The Plan Administrators and Participants
Lee Ranch Coal Company Retirement and
Savings Plan for Hourly Employees

We have audited the accompanying statements of net assets available for benefits of Lee Ranch Coal Company Retirement and Savings Plan for Hourly Employees as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Notes to Financial Statements

Years Ended December 31, 2002 and 2001

1. DESCRIPTION OF THE PLAN

The following description of the Lee Ranch Coal Company (the Company) Retirement and Savings Plan for Hourly Employees (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective at the end of the day on December 31, 2002, the Plan was merged into the Lee Ranch Coal Company Retirement and Savings Plan for Salaried Employees (the Salaried Plan). All of the Plan's assets were merged with the assets of the Salaried Plan on that date to form the Lee Ranch Coal Company Retirement and Savings Plan. Effective at the end of the day on December 31, 2002, the Plan's participants became participants in the Lee Ranch Coal Company Retirement and Savings Plan.

GENERAL

The Plan is a defined contribution plan covering all hourly employees of the Company. Employees are eligible for participation in the Plan on the date of their employment or any time afterward. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan allows participants to invest among several mutual funds and common/collective trusts. Effective October 2001, the Plan allows participants to invest in the Peabody Energy Stock Fund, as a result of Peabody Energy Corporation's initial public offering of common stock in May 2001. All investments in the Plan are participant-directed.

CONTRIBUTIONS

Each year, participants may contribute from 2% to 50% of pretax or after-tax annual compensation, as defined in the Plan. Prior to April 1, 2002, participants could contribute up to 16% of pretax or after-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Effective April 1, 2002, in the calendar year that a participant is age 50 or older and each year thereafter, certain participants meeting additional specific criteria will be permitted to make catch-up contributions to the Plan. Participants will be able to contribute amounts over and above the maximum otherwise permitted by the Plan, subject to certain limitations.

The Company makes matching contributions of an amount equal to 100% of the first

Edgar Filing: PEABODY ENERGY CORP - Form 11-K

4% of compensation that a participant contributes to the Plan on a pretax basis. After a participant's pretax contributions reach the pretax limit established by the Internal Revenue Service (IRS), the Company matches an amount equal to 100% of the first 4% of compensation that a participant contributes to the Plan on an after-tax basis. Prior to April 1, 2002, the Company made matching contributions of an amount equal to 100% of the first 3% of compensation that a participant contributed to the Plan on a pretax basis. Participants direct the investment of employer matching contributions. All contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. Employer matching contributions become 20% vested for each year of service, as defined, with 100% vesting after five years of service. A year of service is defined as any 12-month period during which the employee completes at least 1,000 hours of service.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prime interest rate as published in The Wall Street Journal on the first business day of the month in which the loan was made. Principal and interest is paid ratably through payroll deductions.
