eBAY INC.

We pioneered online trading by developing an Internet-based marketplace in which a community of buyers and sellers are brought together in an entertaining, intuitive, easy-to-use environment to browse, buy and sell an enormous variety of items. Through our PayPal service, we enable any business or consumer with email to send and receive online payments securely, conveniently and cost-effectively.

On October 14, 2005, we completed our acquisition of the outstanding securities of Skype Technologies S.A., or Skype, a limited company (société anonyme) registered under the laws of the Grand Duchy of Luxembourg, pursuant to the terms of the Sale and Purchase Agreement dated September 11, 2005. In addition, we also entered into a Registration Rights Agreement with the selling stockholders that requires us to file a registration statement covering the resale of the shares of our common stock issued to the selling stockholders stock within 75 days following the closing of the acquisition. Each of the shares that may be offered under this prospectus were issued by us to the selling stockholders named herein in connection with our acquisition of Skype. These shares are being offered on a continuous basis under Rule 415 of the Securities Act of 1933.

RISK FACTORS

The risks and uncertainties described below are not the only ones facing us. Other events that we do not currently anticipate or that we currently deem immaterial also may affect our results of operations and financial condition.

Our operating results may fluctuate.

Our operating results have varied on a quarterly basis during our operating history. Our operating results may fluctuate significantly as a result of a variety of factors, many of which are outside our control. Factors that may affect our operating results include the following:

our ability to retain an active user base, to attract new users, and to encourage existing users to list items for sale, purchase items through our websites, or use our payment or communication services;

the volume, size, timing, and completion rate of transactions on our websites;

the amount and timing of operating costs and capital expenditures relating to the maintenance and expansion of our businesses, operations, and infrastructure;

technical difficulties or service interruptions involving our websites or services provided to our users by third parties;

regulatory actions imposing obligations on our businesses (including Skype) or our users;

the actions of our competitors, including the introduction of new sites, services, and products;

consumer confidence in the safety and security of transactions on our websites;

the cost and availability of online and traditional advertising, and the success of our brand building and marketing campaigns;

new laws or regulations, or interpretations of existing laws or regulations, that harm the Internet, electronic commerce, or our business models;

our ability to comply with the requirements of entities whose services are required for our operations, such as credit card associations;

our ability to upgrade and develop our systems, infrastructure, and customer service capabilities to accommodate growth at a reasonable cost;

the costs and results of litigation that involves us;

our ability to integrate, manage, and profitably expand the newly-acquired Skype business;

our ability to expand PayPal's product offerings outside of the U.S. (including our ability to obtain any necessary regulatory approvals) and to increase the acceptance of PayPal by online merchants outside of the eBay marketplace;

our ability to keep our websites operational at a reasonable cost;

our ability to develop product enhancements at a reasonable cost and to develop programs and features in a timely manner, including expanding our fixed-price offerings;

our ability to successfully integrate and manage recent and prospective acquisitions, including the recently closed acquisitions of Shopping.com, Skype and VeriSign, Inc.'s payment gateway business;

our ability to manage PayPal's transaction loss and credit card chargeback rates and payment funding mix;

the success of our geographic and product expansions;

our ability to attract new personnel in a timely and effective manner and to retain key employees;

Table of Contents

the continued financial strength of our technology suppliers and other parties with whom we have commercial relations;

continued consumer acceptance of the Internet and other online services for commerce in the face of increasing publicity about fraud, spoofing, viruses, and other dangers of the Internet;

general economic conditions and those economic conditions specific to the Internet and e-commerce industries; and

geopolitical events such as war, threat of war, or terrorist actions.

Our limited operating history and the increased variety of services offered on our websites make it difficult for us to forecast the level or source of our revenues or earnings accurately. In view of the rapidly evolving nature of our business and our limited operating history, we believe that period-to-period comparisons of our operating results may not be meaningful, and you should not rely upon them as an indication of future performance. We do not have backlog, and substantially all of our net revenues each quarter come from transactions involving sales or payments during that quarter. Due to the inherent difficulty in forecasting revenues it is also difficult to forecast income statement expenses as a percentage of net revenues. Quarterly and annual income statement expenses as a percentage of net revenues may be significantly different from historical or projected rates. Our operating results in one or more future quarters may fall below the expectations of securities analysts and investors. In that event, the trading price of our common stock would almost certainly decline.

We may not maintain our level of profitability or rates of growth.

We believe that our continued profitability and growth will depend in large part on our ability to do the following:

attract new users, keep existing users active on our websites, and increase the activity levels of our active users;

manage the costs of our business, including the costs associated with maintaining and developing our websites, customer support, buyer protection and chargeback rates, and international and product expansion;

maintain sufficient transaction volume to attract buyers and sellers;

increase the awareness of our brands; and

provide our customers with superior community, customer support, and trading and payment experiences.

We invest heavily in marketing and promotion, customer support, and further development of the operating infrastructure for our core and recently acquired operations. Some of this investment entails long-term contractual commitments. As a result, we may be unable to adjust our spending rapidly enough to compensate for any unexpected revenue shortfall, which may harm our profitability. In addition, we are spending in advance of anticipated growth, which may also harm our profitability. Growth rates in our most established markets, such as Germany and the U.S., have declined over time and may continue to do so as the existing base of users and transactions becomes larger. The expected future growth of our PayPal and Skype businesses may also cause downward pressure on our profit margin because those businesses have lower gross margins than our eBay Marketplaces business.

There are many risks associated with our international operations.

Our international expansion has been rapid and we have only limited experience in many of the countries in which we now do business. Our international business, especially in Germany, the U.K., and South Korea, has also become critical to our revenues and profits. Net revenues outside the United States accounted for approximately 42% and 46% of our net revenues in 2004 and the first nine months of 2005, respectively. Expansion into international markets requires management attention and resources and requires us to localize our service to conform to local cultures, standards, and policies. The commercial, Internet, and transportation infrastructure in lesser-developed countries may make it difficult for us to replicate our business model. In many countries, we compete with local companies who understand the local market better than we do, and we may not benefit from

Table of Contents

first-to-market advantages. We may not be successful in expanding into particular international markets or in generating revenues from foreign operations. For example, in 2002 we withdrew from the Japanese market. Even if we are successful, we expect the costs of operating new sites to exceed our net revenues for at least 12 months in most countries. As we continue to expand internationally, including through the expansion of PayPal, Skype and Shopping.com, we are subject to risks of doing business internationally, including the following:

regulatory requirements, including regulation of Internet services, auctioneering, professional selling, distance selling, communications, banking, and money transmitting, that may limit or prevent the offering of some or all of our services in some jurisdictions, prevent enforceable agreements between sellers and buyers, prohibit the listing of certain categories of goods, require special licensure, or limit the transfer of information between eBay and our affiliates;

legal uncertainty regarding our liability for the listings and other content provided by our users, including uncertainty as a result of less Internet-friendly legal systems, unique local laws, and lack of clear precedent or applicable law;

difficulties in integrating with local payment providers, including banks, credit and debit card associations, and electronic fund transfer systems;

differing levels of retail distribution, shipping, and communications infrastructures;

different employee/employer relationships and the existence of workers' councils and labor unions;

difficulties in staffing and managing foreign operations;

longer payment cycles, different accounting practices, and greater problems in collecting accounts receivable;

potentially adverse tax consequences, including local taxation of our fees or of transactions on our websites;

higher telecommunications and Internet service provider costs;

strong local competitors;

different and more stringent consumer protection, data protection and other laws;

cultural ambivalence towards, or non-acceptance of, online trading, payments or voice communications;

seasonal reductions in business activity;

expenses associated with localizing our products, including offering customers the ability to transact business in the local currency;

laws and business practices that favor local competitors or prohibit foreign ownership of certain businesses;

profit repatriation restrictions, foreign currency exchange restrictions, and exchange rate fluctuations;

volatility in a specific country's or region's political or economic conditions; and

differing intellectual property laws.

Some of these factors may cause our international costs of doing business to exceed our comparable domestic costs. As we expand our international operations and have additional portions of our international revenues denominated in foreign currencies, we also could become subject to increased difficulties in collecting accounts receivable and risks relating to foreign currency exchange rate fluctuations. The impact of currency exchange rate fluctuations is discussed in more detail under "We are exposed to fluctuations in currency exchange rates," below.

We are in the process of expanding PayPal's services internationally. Both eBay and PayPal have limited experience with the payments business outside of the U.S. In some countries, expansion of PayPal's business may require a special license or a close commercial relationship with one or more local financial institutions. We do not know if these or other factors may prevent, delay, or limit PayPal's expansion or reduce its profitability. Any limitation on our ability to expand PayPal internationally could harm our business.

Table of Contents

We maintain a portion of Shopping.com's research and development facilities and personnel in Israel, and as a result, political, economic and military conditions in Israel affect those operations. Increased hostilities or terrorism within Israel or armed hostilities between Israel and neighboring states could make it more difficult for us to continue our operations in Israel, which could increase our costs. In addition, many of Shopping.com's employees in Israel are obligated to perform up to 36 days of military reserve duty each year, and are subject to being called for active duty under emergency circumstances. If a military conflict or war arises, these individuals could be required to serve in the military for extended periods of time. Shopping.com's Israeli operations could be disrupted by the absence of employees due to military service, which could adversely affect its business.

Our operations in China are subject to risks and uncertainties relating to the laws and regulations of the People's Republic of China.

Our operations in the People's Republic of China, or PRC, are conducted through our EachNet subsidiary and through a PayPal subsidiary. EachNet and PayPal are Delaware corporations and foreign persons under the laws of the PRC and are subject to many of the risks of doing business internationally described above in . There are many risks associated with our international operations. The PRC currently regulates its Internet sector through regulations restricting the scope of foreign investment and through the enforcement of content restrictions on the Internet. While many aspects of these regulations remain unclear, they purport to limit and require licensing of various aspects of the provision of Internet information services. These regulations have created substantial uncertainties regarding the legality of foreign investments in PRC Internet companies, and the business operations of such companies, including EachNet's and PayPal's PRC operations. In order to meet local ownership and regulatory licensing requirements, the eBay EachNet website is operated through a foreign-owned enterprise indirectly owned by eBay's European operating entity, which acts in cooperation with a local PRC company owned by certain local employees. The PayPal China website is operated through a foreign-owned enterprise owned by PayPal's International headquarters entity, which acts in cooperation with a local PRC company owned by certain local employees. We believe EachNet's and PayPal's current ownership structure complies with all existing PRC laws, rules, and regulations. There are, however, substantial uncertainties regarding the interpretation of current PRC laws and regulations, and it is possible that the PRC government will ultimately take a view contrary to ours. The People's Bank of China, or PBOC, has recently proposed guidelines for payment settlement organizations which, if enacted and applied to PayPal's operations in China, could have a material adverse effect on those operations, including, but not limited to, requiring the local PRC company to have at least three years of profitable operations (which PayPal's current local PRC partner does not have), and to obtain prior approval and licensure from the PBOC. There are also uncertainties regarding EachNet's and PayPal's ability to enforce contractual relationships it has entered into with respect to management and control of the company's business. If EachNet or PayPal were found to be in violation of any existing or future PRC laws or regulations, it could be subject to fines and other financial penalties, have its business and Internet content provider licenses revoked, or be forced to discontinue its business entirely. In addition, any finding of a violation by EachNet or PayPal of PRC laws or regulations could make it more difficult for us to launch new or expanded services in the PRC.

Although Skype does not conduct operations in the PRC directly, its service is used by residents of the PRC. PRC regulations surrounding VoIP telephony are unclear but do appear to prohibit some Skype services, and the national regulatory bodies in the PRC may adopt further regulations that restrict or prohibit the use of Skype's services. In addition, recent press reports have indicated that certain provinces in the PRC may be taking steps to restrict the use of Skype's services.

We are exposed to fluctuations in currency exchange rates.

Because we conduct a significant and growing portion of our business outside the United States but report our results in U.S. dollars, we face exposure to adverse movements in currency exchange rates. In connection with its

multi-currency service, PayPal fixes exchange rates twice per day, and may face financial exposure if it incorrectly fixes the exchange rate. PayPal also holds some corporate and customer funds in non-U.S. currencies, and thus its financial results are affected by the translation of these non-U.S. currencies into U.S. dollars. In addition, the results of operations of our internationally focused websites are exposed to foreign exchange rate fluctuations as the financial results of the applicable subsidiaries are translated from the local currency into U.S. dollars upon

Table of Contents

consolidation. If the U.S. dollar weakens against foreign currencies, as it did in 2004 and the first part of 2005, the translation of these foreign-currency-denominated transactions will result in increased net revenues, operating expenses, and net income. The change in weighted average foreign currency exchange rates in the first nine months of 2005 relative to the first nine months of 2004 resulted in an increase in net revenues of approximately \$52.7 million and an increase in aggregate cost of revenues and operating expenses of approximately \$28.5 million. Similarly, our net revenues, operating expenses, and net income will decrease if the U.S. dollar strengthens against foreign currencies as has occurred more recently. As exchange rates vary, net sales and other operating results, when translated, may differ materially from expectations. In particular, to the extent the U.S. dollar strengthens against the Euro and British Pound, our European revenues and profits will be reduced as a result of these translation adjustments. In addition, to the extent the U.S. dollar strengthens against the Euro and the British Pound, cross-border trade related to purchases of dollar-denominated goods by non-U.S. purchasers may decrease, and that decrease may not be offset by a corresponding increase in cross-border trade involving purchases by U.S. buyers of goods denominated in other currencies. While we from time to time enter into transactions to hedge portions of our foreign currency translation exposure, these hedges are relatively costly and, even with them in effect, it is impossible to perfectly predict or completely eliminate the effects of this exposure.

We depend on the continued growth of online commerce.

The business of selling goods over the Internet, particularly through online trading, is dynamic and relatively new. Growth in the use of the Internet as a medium for consumer commerce may not continue. Concerns about fraud, privacy, and other problems may discourage additional consumers from adopting the Internet as a medium of commerce. Market acceptance for recently introduced services and products over the Internet is highly uncertain, and there are few proven services and products. In countries such as the U.S. and Germany, where our services and online commerce generally have been available for some time and the level of market penetration of our services is high, acquiring new users for our services may be more difficult and costly than it has been in the past. In order to expand our user base, we must appeal to and acquire consumers who historically have used traditional means of commerce to purchase goods. If these consumers prove to be harder to acquire or are less active than our earlier users, and we are unable to gain efficiencies in our operating costs, including our cost of acquiring new customers, our business could be adversely impacted.

Acquisitions could result in operating difficulties, dilution and other harmful consequences.

We have acquired a number of businesses in the past, and have completed or announced eight acquisitions in 2005. These include, most recently, the acquisition of Skype, the acquisition of Shopping.com, and the acquisition through PayPal, of VeriSign, Inc.'s payment gateway business.

We expect to continue to evaluate and consider a wide array of potential strategic transactions, including business combinations, acquisitions and dispositions of businesses, technologies, services, products and other assets, including interests in our existing subsidiaries. At any given time we may be engaged in discussions or negotiations with respect to one or more of such transactions. Any of such transactions could be material to our financial condition and results of operations. There is no assurance that any such discussions or negotiations will result in the consummation of any transaction. The process of integrating any acquired business may create unforeseen operating difficulties and expenditures and is itself risky. The areas where we may face difficulties include:

diversion of management time, as well as a shift of focus from operating the businesses to issues of integration and future products, particularly given the large number and size and varying scope of our recent acquisitions;

declining employee morale and retention issues resulting from changes in compensation, reporting relationships, future prospects, or the direction of the business;

the need to integrate each company's accounting, management information, human resource and other administrative systems to permit effective management, and the lack of control if such integration is delayed or not implemented;

Table of Contents

the need to implement controls, procedures and policies appropriate for a larger public company at companies that prior to acquisition had lacked such controls, procedures and policies; and

in some cases, including in connection with our acquisition of VeriSign's payment gateway business, the need to transition operations, users, and/or customers onto our existing platforms.

Foreign acquisitions involve special risks, including those related to integration of operations across different cultures and languages, currency risks, and the particular economic, political, and regulatory risks associated with specific countries. Moreover, we may not realize the anticipated benefits of any or all of our acquisitions. As a result of future acquisitions or mergers, we might need to issue additional equity securities, spend our cash, or incur debt, liabilities, or amortization expenses related to intangible assets, any of which could reduce our profitability and harm our business.

System failures could harm our business.

We have experienced system failures from time to time, and any interruption in the availability of our websites will reduce our current revenues and profits, could harm our future revenues and profits, and could subject us to regulatory scrutiny. eBay's primary website has been interrupted for periods of up to 22 hours, and our PayPal site suffered intermittent unavailability over a five-day period in October 2004. Any unscheduled interruption in our services results in an immediate, and possibly substantial, loss of revenues. Frequent or persistent interruptions in our services could cause current or potential users to believe that our systems are unreliable, leading them to switch to our competitors or to avoid our sites, and could permanently harm our reputation and brands. These interruptions increase the burden on our engineering staff, which, in turn, could delay our introduction of new features and services on our sites. Because PayPal is a regulated financial entity, frequent or persistent site interruptions could lead to regulatory inquiries. These inquiries could result in fines, penalties, or mandatory changes to PayPal's business practices, and ultimately could cause PayPal to lose existing licenses it needs to operate or prevent it from obtaining additional licenses that it needs to expand. Finally, because our customers may use our products for critical transactions, any system failures could result in damage to our customers' businesses. These customers could seek significant compensation from us for their losses. Even if unsuccessful, this type of claim likely would be time consuming and costly for us to address.

Although our systems have been designed around industry-standard architectures to reduce downtime in the event of outages or catastrophic occurrences, they remain vulnerable to damage or interruption from earthquakes, floods, fires, power loss, telecommunication failures, terrorist attacks, computer viruses, computer denial-of-service attacks, and similar events. Some of our systems, including PayPal's customer support operations, are not fully redundant, and our disaster recovery planning is not sufficient for all eventualities. Our systems are also subject to break-ins, sabotage, and intentional acts of vandalism. Despite any precautions we may take, the occurrence of a natural disaster, a decision by any of our third-party hosting providers to close a facility we use without adequate notice for financial or other reasons, or other unanticipated problems at our hosting facilities could result in lengthy interruptions in our services. In addition, the failure by our hosting facilities to provide our required data communications capacity could result in interruptions in our service. We do not carry business interruption insurance sufficient to compensate us for losses that may result from interruptions in our service as a result of system failures.

Our growth will depend on our ability to develop our brands, and these efforts may be costly.

Our historical growth has been largely attributable to word of mouth, and to frequent and high visibility national and local media coverage. We believe that continuing to strengthen our brands will be critical to achieving widespread acceptance of our services, and will require an increased focus on active marketing efforts. The demand for and cost

of online and traditional advertising have been increasing, and may continue to increase. Accordingly, we will need to spend increasing amounts of money on, and devote greater resources to, advertising, marketing, and other efforts to create and maintain brand loyalty among users. In addition, we are supporting an increasing number of brands, each of which requires its own resources. Brand promotion activities may not yield increased revenues, and even if they do, any increased revenues may not offset the expenses incurred in building our brands. If we do attract new users to our services, they may not conduct transactions over our services on a regular basis. If we fail to

Table of Contents

promote and maintain our brands, or if we incur substantial expenses in an unsuccessful attempt to promote and maintain our brands, our business would be harmed.

Our business and users may be subject to sales tax and other taxes.

The application of indirect taxes (such as sales and use tax, value added tax, or VAT, goods and services tax, business tax, and gross receipt tax) to e-commerce businesses such as eBay and our users is a complex and evolving issue. Many of the fundamental statutes and regulations that impose these taxes were established before the growth of the Internet and e-commerce. In many cases, it is not clear how existing statutes apply to the Internet or e-commerce. In addition, some jurisdictions have implemented or may implement laws specifically addressing the Internet or some aspect of e-commerce. The application of existing, new, or future laws could have adverse effects on our business.

Several proposals have been made at the U.S. state and local level that would impose additional taxes on the sale of goods and services through the Internet. These proposals, if adopted, could substantially impair the growth of e-commerce, and could diminish our opportunity to derive financial benefit from our activities. In December 2004, the U.S. federal government enacted legislation extending the moratorium on states and other local authorities imposing access or discriminatory taxes on the Internet through November 2007. This moratorium does not prohibit federal, state, or local authorities from collecting taxes on our income or from collecting taxes that are due under existing tax rules.

In conjunction with the Streamlined Sales Tax Project, the U.S. Congress continues to consider overriding the Supreme Court's *Quill* decision, which limits the ability of state governments to require sellers outside of their own state to collect and remit sales taxes on goods purchased by in-state residents. An overturning of the *Quill* decision would harm our users and our business.

We do not collect taxes on the goods or services sold by users of our services. One or more states or foreign countries may seek to impose a tax collection or reporting or record-keeping obligation on companies such as eBay that engage in or facilitate e-commerce. Such an obligation could be imposed if eBay were ever deemed to be the legal agent of eBay sellers by a jurisdiction in which eBay operates. A successful assertion by one or more states or foreign countries that we should collect taxes on the exchange of merchandise or services on our websites would harm our business.

In July 2003, in compliance with the changes brought about by the European Union (EU) VAT directive on electronically supplied services, eBay began collecting VAT on the fees charged to EU sellers on eBay sites catering to EU residents. eBay also pays input VAT to suppliers within the various countries the company operates. In most cases, eBay is entitled to reclaim input VAT from the various countries with regard to our own payments to suppliers or vendors. However, because of our unique business model, the application of the laws and rules that allow such reclamation is sometimes uncertain. A successful assertion by one or more countries that eBay is not entitled to reclaim VAT would harm our business.

We continue to work with the relevant tax authorities and legislators to clarify eBay's obligations under new and emerging laws and regulations. Passage of new legislation and the imposition of additional tax requirements could harm eBay sellers and our business. There have been, and will continue to be, substantial ongoing costs associated with complying with the various indirect tax requirements in the numerous markets in which eBay conducts or will conduct business.

Fraudulent activities on our websites and disputes between users of our services may harm our business.

PayPal faces significant risks of loss due to fraud and disputes between senders and recipients, including:

non-delivery of, or disputes over the quality of, goods and services due to merchant fraud or inadequate merchant business practices;

reversal of payment by buyers both for legitimate reasons and in cases of buyer fraud;

unauthorized use of credit card and bank account information and identity theft;

Table of Contents

the need to provide effective customer support to process disputes between senders and recipients;

potential breaches of system security;

potential employee fraud; and

use of PayPal's system by customers to make or accept payment for illegal or improper purposes.

For the year ended December 31, 2004 and the nine months ended September 30, 2005, PayPal's transaction loss expense totaled \$50.5 million and \$47.0 million, representing 0.27% and 0.24% of PayPal's total payment volume, respectively. Failure to deal effectively with fraudulent transactions and customer disputes would increase PayPal's loss rate and harm its business.

PayPal's highly automated and liquid payment service makes PayPal an attractive target for fraud. In configuring its service, PayPal faces an inherent trade-off between customer convenience and security. Identity thieves and those committing fraud using stolen credit card or bank account numbers can potentially steal large amounts of money from businesses such as PayPal. We believe that several of PayPal's current and former competitors in the electronic payments business have gone out of business or significantly restricted their businesses largely due to losses from this type of fraud. We expect that technically knowledgeable criminals will continue to attempt to circumvent PayPal's anti-fraud systems. In addition, PayPal's service could be subject to employee fraud or other internal security breaches, and PayPal would be required to reimburse customers for any funds stolen as a result of such breaches. Merchants could also request reimbursement, or stop using PayPal, if they are affected by buyer fraud.

PayPal incurs substantial losses from merchant fraud, including claims from customers that merchants have not performed or that their goods or services do not match the merchant's description. PayPal also incurs losses from claims that the customer did not authorize the purchase from buyer fraud, from erroneous transmissions and from customers who have closed bank accounts or have insufficient funds in them to satisfy payments. In addition to the direct costs of such losses, if they are related to credit card transactions and become excessive they could result in PayPal losing the right to accept credit cards for payment. If PayPal were unable to accept credit cards, the velocity of trade on eBay could decrease, in which case our business would further suffer. PayPal has been assessed substantial fines for excess chargebacks in the past, and excessive chargebacks may arise in the future. PayPal has taken measures to detect and reduce the risk of fraud, but these measures may not be effective against new forms of fraud. If these measures do not succeed, our business will suffer.

In October 2003, PayPal launched a buyer protection program that refunds to buyers up to \$500 in certain eBay transactions if they do not receive the goods they purchased or if the goods differ significantly from what was described by the seller. In November 2004, PayPal increased the amount of protection available under its buyer protection program to \$1,000. If PayPal makes such a refund, it seeks to collect reimbursement from the seller, but may not be able to receive any funds from the seller. The PayPal buyer protection program has increased PayPal's loss rate and could cause future fluctuations.

eBay faces similar risks to those of PayPal with respect to fraudulent activities. eBay periodically receives complaints from users who may not have received the goods that they had purchased. In some cases individuals have been arrested and convicted for fraudulent activities using our websites. eBay also receives complaints from sellers who have not received payment for the goods that a buyer had contracted to purchase. Non-payment may occur because of miscommunication, because a buyer has changed his or her mind and decided not to honor the contract to purchase the item, or because the buyer bid on the item maliciously, in order to harm either the seller or eBay. In some European jurisdictions, buyers may also have the right to withdraw from a sale made by a professional seller within a specified

time period.

While eBay can suspend the accounts of users who fail to fulfill their payment or delivery obligations to other users, eBay does not have the ability to require users to make payment or deliver goods, or otherwise make users whole other than through our limited buyer protection programs. Other than through these programs, eBay does not compensate users who believe they have been defrauded by other users, although users who pay through PayPal may have reimbursement rights from their credit card company or bank, which in turn will seek reimbursement from PayPal. eBay also periodically receives complaints from buyers as to the quality of the goods purchased. We

Table of Contents

expect to continue to receive communications from users requesting reimbursement or threatening or commencing legal action against us if no reimbursement is made. Our liability for these sort of claims is only beginning to be clarified and may be higher in some non-U.S. jurisdictions than it is in the U.S. Litigation involving liability for third-party actions could be costly for us, divert management attention, result in increased costs of doing business, lead to adverse judgments, or otherwise harm our business. In addition, affected users will likely complain to regulatory agencies that could take action against us, including imposing fines or seeking injunctions.

Negative publicity and user sentiment generated as a result of fraudulent or deceptive conduct by users of our eBay and PayPal services could damage our reputation, reduce our ability to attract new users or retain our current users, and diminish the value of our brand names.

Changes to credit card association fees, rules, or practices could negatively affect PayPal's business.

Because PayPal is not a bank, it cannot belong to or directly access credit card associations, such as Visa and MasterCard. As a result, PayPal must rely on banks or payment processors to process transactions, and must pay a fee for this service. From time to time, credit card associations may increase the interchange fees that they charge for each transaction using one of their cards. MasterCard and Visa have each implemented increases in their interchange fees for credit cards effective in April 2005. PayPal's credit card processors have the right to pass any increases in interchange fees on to PayPal as well as increase their own fees for processing. Such increased fees increase PayPal's operating costs and reduce its profit margins. PayPal is also required by its processors to comply with credit card association operating rules, and PayPal has agreed to reimburse its processors for any fines they are assessed by credit card associations as a result of processing payments for PayPal. The credit card associations and their member banks set and interpret the credit card rules. Some of those member banks compete with PayPal. Visa, MasterCard, American Express, or Discover could adopt new operating rules or re-interpret existing rules that PayPal or its processors might find difficult or even impossible to follow. As a result, PayPal could lose its ability to give customers the option of using credit cards to fund their payments. If PayPal were unable to accept credit cards, its business would be seriously damaged. In addition, the velocity of trade on eBay could decrease and our business would further suffer.

In 2002, both Visa and MasterCard adopted new operating rules for Internet payment services like PayPal. In order to comply with the associations' rules, PayPal and its credit card processors have implemented changes to existing business processes for merchant customers. Any problems with these business processes could result in fines, the amount of which would be within Visa's and MasterCard's discretion. PayPal also could be subject to fines from MasterCard and Visa if it fails to detect that merchants are engaging in activities that are illegal or activities that are considered high risk, primarily the sale of certain types of digital content. For high risk merchants, PayPal must either prevent such merchants from using PayPal or register such merchants with MasterCard and Visa and conduct additional monitoring with respect to such merchants. PayPal has incurred fines from its credit card processor relating to PayPal's failure to detect the use of its service by high risk merchants and merchants engaged in illegal activities. The amount of these fines has not been material, but any additional fines in the future would likely be for larger amounts, could become material, and could result in a termination of PayPal's ability to accept credit cards or changes in PayPal's process for registering new customers, which would seriously damage PayPal's business.

Changes in PayPal's funding mix could adversely affect PayPal's results.

PayPal pays significant transaction fees when senders fund payment transactions using credit cards, nominal fees when customers fund payment transactions by electronic transfer of funds from bank accounts, and no fees when customers fund payment transactions from an existing PayPal account balance. Senders funded 53% and 52% of PayPal's payment volume using credit cards during 2004 and the first nine months of 2005, respectively, and PayPal's financial success will remain highly sensitive to changes in the rate at which its senders fund payments using credit

cards. Senders may prefer funding using credit cards rather than bank account transfers for a number of reasons, including the ability to dispute and reverse charges if merchandise is not delivered or is not as described, the ability to earn frequent flier miles or other incentives offered by credit cards, the ability to defer payment, or a reluctance to provide bank account information to PayPal. PayPal has received inquiries regarding its disclosure practices with regard to funding mechanisms from the attorneys general of a number of states, and in March 2005, a

Table of Contents

complaint seeking class action status was filed alleging, among other things, that PayPal's disclosure regarding the effects of users' choice of funding mechanism is deceptive. While we believe PayPal's disclosure is legal and accurate, any required change to our disclosure practices could result in increased use of credit card funding, damaging PayPal's business.

If PayPal were found to be subject to or in violation of any U.S. laws or regulations governing banking, money transmission, or electronic funds transfers, it could be subject to liability and forced to change its business practices.

A number of U.S. states have enacted legislation regulating money transmitters. To date, PayPal has obtained licenses in 33 of these jurisdictions and interpretations in nine states that licensing is not required under their existing statutes. As a licensed money transmitter, PayPal is subject to bonding requirements, restrictions on its investment of customer funds, reporting requirements, and inspection by state regulatory agencies. In July 2005, PayPal entered into a settlement agreement and agreed to pay \$225,000 to the California Department of Financial Institutions in connection with alleged violations of the California Financial Code relating to the use of a receipt form for international payments that had not been pre-approved by the Department, and incomplete reporting to the Department. If PayPal were found to be in violation of other money services laws or regulations, PayPal could be subject to liability, forced to cease doing business with residents of certain states, or forced to change its business practices. Any change to PayPal's business practices that makes the service less attractive to customers or prohibits its use by residents of a particular jurisdiction could decrease the velocity of trade on eBay, which would further harm our business. Even if PayPal is not forced to change its business practices, it could be required to obtain additional licenses or regulatory approvals that could impose a substantial cost on PayPal.

We believe that the licensing or approval requirements of the U.S. Office of the Comptroller of the Currency, the Federal Reserve Board, and other federal or state agencies that regulate banks, bank holding companies, or other types of providers of e-commerce services do not apply to PayPal, except for certain money transmitter licenses mentioned above. However, PayPal has received written communications in the past from state regulatory authorities expressing the view that its service might constitute an unauthorized banking business. PayPal has taken steps to address these states' concerns. However, we cannot guarantee that the steps PayPal has taken to address these regulatory concerns will be effective in all states, and one or more states may conclude that PayPal is engaged in an unauthorized banking business. If PayPal is found to be engaged in an unauthorized banking business in one or more states, it might be subject to monetary penalties and adverse publicity and might be required to cease doing business with residents of those states. Even if the steps it has taken to resolve these states' concerns are deemed sufficient by the state regulatory authorities, PayPal could be subject to fines and penalties for its prior activities. The need to comply with state laws prohibiting unauthorized banking activities could also limit PayPal's ability to enhance its services in the future. Any change to PayPal's business practices that makes the service less attractive to customers or prohibits its use by residents of a particular jurisdiction could decrease the velocity of trade on eBay, which would further harm our business.

Although there have been no definitive interpretations to date, PayPal has assumed that its service is subject to the Electronic Fund Transfer Act and Regulation E of the Federal Reserve Board. As a result, among other things, PayPal must provide advance disclosure of changes to its service, follow specified error resolution procedures, comply with certain marketing limitations, and absorb losses above \$50 from transactions not authorized by the consumer. In addition, PayPal is subject to the financial privacy provisions of the Gramm-Leach-Bliley Act, state financial privacy laws, and related regulations. As a result, some customer financial information that PayPal receives is subject to limitations on reuse and disclosure. Existing and potential future privacy laws may limit PayPal's ability to develop new products and services that make use of data gathered through its service. The provisions of these laws and related regulations are complicated, and PayPal does not have extensive experience in complying with them. Even technical violations of these laws can result in penalties of up to \$1,000 for each non-compliant transaction. PayPal processed

an average of approximately 1.25 million transactions per day during the first nine months of 2005, and any violations could expose PayPal to significant liability.

PayPal's status under banking or financial services laws or other laws in markets outside the U.S. is unclear.

PayPal currently allows its customers with credit cards to send payments from 54 markets outside the U.S., and to receive payments in 42 of those markets. In 25 of these 42 markets, customers can withdraw funds to local bank accounts, and in eight of these markets customers can withdraw funds by receiving a bank draft in the mail. PayPal offers customers the ability to send or receive payments denominated in U.S. dollars, British pounds, Euros, Canadian dollars, Japanese yen, and Australian dollars. We act in cooperation with a local company in the People's Republic of China, or PRC, which offers PRC residents the ability to send or receive payments denominated in renminbi. In March 2005, PayPal received an Australian Financial Services License from the Australian Securities and Investments Commission. In February 2004, PayPal (Europe) Ltd., a wholly-owned subsidiary of PayPal, received a license to operate as an Electronic Money Institution in the United Kingdom as a vehicle for providing localized versions of PayPal's service to customers in the EU. 25 of the 54 markets outside of the U.S. whose residents can use the PayPal service are members of the European Union. As PayPal (Europe) develops localized services for the domestic market in these countries, it is implementing such localized services through an expedited passport notification process through the UK regulator to regulators in other EU member states, pursuant to EU Directives. PayPal (Europe) has completed the passport notice process in all EU member countries. The regulators in these countries could notify PayPal (Europe) of local consumer protection laws that will apply to its business, in addition to UK consumer protection law. Any such responses from these regulators could increase the cost of, or delay, PayPal's plans for expanding its business. PayPal (Europe) is subject to significant fines or other enforcement action if it violates the disclosure, reporting, anti-money laundering, capitalization, funds management or other requirements imposed on electronic money institutions.

A: In approving this transaction, the special committee considered a number of potential benefits to Mosaic and its public stockholders that this transaction could provide, including that:

the elimination of a controlling stockholder can facilitate strategic, financial and distribution policy decisions that could benefit all Mosaic stockholders without the influence of one controlling stockholder;

by removing Cargill as a majority stockholder, Mosaic will gain strategic flexibility and be better able to pursue its future business initiatives free from the constraints of having a controlling corporate stockholder whose policies may conflict with the best interests of Mosaic's businesses;

the transactions address an overhang on the market for Mosaic common stock that Mosaic believes exists as a result of the presence of a large, controlling corporate stockholder;

the transactions will result in over 50% of the outstanding Mosaic shares being publicly held, which is a condition for inclusion in the S&P 500 Index, and, accordingly, the transactions could result in Mosaic being included in the S&P 500 Index at some point in the future, which would be expected to increase the demand for Mosaic's common stock and its corporate profile;

Mosaic expects to be better positioned to expand into complementary businesses if it chooses to do so in the future; in particular, Mosaic's ability to expand into complementary businesses in which Cargill has a presence is subject to regulatory limitations that would be eliminated or reduced by the transactions; and

Table of Contents

the transactions may permit Mosaic stockholders to share in any premium associated with a change in control of Mosaic, if such an event should occur.

Please see the section entitled "The Merger and Related Transactions" Mosaic's Reasons for the Merger and Related Transactions; Recommendation of the Mosaic Special Committee and Board of Directors.

Q: What does the special committee view to be the benefit that Cargill is receiving in the transactions?

A: The special committee believes that the benefit Cargill is receiving in the transactions is the opportunity to address what it believes to be certain of Cargill's key business objectives, including maintaining Cargill as a private company while at the same time addressing the diversification and distribution needs of the MAC Trusts, which collectively are one of Cargill's largest stockholders, improving Cargill's credit and liquidity profile as a result of the debt exchanges and eliminating Mosaic as a distraction for Cargill management. The special committee was aware of, and considered in the context of the discussions and negotiations with Cargill regarding the transactions, the potential benefits to Cargill in connection with the transactions, including the substantial tax savings that will accrue to Cargill by distributing all of its approximately 286 million Mosaic shares in the tax-free manner contemplated by the transactions (as opposed to, for example, selling all such shares in taxable secondary offerings in which Cargill would be taxed on the excess of the amount realized in such sales over its aggregate tax basis at its effective tax rate). Please see the section entitled "The Merger and Related Transactions" Background of the Merger and Related Transactions.

Q: Will the split-off and other transactions take place if the merger does not occur?

A: No. If the merger is not approved by the Mosaic stockholders as described in this document, or the merger does not otherwise occur, none of the transactions described herein will occur.

Q: Why is my vote important?

A: If you do not submit a proxy or vote in person at the special meeting, it will be more difficult for us to obtain the necessary quorum to hold the special meeting. In addition, your failure to submit a proxy or to vote in person will have the same effect as a vote against the adoption of the merger and distribution agreement. If you hold your shares through a broker, your broker will not be able to cast a vote on the adoption of the merger and distribution agreement without instructions from you. **The Mosaic board of directors recommends that you vote FOR the adoption of the merger and distribution agreement.**

Q: What is a proxy and how do I vote?

A: A proxy is a legal designation of another person to vote your shares on your behalf. If you hold shares in your own name, you may submit a proxy for your shares by using the toll-free number or the Internet if your proxy card includes instructions for using these quick, cost-effective and easy methods for submitting proxies. You also may submit a proxy in writing by simply filling out, signing and dating your proxy card and mailing it in the prepaid envelope included with these proxy materials. You will need to follow the instructions when you submit a proxy using any of these methods to make sure your shares will be voted at the special meeting. You also may vote by submitting a ballot in person if you attend the special meeting. However, we encourage you to submit a proxy by mail by completing your proxy card, by telephone or via the Internet even if you plan to attend the meeting.

If you hold shares through a broker or other nominee, you may instruct your broker or other nominee to vote your shares by following the instructions that the broker or nominee provides to you with these materials. Most brokers offer the ability for stockholders to submit voting instructions by mail by completing a voting instruction card, by telephone and via the Internet. If you hold shares through a broker or other nominee and wish to vote your shares at the special meeting, you must obtain a legal proxy from your broker or nominee and present it to the inspector of election with your ballot when you vote at the special meeting.

Table of Contents

Q: How do I vote if my shares are held in the Mosaic Investment Plan (the Mosaic 401(k) Plan) or the Mosaic Union Savings Plan?

A: If you hold any shares in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you are receiving, or being provided access to, the same proxy materials as any other stockholder of record. However, your proxy vote will serve as voting instructions to Vanguard Fiduciary Trust Company (the Trustee), as Trustee of the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, and, in accordance with the terms of each plan, the Trustee will vote all of the shares held in each plan in the same proportion as the actual proxy vote instructions submitted by the respective plan participants. If voting instructions are not received by the Trustee by May 8, 2011, or if the proxy card is not properly signed, the shares with respect to which you could have instructed the Trustee will be voted in the same proportion as the shares for which the Trustee received valid participant voting instructions.

If you are a participant in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you may submit a proxy vote as described above, but you may not vote your plan shares in person at the special meeting.

Q: When and where will the special meeting be held?

A: The special meeting will be held at Atria Corporate Center, 3033 Campus Drive, Plymouth, MN 55441 on May 11, 2011, at 9:00 a.m., local time.

Q: Who is entitled to vote at the special meeting?

A: All holders of Mosaic common stock who held shares at the close of business on the record date (March 23, 2011) are entitled to receive notice of and to vote at the special meeting.

Q: How will abstentions and broker non-votes be treated?

A: An abstention will have the same effect as a vote against the adoption of the merger and distribution agreement. Under the rules applicable to broker-dealers, brokers, banks and other nominee record holders holding shares in street name have the authority to vote on routine proposals when they have not received instructions from beneficial owners (which are referred to as broker non-votes). However, brokers, banks and other nominee record holders are precluded from exercising their voting discretion with respect to the approval of non-routine matters such as the approval of the proposal to adopt the merger and distribution agreement set forth in this document. As a result, absent signed instructions from the beneficial owner, brokers, banks and other nominee record holders are not empowered to vote those street name shares.

Since the vote required for approval of the proposal to adopt the merger and distribution agreement is based on a percentage of the shares outstanding, abstentions and broker non-votes will have the same effect as a vote against the proposal to adopt the merger and distribution agreement. However, abstentions and broker non-votes will have no effect on the outcome of the vote for the adjournment proposal because the vote required for approval of this proposal is based on the number of shares actually voted, whether in person or by proxy.

Q: Can Mosaic stockholders change their votes after they have delivered their proxies?

A: Yes. You may revoke your proxy and change your vote at any time before your proxy is voted at the special meeting. If you are a stockholder of record, you may revoke your proxy and change your vote:

Edgar Filing: EBAY INC - Form POSASR

if you voted over the telephone or by Internet, by voting again over the telephone or by Internet no later than 11:59 p.m. Eastern Time on May 10, 2011;

if you completed and returned a proxy card, by submitting a new proxy card with a later date and returning it prior to the special meeting; or

by submitting timely written notice of revocation to our Corporate Secretary, whose address is Atria Corporate Center, Suite E490, 3033 Campus Drive, Plymouth, Minnesota 55441.

Table of Contents

Attending the special meeting will not revoke your proxy unless you specifically request to revoke it or submit a ballot at the special meeting. If you have any questions about the special meeting or how to vote or revoke your proxy, you should write to The Mosaic Company, Atria Corporate Center, Suite E490, 3033 Campus Drive, Plymouth, Minnesota 55441, Attention: Director Investor Relations, or call (763) 577-2828.

If you are a participant in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you may revoke your proxy and change your vote as described above, but only until May 8, 2011. If you hold your shares in street name, contact your broker or other nominee regarding how to revoke your proxy and change your vote.

Q: Should Mosaic stockholders send in their stock certificates now?

A: No. Mosaic stockholders should not send in their stock certificates with their proxies.

Q: How will my shares be represented at the special meeting?

A: At the special meeting, the officers named in your proxy card will vote your shares in the manner you requested if you correctly submitted your proxy. If you sign your proxy card and return it without indicating how you would like to vote your shares, your proxy will be voted as the Mosaic board of directors recommends, which is:

FOR the adoption of the merger and distribution agreement; and

FOR the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to adopt the merger and distribution agreement at the time of the special meeting.

Q: What happens if I sell my shares after the record date but before the special meeting?

A: The record date of the special meeting is earlier than the date of the special meeting and the date that the merger is expected to be completed. If you transfer your Mosaic shares after the record date but before the date of the special meeting, you will retain your right to vote at the meeting.

Q: What do I do if I receive more than one proxy statement/prospectus or set of voting instructions?

A: If you hold shares directly as a record holder and also in street name, or otherwise through a nominee, you may receive more than one proxy statement/prospectus and/or set of voting instructions relating to the special meeting. These should each be voted and/or returned separately in order to ensure that all of your shares are voted.

Q: Are there any appraisal rights for holders of Mosaic common stock?

A: No. There are no appraisal rights available to Mosaic stockholders in connection with the merger or any of the other transactions contemplated by the merger and distribution agreement.

Q: Who can help answer any questions that Mosaic stockholders may have?

A: Mosaic stockholders who have any questions about the special meeting proposals or about how to submit their proxies, or who need additional copies of this proxy statement/prospectus or the enclosed proxy card or voting instructions, should contact our proxy solicitor at the address and telephone number listed below:

This summary highlights selected information from this proxy statement/prospectus. It may not contain all of the information that is important to you. You are urged to carefully read the entire proxy statement/prospectus and the other documents referred to in this proxy statement/prospectus because the information in this section may not provide all the information that might be important to you with respect to the merger and distribution agreement and related transactions. See *Where You Can Find More Information* beginning on page 100. Each item in this summary refers to the page of this proxy statement/prospectus on which that subject is discussed in more detail.

