ABOUT TRINITY

Trinity is one of the nation's leading diversified industrial companies providing a variety of high volume, repetitive products and services for the transportation, industrial, and construction sectors of the market place. We compete in cyclical markets and are continuously looking for opportunities to improve our competitive positions. Our principal product lines include:

- o tank and freight railcars and related parts;
- o inland dry-cargo and tank barges and related covers;
- o highway guardrail and safety products;
- o concrete and aggregates;
- o weld pipe fittings;
- o structural bridge products;
- o pressure containers and container heads; and
- o leasing and managing railcar fleets.

Our five principal business groups are set forth below:

TRINITY RAIL GROUP. Our railcar group primarily serves two markets: North America and Europe. We develop and manufacture a comprehensive selection of railcars used for transporting a wide variety of liquids, gases and dry cargo. From tank cars to specialty cars, we produce the widest range of railcars in the industry and are the largest producer of railcars in North America. We also manufacture and sell railcar parts, such as auto carrier doors and accessories, hatch rings, discharge gates, covers, floors, yokes, couplers, axles, hitches, bogies, center plates and chutes. The parts are ultimately used in manufacturing and repair of railcars. In addition, we have the ability to maintain, repair and modify railcars through our repair network.

INLAND BARGE GROUP. We are the largest producer of inland barges in the United States. We manufacture a variety of dry-cargo barges, such as deck barges and open and covered hopper barges that transport various commodities, such as grain, coal and aggregates. We also produce tank barges used to transport liquid products at high or low temperatures. Our manufacturing facilities are located along the United States inland river system allowing for rapid delivery to our customers.

CONSTRUCTION PRODUCTS GROUP. Our construction products group is composed of highway safety products, concrete and aggregates, beams and girders used in highway construction and weld pipe fittings. We are one of the largest manufacturers of roadside safety products in North America. Our products include highway safety guardrails and patented products such as guardrail end terminals, crash cushions, and other protective barriers that absorb and dissipate the force of impact in collisions between vehicles and fixed roadside objects. We supply ready mix concrete to the industrial, residential and highway construction businesses and provide aggregates such as crushed stone, sand and

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

gravel for a variety of uses. In addition, we also supply weld pipe fittings, such as caps, elbows, return bends, tees, concentric and eccentric reducers and full and reducing tees.

INDUSTRIAL PRODUCTS GROUP. We are a leading producer of tank containers and tank heads for pressure vessels. We manufacture our tanks in the United States, Mexico and Brazil. Our tanks include gas tanks for rural housing, transport and storage tanks, motor fuel tanks, air receivers and a variety of cylinders. We market a portion of our industrial products in Mexico under the brand name of TATSA.

3

TRINITY RAILCAR LEASING AND MANAGEMENT SERVICES GROUP. We lease specialized types of railcars, consisting of both tank cars and freight cars. Our railcars are leased to industrial companies in the petroleum, chemical, agricultural, energy and other industries that supply their own railcars to the railroads.

We originally incorporated in Texas in 1933 as Trinity Industries, Inc. and reincorporated in Delaware in 1987 by merging the Texas corporation into a wholly-owned Delaware subsidiary with the same name. Our principal offices are located at 2525 Stemmons Freeway, Dallas, Texas 75207-2401, and our telephone number is (214) 631-4420. Our Internet web site is at www.trin.net. The information on our web site does not constitute a part of this prospectus.

THE OFFERING

On March 6, 2002, we completed a private placement of our common stock to two accredited investors. We agreed to register the resale of the shares of our common stock purchased in this private placement and bear the expenses incident to this registration. In connection with this agreement, we are registering for resale by these investors up to 1,500,000 shares of our common stock. Registration of these shares does not mean that all or any portion of the shares will be offered for sale by the investors. For more information on the investors, please see the section entitled "Selling Stockholders." We will not receive any proceeds from the sale of these shares. For more information related to the use of proceeds, see the section entitled "Use of Proceeds."

4

RISK FACTORS

Before you invest in our common stock, you should understand the risks involved. You should carefully consider these risk factors as well as all of the other information contained in this prospectus before deciding to purchase shares of our common stock. If any of the following risks actually occurs, the trading price of our common stock could decline and you may lose all or part of your investment.

RISKS RELATED TO OUR INDUSTRIES

THE CYCLICAL NATURE OF OUR BUSINESS RESULTS IN LOWER REVENUES DURING ECONOMIC DOWNTURNS.

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

We operate in cyclical industries. Downturns in overall economic conditions usually have a significant adverse effect on cyclical industries due to a decreased demand for new and replacement products. This decreased demand could result in lower sales volumes, lower prices and/or a loss of profits. In addition, our recent acquisition of Thrall Car Manufacturing Company has increased our exposure to the effects of the cyclical nature of the railcar business. The railcar industry is presently in a deep down cycle and operating with a minimal backlog. If this down cycle continues we could experience increased losses and could make additional plant closures and incur related costs.

