss. Any taxable income recognized in connection with an option exercise by an employee or former employee of the Company is subject to tax withholding by us.

Stock Awards. A participant who receives a stock award that is not subject to a substantial risk of forfeiture will recognize ordinary income at the time of grant equal to the difference between the fair market value of the stock on the date of grant less the amount paid for the stock, if any. A restricted stock award is subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code to the extent the award will be forfeited if the participant ceases to provide services to us. Because of this substantial risk of forfeiture, a participant who receives a stock award that is subject to a substantial risk of forfeiture will not recognize ordinary income at the time of grant, but will recognize ordinary income on the date or dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the fair market value of the stock on the date the stock is no longer subject to a substantial risk of forfeiture less the amount paid for the stock, if any.

The participant may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the fair market value of the stock on the date of award less the amount paid for the stock, if any, and the capital gain holding period commences on such date. The ordinary income recognized by an employee or former employee will be subject to tax withholding by us. If the stock award consists of stock units, no taxable income is reportable when stock units are granted to a participant or upon vesting. Upon settlement, the participant will recognize ordinary income in an amount equal to the value of the payment received pursuant to the stock units.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to or greater than the fair market value of the stock on the date of grant is granted to a participant or upon vesting. Upon exercise, the participant will recognize ordinary income in an amount equal to the fair market value of any shares or cash received. If the participant receives shares upon exercise, any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Cash Awards. Upon receipt of cash, the recipient will have taxable ordinary income, in the year of receipt, equal to the cash received. Any cash received by an employee or former employee will be subject to tax withholding by us.

Tax Effect for Us. Unless limited by Section 162(m) or Section 280G of the Code, we generally will be entitled to a tax deduction in connection with an award under the 2006 Plan in an amount equal to the ordinary income realized

by a participant at the time the participant recognizes such income (for example, upon the exercise of a nonstatutory stock option).

Table of Contents

Section 162(m) Limits. Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to the Chief Executive Officer and each of the four other most highly paid executive officers. Certain performance-based compensation is not subject to the deduction limit. The 2006 Plan is qualified such that awards under the Plan may constitute performance-based compensation not subject to Section 162(m) of the Code. One of the requirements for equity compensation plans is that there must be a limit to the number of shares granted to any one individual under the plan. Accordingly, the 2006 Plan provides that the maximum number of shares for which awards may be made to any employee, in any calendar year, is 1,000,000, except that in connection with his or her initial service, an awardee may be granted awards covering up to an additional 1,000,000 shares. The maximum amount payable pursuant to that portion of a cash award granted under the 2006 Plan for any fiscal year to any employee that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code may not exceed \$2,000,000.

Section 409A. The American Jobs Creation Act of 2004 contains deferred compensation provisions added as Section 409A of the Code. These provisions make compensation deferred under a nonqualified deferred compensation plan taxable on a current basis (or, if later, when vested) and subject to an additional 20% tax, unless certain requirements are met. The Internal Revenue Service has issued proposed regulations on the application of Section 409A, and further guidance is expected later in 2006. The 2006 Plan provides that it is the Company's intent that all awards granted under the 2006 Plan will not cause an imposition of additional taxes provided by Section 409A of the Code, and that the 2006 Plan should be administered so that such taxes are not imposed.

Section 280G Limits. Section 280G of the Code limits the amount of certain compensation payable upon a change in control of the Company, so-called parachute payments. If stock options or other awards vest upon a change in control, or if other payments contingent upon such a change in control are made, the vesting or payment may in whole or in part result in a nondeductible parachute payment. In addition, the recipient of the parachute payment would be subject to a 20% excise tax that we would be required to withhold in addition to federal income tax. The 2006 Plan provides discretion to the Board to provide for the vesting of awards upon a change in control.

New Plan Benefits

We have no current plans, proposals, or arrangements to grant any awards under the 2006 Plan.