As described in this proxy statement/prospectus, if the merger is consummated, GNS, currently a wholly-owned subsidiary of Mosaic, will become the parent company of Mosaic and the issuer of the common stock into which your Mosaic common stock will be converted. Therefore, references to Mosaic, the Company, we, our, ours and us shall mean The Mosaic Company both before and after the merger and refer to the Mosaic parties shall mean Mosaic, GNS and Merger Sub.

Mosaic's Relationship with Cargill (page 55 and page 88)

Ownership. Cargill is currently Mosaic's majority stockholder, beneficially owning approximately 64% of Mosaic's outstanding common stock. Two of Mosaic's twelve directors are current officers of Cargill. Currently, as a result of its stock ownership, Cargill could effectively control Mosaic's strategic direction and significant corporate transactions.

Intercompany Agreements. Mosaic and its subsidiaries have entered into various transactions and agreements with Cargill and its subsidiaries from time to time in the ordinary course of business, as well as in connection with the 2004 business combination (certain of which remain in effect).

For more information about Mosaic's relationship with Cargill, please see the section entitled "Other Arrangements and Relationships Between Mosaic and Cargill" in this document.

Overview of the Transactions

At the special meeting, Mosaic stockholders will be voting on the adoption of the merger and distribution agreement. The merger and distribution agreement is attached hereto as Annex A and described below under the caption "The Merger and Distribution Agreement."

Pursuant to the merger and distribution agreement and related transaction documents, Cargill will exchange a portion of its equity interest in Mosaic with exchanging Cargill stockholders as part of the split-off and is expected to exchange the remaining portion of its equity interest in Mosaic with Cargill debt holders for Cargill debt pursuant to one or more debt exchanges. More specifically, the merger and distribution agreement and related transaction documents, each of which is described in greater detail later in this proxy statement/prospectus, provide for the following transaction steps.

Recapitalization; Amendment of the GNS Charter (page 61)

Prior to the effective time of the merger described below, Mosaic will amend and restate the certificate of incorporation of GNS, which is currently a wholly owned subsidiary of Mosaic, to authorize the issuance of GNS common stock, four series of GNS class A common stock and three series of GNS class B common stock:

Edgar Filing: EBAY INC - Form POSASR

each share of each series of class A common stock will be entitled to one vote per share with respect to all matters to which holders of class A common stock will be entitled to vote, will be subject to certain

Table of Contents

transfer restrictions, will be converted into shares of common stock at designated times and will have certain class voting rights, as will be set forth in the restated certificate of incorporation;

each share of each series of class B common stock will be entitled to ten votes per share with respect to the election of directors and one vote per share with respect to all other matters on which holders of class B common stock will be entitled to vote, will be subject to certain transfer restrictions, will be converted into a share of either class A common stock or common stock in certain circumstances and will have certain class voting rights, as will be set forth in the restated certificate of incorporation; and

each share of the common stock will be entitled to one vote per share with respect to all matters to which holders of common stock will be entitled to vote and will have certain class voting rights, as will be set forth in the restated certificate of incorporation.

The transfer restrictions pertaining to the class A common stock and the class B common stock are intended to help facilitate the orderly distribution of shares of common stock following the merger and split-off and to help preserve the tax-free nature of the split-off and the debt exchanges. For a more detailed description of the transfer restrictions, conversion provisions and class voting rights applicable to the class A common stock and the class B common stock, please see the section entitled Description of Capital Stock Following the Closing.

The foregoing amendments to GNS's certificate of incorporation will be adopted prior to the merger and will include changes that will permit the contemplated split-off and related transactions to be tax-free to Cargill and its stockholders. For the transactions to be tax-free to Cargill and its stockholders, Cargill must transfer to its stockholders capital stock of the Company having at least 80% of the voting power for the election of the Company's board of directors (presently Cargill, together with its subsidiaries, owns Mosaic shares representing approximately 64% of the voting power for the election of directors). The creation of class B common stock, one of the amendments to the GNS's certificate of incorporation, will enable Cargill to hold, and then exchange with its stockholders, at least 80% of the total voting power for the election of the Company's board of directors in the split-off.

Merger (page 61)

Following the amendments to the GNS certificate of incorporation, Merger Sub, a newly formed, wholly-owned subsidiary of GNS, will merge with and into Mosaic, with Mosaic surviving the merger and becoming a wholly-owned subsidiary of GNS (which is referred to as the merger). At the effective time of the merger, (i) a portion of the shares of Mosaic common stock held by Cargill at such time will be converted, on a one-for-one basis, into the right to receive shares of the different series of GNS class A common stock and GNS class B common stock and (ii) each of the other outstanding shares of Mosaic common stock (including the shares of Mosaic common stock held by the Mosaic public stockholders and a portion of the shares of Mosaic common stock held by Cargill) issued and outstanding immediately prior to the effective time of the merger will be converted into the right to receive one share of GNS common stock.

Immediately following the merger, but prior to the split-off, Cargill will own shares of GNS capital stock that represent approximately 89% of the voting power (measured in terms of the right to elect directors) and approximately 64% of the economic value of GNS, and the public stockholders of Mosaic immediately prior to the merger will own GNS common stock after the merger representing approximately 11% of the voting power (measured in terms of the right to elect directors) and approximately 36% of the economic value of GNS. The capitalization of GNS following the split-off is described below.

Following the merger, GNS will be renamed The Mosaic Company (and Mosaic will be renamed MOS Holdings Inc.). There is no contemplated change in the business, operations, management, assets or liabilities of Mosaic and its subsidiaries as a result of the merger (or related transactions) and the consolidated assets and liabilities of GNS immediately after the merger will be identical to the consolidated assets and liabilities of Mosaic immediately prior to the merger, and on a consolidated basis GNS will conduct the same business and operations and have the same executive management and board of directors as Mosaic immediately prior to the merger. After completion of the merger, GNS will be deemed a successor to Mosaic for certain purposes under both the Securities Act of 1933, as amended (the Securities Act) and Securities Exchange Act of 1934, as amended (the Exchange Act), including the registration of the GNS common stock under Section 12(b) of the Exchange Act, status as a large accelerated filer for purposes of Rule 12b-2 under the Exchange Act and succession to Mosaic's SEC file number.

Split-off (page 62)

Immediately following the effective time of the merger, Cargill will consummate the split-off, in which it will exchange all of the shares of class A common stock, class B common stock and common stock it receives in

Table of Contents

the merger (other than the Cargill retained shares) for all or a portion of the outstanding shares of Cargill common stock held by the MAC Trusts and by other Cargill stockholders who participate in the split-off. Pursuant to the terms of an exchange agreement between Cargill and the MAC Trusts, the MAC Trusts have agreed to exchange all of their shares of Cargill common stock for shares of GNS as part of the split-off. Pursuant to certain tender and support agreements, certain other Cargill stockholders also have already agreed to exchange all or a portion of their shares of Cargill common stock in the split-off. For a more detailed description of the split-off, please see the section entitled "The Merger and Distribution Agreement - Split-off."

Debt Exchanges; Initial Formation Offering (page 63 and page 76)

In connection with the split-off, Cargill intends to consummate a debt exchange (which is referred to as the "initial debt exchange"), pursuant to which it would exchange a portion of the shares of common stock it receives in the merger for indebtedness of Cargill pursuant to a debt exchange agreement, and Cargill may subsequently consummate one or more follow-on debt exchanges (together with the initial debt exchange, the "debt exchanges") if Cargill does not exchange all of the Cargill retained shares in the initial debt exchange. For a more detailed description of the debt exchanges, please see the section entitled "The Merger and Distribution Agreement - Debt Exchanges."

Table of Contents

On the closing date, promptly following the effective time of the merger and the completion of the split-off and the initial debt exchange, a registered secondary public offering of shares of common stock (which is referred to as the initial formation offering) will be completed. Pursuant to the registration agreement, the initial formation offering will involve the sale of (i) at least 7.5 million shares of common stock received by the MAC Trusts in the split-off and (ii) all of the shares of common stock expected to be received by the exchanging Cargill debt holders in the initial debt exchange, which is currently expected to be at least 75 million shares of common stock. The ultimate size of the initial formation offering will be determined by the joint book-running managing underwriters selected by Mosaic and Cargill, in consultation with the book-running managing underwriter selected by the MAC Trusts, and will be based on the capital market conditions at the time of such initial formation offering.

In addition to the initial formation offering, the registration agreement contains additional provisions designed to facilitate the orderly distribution of Mosaic shares held by Cargill, the MAC Trusts, other exchanging Cargill stockholders and the exchanging Cargill debt holders following the split-off.

Recommendation of the Board of Directors (page 51)

The Mosaic board of directors, upon the unanimous recommendation of the Mosaic special committee, has determined that the merger and distribution agreement and the transactions contemplated by the merger and distribution agreement and the related transaction documents are advisable, fair to and in the best interests of Mosaic and its stockholders (other than Cargill or its subsidiaries). **The Mosaic special committee and the Mosaic board of directors recommend that Mosaic stockholders vote FOR the adoption of the merger and distribution agreement.**

For the factors considered by the Mosaic special committee and board of directors in reaching their respective decisions with respect to the recommendation of the adoption of the merger and distribution agreement, see the section entitled The Merger and Related Transactions Mosaic s Reasons for the Merger and Related Transactions; Recommendation of the Mosaic Special Committee and Board of Directors.

In addition, the Mosaic board of directors recommends that Mosaic stockholders vote FOR the proposal to adjourn the meeting, if necessary or appropriate, to permit further solicitation of proxies for the adoption of the merger and distribution agreement.

Treatment of Mosaic Equity-Based Awards (page 62)

All outstanding unexercised and unexpired options to purchase shares of Mosaic common stock and other outstanding equity-based awards with respect to Mosaic common stock (each of which is referred to as an equity award) will be assumed by GNS in the merger and continue to have, and be subject to, the same terms and conditions as are present immediately prior to the completion of the merger (including the vesting schedule and per share exercise prices). Each equity compensation plan of Mosaic and other agreement pursuant to which the equity awards were granted will also be assumed by GNS in connection with the merger, and GNS has agreed to perform all obligations under such plans and agreements.

Interest of Mosaic s Officers and Directors (page 55)

In considering the unanimous recommendation of the Mosaic special committee and the recommendation of the Mosaic board of directors, Mosaic stockholders should be aware that two directors of Mosaic are also directors and executive officers of Cargill and have certain interests in the merger and split-off that are different from, or in addition to, the interests of the Mosaic public stockholders. These two directors were not part of the Mosaic special committee and recused themselves from the Mosaic board of directors meeting in which the transactions were approved. In addition, as of the record date, Mosaic s executive officers and directors beneficially owned 904,552 shares of Cargill capital stock (representing in the aggregate less than 0.08% of the Cargill s outstanding capital stock as of such date).

Table of Contents

None of the equity-based awards held by our officers and directors will be accelerated as a result of the transactions and no change in control provisions contained in any agreements with our executive officers will be triggered as a result of the transactions.

Market Prices of Mosaic Common Stock (page 23)

Mosaic common stock has been quoted on the NYSE under the symbol MOS since 2004. On January 18, 2011, the last full trading day prior to the public announcement of the proposed transactions, the reported last sale price per share of Mosaic common stock on the NYSE was \$85.07. On April 8, 2011, the most recent practicable date prior to the date of this proxy statement/prospectus, the reported last sale price per share of Mosaic common stock on the NYSE was \$78.41.

Expected Timing of the Merger (page 58)

Mosaic currently expects to complete the merger in the second calendar quarter of 2011, subject to receipt of the requisite Mosaic stockholders approvals and satisfaction of other closing conditions. In addition, under the merger and distribution agreement, Cargill has a right to terminate the transactions at any time prior to the completion of the merger if, at such time Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interest of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives. Therefore, no assurance can be given as to when, or if, the merger and related transactions discussed in this document will occur.

Conditions to Complete the Merger (page 70)

The obligations of each of the parties to the merger and distribution agreement to complete the merger are subject to the satisfaction (or, to the extent permitted under applicable law, but other than with respect to the condition in the first bullet point below, waiver) of the following conditions:

adoption of the merger and distribution agreement by both (i) a majority of the outstanding shares of Mosaic common stock and (ii) a majority of the outstanding shares of Mosaic common stock not held by Cargill or its subsidiaries;

absence of any law, order, statute, code, regulation, ordinance, decree, rule or other requirements with similar effect of any governmental authority which would prohibit the consummation of the merger, the split-off, the initial debt exchange or any formation offering (as defined below);

filing with the SEC, and effectiveness under the Securities Act of the registration statement with respect to the registered secondary offerings contemplated by the registration agreement, and the absence of any stop order suspending the effectiveness of such registration statement or proceedings initiated by the SEC for that purpose;

filing with the SEC, and effectiveness, of the registration statement on Form S-4, of which this proxy statement/prospectus forms a part, and the absence of any stop order suspending the effectiveness of such registration statement on Form S-4 or proceedings initiated by the SEC for that purpose;

the shares of common stock to be issued in the merger have been approved for listing on the NYSE and the common stock issuable upon the conversion of the class A common stock and class B common stock to be issued in the merger has been approved for listing on the NYSE, in each case subject only to official notice of issuance;

the representations of each party will be true and correct, subject to certain materiality thresholds, as of the date of the merger and distribution agreement and as of the closing date of the merger (which is

Table of Contents

referred to as the closing date) or such other date as may be specified therein, and each party has delivered an officer's certificate to such effect;

the other party will have generally performed (and delivered an officer's certificate to such effect), in all material respects its obligations, agreements and covenants under the merger and distribution agreement or the other transaction documents prior to or as of the closing of the merger; and

each of the registration agreement and the tax agreement (as defined below) shall be in full force and effect.

In addition, the obligation of the Mosaic parties to complete the merger is subject to the satisfaction (or, where legally permissible, waiver) of the following additional conditions:

an irrevocable confirmation by Cargill that it will complete the split-off on the closing date immediately following the effective time of the merger;

each stockholder of Cargill who, to Cargill's knowledge at the time of closing, is reasonably expected to be a stockholder or part of a group of stockholders who will beneficially own 5% or more of the voting power of Mosaic for the election of directors immediately following the split-off, has executed and delivered to Mosaic the governance agreement (as described below); and

there has been no change in, revocation of, or amendment to the ruling issued by the Internal Revenue Service (the IRS) (the IRS ruling) or change in law that could, in the reasonable judgment of Mosaic's counsel, affect the validity of the IRS ruling in a manner adverse to Mosaic or the Mosaic stockholders (other than Cargill and its subsidiaries).

In addition, the obligation of Cargill to complete the merger is subject to the satisfaction (or, where legally permissible, waiver) of the following additional conditions:

other than Cargill and its affiliates, no person or coordinating group (as defined in Treasury Regulation §1.355-7(h)(4)) who actively participates in the management or operation of Mosaic (including as a director), to Mosaic's knowledge (based on SEC filings), beneficially owns, directly or indirectly, 5% or more of the outstanding shares of Mosaic common stock;

there has been no change in, revocation of, or amendment to the IRS ruling or change in law that could, in the reasonable judgment of Cargill's counsel, adversely affect the validity of the IRS ruling;

Mosaic has delivered tax representations to Cargill's counsel and Cargill has received an opinion of tax counsel relating to certain tax consequences of the transaction; and

from the date of the merger and distribution agreement, no material market event (as defined below) (other than one for which Cargill has waived its right to invoke this condition) has occurred.

Termination of the Merger and Distribution Agreement (page 72)

Cargill and Mosaic may mutually agree to terminate the merger and distribution agreement at any time before the effective time of the merger, even after the Mosaic stockholders adopt the merger and distribution agreement.

Edgar Filing: EBAY INC - Form POSASR

In addition, either Cargill or Mosaic may terminate the merger and distribution agreement at any time before the effective time of the merger if:

there is a final and non-appealable prohibition by a governmental entity of the merger, the split-off, the initial debt exchange or any formation offering;

a vote of Mosaic's stockholders is taken and Mosaic's stockholders (including a majority of Mosaic stockholders (other than Cargill and its subsidiaries)) have failed to adopt the merger and distribution agreement;

after August 18, 2011 if the closing has not occurred by such date (subject to extension under certain circumstances in accordance with the merger and distribution agreement) (the end date); or

if the other party breaches or fails to perform any of its representations, warranties, covenants or other obligations as specified in the merger and distribution agreement subject to certain exceptions set forth therein.

Mosaic may also terminate the merger and distribution agreement at any time before the effective time of the merger if:

following the completion of a specified closing period (during which Cargill has the right to determine the closing date) if the closing has not occurred and after completion of the closing period, Mosaic has given Cargill at least five calendar days prior notice of its intention to terminate pursuant to this termination right;

the MAC Trusts exchange agreement (as defined below) is not in full force and effect as of the end date (without giving effect to any extension); or

Cargill fails to deliver a waiver notice with respect to any material market event prior to the expiration of the applicable response period (as specified in the merger and distribution agreement).

Cargill may also terminate the merger and distribution at any time before the effective time of the merger if:

at any time prior to the Mosaic stockholder approval being obtained, the Mosaic special committee or the Mosaic board of directors has made a change in the Mosaic recommendation; or

Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interests of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives.

Termination Fees and Expenses (page 73)

Termination Fees

In the event of termination under conditions specified in the merger and distribution agreement (including in the event that the merger and distribution agreement is terminated because Cargill's board of directors determines in its sole discretion that the transactions are not in the best interest of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives), Cargill may be required to pay to Mosaic a termination fee of \$200 million, which would be distributed by Mosaic to the holders of Mosaic common stock (other than Cargill and its subsidiaries) on a pro-rata basis and to reimburse Mosaic for reasonable expenses incurred in connection with the transactions up to \$15 million in the aggregate.

Expenses

Generally, except as noted above, all legal and other costs and expenses incurred in connection with the transactions will be paid by the party incurring those expenses, provided that in the event the initial formation offering is effected in accordance with the registration agreement, Cargill has agreed to reimburse Mosaic, up to \$15 million in the aggregate, for fees and expenses incurred by the Mosaic parties in connection with the transactions through the completion of the initial formation offering. In addition, pursuant to the memorandum of understanding entered into with the plaintiffs to the stockholder actions relating to the transactions, Cargill's reimbursement obligation described in this paragraph will increase to \$18 million in the aggregate upon consummation of the settlement, subject to the receipt of a revised or supplemental private letter ruling from the IRS indicating that this increase does not alter the conclusions expressed in the prior IRS ruling (see the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger").

Registered Offerings and Sales Following the Split-off under the Registration Agreement (page 76)

Mosaic, GNS, Cargill and the MAC Trusts have also entered into the registration agreement which provides a plan for the orderly distribution of shares of common stock following the split-off through a series of underwritten secondary public offerings, as well as other registered secondary sales and potential private sales.

In the first fifteen months following the split-off, Mosaic will conduct a series of underwritten secondary public offerings (the formation offerings) comprised of (i) a portion of the shares of common stock received by the MAC Trusts, or issuable upon conversion of the class A common stock received by the MAC Trusts, from Cargill in the split-off and (ii) shares of common stock expected to be transferred by Cargill to the exchanging Cargill debt holders in the debt exchanges. During the course of the formation offerings, exchanging Cargill debt holders are currently expected to sell approximately 107 million shares of common stock and the MAC Trusts are currently expected to sell at least 49.5 million shares of common stock. The initial formation offering is currently expected to include at least 82.5 million out of the total of approximately 157 million shares of common stock expected to be sold during the course of all formation offerings. The initial formation offering will settle on the same day as the split-off.

The shares of common stock that the MAC Trusts will be entitled to sell in the first two years following the split-off includes (i) 7.5 million shares of common stock to be received by the MAC Trusts in the split-off; (ii) 42 million shares of common stock into which shares of class A common stock, series A-4, received by the MAC Trusts in the split-off are convertible; and (iii) additional shares of common stock issuable upon the conversion of shares received by the MAC Trusts in the split-off if, subject to the terms of a tax agreement entered into by and among Mosaic, GNS and Cargill (which is referred to as the tax agreement), Mosaic grants the MAC Trusts express consent to sell such shares in the first two years following the split-off (which shares are referred to as consent shares).

If the MAC Trusts are unable to sell 49.5 million shares of common stock in the formation offerings described above and subject to other specified conditions (as more fully described under the heading The Registration Agreement Market Sales; Private Sales), Mosaic may be required by the MAC Trusts to file a shelf registration statement for secondary sales of these shares until the second anniversary of the split-off.

Mosaic is under no obligation to register any securities in the transactions described above in excess of the sum of 49.5 million and the total number of Cargill retained shares (which are expected to be approximately 107 million shares).

Illustrative Example of Capitalization Following the Formation Offerings

Important Notes regarding Illustrative Example:

Although Mosaic currently expects that, following the split-off, the Mosaic board of directors will consider a proposal to convert the class B common stock to either class A common stock or common stock (or a combination thereof), subject to stockholder approval, the above example assumes no such conversion has occurred. If such conversion does occur, each voting percentage noted above would instead be identical to its corresponding value percentage.

The percentages above are based upon a current estimate of the initial allocation of shares between the MAC Trusts and the other Cargill stockholders. The actual initial allocation will be based on the value prior to the closing of the Cargill shares exchanged by the MAC Trusts and the other Cargill stockholders in the split-off and the average trading price of the Mosaic common stock over a period before closing.

Percentages above assume the sale of approximately 157 million shares during the formation offerings. Exchanging Cargill stockholders (other than the MAC Trusts) will receive only class B common stock in the split-off. Pursuant to the registration agreement, following the two-year anniversary of the split-off, Mosaic has agreed (upon the request of the MAC Trusts or, if no such request is made, at its own election) to conduct a series of underwritten secondary public offerings of shares of common stock into which shares of class A common stock and class B common stock received by the MAC Trusts and the other exchanging Cargill stockholders in the split-off are convertible (the "released share offerings"). For a description of the circumstances under which the class B common stock is convertible into class A common stock or common stock (or a combination thereof), please see the section entitled "Description of Capital Stock Following the Closing Transfer Restrictions and Conversion Provisions."

For a detailed description of the provisions described above please see the section entitled "The Registration Agreement."

Table of Contents

Governance Matters (page 83)

As a condition to the obligation of the Mosaic parties to complete the merger, the MAC Trusts and any other exchanging Cargill stockholder who, to Cargill's knowledge at the time of closing, is reasonably expected to, or is part of a group of stockholders that is reasonably expected to, beneficially own 5% or more of the voting power of Mosaic for the election of directors immediately following the split-off, must become party to a governance agreement with Mosaic. Under this agreement, each such significant stockholder will be subject to certain transfer and standstill restrictions. In addition, until the earlier of the third anniversary of the closing and the first date on which such stockholder beneficially owns less than 10% of the total voting power for the election of the Mosaic board of directors, such stockholder also will be subject to voting restrictions with respect to its shares of Mosaic stock (other than with respect to any vote for the election of directors and for any proposal to convert the class B common stock into class A common stock or common stock (or a combination thereof)).

Material United States Federal Income Tax Consequences (page 56)

The IRS has issued a ruling to the effect that the exchange of Mosaic common stock for GNS common stock in the merger will qualify as a transaction described in section 351 of the Internal Revenue Code (the Code) and that holders of Mosaic common stock will not recognize any gain or loss upon exchange of their shares of Mosaic common stock for GNS common stock in the merger. Please see the section entitled The Merger and Related Transactions Material United States Federal Income Tax Consequences.

No Appraisal Rights (page 58)

Holders of Mosaic common stock are not entitled to appraisal rights under Section 262 of the Delaware General Corporation Law (which is referred to as the DGCL) in connection with the merger or any of the related transactions.

Changes to the Rights of Mosaic Stockholders as a Result of the Merger (page 96)

In the merger, a portion of the shares of Mosaic common stock held by Cargill will be converted, on a one-for-one basis, into the right to receive shares of the different series of GNS class A common stock and GNS class B common stock, and each of the other outstanding shares of Mosaic common stock (including a portion of the shares of Mosaic common stock held by Cargill) will be converted, on a one-for-one basis, into the right to receive shares of GNS common stock. All of the shares of GNS stock issued in the merger (including those issued to Cargill) will represent the same economic interest in Mosaic's consolidated business as the shares of Mosaic common stock for which they are converted. The GNS common stock will be substantially identical in all respects to Mosaic's current common stock, and will also have the same economic rights as the class A common stock and the class B common stock (including with respect to dividends and voting on matters other than the election of directors), and the common stock, the class A common stock and class B common stock will vote together as a single class, except for specified class voting rights described under the heading Description of Capital Stock Following the Closing Voting. The differences between the shares of common stock, class A common stock and class B common stock that are related to voting with respect to election of directors, conversion rights and restrictions on transferability are necessary for the split-off to be tax-free and are designed to satisfy applicable requirements under the Code and to facilitate the orderly introduction of the shares distributed in the split-off into the trading market. The class A common stock and the class B common stock will not be listed on any securities exchange. In addition, the bylaws of GNS at and immediately after the effective time of the merger will contain provisions substantially identical to the bylaws of Mosaic immediately prior to the effective time of the merger. Please see the section entitled Comparison of Rights of Stockholders.

Mosaic Special Meeting (page 33)

The special meeting of Mosaic's stockholders will be held at Atria Corporate Center, 3033 Campus Drive, Plymouth, MN 55441 on May 11, 2011, at 9:00 a.m., local time.

Table of Contents

No Cargill Stockholder Approval Required for the Merger (page 59)

Cargill stockholders are not required to adopt the merger and distribution agreement or approve the merger. However, Cargill stockholders must agree to exchange with Cargill a sufficient number of shares of Cargill common stock for shares of GNS stock at an exchange ratio to be determined prior to closing to allow Cargill to transfer to its stockholders approximately 178.5 million shares of GNS stock.

Regulatory Approval (page 58)

Under the Hart-Scott-Rodino Antitrust Improvement Act of 1976, as amended (the Hart-Scott-Rodino Act), acquisitions of Mosaic stock by the Anne Ray Charitable Trust and the Margaret A. Cargill Foundation (two of the exchanging Cargill stockholders) in connection with the split-off may not be completed until applicable filings have been made, and the applicable waiting period has expired or been terminated. On March 10, 2011, each of Cargill, Anne Ray Charitable Trust, and Margaret A. Cargill Foundation filed its notification and report form under the Hart-Scott-Rodino Act with the Antitrust Division of the U.S. Department of Justice and the U.S. Federal Trade Commission. On March 18, 2011, early termination of the applicable waiting period was granted. See the section entitled The Merger and Related Transactions Regulatory Approval.

RISK FACTORS

You should carefully consider the matters described in this section, as well as other information included in this proxy statement/prospectus and the other documents to which you have been referred, in considering whether or not to vote for the adoption of the merger and distribution agreement.

*For a discussion of additional uncertainties associated with (1) Mosaic's businesses and (2) forward-looking statements in this document, please see the section entitled **Cautionary Statement Concerning Forward-Looking Statements**. In addition, you should consider the risks associated with Mosaic's business that appear in Mosaic's Annual Report on Form 10-K for the year ended May 31, 2010 and in Mosaic's Quarterly Reports on Form 10-Q for the periods ended August 31, 2010, November 30, 2010 and February 28, 2011, which are incorporated by reference into this proxy statement/prospectus.*

Risks Relating to the Merger and the Split-off

Tax rules governing the split-off could result in limitations on the ability of the Company to execute certain aspects of its business plan for a period of time following the split-off and, notwithstanding the IRS ruling and tax opinion issued to Cargill in connection with the split-off, the Company could owe significant tax-related indemnification liabilities to Cargill.

The IRS has issued a ruling to the effect that the split-off will be tax-free to Cargill and its stockholders, and it is a condition to the completion of the split-off that Cargill receive a tax opinion relating to certain tax consequences of the split-off. Notwithstanding the IRS ruling and tax opinion, however, the split-off and the related transactions could be taxable to Cargill and its stockholders under certain circumstances. For example, the split-off and debt exchanges would be taxable to Cargill (but not its stockholders) under Section 355(e) of the Code (Section 355(e)) if one or more persons acquire, directly or indirectly, stock representing a 50% or greater interest (by vote or value) in the Company as part of a plan or series of related transactions that includes the split-off. Therefore, Cargill and Mosaic have agreed to tax-related restrictions and indemnities set forth in the tax agreement referred to herein, under which Mosaic may be restricted or deterred, following completion of the split-off, from taking certain actions for a period of two years following the completion of the split-off, including (i) redeeming or purchasing its stock in excess of agreed-upon amounts; (ii) issuing any equity securities in excess of agreed upon amounts; (iii) approving or recommending a third party's acquisition of the Company; (iv) permitting any merger or other combination of Mosaic or GNS; and (v) entering into an agreement for the purchase of any interest in Mosaic or GNS, subject to certain exceptions. Mosaic and GNS have agreed to indemnify Cargill and its subsidiaries for taxes and tax-related losses imposed on Cargill and its subsidiaries as a result of the split-off and other transactions failing to qualify as tax-free, if the taxes and related losses are attributable to, arise out of or result from certain prohibited acts or to any breach of, or inaccuracy in, any representation, warranty or covenant made by Mosaic or GNS in the tax agreement. The taxes and tax-related losses of Cargill and its subsidiaries would be significant if the split-off fails to qualify as tax-free, and so this indemnity would result in significant liabilities from the Company to Cargill that could have a material adverse effect on the Company. For a further discussion of the restrictions and indemnities set forth in the tax agreement, please see the section entitled **Other Transaction Agreements Tax Agreement**.

The merger will decrease the voting power of Mosaic's current public stockholders with respect to the election of directors.

Mosaic's public stockholders currently own shares of Mosaic common stock that represent approximately 36% of the voting power for all matters. For the split-off and the debt exchanges to be tax-free to Cargill and its stockholders, current U.S. federal income tax law generally requires, among other things, that Cargill exchange with its stockholders stock representing at least 80% of the voting power in the election of the Company's board of directors. Accordingly, a high vote class B common stock will be established in connection with the merger

Table of Contents

to permit Cargill to effect the split-off and the debt exchanges in a manner that is tax-free to Cargill and its stockholders. Following the merger, Mosaic's current public stockholders will hold shares of common stock which will have one vote per share, while the shares of class B common stock will have ten votes per share with respect to the election of directors. As a result, Mosaic's current public stockholders will own shares of common stock representing approximately 11% of the voting power for the election of directors (but will continue to hold approximately 36% of the voting power for all other matters).

Limitations on equity issuances, acquisitions, buybacks and other actions.

The merger and distribution agreement, the registration agreement and the tax agreement, restrict Mosaic and its subsidiaries' ability to take certain actions, including making certain equity issuances and material acquisitions, undertaking share buybacks and disposing of material businesses or assets. These restrictions and limitations in some cases apply to the period of time before the closing of the split-off and in some cases apply for a period of two years following completion of the split-off. These restrictions and limitations may prevent the Company from pursuing business opportunities that may arise prior to expiration of such restrictions and limitations. Please see the sections entitled "The Merger and Distribution Agreement" beginning on page 61, "The Registration Agreement" beginning on page 76 and the "Other Transaction Agreements Tax Agreement" beginning on page 85 for a description of these restrictions and limitations. In addition, the Company is restricted from buying shares of class A common stock or class B common stock at a premium to the then-current market price of the common stock, as described in the section entitled "Description of Capital Stock Following the Closing."

Cargill has a unilateral right to terminate the merger and distribution agreement at any time prior to the completion of the merger.

Under the terms of the merger and distribution agreement, Cargill has the right to terminate such agreement (subject to the payment of a \$200 million termination fee in certain circumstances) at any time prior to the completion of the merger if Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interests of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives. In addition, if Cargill does not determine to close the transaction during a specified closing period, Mosaic may terminate the merger and distribution agreement. Therefore, even if the merger and distribution agreement is adopted by the Mosaic stockholders, there can be no guarantee that the merger and related transactions will occur.

If the merger and the related transactions are not completed, Mosaic may be adversely affected without realizing any of the benefits of having completed the merger. For example:

matters relating to the merger and related transactions may require substantial commitments of time and resources by Mosaic management, which could otherwise have been devoted to other opportunities that may have been beneficial to Mosaic; and

Cargill will retain its majority ownership interest and continue to have the ability to effectively control the strategic direction and significant corporate transactions of Mosaic, and its interests in these matters may conflict with the interests of other stockholders of Mosaic.

Risks Relating to an Investment in Mosaic's Common Stock Following the Merger

Stock sales following the split-off may affect the stock price of Mosaic's common stock.

After the completion of the merger and split-off, Mosaic expects to conduct a series of underwritten secondary public offerings during the first fifteen months following the split-off which could result in downward pressure on the market price of Mosaic's common stock.

In addition, prior to the 24-month anniversary of the split-off Mosaic may be required by the MAC Trusts to file a shelf registration statement for secondary sales of shares in the event the MAC Trusts are not given the opportunity to sell 49,500,000 shares of stock received by the MAC Trusts in the split-off in the formation

Table of Contents

offerings discussed above. Furthermore, the registration agreement provides for the possibility of another series of underwritten secondary public offerings, which would begin no earlier than 12 months following the last of the formation offerings described above (or any later underwritten primary equity issuance by Mosaic in accordance with the terms of the registration agreement), with respect to Mosaic shares received by exchanging Cargill stockholders (including shares received but not sold by the MAC Trusts in the initial two-year period following the split-off). This second series of underwritten secondary public offerings is expected to be completed, at the latest, on the 54-month anniversary of the split-off. These sales could also result in downward pressure on the stock price of Mosaic's common stock.

Mosaic's stock price may fluctuate significantly following the split-off.

The price of Mosaic common stock may fluctuate significantly following the merger and the split-off as a result of many factors in addition to those discussed in the preceding risk factors and the section entitled "Risk Factors" included in the Mosaic Annual Report on Form 10-K for the year ended May 31, 2010 and the Quarterly Reports on Form 10-Q for the quarterly periods ended August 31, 2010, November 30, 2010 and February 28, 2011, which are incorporated herein by reference. These factors, some or all of which are beyond Mosaic's control, include:

market conditions in the broader stock market in general;

actual or anticipated fluctuations in Mosaic's results of operations;

changes in expectations as to Mosaic's future financial performance, including financial estimates by securities analysts and investors;

success of Mosaic's operating and growth strategies;

investor anticipation of strategic and technological threats, whether or not warranted by actual events;

operating and stock price performance of Mosaic's competitors;

regulatory or political developments;

litigation and government investigations;

changes in key personnel;

depth of the trading market in Mosaic's common stock; and

failure of securities analysts to cover Mosaic's common stock after the formation offerings and/or the released share offerings. In addition, the stock market has historically experienced volatility that often has been unrelated or disproportionate to the operating performance of particular companies. These broad market and industry fluctuations may adversely affect the trading price of Mosaic common stock, regardless of Mosaic's actual operating performance.

The class B common stock may remain as a separate class for an indefinite period of time.

Edgar Filing: EBAY INC - Form POSASR

Mosaic presently expects that, following completion of the split-off and in connection with the consideration of resolutions to be submitted to the Mosaic stockholders at the first regularly scheduled annual stockholders meeting of Mosaic following the split-off or at a special stockholders meeting of Mosaic following the split-off, the Mosaic board of directors will consider a proposal to convert the class B common stock to either class A common stock or common stock (or a combination thereof) on a share-for-share basis, subject to the receipt of stockholder approval. There is, however, no binding commitment by the Mosaic board of directors to, and there can be no assurance that the Mosaic board of directors will, consider the issue or resolve to submit such a proposal to Mosaic's stockholders at that meeting or any subsequent meeting of stockholders.

Table of Contents

Moreover, there can be no assurance that, if presented, Mosaic's stockholders would approve the conversion proposal. If such a conversion proposal is approved by the Mosaic board of directors and presented to the Mosaic stockholders, a vote by a majority of all three classes of Mosaic's stock outstanding, represented in person or by proxy at a stockholder meeting, voting together as a single class (with each share having one vote) will be required for such proposal to be approved.

Mosaic stockholders should also consider the risks associated with Mosaic's business that appear in Mosaic's Annual Report on Form 10-K for the year ended May 31, 2010 and in Mosaic's Quarterly Reports on Form 10-Q for the periods ended August 31, 2010, November 30, 2010 and February 28, 2011, which have been incorporated by reference into this proxy statement/prospectus.

Table of Contents**GNS II (U.S.) Corp.**

GNS II (U.S.) Corp. is a Delaware corporation incorporated in March 2004 and has been a wholly-owned subsidiary of Mosaic since it was contributed to Mosaic by Cargill in 2004. GNS has no material operations of its own and its assets consist almost entirely of equity interests it holds in a number of subsidiaries operating in China, India, Argentina and Chile, a subsidiary that owns land including phosphate rock reserves in Florida, a subsidiary that holds a minority equity investment in a phosphate rock mine joint venture and a financing subsidiary that manages offshore cash. The results of GNS and its subsidiaries are reflected in the consolidated financial statements of Mosaic.

Set forth below is unaudited summarized financial information of GNS and its consolidated subsidiaries. This financial information has been prepared without corporate allocations and reflects the income tax expense and related assets and liabilities recorded for this entity as reflected in the consolidated financial statements of Mosaic and not on a standalone basis. Had such allocations or standalone income tax determinations been made the results would differ from those presented below. This unaudited summarized financial information is for informational purposes only. This unaudited summarized financial information does not purport to indicate the results that would have actually been obtained had GNS operated as a stand-alone entity for the periods presented, or that may be realized in the future by GNS after the merger.

In connection with the merger, GNS will transfer substantially all of the assets and liabilities held by GNS prior to the merger to Mosaic (which will be a wholly-owned subsidiary of GNS after completion of the merger), subject in certain cases to applicable governmental, regulatory or contractual approvals, such that (other than certain de minimis assets) GNS's only remaining asset after the merger and split-off would be the capital stock of Mosaic. We currently expect that GNS will be able to transfer approximately 80% of the assets of GNS on the same day the merger closes (but after the split-off) and substantially all of the remaining GNS assets as expeditiously as possible upon receipt of the various approvals referred to above.

After completion of the merger, GNS will be deemed a successor to Mosaic for certain purposes under both the Securities Act and the Exchange Act, including the registration of the GNS common stock under Section 12(b) of the Exchange Act, status as a large accelerated filer for purposes of Rule 12b-2 under the Exchange Act and succession to Mosaic's SEC file number.

THE SPECIAL MEETING OF MOSAIC STOCKHOLDERS

This proxy statement/prospectus is furnished in connection with the solicitation of proxies by the Mosaic board of directors for use at the special meeting of Mosaic's stockholders and any adjournments or postponements of the special meeting. When this proxy statement/prospectus refers to the special meeting, it is also referring to any adjournments or postponements of the special meeting.

The special meeting of Mosaic's stockholders will be held at Atria Corporate Center, 3033 Campus Drive, Plymouth, MN 55441 on May 11, 2011, at 9:00 a.m., local time.

Purpose of the Special Meeting

At the special meeting, Mosaic stockholders will be asked:

to consider and vote upon a proposal to adopt the merger and distribution agreement; and

to consider and vote upon a proposal to adjourn the special meeting if necessary or appropriate to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting to approve the proposal to adopt the merger and distribution agreement.

Mosaic does not expect a vote to be taken on any other matters at the special meeting. The mailing of this proxy statement/prospectus and accompanying form of proxy is expected to commence on or about April 11, 2011.

Record Date; Shares Entitled to Vote

Mosaic has fixed the close of business on March 23, 2011 (the record date) as the record date for determining the Mosaic stockholders who are entitled to notice of and to vote at the special meeting or at any adjournment of the special meeting. At the special meeting, each outstanding share of Mosaic common stock is entitled to one vote. At the close of business on the record date, there were 446,515,263 shares of Mosaic's common stock outstanding and entitled to vote at the special meeting.

A list of Mosaic stockholders as of the record date will be available for review by any Mosaic stockholder entitled to vote at the special meeting at Mosaic's principal executive offices during regular business hours for at least 10 days before the special meeting. The list will also be available during the special meeting to any stockholder present at the special meeting.

Quorum

In accordance with Mosaic's bylaws, the holders of a majority of the shares entitled to vote at any meeting must be present, in person or by proxy, at the meeting in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted as present at the special meeting if:

you are present in person at the special meeting; or

you have properly submitted, and have not revoked, a proxy by mail, telephone or via the Internet.

The Mosaic bylaws also provide that if a quorum fails to attend any meeting, the chairman of the meeting or the holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, may adjourn the meeting to another place, date, or time until a quorum is present.

Edgar Filing: EBAY INC - Form POSASR

Cargill, which is the holder of approximately 64% of the outstanding shares of Mosaic common stock, has agreed to attend and vote at the special meeting unless the Mosaic board of directors withdraws or modifies its recommendation that Mosaic stockholders vote to adopt the merger and distribution agreement.

Table of Contents

Required Vote

Each outstanding share of existing Mosaic common stock is entitled to one vote on each matter which may properly come before the special meeting.

Merger Proposal. Pursuant to the merger and distribution agreement, the vote required to adopt the merger and distribution agreement is (1) approval by a majority of the outstanding shares of Mosaic common stock, including shares held by Cargill and its subsidiaries; and (2) approval by the holders of a majority of the shares of Mosaic common stock entitled to vote on such proposal, other than the shares held by Cargill or its subsidiaries.

Adjournment Proposal. The proposal to permit adjournment of the special meeting will require the affirmative vote of the Mosaic stockholders holding at least a majority of the votes cast by holders of the Mosaic common stock entitled to vote on such proposal which are present in person or by proxy at the special meeting.

Cargill, which, together with its subsidiaries, owns approximately 64% of Mosaic's outstanding common stock, has agreed to vote its and its subsidiaries' shares of Mosaic common stock in favor of each of the special meeting proposals unless the Mosaic board of directors withdraws or modifies its recommendation that Mosaic stockholders vote to adopt the merger and distribution agreement. Accordingly, approval of the adjournment proposal is assured absent the withdrawal or modification of the recommendation of the Mosaic board of directors. For specific information about Cargill's agreement to vote its and its subsidiaries' shares of Mosaic common stock pending the completion of the split-off, please see the section entitled "The Merger and Distribution Agreement - Voting."

Voting of Proxies

The Mosaic board of directors requests that you submit your proxy to vote your shares at the special meeting. To submit your proxy, you may complete, date and sign the proxy card and promptly return it in the enclosed pre-paid envelope. In addition, you may submit your proxy to vote your shares through the Internet or by telephone by following the instructions included on the enclosed proxy card. The Internet voting facility and the telephone voting facility for stockholders of record will close at 11:59 p.m. Eastern Time, on May 10, 2011.

Each properly signed proxy received prior to the special meeting and not revoked before the vote at the special meeting will be voted at the special meeting according to the instructions indicated on the proxy or, **if no instructions are given on a properly signed proxy, the shares represented by such proxy will be voted FOR the adoption of the merger and distribution agreement, and FOR the proposal to adjourn the special meeting if necessary or appropriate to permit further solicitation of proxies for the adoption of the merger and distribution agreement, if such a proposal is submitted to a vote of stockholders.**

If you hold your shares of Mosaic common stock in street name, meaning in the name of a bank, broker or other nominee who is the record holder, you must either direct the record holder of your shares of Mosaic common stock how to vote your shares or obtain a proxy from the record holder to vote your shares in person at the special meeting.

If you hold any shares in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you are receiving, or being provided access to, the same proxy materials as any other stockholder of record. However, your proxy vote will serve as voting instructions to Vanguard Fiduciary Trust Company (the Trustee), as Trustee of the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, and, in accordance with the terms of each plan, the Trustee will vote all of the shares held in each plan in the same proportion as the actual proxy vote instructions submitted by the respective plan participants. If voting instructions are not received by the Trustee by May 8, 2011, or if the proxy card is not properly signed, the shares with respect to which you could have instructed the Trustee will be voted in the same proportion as the shares for which the Trustee received valid participant voting instructions.

How to Revoke Your Proxy

If you hold shares in your own name, you may revoke your proxy at any time by taking any of the following actions before your proxy is voted at the special meeting:

delivering a timely written notice bearing a date later than the date of your proxy card to the Corporate Secretary of Mosaic (at the address shown below), stating that you revoke your proxy;

signing and delivering to the Corporate Secretary of Mosaic a new proxy card relating to the same shares and bearing a later date;

properly casting a new vote through the Internet or by telephone at any time before the closure of the Internet voting facilities and the telephone voting facilities; or

attending the special meeting and voting in person, although attendance at the special meeting will not, by itself, revoke a proxy. You should send any notice of revocation or your completed new proxy card, as the case may be, to the Corporate Secretary of Mosaic, whose address is Atria Corporate Center, Suite E490, 3033 Campus Drive, Plymouth, Minnesota 55441.