OUR MANUFACTURER'S WARRANTIES EXPOSE US TO POTENTIALLY SIGNIFICANT CLAIMS.

We warrant the workmanship and materials of many of our products under limited warranties. Accordingly, we may be subject to significant warranty claims in the future such as multiple claims based on one defect repeated throughout our mass production process or claims for which the cost of repairing the defective part is highly disproportionate to the original cost of the part. We have never experienced any material losses attributable to warranty claims, but the possibility exists for these types of warranty claims to result in costly product recalls, significant repair costs and damage to our reputation.

WE MAY BE LIABLE FOR PRODUCT LIABILITY CLAIMS THAT EXCEED OUR INSURANCE COVERAGE.

The nature of our business subjects us to product liability claims, especially in connection with the repair and manufacture of products that carry hazardous or volatile materials. We maintain reserves and liability insurance coverage at levels based upon commercial norms in the industries in which we operate and our historical claims experience. However, an unusually large product liability claim or a string of claims based on a failure repeated throughout our mass production process may exceed our insurance coverage or result in damage to our reputation.

WE HAVE POTENTIAL EXPOSURE TO ENVIRONMENTAL LIABILITIES, WHICH MAY INCREASE COSTS AND LOWER PROFITABILITY.

Our operations are subject to extensive and frequently changing federal, state and local environmental laws and regulations, including those dealing with air quality and the handling and disposal of waste products, fuel products and hazardous substances. In particular, we may be required to incur remediation costs and other related expenses because:

- o some of our manufacturing facilities were constructed and operated before the adoption of the current environmental laws and the institution of compliance practices; and
- o some of the products that we manufacture are used to transport hazardous materials.

Furthermore, although we have conducted and intend to conduct appropriate due diligence with respect to environmental matters in connection with acquisitions, we may be unable to identify or be indemnified for all potential environmental liabilities relating to any acquired business. Environmental liabilities incurred by us, if not covered by adequate insurance or indemnification, will increase our costs and have a negative impact on our profitability.

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

WE COMPETE IN HIGHLY COMPETITIVE INDUSTRIES, WHICH MAY IMPACT OUR FINANCIAL RESULTS.

We face aggressive competition in all geographic markets and each industry sector in which we operate. As a result, competition on pricing is often intense. The effect of this competition could reduce our revenues, limit our ability to grow, increase pricing pressure on our products, and otherwise affect our financial results.

RISKS RELATED TO TRINITY

FLUCTUATIONS IN THE SUPPLY OF COMPONENT PARTS USED IN THE PRODUCTION OF OUR PRODUCTS COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR ABILITY TO COST-EFFECTIVELY MANUFACTURE AND SELL OUR PRODUCTS.

A significant portion of our business depends on the adequate supply of numerous specialty components such as brakes, wheels, side frames and bolsters at competitive prices. We depend on outside suppliers for a significant portion of our component part needs. While we endeavor to be diligent in our contractual relationships with our suppliers, a significant decrease in the availability of specialty components could materially increase our cost of goods sold or prevent us from manufacturing our products on a timely basis.

RISKS RELATED TO OUR OPERATIONS OUTSIDE OF THE UNITED STATES COULD ADVERSELY IMPACT OUR OPERATING RESULTS.

Our operations outside of the United States are subject to the risks associated with cross-border business transactions and activities. Political, legal, trade or economic changes or instability could limit or curtail our foreign business activities and operations. Some foreign countries where we operate have regulatory authorities that regulate railroad safety, railcar design and railcar component part design, performance and manufacture used on their railroad systems. If we fail to obtain and maintain certifications of our railcars and railcar parts within the various foreign countries where we operate, we may be unable to market and sell our railcars in those countries. In addition, unexpected changes in regulatory requirements, tariffs and other trade barriers, more stringent rules relating to labor or the environment, adverse tax consequences and price exchange controls could limit operations and make the manufacture and distribution of our products difficult. Furthermore, any material change in the quotas, regulations or duties on imports imposed by the U.S. government and agencies or on exports by the government of Mexico or its agencies could affect our ability to export the railcars and liquified petroleum gas containers that we manufacture in Mexico. The uncertainty of the legal environment in these and other areas could limit our ability to enforce our rights effectively.

WE MAY INCUR INCREASED COSTS DUE TO FLUCTUATIONS IN INTEREST RATES AND FOREIGN CURRENCY EXCHANGE RATES.