Amendment and Termination

The administrator may amend the 2006 Plan at any time or from time to time or may terminate it, but any such amendment shall be subject to the approval of the stockholders in the manner and to the extent required by applicable law, rules, or regulations. Nevertheless, no action by the administrator or the stockholders may alter or impair any option or other type of award under the 2006 Plan, unless mutually agreed otherwise between the holder of the award and the administrator. The 2006 Plan will continue in effect for a term of ten years, unless terminated earlier in accordance with the provisions of the 2006 Plan.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE FOR PROPOSAL NO. 3 TO APPROVE THE 2006 EQUITY INCENTIVE PLAN.

Table of Contents

**PROPOSAL NO. 4
AMENDMENT TO THE COMPANY S CERTIFICATE OF INCORPORATION
TO AUTHORIZE THE ANNUAL ELECTION OF DIRECTORS**

Stockholders are being asked to approve an amendment to Article IX (the Amendment) of the Company s Certificate of Incorporation to eliminate the present three-year staggered terms of our directors and to provide instead for the annual election of all directors. Under the present, classified board structure, our directors are divided into three classes, with each class serving three-year terms. If the Amendment is approved, directors will be elected to one-year terms of office beginning at the 2007 Annual Meeting of Stockholders.

In determining whether the Amendment is in the best interests of the Company s stockholders, the Board considered arguments for and against the classified board structure which was adopted by the Board and approved by the stockholders in 1993. The Board considered that overlapping three-year terms of directors promote continuity and stability in governance, that experienced directors may have a longer-term perspective, that three-year director terms can strengthen director independence and facilitate retention of qualified directors. The classified board structure can also increase the Board s negotiating leverage with respect to an unsolicited takeover proposal.

The Board also considered the views of investors who believe that the classified board structure reduces the accountability of directors to stockholders because the directors on such a board do not face an annual election. Since director elections are the primary means by which the stockholders can affect corporate management, the classified board structure may diminish stockholder influence over Company policy. Furthermore, the classified board structure may negatively affect stockholder value by discouraging Proxy contests in which stockholders have an opportunity to vote for an entire slate of competing nominees.

After weighing all of these considerations, the Board determined that the Amendment is advisable and in the best interests of the Company and its stockholders. Accordingly, the Board has approved the Amendment (which is described below and set forth in its entirety in Appendix B), and recommends that the stockholders approve the Amendment by voting in favor of this Proposal.

If the Amendment is approved by the stockholders, the terms of office of all directors who are in office immediately prior to the closing of the polls for the election of directors at the 2007 Annual Meeting of Stockholders of the Corporation shall expire at such time. At each Annual Meeting of Stockholders beginning with the 2007 Annual Meeting of Stockholders of the Corporation, the directors shall not be classified, and the directors shall be elected annually and shall hold office for a term expiring at the next Annual Meeting of Stockholders and until their respective successors shall have been duly elected and qualified.

The affirmative vote of holders of a majority in voting power of the outstanding shares of our Common Stock is required to approve the Amendment.

If approved by the stockholders, the Amendment would become effective upon the filing with the Secretary of State of Delaware of a Certificate of Amendment, which is set forth in Appendix B attached hereto, which filing is expected to take place shortly after the stockholders approve the Amendment.

4. Administration of the Plan.

4.1 Procedure.

4.1.1 Multiple Administrative Bodies. The Plan shall be administered by the Board or one or more Committees, including such delegates as may be appointed under paragraph (a)(iv) of this Section 4.

4.1.2 Section 162. 4.1.4 Other Administration. The Board or a Committee may delegate to an authorized Officer or Officers of the Company the power to approve Awards to persons eligible to receive Awards under the Plan who are not (A) subject to Section 16 of the Exchange Act; or (B) at the time of such approval, covered employees under Section 162(m) of the Code.