If you hold shares through a bank, broker or other nominee and you have instructed the bank, broker or other nominee to vote your shares, you must follow the directions you receive from your bank, broker or other nominee to change your voting instructions. If you are a participant in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you may revoke your proxy and change your vote as described above, but only until May 8, 2011.

Voting in Person

If you plan to attend the special meeting and wish to vote in person, you will be given a ballot at the special meeting. If your shares are held in street name (through a bank, broker or other nominee), you must obtain a proxy from the record holder to vote your shares in person at the special meeting. Whether or not you plan to attend the special meeting, Mosaic requests that you complete, sign, date and return the enclosed proxy card as soon as possible in the enclosed postage-paid envelope, or submit a proxy through the Internet or by telephone as described in the instructions accompanying this proxy statement/prospectus. This will not prevent you from voting in person at the special meeting but will assure that your vote is counted if you are unable to attend.

If you are a participant in the Mosaic 401(k) Plan or the Mosaic Union Savings Plan, you may submit a proxy vote as described above, but you may not vote your plan shares in person at the special meeting.

Abstentions and Broker Non-Votes

Edgar Filing: EBAY INC - Form POSASR

Abstentions will be deemed to be votes against the adoption of the merger and distribution agreement. Under the rules applicable to broker-dealers, brokers, banks and other nominee record holders holding shares in

street name have the authority to vote on routine proposals when they have not received instructions from beneficial owners. However, brokers, banks and other nominee record holders are precluded from exercising their voting discretion with respect to the approval of non-routine matters such as the adoption of the merger and distribution agreement set forth in this proxy statement/prospectus. As a result, absent specific instructions from the beneficial owner, brokers, banks and other nominee record holders are not empowered to vote those street name shares in connection with the proposal to adopt the merger and distribution agreement.

Since the vote required for the proposal to adopt the merger and distribution agreement is based on a percentage of the shares outstanding, abstentions and broker non-votes will have the same effect as a vote against this proposal. However, abstentions and broker non-votes will have no effect on the outcome of the vote for the adjournment proposal because the vote required for approval of this proposal is based on the number of shares actually voted, whether in person or by proxy.

All beneficial owners of Mosaic common stock are urged to submit their proxy to indicate their votes or to contact their brokers to determine how to vote.

Adjournments

If the special meeting is adjourned to a different place, date, or time, Mosaic need not give notice of the new place, date, or time if the new place, date, or time is announced at the meeting before adjournment. If a new record date is or must be set for the adjourned meeting, notice of the adjourned meeting will be given to persons who are Mosaic stockholders of record entitled to vote at the special meeting as of the new record date.

Certain Ownership of Mosaic Common Stock

As of the record date, Cargill and its subsidiaries beneficially owned 285,759,772 shares of Mosaic common stock, representing approximately 64% of the shares outstanding as of such date. Subject to certain conditions, Cargill has agreed to cause all shares of Mosaic common stock held by Cargill or any of its subsidiaries to be voted in favor of each of the proposals described in this proxy statement/prospectus.

In addition, as of the record date, Mosaic's executive officers and directors beneficially owned 1,339,890 shares of Mosaic common stock, representing approximately 0.3% of the shares outstanding as of such date, excluding beneficial ownership of such shares which may be deemed to be attributed to such executive officers and directors through their ownership interest in Cargill.

Mosaic currently expects that each of its directors and executive officers will vote their shares of Mosaic common stock **FOR** adoption and approval of the merger and distribution agreement and **FOR** the proposal to adjourn the special meeting if necessary or appropriate to permit further solicitation of proxies for the adoption of the merger and distribution agreement, although none of them has entered into an agreement requiring them to do so.

Expenses of Solicitation

This proxy statement/prospectus is being furnished in connection with the solicitation of proxies by the Mosaic board of directors. All costs of soliciting proxies, including reimbursement of fees of certain brokers, fiduciaries and nominees in obtaining voting instructions from beneficial owners, will be borne by Mosaic, subject to Cargill's expense reimbursement obligations if the initial formation offering is completed as described elsewhere in this document. In addition, Mosaic has retained Innisfree M&A Incorporated to assist in the solicitation of proxies for a fee of approximately \$50,000, plus reimbursement of expenses. Banks, brokerage houses, fiduciaries, and custodians holding in their names shares of Mosaic's common stock beneficially owned by others will be furnished copies of solicitation materials to forward to the beneficial owners. Mosaic may reimburse persons representing beneficial owners of Mosaic's common stock for their costs of forwarding

solicitation materials to the beneficial owners. In addition to solicitation by the use of the mails, proxies may be solicited by Mosaic's directors, officers, and employees in person or by telephone, e-mail, Internet or other means of communication. No additional compensation will be paid to Mosaic's directors, officers, or employees for their services in connection with this solicitation.

This proxy statement/prospectus and the proxy card are first being sent to Mosaic stockholders on or about April 11, 2011.

The matters to be considered at the special meeting are of great importance to Mosaic stockholders. Accordingly, Mosaic stockholders are urged to read and carefully consider the information presented in this proxy statement/prospectus and the attachments hereto, and to complete, date, sign and promptly return the enclosed proxy in the enclosed postage-paid envelope.

THE MERGER AND RELATED TRANSACTIONS

Background of the Merger and Related Transactions

In January 2004, IMC Global Inc. entered into an agreement with Cargill to form a new crop nutrition company. Pursuant to the agreement, in October 2004, IMC Global Inc. combined its businesses with the fertilizer businesses of Cargill to form a new public company, which was named The Mosaic Company, and Mosaic's shares began trading on the NYSE. In connection with the 2004 transaction, Cargill, together with two of its subsidiaries, received 250,582,322 shares of Mosaic common stock, plus shares of another class of Mosaic capital stock which were converted into 35,177,450 shares of Mosaic common stock in July 2006. As of the record date, Cargill beneficially owned 285,759,772 shares of Mosaic common stock, which represented approximately 64% of the outstanding Mosaic common stock.

Also in connection with the 2004 combination transaction that formed Mosaic, Cargill and Mosaic entered into an investor rights agreement, which agreement was amended and restated in August 2006. Pursuant to this investor rights agreement, Cargill agreed to various standstill restrictions and restrictions on its ability to transfer any of its shares of Mosaic common stock to third parties. This investor rights agreement also provided for, among other things, various governance arrangements between the parties. The restrictions on Cargill's ability to transfer its shares of Mosaic common stock to third parties expired on October 22, 2007, and the standstill restrictions and governance arrangements expired on October 22, 2008. As of the date of this document, two of Mosaic's twelve directors, Emery N. Koenig and Sergio Rial, are current officers of Cargill, two of Mosaic's twelve directors, James T. Prokopanko (our president and chief executive officer) and Robert L. Lumpkins (our chairman), are former officers of Cargill, and the remaining eight members of the Mosaic board of directors are considered by us to be independent directors as none of them is a former executive of Cargill or otherwise has a material relationship with us or Cargill and each of them satisfies the NYSE standards for independence as well as our standards for independence set forth in our Director Independence Standards.

In February 2008, Greg Page, the Chief Executive Officer of Cargill, discussed with Mr. Lumpkins, our chairman, the possibility of having exploratory discussions with Mosaic regarding a possible transaction involving Cargill's majority stake in Mosaic. During this call, Mr. Page reported that the structure of the possible transaction that Cargill was evaluating would first involve a recapitalization of Mosaic's common stock into high-vote and low-vote shares, following which Cargill would distribute a majority of its Mosaic shares to Cargill stockholders in a tax-free spin-off and use all or a portion of the remaining Mosaic shares it retained to retire a portion of Cargill's outstanding indebtedness. Mr. Page explained that following the death in August 2006 of Margaret A. Cargill, one of Cargill's largest stockholders, three charitable trusts and a foundation, formed through the estate of Ms. Cargill (which are referred to in this document as the MAC Trusts), came to beneficially own a large percentage of the outstanding stock of Cargill. Shortly thereafter, Mr. Page noted, representatives of the MAC Trusts began discussions with Cargill regarding the MAC Trusts' diversification and distribution needs in order to pursue the charitable objectives for which they were formed. Mr. Page stated that the recapitalization/spin-off transaction Cargill was exploring would further several objectives of Cargill, including addressing the MAC Trusts' diversification needs. Mr. Lumpkins responded that he would report this conversation to the Mosaic board of directors. During the course of the discussions described in this section of the proxy statement/prospectus, the special committee was informed that, in addition to the diversification and distribution needs of the MAC Trusts relating to their pursuit of their charitable objectives, the MAC Foundation, one of the MAC Trusts, is required to make annual distributions generally equal to five percent of the fair market value of its assets to avoid an excise tax under Section 4942 of the Code, and, in addition, that if a proposed Treasury Regulation is finalized in its present form, the Anne Ray Charitable Trust, which is another one of the MAC Trusts, will be required to make annual distributions generally equal to five percent of the fair market value of its assets to avoid an excise tax under Section 4942 of the Code.

Table of Contents

Following the discussion with Mr. Page, Mr. Lumpkins reported the conversation to the Mosaic board of directors and, following his report, the independent directors of Mosaic met separately to discuss the prospects of engaging in discussions with Cargill about the possible transaction. Also in February 2008, Harold MacKay, one of our independent directors, met with a representative of J.P. Morgan Securities LLC (J.P. Morgan) to discuss the possible retention of J.P. Morgan as financial advisor if such discussions with Cargill were to take place. The independent directors met again on February 28, 2008 to discuss further the possible transaction, as well as the fact that various provisions of the investor rights agreement between Mosaic and Cargill were due to expire in October 2008. At this meeting, the independent directors also discussed the possibility of the Mosaic board of directors formally constituting a special committee of independent directors to evaluate these matters in greater detail.

On March 4, 2008, to facilitate a full and fair evaluation of any potential transaction, the Mosaic board of directors formed a special committee consisting of all of its independent directors. The Mosaic board of directors viewed each member of the Mosaic special committee as independent from Cargill and its management, and able to evaluate independently any potential transaction with Cargill. The Mosaic special committee, of which Mr. MacKay was appointed as the chairman, was charged with, among other things, evaluating a potential recapitalization/spin-off transaction with Cargill and determining whether any potential transaction with Cargill would be fair to and in the best interests of Mosaic's stockholders (other than Cargill and its subsidiaries). To assist it in connection with its mandate, the Mosaic special committee retained Simpson Thacher & Bartlett LLP (Simpson Thacher) to serve as its legal advisor and J.P. Morgan to serve as its financial advisor. The special committee also periodically invited Mr. Lumpkins and members of the Mosaic senior management team to portions of its meetings to assist the special committee with its evaluations and assessments.

Pursuant to the terms of the engagement letters with J.P. Morgan entered into in connection with the proposed transaction, the special committee agreed that Mosaic would pay J.P. Morgan a total of \$3.2 million in financial advisory fees, none of which was contingent upon either the execution or consummation of the transactions. The terms of the engagement letters with J.P. Morgan also provide that Mosaic will reimburse J.P. Morgan for its reasonable and documented out-of-pocket expenses and to indemnify J.P. Morgan against various liabilities. The engagement letters also provide that during the term of J.P. Morgan's engagement and for a period of twelve months thereafter, J.P. Morgan will not, without the prior approval of the special committee, provide various types of services to Cargill. In this regard, the special committee granted approvals during 2008 that permitted J.P. Morgan to act as an M&A advisor to Cargill in connection with Cargill's possible sale of one of its businesses and to act as an advisor to Cargill in connection with an equity raise and potential joint venture for a 100% Cargill-owned business. J.P. Morgan has not received any fees from Cargill for these matters. Prior to retaining J.P. Morgan, the special committee also considered that J.P. Morgan was a current lender to Cargill under Cargill's credit facility and provided certain services to Cargill in the past in the context of a multi-faceted relationship and that J.P. Morgan also had provided certain services to Mosaic in the past.

J.P. Morgan has in the past provided, currently is providing, and expects to provide corporate finance and advisory services to Cargill and Mosaic for which J.P. Morgan has received and expects to receive customary compensation. Since January 1, 2007, such services have included (i) in the case of Cargill, in addition to the services described in the preceding paragraph, acting as the initial purchaser in connection with a private placement of bonds by Cargill and performing loan syndication services and (ii) in the case of Mosaic, performing loan syndication services and acting as an advisor to Mosaic in connection with potential strategic alternatives with respect to a minority stake held by Mosaic. From January 1, 2007 to February 1, 2011, J.P. Morgan received an aggregate amount of compensation of approximately \$5.4 million in the case of Cargill and approximately \$5.5 million in the case of Mosaic for such services. In addition, in the ordinary course of business, J.P. Morgan and its affiliates provide Cargill and Mosaic with commodities, credit market, securities trading, derivatives, foreign exchange, treasury and other services, for which J.P. Morgan and its affiliates receive customary compensation, which aggregate compensation, with respect to Cargill, is substantially in excess of the compensation described in the preceding sentence. In addition, J.P. Morgan and its affiliates have in the past provided, are currently providing, and expect to provide various financial services to two independently managed, global asset managers that are owned by Cargill.

Later on March 4, 2008, the special committee met to discuss the potential recapitalization/spin-off transaction. At this meeting, the special committee, together with members of our senior management team and representatives of Simpson Thacher, discussed the potential transaction and appropriate next steps in order to evaluate in more detail the risks and opportunities associated with such a transaction and to determine whether the special committee was prepared to proceed with negotiations with Cargill regarding such a transaction. The special committee concluded that the legal and financial advisors, together with members of our senior management team, should further refine the details regarding the possible structure of the transaction and further consider the possible advantages and disadvantages of the potential transaction for discussion with the special committee.

During March 2008, members of our senior management team and representatives of Simpson Thacher met with members of Cargill's senior management team and representatives of Fried, Frank, Harris, Shriver & Jacobson LLP (Fried Frank), legal advisors to Cargill, to discuss in greater detail the general structure and key elements of a possible recapitalization/spin-off transaction. Also during this time, representatives of Simpson Thacher informed representatives of Fried Frank that the Mosaic special committee believed that any recapitalization/spin-off transaction to which the parties may agree should be subject to the approval of holders of a majority of the shares of Mosaic common stock held by non-Cargill stockholders.

On April 1, 2008 the special committee held a meeting to discuss further the potential recapitalization/spin-off transaction. Representatives of Simpson Thacher discussed with the special committee the fiduciary duties of directors in the context of evaluating the potential transaction. Members of our senior management team and representatives of Simpson Thacher reported on the conversations to date with members of Cargill's senior management team and representatives of Fried Frank. Members of our senior management team then discussed with the special committee a number of business and other strategic implications that could result from Cargill no longer being a majority stockholder of Mosaic and noted that Mosaic had operated independently from Cargill since its inception in 2004 and was not dependent on Cargill for any significant services. Representatives of Simpson Thacher outlined various steps that would be associated with the potential transaction. In this regard, representatives of Simpson Thacher discussed the nature of the high-vote stock that would need to be created in the recapitalization such that the shares of Mosaic stock that Cargill would distribute to its stockholders in the transaction would collectively represent over 80% of the voting power with respect to the election of Mosaic directors, which would be necessary in order for the transaction to be accomplished on a tax-free basis. Representatives of Simpson Thacher also discussed with the special committee the debt-for-equity exchanges that Cargill was considering, as well as the public offerings of shares of the Mosaic common stock transferred to Cargill debt holders in such debt-for-equity exchanges. It was noted during the course of this discussion that Cargill's current position was that a successful debt-for-equity exchange would be necessary to complete a recapitalization/spin-off transaction, which would reduce the level of certainty that the transaction would be completed. Representatives of J.P. Morgan reviewed for the special committee capital markets considerations relating to the potential transaction, including considerations relating to effecting a series of large public offerings of Mosaic common stock in the then-current market environment, such as the potential size, structure and timing of such offerings. Representatives of J.P. Morgan also reviewed with the special committee the structure and terms of a number of precedent recapitalization/spin- or split-off transactions, including the following transactions (the Precedent Recapitalization Transactions):

Centex/Eagle Materials

Unitrin/Curtiss-Wright

Silicon Graphics/MIPS

St. Joe/Florida East Coast Industries

Harcourt General/Neiman Marcus

IMS/Gartner

Representatives of J.P. Morgan reviewed with the special committee the impact on public float, liquidity and share price in the Precedent Recapitalization Transactions, noting that, while the Precedent Recapitalization Transactions generally had a positive impact on public float and liquidity, a number of the Precedent Recapitalization Transactions had resulted in short-term negative share price impact. It was also noted, however, that over the medium- to long-term the share price of the low-vote stock in the Precedent Recapitalization Transactions tended to normalize, and that, on average over the periods measured, the low-vote stock had outperformed the S&P 500 Index. Representatives of J.P. Morgan also reviewed with the special committee an analysis of the market-adjusted share price performance of a broader group of companies that had completed large spin-off or split-off transactions that J.P. Morgan deemed less directly comparable to the proposed transaction, which showed that these companies had, on average over the periods measured, underperformed the S&P 500 Index. Representatives of J.P. Morgan also discussed with the special committee the fact that the low-vote shares in certain dual class share structure precedents sometimes traded at a discount to the high-vote shares, but noted that this discount tended to vary depending on the relative liquidity of the low-vote and high-vote stock, and that in situations in which the low-vote shares had a higher average daily trading volume than the high-vote shares, the discount tended to be smaller and in some cases was eliminated. In addition, in reviewing the Precedent Recapitalization Transactions with the special committee, representatives of J.P. Morgan noted that in only one of such Precedent Recapitalization Transactions (Freeport McMoran) did the low-vote shares trade at a discount to the high-vote shares, and in all of the other Precedent Recapitalization Transactions the low-vote shares traded at a premium to the high-vote shares. In the course of the discussion, representatives of J.P. Morgan noted that the share price performance of these precedents varied from company to company, depended on the time period over which performance was measured, and was potentially affected by numerous factors specific to each company and each transaction. In addition, separate from its advisory assignment, J.P. Morgan made available certain members of its equity capital markets group to participate in discussions with the special committee about how to structure the secondary offerings that would follow the potential transaction with a view to facilitating the orderly distribution of the Mosaic stock received by the Cargill stockholders in such a transaction, including sizing and lock-up considerations associated with such secondary offerings.

The members of the special committee and the others present then discussed the matters presented, including the strategic rationale of engaging in a recapitalization/spin-off transaction with Cargill and the overall feasibility of such a transaction in the current capital market environment. Those present at the meeting also discussed what were believed to be Cargill's principal objectives for exploring a recapitalization/spin-off transaction structure as opposed to other alternatives Cargill could consider to achieve its objectives. It was noted in this regard that Cargill appeared to believe that the recapitalization/spin-off transaction structure would address several of Cargill's objectives, including maintaining Cargill as a private company while at the same time addressing the MAC Trusts' diversification and distribution needs, improving Cargill's credit and liquidity profile as a result of the debt exchanges and eliminating Mosaic as a distraction for Cargill management. Also during the course of this discussion and in light of the perceived benefits to Cargill that would be associated with the potential transaction, the special committee and the others present considered elements of the potential transaction that the special committee could propose to Cargill in the event the discussions were to continue, including the possibility of seeking economic consideration for the public stockholders in exchange for engaging in the proposed transaction, which could be beneficial to Mosaic and its public stockholders. Following further discussion, the special committee concluded that Mosaic should continue the exploratory discussions with Cargill in order to further consider and evaluate, with the assistance of the special committee's legal and financial advisors, the potential merits, risks and strategic implications associated with a recapitalization/spin-off transaction.

During the course of the next two weeks, Mr. MacKay and Mr. Page discussed the potential recapitalization/spin-off transaction, and Mr. Page reported to Mr. MacKay, among other things, that Cargill believed that the debt-for-equity exchange element of the transaction would have to be of a significant size in order for Cargill to achieve some of its objectives in connection with the transaction. Also throughout this two week period, representatives of Simpson Thacher had discussions with representatives of Fried Frank in an effort to further refine the framework for a potential recapitalization/spin-off transaction, including the potential terms and conditions of such a transaction. During the course of these discussions, Fried Frank reported that Cargill's view

Table of Contents

continued to be that Cargill would not wish to consider a transaction not involving the simultaneous consummation of a debt-for-equity exchange on terms and in an amount acceptable to Cargill in its sole discretion. Also during the course of these discussions, it was determined that, because of limitations applicable to a tax-free split-off transaction under federal tax laws, Cargill would not provide economic consideration to the public stockholders. In addition, representatives of J.P. Morgan had discussions with representatives of Credit Suisse Securities (USA) LLC, Cargill's financial advisor, during the course of which they discussed their respective views on the capital markets considerations relating to the potential transaction.

On April 17, 2008, the Mosaic special committee met to further discuss the potential recapitalization/spin-off transaction, including the details of the indicative transaction terms presented by representatives of Cargill to Mosaic in advance of this special committee meeting. Representatives of Simpson Thacher reviewed with the special committee such terms. Representatives of J.P. Morgan reviewed with the special committee Mosaic's then-current market environment and the share price appreciation that Mosaic experienced in the preceding twelve months, as well as the recent volatility in Mosaic's share price. Representatives of J.P. Morgan also discussed again with the special committee capital markets considerations relating to the potential transaction, including considerations relating to effecting a series of large public offerings of Mosaic common stock in the current market environment, such as sizing considerations regarding the secondary offerings that would be part of the possible transaction and structuring considerations regarding possible lock-up and related mechanisms that could be imposed on Cargill and its stockholders in connection with the possible transaction in an effort to facilitate an orderly distribution of the Mosaic shares. The members of the special committee and the others present then discussed various issues, including the strategic rationale of engaging in a recapitalization/spin-off transaction with Cargill and the overall feasibility of such a transaction in the current capital market environment. After this discussion, members of the special committee held further discussions in executive session along with representatives of Simpson Thacher. During the course of this discussion, members of the special committee discussed various advantages that such a transaction could have for Mosaic and its public stockholders, including eliminating the overhang on Mosaic's common stock arising from Cargill's controlling interest and increasing the liquidity of Mosaic's common stock. Members of the special committee also considered various risks associated with such a transaction, including execution risk, particularly in light of the lack of certainty of closing given Cargill's desire to have the right not to complete the transaction without payment of any termination fee and the present volatility in the capital markets generally and in Mosaic's share price specifically, and the potential for such a transaction to adversely impact Mosaic's objective of achieving investment grade status as promptly as practicable. On the basis of these considerations taken as a whole, the Mosaic special committee concluded that at this time it did not wish to proceed with further discussions regarding the potential recapitalization/spin-off transaction.

On April 18, 2008, Mr. MacKay communicated to Mr. Page the conclusion the Mosaic special committee reached at its April 17th meeting, and on April 23, 2008, Mr. MacKay and other members of the special committee met with Mr. Page and other members of Cargill's board of directors and management team to discuss in greater detail the conclusion the Mosaic special committee reached at its April 17th meeting.

During July 2008, Mr. Page discussed with Mr. Lumpkins the possibility of revisiting discussions about a possible recapitalization/spin-off transaction. Mr. Page explained that from Cargill's perspective the status quo with respect to its holdings in Mosaic raised a variety of concerns for Cargill. Mr. Page also indicated that Cargill would be receptive to addressing any concerns the special committee may have regarding the terms and conditions of a recapitalization/spin-off transaction and noted that changes in the market environment over the course of the preceding three months also could serve to mitigate uncertainties associated with a recapitalization/spin-off transaction that were present back in April 2008. Mr. Lumpkins responded that he would report these conversations to the Mosaic special committee.

On July 31, 2008, the Mosaic special committee convened a meeting to discuss, among other things, whether to re-open the dialogue with Cargill about the possibility of a recapitalization/spin-off transaction, as well as the upcoming expiration of the investor rights agreement. The special committee, together with Mr. Lumpkins, the senior management team and representatives of Simpson Thacher and J.P. Morgan, discussed, among other things, the changes in circumstances since the April 17, 2008 meeting of the special committee that could alleviate some of the concerns that the special committee previously expressed regarding a possible

Table of Contents

recapitalization/spin-off transaction. Members of our senior management team and Mr. Lumpkins discussed with the special committee a number of business and other strategic implications that could be associated with Cargill no longer being a majority stockholder of Mosaic and noted that in their view, although Mosaic has historically operated well under its current capital structure, the growth of Mosaic since its inception in 2004 as well as changes taking place in Mosaic's business sectors increasingly suggested that Mosaic would be better able to successfully execute its strategic objectives without the constraint and uncertainty associated with Cargill being the majority stockholder, whose policies and objectives may conflict with the best interests of Mosaic's businesses. In addition to the view of Mr. Lumpkins and senior management that incentives for a separation from Cargill were becoming more apparent, it was noted that Mosaic had achieved the investment grade status it was seeking when the special committee met on April 17th and that, based on the recent communications with Mr. Page, Cargill might now be more amenable to addressing concerns the special committee may have with respect to the potential terms and conditions of a recapitalization/spin-off transaction. Representatives of Simpson Thacher also discussed with the special committee a recently announced recapitalization/split-off transaction between Reinsurance Group of America, Inc. (RGA) and MetLife Inc. (MetLife), and implications that transaction could have on the structure of the transaction under consideration, and representatives of J.P. Morgan reviewed for the special committee capital markets considerations relating to the possible recapitalization/spin-off transaction and the changes in the market environment since the previous meeting of the special committee. Representatives of J.P. Morgan also discussed with the special committee the recently announced RGA/MetLife transaction. In addition, those present at the meeting again discussed other alternative transaction structures that Cargill could consider with respect to its interest in Mosaic, including straight secondary sales of its Mosaic shares over time. Representatives of J.P. Morgan noted in this regard that it was their view that Mosaic's public stockholders likely would prefer an orderly plan of distribution of all of Cargill's shares in Mosaic as opposed to Cargill, at its sole discretion, periodically selling its 286 million shares in the open market without an articulated distribution program. After discussion, members of the special committee met in executive session along with Simpson Thacher. Following discussion, the special committee determined that the possibility of re-opening discussions with Cargill regarding a potential recapitalization/spin-off transaction warranted further consideration and that its advisors, together with our senior management team, should prepare a transaction framework that the special committee could consider presenting to Cargill, which framework should include proposed transaction terms beyond those already proposed by Cargill that could make such transaction more attractive to Mosaic and its public stockholders.

Between August and October 2008, the Mosaic special committee met on four occasions with its advisors and members of our senior management team to review and discuss the appropriate framework upon which to re-open discussions with Cargill regarding a potential recapitalization/spin-off transaction. During the course of these meetings, the special committee, together with Mr. Lumpkins, the members of the senior management team and advisors present, discussed a number of key objectives on which Mosaic should focus in connection with the possible terms and conditions of a recapitalization/spin-off transaction, including providing for a clear and orderly disposition of the Mosaic shares currently held by Cargill, having an appropriate governance structure and enhancing the certainty of completion in the event the parties were to move forward with such a transaction. In this regard, also discussed during these meetings were potential terms that the special committee could seek to include in connection with the possible terms and conditions of a recapitalization/spin-off transaction, which would be consistent with such objectives, could be beneficial to Mosaic and its public stockholders and would not be expected to prevent the transaction from being done in a tax-free manner. Such terms and conditions included, among other things:

mechanisms designed to facilitate an orderly distribution of the Mosaic shares to be distributed by Cargill and its stockholders, such as lock-up restrictions, transfer restrictions and rights for Mosaic to be a principal participant in all of the secondary offerings;

that the class B common stock would not be listed on any securities exchange and would be subject to transfer restrictions, so that the common stock would therefore have greater liquidity than the class B common stock;

a break-up fee to be payable by Cargill to the public stockholders in the event that Cargill elects not to complete the recapitalization/spin-off transaction following the execution of definitive documents;

reimbursement by Cargill of certain of Mosaic's transaction expenses;

the ability of Mosaic's board of directors to consider submitting to the Mosaic stockholders a proposal to convert the high-vote shares into low-vote shares at the first regularly scheduled annual meeting of the Mosaic stockholders, or at a special meeting of Mosaic stockholders, following the completion of the potential transaction; and

that any vote on a proposal to convert the high-vote shares into low-vote shares would be a single vote of all classes of stock voting together (so that there would be no separate vote of just the holders of the high-vote shares).

The special committee also further discussed with our senior management team and representatives of Simpson Thacher and J.P. Morgan, among other matters, Mosaic's strategic objectives for engaging in a recapitalization/spin-off transaction, which included enhancing its flexibility to execute a long-term strategy without the constraint and uncertainty associated with having a majority stockholder. Also during this timeframe, representatives of Mosaic and representatives of Cargill held periodic discussions regarding the possibility of a recapitalization/spin-off transaction and Mosaic's and Cargill's objectives.

In addition, throughout the August to October 2008 timeframe, representatives of the Cargill and Mosaic senior management teams, and the Mosaic special committee, continued to discuss the upcoming expiration of the investor rights agreement. The parties discussed the possible terms of an amended investor rights agreement, although following these discussions it was determined that the investor rights agreement should expire in accordance with its terms. On October 22, 2008, the investor rights agreement expired.

At the special committee meeting convened on October 29, 2008, representatives of Simpson Thacher reviewed the draft indicative terms and conditions for a potential recapitalization/spin-off transaction that had been developed by the special committee's advisors and our senior management team during the course of the preceding two months and discussed how such indicative terms and conditions sought to address the key objectives of the special committee, including a request for a termination fee to be payable by Cargill under certain circumstances as a way of enhancing the certainty of completion in the event the parties were to move forward with a potential transaction. Also at this meeting, representatives of J.P. Morgan discussed with the special committee the provisions in the indicative terms and conditions relating to the objective of seeking to facilitate an orderly disposition of the Mosaic shares currently held by Cargill, including the proposed structure of the formation offerings and the transfer restrictions associated with the Mosaic shares that would be received by Cargill stockholders, and offered their views on the current market environment given the ongoing financial crisis. The special committee discussed the matters presented and concluded that, although a recapitalization/spin-off transaction might not be feasible in the existing equity market environment, on balance a recapitalization/spin-off transaction appeared to be a viable long-term transaction structure that could achieve benefits for Mosaic, Cargill and the Mosaic public stockholders. The special committee therefore determined that the indicative terms and conditions should be shared with Cargill and that Mosaic should inform Cargill that it was willing to hold further discussions regarding a recapitalization/spin-off transaction if Cargill wished to do so.

Representatives of Mosaic communicated to Cargill that the Mosaic special committee was prepared to continue discussions based on the indicative terms and conditions developed by the Mosaic special committee. Shortly following the delivery of these terms and conditions, discussions regarding a potential recapitalization/spin-off transaction were discontinued in light of the severe dislocations in the capital markets and there were no substantive communications between the parties with respect to a potential transaction until January 2009.

In late January 2009, Mr. Page contacted Mr. Lumpkins to request a meeting between Mr. Page and David MacLennan, Cargill's chief financial officer, and Messrs. Lumpkins and MacKay to discuss, among other things, Cargill's current thinking on the potential recapitalization/spin-off transaction. During this meeting, which was held on February 5, 2009, Mr. Page explained that Cargill was interested in re-starting discussions regarding a potential transaction. Mr. Page also noted that given continued pressure from the MAC Trusts regarding its

Table of Contents

diversification needs, Cargill would like the MAC Trusts to have more direct involvement and input in the discussions. Mr. MacKay informed Mr. Page that he would convene a meeting of the Mosaic special committee to discuss the prospects of re-starting the discussions and including the MAC Trusts as part of any such discussions.

On February 11, 2009, Cargill delivered to Mosaic a revised draft of the term sheet previously prepared by Mosaic regarding the potential recapitalization/spin-off transaction, and during the ensuing two weeks, representatives of Mosaic held discussions with representatives of Cargill to discuss the indicative terms and conditions set forth in the revised draft term sheet.

On February 20, 2009, the Mosaic special committee met to review the details of the revised draft term sheet and discuss the prospects of having discussions with Cargill and the MAC Trusts regarding the potential recapitalization/spin-off transaction. Representatives of Simpson Thacher highlighted the key differences between the terms outlined by the Mosaic special committee in October 2008 as compared to the revised draft term sheet prepared by Cargill. Mr. Lumpkins and members of our senior management team offered their perspectives on the matters presented and noted that they continued to be in favor of considering a mutually acceptable transaction structure with Cargill in light of their view that removing Cargill as a majority stockholder would be in the best long-term interests of Mosaic and its public stockholders. Following these discussions, members of the special committee held further discussions in executive session along with representatives of Simpson Thacher. The special committee then determined that its advisors and members of our senior management team should pursue further discussions with Cargill and its advisors regarding the revised draft term sheet in an effort to gauge Cargill's willingness to improve the terms and conditions from the perspective of Mosaic and its public stockholders.

On February 27, 2009 and March 9, 2009, representatives of Mosaic and Simpson Thacher, on the one hand, and representatives of Cargill and Fried Frank, on the other hand, met to discuss the revised draft term sheet prepared by Cargill and the principal objectives of a recapitalization/spin-off transaction from the point of view of each party. During the course of these meetings, Cargill indicated its preference for a transaction structure under which the MAC Trusts would receive shares of Mosaic in exchange for all of their shares of Cargill as part of the transaction. Cargill noted that this structure, among other things, would accommodate the MAC Trusts' desire to dispose of all of their shareholdings in Cargill in exchange for shares of Mosaic, which would facilitate the MAC Trusts' diversification and distribution needs.

The Mosaic special committee convened a meeting on March 13, 2009 to review the status of the discussions with Cargill. At this meeting, the special committee discussed the developments with respect to the MAC Trusts, and in this regard it was noted that Cargill believed it would be helpful for the MAC Trusts to participate directly in the negotiations of a potential transaction given their desire to explore the possibility of exchanging their entire holdings in Cargill for Mosaic shares in the transaction. The special committee also discussed, together with members of our senior management team and representatives of Simpson Thacher, the possibility of putting various governance arrangements in place in the event that the MAC Trusts or other Cargill stockholders were to own a significant amount of Mosaic's shares following a split-off. In addition, representatives of Simpson Thacher reported that Cargill believed that the inclusion of the MAC Trusts in the transaction would require there to be additional underwritten secondary offerings within the two-year time period following the closing. Following discussion, the special committee concluded that further discussions were warranted regarding the potential terms and conditions of the transaction, including with respect to the potential inclusion of the MAC Trusts. In this regard, it was discussed during the course of the meeting that any further discussions should continue to emphasize those terms and conditions that sought to address the key objectives of the special committee, including providing for a clear and orderly disposition of Mosaic shares currently held by Cargill, having an appropriate governance structure and enhancing the certainty of completion in the event the parties were to move forward with such a transaction.

From March 13, 2009 through April 14, 2009, various meetings took place involving representatives of Mosaic and Cargill to continue the discussion of potential terms and conditions of a recapitalization/split-off

transaction. Also during this period of time, Cargill indicated its preference for a transaction structure under which Cargill stockholders (other than the MAC Trusts) could elect whether they wanted to receive shares of Mosaic as part of the transaction with no pro rata distribution to all Cargill stockholders. On April 14, 2009, Cargill delivered to Mosaic a further revised draft of the term sheet regarding this potential recapitalization/split-off transaction.

On April 16, 2009, the Mosaic special committee convened a meeting to discuss the status of the discussions. Representatives of Simpson Thacher reviewed the status of discussions with Cargill and the further revised draft term sheet Cargill provided on April 14th. Representatives of Simpson Thacher discussed the various structural changes to the potential transaction, as set forth in the draft term sheet, including the changes that would involve Mosaic conducting, within the two-year time period following the closing of the recapitalization/split-off transaction, a series of secondary offerings of the Mosaic common stock acquired by third parties in one or more debt-for-equity exchanges that Cargill would effect in connection with the transactions as well as some of the Mosaic common stock to be received by the MAC Trusts in the split-off (this series of secondary offerings is referred to in this document as the formation offerings). The special committee also discussed Cargill's continued position that completion of the recapitalization/split-off transaction should remain subject to Cargill's discretion. It was noted in this regard that the revised draft term sheet now provided that Cargill would pay a \$25 million termination fee, which would be payable to the Mosaic public stockholders in the event that Cargill elected not to complete the transaction under certain circumstances. The special committee discussed the need to meaningfully increase such termination fee if Cargill were to in fact have a discretionary right not to complete the transaction. Representatives of J.P. Morgan then reviewed for the special committee certain capital markets considerations relating to the potential transaction, including:

considerations relating to effecting a series of large public offerings of Mosaic common stock in the current market environment, including the fact that a number of large equity offerings had been completed recently and that the general market environment for large equity offerings appeared to be improving;

the potential size, structure and timing of the formation offerings;

the share price impact in each of the Precedent Recapitalization Transactions; and

the mechanics of the debt-for-equity exchanges.

The members of the special committee then discussed the matters presented, including the strategic rationale of engaging in the potential recapitalization/split-off transaction and various risks and opportunities associated with such a transaction. After this discussion, members of the special committee went into executive session along with representatives of Simpson Thacher. Representatives of Simpson Thacher reviewed for the members of the special committee the fiduciary duties of directors under Delaware law and the role of independent directors under the present circumstances. Following further discussions, the special committee concluded that its legal and financial advisors, together with members of our senior management team, should continue the discussions with Cargill and the MAC Trusts, and their respective representatives, in an effort to further explore whether common ground could be reached among the parties on a number of the key terms and conditions set forth in the most recent revised draft term sheet. The special committee also determined that Mr. MacKay should speak directly to Mr. Page to express some of the special committee's key concerns, including the optionality Cargill was seeking and the need for a carefully crafted plan with respect to the proposed formation offerings. In addition, the special committee decided to form a steering committee, comprised of three members of the special committee (initially Mr. MacKay, Raymond Bentele and William Monahan, and then, following Mr. Bentele's retirement from the Mosaic board of directors in October 2009, Messrs. MacKay and Monahan and William Graber), to provide for a more efficient structure for overseeing any detailed term sheet discussions with Cargill and the MAC Trusts (which committee is referred to in this document as the steering committee).

On April 20, 2009, Mr. MacKay spoke with Mr. Page to communicate the conclusions of the special committee at its April 17th meeting. During the remainder of April 2009 through September 2009, at the continued direction of the Mosaic special committee and steering committee, representatives of Simpson Thacher

and J.P. Morgan and members of our senior management team continued to discuss the structure, terms and conditions of a possible recapitalization/split-off transaction with Cargill, the MAC Trusts and their respective financial and legal advisors. Among the matters discussed at various points during this period were the following:

the size, timing and number of secondary formation offerings during the initial two-year period following the closing of a recapitalization/split-off transaction;

the structure of the lock-up regime with respect to shares of Mosaic stock to be exchanged by Cargill with its existing stockholders in the split-off;

the circumstances under which Cargill would be able to terminate a transaction agreement and the corresponding break-up fee that should be payable by Cargill in such event;

the restrictions on Mosaic's ability to issue shares on a primary basis during the two-year period following completion of the recapitalization/split-off transaction and on Mosaic's ability to effect certain share repurchase transactions during the thirty-month period following completion of the recapitalization/split-off transaction;

the implementation of various governance arrangements with large stockholders (including the MAC Trusts) following the closing of a recapitalization/split-off transaction;

the payment by Cargill of certain of Mosaic's expenses related to the transactions;

the scope of indemnification that would be provided by Mosaic in favor of Cargill with respect to various tax-related matters; and

post-closing commercial relationships between Cargill and Mosaic.

Throughout this time period the Mosaic special committee and the Mosaic steering committee met with representatives of Simpson Thacher and J.P. Morgan, Mr. Lumpkins and members of our senior management team to review and discuss the possible terms and conditions of the potential recapitalization/split-off transaction. On September 9, 2009, Mr. MacKay met with Mr. Page to review the status of the discussions and to discuss the Mosaic special committee's insistence on having a larger break-up fee payable to Mosaic's public stockholders if Cargill were to retain a discretionary ability to terminate the transaction.

On September 15, 2009, the Mosaic special committee met to review and discuss the status of discussions and the most recent draft of the term sheet regarding the potential recapitalization/split-off transaction. Representatives of Simpson Thacher reviewed with the members of the special committee their fiduciary duties in considering the possible transaction. Representatives of Simpson Thacher presented the transaction terms currently contemplated by the draft term sheet. As part of this presentation, it was noted that Cargill and the MAC Trusts had indicated a willingness to accept a number of terms designed to address the key objectives of the special committee, including the structure of the proposed formation offerings; the material provisions of the lock-up regime that would apply to Cargill stockholders receiving Mosaic stock; and the governance arrangements that would apply to the MAC Trusts and other Cargill stockholders who received a significant amount of Mosaic stock in the split-off. In addition, representatives of Simpson Thacher reported that, although the draft term sheet continued to provide Cargill with a discretionary ability to not complete the transaction, Cargill agreed to meaningfully increase the termination fee, from \$25 million to \$200 million, which would be payable to Mosaic's public stockholders if Cargill decided not to complete the transaction under certain circumstances. Also at this meeting, representatives of J.P. Morgan reviewed for the special committee capital markets considerations relating to the potential transaction, including considerations relating to effecting a series of large public offerings of Mosaic common stock in the current market environment and the potential size, structure and timing of the potential formation offerings. J.P. Morgan also made available certain members of its equity capital markets group to participate in a discussion with the special committee about the structure of the secondary offerings that

would follow the transaction with a view to facilitating the orderly distribution of the Mosaic stock that would be received by the Cargill stockholders in such a transaction. In addition, during the course of this meeting, Mr. Lumpkins and members of our senior management team discussed with the special committee their views on the potential transaction, including various risks and opportunities associated with such a transaction. Among other things, they offered their view that Mosaic likely would be better able to successfully

execute its strategic objectives without the constraint and uncertainty associated with Cargill being the majority stockholder, whose policies and objectives could from time to time conflict with the best interests of Mosaic's businesses.

The members of the special committee discussed the matters presented, including various advantages and disadvantages associated with the potential recapitalization/split-off transaction. Representatives of Simpson Thacher discussed with the special committee the next steps in the event that the special committee were to elect to move forward. They noted that the parties would need to prepare and submit to the IRS a private letter ruling request confirming the tax treatment of the transaction, which request would be based on a draft term sheet. Representatives of Simpson Thacher noted in this regard that the term sheet was non-binding and would not cover all material open issues, and that the parties would need to endeavor to negotiate mutually acceptable definitive documents, although the term sheet would be a sufficient basis upon which to seek the necessary IRS ruling. The members of the special committee then met in executive session along with representatives of Simpson Thacher to further discuss the matters presented. Following discussion, the special committee concluded that the potential advantages of the recapitalization/split-off transaction warranted proceeding further, that Mosaic should seek to continue the term sheet discussions and, assuming a term sheet was prepared that was satisfactory to the special committee, Mosaic would cooperate with Cargill in its preparation and submission to the IRS of a ruling request and then seek to prepare mutually acceptable definitive documents.

Following this meeting, representatives of Mosaic, Cargill and the MAC Trusts held further discussions on the draft term sheet. On October 7, 2009, the Mosaic special committee met to review the status of the discussions regarding the term sheet. It was noted that although a few significant matters remained unresolved, the parties' collective view at that time was that the term sheet was advanced enough to merit the preparation and submission of a ruling request to the IRS and to form a basis for the parties to seek to prepare mutually agreeable definitive transaction documents.

On December 21, 2009, Cargill submitted to the IRS a request for a private letter ruling.

During the period from December 2009 to October 2010, representatives of Mosaic, Cargill and the MAC Trusts exchanged drafts of the transaction documents and, together with the parties' respective legal and financial advisors, held a number of meetings to negotiate these documents. During this period, the special committee's advisors, Mr. Lumpkins and members of our senior management team met periodically with the special committee and the steering committee to provide updates on the status of the IRS private letter ruling process and the negotiations of the transaction documents, and to discuss open issues.