We are exposed to risks associated with fluctuations in interest rates and changes in foreign currency exchange rates. We seek to minimize these risks, when considered appropriate, through the use of currency and interest rate hedges and similar financial instruments and other activities, although these measures may not be implemented or effective. Any material and untimely changes in interest rates or exchange rates could result in significant losses to us.

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

BECAUSE WE DO NOT HAVE EMPLOYMENT CONTRACTS WITH OUR KEY MANAGEMENT EMPLOYEES, WE MAY NOT BE ABLE TO RETAIN THEIR SERVICES IN THE FUTURE.

Our success depends on the continued services of our key management employees, none of whom currently have employment agreements with us. Although we have historically been successful in retaining the services of our key management, we may be unable to do so in the future. The loss of the services of one or more key members of our management team could result in increased costs associated with attracting and retaining a qualified replacement and could disrupt our operations and result in a loss of revenues.

ALTHOUGH OUR BUSINESS WAS NOT DIRECTLY IMPACTED BY THE RECENT TERRORIST ATTACKS AGAINST THE UNITED STATES, THE LONG-TERM EFFECT OF THESE EVENTS, OR THE DOMESTIC OR FOREIGN RESPONSE TO THEM, COULD NEGATIVELY AFFECT OUR ABILITY TO OPERATE PROFITABLY IN THE FUTURE.

The terrorist attacks that occurred in the United States on September 11, 2001, the subsequent military response by the United States, other terrorist attacks and future events occurring in response to or in connection with these attacks may negatively impact the economy in general. In particular, the negative impacts of these events may affect the industries in which we operate. This could result in delays in or cancellations of the purchase of our products or shortages of raw materials or component parts. Any of these occurrences could have a significant adverse impact on our operating results, revenues and costs.

Section 145(b) of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

corporation to procure a judgment in its favor by reason of the fact that such person acted in any of the capacities set forth above, against such expenses actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted under similar standards, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which the court shall deem proper.

Further, Section 145(c) of the DGCL provides that, to the extent a director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or

II-1

proceeding referred to above or in the defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

Section 145(f) of the DGCL provides that the statutory provisions on indemnification are not exclusive of indemnification provided pursuant to, among other things, the bylaws or indemnification agreements. Our Bylaws contain provisions regarding the indemnification of directors and officers Trinity. Article VI of our Bylaws provides for the indemnification of Trinity's officers and directors to substantially the same extent permitted by the DGCL.

The indemnification described above (unless ordered by a court) shall be paid by us unless a determination is made that indemnification of the director, officer, employee or agent is not proper in the circumstances because he has not met the applicable standard of conduct set forth above. This determination must be made:

- o by the our Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such Proceeding;
- o if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion; or
- o by the Trinity's stockholders.

Article VI of our Bylaws provides that costs, charges and expenses (including attorneys' fees) incurred by a person seeking indemnification under Article VI of our Bylaws in defending a Proceeding shall be paid by us in advance of the final disposition of such Proceeding; provided, however, that the payment of such costs, charges and expenses incurred by a director or officer in his capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer) in advance of the final disposition of such Proceeding shall be made only upon receipt of an undertaking by or on behalf of the director or officer to repay all amounts so advanced in the event that it shall ultimately be determined that such director or officer is not entitled to be indemnified by us. Such costs, charges and expenses incurred by other employees and agents may be so paid upon such terms and conditions, if any, as our Board of Directors deems appropriate. Our Board of Directors may, upon approval of such director, officer, employee or agent of Trinity, authorize Trinity's counsel to represent such person in any

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

Proceeding, whether or not Trinity is a party to such Proceeding.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, but excludes specifically liability for any:

- o breach of the director's duty of loyalty to the corporation or its stockholders;
- o acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law;
- o payments of unlawful dividends or unlawful stock repurchases or redemptions; or
- o transactions from which the director derived an improper personal benefit.

The provision does not limit equitable remedies, such as an injunction or rescission for breach of a director's fiduciary duty of care.

II-2

Our Certificate of Incorporation contains a provision eliminating the personal liability of a director from breaches of fiduciary duty, subject to the exceptions described above.

(b) We have entered into indemnity agreements with our directors and officers that establish contract rights to indemnification substantially similar to the rights to indemnification provided for in our Bylaws.

ITEM 17. UNDERTAKINGS

A. Rule 415 Offering.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fees" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (A)(1)(i) and (A)(1)(ii) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

B. Filings Incorporating Subsequent Exchange Act Documents by Reference.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is

II-4

incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the

Edgar Filing: TRINITY INDUSTRIES INC - Form S-3

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. Request for Acceleration of Effective Date.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, may be permitted to directors, officers, and controlling persons of the registrant pursuant to the provisions described in Item 15 or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action suit, or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

II-5

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Dallas and State of Texas on the 19th day of March, 2002.