- 4.2.5 to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include the exercise or purchase price, the time or times when an Award may be exercised (which may or may not be based on performance criteria), the vesting schedule, any vesting or exercisability acceleration or waiver of forfeiture restrictions, the acceptable forms of consideration, the term, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine and may be established at the time an Award is granted or thereafter;

- 4.2.9 to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans and Plan addenda;
- 4.2.10 to modify or amend each Award, including the acceleration of vesting, exercisability, or both; provided, however, that any modification or amendment of an Award is subject to Section 16 of the Plan and may not materially impair any outstanding Award unless agreed to by the Participant;
- 4.2.11 to allow Participants to satisfy withholding tax amounts by electing to have the Company withhold from the Shares to be issued pursuant to an Award that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined in such manner and on such date that the Administrator shall determine or, in the absence of provision otherwise, on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may provide;
- 4.2.12 to authorize conversion or substitution under the Plan of any or all stock options, stock appreciation rights, or other stock awards held by service providers of an entity acquired by the Company (the Conversion Awards). Any conversion or substitution shall be effective as of the close of the merger or acquisition. The Conversion Awards may be Nonstatutory Stock Options or Incentive Stock Options, as

Unless otherwise determined by the Administrator at the time of conversion or substitution, all Conversion Awards shall have the same terms and conditions as Awards generally granted by the Company under the Plan;

4.2.13 to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

4.2.14 to determine whether to provide for the right to receive dividends or dividend equivalents;

4.2.15 to establish a program whereby Service Providers designated by the Administrator can reduce compensation otherwise payable in cash in exchange for Awards under the Plan;

4.2.16 to impose such restrictions, conditions, or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by the Participant of any Shares issued as a result of or under an Award, including (A) restrictions under an insider trading policy, and (B) restrictions as to the use of a specified brokerage firm for such resales or other transfers;

4.2.17 to provide, either at the time an Award is granted or by subsequent action, that an Award shall contain as a term thereof, a right, either in tandem with the other rights under the Award or as an alternative thereto, of the Participant to receive, without payment to the Company, a number of Shares, cash, or both, the amount of which is determined by reference to the value of the Award; and

4.2.18 to make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder.

4.3 Effect of Administrator's Decision. All decisions, determinations and interpretations by the Administrator regarding the Plan, any rules and regulations under the Plan and the terms and conditions of any Award granted hereunder, shall be final and binding on all Participants. The Administrator shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations, including the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and accountants as it may select.

8. Options. The Administrator may grant an Option or provide for the grant of an Option, either from time to time in the discretion of the Administrator or automatically upon the occurrence of specified events, including the achievement of performance goals, and for the satisfaction of an event or condition within the control of the Awardee or within the control of others.

8.1 Option Agreement. Each Option Agreement shall contain provisions regarding (i) the number of Shares that may be issued upon exercise of the Option; (ii) the type of Option; (iii) the exercise price of the Shares and the means of payment for the Shares; (iv) the term of the Option; (v) such terms and conditions on the vesting or exercisability of an Option, or both, as may be determined from time to time by the Administrator; (vi) restrictions on the transfer of the Option and forfeiture provisions; and (vii) such further terms and conditions, in each case not inconsistent with this Plan, as may be determined from time to time by the Administrator.

8.2 Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

8.2.1 In the case of an Incentive Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. Notwithstanding the foregoing, if any Employee to whom an Incentive Stock Option is granted is a Ten-Percent Stockholder, then the exercise price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the Grant Date.

8.2.2 In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. The per Share exercise price may also vary according to a predetermined formula; provided, that the exercise price never falls below 100% of the Fair Market Value per Share on the Grant Date.

8.2.3 Notwithstanding the foregoing, at the Administrator's discretion, Conversion Awards may be granted in substitution or conversion of options of an acquired entity, with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of such substitution or conversion.

8.3 Vesting Period and Exercise Dates. Options granted under this Plan shall vest, be exercisable, or both, at such times and in such installments during the Option's term as determined by the Administrator. The Administrator shall have the right to make the timing of the ability to exercise any Option granted under this Plan subject to continued service, the passage of time, or such performance requirements as deemed appropriate by the Administrator. At any time after the grant of an Option, the Administrator may reduce or eliminate any restrictions surrounding any Participant's right to exercise all or part of the Option.