On October 7, 2010, the Mosaic special committee convened a meeting to discuss the status of the potential transaction. Representatives of Simpson Thacher reported to the special committee that it was expected that the IRS would provide the private letter ruling shortly. Representatives of Simpson Thacher then reviewed the status of negotiations regarding the transaction documents, including the principal issues that remained open between the parties. Representatives of J.P. Morgan reviewed for the special committee the current capital market environment, including that the share price performance of Mosaic and its peers improved in recent months on an improving industry outlook and that large equity offerings have been well received in 2010 to date, and considerations relating to effecting a series of large public offerings of Mosaic common stock in such environment, including the potential size, structure and timing of the contemplated secondary offerings and related marketing considerations. Mr. Lumpkins and members of our senior management team offered their views on the matters discussed and the continued merits of the transaction. The members of the special committee then met in executive session along with representatives of Simpson Thacher to further discuss the matters presented. In addition, the special committee discussed the possibility of retaining a second financial advisor in light of, among other things, the expectation that J.P. Morgan likely would be Mosaic's designated underwriter in the initial secondary offering that would take place as part of the transaction if the transaction were to occur, and that if J.P. Morgan were to be Mosaic's designated underwriter in each of the formation offerings and participate as a lender to Cargill in connection with Cargill's contemplated debt exchanges, it could receive equity underwriting fees of approximately 36% of the total equity underwriting commissions and a debt structuring fee of approximately 0.24% of the amount of debt provided by J.P. Morgan, as well as interest in the

Table of Contents

amount of the London Interbank Offered Rate for so long as such debt is outstanding, all of which would be paid by Cargill and/or the selling stockholders. It was also noted during the course of this discussion that J.P. Morgan was currently acting as an advisor to BHP Billiton Ltd. (BHP) in its unsolicited acquisition proposal for Potash Corp. of Saskatchewan Inc. (Potash), one of Mosaic's competitors. Following discussion, the special committee concluded that the retention of a second financial advisor was prudent and subsequently engaged Lazard Frères & Co. LLC (Lazard). For Lazard's services, the special committee agreed that Mosaic would pay Lazard a total of \$2 million in financial advisory fees, none of which are contingent upon either the execution or consummation of the transactions. Mosaic also agreed to reimburse Lazard for its reasonable expenses, including attorneys' fees, and to indemnify Lazard against various liabilities. Cargill has paid Lazard fees of approximately \$400,000 in the aggregate for certain M&A financial advisory services rendered or contemplated during the two-year period prior to January 18, 2011 (the date on which Mosaic, Cargill and the MAC Trusts executed the transaction documents).

On November 17, 2010, Cargill received a private letter ruling from the IRS, dated November 15, 2010, regarding the tax-free treatment of the recapitalization/split-off transaction and certain other tax issues relating to the proposed transaction.

Following receipt of the private letter ruling, representatives of Mosaic, Cargill and the MAC Trusts, together with the parties' respective legal and financial advisors, continued to negotiate drafts of the transaction documents in an effort to finalize such documents for the parties' consideration. On December 8, 2010, the Mosaic special committee met again to discuss the status of the potential transaction. Representatives of Simpson Thacher then reviewed the status of negotiations regarding the transaction documents, including the principal issues that remained open between the parties. Representatives of J.P. Morgan reviewed for the special committee the current market environment, the sector outlook for the industries in which Mosaic operates as well as other considerations relating to effecting a series of large public offerings of Mosaic common stock in such environment, including the potential size, structure and timing of the contemplated secondary offerings (including how large the offerings would need to be in order to result in a greater than 50% public float, which is a requirement for inclusion in the S&P 500 Index) and related marketing considerations. Representatives of Lazard also discussed with the special committee the outlook generally for the fertilizer sector and capital markets and other considerations relating to the proposed transaction, including a discussion of the proposed formation offerings and other offerings contemplated by the transaction as a way in which to attempt to facilitate the orderly disposition of the Mosaic shares currently held by Cargill.

Throughout the remainder of December 2010 and through January 18, 2011, representatives of Mosaic, Cargill and the MAC Trusts, with the assistance of the parties' respective legal and financial advisors, continued to negotiate drafts of the transaction documents. Also, during the course of 2010, and in particular from October 2010 through December 2010, at the request of the Mosaic special committee, Mr. MacKay and representatives of Simpson Thacher discussed with representatives of J.P. Morgan the possibility of J.P. Morgan providing a fairness opinion in connection with the potential recapitalization/split-off transaction. During the course of these discussions, representatives of J.P. Morgan stated that the potential recapitalization/split-off transaction was not a type of transaction for which J.P. Morgan, as an institutional matter, would provide such an opinion. Representatives of Simpson Thacher discussed these matters with the special committee and reviewed with the special committee legal considerations associated with proceeding without a fairness opinion.

On January 18, 2011 the Mosaic special committee convened a meeting to review and discuss the proposed transaction. Representatives of Simpson Thacher reviewed with the members of the special committee their fiduciary duties in considering the possible transaction. Representatives of Simpson Thacher then reviewed the status of negotiations regarding the transaction documents since the December 12, 2010 special committee meeting and discussed the proposed terms of the transaction documents. Representatives of J.P. Morgan and Lazard each separately reviewed with the special committee, among other things:

the potential benefits to Mosaic's public stockholders of the proposed transaction, including:

- i potential increased liquidity;
- i potential S&P 500 Index inclusion;

Table of Contents

- i greater strategic, financial and distribution policy flexibility upon the removal of Cargill as a controlling shareholder; and
- i the fact that the proposed transaction addressed certain of the risks resulting from the overhang associated with Cargill's majority ownership and the expiration of the transfer restrictions under the investor rights agreement;

the potential risks and drawbacks of the proposed transaction, including the potential negative share price impact of the overhang associated with the formation offerings;

the mechanisms negotiated by the Mosaic special committee to mitigate such risks and drawbacks, including the proposed transaction as a way in which to attempt to facilitate a controlled, multi-step increase in the public float of the Mosaic common stock; and

the fact that, absent the proposed transaction and the lock-up regime negotiated by the special committee, Cargill could sell its Mosaic shares in a non-orderly manner, which could be disruptive to Mosaic and the trading market for the common stock.

Representatives of J.P. Morgan also reviewed with the special committee a comparison of key differences in the terms of the proposed transaction with the terms of the Precedent Recapitalization Transactions, including the restrictions on the high-vote shares present in the proposed transaction that were not present in the Precedent Recapitalization Transactions and the secondary offerings that are also present in the proposed transaction but were not present in the Precedent Recapitalization Transactions. In addition, representatives of each of J.P. Morgan and Lazard again discussed with the special committee capital markets considerations relating to the potential transaction, including considerations related to effecting a series of large public offerings of Mosaic common stock in the current market environment and the potential size, structure and timing of the formation offerings. Representatives of J.P. Morgan noted that large equity offerings had generally been well received in 2010, thus increasing the likelihood of successful execution of the proposed transaction. Members of the special committee, together with the others present at the meeting, discussed the matters presented, including various steps that would take place in the event the proposed transaction was approved. Mr. Lumpkins and members of our senior management team then discussed with the special committee their views on the potential transaction, including their view that the proposed transaction could have meaningful benefits to Mosaic and its stockholders, including better positioning Mosaic to successfully execute its strategic objectives without the constraint and uncertainty associated with Cargill being the majority stockholder. After this discussion, members of the special committee went into executive session along with representatives of Simpson Thacher. The Mosaic special committee further discussed the matters presented, including various risks and opportunities associated with the proposed transaction. Following consideration of the proposed transaction and related transaction documents, the Mosaic special committee (i) determined that the proposed transaction and the related transaction documents (including the merger and distribution agreement) were advisable, fair to and in the best interests of Mosaic and its stockholders (excluding, for this purpose, Cargill and its subsidiaries), (ii) approved and declared advisable the merger and distribution agreement and the transactions contemplated thereby (including the merger) and (iii) recommended that the Mosaic board of directors (x) approve and declare advisable the merger and distribution agreement and the transactions contemplated thereby (including the merger) and (y) recommend (and the special committee recommended) that Mosaic's stockholders adopt the merger and distribution agreement and the transactions contemplated thereby (including the merger).

Following the adjournment of the special committee meeting, the full Mosaic board of directors convened a meeting to discuss the recommendations of the Mosaic special committee (Messrs. Koenig and Rial, the two members of the Mosaic board of directors who are current officers of Cargill, recused themselves from this meeting). Upon the recommendation of the special committee, the Mosaic board of directors determined that it was advisable, fair to and in the best interests of Mosaic and its stockholders (excluding, for this purpose, Cargill and its subsidiaries) that Mosaic enter into the merger and distribution agreement and the related transaction agreements, approved the merger and distribution agreement and the related transaction agreements, and resolved to recommend that Mosaic stockholders vote in favor of the adoption of the merger and distribution agreement and the transactions contemplated thereby.

Table of Contents

On January 18, 2011, Mosaic, Cargill and the MAC Trusts then executed the transaction documents, and Mosaic and Cargill issued a joint public announcement regarding the merger, split-off and related transactions.

Mosaic's Reasons for the Merger and Related Transactions; Recommendation of the Mosaic Special Committee and Board of Directors

The Mosaic board of directors, upon the unanimous recommendation of the special committee, has determined that the transactions are advisable, fair to and in the best interests of Mosaic and its stockholders (other than Cargill and its subsidiaries). In the course of reaching its determinations and recommendations, the special committee evaluated the transactions in consultation with its legal and financial advisors, as well as Mr. Lumpkins and members of our senior management team, and considered a number of factors, both positive and negative, and potential benefits and detriments of the transactions to Mosaic and its public stockholders, as more fully described below. In addition, the Mosaic board of directors acted based on the unanimous recommendation of the special committee, which was comprised of all of the independent directors on the Mosaic board of directors, as well as other factors such as those described more fully below.

Potential Benefits of the Transactions to Mosaic and its Public Stockholders.

The special committee considered management's assessment that the elimination of a controlling stockholder would facilitate strategic, financial and distribution policy decisions that would benefit all Mosaic stockholders without the influence of one controlling stockholder, as well as J.P. Morgan's and Lazard's concurrence with such assessment. In particular, the special committee considered that by removing Cargill as a majority stockholder, Mosaic would gain strategic flexibility and would be better able to pursue its future business initiatives free from the constraints of having a controlling corporate stockholder whose policies may conflict with the best interests of Mosaic's businesses. For example, the elimination of Cargill as a majority corporate stockholder would provide Mosaic with increased control and flexibility over its allocation of capital, including in connection with capital expenditures and potential acquisition opportunities, as well as greater control and flexibility with respect to the timing and nature of stockholder distributions, as Mosaic's long-term plans in these regards could from time to time be incongruent with Cargill's desires and expectations. The special committee also considered that in order to complete a transaction with Cargill that could facilitate these benefits, the terms of such transaction would also have to adequately address Cargill's objectives, and the special committee viewed the terms that were negotiated in the definitive documentation as an appropriate manner by which to balance the objectives of all parties.

The transactions address an overhang on the market for Mosaic common stock that Mosaic believes exists as a result of the presence of a large, controlling corporate stockholder. In particular, the special committee considered:

negative factors associated with the perceived overhang with respect to the common stock that currently exists as a result of Cargill's current majority ownership position, including the fact that such overhang could be depressing the market price of the common stock and that it could be disruptive to Mosaic and the trading market for the common stock were Cargill to begin selling its Mosaic shares in a non-orderly manner, and in this regard the special committee also considered advice from J.P. Morgan that the transactions were designed to result in a controlled, multi-step increase in the public float of the Mosaic common stock;

that eliminating this overhang also is expected to give Mosaic greater flexibility to use its equity as an acquisition currency and to raise cash for its business operations on a more efficient basis, as well as to enhance the attractiveness of Mosaic's equity-based compensation plans, thereby increasing Mosaic's ability to attract and retain quality executives and other employees; and

that the transactions are expected to make Mosaic common stock a more attractive investment for various institutional investors who do not currently invest in Mosaic due to the perceived overhang and uncertainty with respect to whether, and if so how, Cargill would dispose of its Mosaic shares.

Table of Contents

The transactions will result in over 50% of the outstanding Mosaic shares being publicly held, which is a condition for inclusion in the S&P 500 Index. Accordingly, the transactions could result in Mosaic being included in the S&P 500 Index at some point in the future, which would be expected to increase (i) the demand for Mosaic's common stock and (ii) its corporate profile.

Mosaic expects to be better positioned to expand into complementary businesses if it chooses to do so in the future. In particular, Mosaic's ability to expand into complementary businesses in which Cargill has a presence is subject to regulatory limitations that would be eliminated or reduced by the transactions.

The transactions may permit Mosaic stockholders to share in any premium associated with a change in control of Mosaic, if such an event should occur.

Economic- and Governance-Related Factors.

The transactions will not be implemented unless the merger and distribution agreement is approved and adopted by a majority of Mosaic's public stockholders other than Cargill and its subsidiaries (see "The Special Meeting of Mosaic Stockholders Required Vote").

The merger and split-off are structured so as to result in no income tax liability to Mosaic's existing stockholders (including Cargill and its subsidiaries).

The special committee considered that the Precedent Recapitalization Transactions reviewed by J.P. Morgan with the special committee had generally increased the public float and liquidity of the issuer's common stock, as summarized below, and certain similar precedent transactions had permitted the issuer's common stock to satisfy Standard & Poor's public float criteria for inclusion in the S&P 500 Index, all of which would benefit Mosaic's public stockholders.

The special committee also considered advice from our senior management team that they did not believe it likely the ratings agencies would have a negative view of the transactions.

The special committee considered advice from J.P. Morgan regarding the structure and feasibility of the formation offerings and lock-up regime with respect to shares of Mosaic stock distributed to Cargill stockholders in the split-off and not sold in the formation offerings and how such offerings and lock-up regime could be designed in an effort to facilitate an orderly disposition of the Mosaic stock currently held by Cargill, including:

Table of Contents

- i the lock-up periods associated with each formation offering and the period of time following the expiration of each such lock-up period during which Mosaic could elect to proceed with the next formation offering; and
- i the transfer restrictions that would apply to the shares of Mosaic stock distributed to Cargill stockholders in the split-off.

The Cargill stockholders who receive shares of class A common stock and/or class B common stock in the split-off will own Mosaic shares representing over 80% of the voting power for the election of directors, which will not provide such holders with rights that are materially different than Cargill currently possesses because Cargill presently has the practical ability to elect the entire Mosaic board of directors.

The expectation that the Mosaic board of directors could consider submitting to the Mosaic stockholders at the next regularly scheduled annual meeting of the Mosaic stockholders or at a special meeting of Mosaic stockholders, a proposal to convert the class B common stock into class A common stock and thereby potentially eliminate the voting disparity between the classes of common stock with respect to the election of our directors.

The special committee considered advice from J.P. Morgan that the terms of the transactions relating to the creation of a high-vote class of stock and the inclusion of a tax indemnification agreement were not materially inconsistent with the terms of the Precedent Recapitalization Transactions.

The special committee considered J.P. Morgan's analysis of the relative trading characteristics of the high-vote and low-vote shares in the Precedent Recapitalization Transactions and in certain additional dual class share structure precedents, which showed that, while in some cases the low-vote shares traded at a discount to the high-vote shares, a higher relative average daily trading volume of the low-vote shares tended to be a positive factor mitigating or eliminating any discount. For example, in the Precedent Recapitalization Transactions, the high-vote shares traded at a discount to the low-vote shares in each of the Precedent Recapitalization Transactions other than the Freeport McMoran transaction, as illustrated below.

In this regard, it was noted that in the transactions the class B common stock would not be listed on the NYSE or any other securities exchange, which was different from the Precedent Recapitalization Transactions, and that the common stock would therefore have greater liquidity than the class B common stock.

The special committee considered Lazard's concurrence that the structure of the formation offerings and lock-up regime with respect to shares of Mosaic stock distributed to Cargill stockholders in the split-off and not sold in the formation offerings was a reasonable way in which to attempt to facilitate the orderly disposition of the Mosaic shares currently held by Cargill.

The special committee considered the terms and conditions of a governance agreement among Mosaic, the MAC Trusts and certain Cargill stockholders who are expected to receive a significant number of Mosaic shares in the split-off, including:

- i the transfer restrictions that will be applicable to the MAC Trusts and each other stockholder that is a party to the governance agreement, which were designed to further ensure an orderly distribution of Mosaic shares following the split-off; and
- i the standstill and voting restrictions that will be applicable to the MAC Trusts and each other stockholder that is a party to the governance agreement, which were designed to implement an appropriate governance structure in light of the need to create the class B common stock as part of the transactions.

Please see Other Transaction Agreements Governance Agreement for a more complete description of the governance agreement.

Negative Factors. The special committee, and the board of directors, considered and balanced against the potential benefits of the transactions, a number of potential disadvantages (a number of which are described more fully in the Risk Factors section of this document), including the following:

Following the merger, Mosaic's current public stockholders will hold shares of common stock which have voting rights that are inferior to those of the class B common stock with respect to the election of directors. As a result, Mosaic's current public stockholders will own shares of Mosaic stock representing approximately 11% of the voting power for the election of directors.

Under the terms of the merger and distribution agreement, Cargill may elect to terminate such agreement in its discretion, subject to the payment under certain circumstances of a \$200 million termination fee that would be payable to Mosaic's public stockholders.

Mosaic has agreed with Cargill that during the first two years following the split-off, it will not engage in certain enumerated acts that could cause the split-off and/or debt exchanges to fail to qualify as tax-free. In addition, as part of seeking to facilitate the orderly distribution of Mosaic's shares to be held by Cargill and the MAC Trusts following the split-off, Mosaic has agreed with Cargill and the MAC Trusts to additional restrictions on its ability to issue equity on a primary basis and engage in stock repurchase transactions during the first two years (or during the first thirty months in the case of stock repurchase transactions) following the split-off. These obligations could limit Mosaic's ability to engage in certain transactions, such as redeeming or purchasing its stock, issuing equity securities or engaging in certain business combinations with third parties, during these time periods. Mosaic has also agreed with Cargill that Mosaic will not engage in certain transactions prior to completion of the merger and split-off, without Cargill's prior consent.

Under certain circumstances, if Mosaic were to cause the split-off and/or debt exchanges to be taxable to Cargill due to any breach of, or inaccuracy in, any representation, warranty, covenant or obligation of Mosaic or GNS under the tax agreement, Mosaic could be obligated to indemnify Cargill against significant tax liabilities, which could have a material adverse effect on Mosaic.

Edgar Filing: EBAY INC - Form POSASR

By becoming independent from Cargill, Mosaic would lose any positive perceptions from which it may benefit as a result of being associated with a company of Cargill's stature and industry recognition;

Table of Contents

however, Mosaic's senior management team did not believe it likely that the rating agencies would have a negative view of the transactions.

The execution of the formation offerings and the released share offerings that form part of the transactions could have the effect of depressing the market price of the Mosaic common stock.

The negotiation, consideration and performance of the transactions contemplated by the merger and distribution agreement (including the registration of securities in connection with such transactions) have required and will require Mosaic to incur various costs and expenses; however, as described in The Merger and Distribution Agreement Termination Fees and Expenses, Cargill has agreed to reimburse Mosaic for a portion of these costs and expenses, up to an aggregate \$15 million (which may be increased to \$18 million pursuant to a subsequent agreement by Cargill in connection with the settlement of the stockholder actions relating to the transactions, subject to the receipt of a revised or supplemental private letter ruling from the IRS indicating that such increase does not alter the conclusions expressed in the prior IRS ruling, as described in the section entitled The Merger and Related Transactions Litigation Relating to the Merger).

Procedural Factors. The special committee, and the board of directors, also considered a number of procedural protections that were implemented to ensure a fair and impartial evaluation and negotiation of the proposed merger and related transactions and to provide for consideration and approval of the transactions by Mosaic's stockholders (other than Cargill and its subsidiaries), including the following:

The Mosaic board of directors formed a special committee composed solely of its outside, independent directors, which was delegated broad authority to consider and recommend for approval the transactions.

The special committee retained two financial advisors and legal counsel to assist and advise the special committee.

The special committee, with the assistance of its legal and financial advisors and Mosaic management, evaluated and negotiated the proposed transactions and made a unanimous recommendation to the Mosaic board of directors to approve the proposed transactions.

To approve the merger and distribution agreement, holders of a majority of the outstanding shares of Mosaic's common stock, other than Cargill and its subsidiaries, must vote in favor of the adoption of the merger and distribution agreement.

After a detailed consideration of these factors, the Mosaic special committee and the Mosaic board of directors concluded that, taken as a whole, the factors supported approving the transactions. **Accordingly, the special committee and the board of directors determined that the merger and distribution agreement and the related transaction documents, and the transactions contemplated thereby, are advisable, fair to and in the best interests of Mosaic and Mosaic's stockholders other than Cargill and its subsidiaries. In addition, upon unanimous recommendation of the Mosaic special committee, the Mosaic board of directors determined to recommend that Mosaic stockholders vote FOR the adoption of the merger and distribution agreement.**

The discussion and factors described were among the factors considered by the special committee and the Mosaic board of directors, as applicable, in their assessment of the transactions. In view of the wide variety of factors considered in connection with the evaluation of the transactions and the complexity of these matters, the special committee and the Mosaic board of directors did not consider it practicable to, and did not attempt to, quantify or otherwise assign relative or specific weight or values to any of these factors. Rather, the special committee and the Mosaic board of directors viewed their respective position and recommendation as being based on an overall analysis and on the totality of the information presented to and factors considered by them. In addition, in considering the factors described above, individual directors may have assigned different weights to different factors.

Interests of Certain Persons in the Merger and Related Transactions

In considering the unanimous recommendation of the Mosaic special committee and the recommendation of the Mosaic board of directors, Mosaic stockholders should be aware that certain officers and directors of Mosaic

Table of Contents

are also stockholders and/or officers of Cargill and may have certain interests in the merger and related transactions that are different from, or in addition to, the interests of the Mosaic public stockholders, as discussed below. The Mosaic special committee and Mosaic board of directors were aware of these interests and considered them, among other matters, in approving the merger, the merger and distribution agreement and the related transactions.

Cargill Ownership. Cargill is currently Mosaic's majority stockholder, beneficially owning approximately 64% of Mosaic's outstanding common stock. Two of Mosaic's twelve directors are current officers of Cargill, although these directors were not members of the Mosaic special committee and recused themselves from the meeting of the Mosaic board of directors in which it considered the unanimous recommendation of the Mosaic special committee and approved the merger and distribution agreement and related transactions. By virtue of its controlling interest in Mosaic, Cargill could control Mosaic's strategic direction and significant corporate transactions, although currently a majority of Mosaic's board of directors (and all of the members of Mosaic's special committee) are considered by us to be independent directors as they satisfy the NYSE standards for independence as well as our standards for independence set forth in our Director Independence Standards.

Ownership of Existing Mosaic Common Stock

As of the record date, Mosaic's directors and executive officers beneficially owned an aggregate of 1,339,890 shares of Mosaic common stock, including shares that may be acquired within 60 days of such date upon the exercise of outstanding stock options (or approximately 0.30 percent of the outstanding shares of Mosaic's common stock as of the record date), as described in Security Ownership of Certain Beneficial Owners and Management.

Ownership of Cargill Common Stock

As of the record date, Mosaic's directors and executive officers beneficially owned 904,552 shares of capital stock of Cargill.

Directors and Executive Officers; No Change in Control

All persons who are presently directors and/or executive officers of Mosaic are expected to continue to serve in such capacities at Mosaic following the consummation of the merger and the split-off. In addition, none of the Mosaic equity-based awards held by our officers and directors are expected to be accelerated as a result of the transactions and no change in control provisions contained in any agreements with our executive officers are expected to be triggered as a result of the transactions.

Mosaic's Relationship With Cargill

Mosaic and Cargill have other relationships and engage in certain transactions, as described in Other Arrangements and Relationships between Mosaic and Cargill.

Material United States Federal Income Tax Consequences

The following discussion sets forth the material United States federal income tax consequences of the exchange, pursuant to the merger, of Mosaic common stock for GNS common stock to U.S. holders (as defined below). This discussion does not address any tax consequences resulting from the split-off or tax consequences arising under the laws of any state, local or foreign jurisdiction. This discussion is based upon the Code, the regulations of the U.S. Treasury Department and court and administrative rulings and decisions in effect on the date of this document. These laws may change, possibly retroactively, and any change could affect the continuing validity of this discussion.

Table of Contents

For purposes of this discussion, we use the term "U.S. holder" to mean:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust if it (i) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (ii) has a valid election in effect under applicable United States Treasury regulations (the "Treasury Regulations") to be treated as a United States person.

If a partnership holds Mosaic common stock, the tax treatment of a partner will generally depend on the status of the partners and the activities of the partnership. If you are a partner of a partnership holding Mosaic common stock, you should consult your tax advisors.

This discussion assumes that you hold your shares of Mosaic common stock as a capital asset within the meaning of section 1221 of the Code. Further, this discussion does not address all aspects of United States federal income taxation that may be relevant to you in light of your particular circumstances or that may be applicable to you if you are subject to special treatment under the United States federal income tax laws, including if you are:

a financial institution;

a tax-exempt organization;

an S corporation or other pass-through entity;

an insurance company;

a mutual fund;

a dealer in securities or foreign currencies;

a trader in securities who elects the mark-to-market method of accounting for your securities;

a Mosaic stockholder subject to the alternative minimum tax provisions of the Code;

Edgar Filing: EBAY INC - Form POSASR

a Mosaic stockholder who received your Mosaic common stock through the exercise of employee stock options or through a tax-qualified retirement plan;

a person that has a functional currency other than the U.S. dollar;

a holder of options granted under any Mosaic benefit plan; or

a Mosaic stockholder who holds Mosaic common stock as part of a hedge against currency risk, straddle or a constructive sale or conversion transaction.

The IRS has issued a ruling to the effect that, among other things, (i) the exchange of Mosaic common stock for GNS common stock in the merger will qualify as a transaction described in section 351 of the Code, (ii) the holders of Mosaic common stock will not recognize any gain or loss upon the exchange of their shares of Mosaic common stock for GNS common stock in the merger, and (iii) GNS will not recognize any gain or loss in the merger.

As a result, (i) your aggregate tax basis in the GNS common stock that you receive in the merger will equal your aggregate tax basis in the Mosaic common stock you surrender, and (ii) your holding period for the GNS

Table of Contents

common stock that you receive in the merger will include your holding period for the shares of Mosaic common stock that you surrender.

If you acquired different blocks of Mosaic common stock at different times and at different prices, your tax basis and holding period in the GNS common stock that you receive may be determined with reference to each block of Mosaic common stock.

Although private letter rulings are generally binding on the IRS, the continuing validity of a private letter ruling is subject to factual representations and assumptions contained in the private letter ruling. Mosaic and GNS are not aware of any facts or circumstances that would cause the representations and assumptions on which the IRS ruling is based to be incorrect.

Reporting Requirements. You will be required to retain records pertaining to the merger and you will be required to file with your United States federal income tax return for the taxable year in which the merger takes place a statement setting forth certain facts relating to the merger.

This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. Moreover, it does not address any non-income tax or any foreign, state or local tax consequences of the merger. Tax matters are very complicated, and the tax consequences of the merger to you will depend upon the facts of your particular situation. Accordingly, we strongly urge you to consult with a tax advisor to determine the particular federal, state, local or foreign income or other tax consequences to you of the merger.

New York Stock Exchange Listing

Mosaic common stock is currently listed on the NYSE under the symbol MOS. In the merger and distribution agreement, each of Mosaic and GNS has agreed to prepare and file, and to use reasonable best efforts to have approved prior to the closing date of the merger, an application for the listing on the NYSE (and such approval is a condition to the obligations of the parties to complete the merger) of the common stock to be issued pursuant to the merger and the common stock issuable upon conversion of the class A common stock and the class B common stock to be issued in the merger, in each case subject to official notice of issuance. The class A common stock and the class B common stock will not be listed on the NYSE or any other exchange.

No Appraisal Rights

Holders of Mosaic common stock are not entitled to appraisal rights under Section 262 of the DGCL in connection with the merger.

Regulatory Approval

Under the Hart-Scott-Rodino Act, acquisitions of Mosaic stock by the Anne Ray Charitable Trust and the Margaret A. Cargill Foundation (two of the exchanging Cargill stockholders) in connection with the split-off may not be completed until applicable filings have been made, and the applicable waiting period has expired or been terminated. On March 10, 2011, each of Cargill, Anne Ray Charitable Trust, and Margaret A. Cargill Foundation filed its notification and report form under the Hart-Scott-Rodino Act with the Antitrust Division of the U.S. Department of Justice and the U.S. Federal Trade Commission. On March 18, 2011, early termination of the applicable waiting period was granted.

Expected Timing of the Merger

Mosaic currently expects to complete the merger in the second calendar quarter of 2011, subject to receipt of the requisite Mosaic stockholders approvals and satisfaction of other closing conditions. In addition, under

Table of Contents

the merger and distribution agreement, Cargill has a right to terminate the transactions at any time prior to the completion of the merger if, at such time Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interest of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives. Therefore, no assurance can be given as to when, or if, the merger and related transactions discussed in this document will occur.

No Cargill Stockholder Approval Required for the Merger

Cargill stockholders are not required to adopt the merger and distribution agreement or approve the merger. However, as a condition to the completion of the merger, Cargill stockholders must agree to exchange with Cargill a sufficient number of shares of Cargill common stock for shares of GNS stock at an exchange ratio to be determined prior to closing to allow Cargill to transfer to its stockholders approximately 178.5 million shares of GNS stock.

Accounting Treatment

The consolidated assets and liabilities of the Company after the merger and split-off will be identical to the consolidated assets and liabilities of the Company prior to the merger and split-off. As a result of these transactions, there will be no change to the Company's total outstanding shares, the economic rights of the Company's shares or earnings per share. Additionally, these transactions will result in no changes to the Company's accounting policies applied to its consolidated financial statements.

Litigation Relating to the Merger

Mosaic, GNS, Merger Sub, the members of the Mosaic board of directors and Cargill are named as defendants in purported class action lawsuits (the "stockholder actions") brought in the Delaware Court of Chancery by several Mosaic stockholders: the City of Lakeland Employees Pension Plan, the Louisiana Municipal Police Employees Retirement System, the Teamsters Local 500 Severance Fund and the Minneapolis Firefighters Relief Association on February 28, 2011, March 8, 2011, March 8, 2011, and March 15, 2011, respectively. On March 9, 2011, the City of Lakeland Employees Pension Plan was dismissed, and the Operating Engineers Construction Industry and Miscellaneous Pension Fund was added, as a plaintiff. The stockholder actions challenge the proposed transaction with Cargill described in this proxy statement/prospectus. Collectively, the stockholder actions generally allege that the Mosaic directors breached their fiduciary duties to Mosaic and its stockholders by authorizing the transactions described in this proxy statement/prospectus, that the Mosaic directors improperly delegated their authority to Cargill in violation of the DGCL and in breach of their fiduciary duties, and that this proxy statement/prospectus omits material information and is materially misleading, particularly concerning financial advice provided by financial advisors to the special committee and the ramifications of the proposed transactions described in this proxy statement/prospectus to Mosaic's minority stockholders. The stockholder actions seek, among other things: to enjoin the defendants from consummating the transactions on the agreed-upon terms; to require the individual defendants to make full and complete disclosure; to rescind the transactions; to invalidate provisions of the tax agreement; rescissory and compensatory damages in unspecified amounts; and recovery of the costs of the lawsuit.

On April 7, 2011, Mosaic, GNS, Merger Sub, the members of the Mosaic board of directors and Cargill entered into a memorandum of understanding with the plaintiffs in the stockholder actions reflecting an agreement in principle to settle the stockholder actions based on their agreement to:

include in this proxy statement/prospectus additional disclosures relating to the transaction, which disclosures are included in this proxy statement/prospectus;

increase Cargill's obligation to reimburse expenses incurred by the Mosaic parties in connection with the transactions through the completion of the initial formation offering from \$15 million to \$18 million, subject to the receipt of a revised or supplemental private letter ruling from the IRS indicating that such increase does not alter the conclusions expressed in the prior IRS ruling;

Table of Contents

make certain revisions to the post-merger restated certificate of incorporation of GNS, which revisions have been implemented in connection with entering into the memorandum of understanding, as described in the section entitled "Description of Capital Stock Following the Closing" and are reflected in the form of restated certificate of incorporation of GNS attached to this proxy statement/prospectus as Annex B;

revise certain provisions of the governance agreement on or before the closing of the transactions as described in the section entitled "Other Transaction Agreements Governance Agreement"; and

have one of the two Cargill-affiliated directors on the Mosaic board of directors, as will be determined in the sole discretion of Mosaic in consultation with Cargill, resign as a director of Mosaic no later than the date of the next annual meeting of Mosaic stockholders.

Mosaic, GNS, Merger Sub, the members of the Mosaic board of directors and Cargill each have denied, and continue to deny, that they have committed or aided and abetted in the commission of any violation of law or engaged in any of the wrongful acts alleged in the stockholder actions, and expressly maintain that they diligently and scrupulously complied with their fiduciary and other legal duties. Mosaic, GNS, Merger Sub, the members of the Mosaic board of directors and Cargill believe the stockholder actions are without merit, and they entered into the memorandum of understanding solely to avoid the risk of delaying the transactions and to minimize the expense of litigation. The memorandum of understanding is subject to certain conditions including completion of appropriate settlement documentation, receipt of a revised or supplemental private letter ruling from the IRS indicating that the increase in Cargill's obligation to reimburse expenses incurred by the Mosaic parties does not alter the conclusions expressed in the prior IRS ruling, approval by the Delaware Court of Chancery and consummation of the merger.

If the settlement is consummated, the stockholder actions will be dismissed with prejudice and the defendants and other released persons will receive a release of all claims relating to the merger, the merger and distribution agreement and the transactions contemplated therein, and the disclosures made in connection therewith (including all claims asserted in the stockholder actions). Members of the purported plaintiff class will be sent notice of the proposed settlement, and a hearing before the Delaware Court of Chancery will be scheduled regarding, among other things, approval of the proposed settlement and any application by plaintiffs' counsel for an award of attorneys' fees and expenses.

There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the Delaware Court of Chancery will approve the settlement even if the parties were to enter into such stipulation. In such event, the proposed settlement as contemplated by the memorandum of understanding may be terminated.

THE MERGER AND DISTRIBUTION AGREEMENT

This section of the proxy statement/prospectus describes the material terms of the merger and distribution agreement. The merger and distribution agreement governs the rights and obligations of the Mosaic parties and Cargill relating to the merger, the split-off and the related transactions. The following is a summary of the material terms of the merger and distribution agreement, a copy of which is attached as Annex A and incorporated herein. This summary does not contain, and is qualified by, all of the terms of the merger and distribution agreement. All Mosaic stockholders are urged to read carefully the merger and distribution agreement in its entirety.

The Closing

Unless the merger and distribution agreement is terminated in accordance with its terms, the closing of the merger will occur on the closing date, which date will be determined by Cargill in its sole discretion following the satisfaction or waiver (subject to any applicable restrictions) of the conditions to closing set forth in the merger and distribution agreement. Notwithstanding any notice to Mosaic of Cargill's selection of a closing date, Cargill may delay the closing date, and each of Mosaic and Cargill retains its termination rights under the merger and distribution agreement until the effective time of the merger.

Amendment of the GNS Charter

Prior to the effective time of the merger, the certificate of incorporation of GNS will be amended and restated, through action by Mosaic as the sole stockholder of GNS (i) to authorize the issuance of GNS common stock, four series of GNS class A common stock and three series of GNS class B common stock and (ii) to reclassify all of the shares of capital stock of GNS then held by Mosaic into a number of shares of GNS common stock to be held by MOS Holding Inc. following the merger, which reclassification will be determined by reference to the value of GNS prior to the merger. Each share of each series of class A common stock will be entitled to one vote per share with respect to all matters to which holders of class A common stock will be entitled to vote, will be subject to certain transfer restrictions and will be convertible into one share of common stock and have class voting rights as will be provided in the post-merger restated certificate of incorporation of Mosaic attached as Annex B to this proxy statement/prospectus. Each share of each series of class B common stock will be entitled to ten votes per share with respect to the election of directors and one vote per share with respect to all other matters to which holders of class B common stock will be entitled to vote, will be subject to certain transfer restrictions, and may (generally only upon a vote of stockholders, see Description of Capital Stock Following the Closing Transfer Restrictions and Conversion Provisions) be convertible into one share of either class A common stock or common stock and have class voting rights as will be provided in the post-merger restated certificate of incorporation of Mosaic. The common stock will be entitled to one vote per share with respect to all matters to which holders of common stock will be entitled to vote and have class voting rights as will be provided in the post-merger restated certificate of incorporation of Mosaic. The transfer restrictions pertaining to the class A common stock and class B common stock are intended to help facilitate the orderly distribution of shares of common stock following the merger and the split-off and to help preserve the tax-free nature of the split-off and the debt exchanges.

The Merger

Following the amendments to the GNS certificate of incorporation, Merger Sub, a newly formed, wholly-owned subsidiary of GNS, will merge with and into Mosaic, with Mosaic surviving the merger and becoming a wholly-owned subsidiary of GNS. At the effective time of the merger:

a portion of the Mosaic common stock held by Cargill immediately prior to the effective time of the merger will be converted, on a one-for-one basis, into the right to receive shares of the different series of GNS class A common stock and GNS class B common stock;

each other share of Mosaic common stock issued and outstanding immediately prior to the effective time of the merger (including the shares of Mosaic common stock held by the Mosaic public stockholders and a portion of the shares of Mosaic common stock held by Cargill) will be converted into the right to receive one share of GNS common stock; and

Table of Contents

all of the limited liability company interests in Merger Sub will be converted into one hundred (100) shares of Mosaic common stock, which will represent 100% of the outstanding shares of the capital stock of Mosaic.

In addition, the directors and officers of Mosaic immediately prior to the effective time of the merger will be the directors and officers of GNS at and after the effective time of the merger.

The merger and distribution agreement also provides that, prior to the closing, Mosaic and GNS will take such action as is necessary to ensure that the certificate of incorporation of GNS will be amended and restated effective immediately prior to the effective time of the merger to read substantially in the form as set forth in Annex B to this proxy statement/prospectus and to ensure that as of the effective time of the merger that the bylaws of GNS at and immediately after the effective time of the merger will contain provisions substantially identical to the bylaws of Mosaic immediately prior to the effective time of the merger (with such changes as may be agreed to by the parties to the merger and distribution agreement).

At or immediately following the effective time of the merger, GNS will file a restated certificate of incorporation with the Secretary of State of the State of Delaware to change the name of GNS to The Mosaic Company and, similarly, Mosaic will, in connection with the merger, change its name to MOS Holdings Inc.

All outstanding unexercised and unexpired options to purchase shares of Mosaic common stock and other outstanding equity-based awards with respect to Mosaic common stock (each of which is referred to as an equity award) will be assumed by GNS in the merger and continue to have, and be subject to, the same terms and conditions as are present immediately prior to the completion of the merger (including the vesting schedule and per share exercise prices). Each equity compensation plan of Mosaic and other agreement pursuant to which the equity awards were granted will also be assumed by GNS in connection with the merger, and GNS has agreed to perform all obligations under such plans and agreements.

Split-off

Immediately after the effective time of the merger on the date of the closing, Cargill will consummate the split-off by exchanging with the MAC Trusts and other existing stockholders of Cargill who are accredited investors, for outstanding shares of capital stock of Cargill held by such stockholders, all of the shares of class A common stock, shares of class B common stock and shares of common stock (excluding the Cargill retained shares) that will be received by Cargill in the merger.

To satisfy requirements of the IRS ruling, Cargill will exchange with the MAC Trusts and the other Cargill stockholders in the split-off a total number of shares of class A common stock, class B common stock and common stock of Mosaic that will constitute approximately 40% of the Mosaic shares outstanding immediately after the split-off and will include the minimum number of shares of class B common stock so that the shares exchanged by Cargill represent approximately 81% of the total voting power for the election of directors of Mosaic immediately after the split-off.

Based on the number of shares of Mosaic common stock currently outstanding, we estimate that approximately 178.5 million Mosaic shares will be exchanged by Cargill with Cargill stockholders in the split-off, consisting of approximately 111 million shares of class B common stock, approximately 60 million shares of class A common stock and 7.5 million shares of common stock. Pursuant to an agreement between Cargill and the MAC Trusts, Cargill will exchange with the MAC Trusts a number of Mosaic shares determined based on a value to be determined shortly before closing of the shares of Cargill common stock held by the MAC Trusts and the volume weighted average trading price of the Mosaic common stock over a period shortly before closing. The Mosaic shares exchanged with the MAC Trusts pursuant to this agreement will include all of the shares of class A common stock and common stock to be exchanged by Cargill with its stockholders in the split-off, and the balance of the shares will be class B common stock. The remaining Mosaic shares that Cargill will exchange in the split-off (expected to consist solely of shares of class B common stock) will be exchanged by Cargill with other Cargill stockholders.

Table of Contents

Cargill has agreed to use its reasonable best efforts to commence the split-off process by offering to exchange (which is referred to as the Cargill offer) shares of stock to be received by it in the merger with some of the holders of shares of common stock of Cargill as soon as reasonably practicable after the date that Mosaic mails this document to its stockholders. However, if any material event occurs after the date of the merger and distribution agreement in respect of which, in the opinion of counsel to Mosaic, disclosure would need to be included in the Cargill offer documents in order for the Cargill offer documents not to contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading but in respect of which the Mosaic parties do not yet have sufficient facts regarding such event or the potential impact of such event on Mosaic, then Cargill will delay the Cargill offer until the earlier of the twentieth calendar day after Mosaic becomes aware of the occurrence of such event and the second business day after Mosaic makes disclosure with respect to such event (or otherwise notifies Cargill that no additional disclosure is necessary) so that the Cargill offer documents do not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Mosaic can delay the Cargill offer as described above on only one occasion.

Debt Exchanges

On the closing date and as promptly as practicable after the effective time of the merger, Cargill expects to consummate the initial debt exchange. After the initial debt exchange, Cargill may also consummate one or more subsequent debt exchanges. Subject to limited exceptions, Cargill has sole discretion to determine the terms and conditions and structure of the debt exchanges, provided that such terms, conditions and structure must be (1) materially consistent with the IRS ruling, the submissions related to the IRS ruling and the tax opinion received by Cargill, (2) conducted in a manner that is not required to be registered under the Securities Act and (3) to the extent applicable, in accordance with the terms of the registration agreement.

The Mosaic parties have agreed, if reasonably requested by Cargill, to use their reasonable best efforts to assist Cargill in connection with the debt exchanges including (1) assisting Cargill in making required filings with and obtaining consents and approvals from any applicable governmental authority and (2) taking other actions to facilitate delivery to the exchanging Cargill debt holders of the Cargill retained shares being transferred by Cargill in the debt exchanges, including making officers and employees of Mosaic available for meetings and sessions with potential exchanging Cargill debt holders and to provide information to such debt holders regarding Mosaic (subject to limits regarding material, non-public information).

Conversion of Shares; Exchange of Certificates; Dividends

Conversion and Exchange of Shares. As a result of GNS becoming the new Mosaic public company in connection with the merger, shares of Mosaic common stock will need to be exchanged for shares of GNS common stock. The conversion of shares of Mosaic common stock into the right to receive shares of GNS common stock will occur automatically at the effective time of the merger. Promptly after the effective time of the merger, we will send a letter of transmittal to those persons who were record holders of shares of Mosaic common stock (other than Cargill and its subsidiaries) immediately prior to the effective time of the merger. This mailing will contain instructions on how to surrender shares of Mosaic common stock in exchange for shares of GNS common stock that the holder is entitled to receive under the merger and distribution agreement. When you deliver to us your properly completed letter of transmittal and any other required documents (including your Mosaic stock certificates if you hold your shares in certificated form), your current shares will be cancelled and you will receive new shares of common stock.

If you hold your shares of Mosaic common stock in certificated form, do not submit your Mosaic stock certificates for exchange until you receive the transmittal instructions and letter of transmittal from us.

Table of Contents

If a certificate for shares of Mosaic common stock has been lost, stolen or destroyed, we will issue in exchange for such lost, stolen or destroyed certificates the applicable number of shares of GNS common stock upon compliance by the applicable stockholder with the affidavit and indemnification requirements described in the merger and distribution agreement.

Dividends and Distributions. No dividends or other distributions declared or made with respect to Mosaic common stock with a record date before the effective time of the merger that has not been paid prior to the effective time of the merger will be paid to the holder of any unsurrendered share of Mosaic common stock (or share of Mosaic held in book-entry form) until the surrender of such share of Mosaic common stock (or Mosaic book-entry shares) in accordance with the merger and distribution agreement. Similarly, no dividends or other distributions declared or made after the effective time of the merger with respect to any share of GNS stock into which a share of Mosaic common stock was converted in the merger will be paid until the surrender of such share of Mosaic common stock (or Mosaic book-entry shares) in accordance with the merger and distribution agreement. Subject to escheat, tax, or other applicable law, following surrender of any such share of Mosaic common stock (or Mosaic book-entry shares), there shall be paid to the holder any such unpaid dividends or other distributions. Any future dividends will be made at the discretion of the Mosaic board of directors.

