**Item 12. Results of Operations and Financial Condition**

On July 7, 2004, Accenture issued a press release announcing final results for its third fiscal quarter ended May 31, 2004. A copy of the press release is attached hereto as Exhibit 99.1. All information in the press release is furnished but not filed.

In the attached press release, Accenture presents core earnings using Standard & Poor's Core Earnings methodology. Management believes this information is useful to investors because the core earnings calculations provide investors with greater visibility of the earnings related to primary business operations.

Accenture also discloses in the attached press release free cash flow, defined as operating cash flow net of property and equipment additions. Management believes that by providing more visibility on free cash flow and reconciling to operating cash flow, Accenture provides another consistent metric from which the quality of its business may be monitored.