8.4 Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment, either through the terms of the Option Agreement or at the time of exercise of an Option. The consideration, determined by the Board (or pursuant to authority expressly delegated by the Board, a Committee, or other person), and in the form and amount required by applicable law, shall be actually received before issuing any Shares pursuant to the Plan; which consideration shall have a value, as determined by the Board, not less than the par value of such Shares. Acceptable forms of consideration may include:

Table of Contents

- 8.4.1 cash;
- 8.4.2 check or wire transfer;
- 8.4.3 subject to any conditions or limitations established by the Administrator, other Shares that have a Fair Market Value on the date of surrender or attestation that does not exceed the aggregate exercise price of the Shares as to which said Option shall be exercised;
- 8.4.4 consideration received by the Company under a broker-assisted sale and remittance program acceptable to the Administrator to the extent that this procedure would not violate Section 402 of the Sarbanes-Oxley Act of 2002, as amended;
- 8.4.5 cashless exercise, subject to any conditions or limitations established by the Administrator;
- 8.4.6 such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or

9. Incentive Stock Option Limitations.

9.1 Eligibility. Only employees (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company or any of its Related Corporations may be granted Incentive Stock Options.

9.2 \$100,000 Limitation. Notwithstanding the designation Incentive Stock Option in an Option Agreement, if the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Awardee during any calendar year (under all plans of the Company and any of its Related Corporations) exceeds \$100,000, then the portion of such Options that exceeds \$100,000 shall be treated as Nonstatutory Stock Options. An Incentive Stock Option is considered to be first exercisable during a calendar year if the Incentive Stock Option will become exercisable at any time during the year, assuming that any condition on the Awardee's ability to exercise the Incentive Stock Option related to the performance of services is satisfied. If the Awardee's ability to exercise the Incentive Stock Option in the year is subject to an acceleration provision, then the Incentive Stock Option is considered first exercisable in the calendar year in which the acceleration provision is triggered. For purposes of this Section 9(b), Incentive Stock Options shall be taken into account in the order in which they were granted. However, because an acceleration provision is not taken into account before its triggering, an Incentive Stock Option that becomes exercisable for the first time during a calendar year by operation of such provision does not affect the application of the \$100,000 limitation with respect to any Incentive Stock Option (or portion thereof) exercised before such acceleration. The Fair Market Value of the Shares shall be determined as of the Grant Date.

9.3 Leave of Absence. For purposes of Incentive Stock Options, no leave of absence may exceed three months, unless reemployment upon expiration of such leave is provided by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company or a Related Corporation is not so provided by statute or contract, an Awardee's

Table of Contents

employment with the Company shall be deemed terminated on the first day immediately following such three month period of leave for Incentive Stock Option purposes and any Incentive Stock Option granted to the Awardee shall cease to be treated as an Incentive Stock Option and shall terminate upon the expiration of the three month period following the date the employment relationship is deemed terminated.

9.4 Transferability. The Option Agreement must provide that an Incentive Stock Option cannot be transferable by the Awardee otherwise than by will or the laws of descent and distribution, and, during the lifetime of such Awardee, must not be exercisable by any other person. Notwithstanding the foregoing, the Administrator, in its sole discretion, may allow the Awardee to transfer his or her Incentive Stock Option to a trust where under Section 671 of the Code and other Applicable Law, the Awardee is considered the sole beneficial owner of the Option while it is held in the trust. If the terms of an Incentive Stock Option are amended to permit transferability, the Option will be treated for tax purposes as a Nonstatutory Stock Option.

9.5 Exercise Price. The per Share exercise price of an Incentive Stock Option shall be determined by the Administrator in accordance with Section 8(b)(i) of the Plan.

9.6 Ten-Percent Stockholder. If any Employee to whom an Incentive Stock Option is granted is a Ten-Percent Stockholder, then the Option term shall not exceed five years measured from the date of grant of such Option.