Representations and Warranties

The merger and distribution agreement contains representations and warranties of each of the Mosaic parties, on the one hand, and Cargill, on the other hand, made solely for the benefit of the other, except that the representations and warranties set forth in the bullet below regarding the timeliness, completeness and accuracy of certain Mosaic information filed with the SEC was also made for the benefit of the MAC Trusts. The assertions embodied in those representations and warranties are qualified by certain sections of specified reports filed with the SEC by Mosaic and by information in confidential disclosure schedules that the Mosaic parties provided in connection with signing the merger and distribution agreement. The disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the merger and distribution agreement. Furthermore, many of the representations and warranties may not be accurate or complete as of any particular date because they are subject to a contractual standard of materiality or material adverse effect different from that generally applicable to public disclosures to stockholders. The representations and warranties were used for the purpose of allocating risk between the parties to the merger and distribution agreement rather than establishing matters of fact. For the foregoing reasons, you should not rely on the representations and warranties contained in the merger and distribution agreement as statements of factual information. The representations and warranties in the merger and distribution agreement and the description of them in this document should be read in conjunction with the other information contained in the reports, statements and filings that Mosaic publicly files with the SEC. This description of the representations and warranties is included to provide stockholders with information regarding the terms of the merger and distribution agreement.

Each of the Mosaic parties and Cargill make certain representations and warranties to the other in the merger and distribution agreement, including relating to:

organizational existence, good standing and requisite corporate power;

corporate authorization to enter into the merger and distribution agreement and the other transaction documents, including approval by such party's board of directors and the required vote, if any, of such party's stockholders with respect to the matters described in merger and distribution agreement;

no conflicts with, violations or breaches of, defaults under, right of termination or acceleration under, or requirements of, any notices or consents under, governance documents, material agreements or laws as a result of the execution and delivery of the merger and distribution agreement, the other transaction documents or the completion of the transactions contemplated thereby;

governmental approvals required in connection with the execution and delivery of the merger and distribution agreement, the other transaction documents or the transactions contemplated thereby; and

the brokers and other advisors entitled to receive fees from the applicable party.

Table of Contents

In addition, the Mosaic parties make certain other representations and warranties to Cargill in the merger and distribution agreement, including relating to:

capital stock of the Mosaic parties;

timeliness, completeness and accuracy of certain information filed with the SEC, including financial statements, filed with the SEC by Mosaic (and to extent applicable, GNS);

system of internal controls over financial reporting;

disclosure controls and procedures; and

no Mosaic material adverse effect since May 31, 2010.

For purposes of the merger and distribution agreement, the term "Mosaic material adverse effect" means any event or events that, individually or in the aggregate (a) is or are or would be reasonably expected to be materially adverse to the financial condition, assets, liabilities, business or results of operations of Mosaic and its subsidiaries, or, after the closing, GNS and its subsidiaries, taken as a whole, or (b) would be reasonably expected to materially and adversely affect the ability of the Mosaic parties to consummate the merger. However, in determining whether a Mosaic material adverse effect has occurred with respect to clause (a) above, there will be excluded any event relating to or resulting from:

changes generally affecting the economy, financial or securities markets or political or regulatory conditions, to the extent such changes do not, and would not be reasonably expected to, adversely affect Mosaic and its subsidiaries in a disproportionate manner relative to other participants in the fertilizer industry;

changes in the fertilizer industry, to the extent such changes do not, and would not be reasonably expected to, adversely affect Mosaic and its subsidiaries in a disproportionate manner relative to other participants in the fertilizer industry;

any change in law or the interpretation thereof, to the extent such changes do not, and would not be reasonably expected to, adversely affect Mosaic and its subsidiaries in a disproportionate manner relative to other participants in the fertilizer industry

any change in Generally Accepted Accounting Principles in the United States or the interpretation thereof;

acts of war, armed hostility or terrorism, to the extent such changes do not adversely affect Mosaic and its subsidiaries in a disproportionate manner relative to other participants in the fertilizer industry;

any failure by Mosaic to meet any internal or published industry analyst projections or forecasts for any period (although the facts and circumstances giving rise to such failure that are not otherwise excluded from the definition of Mosaic material adverse effect may be taken into account in determining whether there has been a Mosaic material adverse effect); and

any change resulting from the negotiation, execution or announcement of the merger or other transactions.

Interim Covenants

The merger and distribution agreement generally provides that, through the earlier of the closing date and the termination of the merger and distribution agreement in accordance with its terms, except as otherwise set forth in the merger and distribution agreement or the other transaction documents, required by law or regulation applicable to the Mosaic parties or disclosed in Mosaic's disclosure schedules, without the prior written consent of Cargill (which consent will not be unreasonably withheld or delayed):

the Mosaic parties will not approve, amend or propose to amend the certificate of incorporation or by-laws or equivalent organizational documents of any of the Mosaic parties in a manner that would adversely affect the rights of the Mosaic stockholders in any material respect or that would reasonably be expected to delay or impair the transactions or the parties' ability to comply with their obligations under the transaction documents;

Table of Contents

the Mosaic parties will not enter into or adopt a plan or agreement of complete or partial liquidation, dissolution, merger, consolidation or conversion or effect any partial liquidation, dissolution, merger, consolidation or conversion;

neither Mosaic nor GNS will, nor will Mosaic or GNS permit any of their respective subsidiaries to, sell, issue, transfer, redeem, grant, pledge, hypothecate, distribute or otherwise dispose of any shares of capital stock, or any other voting securities, of any Mosaic party, or any rights, options, warrants or securities convertible into, exchangeable or exercisable for, or evidencing the right to subscribe for, any shares of capital stock or other voting securities of any Mosaic party (whether or not then convertible, exchangeable, exercisable or then entitling the holder to subscribe) other than with respect to specified exceptions relating to issuances of employee or director equity awards or common stock in connection with the exercise or vesting of employee or director equity awards in each case under the Company's existing employee or director equity award plans;

neither Mosaic nor GNS will, nor will Mosaic or GNS permit any of their respective subsidiaries to, accelerate the vesting or exercisability of any of the equity awards, except as may be required by their terms;

Mosaic will not, and Mosaic will not permit any of its subsidiaries to, change the principal business of Mosaic and its subsidiaries, taken as a whole, from the business of mining, producing, marketing and selling phosphate and potash fertilizer and phosphate- and potash-based animal feed products to any different line of business, or enter into any line of business that is not reasonably related or complementary to the business of mining, producing, marketing and selling phosphate and potash fertilizer and phosphate- and potash-based animal feed products;

Mosaic will not, and Mosaic will not permit any of its subsidiaries to, acquire, or enter into any agreement to acquire any businesses, assets, product lines, business units, business operations, equity securities or other properties, including by way of merger or consolidation or otherwise, other than acquisitions (a) that would not give rise to a requirement on the part of Mosaic to file with the SEC financial statements for any acquired businesses on a Current Report on Form 8-K or in connection with any proxy statement or registration statement of Mosaic or GNS, and (b) that are not material to Mosaic (or, following the merger, GNS) and its subsidiaries, taken as a whole;

Mosaic will not, and Mosaic will not permit any of its subsidiaries to, sell, transfer or otherwise dispose of, hold for sale, transfer or other disposition or discontinue the operations of, any businesses, assets, product lines, business units, business operations, equity securities or other properties, including by way of merger or consolidation or otherwise, unless such action or actions (a) would not give rise to a requirement on the part of Mosaic or GNS to file with the SEC pro forma or restated financial statements and (b) would not be material to Mosaic (or, following the merger, GNS) and its subsidiaries, taken as a whole;

the Mosaic parties will not, and will not permit any of their respective subsidiaries to, redeem, purchase or otherwise acquire any of the outstanding shares of capital stock, or any other voting securities, of any Mosaic party, or any right, options, warrants or securities convertible into, exchangeable or exercisable for, or evidencing the right to subscribe for, any shares of capital stock, or other voting securities of, any Mosaic Party (whether or not then convertible, exchangeable, exercisable or then entitling the holder to subscribe);

neither Mosaic nor GNS will (a) declare, set aside for payment or pay any dividend on, or make any other distribution (whether in cash, stock or other form) in respect of, any shares of its capital stock (other than ordinary course quarterly cash dividends by Mosaic to its stockholders (including any ordinary course increases in such quarterly dividends)) or (b) adjust, split, combine, subdivide or reclassify any shares of its capital stock; and

the Mosaic parties will not authorize any of, or commit to do or enter into any contract with respect to any of, the foregoing actions or publicly announce an intention to take any of the foregoing actions.

Edgar Filing: EBAY INC - Form POSASR

The merger and distribution agreement also generally provides that, through the earlier of the closing date and the termination of the merger and distribution agreement in accordance with its terms, except with the prior written consent of Cargill (which consent will not be unreasonably withheld or delayed) or as otherwise

Table of Contents

expressly contemplated by the merger and distribution agreement or the other transaction documents (including with respect to any action taken in connection with the initial formation offering) or required by law, Mosaic and GNS will not, nor will any Mosaic party authorize, permit or direct any of its subsidiaries or any of their respective representatives to:

knowingly facilitate the acquisition of shares of Mosaic common stock by any person or any coordinating group (as defined in Treasury Regulation § 1.355-7(h)(4)) other than Cargill and its subsidiaries, including by furnishing any material, non-public information concerning any Mosaic party to any such person or coordinating group, if to the knowledge of Mosaic, such acquisition would result in any person beneficially owning, directly or indirectly, 10% or more of the outstanding shares of Mosaic common stock; or

knowingly facilitate the participation in the management or operation of Mosaic (including by becoming a director of Mosaic) by a person or coordinating group (as defined in Treasury Regulation § 1.355-7(h)(4)), other than Cargill and its subsidiaries, who to the knowledge of Mosaic beneficially owns, directly or indirectly, 5% or more of the outstanding shares of Mosaic common stock.

Mosaic Stockholder Meeting; Proxy Statement and Registration Statement; Mosaic Board Recommendation

Mosaic has agreed to call a meeting of Mosaic stockholders as promptly as reasonably practicable following the date of the merger and distribution agreement for the purpose of obtaining the affirmative votes of both (i) the holders of a majority of the outstanding shares of Mosaic common stock and (ii) the holders of a majority of the outstanding shares of Mosaic common stock not held by Cargill or any of its subsidiaries, in each case in favor of the adoption of the merger and distribution agreement (such approvals are collectively referred to as the Mosaic stockholder approval) and to take all reasonable action to solicit such approvals. In the event of a change in the Mosaic recommendation, Mosaic has agreed to nevertheless submit the merger and distribution agreement to the Mosaic stockholders at the Mosaic stockholder meeting unless the merger and distribution agreement has been terminated in accordance with its terms. The Mosaic board of directors adopted a resolution, upon the unanimous recommendation of the Mosaic special committee, recommending that the Mosaic stockholders vote to adopt the merger and distribution agreement.

Under the merger and distribution agreement, other than as described below, Mosaic agreed that the Mosaic special committee and the Mosaic board of directors will not fail to make, and will not withdraw, qualify, amend or modify or publicly propose to withdraw, qualify, amend or modify such recommendation. Any action described in the preceding sentence is referred to as a change in the Mosaic recommendation.

The Mosaic board of directors and/or the Mosaic special committee may, however, prior to the receipt of the Mosaic stockholder approval, make a change in the Mosaic recommendation in response to one or more intervening events (as defined in the paragraph below) if (i) the Mosaic board of directors or the Mosaic special committee determines in good faith (after considering advice from outside legal counsel) that the failure to take such action would be reasonably likely to be inconsistent with its fiduciary duties under applicable law and (ii) the Mosaic board of directors or the Mosaic special committee provides Cargill at least three business days prior written notice of its intention to effect a change in the Mosaic recommendation and, if Cargill proposes changes to the terms of the transactions in such period, negotiates in good faith with Cargill with respect to such changes during such period and will not effect a change in the Mosaic recommendation unless the Mosaic board of directors or the Mosaic special committee determines in good faith (after considering advice from outside legal counsel) that, notwithstanding any modifications to the terms of the transactions proposed by Cargill, its failure to effect a change in the Mosaic recommendation would be reasonably likely to be inconsistent with its fiduciary duties under applicable law.

An intervening event means a material event, change, development, effect, condition, circumstance, occurrence or state of facts that was not known by the Mosaic special committee on the date the merger and distribution agreement was executed (or if known, the consequences of which were not known to the Mosaic special committee as of such date), which event (or consequences) becomes known to the Mosaic special committee before the receipt of the Mosaic stockholder approval.

Table of Contents

Efforts

Each of the Mosaic parties and Cargill generally agreed to use their reasonable best efforts to cooperate with each other and to cause the merger, the split-off, the initial debt exchange and the initial formation offering to be consummated as promptly as practicable after the execution of and in accordance with the merger and distribution agreement.

In furtherance of the foregoing, each of the Mosaic parties and Cargill generally agreed to take all such action as may be reasonably necessary or appropriate under the securities laws of the United States (and any comparable laws under any foreign jurisdiction as the parties may mutually agree) in connection with the merger, the split-off, the initial debt exchange and the initial formation offering, and Mosaic and GNS will prepare and file, and will use their reasonable best efforts to have approved prior to the closing date, an application for the listing on the NYSE of the common stock to be issued pursuant to the merger and the common stock issuable upon conversion of the class A common stock and the class B common stock to be issued in the merger, subject to official notice of issuance.

Voting

Cargill agreed that, among other things, it will, and will cause any of its subsidiaries holding shares of Mosaic common stock to, be present, in person or by proxy, at the Mosaic stockholders meeting at which the proposals described in this proxy statement/prospectus are submitted to the Mosaic stockholders and otherwise to cause all shares of Mosaic common stock held by Cargill or any of its applicable subsidiaries to be counted as present for purposes of establishing a quorum at such meeting, and to vote, or cause to be voted, all shares of Mosaic common stock owned by Cargill or its applicable subsidiaries in favor of (x) the adoption of the merger and distribution agreement and (y) such other matters as may be included in this proxy statement/prospectus and necessary to consummate the transactions. In the case of clause of (y) above, unless otherwise agreed to by Cargill, any of such other matters will be implemented only if the closing will have occurred. Cargill's and its subsidiaries voting obligations described in this paragraph will terminate in the event of a change in the Mosaic recommendation.

Transfers of Mosaic Common Stock by Cargill; Agreements by Cargill

Through the earlier of the closing date and the termination of the merger and distribution agreement in accordance with its terms, except as otherwise set forth the merger and distribution agreement or the other transaction documents or required by law, without the prior written consent of Mosaic (which consent will not be unreasonably withheld or delayed), Cargill will not, and will not permit any of its applicable subsidiaries to, transfer (as defined in the merger and distribution agreement) any shares of Mosaic common stock owned by Cargill or any of its subsidiaries other than transfers to Cargill or its subsidiaries. Cargill has also agreed to cause all shares of Mosaic common stock held by its applicable subsidiaries to be transferred to Cargill on or prior to the closing date.

The merger and distribution agreement also provides that, except as otherwise provided in the merger and distribution agreement, through the earlier of the closing date and the termination of the merger and distribution agreement in accordance with its terms, without the prior approval of the Mosaic special committee, Cargill will not, and it will not authorize, permit or direct any of its applicable subsidiaries, or authorize or direct its or their respective representatives to, directly or indirectly:

effect or seek, offer or propose (whether publicly or otherwise) to effect, or cause or participate with or in any way knowingly assist any other person to effect or seek, offer or propose (whether public or otherwise) to initiate, effect or participate in or support, (i) any acquisition of any securities (or beneficial ownership thereof) or material assets of Mosaic or any of its subsidiaries, (ii) any tender or exchange offer or merger or other business combination involving Mosaic or any of its subsidiaries,

Table of Contents

(iii) any recapitalization, restructuring, liquidation, dissolution or other extraordinary transaction with respect to Mosaic or any of its subsidiaries, or (iv) any solicitation of proxies (as such terms are defined or used in Regulation 14A under the Exchange Act) with respect to the voting of any shares of Mosaic common stock;

form, join or in any way participate in any group (other than with respect to Cargill's affiliates) with respect to any of the shares of Mosaic common stock;

submit any written consent or proposal to Mosaic's stockholders in furtherance of the foregoing or call a special meeting of Mosaic stockholders;

publicly disclose any intention, proposal, plan or arrangement with respect to any of the foregoing; or

take any action, or request any amendment or waiver of any of the foregoing, that would reasonably be expected to require Mosaic to make a public announcement with respect to the matters set forth in the first or third bullet above.

The merger and distribution agreement also provides that, through the earlier of the closing date of the merger and split-off and the termination of the merger and distribution agreement in accordance with its terms, Cargill will not, and it will not authorize, permit or direct any of its subsidiaries, or authorize or direct its or their respective representatives to, directly or indirectly (i) solicit, initiate, or knowingly encourage any inquiries or the making of any proposal that constitutes or is reasonably likely to lead to an alternative proposal (as defined below) or (ii) other than informing persons of the provisions contained in the merger and distribution agreement relating to the non-solicitation of alternative proposals, participate in any discussions or negotiations with, or furnish any information concerning Cargill, Mosaic and their respective subsidiaries to, any person in connection with any alternative proposal.

However, if Cargill receives a bona fide written alternative proposal from a third party that did not result from a breach of the non-solicitation provisions of the merger and distribution agreement, then Cargill may furnish information regarding Cargill, Mosaic and their subsidiaries to, and participate in discussions or negotiations with, such person or persons and their respective financing sources and representatives, and enter into a definitive agreement with respect to such alternative proposal, provided that Cargill complies with certain confidentiality and notice requirements more fully described in the merger and distribution agreement.

For purposes of the merger and distribution agreement, the term "alternative proposal" means any inquiry, proposal or offer from any person relating to any (a) acquisition of twenty percent or more of the consolidated total assets of Mosaic and its subsidiaries taken as a whole or (b) acquisition, tender or exchange offer, merger, consolidation, share exchange, business combination, recapitalization, liquidation, dissolution or similar transaction or any combination of the foregoing that would result in such person beneficially owning twenty percent or more of the outstanding shares of Mosaic common stock, in each case, other than any of the transactions described in this proxy statement/prospectus.

Indemnification

Pursuant to the merger and distribution agreement, Mosaic and GNS on the one hand, and Cargill, on the other hand, has agreed to indemnify the other party (and such other party's respective subsidiaries, directors, officers, employees and agents, and each of the heirs, executors, successors and assigns of any of the foregoing) from and against any and all losses arising out of, attributable to or resulting from breaches of representations, warranties, covenants or agreements contained in the merger and distribution agreement or in any certificate delivered pursuant to the merger and distribution agreement, except that no indemnified party will be entitled to indemnification or contribution from an indemnifying party for losses arising out of incidental, indirect, consequential, special, exemplary or punitive damages however caused (other than in the case of fraud, bad faith or willful misconduct or in the case of losses payable to third parties).

Table of Contents

The indemnification obligations set forth in the merger and distribution agreement do not apply to any indemnification with respect to taxes, as tax indemnification is governed by the tax agreement.

Conditions to Closing

The obligations of each of the parties to effect the closing of the merger are subject to the satisfaction or, subject to applicable restrictions, waiver of a number of conditions, including those described below. Each of the conditions is for the sole benefit of the relevant party and does not give rise to or create any duty on the part of either party to waive or not waive any such condition.

Mutual Conditions. The merger and distribution agreement provides that the obligations of each party to effect the closing of the merger is subject to the satisfaction or, to the extent permitted under applicable law, but other than with respect to the condition of obtaining the Mosaic stockholder approval, waiver by each of Mosaic and Cargill of the following conditions:

Mosaic Stockholder Approval. The Mosaic stockholder approval has been obtained;

No Injunctions. No law or order has been enacted, issued, promulgated or entered by any governmental authority of competent jurisdiction which is in effect and which prohibits the consummation of the merger, the split-off, the initial debt exchange or any formation offering;

Registration Statement. The registration statement with respect to the initial formation offering contemplated by the registration agreement has been filed with the SEC, and is effective under the Securities Act (and not subject to a stop order or proceeding seeking a stop order), and includes (and does not omit) any information necessary to effect the initial formation offering in accordance with Securities Act requirements and the terms of the registration agreement;

Form S-4. The Form S-4 relating to the merger, of which this document forms a part, has been filed and is effective, and such Form S-4 does not become the subject of a stop order or proceeding initiated by the SEC seeking a stop order;

NYSE Listing. The shares of common stock to be issued in the merger have been approved for listing on the NYSE, and the shares of common stock issuable upon conversion of the class A common stock and class B common stock to be issued in the merger have been approved for listing on the NYSE, in each case subject only to official notice of issuance; and

Other Transaction Documents. Each of the registration agreement and the tax agreement is in full force and effect.

Mosaic Conditions. The merger and distribution agreement provides that the obligations of the Mosaic parties to effect the closing are subject to the satisfaction or, to the extent permitted under applicable law, waiver by Mosaic of the following additional conditions:

Representations and Warranties. The representations and warranties of Cargill in the merger and distribution agreement being true and correct, subject to the materiality standards contained in the merger and distribution agreement;

Covenants. Cargill has performed in all material respects its obligations, agreements and covenants required to be performed by it prior to or as of the closing under the merger and distribution agreement or any other transaction document;

Edgar Filing: EBAY INC - Form POSASR

Officer Certificate. Cargill has furnished Mosaic with a certificate dated as of the closing date signed on its behalf by its Chief Executive Officer or Chief Financial Officer to the effect that the conditions set forth in the two bullet points immediately above are satisfied;

Split-off. Stockholders of Cargill have agreed with Cargill to exchange a sufficient number of shares of Cargill capital stock to allow Cargill to deliver to such stockholders, pursuant to the split-off, all of the

Table of Contents

shares of class B common stock, class A common stock and common stock (excluding the Cargill retained shares) to be received by Cargill pursuant to the merger in exchange for outstanding shares of Cargill common stock, all the conditions to such exchanges have been satisfied or will be satisfied after consummation of the merger, and Cargill has irrevocably confirmed to Mosaic that it will consummate the split-off pursuant to such exchanges on the closing date immediately following the effective time of the merger;

Governance Agreement. Each exchanging Cargill stockholder who, to the knowledge of Cargill at the time of the closing of the merger, is reasonably expected to be a stockholder or part of a group of stockholders who will beneficially own 5% or more of the voting power of Mosaic for the election of directors immediately following the split-off has duly executed the governance agreement; and

No Change in IRS Ruling or Law. There has been no change in, revocation of, or amendment to the IRS ruling or change in law that could, in the reasonable judgment of counsel to Mosaic, affect the validity of the IRS ruling in a manner adverse to Mosaic or Mosaic's stockholders (other than Cargill and its subsidiaries).

Cargill Conditions. The merger and distribution agreement provides that the obligation of Cargill to effect the closing is subject to the satisfaction or, to the extent permitted under applicable law, waiver by Cargill of the following additional conditions:

Representations and Warranties. The representations and warranties of the Mosaic parties in the merger and distribution agreement being true and correct, subject to the materiality standards contained in the merger and distribution agreement;

Covenants. Each Mosaic party has performed its obligations, agreements and covenants described in the third and fourth bullets under the caption "Interim Covenants" in all respects (except for any *de minimis* breach) and each Mosaic party has performed in all material respects all of its other obligations, agreements and covenants required to be performed by it prior to or as of the closing under the merger and distribution agreement or any other transaction documents;

No Managing Shareholder. Other than Cargill and its affiliates, no person or coordinating group (as defined in Treasury Regulation § 1.355-7(h)(4)) who actively participates in the management or operation of Mosaic (including as a director thereof), shall, to the knowledge of Mosaic (based on SEC filings), beneficially own, directly or indirectly, 5% or more of the outstanding shares of Mosaic common stock;

Officer Certificate. Mosaic has furnished Cargill with a certificate dated as of the closing date signed on its behalf by its Chief Executive Officer or Chief Financial Officer to the effect that (x) the conditions set forth in the three bullet points immediately above are satisfied and (y) the number of shares of Mosaic common stock issued and outstanding immediately prior to the closing is equal to the Mosaic outstanding share number (as defined in the merger and distribution agreement);

No Change in IRS Ruling or Law. There has been no change in, revocation of, or amendment to the IRS ruling or change in law that could, in the reasonable judgment of counsel to Cargill, adversely affect the validity of the IRS ruling;

Bring Down Tax Opinion. Mosaic has delivered a certificate containing the representations enumerated in the tax agreement, and Cargill has received an opinion of tax counsel relating to certain tax consequences of the transaction; and

No Material Market Event. Since the date of the merger and distribution agreement, no material market event (other than any material market event in respect of which Cargill has previously waived its right to invoke this condition) has occurred.

For purposes of the merger and distribution agreement, the term "material market event" means (i) any material disruption in, or material adverse change to, U.S. or international financial, political or economic conditions or U.S. or international capital markets the effect of which is such as

to make it impractical to proceed

Table of Contents

with an offering in the initial formation offering in which the number of shares of common stock offered for sale is equal to the minimum number of shares entitled to be sold by the MAC Trusts in the initial formation offering pursuant to the registration agreement plus 30.75% of the number of shares of Mosaic common stock held by Cargill Fertilizer, Inc, a direct majority-owned (and an indirect wholly-owned) subsidiary of Cargill (CFI) as of the date of the merger and distribution agreement, (ii) any general suspension of trading in, or material limitations on prices for, securities generally on the NYSE for three or more consecutive business days; (iii) any banking moratorium declared by any United States, Minnesota or New York governmental authorities for three or more consecutive business days; (iv) any major disruption of settlements of securities, payment or clearance services in the United States for three or more consecutive business days; (v) any attack on, outbreak or material escalation of hostilities or act of terrorism involving the United States, any declaration of war by Congress or any other national or international security event or similar crisis if the effect of any such attack, outbreak, escalation, act, declaration, event or crisis is to cause a material disruption in, or material adverse change to, the United States capital markets for a period of three or more consecutive business days such that it is impractical to proceed with an offering in the initial formation offering in which the number of shares of common stock offered for sale is equal to the number of shares entitled to be sold by the MAC Trusts in the initial formation offering pursuant to the registration agreement plus 30.75% of the number of shares of Mosaic's common stock held by CFI as of the date of the merger and distribution agreement; (vi) any decline in the Standard & Poor's 500 Index by an amount in excess of twenty percent (20%) measured from the date of the merger and distribution agreement; or (vii) any increase in the Standard & Poor's 500 Index by an amount in excess of twenty percent (20%) measured from the date of the merger and distribution agreement.

If a material market event has occurred, Cargill will notify Mosaic of the occurrence of such event. Following the receipt of such notice, Mosaic may request that Cargill waive the condition to its obligation to close the merger that no material market event has occurred with respect to such event. If Cargill waives this right, then such material market event can no longer form the basis for Cargill to not effect the closing of the merger. If Cargill does not waive the condition as described above within ten days after Cargill's receipt of Mosaic's corresponding waiver request (which is referred to as the requisite response period), Mosaic then will be entitled to terminate the merger and distribution agreement.

The merger and distribution agreement provides that the parties' obligations pursuant to the provisions described in this section Conditions to Closing are subject to, and without prejudice to, Cargill's right to the delay the closing date or the right of Cargill or Mosaic to terminate the merger and distribution agreement, in each case, pursuant to the terms of the merger and distribution agreement.

Termination

The merger and distribution agreement may be terminated prior to the effective time of the merger:

by mutual written consent of Cargill and Mosaic;

by Mosaic or Cargill if a governmental authority enacts, issues, promulgates or enters any law or order, which is in effect and becomes final and nonappealable, that prohibits the consummation of the merger, the split-off, the initial debt exchange or any formation offering;

by Mosaic or Cargill if the Mosaic stockholder approval is not obtained at the Mosaic stockholders meeting or any adjournment of such meeting;

by Mosaic at any time following the completion of the closing period (as defined below) if the closing has not occurred and Mosaic has given Cargill at least five calendar days prior written notice of Mosaic's intention to terminate pursuant to this termination right;

by Mosaic or Cargill at any time following the end date if the closing has not occurred;

by Mosaic or Cargill if the other party has breached its representations, warranties, covenants or other obligations under the merger and distribution agreement, which breach or failure to perform would

Table of Contents

result in the failure of the applicable closing condition(s) (and such breach is incapable of being cured within 30 calendar days (or if the end date is less than 30 calendar days from notice with respect to such breach or failure, by the end date));

by Mosaic if the MAC Trusts exchange agreement is not in full force and effect as of the end date (without giving effect to any extension);

by Mosaic if Cargill fails to deliver a waiver notice with respect to the material market event condition prior to the expiration of the requisite response period;

by Cargill at any time prior to the Mosaic stockholder approval being obtained if the Mosaic special committee or the board of directors has made a change in the Mosaic recommendation; or

by Cargill if Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interests of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives.

As used in the merger and distribution agreement, the following terms have the following meanings:

closing period means the first period of sixty (60) consecutive calendar days that are closing condition dates, as such number may be increased as provided in the merger and distribution agreement;

closing condition date means any calendar date prior to the completion of the closing period upon which all the closing period conditions have been satisfied or waived, other than those closing period conditions that by their nature are to be satisfied at closing (as long as such closing period conditions could be satisfied if the closing were scheduled on such date), subject to limited exceptions, including those relating to restatement of financial statements, failure to make timely filings with the SEC, withdrawal of an audit opinion with respect to audited financial statements and suspension of trading of Mosaic common stock on the NYSE;

closing period conditions means the following conditions to the parties' obligations to effect the closing: (x) those conditions listed under the heading **Conditions to Closing *Mutual Conditions***; (y) the condition listed in sixth bullet point under the heading **Conditions to Closing *Mosaic Conditions*** and (z) those conditions listed under the heading **Conditions to Closing *Cargill Conditions***.

Effect of Termination

If the merger and distribution agreement is terminated, it will become void and there will be no liability on the part of Cargill or the Mosaic parties or their respective subsidiaries or affiliates, stockholders, controlling persons or representatives except that (1) designated provisions of the merger and distribution agreement will survive the termination, including those relating to the confidential treatment of information and the payment of fees and expenses (including termination fees) and (2) the parties will remain liable for any willful and material breach of the merger and distribution agreement prior to its termination.

Termination Fees and Expenses

Termination Fees Payable by Cargill

Under the terms of the merger and distribution agreement, Cargill will pay to Mosaic, for the benefit of, and for payment to, the holders of Mosaic common stock (other than Cargill and its subsidiaries) a termination fee of \$200 million if the merger and distribution agreement is terminated (subject to the exception described below):

Edgar Filing: EBAY INC - Form POSASR

by Mosaic following the completion of the closing period if the closing has not occurred, so long as each day from the completion of the closing period through and including the day of delivery of a termination notice is a closing condition date (as defined below) and no Mosaic underwriting failure (as defined below) occurred during the closing period;

Table of Contents

by Mosaic pursuant to the termination right listed in either the sixth or seventh bullet points under the heading "Termination" unless (x) Cargill is then entitled to terminate the agreement as a result of any final, nonappealable law or order that prohibits the consummation of the merger, split-off, initial debt exchange or any formation offering, the Mosaic stockholder approval was not obtained at the Mosaic stockholder meeting or a Mosaic underwriting failure has occurred during the closing period or (y) any Mosaic party has breached any of its representations, warranties, covenants or other obligations under the merger and distribution agreement such that the closing conditions in the first three bullet points listed under the heading "Conditions to Closing" *Cargill Conditions* would not be satisfied if the closing were to be then scheduled;

by Cargill following the end date at a time when Mosaic would be permitted to terminate the merger and distribution agreement under certain circumstances and no Mosaic underwriting failure has occurred during the closing period; or

by Cargill if Cargill's board of directors concludes, in its sole discretion, that the transactions are not in the best interests of Cargill and that then-present market conditions are not consistent with achieving Cargill's business objectives.

In addition, in the circumstances described above, Cargill must also reimburse Mosaic for all customary and reasonable documented out-of-pocket fees and expenses incurred by Mosaic in connection with the negotiation of the transaction documents and the performance by Mosaic of its obligations prior to termination, up to \$15 million in the aggregate.

Notwithstanding the foregoing, Cargill will not be required to pay a termination fee if Cargill enters into a definitive agreement with respect to an alternative proposal (that did not result from breach of the non-solicitation provisions contained in the merger and distribution agreement) under the terms of which the holders of all of the shares of Mosaic common stock (other than Cargill and its subsidiaries) will be provided with the opportunity to receive consideration for all of their shares of Mosaic common stock that is no less favorable on a per share basis than the consideration to be received by Cargill and its subsidiaries for their shares of Mosaic common stock and at substantially the same time as, or within no more than 30 business days after, such consideration is to be received by Cargill and its subsidiaries.

A "Mosaic underwriting failure" generally means the failure of Mosaic or the joint book-running underwriter selected by Mosaic for the initial formation offering to agree to sell (and enter into an underwriting agreement with respect thereto) a specified number of shares of common stock in such offering where Cargill and the joint book-running underwriter selected by Cargill for the initial formation offering are willing at such time to sell (and enter into an underwriting agreement with respect thereto) such specified number of shares of common stock in such offering.

In addition, the merger and distribution agreement provides that if the merger and distribution agreement is terminated under circumstances in which Cargill would be required to pay a termination fee as described above, then, prior to the 6-month anniversary of the date of such termination, Cargill will not, and will cause its subsidiaries to not, transfer shares of Mosaic common stock constituting 35% or more of the then outstanding shares of Mosaic common stock. However, the restriction set forth in this paragraph will not apply with respect to such transaction(s) if the holders of all of the shares of Mosaic common stock (other than Cargill and its subsidiaries) will be provided with the opportunity to (i) transfer shares of Mosaic common stock, in the aggregate, in the same proportion to the number of shares of Mosaic common stock to be transferred by Cargill and/or its subsidiaries in such transaction(s) and (ii) to receive consideration that is no less favorable on a per share basis than the consideration to be received by Cargill and its subsidiaries for their shares of Mosaic common stock in such transaction(s).

Table of Contents

Expenses

Whether or not any of the transactions are completed, all legal and other costs and expenses incurred in connection with, arising out of, or relating to the merger and distribution agreement or the other transaction documents will be paid by the person incurring such costs and expenses, but subject to Cargill's reimbursement obligations described below.

In the event that the initial formation offering is effected in accordance with the registration agreement, Cargill has agreed to reimburse Mosaic, up to \$15 million in the aggregate, for all customary and reasonable documented out-of-pocket fees and expenses incurred by Mosaic in connection with the negotiation and execution by Mosaic of the transaction documents and the performance by Mosaic of its obligations under such documents required to be performed through (and including) the completion of the initial formation offering. In addition, pursuant to the memorandum of understanding entered into with the plaintiffs to the stockholder actions relating to the transactions, Cargill's reimbursement obligation described in this paragraph will increase to \$18 million in the aggregate upon consummation of the settlement, subject to the receipt of a revised or supplemental private letter ruling from the IRS indicating that such increase does not alter the conclusions expressed in the prior IRS ruling (see the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger").

THE REGISTRATION AGREEMENT

This section of the proxy statement/prospectus describes the material terms of the registration agreement. The following is a summary of the material terms of the registration agreement, a copy of which is attached as Annex D and incorporated herein. This summary does not contain, and is qualified by, all of the terms of the registration agreement. All Mosaic stockholders are urged to read carefully the registration agreement in its entirety. The following summary and any other description of the registration agreement herein does not constitute an offer of any securities for sale or any solicitation of an offer to buy any securities.

Under the terms of the registration agreement, Mosaic generally has agreed, among other things, to conduct registered secondary public offerings and otherwise facilitate the sale by the MAC Trusts, Cargill and exchanging Cargill debt holders of approximately 157,000,000 shares of Mosaic common stock during the first fifteen months following the closing. Below is a description of certain key terms of, and the transactions contemplated by, the registration agreement.

Formation Offerings

Initial Formation Offering

Mosaic and GNS have agreed to take all actions necessary on the part of Mosaic and GNS to cause the initial formation offering to be completed on the closing date after completion of the split-off and the initial debt exchange, in which the shares of common stock to be received by the exchanging Cargill debt holders in the initial debt exchange and shares of common stock to be received by the MAC Trusts in the split-off are expected to be sold.

In this offering, the MAC Trusts will be permitted to sell 7,500,000 shares of common stock. In addition, exchanging Cargill debt holders will be permitted to sell an amount of shares of common stock as determined by Cargill, but no more than that number of shares that, when added to the 7,500,000 shares to be sold by the MAC Trusts, would equal the maximum number of shares of common stock to be sold in this offering. The maximum number of shares of common stock to be sold in this offering will be jointly determined by the book-running managing underwriters selected by Mosaic and Cargill in consultation with the book-running managing underwriter selected by the MAC Trusts. If the sum of the 7,500,000 shares to be sold by the MAC Trusts plus the number of shares to be sold by the exchanging Cargill debt holders is less than such maximum sale number for this offering, then, subject to certain restrictions and limitations, the MAC Trusts will be permitted to include additional shares of common stock in this offering up to such maximum sale number.

Second Formation Offering

Unless a compelling reason (as defined below) has occurred and continues to exist, Mosaic and GNS have agreed to take all actions necessary to cause an underwritten secondary offering (which is referred to as the second formation offering) to be consummated during the 90-day period beginning on the first date after the expiration of the underwriters lock-up period associated with the initial formation offering. The exact timing of this offering during such 90-day period will be determined in good faith by Mosaic (in consultation with the joint book-running managing underwriters selected by Cargill, Mosaic and the MAC Trusts) based on market conditions, and in consultation with Cargill, if Cargill desires to effect a follow-on debt exchange in connection with this offering.

In this offering, the MAC Trusts will be permitted to sell 7,500,000 shares of common stock, subject to certain exceptions. In addition, exchanging Cargill debt holders and Cargill will be permitted to sell a number of shares of common stock as determined by Cargill, but no more than that number of shares that, when added to the number of shares being sold by the MAC Trusts as described above, would equal the maximum number of shares of common stock to be sold in this offering. The maximum number of shares of common stock to be sold in this offering will be jointly determined by the book-running managing underwriters selected by Mosaic and

Table of Contents

Cargill in consultation with the book-running managing underwriter selected by the MAC Trusts. If such maximum sale number for this offering exceeds the number of securities being included in this offering as described above, the MAC Trusts will be permitted to include additional shares of common stock in this offering up to such excess.

Third Formation Offering

Unless a compelling reason has occurred and continues to exist or as otherwise specified below, Mosaic and GNS have agreed to take all actions necessary to cause an underwritten secondary offering (which is referred to as the third formation offering) to be consummated during the period beginning on the first date after the expiration of the underwriters lock-up period associated with the second formation offering and ending on the earlier of (a) the fifteen month anniversary of the closing date and (b) the 60th day (or, at the election of the MAC Trusts, up to the 90th day) after the expiration of the underwriters lock-up period associated with the second formation offering.

The exact timing of this offering will be determined in good faith by Mosaic (in consultation with the joint book-running managing underwriters selected by Mosaic, Cargill (if Cargill participates in this offering) and the MAC Trusts (if the MAC Trusts participate in this offering) based on market conditions, and in consultation with Cargill if Cargill desires to effect a follow-on debt exchange in connection with this offering. Mosaic shall not, however, without the consent of Cargill and the MAC Trusts, effect this offering if (a) the MAC Trusts have less than 9,500,000 shares of common stock entitled to be sold in this offering, (b) the MAC Trusts have delivered to Mosaic a written request that no third formation offering be consummated and (c) Cargill then holds no shares entitled to be sold in the formation offerings or Cargill shall have waived its right to participate in such offering.

In this offering, the MAC Trusts will be permitted to sell a number of shares of common stock equal to 49,500,000, less the aggregate number of shares of Mosaic that the MAC Trusts sold or were entitled to sell (not including any consent shares) prior to the third formation offering. The MAC Trusts may also be permitted to sell a number of consent shares, but no more than that number of shares that, when added to the number of shares of common stock to be sold by the MAC Trusts as described above, would equal the maximum number of shares of common stock to be sold in this offering. The maximum number of shares of common stock to be sold in this offering will be jointly determined by the book-running managing underwriters selected by Mosaic and the MAC Trusts (or if the MAC Trusts do not select such underwriter, Cargill).

In addition, if such maximum sale number for this offering exceeds the number of securities being included in such offering by the MAC Trusts as described above, exchanging Cargill debt holders and Cargill will be permitted to sell a number of shares of common stock determined by Cargill up to such excess. In addition, subject to certain restrictions and limitations, it is possible that Mosaic may sell shares of common stock for its own account or for the account of any other person in this offering.

Fourth Formation Offering

Following the completion of the third formation offering (if any), if the MAC Trusts have not yet been entitled to sell at least 40,000,000 shares of Mosaic common stock, then the MAC Trusts may be permitted to request that Mosaic (absent a compelling reason) cause an underwritten secondary offering (which is referred to as the fourth formation offering) to be consummated during the period beginning on the first date after the expiration of the underwriters lock-up period associated with the third formation offering and ending on the earlier of (a) the fifteen month anniversary of the closing date and (b) the 60th day after the expiration of the underwriters lock-up period associated with the third formation offering.

The exact timing of this offering will be determined in good faith by Mosaic based on market conditions.

For purposes of the registration agreement, a compelling reason shall exist, with respect to the obligations of GNS and Mosaic in connection with any of the second formation offering, third formation offering or fourth formation offering, as applicable, if: (i) (x) compliance with such obligations in connection with such offering

Table of Contents

would require GNS or Mosaic to violate the Securities Act, the Exchange Act or any other material securities Law (which is referred to as a legal conflict) or (y) a force majeure event shall have occurred that makes compliance with such obligations with respect to such offering impossible; provided that such legal conflict or force majeure event shall be deemed to exist with respect to such offering only so long as such legal conflict exists or such force majeure event continues to make compliance with such obligation impossible, as the case may be, and, in each case, GNS and Mosaic shall seek (including by taking all actions and doing all things reasonably necessary) to eliminate as promptly as practicable such legal conflict or force majeure event, as the case may be; or (ii) at any time during which, with respect to the second formation offering and the third formation offering, the joint book-running underwriters selected by Mosaic, Cargill and the MAC Trusts, and with respect to the fourth formation offering, the joint book-running underwriters selected by Mosaic and the MAC Trusts, agree in their good faith judgment that it is impractical to proceed with such offering at such time.

Market Sales; Private Sales

If the MAC Trusts have not yet been entitled to sell at least 49,500,000 shares of Mosaic common stock (excluding any consent shares not yet sold by the MAC Trusts) and any of the following circumstances exist:

the second formation offering has been completed and Mosaic will not conduct a third formation offering under the circumstances described above;

the third formation offering has been completed and the MAC Trusts either have not requested a fourth formation offering or are not permitted to do so; or

the fourth formation offering has been completed;

then in such applicable case, the MAC Trusts will have the right to request that Mosaic maintain a shelf registration statement for the sale of common stock issuable upon conversion of class A common stock, series A-4 and consent shares held by the MAC Trusts from the date upon which the applicable underwriters lock-up period expires until the twenty-four month anniversary of the closing date in open market transactions on the NYSE or other principal trading market of Mosaic common stock pursuant to brokerage transactions and not involving an underwriting (such sales are referred to as market sales).

Under similar conditions described in the paragraph above, the MAC Trusts will be entitled to sell common stock issuable upon conversion of class A common stock, series A-4 and consent shares held by the MAC Trusts from the date upon which the applicable underwriters lock-up expires in private sales, as long as such sales will be in accordance with applicable securities laws and the governance agreement, will not involve a public offering for cash or an underwriting and either will be made in open market transactions on the NYSE or other principal trading market of Mosaic common stock pursuant to brokerage transactions or will involve a negotiation with the potential acquirers regarding terms of the acquisition.

If the continued sales by the MAC Trusts pursuant to the shelf registration statement described above would at any time require Mosaic to make an adverse disclosure (as defined in the registration agreement), Mosaic may, by giving written notice to the MAC Trusts, require the MAC Trusts to suspend market sales and private sales; provided, that Mosaic will not be permitted to require a sale suspension:

more than two times during any 12-month period; or

for a period exceeding 45 consecutive days on any one occasion.

The MAC Trusts agree not to effect any market sales or private sales or make any other offer to sell the shares of Mosaic that they otherwise would be entitled to sell during any sale suspension period described above. Mosaic has agreed to notify the MAC Trusts upon the termination of any such sale suspension.

S&P 500 Index Inclusion Offering

Edgar Filing: EBAY INC - Form POSASR

If Mosaic common stock is to be included in the S&P 500 Index, Mosaic may, at its election, conduct an underwritten public offering of shares of common stock substantially contemporaneously with the effective time

Table of Contents

of such inclusion that is directed exclusively or primarily at index funds whose portfolios are primarily based on the S&P 500 Index. The consummation of any such S&P 500 Index inclusion offering will not relieve Mosaic from effecting the other offerings described in this proxy statement/prospectus and in the registration agreement.