9.7 Other Terms. Option Agreements evidencing Incentive Stock Options shall contain such other terms and conditions as may be necessary to qualify, to the extent determined desirable by the Administrator, under the applicable provisions of Section 422 of the Code.

10. Exercise of Option.

10.1 Procedure for Exercise; Rights as a Stockholder.

10.1.1 Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the respective Award Agreement.

10.1.2 An Option shall be deemed exercised when the Company receives (A) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option; (B) full payment for the Shares with respect to which the related Option is exercised; and (C) with respect to Nonstatutory Stock Options, payment of all applicable withholding taxes.

10.1.3 Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Unless provided otherwise by the Administrator or pursuant to this Plan, until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option.

Table of Contents

10.1.4 The Company shall issue (or cause to be issued) such Shares as soon as administratively practicable after the Option is exercised. An Option may not be exercised for a fraction of a Share.

10.2 Effect of Termination of Service on Options.

10.2.1 Generally. Unless otherwise provided for by the Administrator, if a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the vested portion of the Option will remain exercisable for three months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after the Termination of Service the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

10.2.2 Disability of Awardee. Unless otherwise provided for by the Administrator, if a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following the Participant's termination. Unless otherwise provided by the Administrator, if at the time of Disability the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

10.2.3 Death of Awardee. Unless otherwise provided for by the Administrator, if a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the Option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated before the Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person or persons to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If the Option is not so exercised

Table of Contents

within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

11. Stock Awards.

11.1 Stock Award Agreement. Each Stock Award Agreement shall contain provisions regarding (i) the number of Shares subject to such Stock Award or a formula for determining such number; (ii) the purchase price of the Shares, if any, and the means of payment for the Shares; (iii) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Shares granted, issued, retained, or vested, as applicable; (iv) such terms and conditions on the grant, issuance, vesting, or forfeiture of the Shares, as applicable, as may be determined from time to time by the Administrator; (v) restrictions on the transferability of the Stock Award; and (vi) such further terms and conditions in each case not inconsistent with this Plan as may be determined from time to time by the Administrator.

11.2 Restrictions and Performance Criteria. The grant, issuance, retention, and vesting of each Stock Award may be subject to such performance criteria and level of achievement versus these criteria as the Administrator shall determine, which criteria may be based on financial performance, personal performance evaluations, or completion of service by the Awardee.

Notwithstanding anything to the contrary herein, the performance criteria for any Stock Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be established by the Administrator based on one or more Qualifying Performance Criteria selected by the Administrator and specified in writing.

11.3 Forfeiture. Unless otherwise provided for by the Administrator, upon the Awardee's Termination of Service, the unvested Stock Award and the Shares subject thereto shall be forfeited, provided that to the extent that the Participant purchased any Shares pursuant to such Stock Award, the Company shall have a right to repurchase the unvested portion of such Shares at the original price paid by the Participant.

11.4 Rights as a Stockholder. Unless otherwise provided by the Administrator, the Participant shall have the rights equivalent to those of a stockholder and shall be a stockholder only after Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) to the Participant. Unless otherwise provided by the Administrator, a Participant holding Stock Units shall be entitled to receive dividend payments as if he or she were an actual stockholder.

12. Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a SAR may be granted to a Service Provider at any time and from time to time as determined by the Administrator in its sole discretion.

12.1 Number of SARs. The Administrator shall have complete discretion to determine the number of SARs granted to any Service Provider.

12.2 Exercise Price and Other Terms. The per SAR exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the other terms and conditions of SARs granted under the Plan.

Table of Contents

12.3 Exercise of SARs. SARs shall be exercisable on such terms and conditions as the Administrator, in its sole discretion, shall determine.

12.4 SAR Agreement. Each SAR grant shall be evidenced by a SAR Agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

12.5 Expiration of SARs. A SAR granted under the Plan shall expire upon the date determined by the Administrator, in its sole discretion, and set forth in the SAR Agreement. Notwithstanding the foregoing, the rules of Section 10(b) will also apply to SARs.

12.6 Payment of SAR Amount. Upon exercise of a SAR, the Participant shall be entitled to receive a payment from the Company in an amount equal to the difference between the Fair Market Value of a Share on the date of exercise over the exercise price of the SAR. This amount shall be paid in cash, Shares of equivalent value, or a combination of both, as the Administrator shall determine.

13. Cash Awards. Each Cash Award will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period.

13.1 Cash Award. Each Cash Award shall contain provisions regarding (i) the performance goal or goals and maximum amount payable to the Participant as a Cash Award; (ii) the performance criteria and level of achievement versus these criteria that shall determine the amount of such payment; (iii) the period as to which performance shall be measured for establishing the amount of any payment; (iv) the timing of any payment earned by virtue of performance; (v) restrictions on the alienation or transfer of the Cash Award before actual payment; (vi) forfeiture provisions; and (vii) such further terms and conditions, in each case not inconsistent with the Plan, as may be determined from time to time by the Administrator. The maximum amount payable as a Cash Award that is settled for cash may be a multiple of the target amount payable, but the maximum amount payable pursuant to that portion of a Cash Award granted under this Plan for any fiscal year to any Awardee that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall not exceed \$2 million.

13.2 Performance Criteria. The Administrator shall establish the performance criteria and level of achievement versus these criteria that shall determine the target and the minimum and maximum amount payable under a Cash Award, which criteria may be based on financial performance or personal performance evaluations or both. The Administrator may specify the percentage of the target Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of a Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure established by the Administrator based on one or more Qualifying Performance Criteria selected by the Administrator and specified in writing.

13.3 Timing and Form of Payment. The Administrator shall determine the timing of payment of any Cash Award. The Administrator may specify the form of payment of Cash Awards, which may be cash or other property, or may provide for an Awardee to have the option

for his or her Cash Award, or such portion thereof as the Administrator may specify, to be paid in whole or in part in cash or other property.

13.4 Termination of Service. The Administrator shall have the discretion to determine the effect of a Termination of Service on any Cash Award due to (i) disability, (ii) retirement, (iii) death, (iv) participation in a voluntary severance program, or (v) participation in a work force restructuring.

14. Other Provisions Applicable to Awards.

14.1 Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by beneficiary designation, will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. The Administrator may make an Award transferable to an Awardee's family member or any other person or entity. If the Administrator makes an Award transferable, either at the time of grant or thereafter, such Award shall contain such additional terms and conditions as the Administrator deems appropriate, and any transferee shall be deemed to be bound by such terms upon acceptance of such transfer.

14.2 Qualifying Performance Criteria. For purposes of this Plan, the term Qualifying Performance Criteria shall mean any one or more of certain specified performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, Affiliate or business segment, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee in the Award: (i) cash flow, (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings), (iii) earnings per share, (iv) growth in earnings or earnings per share, (v) stock price, (vi) return on equity or average stockholders' equity, (vii) total stockholder return, (viii) return on capital, (ix) return on assets or net assets, (x) return on investment, (xi) revenue, (xii) income or net income, (xiii) operating income or net operating income, (xiv) operating profit or net operating profit, (xv) operating margin, (xvi) return on operating revenue, (xvii) market share, (xviii) contract awards or backlog, (xix) overhead or other expense reduction, (xx) growth in stockholder value relative to the moving average of the S&P 500 Index or a peer group index, (xxi) credit rating, (xxii) strategic plan development and implementation, (xxiii) improvement in workforce diversity and (xxiv) EBITDA.

14.3 Certification. Prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall certify the extent to which any Qualifying Performance Criteria and any other material terms under such Award have been satisfied (other than in cases where such relate solely to the increase in the value of the Common Stock).

14.4 Discretionary Adjustments Pursuant to Section 162(m). Notwithstanding satisfaction or completion of any Qualifying Performance Criteria, to the extent specified at the time of grant of an Award to covered employees within the meaning of Section 162(m) of the Code, the number of Shares, Options or other benefits granted, issued, retained, or vested under an Award on account of satisfaction of such Qualifying Performance Criteria may be reduced by

the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

14.5 Section 409A. Notwithstanding anything in the Plan to the contrary, it is the intent of the Company that all Awards granted under this Plan shall not cause an imposition of the additional taxes provided for in Section 409A(a)(1)(B) of the Code.