The procedures for determining the exact timing of, and the order of priority for the inclusion of shares in, any S&P 500 Index inclusion offering are set forth in the registration agreement. In addition, Mosaic will not effect the S&P 500 Index inclusion offering:

after the third formation offering without the prior consent of the MAC Trusts;

later than the 15-month anniversary of the closing date;

without the consent of Cargill and the MAC Trusts if the underwriters lock-up associated with the S&P 500 Index inclusion offering would reasonably be expected to prevent the completion of the second formation offering within the time prescribed by the registration agreement; or

without the consent of the MAC Trusts if the underwriters lock-up associated with the S&P 500 Index inclusion offering would reasonably be expected to prevent the completion of the third formation offering within the time prescribed by the registration agreement.

Mosaic will in good faith determine the maximum number of shares that may be sold in the S&P 500 Index inclusion offering (if any) in consultation with Cargill (if Cargill then holds shares of Mosaic common stock) and the MAC Trusts.

Released Share Offerings

Following the two-year anniversary of the split-off, the MAC Trusts will have the right to request that Mosaic effect an underwritten secondary offering (which is referred to as a released share offering) of common stock pursuant to a registration statement by making such a request during the demand period applicable to each lock-up release date. The demand period is generally the 30-day period beginning on the date that is six months prior to the first lock-up release date, the second lock-up release date and the third lock-up release date, as applicable. No demand may be made, however, until at least 12 months after the closing of the last formation offering (or the S&P 500 Index inclusion offering) or, if applicable, 12 months following another underwritten public offering effected by Mosaic after the last of the formation offerings (or S&P 500 Index inclusion offering). If the MAC Trusts do not request a released share offering during any demand period, Mosaic will have the right to effect a released share offering in accordance with the registration agreement.

The lock-up release dates are as follows:

first lock-up release date : the first day after the 30-month anniversary of the split-off.

second lock-up release date : the first day after the 42-month anniversary of the split-off.

third lock-up release date : the first day after the 54-month anniversary of the split-off.

The exact timing of any released share offering will be determined by Mosaic in good faith after receiving a request for, or in the absence of such request, its own election to effect, a released share offering but no later than one month prior to the next applicable lock-up release date following the applicable demand period.

The MAC Trusts and the other exchanging Cargill stockholders will have the right to participate in each of the released share offerings.

Edgar Filing: EBAY INC - Form POSASR

Mosaic will not be obligated to conduct a released share offering if the aggregate number of shares of common stock requested to be sold in such offering will be less than 9,500,000 shares unless such request includes all remaining shares of Mosaic entitled to be included in such released share offering.

Mosaic may also be required, under specified circumstances set forth in the registration agreement, to maintain a shelf registration statement under which exchanging Cargill stockholders may sell shares of Mosaic common stock then held by such stockholders and not otherwise subject to any lock-up restrictions.

Table of Contents

Restrictions on Equity Issuances, Share Repurchases

The registration agreement provides that during the period beginning on the closing date and ending upon the later of (x) such time as the MAC Trusts have transferred 49,500,000 shares of Mosaic stock and (y) the consummation of the second formation offering, but no later than the second anniversary of the closing date, neither Mosaic nor any of its subsidiaries may, directly or indirectly:

issue, authorize for issuance, transfer or otherwise dispose of, or register for issuance, sale, transfer or other disposition, announce an intention to issue, sell, transfer or otherwise dispose of, contract or offer to issue, sell, transfer or otherwise dispose of, or grant any option, right or warrant to purchase, or any other right to acquire:

any shares of capital stock of GNS, Mosaic or any successor entity to GNS or Mosaic;

any options or other securities convertible, exchangeable or redeemable for, any shares of capital stock of GNS, Mosaic or any successor entity to GNS or Mosaic; or

any other security or right that may entitle its holder to vote, or participate with respect to dividends or upon liquidation of GNS, Mosaic or any successor entity to GNS or Mosaic (the securities described in this bullet point and in the two bullet points immediately above are referred to as equity securities); or

issue, authorize for issuance, transfer or otherwise dispose of, offer or enter into any swap, derivative or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic risks or consequences of ownership of shares of any equity securities, whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise. However, the prohibitions described above will not prohibit the following transactions (in each case, subject to the terms of the tax agreement):

the consummation of the merger pursuant to the terms of the merger and distribution agreement;

grants or issuances of equity compensation in the ordinary course pursuant to any employee or director stock plan or other employee or director benefit plan arrangement or employment contract;

the registration, sale, and offering of Mosaic securities pursuant to the registration agreement, as described above;

the granting by Mosaic of registration rights to exchanging Cargill debt holders pursuant to the debt exchange agreements; and the registration, offering and sale of Mosaic stock transferred to any exchanging Cargill debt holder in the debt exchanges in accordance with the terms of the applicable debt exchange agreements;

the issuance of any shares of common stock and/or class A common stock upon conversion of any shares of class A common stock or class B common stock transferred by Cargill to the exchanging Cargill stockholders or the MAC Trusts pursuant to the split-off; or

Edgar Filing: EBAY INC - Form POSASR

one or more otherwise prohibited primary equity issuances for the account of Mosaic, if and to the extent that the Mosaic board of directors reasonably determines in good faith, after consultation with its financial advisor, evidenced by an officer's certificate delivered to the MAC Trusts and, prior to the second formation offering, Cargill, that (A) Mosaic requires capital in order to fund its ongoing operations and/or capital expenditure programs and (B) it is advisable for Mosaic to raise such capital through one or more of such primary equity issuances;

any primary equity issuance that the MAC Trusts and, at any time prior to the second formation offering, Cargill, shall have consented to in writing (such consents not to be unreasonably withheld or delayed);

issuances by a wholly-owned subsidiary of Mosaic of its capital stock to its parent or to another wholly-owned subsidiary of Mosaic;
or

issuances of equity securities or shares of common stock in accordance with any shareholder rights agreement of Mosaic.

Table of Contents

Additionally, absent Mosaic receiving a waiver from Cargill and the MAC Trusts, the registration agreement provides that during the period beginning on the date the registration agreement was executed and ending on the first lock-up release date, Mosaic shall not, nor shall it permit any of its subsidiaries to, directly or indirectly, purchase or acquire any equity securities other than purchases by Mosaic (in each case subject to the terms of the tax agreement):

of shares of Mosaic common stock in the ordinary course in connection with the exercise or vesting of any equity-based awards under any employee or director stock plan or other employee or director benefit plan arrangement (including in order to pay taxes or satisfy withholding obligations in respect of such taxes in connection with any such exercise or vesting);

from the MAC Trusts at any time and from time to time in an amount not to exceed 49,500,000 shares less the number of shares of Mosaic stock previously transferred by the MAC Trusts (subject to specified exceptions); and

pursuant to any self tender offer by Mosaic for shares of Mosaic stock commenced on or after the twenty-four month anniversary of the closing date if, treating all series and classes of Mosaic stock as one class of securities for this purpose, such self tender offer would comply with the terms and provisions of Rule 13e-4 promulgated under the Exchange Act (whether or not such terms and provisions are otherwise applicable).

Limitations on Registration

During the first two years following the closing date, Mosaic will not be obligated to register any shares of common stock for the formation offerings and other offerings described above in the aggregate in excess of the sum of (x) 49,500,000 plus (y) the total number of Cargill retained shares (which is expected to be approximately 107,000,000 shares of Mosaic common stock).

Mosaic has agreed not to initiate or effect, or participate in, any public offering for cash in a transaction involving an underwriting of shares of Mosaic stock or other equity securities (i) for a period of twelve months beginning on the later of the closing of the last formation offering and any S&P 500 Index inclusion offering (or after the closing of all sales of shares pursuant to any over-allotment option granted to underwriters in connection with such formation offering or S&P 500 Index inclusion offering) and (ii) if Mosaic effects a public offering or underwriting pursuant to the following proviso, for a period of twelve months beginning on the closing of any such public offering or underwriting (or after the closing of all sales of shares pursuant to any over-allotment option granted to underwriters in connection therewith); provided, that the foregoing shall not prohibit, subject to the terms of the tax agreement, one or more public offerings or underwritings of shares of Mosaic stock or other equity securities for the account of Mosaic, if and to the extent that the Mosaic board of directors reasonably determines in good faith, after consultation with its financial advisor, evidenced by an officer's certificate delivered to the MAC Trusts and Cargill, that (A) Mosaic requires additional capital in order to fund its ongoing operations and/or capital expenditure programs and (B) it is necessary (after in good faith considering and taking into account other alternatives available to Mosaic to raise such capital and the possible negative implications that raising such capital through such public offering or underwriting could have on the ability to timely conduct the first released share offering) for Mosaic to raise such capital through such public offerings or underwritings.

Indemnification

The registration agreement provides that GNS and Mosaic will indemnify Cargill, the MAC Trusts, each holder of shares of Mosaic to be sold pursuant to the registration agreement and their respective directors, officers, fiduciaries, employees, stockholders, members or general or limited partners (and each person, if any, who controls Cargill, the MAC Trusts or such other holder) from and against any and all losses, claims, damages or liabilities, joint or several, actions or proceedings and expenses to which such party being indemnified may become subject under the Securities Act or otherwise, which arise out of or are based upon any untrue statement or alleged untrue statement of any material fact in, or omission or alleged omission of any material fact from, any registration statement and other documents filed with the SEC pursuant to the registration agreement, subject to certain exceptions.

Table of Contents

In addition, subject to certain exceptions, each holder of shares of Mosaic stock included in any formation offering, S&P 500 Index inclusion offering or released share offering will indemnify GNS and Mosaic and their respective directors, officers, fiduciaries, employees, stockholders, members or general or limited partners, each person controlling GNS and/or Mosaic and other holders of shares of Mosaic being sold in such offering with respect to any untrue statement or alleged untrue statement of any material fact in, or omission or alleged omission of any material fact from, the applicable registration statements and other documents filed pursuant to the registration agreement, if such statement or alleged statement or omission or alleged omission was made in reliance upon and in conformity with written instructions furnished specifically for use in connection with the preparation of such registration statement or other document to Mosaic or any of their representatives by or on behalf of such holders of shares of Mosaic being sold in such offering pursuant to the registration agreement.

Table of Contents**OTHER TRANSACTION AGREEMENTS****Governance Agreement**

This section of the proxy statement/prospectus describes the material terms of the governance agreement. The following is a summary of the material terms of the governance agreement, a copy of which is attached as Annex E and incorporated herein. This summary does not contain, and is qualified by, all of the terms of the governance agreement. All Mosaic stockholders are urged to read carefully the governance agreement in its entirety.

Mosaic, GNS, the MAC Trusts and various trusts formed by and/or for the benefit of members of the Cargill and MacMillan families, the families that own a controlling interest in Cargill, have entered into a governance agreement (the *governance agreement*). As a condition to the Mosaic parties' obligation to complete the merger, each exchanging stockholder who, to Cargill's knowledge at the time of closing, is reasonably expected to, or is part of a group of stockholders reasonably expected to, beneficially own 5% or more of the voting power of Mosaic for the election of directors immediately following the split-off (such stockholder is referred to as a *significant stockholder*), must be a party to the governance agreement. Currently, and based on the same assumptions made in the *Illustrative Example of Capitalization Immediately Following the Merger and the Split-off* on page 12 of this proxy statement/prospectus, the number of Mosaic securities expected to be subject to the provisions of the governance agreement are: (i) approximately 103.7 million shares to be received by the MAC Trusts (representing approximately 29.7% of the voting power for the election of directors and approximately 23.3% of the total outstanding Mosaic shares); and (ii) approximately 37 million shares in the aggregate (representing approximately 25.7% of the voting power for the election of directors and approximately 8.4% of the total outstanding Mosaic shares) to be received by approximately 20 other trusts formed by and/or for the benefit of members of the Cargill and MacMillan families (the *other trusts*). However, none of the other trusts is expected to own in excess of 10% of the voting power, and accordingly none of the other trusts is expected to be subject to the voting restrictions contained in the governance agreement and discussed below. Moreover, none of the other trusts is expected to own in excess of 5% of the total outstanding Mosaic shares and accordingly the transfer and standstill restrictions contained in the governance agreement and discussed below would cease to apply in the event the class B common stock were converted to class A common stock and/or common stock. The exchanging Cargill stockholders who are not expected to be parties to the governance agreement are expected to receive, based on the same assumptions made in the *Illustrative Example of Capitalization Immediately Following the Merger and the Split-off* on page 12 of this proxy statement/prospectus, approximately 38 million shares of Mosaic class B common stock in the aggregate (representing approximately 26.1% of the voting power for the election of directors).

Pursuant to the governance agreement, each significant stockholder has agreed not to transfer (which is broadly defined in the governance agreement) any voting securities of Mosaic beneficially owned by such significant stockholder for two years following the closing date, except that the following transfers will be generally allowed:

transfers with the prior written consent of Mosaic;

transfers that are permitted transfers under the post-merger restated certificate of incorporation of Mosaic (which includes transfers relating to payment of estate taxes, intra-family matters, death, bankruptcy-related matters and satisfaction of annual distribution requirements applicable to certain charitable organizations);

transfers that the MAC Trusts are allowed to engage in under the registration agreement (such as the formations offerings or private sales by the MAC Trusts), provided that in the case of private sales (i) the transfer cannot be made to companies or other persons whose primary business is in the agribusiness sector or in the business of mining or who are significant customers of Mosaic (which are referred to as *prohibited persons*) and (ii) the transferee in a transfer that will make such transferee a beneficial owner of 5% or more of the voting power for the election for the Mosaic board of directors will need to agree to be bound by the governance agreement; or

transfers pursuant to business combination or similar transaction approved by the Mosaic board of directors.

Table of Contents

The governance agreement also provides that after the two-year anniversary of the closing of the merger, a significant stockholder can only make the following specified transfers:

transfers with the prior written consent of Mosaic;

transfers that are permitted transfers under the post-merger restated certificate of incorporation of Mosaic (as discussed above);

transfers pursuant to a business combination or similar transaction approved by the Mosaic board of directors;

transfers in open market transactions of common stock on the NYSE (or other market in which the common stock principally trades);

transfers that are allowed under the registration agreement (such as the released share offerings and sales pursuant to a shelf registration statement); or

a transfer that is a permitted private transfer, which is a transfer to any person other than a prohibited person of (i) shares not yet released from their applicable lock-up restrictions so long as such transfer represents more than 5% of the total voting power for the election of the Mosaic board of directors and is made to a transferee who agrees to be bound by the governance agreement, or (ii) shares released from their applicable lock-up restrictions to a transferee who either will not, after giving effect to the transfer, beneficially own 5% of more of the total voting power for the election of the Mosaic board of directors or will agree to be bound by the governance agreement.

In addition, the following revisions with respect to transfer restrictions will be made to the governance agreement in connection with the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger" :

transfers of class B common stock that require the prior written consent of Mosaic can only be made at a price per share that does not exceed the common market price (which is defined to mean the average of the volume-weighted average trading price of Mosaic common stock on the NYSE for the 20 days before such transfer); and

transfers pursuant to a business combination or similar transaction approved by the Mosaic board of directors can only be made if all classes of Mosaic stock are offered the same form and amount of consideration per share.

The transfer restrictions imposed by the governance agreement cease to apply to a significant stockholder once such stockholder, together with certain of such stockholder's permitted transferees, beneficially owns less than 5% of the total voting power for the election of the Mosaic board of directors.

Pursuant to the governance agreement, each significant stockholder is to be generally subject to standstill restrictions until the earlier of (i) the fifth anniversary of the closing of the merger (which date will be revised to the 54-month anniversary of the closing of the merger following the amendment to the governance agreement that is expected to be made in connection with the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger") and (ii) the date such stockholder, together with certain of such stockholder's permitted transferees, beneficially owns less than 5% of the total voting power for the election of the Mosaic board of directors, including restrictions against:

acquiring any additional shares of Mosaic stock (subject to specified exceptions);

Edgar Filing: EBAY INC - Form POSASR

acquiring or seeking or proposing to acquire, by tender offer, merger, restructuring or other extraordinary transaction, a material portion of Mosaic's business or all or substantially all of Mosaic's assets, or engaging in any such a transaction involving Mosaic;

seeking to affect control of the management of Mosaic, including by running a proxy contest, by publicly announcing such intention, or through filings with any governmental entity;

Table of Contents

calling a stockholders meeting or proposing any director nominations or other matters to be voted on by Mosaic stockholders; or

taking any actions or entering into any discussions inconsistent with the foregoing.

In addition, each significant stockholder has agreed that, until the earlier of the third anniversary of the closing of the merger and the date on which such stockholder, together with certain of such stockholder's permitted transferees, beneficially owns less than 10% of the total voting power for the election of the Mosaic board of directors, such stockholder will, among other things, vote its shares of Mosaic stock (other than with respect to the election of directors and with respect to a proposal to convert the class B common stock into class A common stock or common stock (or a combination thereof)) at all meetings of the Mosaic stockholders in accordance with Mosaic's board of directors recommendation with respect to each matter, so long as holders of a majority of the voting securities owned by all holders other than the significant stockholders who have submitted proxies to Mosaic in respect of such meeting have authorized their securities represented by such proxies to be voted in accordance with Mosaic's board of directors' recommendation on such matter. Following the amendment to the governance agreement that is expected to be made in connection with the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger", (i) the voting agreement of each significant stockholder described in this paragraph will only apply to common stock and class A common stock and (ii) each significant stockholder will vote its shares of class B common stock (other than with respect to the election of directors and with respect to a proposal to convert the class B common stock into class A common stock or common stock (or a combination thereof)) at all meetings of the Mosaic stockholders in a manner that is proportionate to the manner in which all holders other than the significant stockholders who have submitted proxies to Mosaic in respect of such meeting have authorized their securities represented by such proxies to be voted.

Tax Agreement

This section of the proxy statement/prospectus describes the material terms of the tax agreement. The tax agreement provides for certain tax related representations and indemnifications relating to the tax-free nature of the merger and split-off. The following is a summary of the material terms of the tax agreement, a copy of which is attached as Annex F and incorporated herein. This summary does not contain, and is qualified by, all of the terms of the tax agreement. All Mosaic stockholders are urged to read carefully the tax agreement in its entirety.

Mosaic, GNS and Cargill entered into the tax agreement in order to provide for certain tax-related obligations and indemnifications with respect to the transactions described in this proxy statement/prospectus. The tax agreement contains representations made by Mosaic and GNS that relate to the tax treatment of the transactions. It also provides for certain restrictions on the Company's (and its subsidiaries') actions following the split-off, including agreed-upon limitations on the number of shares that the Company may issue, redeem, or give its consent to transfer.

Under the tax agreement, Mosaic and GNS have agreed to indemnify Cargill and its subsidiaries for taxes and tax-related losses imposed on Cargill and its subsidiaries that are attributable to, arise out of or result from the split-off and/or debt exchanges failing for certain reasons to qualify as tax-free, if the taxes and related losses are attributable to, arise out of or result from (i) GNS or Mosaic having engaged in certain prohibited acts, generally during the two-year period following the split-off or (ii) any breach or inaccuracy of any representation, warranty or covenant made by Mosaic or GNS in the tax agreement. Generally speaking, a prohibited act under the tax agreement consists of any of the following actions of the Company or its subsidiaries:

entering into, or being a party to any agreement, understanding, arrangement or substantial negotiations (as defined in Treasury Regulations promulgated under Section 355(e)) pursuant to which any person would, directly or indirectly, acquire, increase or have the right to acquire or increase such person's ownership interest (by vote or value) in Mosaic or GNS; provided that (1) acquisitions contemplated by

Table of Contents

the transaction documents (including the formation offerings), and (2) equity issuances, redemptions (from the MAC Trusts or in connection with the exercise or vesting of equity-based awards) and approvals of transfers within an agreed-upon basket of a maximum of approximately 42 million shares (subject to reduction in the event of redemptions) will not constitute prohibited acts ;

approving or recommending a third-party tender offer or exchange offer for the Company's stock or causing or permitting any merger, reorganization, combination or consolidation of Mosaic or GNS with or into any person, including any liquidation or partial liquidation of Mosaic or GNS;

taking any action that would cause any share of GNS held by Mosaic following the merger not to be considered outstanding for United States federal income tax purposes;

subdividing or combining the outstanding shares of Company stock (other than, generally, conversions provided for in the post-merger restated certificate of incorporation of the Company);

causing or permitting Mosaic or GNS to be treated as other than a corporation for United States federal income tax purposes;

causing the Company's separate affiliated group (as defined in section 355(b) of the Code) to fail to be engaged in the fertilizer business;

reclassifying, exchanging or converting any shares of the Company's stock into another class or series of the Company's stock (other than, generally, conversions provided for in the post-merger restated certificate of incorporation of the Company);

amending, altering or changing the voting rights of any shares of the Company's stock (other than a conversion of class B common stock to either class A common stock or common stock (or a combination thereof) upon the receipt of stockholder approval, as described herein);

initiating, effecting or participating in the first of the released share offerings described herein until twelve months have elapsed since the last formation offering (or, if later, any other public offering (as defined in the Treasury Regulations promulgated under Section 355(e))) conducted by the Company;

other than with respect to shares of the Company's stock being sold in transactions contemplated by the transaction documents, or any actions in connection therewith, knowingly facilitating the acquisition of the Company's stock by any person or coordinating group (as defined in Treasury Regulation §1.355-7(h)(4)) (other than Cargill and its subsidiaries) including by furnishing any material, non-public information concerning any Mosaic party to any such person or coordinating group, if, to the knowledge of Mosaic, such acquisition would result in any person or coordinating group beneficially owning, directly or indirectly, 10% or more of the outstanding shares of Company common stock;

other than with respect to shares of the Company's stock being sold in transactions contemplated by the transaction documents, or any actions in connection therewith, knowingly facilitating the participation in management or operation of the Company (including by becoming a director of the Company) by a person or coordinating group (as defined in Treasury Regulation §1.355-7(h)(4)) (other than Cargill and its subsidiaries) who, to the knowledge of Mosaic, beneficially owns, directly or indirectly 5% or more of the outstanding shares of the Company's common stock; and

electing to treat Merger Sub as a corporation for United States federal income tax purposes.

Edgar Filing: EBAY INC - Form POSASR

The redemptions and equity issuances that may be undertaken within the basket described under the first bullet-point above are also restricted as described under the heading The Registration Agreement Restrictions on Equity Issuances, Share Repurchases.

Under the tax agreement, any of these prohibited acts may be undertaken by the Company if it receives an opinion, satisfactory to Cargill, that such action(s) will not result in the split-off or the debt exchanges being

Table of Contents

treated as taxable transactions. However, the receipt of any such opinion does not relieve Mosaic of its indemnification obligations under the tax agreement.

The tax agreement also provides the parties' rights to participate in and control a tax audit of the transactions. Any tax controversy relating to the transactions described herein will be conducted and controlled by the party in whose tax return the controversy arises. The other party would have the right to jointly participate in the tax controversy at its own expense. The party controlling the tax controversy may not agree to pay or settle a tax controversy without the other party's consent, which shall not be unreasonably withheld or delayed.

Registration Rights Agreement

This section of the proxy statement/prospectus describes the material terms of the registration rights agreement. The following is a summary of the material terms of the registration rights agreement, a copy of which is attached as Annex G and incorporated herein. This summary does not contain, and is qualified by, all of the terms of the registration rights agreement. All Mosaic stockholders are urged to read carefully the registration rights agreement in its entirety.

GNS and the MAC Trusts entered into a registration rights agreement. The registration rights agreement generally provides that, following 180 days after the four-and-a-half year anniversary of the split-off, the MAC Trusts would have two rights to request that Mosaic file a registration statement under the Securities Act, pursuant to which the MAC Trusts could sell any remaining shares of Mosaic that the MAC Trusts received in the split-off and did not otherwise dispose of prior to the request being made.

In addition, the registration rights agreement provides the MAC Trusts will be generally entitled to certain piggyback rights following 180 days after the four-and-a-half year anniversary of the split-off if Mosaic proposes to register any of its equity securities under the Securities Act (other than pursuant to a demand registration described above, registrations related solely to employee benefit plans or a transaction under Rule 145 of the Securities Act).

OTHER ARRANGEMENTS AND RELATIONSHIPS BETWEEN MOSAIC AND CARGILL

Mosaic was formed in 2004 through the business combination of IMC Global Inc. (IMC) and the fertilizer business of Cargill (the 2004 transaction). The principal relationships between the Company and Cargill are described in the following paragraphs. The transactions and agreements described below are also described in Mosaic s annual, quarterly and current reports and proxy statements filed with the SEC that are incorporated by reference in this proxy statement/prospectus as described under the heading Where You Can Find More Information.

The transactions and agreements discussed below (with the exception of an existing registration rights agreement, as discussed below) will not be affected by the merger, split-off, formation offerings or any of the related transactions described elsewhere in this proxy statement/prospectus.

Registration Rights Agreement

In connection with the 2004 transaction, Mosaic and Cargill entered into a registration rights agreement (which is referred to as the existing registration rights agreement).

Pursuant to the existing registration rights agreement, Cargill has the right to request that Mosaic file a registration statement with the SEC for an offering of Cargill s shares of Mosaic common stock. In addition, if Mosaic proposes to register any of its securities under the Securities Act, Cargill may request that its shares of Mosaic common stock be included in the registration.

Upon the closing of the initial formation offering, the existing registration rights agreement will terminate and will be void and of no force and effect.

Reimbursement of Pre-Combination Incentive Compensation

In connection with the 2004 transaction, various former Cargill employees who became Mosaic employees retained their stock options and cash performance options granted by Cargill prior to the 2004 transaction pursuant to Cargill s compensation plans. Liabilities associated with these stock options and cash performance options were primarily related to the Cargill fertilizer businesses and Mosaic assumed them. Mosaic s maximum aggregate reimbursement obligation to Cargill for costs associated with pre-combination stock options and cash performance options under no circumstances can exceed \$9.8 million. Mosaic has no reimbursement obligation for any pre-combination stock option or cash performance option award to any former Cargill employees who are Mosaic executive officers. During the Company s 2010 fiscal year, Mosaic reimbursed Cargill approximately \$6,000 for costs associated with the pre-combination stock options and cash performance options.

Pension Plans and Other Benefits

Pension and other postretirement benefit liabilities for various former employees of Cargill s fertilizer businesses were not transferred to Mosaic in connection with the 2004 transaction. These former Cargill employees remain eligible for pension and other postretirement benefits under Cargill s plans. Cargill incurs the associated costs and charges them to Mosaic. The amount that Cargill may charge Mosaic for these pension costs may not exceed \$2.0 million per year and is capped at \$19.2 million in the aggregate. This cap does not apply to the costs associated with certain union participants who were active participants and earned service credit under Cargill s pension plan after the 2004 transaction and on or prior to December 31, 2010. Mosaic incurred costs of approximately \$1.1 million under these arrangements in its fiscal 2010.

Cargill Transactions Subcommittee and Other Transactions with Cargill

The Cargill transactions subcommittee of the corporate governance and nominating committee, comprised solely of independent directors, is responsible for reviewing and approving transactions, arrangements or

Table of Contents

agreements between the Company and Cargill. Mosaic's related person transactions approval policy provides for the delegation of approval authority for certain transactions with Cargill, other than those of the type described in such related person transactions approval policy, to an internal committee comprised of senior managers. The internal management committee is required to report its activities to the Cargill transactions subcommittee on a periodic basis.

The Company and its subsidiaries engage in various transactions, arrangements or agreements with Cargill, which are described below. The Cargill transactions subcommittee (or a predecessor special transactions committee of the Company's board of directors) or the Company's internal management committee has either approved or ratified these transactions, arrangements or agreements.

The Company and its subsidiaries have negotiated each of the following transactions, arrangements and agreements with Cargill on the basis of what the Company and its subsidiaries believe to be competitive market practices.

Supply Agreements. Subsidiaries of the Company sell fertilizer to Cargill or its subsidiaries under supply agreements for resale through their retail stores in United States and Western Canada. A subsidiary of the Company also sells phosphate fertilizer under a supply agreement with Cargill's subsidiary in Argentina. In its fiscal 2010, sales were approximately \$15.5 million, \$60.2 million and \$14.4 million, respectively, under these supply agreements. A subsidiary of the Company also has an agreement to sell untreated white muriate of potash to Cargill's salt business in the United States, pursuant to which sales were approximately \$2.5 million during Mosaic's 2010 fiscal year. In addition, subsidiaries of the Company have various agreements relating to the supply of feed grade phosphate, potash and urea products to Cargill's animal nutrition, grain and oilseeds, and poultry businesses. Sales under these agreements in Mosaic's fiscal 2010 were approximately \$16.3 million.

Spot Fertilizer Sales. From time to time, subsidiaries of the Company make spot fertilizer sales to Cargill's subsidiary in Paraguay and Bolivia. The Cargill subsidiary purchased approximately \$16.9 million of fertilizer products in these spot sales in Mosaic's fiscal 2010.

Ocean Transportation Agreement. A subsidiary of the Company has a non-exclusive agreement with Cargill's Ocean Transportation Division to perform various freight related services for the Company. During Mosaic's fiscal 2010, the Company paid Cargill approximately \$84.4 million (inclusive of fees and freight paid to Cargill, which is responsible for payment to vessel owners and charterers) for freight and related services under this agreement.

Barter Agreements. Company subsidiaries have barter relationships with Cargill's grain and oilseeds businesses in Brazil and Argentina. The number of barter transactions varies from year to year. Cargill paid the Company and its subsidiaries approximately \$84.8 million in Brazil and \$73.8 million in Argentina under these relationships in fiscal 2010.

Miscellaneous Co-Location Agreements. The Company and its subsidiaries have various office sharing and sublease arrangements with Cargill in various geographic locations, including with respect to certain offices in Argentina, Brazil, China and the United States. The Company and its subsidiaries incurred costs of approximately \$0.6 million under these arrangements in fiscal 2010.

Miscellaneous. There are various other agreements between the Company and/or its subsidiaries and Cargill which the Company believes are not significant to it.

DESCRIPTION OF CAPITAL STOCK FOLLOWING THE CLOSING

The following summary is a description of the material terms of Mosaic's capital stock following the effective time of the merger (and the name change of GNS to Mosaic as described elsewhere in this proxy statement/prospectus) and is not meant to be complete and is qualified by reference to the applicable provisions of the DGCL, the post-merger restated certificate of incorporation of Mosaic (a form of which is attached as Annex B and incorporated herein) and the post-merger restated bylaws of Mosaic (a form of which is attached as Annex C and incorporated herein). This summary does not contain, and is qualified by, all of the terms of the form of the post-merger restated certificate of incorporation of Mosaic and the form of the post-merger restated bylaws of Mosaic. All Mosaic stockholders are urged to read carefully the form of the post-merger restated certificate of incorporation of Mosaic and the form of the post-merger restated bylaws of Mosaic in their entirety.

The common stock, the class A common stock and the class B common stock are collectively referred to herein as Mosaic stock.

Common Stock, Class A Common Stock and Class B Common Stock

Edgar Filing: EBAY INC - Form POSASR

The common stock will have the same economic rights as the class A common stock and class B common stock (including with respect to dividends and other distributions), and will vote together as a single class except as described below under the heading **Voting**. Each share of each series of class A common stock will be entitled to one vote per share with respect to all matters to which holders of class A common stock will be entitled to vote. Each share of each series of class B common stock will be entitled to ten votes per share with respect to the election of directors and one vote per share with respect to all other matters to which holders of class B common stock will be entitled to vote. The common stock will be entitled to one vote per share with respect to all matters to which holders of common stock will be entitled to vote. The class A common stock and class B common stock will be subject to certain transfer restrictions as described under the heading **Transfer Restrictions and Conversion Provisions**.

There will be four series of class A common stock and three series of class B common stock to facilitate the implementation of the transfer restrictions applicable to these shares (see **Transfer Restrictions and Conversion Provisions**). Each series of class A common stock will be substantially identical to each other series of class A common stock in all respects other than the date of expiration of the transfer restrictions applicable to each series and the date on which each series will automatically convert into shares of common stock, as more fully described below. Each series of class B common stock shall be substantially identical to each other series of

Table of Contents

class B common stock in all respects other than the date of the expiration of the transfer restrictions applicable to each series, as more fully described below.

Holders of Mosaic stock will be generally entitled to dividends and other distributions in cash, securities or property out of funds legally available for that purpose as may be declared by the Mosaic board of directors. The Mosaic board of directors' authority to declare dividends will be subject to the rights of any holders of preferred stock and the availability of sufficient funds under the DGCL to pay dividends.

The Mosaic stock will have no preemptive rights and no cumulative voting rights.

In the event of Mosaic's liquidation, dissolution or winding up, the holders of the Mosaic stock will be entitled to receive, after payment in full of all amounts to which the holders of any then outstanding preferred stock may be entitled, the remaining assets to be distributed to the holders of the capital stock of Mosaic will be distributed ratably, on a share for share basis, among the holders of all classes and series of Mosaic stock.

In addition, in connection with entering into a memorandum of understanding with respect to the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger" and as reflected in the restated certificate of incorporation of GNS attached to this proxy statement/prospectus as Annex B, the parties to the merger agreement have agreed that the post-merger restated certificate of incorporation will also provide that:

no dividends or distributions shall be paid in shares of class B common stock and that Mosaic shall not issue any option, warrant or other right to acquire shares of class B common stock nor shall it implement any rights plan that provides for the distribution of rights to purchase shares of class B common stock; and

Mosaic shall not (i) effect any reorganization, consolidation, combination or merger with or into another corporation or other entity (whether or not Mosaic is the surviving entity), (ii) consummate any agreement providing for, or otherwise approve, any tender or exchange offer for any shares of Mosaic stock, or (iii) grant any top-up option or other option in connection with any tender or exchange offer for any shares of Mosaic stock, unless, in each case (other than in the case of an implementation by Mosaic of a rights plan), the holders of outstanding shares of each class and series of Mosaic stock will be entitled to receive the same kind and amount of consideration (including shares of stock and other securities and property (including cash)), if any, for each share so held, without distinction between classes of Mosaic stock.

Preferred Stock

The Mosaic board of directors will be authorized, subject to legal limitations and by certain provisions to be contained in the post-merger restated certificate of incorporation of Mosaic (as described below), from time to time, to provide for the issuance of shares of preferred stock in one or more series, and to prescribe the designation, powers, relative preferences and rights of the shares of each series and the qualifications, limitations, or restrictions of the shares of each series. This authorization will include the right to fix the designation of the series and the number of shares in it, dividend rates and rights, voting rights, conversion rights, redemption rights, sinking fund provisions, liquidation rights, and any other powers, preferences and relative, participating, optional and other special rights, and the qualifications, limitations and restrictions thereof.

It is expected that as of the effective time of the merger, there will be no shares of Mosaic preferred stock issued and outstanding.

Mosaic may be able to issue its preferred stock in ways which may delay, defer or prevent a change in control of Mosaic without further action by Mosaic's stockholders and may adversely affect the voting and other rights of the holders of Mosaic common stock. The issuance of Mosaic preferred stock with voting and conversion rights may adversely affect the voting power of the holders of Mosaic common stock, including the loss of voting control to others.

Table of Contents**Transfer Restrictions and Conversion Provisions**

The following is a summary of the transfer restrictions and conversion provisions applicable to each series of class A common stock and each series of class B common stock.

Transfer restrictions. Except as expressly will be permitted in the post-merger certificate of incorporation of Mosaic, class A common stock may not be transferred and class B common stock may not be transferred until the lock-up expiration date applicable to such shares. The lock-up expiration date applicable to the series B-1 stock is the 30-month anniversary of the split-off (the first lock-up release date), the lock-up expiration date applicable to the series B-2 stock is the 42-month anniversary of the split-off (the second lock-up release date) and the lock-up expiration date applicable to series B-3 stock, is the 54-month anniversary of the split-off (the third lock-up release date). As will be set forth in the post-merger certificate of incorporation of Mosaic, prior to the 24-month anniversary of the split-off, the Mosaic board of directors has the authority to waive or otherwise remove the transfer restrictions applicable to the series A-4 stock, or any other series of class A common stock held by the MAC Trusts so long as in either case transfers made by the MAC Trusts following any such waiver occur prior to the second anniversary of the split-off. Following the 24-month anniversary of the split-off, the Mosaic board of directors may waive or otherwise remove the transfer restrictions applicable to all or a number of shares of each series of class A common stock together with its corresponding series of class B common stock (together, a combined series of stock) provided that, except in the case of a waiver or removal of the restrictions on transfer if required to permit transfers under the governance agreement, if the Mosaic board of directors waives or otherwise removes the restrictions with respect to less than all of any combined series of stock, the number of shares of such combined series of each holder in respect of which the restrictions are waived or otherwise removed will be in proportion to the percentage of shares of such combined series of stock for which the Mosaic board of directors is waiving or otherwise removing such restrictions. If the Mosaic board of directors waives or otherwise removes the restrictions applicable to any combined series of stock pursuant to the previous sentence for less than all of the shares of that combined series of stock held by any holder, the waiver or removal of restrictions will apply first to that holder's class A common stock of the combined series and second to that holder's shares of class B common stock (if any) of such combined series.

Restriction on buybacks of class A common stock and class B common stock. Mosaic shall not, and shall not permit any of its subsidiaries to, purchase or otherwise acquire any shares of class A common stock or class B common stock at a price per share that exceeds the common market price (which is defined to mean the average of the volume-weighted average trading price of Mosaic common stock on the NYSE for the 20 days before such transfer) (this provision of the restated certificate of incorporation was added in connection with entering into a memorandum of understanding with respect to the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger").

Conversion of class B common stock. If the Mosaic board of directors determines to submit to the stockholders of Mosaic, at a duly called meeting of stockholders, a proposal to effect a conversion of the shares of class B common stock, and this proposal is approved by the affirmative vote of the holders of a majority of the voting power of the shares of common stock, class A common stock and class B common stock entitled to vote and present in person or by proxy at the meeting, voting together as a single class, then each share of class B common stock will be converted, on a one-for-one basis in the manner described below. The approval by Mosaic's stockholders as described in this paragraph is referred to as the conversion approval. If the conversion approval occurs before the first lock-up release date, each share of each series of class B common stock will be automatically converted into the corresponding series of class A common stock. If the conversion approval occurs on or after the first lock-up release date but before the second lock-up release date, each share of series B-1 stock will be automatically converted into one share of common stock, each share of series B-2 stock will be automatically converted into one share of series A-2 stock and each share of series B-3 stock will be

Table of Contents

automatically converted into one share of series A-3 stock. If the conversion approval occurs on or after the second lock-up release date but before the third lock-up release date, each share of series B-1 stock and each share of series B-2 stock will be automatically converted into one share of common stock and each share of series B-3 stock will be automatically converted into one share of series A-3 stock. If the conversion approval occurs on or after the third lock-up release date, each share of class B common stock will automatically be converted into one share of common stock. There is no binding commitment by the Mosaic board of directors to, and there can be no assurance that the Mosaic board of directors will, consider proposing a conversion or resolve to submit such a proposal to Mosaic's stockholders. If submitted, there can be no assurance that Mosaic's stockholders would approve such a conversion.

Conversion of series A-4 stock. Prior to the second anniversary of the split-off, each share of series A-4 stock will be automatically converted into common stock upon the sale of such share in a formation offering, in a market sale or in a private sale (as defined in The Registration Agreement Market Sales; Private Sales). On the second anniversary of the split-off, each share of series A-4 stock still outstanding will convert automatically into one share of common stock.

Conversion of series A-1 stock, series A-2 stock and series A-3 stock. Each share of each of such series of series A-1 stock, series A-2 stock and series A-3 stock will be automatically converted into one share of common stock on the lock-up release date applicable to the corresponding series of the Class B common stock as described above. In addition, and as discussed in the description of the registration agreement (please see the section entitled The Registration Agreement Released Share Offerings), the holders of class A common stock may also be permitted to participate in the released share offerings, each of which will take place in connection with the lock-up release dates, as described above. To the extent each such stockholder is permitted to sell shares of common stock in such offerings (as determined by the provisions of the registration agreement), a number of shares of class A common stock held by each such holder equal to the amount of common stock permitted to be sold by each such stockholder shall be automatically converted into common stock and sold in the applicable released share offering. As a general matter, to the extent there is capacity in each released share offering (as determined by the provisions of the registration agreement), each share of series A-1 stock will be converted and sold in the first released share offering, each share of series A-2 stock will be converted and sold in the second released share offering and each share of series A-3 stock will be converted and sold in the third released share offering. However, to the extent there is additional capacity in each of these offerings to sell more shares than would be converted in accordance with the previous sentence, shares of series A-3 will first be converted and sold in such offering, and if capacity still remains, shares of series A-2 stock will be converted and sold in such offering. Prior to the second anniversary of the split-off, the Mosaic board of directors may, in its sole discretion, convert any number of these shares automatically into common stock so long as such conversion occurs in connection with the sale of such shares in the formation offerings, a market sale or a private sale (as defined in section titled The Registration Agreement Market Sales; Private Sales). Following the later of a conversion approval and the second anniversary of the split-off, the Mosaic board of directors may, in its sole discretion, convert any number of these shares automatically, at any time, into common stock so long as it does so ratably among all the holders of such stock.

Death conversion. As will be set forth in the post-merger restated certificate of incorporation of Mosaic, in the event an estate of a person who has died after January 18, 2011 is a holder of the class A common stock or in the event a grantor, settler or beneficiary of a trust that holds shares of class A common stock dies after January 18, 2011, such estate or trust may, without payment of additional consideration, convert shares of class A common stock held by such trust or estate, on a share-for-share basis, into shares of common stock under certain circumstances and conditions described in the post-merger restated certificate of incorporation of Mosaic.

Voting

Each share of each series of class A common stock will be entitled to one vote per share with respect to all matters to which holders of class A common stock will be entitled to vote. Each share of each series of class B

common stock will be entitled to ten votes per share with respect to the election of directors of and one vote per share with respect to all other matters to which holders of class B common stock will be entitled to vote. The common stock will be entitled to one vote per share with respect to all matters to which holders of common stock will be entitled to vote. The common stock, the class A common stock and class B common stock will vote together as a single class, except as provided below.

Notwithstanding the voting provisions described in the paragraph above, for so long as any shares of class A common stock or class B common stock are outstanding, Mosaic is generally prohibited from taking the following actions, without the requisite vote and/or the requisite votes (each, as defined below):

amending, altering or repealing the certificate of incorporation of Mosaic (including by merger, consolidation or otherwise) if such amendment would alter or change the powers, preferences, or relative, participating, optional or other special rights of the shares of class A common stock and/or class B common stock (or any series thereof), or the qualifications, limitations or restrictions with respect thereto, so as to affect them adversely;

establishing or issuing any series of preferred stock if the terms of such series of preferred stock would be violated or breached by or as a result of the conversion of the shares of class A common stock or class B common stock (or any series thereof), or the transfer of such shares;

issuing shares of class A common stock or class B common stock (or any series thereof), other than pursuant to the merger and other than issuances upon the conversion of series A-4 stock or class B common stock or upon a dividend or other distribution paid by Mosaic in such shares;

permitting any reorganization, consolidation, combination or merger of Mosaic unless the consideration to be received by each holder of a share of class A common stock or class B common stock is the same kind and amount as any holder of a share of common stock will receive;

permitting (including by its board of directors and subsidiaries) to make, agree to, approve or recommend any tender or exchange offer of any shares of common stock, class A common stock or class B common stock, unless such tender or exchange offer treats of series and classes of common stock, class A common stock and class B common stock as constituting one class of securities for such purpose;

subdividing or combining the outstanding shares of common stock, class A common stock or class B common stock (or any series thereof), unless the outstanding shares of the other such classes and series are proportionately subdivided or combined in the same manner; and

amending, altering or repealing the above described provisions in bullets one through six and the definitions in the paragraph below or adopting an inconsistent provision in the certificate of incorporation; provided that no vote required by the above described provisions in bullets one through six will be required for any action taken by Mosaic in connection with the implementation of a stockholder rights plan.

For purposes of this document, the term requisite vote and requisite votes shall mean, as applicable, in addition to any other or different vote required by applicable law, for purposes of any action described in bullets one through seven above, (1) the affirmative vote of holders of at least a majority of the voting power of the shares of all series of class A common stock and all series of class B common stock outstanding as of the record date therefor, voting together as a single class and (2) if any such action would affect a class or series of class A common stock and/or class B common stock, as applicable, less favorably, or more adversely, than it does any other class or series of class A common stock and/or class B common stock, the affirmative vote of holders of at least a majority of the voting power outstanding as of the record date therefor of the shares of the class or series less favorably or more adversely affected by such action voting as a separate class.