14.6 Lock-Up Agreement. The Award Agreement for every Award that may be settled in Shares shall provide that in connection with any underwritten public offering of Shares made by the Company pursuant to a registration statement filed under the Securities Act of 1933, as amended, the Optionee shall not offer, sell, contract to sell, pledge, hypothecate, grant any option to purchase or make any short sale of, or otherwise dispose of any Shares or any rights to acquire Shares for the period beginning on the date of filing of such registration statement with the Securities and Exchange Commission and ending at the time as may be established by the underwriters for such public offering; provided, however, that such period shall end not later than 180 days from the effective date of such registration statement. The foregoing limitation shall not apply to shares registered for sale in such public offering.

15. Adjustments upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

15.1 Changes in Capitalization. Subject to any required action by the stockholders of the Company, (i) the number and kind of Shares covered by each outstanding Award, and the number and kind of shares of Common Stock that have been authorized for issuance under the Plan but as to which no Awards have yet been granted or that have been returned to the Plan upon cancellation or expiration of an Award; (ii) the price per Share subject to each such outstanding Award; and (iii) the Share limitations set forth in Section 3 of the Plan, may be appropriately adjusted if any change is made in the Common Stock subject to the Plan, or subject to any Award, without the receipt of consideration by the Company through a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, merger, consolidation, reorganization, recapitalization, reincorporation, spin-off, dividend in property other than cash, liquidating dividend, extraordinary dividends or distributions, combination of shares, exchange of shares, change in corporate structure or other transaction effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator in its sole discretion, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Award.

15.2 Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable before the effective date of such proposed transaction. The Administrator in its discretion may provide for an Option to be fully vested and exercisable until ten days before such transaction. In addition, the Administrator may provide that any restrictions on any Award shall lapse before the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately before the consummation of such proposed transaction.

15.3 Change in Control. If there is a Change in Control of the Company, as determined by the Board or a Committee, the Board or Committee, or board of directors of any surviving entity or acquiring entity may, in its discretion, (i) provide for the assumption, continuation, or substitution (including an award to acquire substantially the same type of consideration paid to the stockholders in the transaction in which the Change in Control occurs) of, or adjustment to, all or any part of the Awards; (ii) accelerate the vesting of all or any part of the Options and SARs and terminate any restrictions on all or any part of the Stock Awards or Cash Awards; (iii) provide for the cancellation of all or any part of the Awards for a cash payment to the Participants; and (iv) provide for the cancellation of all or any part of the Awards as of the closing of the Change in Control; provided, that the Participants are notified that they must exercise or redeem their Awards (including, at the discretion of the Board or Committee, any unvested portion of such Award) at or before the closing of the Change in Control.

16. Amendment and Termination of the Plan.

16.1 Amendment and Termination. The Administrator may amend, alter, or discontinue the Plan or any Award Agreement, but any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by Applicable Law.

16.2 Effect of Amendment or Termination. No amendment, suspension, or termination of the Plan shall materially impair the rights of any Award, unless agreed otherwise between the Participant and the Administrator. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan before the date of such termination.

16.3 Effect of the Plan on Other Arrangements. Neither the adoption of the Plan by the Board or a Committee nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or any Committee to adopt such other incentive arrangements as it or they may deem desirable, including the granting of restricted stock or stock options otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

17. Designation of Beneficiary.

17.1 An Awardee may file a written designation of a beneficiary who is to receive the Awardee's rights pursuant to Awardee's Award or the Awardee may include his or her Awards in an omnibus beneficiary designation for all benefits under the Plan. To the extent that Awardee has completed a designation of beneficiary such beneficiary designation shall remain in effect with respect to any Award hereunder until changed by the Awardee to the extent enforceable under Applicable Law.

17.2 Such designation of beneficiary may be changed by the Awardee at any time by written notice. If an Awardee dies and no beneficiary is validly designated under the Plan who is living at the time of such Awardee's death, the Company shall allow the executor or administrator of the estate of the Awardee to exercise the Award, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may allow the spouse or one or more dependents or relatives of the Awardee to exercise the Award to the extent permissible under Applicable Law.

18. No Right to Awards or to Service. No person shall have any claim or right to be granted an Award and the grant of any Award shall not be construed as giving an Awardee the right to continue in the service of the Company or its Affiliates. Further, the Company and its Affiliates expressly reserve the right, at any time, to dismiss any Service Provider or Awardee at any time without liability or any claim under the Plan, except as provided herein or in any Award Agreement entered into hereunder.

19. Preemptive Rights. No Shares will be issued under the Plan in violation of any preemptive rights held by any stockholder of the Company.

20. Legal Compliance. No Share will be issued pursuant to an Award under the Plan unless the issuance and delivery of such Shares, as well as the exercise of such Award, if applicable, will comply with Applicable Laws. Issuance of Shares under the Plan shall be subject to the approval of counsel for the Company with respect to such compliance. Notwithstanding anything in the Plan to the contrary, it is the intent of the Company that the Plan shall be administered so that the additional taxes provided for in Section 409A(a)(1)(B) of the Code are not imposed.

21. Inability to Obtain Authority. To the extent the Company is unable to or the Administrator deems that it is not feasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

23. Notice. Any written notice to the Company required by any provisions of this Plan shall be addressed to the Secretary of the Company and shall be effective when received.

24. Governing Law; Interpretation of Plan and Awards.

24.1 This Plan and all determinations made and actions taken pursuant hereto shall be governed by the substantive laws, but not the choice of law rules, of the state of Delaware.

24.2 If any provision of the Plan or any Award granted under the Plan is declared to be illegal, invalid, or otherwise unenforceable by a court of competent jurisdiction, such provision shall be reformed, if possible, to the extent necessary to render it legal, valid, and enforceable, or otherwise deleted, and the remainder of the terms of the Plan and Award shall not be affected except to the extent necessary to reform or delete such illegal, invalid, or unenforceable provision.

24.3 The headings preceding the text of the sections hereof are inserted solely for convenience of reference, and shall not constitute a part of the Plan, nor shall they affect its meaning, construction or effect.

24.4 The terms of the Plan and any Award shall inure to the benefit of and be binding upon the parties hereto and their respective permitted heirs, beneficiaries, successors, and assigns.

24.5 All questions arising under the Plan or under any Award shall be decided by the Administrator in its total and absolute discretion. If the Participant believes that a decision by the Administrator with respect to such person was arbitrary or capricious, the Participant may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Administrator's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Administrator's decision, and the Awardee shall as a condition to the receipt of an Award be deemed to explicitly waive any right to judicial review.

25. Limitation on Liability. The Company and any Affiliate or Related Corporation that is in existence or hereafter comes into existence shall not be liable to a Participant, an Employee, an Awardee, or any other persons as to:

25.1 The Non-Issuance of Shares. The non-issuance or sale of Shares as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any shares hereunder; and

25.2 Tax Consequences. Any tax consequence expected, but not realized, by any Participant, Employee, Awardee or other person due to the receipt, exercise or settlement of any Option or other Award granted hereunder.

26. Unfunded Plan. Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Awardees who are granted Stock Awards under this Plan, any such accounts will be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets that may at any time be represented by Awards, nor shall this Plan be construed as providing for such segregation, nor shall the Company or the Administrator be deemed to be a trustee of stock or cash to be awarded under the Plan. Any liability of the Company to any Participant with respect to an Award shall be based solely upon any contractual obligations that may be created by the Plan; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Administrator shall be required to give any security or bond for the performance of any obligation that may be created by this Plan.

IN WITNESS WHEREOF, the Company, by its duly authorized officer, has executed this Plan, effective as of _____ 2006.