Edgar Filing: EBAY INC - Form POSASR

In addition, in connection with entering into a memorandum of understanding with respect to the settlement of the stockholder actions as described in the section entitled "The Merger and Related Transactions - Litigation Relating to the Merger" and as reflected in the restated certificate of incorporation of GNS attached to this proxy statement/prospectus as Annex B, the parties to the merger agreement have agreed that the post-merger restated certificate of incorporation will also provide that, notwithstanding the voting provisions described in the first paragraph of this section "Voting", for so long as any shares of class A common stock or class B common

stock are outstanding, Mosaic is generally prohibited from taking the following actions, without the requisite common vote (as defined below):

amending, altering or repealing the certificate of incorporation of Mosaic (including by merger, consolidation or otherwise) if such amendment would alter or change the powers, preferences, or relative, participating, optional or other special rights of the shares of common stock, or the qualifications, limitations or restrictions with respect thereto, so as to affect them adversely;

subdividing or combining the outstanding shares of common stock, class A common stock or class B common stock (or any series thereof), unless the outstanding shares of the other such classes and series are proportionately subdivided or combined in the same manner; and

amending, altering or repealing the above described provisions in bullets one and two, the definition in the paragraph below, the restrictions on different treatment between classes of Mosaic stock in connection with certain transactions as described above or adopting an inconsistent provision in the certificate of incorporation; provided that no vote required by the above described provisions in bullets one and two will be required for any action taken by Mosaic in connection with the implementation of a stockholder rights plan.

For purposes of this document, the term **requisite common vote** shall mean in addition to any other or different vote required by applicable law, for purposes of any action described in bullets one through three above, the affirmative vote of holders of at least a majority of the voting power of the shares of common stock outstanding as of the record date therefor.

Certain Effects of Authorized but Unissued Stock

Authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public or private offerings to raise additional capital and for corporate acquisitions. Mosaic could also use additional shares to dilute the stock ownership of persons seeking to obtain control of Mosaic pursuant to the operation of the rights plan or otherwise. See also **Anti-Takeover Provisions in Certificate and Bylaws** below.

Anti-Takeover Provisions in Certificate and Bylaws

The DGCL contains and Mosaic's post-merger restated certificate of incorporation and post-merger amended and restated bylaws will contain a number of provisions which may have the effect of discouraging transactions that involve an actual or threatened change of control of Mosaic. In addition, provisions of Mosaic's post-merger restated certificate of incorporation and post-merger amended and restated bylaws may be deemed to have anti-takeover effects and may delay, defer or prevent a tender offer or takeover attempt that a stockholder might consider in his, her or its best interest, including those attempts that might result in a premium over the market price of the shares held by Mosaic's stockholders, which include rules regarding how stockholders may present proposals to nominate directors for election at stockholder meetings, the ability of the Mosaic board of directors to issue preferred stock without stockholder approval, the classification of the Mosaic board of directors into three classes, the prohibition on stockholder action by written consent and the inability of stockholders to call special meetings.

Delaware Statutory Provisions

Mosaic is subject to Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a **business combination** with an **interested stockholder** for a period of three years from the date of the transaction in which the person became an interested stockholder, unless the interested stockholder attained this status with the approval of the board of directors or unless the business combination was approved in a prescribed manner. A **business combination** includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Subject to exceptions, an **interested stockholder** is a person who, together with affiliates and associates, owns, or within three years owned, 15% or more of the corporation's voting stock. This statute could prohibit or delay the accomplishment of mergers or other takeover or change in control attempts with respect to Mosaic and, accordingly, may discourage attempts to acquire Mosaic.

COMPARISON OF RIGHTS OF STOCKHOLDERS

This summary does not contain, and is qualified by, all of the terms of the form of the post-merger restated certificate of incorporation of Mosaic and the form of the post-merger restated bylaws of Mosaic. All Mosaic stockholders are urged to read carefully the form of the post-merger restated certificate of incorporation of Mosaic and the form of the post-merger restated bylaws of Mosaic in their entirety, both of which are included in this proxy statement/prospectus as Annexes B and C, respectively, and incorporated herein.

In the merger, a portion of the shares of Mosaic common stock held by Cargill will be converted, on a one-for-one basis, into the right to receive shares of the different series of GNS class A common stock and GNS class B common stock, and each of the other outstanding shares of Mosaic common stock (including a portion of the shares of Mosaic common stock held by Cargill) will be converted, on a one-for-one basis, into the right to receive shares of GNS common stock. Thereafter, GNS will be renamed The Mosaic Company and the current Mosaic entity will be renamed MOS Holdings Inc., as described elsewhere in this proxy statement/prospectus. All of the shares of GNS issued in the merger (including those issued to Cargill) will represent the same economic interest in Mosaic's consolidated business as the shares of Mosaic common stock for which they are converted. The common stock will be substantially identical in all respects to Mosaic's current common stock, and will also have the same economic rights as the class A common stock and class B common stock (including with respect to dividends and voting on matters other than the election of directors), and will vote together with the class A common stock and class B common stock as a single class, except that the class A common stock and class B common stock will be subject to certain transfer restrictions, may be convertible into common stock and will have certain class voting rights in addition to those class voting rights applicable to the common stock, each as more fully described under the heading Description of Capital Stock Following the Closing. The differences between the shares of common stock, class A common stock and class B common stock that are related to voting with respect to election of directors, conversion rights and restrictions on transferability, are necessary for the split-off to be tax-free and are designed to ensure the orderly introduction of the shares exchanged by Cargill with its stockholders and certain of its debt holders in the split-off into the trading market. Other than these differences, each class of post-merger Mosaic stock will be substantially similar to the current Mosaic common stock. Please see the section entitled Description of GNS's Capital Stock Following the Closing and the form of the post-merger restated certificate of incorporation of Mosaic (attached as Annex B and incorporated herein).

In addition, the bylaws of Mosaic (a form of which is attached as Annex C and incorporated herein) at and immediately after the effective time of the merger will contain provisions substantially identical to the bylaws of Mosaic immediately prior to the effective time of the merger.

It is a condition to the obligations of the parties to complete the merger that the shares of common stock to be issued in the merger have been approved for listing on the NYSE, and the shares of common stock issuable upon conversion of the class A common stock and class B common stock to be issued in the merger have been approved for listing on the NYSE, in each case subject only to official notice of issuance. In the merger and distribution agreement, each of Mosaic and GNS has agreed to prepare and file, and to use reasonable best efforts to have approved prior to the closing date of the merger, an application for the listing on the NYSE of the common stock to be issued pursuant to the merger and the common stock issuable upon conversion of the class A common stock and the class B common stock to be issued in the merger, in each case subject to official notice of issuance. The class A common stock and class B common stock will not be listed on any securities exchange.

The foregoing discussion is a summary of the rights of Mosaic stockholders that will be applicable to such stockholders following the merger. While this summary includes the material differences of the rights of stockholders of Mosaic before and after the merger, this summary may not contain all of the information that is important to you. You are urged to carefully read this entire proxy statement/prospectus, the relevant provisions of the DGCL and the other governing documents referred in this proxy statement/prospectus for a more complete understanding of the differences between being a stockholder of Mosaic before and after the merger and the related transactions.

Notwithstanding any Change in the Mosaic Recommendation, unless this Agreement has been terminated pursuant to the terms hereof, this Agreement shall be submitted to the Mosaic Shareholders at the Mosaic Shareholder Meeting and nothing contained herein shall be deemed to relieve Mosaic of such obligation.

(b) As soon as reasonably practicable after the date of this Agreement, (x) Mosaic and M Holdings shall prepare and M Holdings shall file with the SEC a registration statement on Form S-4 to register all shares of M Holdings Stock that will be issued in connection with the Merger (such registration statement, as it may be amended and supplemented, the Form S-4), which shall include a proxy statement (as it may be amended and supplemented, the Proxy Statement) to be used to obtain the Mosaic Shareholder Approval at the Mosaic Shareholders Meeting and (y) Mosaic shall file with the SEC the Proxy Statement. Mosaic and M Holdings shall take, or cause to be taken, all actions and do, or cause to be done, all things necessary, including filing all necessary amendments and supplements to have the Form S-4 declared effective, and the Proxy Statement cleared by the SEC for mailing in definitive form, as promptly as practicable after the filing thereof and to keep the Form S-4 effective as long as is necessary to consummate the Merger.

(c) The Proxy Statement shall state that (i) the Mosaic Special Committee and the Board of Directors of Mosaic determined that this Agreement, the applicable Transaction Documents and the Transactions are advisable and fair to and in the best interests of the Mosaic Shareholders (other than Cargill or any of its Subsidiaries); (ii) the Mosaic Special Committee recommended that the Board of Directors approve this Agreement, the applicable Transaction Documents and the Transactions; and (iii) the Mosaic Special Committee and the Board of Directors of Mosaic recommends that the Mosaic Shareholders vote to adopt this Agreement (such recommendation described in clause (iii), the Mosaic Recommendation) (except to the extent that the Mosaic Special Committee or the Board of Directors of Mosaic effects a Change in the Mosaic Recommendation in accordance with Section 7.2(g)).

(d) Mosaic and M Holdings shall take all steps necessary on the part of Mosaic and M Holdings for the Form S-4, the Proxy Statement and any other documents relating to the Merger filed with or furnished to the SEC, or disclosed to the Mosaic Shareholders, by Mosaic or M Holdings, in connection with the Merger (collectively, the Mosaic Transaction Documents), in each case to the extent applicable, to be timely filed with the SEC, to comply in all material respects with the Securities Act and the Exchange Act (it being understood that Mosaic and M Holdings shall not be deemed to have failed to comply with its obligations under this paragraph (d) to the extent that its failure to so comply shall have resulted from a breach by Cargill of its obligations under Section 7.2(e)).

(e) Cargill shall provide to the Mosaic Parties all information concerning Cargill, its Subsidiaries and its stockholders that is required or reasonably requested by Mosaic and M Holdings in connection with the preparation of the Mosaic Transaction Documents. The Mosaic Parties agree that at the time of filing of the Mosaic Transaction Documents with the SEC, on the date of the

dissemination the Mosaic Transaction Documents to Mosaic Shareholders and at the time of the Mosaic Shareholders Meeting, (i) none of the information included or incorporated by reference in the Mosaic Transaction Documents shall contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, except that (for the avoidance of doubt) no covenant, agreement, representation or warranty is made by the Mosaic Parties with respect to statements or omissions based on information supplied in writing by, or on behalf of, Cargill for inclusion in the Mosaic Transaction Documents. Cargill agrees that at the time of filing of the Mosaic Transaction Documents with the SEC, on the date of the dissemination of the Mosaic Transaction Documents to Mosaic Shareholders and at the time of the Mosaic Shareholders Meeting, the information supplied by it in writing for inclusion in the Mosaic Transaction Documents shall not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Each party agrees promptly to correct any information provided by it for use in any of the Mosaic Transaction Documents (or, in the case of Mosaic or M Holdings, information incorporated into any of the Mosaic Transaction Documents by reference) if and to the extent that any such information shall have become false or misleading in any material respect, and Mosaic and M Holdings agree to take all steps necessary to cause the Mosaic Transaction Documents as so corrected to be timely filed with or furnished to the SEC, and/or disseminated to the Mosaic Shareholders, to the extent required by applicable Law.

(f) Mosaic and M Holdings shall provide Cargill and the MAC Trusts and their respective counsel with (A) any comments or other communications, whether written or oral, that such party or its counsel may receive from time to time from the SEC or its staff with respect to the Mosaic Transaction Documents promptly after receipt of those comments or other communications and (B) a reasonable opportunity to participate in the response of such party to those comments and to provide comments on that response (to which reasonable and good faith consideration shall be given), including by participating with such party or its counsel in any discussions or meetings with the SEC.

(g) The Mosaic Special Committee and the Board of Directors of Mosaic shall not fail to make, and shall not withdraw, qualify, amend or modify or publicly propose to withdraw, qualify, amend or modify the Mosaic Recommendation (any of the foregoing, a Change in the Mosaic Recommendation). Notwithstanding the foregoing, the Mosaic Special Committee and/or the Board of Directors of Mosaic may, prior to receipt of the Mosaic Shareholder Approval, effect a Change in the Mosaic Recommendation in response to one or more Intervening Events if (a) the Mosaic Special Committee or the Board of Directors of Mosaic shall have determined in good faith, after considering advice from outside legal counsel that its failure to effect a Change in the Mosaic Recommendation would be reasonably likely to be inconsistent with its fiduciary duties under applicable Law, and (b) the Mosaic Special Committee or the Board of Directors of Mosaic promptly notifies Cargill, in writing, at least three (3) Business Days before effecting a Change in Mosaic Recommendation, of its intention to do so, describing the applicable Intervening Event. To the extent Cargill proposes changes to the terms of the Transactions during the three (3) Business Day period referred to above, the Mosaic Parties shall negotiate in good faith with Cargill with respect to such changes during such period, and the Mosaic Special Committee or the Board of Directors of Mosaic shall not effect a Change in Mosaic Recommendation unless the Mosaic Special Committee or the Board of Directors of Mosaic shall have determined in good faith, after considering advice from outside legal counsel that, notwithstanding any modifications to the terms of the Transactions proposed by Cargill, its failure to effect a Change in the Mosaic Recommendation would be reasonably likely to be inconsistent with its fiduciary duties under applicable Law. Intervening Event means a material Event that was not known by the Mosaic Special Committee on the date of this Agreement (or if known, the consequences of which were not known to the Mosaic Special Committee as of the date hereof), which Event (or consequences) becomes known to the Mosaic Special Committee before the receipt of the Mosaic Shareholder Approval.

(h) Nothing contained in Section 7.2(g) or otherwise shall prohibit (x) the Mosaic Special Committee or the Board of Directors of Mosaic from taking and disclosing to the Mosaic Shareholders a position contemplated by

SECTION 7.3 Efforts; Cooperation.

(a) Subject to Section 7.3(d), each of the Mosaic Parties and Cargill shall use their reasonable best efforts to cooperate with each other and to cause the Merger, the Split-off, the Initial Debt Exchange and the First Formation Offering to be consummated as promptly as practicable after the date hereof in accordance with the terms hereof and the other Transaction Documents, including using its reasonable best efforts (i) to make promptly any filings that may be required by such party under applicable Law or by any Governmental Authority, and to supply promptly any additional information or documentary material that may be requested by a Governmental Authority, if any, (ii) to obtain all other consents, approvals and authorizations that are required to be obtained by such party under any federal, state, local or foreign Law, (iii) to lift or rescind any Order prohibiting the consummation of the Merger, the Split-off, the Initial Debt Exchange, any Follow-on Debt Exchange or any Formation Offering, (iv) to effect as promptly as practicable all necessary registrations, filings and responses to requests for additional information or documentary material from a Governmental Authority, if any, and (v) to satisfy all conditions to this Agreement. In furtherance of the foregoing, each of the parties shall take all such action as may be reasonably necessary or appropriate under the securities or blue sky laws of the United States (and any comparable laws under any non-U.S. jurisdiction as the parties may mutually agree) in connection with the Merger, the Split-off, the Initial Debt Exchange and the First Formation Offering (provided that neither Mosaic nor M Holdings shall be required to file any general consent to service of process or to qualify as a foreign corporation or as a dealer in securities in any jurisdiction in which it is not so qualified or to subject itself to taxation in respect of doing business in any jurisdiction in which it is not otherwise so subject or to qualify in any non-U.S. jurisdictions without its prior consent), and Mosaic and M Holdings shall prepare and file, and shall use its reasonable best efforts to have approved prior to the Closing Date, an application for the listing on the NYSE of the M Holdings Common Stock issuable pursuant to the Merger and the M Holdings Common Stock issuable upon conversion of the M Holdings Class A Common Stock and M Holdings Class B Common Stock issuable in the Merger, subject to official notice of issuance.

(b) Further, and without limiting the generality of the rest of this Section 7.3, but subject to Section 7.3(d), each of the parties hereto and the MAC Trusts shall promptly (i) furnish to the other parties hereto such necessary information and reasonable assistance as the other parties hereto may request in connection with their obligations under this Section 7.3, (ii) inform the parties hereto and the MAC Trusts, as applicable, of any communication from any Governmental Authority regarding any of the Merger, the Split-off, the Initial Debt Exchange, any Follow-on Debt Exchange or any Formation Offering or related filings or approvals, and (iii) provide counsel for the parties hereto and counsel for the MAC Trusts, as applicable, with copies of all filings made by such party, and all correspondence between such party (and its advisors) with any Governmental Authority and any other information supplied by such party hereto and such party's Subsidiaries or any MAC Trust to a Governmental Authority or received from such a Governmental Authority in connection with this Agreement or the Merger, the Split-off, the Initial Debt Exchange, any Follow-on Debt Exchange or any Formation Offering; provided, however, that materials so provided may be redacted (x) to remove references concerning any valuation, (y) as necessary to comply with contractual arrangements and (z) as may be necessary to address any reasonable concerns relating to classified, proprietary, privileged or confidential information. SECTION 7.6 *Public Announcements.* The initial press release with respect to the execution of this Agreement shall be a joint press release to be reasonably agreed upon by Cargill and Mosaic. No public release, announcement or other public disclosure concerning the Transactions shall be issued by Cargill, on the one hand, or the Mosaic Parties, on the other hand, without the prior written consent of the other party (which shall not be unreasonably withheld or delayed) (and, if the announcement or other public disclosure refers to the MAC Trusts, without the prior written consent of the MAC Trusts (which shall not be unreasonably withheld or delayed)), except in the event that such release or announcement may be required by Law or the rules or regulations of any U.S. securities exchange, in which case the party required to make the release or announcement shall use its reasonable best efforts to allow the other party (and, if the announcement or other public disclosure refers to the MAC Trusts, allow the MAC Trusts), reasonable time to comment on each release or announcement in advance of such issuance and shall consider in good faith the views and comments made by such other party (or the MAC Trusts, as applicable) regarding any such release, announcement or other public disclosure.

(a) Cargill agrees that it shall, and shall cause any of its Subsidiaries holding shares of Mosaic Common Stock to, be present, in person or by proxy, at the Mosaic Shareholder Meeting, and otherwise to cause all shares of Mosaic Common Stock held by Cargill or any of its Subsidiaries to be counted as present for purposes of establishing a quorum at such meeting, and to vote, or cause to be voted, all shares of Mosaic Common Stock owned by Cargill or its Subsidiaries in favor of (x) the adoption of this Agreement, (y) such other matters as may be included in the Proxy Statement and necessary to consummate the Transactions and (z) the amendments to the Mosaic certificate of incorporation as set forth in Exhibit A hereto, provided, however, that in the case of clauses (y) and (z), unless otherwise agreed by Cargill, any of such other matters or amendments shall be implemented only if the Closing shall have occurred.

SECTION 7.8 *Transfers of Mosaic Common Stock by Cargill; Agreements by Cargill.*

(a) From the date of this Agreement through the earlier of the Closing Date and the termination of this Agreement in accordance with its terms, except as otherwise expressly contemplated by this Agreement or the other Transaction Documents or required by Law, without Mosaic's written consent (which consent shall not be unreasonably withheld or delayed), Cargill shall not, and shall not permit any of its Subsidiaries to, Transfer any shares of Mosaic Common Stock owned by Cargill or any of its Subsidiaries other than Transfers to Cargill or its Subsidiaries. publicly or otherwise) to effect, or cause or participate with or in any way knowingly assist any other Person to effect or seek, offer or propose (whether public or otherwise) to initiate, effect or participate in or support, (i) any acquisition of any securities (or beneficial ownership thereof) or material assets of Mosaic or any of its Subsidiaries, (ii) any tender or exchange offer or merger or other business combination involving Mosaic or any of its Subsidiaries, (iii) any recapitalization, restructuring, liquidation, dissolution or other extraordinary transaction with respect to Mosaic or any of its Subsidiaries, or (iv) any solicitation of proxies (as such terms are defined or used in Regulation 14A under the Exchange Act) with respect to the voting of any shares of Mosaic Common Stock; (b) form, join or in any way participate in any group (other than with respect to Cargill's Affiliates) with respect to any of the shares of Mosaic Common Stock; (c) submit any written consent or proposal to the Mosaic Shareholders in furtherance of the foregoing or call a special meeting of Mosaic Shareholders; (d) publicly disclose any intention, proposal, plan or arrangement with respect to any of the foregoing; or (e) take any action, or request any amendment or waiver hereof, that would reasonably be expected to require Mosaic to make a public announcement with respect to the matters set forth in (a) or (c) above.

Cargill agrees that it shall promptly (and in any event, within 48 hours) notify the Mosaic Special Committee if any proposals or offers with respect to an Alternative Proposal are received by, any non-public information is requested from, or any discussion or negotiations are sought to be initiated or continued with, it or any of its Representatives indicating, in connection with such notice, the identity of the parties and the material terms and conditions of any proposals or offers (including, if applicable, copies of any written request, proposals or offers, including proposed agreements) and thereafter shall keep the Mosaic Special Committee reasonably informed of the status and terms of any such proposal or offers (including any amendments thereto) and the status of any such discussions or negotiations. None of Cargill or any of its Subsidiaries shall, after the date of this Agreement, enter into any confidentiality or similar agreement that would prohibit it from providing such information to the Mosaic Special Committee.

SECTION 7.9 Further Assurances; Post-Closing Cooperation.

(a) Each of the parties agrees that, from time to time, whether before, at or after the Closing Date, each of them will execute and deliver such further instruments of conveyance and transfer and take such other action as may be necessary (x) to effect the Merger, the Split-off, the Initial Debt Exchange and the First Formation Offering as promptly as practicable after the date hereof in accordance with the terms hereof and the other applicable Transaction Documents, and (y) to effect the orderly separation of the business and operations of the parties following the Closing. indemnification or contribution is sought pursuant to Article VIII, from and after the Closing Date (A) the Mosaic Parties, on the one hand, and Cargill, on the other hand, shall provide all cooperation, assistance and information reasonably necessary or requested from time to time by the other party following the Closing and (B) the Mosaic Parties shall, upon reasonable notice and otherwise consistent with applicable Law and in accordance with the procedures established by Mosaic, provide Cargill and its Representatives with the reasonable assistance of applicable personnel and reasonable access to the books, records, properties and similar information within its possession or control insofar as such information is required by Cargill for, without limitation, any audit, financial reporting, accounting, claims, litigation or tax purposes as well as for the purposes of fulfilling Cargill's disclosure and reporting obligations. Each of the parties shall keep all information provided by any other party pursuant to this Section 7.9(a) confidential in accordance with Section 7.5.

(b) Notwithstanding anything to the contrary set forth in Section 7.9(a), (i) the covenants contained in Section 7.9(a) shall not be in lieu of or otherwise limit (x) the indemnification obligations of the parties pursuant to Article VIII hereof or (y) the right of Cargill or Mosaic to terminate this Agreement pursuant to the terms hereof and (ii) Cargill's obligations pursuant to Section 7.9(a) shall be subject to, and without prejudice to the right of Cargill to delay the Closing Date pursuant to the terms hereof.

SECTION 7.10 *Material Market Event Notice.* In the event that a Material Market Event has occurred, Cargill shall deliver to Mosaic a certificate (the Market Event Notice) to that effect signed by an officer of Cargill, describing in reasonable detail the nature of the Material Market Event. At any time following its receipt of the Market Event Notice, Mosaic may request (by delivery of a written notice to Cargill to such effect (a Mosaic Waiver Request)) that Cargill fully and irrevocably waive its right to invoke the condition set forth in Section 9.3(g) with respect to such Material Market Event. In the event that Cargill delivers to Mosaic a written notice that Cargill so waives its right (a Cargill Waiver Notice), then such Material Market Event shall cease to be a basis for Cargill not effecting the Closing, and the condition set forth in Section 9.3(g) shall no longer exist with respect to such Material Market Event. In the event Cargill fails to deliver a Cargill Waiver Notice with respect to a Material Market Event within ten (10) Business Days after Cargill's receipt of the corresponding Mosaic Waiver Request (the Requisite Response Period), then Mosaic shall be entitled to terminate this Agreement pursuant to Section 10.1(c)(iv).

SECTION 7.11 *Exemption from Liability Under Section 16(b).* Prior to the Effective Time, the Mosaic Parties shall each take all such steps as may be necessary or appropriate to cause the disposition of shares of capital stock of Mosaic (or of derivative securities in respect of any shares of capital stock of Mosaic) by each director (including by deputization) or officer of Mosaic in connection with the consummation of the Merger, and the acquisition of capital stock of M Holdings (or of derivative securities in respect of any shares of capital stock of M Holdings) by each director (including by deputization) or officer of Mosaic in connection with the consummation of the Merger, to be exempt under Rule 16b-3 promulgated under the Exchange Act, including any such actions specified in the No-Action Letter dated January 12, 1999, issued by the SEC to Skadden, Arps, Slate, Meagher & Flom, LLP.

SECTION 7.12 *MAC Trusts Exchange Agreement.* From the date of this Agreement through the earlier of the Closing Date and the termination of this Agreement in accordance with its terms, Cargill shall not exercise its right to terminate the MAC Trusts Exchange Agreement pursuant to Section 6.1(a) thereof or pursuant to the comparable provision of any Tender and Support Agreement without the prior approval of Mosaic, such approval not to be unreasonably withheld or delayed.

SECTION 7.13 *M Holdings Valuation.* As soon as reasonably practicable after the date of this Agreement, Mosaic shall engage an independent, third party valuation expert acceptable to Cargill to provide at least four (4) Business Days prior to the Share Number Date a valuation of M Holdings as of the Share Number Date and determine the Reclassified Share Number. The scope of analyses to be performed by the valuation firm (including the methodologies and any related assumptions, limitations or qualifications) shall be set forth in a written agreement between the valuation firm and Mosaic in form and substance acceptable to Cargill, and

Mosaic and Cargill shall participate equally in all substantive discussions and all meetings with the valuation firm, receive simultaneously and jointly review and provide comments on all drafts of the valuation report, and such valuation firm shall be instructed to consider in good faith all comments provided by Cargill and Mosaic. Cargill and Mosaic shall agree on the valuation of M Holdings and the Reclassified Share Number by the date described in Section 2.2(a)(ii).

ARTICLE VIII

SURVIVAL AND INDEMNIFICATION

SECTION 8.1 *Survival*. Except as otherwise expressly contemplated by this Agreement, all covenants, representations, warranties and agreements of the parties contained in this Agreement, or in any certificate delivered in connection with this Agreement, shall survive the consummation of the Merger and the Split-off.

SECTION 8.2 *Indemnification by the Mosaic Parties*. Mosaic and M Holdings shall, jointly and severally, indemnify, defend and hold harmless Cargill and its Subsidiaries, Affiliates, each of their respective directors, officers, employees and agents, and each of the heirs, executors, successors and assigns of any of the foregoing (collectively, the Cargill Indemnified Parties) from and against:

(a) any and all Losses to the extent arising out of, attributable to or resulting from any breach or inaccuracy of any representation or warranty of any Mosaic Party contained in this Agreement or in any certificate delivered pursuant to this Agreement; and

(b) any and all Losses to the extent arising out of, attributable to or resulting from any breach of any covenant or agreement to be performed by any Mosaic Party contained in this Agreement or in any certificate delivered pursuant to this Agreement.

SECTION 8.3 *Indemnification by Cargill*. Cargill shall indemnify, defend and hold harmless the Mosaic Parties and their Subsidiaries, Affiliates, each of their respective directors, officers, employees and agents, and each of the heirs, executors, successors and assigns of any of the foregoing (collectively, the Mosaic Indemnified Parties) from and against:

(a) any and all Losses to the extent arising out of, attributable to or resulting from any breach or inaccuracy of any representation or warranty of Cargill contained in this Agreement or in any certificate delivered pursuant to this Agreement; and

(b) any and all Losses to the extent arising out of, attributable to or resulting from any breach of any covenant or agreement to be performed by Cargill contained in this Agreement or in any certificate delivered pursuant to this Agreement.

SECTION 8.4 *Notice; Procedure for Third-Party Claims*.

(a) Any Person that may be entitled to indemnification under this Agreement (an Indemnified Party) may seek indemnification for any Loss or potential Loss by giving written notice to the applicable party or parties from whom indemnification is sought (the Indemnifying Party), specifying (i) the representation, warranty, covenant or other agreement that is alleged to have been inaccurate, to have been breached or to have given rise to indemnification, (ii) the basis for such allegation and (iii) if known, the aggregate amount of the Losses for which a claim is being made under this Article VIII or, to the extent that such Losses are not known or have not been incurred at the time such claim is made, an estimate, prepared in good faith, of the aggregate potential amount of such Losses. Written notice to such Indemnifying Party of the existence of a claim shall be given by the Indemnified Party as soon as practicable after the Indemnified Party first receives notice of the potential

claim; provided that any failure to provide such prompt notice of the existence of a claim to the applicable Indemnifying Party shall not affect the Indemnified Party's right to seek indemnification pursuant to this Article VIII except and only to the extent that such failure results in a lack of actual notice to the Indemnifying Party and such Indemnifying Party has been materially prejudiced as a result of such delay.

(b) In the case of any claim asserted by a Person that is not a party to this Agreement against an Indemnified Party (a Third-Party Claim), the Indemnified Party shall permit the Indemnifying Party (at the expense of such Indemnifying Party) to assume the defense of such Third-Party Claim and any litigation or proceeding resulting therefrom; provided that (i) counsel for the Indemnifying Party who shall conduct the defense of such claim or litigation shall be reasonably satisfactory to the Indemnified Party and (ii) the Indemnified Party may participate in such defense at such Indemnified Party's expense. Except with the prior written consent of the Indemnified Party (which consent shall not be unreasonably delayed or withheld), no Indemnifying Party, in the defense of any Third-Party Claim, shall consent to entry of any judgment or enter into any settlement. In the event that the Indemnified Party shall in good faith determine that the conduct of the defense of any Third-Party Claim subject to indemnification hereunder or any proposed settlement of any such claim by the Indemnifying Party might be expected to impair the ability of Cargill, the Mosaic Parties or their respective Affiliates to conduct their businesses or impair their respective reputations or business, or that the Indemnified Party may have available to it one or more defenses or counterclaims that are inconsistent with one or more of those that may be available to the Indemnifying Party in respect of such claim or any litigation relating thereto, the Indemnified Party shall have the right at all times to take over and assume control over the defense, settlement, negotiations or litigation relating to any such claim at the sole cost of the Indemnifying Party; provided that, if the Indemnified Party does so take over and assume control, the Indemnified Party shall not settle such claim or litigation without the written consent of the Indemnifying Party, such consent not to be unreasonably withheld or delayed. In the event that the Indemnifying Party does not accept the defense of any matter as above provided, the Indemnified Party shall have the right to defend against any such claim or demand, and shall be entitled to settle or agree to pay in full such claim or demand. In any event, Cargill and the Mosaic Parties shall reasonably cooperate in the defense of any Third-Party Claim subject to this Article VIII, and the records of each shall be made reasonably available to the other with respect to such defense, subject to reasonable restrictions for classified, privileged or confidential information and consistent with applicable Law and in accordance with the procedures established by such party.

SECTION 8.5 *Contribution.* If the indemnification provided for in this Article VIII shall for any reason be unavailable or insufficient to hold harmless any Cargill Indemnified Party or any Mosaic Indemnified Party in respect of any Losses, or any Action in respect thereof, other than to the extent that such indemnification is unavailable or insufficient due to a failure to provide prompt notice in accordance with Section 8.4(a), then each Indemnifying Party shall, in lieu of indemnifying such Indemnified Party, contribute to the amount paid or payable by such Indemnified Party as a result of such Losses or Action in respect thereof, in such proportion as shall be appropriate to reflect the relative fault of the Mosaic Parties, on the one hand, and Cargill, on the other hand, with respect to the misrepresentation or breach or alleged misrepresentation or alleged breach that resulted in such Losses, or Action in respect thereof, as well as any other relevant equitable considerations. The Mosaic Parties and Cargill agree that it would not be just and equitable if the amount of contributions pursuant to this Section 8.5 were to be determined by pro rata allocation or by any other method of allocation, which does not take into account the equitable considerations referred to above. The amount paid or payable by an Indemnified Party as a result of the Losses referred to above in this Section 8.5 shall be deemed to include, for purposes of this Section 8.5, any legal or other expenses reasonably incurred by such Indemnified Party in connection with investigating or defending any such Action or claim. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

SECTION 8.6 *Exclusive Remedy.* Other than in the case of claims based on fraud, bad faith or willful misconduct or the availability of equitable remedies, following the Closing, the remedies provided in this Article VIII shall be the sole and exclusive remedy available to any Person for any breach or inaccuracy of any

Table of Contents

representation, warranty or covenant or other agreement contained in this Agreement of any party. Any remedy provided in this Article VIII shall be without duplication of any remedy provided for in any of the other Transaction Documents.

SECTION 8.7 *Limitations on Indemnifiable Losses.* Notwithstanding anything to the contrary in this Agreement or at law or in equity, no Indemnified Party will, in any event, be entitled to indemnification or contribution from an Indemnifying Party for Losses arising out of, attributable to or resulting from, any incidental, indirect, consequential, special, exemplary or punitive damages (including damages for loss of business profits) however caused, under any theory of liability, including in contract or in tort, arising in any way under this Agreement (other than in the case of fraud, bad faith or willful misconduct or in the case of any such Losses payable to third parties, including any Governmental Authority or shareholder).

SECTION 8.8 *Insurance.* Each Indemnified Party shall use reasonable best efforts to recover all losses, costs, damages and expenses from the insurers of such Indemnified Party under applicable insurance policies so as to reduce the amount of Losses hereunder; provided that actual recovery of any insurance shall not be a condition to the applicable Indemnifying Party's obligation to make indemnification payments to such Indemnified Party in accordance with the terms of this Agreement. For purposes of this Agreement, Losses shall be calculated after giving effect to any amounts recovered under insurance policies with respect to such Losses, net of any costs to recover such amounts. If the Indemnified Party or any of its Affiliates receives any amounts under applicable insurance policies for such Losses after an indemnification payment by the Indemnifying Party has been made for such Losses, then the Indemnified Party shall promptly reimburse the Indemnifying Party for such indemnification payment in an amount equal to the amount so received or realized by the Indemnified Party or its Affiliates with respect to any such indemnification payment.

SECTION 8.9 *Taxes.* The foregoing shall not apply to indemnification with respect to Taxes, which shall be governed solely by the Tax Agreement.

ARTICLE IX

SECTION 9.1 *Conditions to the Obligations of each Party.* The obligations of each of the parties to effect the Closing is subject to the satisfaction or, to the extent permitted under applicable Law, but other than with respect to the condition set forth in Section 9.1(a), waiver by each of Mosaic and Cargill, of the following conditions:

amount of proceeds, and other items dependent upon the offering price, delivery dates, the identities of the selling security holders and amounts of securities to be registered on their behalf, the plan of distribution and the underwriters)) and (y) if the Registration Statement is filed on Form S-1, such Registration Statement (A) need not be effective so long as at the time of such determination, either the SEC shall have elected not to review the Registration Statement or all material outstanding comments issued by the SEC in the course of its review shall have been adequately resolved (other than comments with respect to fiscal 2011 compensation disclosure added to the Registration Statement during a Compensation Dead Period) and (B) may omit information regarding fiscal 2011 compensation during a Compensation Dead Period.

SECTION 9.2 Conditions to the Obligations of the Mosaic Parties. The obligation of the Mosaic Parties to effect the Closing are subject to the satisfaction or, to the extent permitted under applicable Law, waiver by Mosaic of the following conditions:

(a) *Representations and Warranties.* The representations and warranties of Cargill set forth in this Agreement shall be true and correct (without giving effect to any limitation as to materiality or Cargill Material Adverse Effect set forth therein), in each case, as of the date of the Agreement and as of the Closing Date as though made on and as of each such date (except to the extent that such representations and warranties expressly relate to a specified date, in which case as of such specified date), except where the failure of such representations and warranties to be true and correct (without giving effect to any limitation as to materiality or Cargill Material Adverse Effect set forth therein) would not, individually or in the aggregate, reasonably be expected to have a Cargill Material Adverse Effect;

(b) *Covenants.* Cargill shall have performed in all material respects its obligations, agreements and covenants required to be performed by it prior to or as of the Closing under this Agreement or any other Transaction Document;

(c) *Officers Certificate.* Cargill shall have furnished Mosaic with a certificate dated as of the Closing Date signed on its behalf by its Chief Executive Officer or Chief Financial Officer to the effect that the conditions set forth in clauses (a) and (b) of this Section 9.2 shall have been satisfied;

(e) *Governance Agreement*. Each Exchanging Cargill Stockholder who, to the knowledge of Cargill at the time of the Closing, is reasonably expected to be a Significant Stockholder immediately after the consummation of the Split-off shall have duly executed and delivered to Mosaic the Governance Agreement; and

(f) *No Change in Private Letter Ruling or Law*. There shall be no change in, revocation of, or amendment to the Private Letter Ruling or change in Law that could, in the reasonable judgment of counsel to Mosaic, affect the validity of the Private Letter Ruling in a manner adverse to Mosaic, the Mosaic Shareholders (other than Cargill and its Subsidiaries), M Holdings or the holders of M Holdings Common Stock.

SECTION 9.3 *Conditions to the Obligations of Cargill*. The obligation of Cargill to effect the Closing is subject to the satisfaction or, to the extent permitted under applicable Law, waiver by Cargill of the following conditions:

(a) *Representations and Warranties*. (i) The representations and warranties of the Mosaic Parties set forth in Section 5.5(a) and Section 5.5(b) of this Agreement shall be true and correct in all respects (except for any *de minimis* inaccuracy) as of the date of this Agreement and as of the Closing Date as though made on and as of each such date (except to the extent that such representations and warranties expressly relate to a specified date, in which case as of such specified date); (ii) the representations and warranties of the Mosaic Parties set forth in Section 5.11 shall be true and correct in all respects as of the date of this Agreement and as of the Closing Date as though made on and as of each such date; and (iii) the other representations and warranties of the Mosaic Parties set forth in this Agreement shall be true and correct (without giving effect to any limitation as to materiality or Mosaic Material Adverse Effect set forth therein), in each case, as of the date of the Agreement and as of the Closing Date as though made on and as of each such date (except to the extent that such representations and warranties expressly relate to a specified date, in which case as of such specified date), except where the failure of such representations and warranties to be true and correct (without giving effect to any limitation as to materiality or Mosaic Material Adverse Effect set forth therein) would not, individually or in the aggregate, reasonably be expected to have a Mosaic Material Adverse Effect;

(b) *Covenants*. Each Mosaic Party shall have performed its obligations, agreements and covenants under Sections 7.1(a) (iii) and (iv) of this Agreement in all respects (except for any *de minimis* breach) and each Mosaic Party shall have performed in all material respects all of its other obligations, agreements and covenants required to be performed by it prior to or as of the Closing under this Agreement and the other Transaction Documents;

(c) *No Managing Shareholder*. Other than Cargill and its Affiliates, no Person or coordinating group (as defined in Treasury Regulation § 1.355-7(h)(4)) who actively participates in the management or operation of Mosaic (including as a director thereof) shall, to the knowledge of Mosaic (based on SEC filings), beneficially own, directly or indirectly, five percent (5%) or more of the outstanding shares of Mosaic Common Stock (based on SEC filings);

SECTION 10.1 *Termination*. This Agreement may be terminated at any time prior to the Merger Effective Time (unless otherwise specifically stated below), whether before or after receipt of the Mosaic Shareholder Approval (unless otherwise specifically stated below), as applicable:

(a) by mutual written consent of Cargill and Mosaic;

(i) if a Governmental Authority of competent jurisdiction shall have enacted, issued, promulgated or entered any Law which is in effect, which prohibits consummation of the Merger, the Split-off, the Initial Debt Exchange or any Formation Offering and shall have become final and nonappealable; or

(ii) if a vote of the Mosaic Shareholders shall have been taken at the Mosaic Shareholders Meeting (including any adjournment thereof) and the Mosaic Shareholder Approval shall not have been obtained at such meeting;

(c) by Mosaic, upon delivery by Mosaic of written notice of termination to Cargill:

(i) at any time following the completion of the Closing Period if (x) the Closing shall not have occurred, and (y) after completion of the Closing Period, Mosaic shall have given at least five (5) calendar days' prior written notice to Cargill of Mosaic's intention to terminate pursuant to this Section 10.1(c)(i);

(ii) at any time following the End Date if the Closing shall not have occurred;

(iii) if (x) Cargill shall have breached or failed to perform any of its representations, warranties, covenants or other obligations set forth in this Agreement, which breach or failure to perform (i) would result in the failure of the conditions set forth in clauses (a) or (b) of Section 9.2 and (ii) is not cured, or cannot be cured, by Cargill within 30 calendar days following receipt of written notice of such breach or failure to perform from Mosaic (or if the End Date is less than 30 calendar days from notice by Mosaic (without giving effect to any extension), is not cured, or cannot be cured, by Cargill by the End Date (without giving effect to any extension) or (y) the MAC Trusts Exchange Agreement is not in full force and effect as of the End Date (without giving effect to any extension)); or

SECTION 10.2 *Effect of Termination.*

(a) Upon termination of this Agreement pursuant to Section 10.1, this Agreement shall forthwith become null and void, and there shall be no liability or other obligation on the part of Cargill or the Mosaic Parties or their respective Subsidiaries, or their respective Affiliates, stockholders or shareholders, controlling persons or Representatives; provided, however, that this Section 10.2, Section 7.5, Section 7.6 and Article XI shall survive termination of this Agreement in accordance with their terms; and provided further, that subject to Section 11.13(b), the forgoing shall not relieve any party from any liability for any willful and material breach by such party of any of its representatives, warranties, covenants or obligations under this Agreement prior to such termination. For the purposes of this Agreement, willful and material breach shall mean a material breach that is a consequence of an act undertaken by the breaching party with the knowledge (actual or constructive) that the taking of such action would, or would be reasonably be expected to, cause a breach of this Agreement.

(b) In the event that this Agreement is terminated:

(A) by Mosaic pursuant to Section 10.1(c)(i), so long as each day from the completion of the Closing Period through and including the date of delivery by Mosaic of the notice referred to in Section 10.1(c)(i)(y) is a Closing Condition Date (without giving effect to the provision prior to the completion of the Closing Period in the definition thereof), and no Mosaic Underwriting Failure shall have occurred during the Closing Period;

(B) by Mosaic pursuant to Section 10.1(c)(iii), unless (x) Cargill is then entitled to terminate this Agreement pursuant to clauses (i) or (ii) of Section 10.1(b) or a Mosaic Underwriting Failure shall have occurred during the Closing Period or (y) any Mosaic Party shall have breached or failed to perform any of its representations, warranties, covenants or other obligations set forth in this Agreement, and such breach or failure to perform would result in the failure of the conditions set forth in clauses (a), (b) or (c) of Section 9.3 if the Closing were to be then scheduled;

(C) by Cargill pursuant to Section 10.1(d)(iii) at a time when (x) Mosaic would be permitted to terminate this Agreement pursuant to Section 10.1(c)(i) so long as each date from the completion of the Closing Period through the date of termination by Cargill was a Closing Condition Date (without giving effect to the provision prior to the completion of the Closing Period in the definition thereof) and no Mosaic Underwriting Failure shall have occurred during the Closing Period or (y) Mosaic would be permitted to terminate this Agreement pursuant to Section 10.1(c)(iii), unless any Mosaic Party shall have breached or failed to perform any of its representations, warranties, covenants or other obligations set forth in this Agreement and such breach or failure to perform would result in the failure of the conditions set forth in clauses (a), (b) or (c) of Section 9.3 if the Closing were to be then scheduled; or

(D) by Cargill pursuant to Section 10.1(d)(iv);

then:

(i) promptly after a request therefor from Mosaic, Cargill shall reimburse Mosaic for all customary and reasonable documented, out-of-pocket fees and expenses incurred by Mosaic in connection with the negotiation by Mosaic of the terms of the Transactions and the negotiation and execution by Mosaic of the Transaction

Documents and the performance by Mosaic of its obligations thereunder required to be performed prior to termination, up to \$15 million, in the aggregate; and

(ii) Cargill shall pay to Mosaic, for the benefit of, and for payment to, the holders of Mosaic Common Stock (other than Cargill and its Subsidiaries) as set forth below, a termination fee of \$200 million (the Termination Fee); provided, however, that notwithstanding the foregoing, no Termination Fee shall be payable in the event that, in connection with the termination of this Agreement, Cargill enters into a definitive agreement with respect to an Alternative Proposal (that did not result from a material violation by Cargill of its obligations under Sections 7.8(b) or 7.8(c)) under the terms of which the holders of all of the shares of Mosaic Common Stock (other than Cargill and its Subsidiaries) will be provided with the opportunity to receive consideration for all of their shares of Mosaic Common Stock that is no less favorable on a per share basis than the consideration to be received by Cargill and its Subsidiaries for their shares of Mosaic Common Stock and at substantially the same time as, or within no more than 30 Business Days after, such consideration is to be received by Cargill and its Subsidiaries; and

(iii) if Cargill shall fail to pay the Termination Fee if and when due under this Section 10.2(b), Cargill shall reimburse Mosaic for all reasonable out-of-pocket costs and expenses actually incurred by Mosaic (including the reasonable out-of-pocket fees and expenses of counsel) to collect the Termination Fee under this Section 10.2(b).

(c) Any reimbursement or Termination Fee payment pursuant to Section 10.2(b) shall be payable by wire transfer of same day funds. Within thirty (30) Business Days of Mosaic's receipt of the Termination Fee, Mosaic shall disburse the Termination Fee (on a pro rata basis based on share ownership) to the holders of Mosaic Common Stock (other than Cargill and its Subsidiaries) as of a record date determined by Mosaic. Mosaic shall serve as disbursing and withholding agent with respect to the Termination Fee. Further, Mosaic shall be solely responsible for determining and effecting all relevant tax withholding and reporting as to the holders of Mosaic Common Stock (other than Cargill and its Subsidiaries) and timely remittance and reporting of the Termination Fee and any withholdings. Mosaic shall indemnify and hold Cargill harmless against any and all third-party tax and/or legal claims, including with respect to withholding and/or information return reporting obligations, associated with effecting payment in this manner.

(d) In the event this Agreement is terminated under circumstances in which Cargill shall be required to pay a Termination fee pursuant to Section 10.2(b) then, prior to the 6-month anniversary of the date of such termination, Cargill shall not, and shall cause its Subsidiaries to not, Transfer shares of Mosaic Common Stock constituting thirty five (35%) or more of the then outstanding shares of Mosaic Common Stock to any Person or group (as defined under Rule 13d-5 under the Exchange Act) of Persons, unless under the terms of the definitive documentation with respect to such transaction or transactions, the holders of all of the shares of Mosaic Common Stock (other than Cargill and its Subsidiaries) will be provided with the opportunity: (i) to Transfer shares of Mosaic Common Stock, in the aggregate, in the same proportion to the number of shares of Mosaic Common Stock to be Transferred by Cargill and/or its Subsidiaries and (ii) to receive consideration that is no less favorable on a per share basis than the consideration to be received by Cargill and its Subsidiaries for their shares of Mosaic Common Stock in such transaction or transactions.

SECTION 11.5 *Waivers*. SECTION 11.7 *Assignment*. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned, in whole or in part, by any of the parties without the prior written consent of the other party. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the parties hereto and their respective successors and permitted assigns. Any purported assignment not permitted under this Section 11.7 shall be null and void.

SECTION 11.8 *Successors and Assigns*. The terms and provisions of this Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and permitted assigns.

SECTION 11.9 *No Third-Party Beneficiaries*. This Agreement is for the sole benefit of the parties and their successors and permitted assigns (and with respect to Sections 4.1(c), 4.1(d), 5.7, 7.2(e), 7.2(f), 7.3(b)-(d), 7.4, 7.5, 7.6, 11.9 or 11.13(d), the MAC Trusts) and nothing herein express or implied shall give or shall be construed to confer any legal or equitable rights or remedies to any Person other than the parties to this Agreement and such successors and permitted assigns (and with respect to Sections 4.1(c), 4.1(d), 5.7, 7.2(e), 7.3(b)-(d), 7.2(f), 7.4, 7.5, 7.6, 11.9 or 11.13(d), the MAC Trusts).

SECTION 11.10 *Exhibits and Schedules*. The Exhibits and Schedules shall be construed with and as an integral part of this Agreement to the same extent as if the same had been set forth verbatim herein.

SECTION 11.11 *GOVERNING LAW*. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED IN THE STATE OF DELAWARE, REGARDLESS OF THE LAWS THAT MIGHT OTHERWISE GOVERN UNDER APPLICABLE PRINCIPLES OF CONFLICTS OF LAWS.

SECTION 11.12 *Consent to Jurisdiction; Waiver of Jury Trial*.

(a) All actions and proceedings arising out of or relating to this Agreement shall be heard and determined in the Court of Chancery of the State of Delaware or, in the event that such court does not have subject matter jurisdiction over such action or proceeding, any federal court sitting in the State of Delaware, and the parties to this Agreement irrevocably submit to the exclusive jurisdiction of such courts (and, in the case of appeals, appropriate appellate courts therefrom) in any such action or proceeding and irrevocably waive the defense of an inconvenient forum to the maintenance of any such action or proceeding. The consents to jurisdiction set forth in this paragraph shall not constitute general consents to service of process in the State of Delaware and shall have no effect for any purpose except as provided in this paragraph and shall not be deemed to confer rights on any Person other than the parties hereto. To the fullest extent permitted by applicable Law, each of the parties to this Agreement consents to service being made through the notice procedures set forth in Section 11.4 and agrees that service of any process, summons, notice or document by registered mail (return receipt requested and first-class postage prepaid) to the respective addresses of the parties set forth in Section 11.4 shall be effective service of process for any suit or proceeding in connection with this Agreement or the transactions contemplated by this Agreement. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

(b) EACH OF THE PARTIES TO THIS AGREEMENT IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT.

SECTION 11.13 *Remedies; Specific Performance*.

(a) The parties hereto agree that Cargill would suffer irreparable damage if any covenant or obligation of any of the Mosaic Parties under this Agreement were not performed in accordance with the terms hereof. Accordingly, the Mosaic Parties agree that, Cargill shall be entitled to specific performance and injunctive and

other equitable relief to prevent a breach or non-performance by any of the Mosaic Parties of its obligations under this Agreement, and the Mosaic Parties shall not object to the granting of specific performance of the terms and provisions of this Agreement or other equitable relief on the basis that there exists an adequate remedy at law, and the Mosaic Parties further agree to waive any requirement for the securing or posting of any bond in connection with the obtaining of any such injunctive or other equitable relief, this being in addition to any other remedy to which Cargill is entitled at Law or in equity. If, notwithstanding the preceding sentence, a court shall require that Cargill prove that it is entitled to specific performance, injunctive or other equitable relief to prevent a breach or non-performance of this Agreement by any Mosaic Party, Cargill's entitlement to such specific performance, injunctive or other equitable relief shall be governed by the preponderance of the evidence standard (and not the clear and convincing evidence or any other higher standard) for the burden of persuasion with respect to Cargill's entitlement to such relief.

(b) Each of the Mosaic Parties agrees, that, in the event that the Closing shall not have occurred, except as otherwise provided in Section 11.13(c), the remedies provided for in Sections 10.1 and 10.2(b) (and any actions the Mosaic Parties may take to enforce such remedies) shall be the sole and exclusive remedies of the Mosaic Parties and their respective Representatives for, and in no event may any of the Mosaic Parties or any of their respective Representatives seek to recover any other damages or seek any other legal or equitable remedy against Cargill or any of its Subsidiaries or any of their respective Representatives with respect to, any loss, claim, cause of action or damages relating to, or arising out of, or resulting from, any failure of the Merger, the Split-off, the Debt Exchanges or the Formation Offerings to occur or any inaccuracy, breach, non-performance, failure or termination of or under this Agreement or any of the other Transaction Documents.

(c) The parties hereto agree the Mosaic Parties would suffer irreparable damage if any covenant or obligation of Cargill under Sections 7.5 or 7.6 of this Agreement were not performed in accordance with the terms hereof. Accordingly, Cargill agrees that the Mosaic Parties shall be entitled to specific performance and injunctive and other equitable relief to prevent a breach or non-performance by Cargill of its obligations under Sections 7.5 or 7.6 of this Agreement, and Cargill shall not object to the granting of specific performance or other equitable relief to enforce the terms and provisions of Sections 7.5 or 7.6 of this Agreement against Cargill on the basis that there exists an adequate remedy at law, and Cargill further agrees to waive any requirement for the securing or posting of any bond in connection with the obtaining of any such injunctive or other equitable relief. If, notwithstanding the preceding sentence, a court shall require that any of the Mosaic Parties prove that it is entitled to specific performance, injunctive or other equitable relief to prevent a breach or non-performance by Cargill of Sections 7.5 or 7.6 of this Agreement, the Mosaic Parties' entitlement to such specific performance, injunctive or other equitable relief shall be governed by the preponderance of the evidence standard (and not the clear and convincing evidence or any other higher standard) for the burden of persuasion with respect to the Mosaic Parties' entitlement to such relief. The parties acknowledge that, except as set forth in this Section 11.13(c), the Mosaic Parties shall not be entitled to specific performance, injunctive or other equitable relief to prevent breaches of this Agreement by Cargill or to enforce specifically the terms and provisions of this Agreement.

(d) The MAC Trusts agree that the Mosaic Parties and Cargill would suffer irreparable damage if any covenant or obligation of the MAC Trusts under Sections 7.5 or 7.6 of this Agreement were not performed in accordance with the terms hereof. Accordingly, the MAC Trusts agree that the Mosaic Parties and Cargill shall be entitled to specific performance and injunctive and other equitable relief to prevent a breach or non-performance by any of the MAC Trusts of its obligations under Sections 7.5 or 7.6 of this Agreement, and the MAC Trusts shall not object to the granting of specific performance or other equitable relief to enforce the terms and provisions of Sections 7.5 or 7.6 of this Agreement against the MAC Trusts on the basis that there exists an adequate remedy at law, and the MAC Trusts further agree to waive any requirement for the securing or posting of any bond in connection with the obtaining of any such injunctive or other equitable relief. If, notwithstanding the preceding sentence, a court shall require that any of the Mosaic Parties or Cargill prove that it is entitled to specific performance, injunctive or other equitable relief to prevent a breach or non-performance by the MAC Trusts of Sections 7.5 or 7.6 of this Agreement, the Mosaic Parties and Cargill's entitlement to

such specific performance, injunctive or other equitable relief shall be governed by the preponderance of the evidence standard (and not the clear and convincing evidence or any other higher standard) for the burden of persuasion with respect to the Mosaic Parties and Cargill's entitlement to such relief.

SECTION 11.14 *Severability*. In the event any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and therein shall not in any way be affected or impaired thereby; provided, however, that the consummation of the Merger is not severable from the Split-off, the Initial Debt Exchange and the First Formation Offering and the consummation of the Split-off is not severable from the Merger, the Initial Debt Exchange and the First Formation Offering. The parties shall endeavor in good faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions, the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

holders of at least a majority of the voting power of the then outstanding Voting Stock (as hereafter defined), voting together as a single class. For purposes of this Restated Certificate of Incorporation, *Voting Stock* shall mean the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors.

The number of directors to constitute the whole Board of Directors shall be established as provided in the bylaws. Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the Board of Directors shall be divided into three classes designated as Class I, Class II and Class III, respectively. At the first annual meeting of stockholders, the terms of office of the Class I directors shall expire and Class I directors shall be elected for a full term of three years. At the second annual meeting of the stockholders, the term office of the Class II directors shall expire and Class II directors shall be elected for a full term of three years. At the third annual meeting of stockholders, the term of office for the Class III directors shall expire and Class III directors shall be elected for a full term of three years. At each succeeding annual meeting of stockholders, directors shall be elected for a full term of three years to succeed the directors of the class whose terms expire at such annual meeting. The Board of Directors is authorized to assign members of the Board of Directors already in office to such classes at the time such classification becomes effective.

Notwithstanding the foregoing provisions of this section, each director shall serve until his successor is duly elected and qualified or until his death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director. If the number of directors is hereafter changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, except as may be expressly provided as to any directors who may be elected by the holders of any series of Preferred Stock.

ARTICLE IX

STOCKHOLDER ACTION BY WRITTEN CONSENT

Action shall be taken by the stockholders of the Corporation only at annual or special meetings of the stockholders, and stockholders may not act by written consent; *provided, however*, that any action required or permitted to be taken by stockholders for or in connection with any action set forth in Section 2(D)(2) of Article IV and recommended by the Board of Directors may be taken without a meeting if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of the applicable classes and/or series of shares of Class A Common Stock and/or Class B Common Stock representing the Requisite Votes (in addition to the holders of outstanding shares of Company Common Stock representing the minimum number of votes that are otherwise required under applicable law or this Restated Certificate of Incorporation) and shall otherwise comply with the procedures set forth in the bylaws of the Corporation. Special meetings of the stockholders may only be called as provided in the bylaws.

ARTICLE X

3) That the foregoing amendment and restatement was approved by the holders of the requisite number of shares of this corporation in accordance with Section 228 of the DGCL.

**ARTICLE I
MEETINGS OF STOCKHOLDERS**

SECTION 1.1. **Annual Meeting.** An annual meeting of the stockholders, for the election of directors and for the transaction of such other business as may properly come before the meeting, shall be held at such place, on such date, and at such time as the Board of Directors shall each year fix. The Board of Directors may, in its sole discretion, determine that the meeting shall not be held at any place, but shall be held solely by means of remote communication, subject to such guidelines and procedures as the Board of Directors may adopt, as permitted by applicable law. Subject to Section 1.7, any other proper business may be transacted at an annual meeting.

SECTION 1.2. **Special Meetings.**

(a) Special meetings of the stockholders, for any purpose or purposes prescribed in the notice of the meeting, may be called by (x) the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board for adoption), or (y) the Chairman of the Board, and shall be held at such place, on such date, and at such time as the Board of Directors shall fix. Business transacted at special meetings shall be confined to the purpose or purposes stated in the notice.

(b) The Board of Directors may, in its sole discretion, determine that the special meeting shall not be held at any place, but shall be held solely by means of remote communications, subject to such guidelines and procedures as the Board of Directors may adopt, as permitted by applicable law.

SECTION 1.3. **Notice of Meetings.** Written notice of the place, date, and time of all meetings of the stockholders, the means of remote communication, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called shall be given, not less than ten (10) nor more than sixty (60) days before the date on which the meeting is to be held, to each stockholder of record entitled to vote at such meeting, except as otherwise provided herein or required by law (meaning, here and hereinafter, as required from time to time by the General Corporation Law of the State of Delaware, as may be amended from time to time (the General Corporation Law) or the Restated Certificate of Incorporation of the Corporation (the Restated Certificate of Incorporation)).

When a meeting is adjourned to another place, date or time, written notice need not be given of the adjourned meeting if the place, date and time thereof and the means of remote communication, if any, by which stockholders and proxyholders may be deemed present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken; provided, however, that if the date of any adjourned meeting is more than thirty (30) days after the date for which the meeting was originally noticed, or if a new record date is fixed for the adjourned meeting, written notice of the place, date, and time of the adjourned meeting shall be given in conformity herewith. At any adjourned meeting, any business may be transacted which might have been transacted at the original meeting.

SECTION 1.4. **Quorum.** At any meeting of the stockholders, the holders of a majority of all of the shares of the stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for all purposes,

Table of Contents

unless or except to the extent that the presence of a larger number may be required by law. If a quorum is present when a meeting is convened, the subsequent withdrawal of stockholders, even though less than a quorum remains, shall not affect the ability of the remaining stockholders lawfully to transact business.

If a quorum shall fail to attend any meeting, the chairman of the meeting or the holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, may adjourn the meeting to another place, date, or time until a quorum is present.

SECTION 1.5. Organization. The Chairman of the Board or such person as the Board of Directors may have designated or, in the absence of such a person, the Chief Executive Officer of the Corporation, or in the absence of such officer, the President of the Corporation or, in the absence of such officer, such person as may be chosen by the holders of a majority of the shares entitled to vote who are present, in person or by proxy, shall call to order any meeting of the stockholders and act as chairman of the meeting. The secretary of the meeting shall be such person as the chairman appoints.

SECTION 1.6. Conduct of Business; Remote Communication. The chairman of any meeting of stockholders shall determine the order of business and the rules, regulations and procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him in order.

If authorized by the Board of Directors in accordance with these Bylaws and applicable law, stockholders and proxyholders not physically present at a meeting of stockholders may, by means of remote communication, (1) participate in a meeting of stockholders and (2) be deemed present in person and vote at a meeting of stockholders, whether such meeting is to be held at a designated place or solely by means of remote communication, provided that (i) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a stockholder or proxyholder, (ii) the Corporation shall implement reasonable measures to provide such stockholders and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (iii) if any stockholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

SECTION 1.7. Notice of Stockholder Business.

(a) At an annual meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (b) properly brought before the meeting by or at the direction of the Board of Directors, or (c) properly brought before an annual meeting by a stockholder. For business to be properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal offices of the Corporation no more than one hundred twenty (120) days and no less than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting (provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within thirty (30) days from the anniversary date of the preceding year's annual meeting date, written notice by a stockholder in order to be timely must be received by the later of (x) the twentieth (20th) day following the day on which the first public disclosure of the date of the annual meeting was made or (y) ninety (90) days prior to the date of such annual meeting). Delivery shall be by hand or by certified or registered mail, return receipt requested. In no event shall the public disclosure of an adjournment of an annual meeting commence a new time period for the giving of stockholder's notice as described above.

(b) A stockholder's notice to the Secretary with respect to an annual meeting shall set forth as to each matter the stockholder proposes to bring before the annual or special meeting (1) a brief description of the business desired to be brought before the annual or special meeting and the reasons for conducting such business at the

Table of Contents

annual or special meeting, (2) the name and address, as they appear on the Corporation's books, of the stockholder proposing such business, (3) a representation that the stockholder is a holder of record of shares of stock of the Corporation entitled to vote with respect to such business and intends to appear in person or by proxy at the meeting to move the consideration of such business, (4) the class and number of shares of the Corporation which are beneficially owned by the stockholder, and (5) any material interest of the stockholder in such business.

(c) Notwithstanding anything in these Bylaws to the contrary, no business shall be conducted at an annual or special meeting except in accordance with the procedures set forth in this Section 1.7. The Chair of an annual or special meeting shall, if the facts warrant, determine and declare to the meeting that business was not so properly brought before the meeting, and in such event, such business not properly brought before the meeting shall not be transacted.

SECTION 1.8. Proxies and Voting. At any meeting of the stockholders, every stockholder entitled to vote may vote in person or by proxy authorized by an instrument in writing filed in accordance with the procedure established for the meeting.

Each stockholder shall have one vote for every share of stock entitled to vote which is registered in his name on the record date for the meeting, except as otherwise provided herein or required by law.

All voting, including on the election of directors, and except where otherwise required by law, may be by a voice vote; provided, however, that upon demand therefor by a stockholder entitled to vote or by his proxy, a stock vote shall be taken. Every stock vote shall be taken by ballots, each of which shall state the name of the stockholder or proxy voting and such other information as may be required under the procedure established for the meeting. Every vote taken by ballots shall be counted by an inspector or inspectors appointed by the chairman of the meeting.

All elections shall be determined by a plurality of the votes cast, and except as otherwise required by law, the Restated Certificate of Incorporation or these Bylaws, all other matters shall be decided by the vote of the holders of stock having a majority of the votes cast by the holders of all stock entitled to vote on such question which are present in person or proxy at the meeting.

SECTION 1.9. Stock List. A complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order for each class of stock and showing the address of each such stockholder and the number of shares registered in his name, shall be open to the examination of any such stockholder, for any purpose germane to the meeting, for a period of at least ten days prior to the meeting: (i) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (ii) during ordinary business hours, at the principal place of business of the Corporation. In the event that the Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held at a place, the list shall also be produced and kept at the time and place of the meeting during the whole time thereof and may be inspected by any stockholder who is present. If the meeting is to be held solely by means of remote communication, the list shall be open to the examination of any stockholder during the whole time thereof on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting. The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list of stockholders or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

ARTICLE II

BOARD OF DIRECTORS

SECTION 2.1. Number and Term of Office. The number of directors and term of office shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by a majority of the total

Table of Contents

number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board for adoption). The number of directors shall be twelve (12) until otherwise fixed. Each director shall hold office until his successor is elected and qualified or until his earlier death, resignation, retirement, disqualification or removal.

SECTION 2.2. Vacancies and Newly Created Directorships. Subject to the rights of the holders of any series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors above thirteen (13) may be filled only by the stockholders at an annual or special meeting of stockholders by the vote of a plurality of the shares entitled to vote for the election of directors at such annual or special meeting. Any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, or other cause (other than (x) as a result of an increase in the authorized number of directors above thirteen (13) or (y) one or more directors removal from office by a vote of the stockholders) may be filled only by a majority vote of the directors then in office, though less than a quorum. Any director chosen in accordance with this Section 2.2 shall hold office for a term expiring at the next annual meeting of stockholders at which the class of directors of such director is elected, in the case of a newly created directorship resulting from any increase in the authorized number of directors, or for the remainder of the term of the director he or she is replacing. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

SECTION 2.3. Removal and Resignation. Subject to the rights of the holders of any series of Preferred Stock then outstanding, any director, or the entire Board of Directors, may be removed from office at any time, only for cause, and only by the affirmative vote of the holders of at least a majority of the voting power of its then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class. Vacancies in the Board of Directors resulting from such removal may be filled by (i) a majority of the directors then in office, though less than a quorum, or (ii) the stockholders at a special meeting of the stockholders properly called for that purpose, by the vote of the holders of a plurality of the shares entitled to vote at such special meeting. A director so chosen shall hold office until the next annual meeting of stockholders at which the class of directors of such director is elected.

Any director may resign at any time by giving written notice to the Chairman of the Board, if any, the President or the Secretary. Unless otherwise stated in a notice of resignation, it shall take effect when received by the officer to whom it is directed, without any need for its acceptance.

SECTION 2.4. Regular Meetings. Unless otherwise determined by the Board of Directors, a regular annual meeting of the Board of Directors shall be held, without call or notice, immediately after and, if the annual meeting of stockholders is held at a place, at the same place as the annual meeting of stockholders, for the purpose of organizing the Board of Directors, electing officers and transacting any other business that may properly come before such meeting. Additional regular meetings of the Board of Directors shall be held at such place or places, on such date or dates, and at such time or times as shall have been established by the Board of Directors and publicized among all directors. A notice of each regular meeting shall not be required.

SECTION 2.5. Special Meetings. Special meetings of the Board of Directors may be called by three (3) of the directors then in office, by the Chairman of the Board or by the Chief Executive Officer and shall be held at such place, on such date, and at such time as may be fixed by the person or persons calling the special meeting. Notice of the place, date, and time of each such special meeting shall be given to each director who does not waive the right to a notice by (i) mailing written notice not less than five (5) days before the meeting, (ii) sending notice one (1) day before the meeting by an overnight courier service and two (2) days before the meeting if by overseas courier service, or (iii) by telephoning, telecopying, telegraphing, electronically transmitting or personally delivering the same not less than twenty-four (24) hours before the meeting. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting.

SECTION 2.6. Quorum. At any meeting of the Board of Directors, a majority of the total number of authorized directors shall constitute a quorum for all purposes. If a quorum shall fail to attend any meeting, a majority of those present may adjourn the meeting to another place, date, or time, without further notice or waiver thereof.

SECTION 2.7. Participation in Meetings by Conference Communications Equipment. Members of the Board of Directors, or of any committee of the Board of Directors, may participate in a meeting of such Board or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

SECTION 2.8. Conduct of Business. At any meeting of the Board of Directors, business shall be transacted in such order and manner as the Board may from time to time determine, and all matters shall be determined by the vote of a majority of the directors present at a meeting at which a quorum is present, except as otherwise provided herein or required by law.

SECTION 2.9. Powers. The Board of Directors may, except as otherwise required by law, exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, including, without limiting the generality of the foregoing, the unqualified power:

- (a) To declare dividends from time to time in accordance with law;
- (b) To purchase or otherwise acquire any property, rights or privileges on such terms as it shall determine;
- (c) To authorize the creation, making and issuance, in such form as it may determine, of written obligations of every kind, negotiable or non-negotiable, secured or unsecured, and to do all things necessary in connection therewith;
- (d) To remove any officer of the Corporation with or without cause, and from time to time to pass on the powers and duties of any officer upon any other person for the time being;
- (e) To confer upon any officer of the Corporation the power to appoint, remove and suspend subordinate officers, employees and agents;
- (f) To adopt from time to time such stock option, stock purchase, bonus or other compensation plans for directors, officers, employees and agents of the Corporation and its subsidiaries as it may determine;
- (g) To adopt from time to time such insurance, retirement, and other benefit plans for directors, officers, employees and agents of the Corporation and its subsidiaries as it may determine; and
- (h) To adopt from time to time regulations, not inconsistent with these Bylaws, for the management of the Corporation's business and affairs.

SECTION 2.10. Action Without Meeting. Unless otherwise restricted by the Restated Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors, or of any committee thereof, may be taken without a meeting if all members of the Board of Directors or such committee, as the case may be, consent thereto in writing (which may be in counterparts) or by electronic transmission, and the written consent or consents or electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or such committee. Such filing shall be made in paper form if the minutes of the Corporation are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

SECTION 2.11. Compensation of Directors. Directors, as such, may receive, pursuant to resolution of the Board of Directors or a committee of the Board of Directors, reimbursement of their reasonable expenses, if any, of attendance at meetings and fixed fees and other compensation for their services as directors, including, without limitation, their services as members of committees of the Board of Directors.

SECTION 2.12. Nomination of Director Candidates. (a) Subject to any limitations stated in the Restated Certificate of Incorporation, nominations for the election of directors may be made by the Board of Directors or a proxy committee appointed by the Board of Directors or by any stockholder entitled to vote in the election of directors generally who complies with the notice procedures set forth in this Section 2.12. Any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at an annual meeting of stockholders or a special meeting of stockholders at which directors are to be elected pursuant to the Corporation's notice of meeting only if written notice of such stockholder's intent to make such nomination or nominations has been timely given, to the Secretary of the Corporation. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal offices of the Corporation (i), with respect to an election to be held at an annual meeting of stockholders, no more than one hundred twenty (120) days and no less than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting (provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within thirty (30) days from the anniversary date of the preceding year's annual meeting, written notice by a stockholder in order to be timely must be received by the later of (x) the twentieth (20th) day following the day on which the first public disclosure of the date of the annual meeting was made or (y) ninety (90) days prior to the date of such annual meeting), and (ii), with respect to the election to be held at a special meeting of stockholders for the election of directors, prior to the close of business on the tenth (10th) day following the date on which the first public disclosure of the date of the special meeting was made or in accordance with Section 1.2. Delivery shall be by hand, or by certified or registered mail, return receipt requested. In no event shall the public announcement of an adjournment of any annual or special meeting commence a new time period for giving of a stockholder notice as described above.

(b) A stockholder's notice to the Secretary shall set forth (x) as to each person whom the stockholder proposes to nominate for election or re-election as a director: (1) the name, age, business address and residence address of such person, (2) the principal occupation or employment of such person, (3) the class and number of shares of stock of the Corporation which are beneficially owned by such person, (4) any other information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such person as a director of the Corporation pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, had the nominee been nominated by the Board of Directors, and (5) such person's written consent to being named in any proxy statement as a nominee and to serving as a director if elected; and (y) as to the stockholder giving notice: (1) the name and address, as they appear on the Corporation's records, of such stockholder, (2) the class and number of shares of stock of the Corporation which are beneficially owned by such stockholder (determined as provided in clause (x)(3) above), (3) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote on the election of directors at such meeting and that such stockholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, and (4) a description of all agreements, arrangements or understandings between the stockholder and each nominee of the stockholder and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder.

(c) At the request of the Board of Directors any person nominated by the Board of Directors for election as a director shall furnish to the Secretary that information required to be set forth in a stockholder's notice of nomination which pertains to the nominee. The Corporation may require any proposed nominee of the Board of Directors to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as a director of the Corporation.

(d) The presiding officer of the meeting shall refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

The Audit Committee shall be comprised entirely of Non-Associated Directors, all of whom satisfy the applicable independence requirements of the New York Stock Exchange applicable to audit committees. The Corporate Governance and Nominating Committee shall be comprised of a majority of Non-Associated Directors. The Chairman of the Compensation Committee, if there be such an officer, shall be a Non-Associated Director and, if required by Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 16 of the Securities Exchange Act of 1934, as amended, all other members of the Compensation Committee shall be Non-Associated Directors. The term Non-Associated Director shall mean a member of the Board of Directors who would be considered an independent director of the Corporation under (a) Section 303A.02 of the New York Stock Exchange Listed Company Manual and (b) the applicable rules and regulations of the Securities and Exchange Commission.

Any committee so designated may exercise the power and authority of the Board of Directors to declare a dividend, to authorize the issuance of stock or to adopt a certificate of ownership and merger if the resolution which designates the committee or a supplemental resolution of the Board of Directors shall so provide. In the absence or disqualification of any member of any committee and any alternate member in his place, the member or members of the committee present at the meeting and not disqualified from voting, whether or not a quorum, may by unanimous vote appoint another member of the Board of Directors to act at the meeting in the place of the absent or disqualified member.

SECTION 3.2. Conduct of Business. Each committee may determine the procedural rules for meeting and conducting its business and shall act in accordance therewith, except as otherwise provided herein or required by law. In the absence of such rules, each committee shall conduct its business in the same manner as the Board of Directors conducts its business pursuant to Article II of these Bylaws.

SECTION 5.1. Certificates of Stock. Each stockholder shall be entitled to a certificate signed by, or in the name of the Corporation by, the Chief Executive Officer, the President or a Vice President, and the Secretary, an Assistant Secretary or the Treasurer, certifying the number of shares owned by him or her. Any or all the signatures on the certificate may be facsimile. In case any officer, transfer agent, or registrar who has signed or whose facsimile, stamp or other imprint signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such officer, transfer agent, or registrar continued to be such at the date of issue.

SECTION 5.2. Transfers of Stock. Upon surrender to the Corporation or the transfer agent of the Corporation of a certificate for stock of the Corporation duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer or, if the relevant stock certificate is claimed to have been lost, stolen or destroyed, upon compliance with the provisions of Section 5.4 of these Bylaws, and upon payment of applicable taxes with respect to such transfer, and in compliance with any restrictions on transfer applicable to such stock certificate or the shares represented thereby of which the Corporation shall have notice and subject to such rules and regulations as the Board of Directors may from time to time deem advisable concerning the transfer and registration of stock certificates, the Corporation shall issue a new certificate or certificates for such stock to the person entitled thereto, cancel the old certificate and record the transaction upon its books. Transfers of stock shall be made only upon the transfer books of the Corporation kept at an office of the Corporation or by transfer agents designated to transfer shares of the stock of the Corporation.

SECTION 5.3. Record Date. The Board of Directors may fix a record date, which shall not be more than sixty (60) nor fewer than ten (10) days before the date of any meeting of stockholders, nor more than sixty (60) days prior to the time for the other action hereinafter described, as of which there shall be determined the stockholders who are entitled: (i) to notice of or to vote at any meeting of stockholders or any adjournment thereof; (ii) to receive payment of any dividend or other distribution or allotment of any rights; (iii) to exercise any rights with respect to any change, conversion or exchange of stock; or (iv) to take, receive or participate in any other lawful action.

If no record date is fixed, (i) the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held; and (ii) the record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting, but the Board of Directors may fix a new record date for the adjourned meeting.

SECTION 5.4. Lost, Stolen or Destroyed Certificates. In the event of the loss, theft or destruction of any certificate of stock, the Corporation may issue a new certificate for stock in the place of any such certificate, and the Corporation may require the owner of the lost, stolen or destroyed certificate, or such stockholder's legal representative, to give the Corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

SECTION 5.5. Stockholders of Record. The Corporation shall be entitled to treat the holder of record of any stock of the Corporation as the holder thereof and shall not be bound to recognize any equitable or other claim to or interest in such stock on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise required by the laws of the State of Delaware.

SECTION 5.6. Regulations. The issue, transfer, conversion and registration of certificates of stock shall be governed by such other regulations as the Board of Directors may establish.

ARTICLE VI

NOTICES

SECTION 6.1. Notices. Except as otherwise specifically provided herein or required by law, all notices required to be given to any stockholder, director, officer, employee or agent shall be in writing and may in every instance be effectively given by hand delivery to the recipient thereof, by depositing such notice in the mails, postage paid, or by sending such notice by prepaid telegram, mailgram or commercial courier service or any other reliable means permitted by applicable law (including, subject to the next paragraph, electronic transmission). Any such notice shall be addressed to such stockholder, director, officer, employee or agent at his last known address as the same appears on the books of the Corporation. The time when such notice is received by such stockholder, director, officer, employee or agent, or by any person accepting such notice on behalf of such person, if hand delivered, or dispatched, if delivered through the mails or by telegram, courier or mailgram, shall be the time of the giving of the notice. Such requirement for notice shall also be deemed satisfied, except in the case of stockholder meetings, if actual notice is received orally or by other writing by the person entitled thereto as far in advance of the event with respect to which notice is being given as the minimum notice period required by law or these Bylaws.

Without limiting the foregoing, any notice to stockholders given by the Corporation pursuant to these Bylaws shall be effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice to the Corporation and shall also be deemed revoked if (1) the Corporation is unable to deliver by electronic transmission two consecutive notices given by the Corporation in accordance with such consent and (2) such inability becomes known to the Secretary of the Corporation, the transfer agent or other person responsible for the giving of notice; provided, however, that the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action. Notice given by a form of electronic transmission in accordance with these Bylaws shall be deemed given: (i) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (ii) if by electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice; (iii) if by a posting on an electronic network, together with separate notice to the stockholder of such specific posting, upon the later of such posting and the giving of such separate notice; and (iv) if by another form of electronic transmission, when directed to the stockholder.

SECTION 6.2. Waivers. A written waiver of any notice, signed by a stockholder, director, officer, employee or agent, whether before or after the time of the event for which notice is to be given, shall be deemed equivalent to the notice required to be given to such stockholder, director, officer, employee or agent. Neither the business nor the purpose of any meeting need be specified in such a waiver. Attendance of a person at a meeting shall constitute a waiver of notice for such meeting, except when the person attends a meeting for the express purpose of objecting, and does in fact object, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

ARTICLE VII

MISCELLANEOUS

SECTION 7.1. Facsimile Signatures. In addition to the provisions for use of facsimile signatures elsewhere specifically authorized in these Bylaws, facsimile signatures of any officer or officers of the Corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

Table of Contents

SECTION 7.2. Corporate Seal. The Board of Directors may provide a suitable seal, containing the name of the Corporation, which seal shall be in the charge of the Secretary. If and when so directed by the Board of Directors or a committee thereof, duplicates of the seal may be kept and used by the Treasurer or by an Assistant Secretary or other officer designated by the Board of Directors.

SECTION 7.3. Reliance Upon Books, Reports and Records. Each director, each member of any committee designated by the Board of Directors, and each officer of the Corporation shall, in the performance of his duties, be fully protected in relying in good faith upon the books of account or other records of the Corporation, including reports made to the Corporation by any of its officers, by an independent certified public accountant, or by an appraiser.

SECTION 7.4. Fiscal Year. The fiscal year of the Corporation shall be determined by resolution of the Board of Directors.

SECTION 7.5. Time Periods. In applying any provision of these Bylaws which require that an act be done or not done a specified number of days prior to an event or that an act be done during a period of a specified number of days prior to an event, calendar days shall be used, the day of the doing of the act shall be excluded, and the day of the event shall be included.

SECTION 7.6. Form of Records. Any records maintained by the Corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or be in electronic format or any other information storage device, provided that the records so kept can be converted into clearly legible form within a reasonable time. The Corporation shall so convert any records so kept upon the request of any person entitled to inspect the same.

SECTION 7.7. Transactions With Interested Parties. No contract or transaction between the Corporation and one or more of the directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of the directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or a committee of the Board of Directors at which the contract or transaction is authorized or solely because any such director's or officer's votes are counted for such purpose if (a) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and (b) the Board of Directors or the committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum. Interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

SECTION 7.8. Definitions. (a) For purposes of these Bylaws, electronic transmission means any form of communication, not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process.

(b) For purposes of these Bylaws, public disclosure shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service, or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Securities Exchange Act of 1934, as amended.

ARTICLE VIII

INDEMNIFICATION OF DIRECTORS AND OFFICERS

SECTION 8.1. Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative

Table of Contents

or investigative (Proceeding), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, whether the basis of such Proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment) against all expenses, liability and loss (including attorneys fees, judgments, fines, penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person in connection therewith and such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators; provided, however, that, except as provided in Section 8.2, the Corporation shall indemnify any such person seeking indemnity in connection with a Proceeding (or part thereof) initiated by such person only if such Proceeding (or part thereof) was authorized by the Board of Directors of the Corporation. Such right shall be a contract right enforceable by each such person, and shall include the right to be paid by the Corporation expenses incurred in defending or otherwise responding to (e.g., as a witness or subpoenaed party) any such Proceeding in advance of its final disposition to the extent not prohibited by the Sarbanes-Oxley Act of 2002; provided, however, that, if required by the General Corporation Law, the payment of such expenses incurred by a director or officer in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer, including, without limitation, service to an employee benefit plan) in advance of the final disposition of such Proceeding, shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such director or officer, to repay all amounts so advanced if it should be determined ultimately that such director or officer is not entitled to be indemnified under this Section 8.1 or otherwise.

Any indemnification as provided herein (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of a director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in the General Corporation Law. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (2) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the stockholders.

For purposes of this Article VIII: (i) any reference to other enterprise shall include all plans, programs, policies, agreements, contracts and payroll practices and related trusts for the benefit of or relating to employees of the Corporation and its related entities (employee benefit plans); (ii) any reference to fines , penalties , liability and expenses shall include any excise taxes, penalties, claims, liabilities and reasonable expenses (including reasonable legal fees and related expenses) assessed against or incurred by a person with respect to any employee benefit plan; (iii) any reference to serving at the request of the Corporation shall include any service as a director, officer, employee or agent of the Corporation or trustee or administrator of any employee benefit plan which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants, beneficiaries, fiduciaries, administrators and service providers; and (iv) any reference to serving at the request of the Corporation as a director, officer, employee or agent of a partnership or trust shall include service as a partner or trustee.

SECTION 8.2. Right of Claimant to Bring Suit. If a claim for indemnification or advancement of expenses under Section 8.1 is not paid in full by the Corporation within ninety (90) days after a written claim therefor has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any Proceeding in advance of its final disposition

Table of Contents

where the required undertaking, if any, has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the General Corporation Law for the Corporation to indemnify the claimant for the amount claimed. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct.

SECTION 8.3. Indemnification of Employees and Agents. The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification, and to the advancement of related expenses to the extent not prohibited by the Sarbanes-Oxley Act of 2002, to any employee or agent of the Corporation to the fullest extent of the provisions of this Article VIII with respect to the indemnification of and advancement of expenses to directors and officers of the Corporation.

SECTION 8.4. Non-Exclusivity of Rights. The rights conferred on any person by Sections 8.1, 8.2 and 8.3 shall not be exclusive of any other right which such persons may have or hereafter acquire under any statute, provisions of the Restated Certificate of Incorporation, bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

SECTION 8.5. Indemnification Contracts. The Board of Directors is authorized to enter into a contract with any director, officer, employee or agent of the Corporation, or any person serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, including employee benefit plans, providing for indemnification and expense advancement rights at least equivalent to those provided for in this Article VIII.

SECTION 8.6. Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any such director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expenses, liability or loss under the General Corporation Law.

SECTION 8.7. Effect of Amendment. Any amendment, repeal or modification of any provision of this Article VIII by the stockholders or the directors of the Corporation shall not adversely affect any right or protection of any present or former director or officer of the Corporation existing pursuant to this Article VIII at the time of such amendment, repeal or modification without the prior written consent of such present or former director or officer whose rights or protections would be adversely affected by such amendment, repeal or modification.

SECTION 8.8. Savings Clause. If this Article VIII or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each director, officer, employee and agent of the Corporation as to costs, charges and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement with respect to any action, suit or proceeding, whether civil, criminal, administrative or investigative, including an action by or in the right of the Corporation, to the fullest extent permitted by any applicable portion of this Article VIII that shall not have been invalidated and to the fullest extent permitted by applicable law.

ARTICLE IX

AMENDMENTS

The Board of Directors is expressly empowered to adopt, amend, alter or repeal the Bylaws of the Corporation, subject to the right of the stockholders to adopt, amend, alter or repeal the Bylaws of the

Corporation; provided, however, that the Board of Directors may make no such adoption, amendment, alteration or repeal of, or that is inconsistent with the terms of Section 8.7. Any adoption, amendment or repeal of the Bylaws of the Corporation by the Board of Directors permitted under this Article IX shall require the approval of a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any resolution providing for adoption, amendment or repeal is presented to the Board). The stockholders shall also have power to adopt, amend, alter or repeal the Bylaws of the Corporation.

2. Registration Rights.

2.1. Formation Offerings.

(a) General. In advance of the Mosaic Shareholders Meeting or such other time as shall be agreed by Cargill and Mosaic and the MAC Trusts, the Company and Mosaic shall prepare and file with the SEC a Registration Statement (which, if permitted at such time, shall be a Shelf Registration Statement) providing for the registration of the maximum number of Registrable Securities that may be offered and sold by the MAC Trusts, Exchanging Cargill Debt Holders, Cargill and, if applicable, the Company in the Formation Offerings. The Company and Mosaic shall cause such Registration Statement to become effective under the Securities Act on the date of filing thereof (if such Registration Statement is an automatic shelf registration statement) or use their reasonable best efforts to cause such Registration Statement to be declared effective as promptly as practicable after the filing thereof (if such Registration Statement is not an automatic shelf registration statement). The Company and

Mosaic shall use their reasonable best efforts (including by preparing and filing such amendments and supplements to such Registration Statement and the prospectus included therein (or any replacement Registration Statement)) as may be necessary to comply with the Securities Act and the rules and regulations thereunder to (x) keep such Registration Statement (or a replacement Registration Statement) continuously effective until at least the earlier of (i) the second anniversary of the Closing Date and (ii) the completion of the Second Formation Offering (or, if applicable, the Third Formation Offering or Fourth Formation Offering), (y) allow for the disposition by the MAC Trusts, Exchanging Cargill Debt Holders and Cargill of the Registrable Securities in the Formation Offerings in accordance with Sections 2.1(b), 2.1(c), 2.1(d) and 2.1(e) (it being understood and agreed that the only Registrable Securities entitled to be included by the MAC Trusts in the Formation Offerings in accordance with Sections 2.1(b), 2.1(c), 2.1(d) and 2.1(e) shall be the aggregate number of shares of Common Stock and Company Series A-4 Common Stock received by the MAC Trusts pursuant to the Split-Off and any Consent Shares), and (z) otherwise comply with the applicable requirements of the Securities Act and the rules and regulations thereunder; provided, however, that the Company may replace such Registration Statement with a new Registration Statement as permitted by applicable securities Laws so long as a Registration Statement remains effective at all times as required pursuant to this Section 2.1(a).

(b) First Formation Offering. The Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause an underwritten offering of Registrable Securities to be consummated on the Closing Date after the consummation of the Split-off and the Initial Debt Exchange (such offering, the First Formation Offering), subject to the provisions set forth in this Section 2.1(b).

(i) Each of the Company, the MAC Trusts (with the MAC Trusts acting jointly) and Cargill shall be entitled to select one joint book-running managing underwriter (for a total of up to three book-running managing underwriters) for the First Formation Offering, and each of the other underwriters for the First Formation Offering shall be jointly selected by the Company and Cargill, in each case in consultation with the MAC Trusts and the joint book-running managing underwriters. Each of the joint book-running managing underwriters for the First Formation Offering shall be entitled to participate in due diligence, structuring, marketing, general execution, pricing and book-building in connection with such offering; provided that the maximum number of Registrable Securities that may be included in such offering, including the number of Registrable Securities included in any over-allotment option associated with such offering (such maximum number, the First Formation Offering Maximum Sale Number), shall be jointly determined by the book-running managing underwriters selected by the Company and Cargill, in consultation with the book-running managing underwriter selected by the MAC Trusts. Subject to the foregoing, the book-running managing underwriter selected by Cargill shall be the Lead Manager for the First Formation Offering, shall lead the due diligence, structuring, marketing and general execution of the First Formation Offering and shall have the exclusive right to release Persons from the First Formation Offering Underwriters Lock-up.

(ii) Unless otherwise agreed by the MAC Trusts (with the MAC Trusts acting jointly) and Cargill, (x) the MAC Trusts, in the aggregate, shall include in the First Formation Offering 7.5 million MAC Trusts Registrable Securities delivered to the MAC Trusts as shares of Company Common Stock in the Split-off; (y) Exchanging Cargill Debt Holders shall include in the First Formation Offering such number of Cargill Registrable Securities as shall be determined by Cargill (with the allocation amongst the Exchanging Cargill Debt Holders of such Cargill Registrable Securities to be determined by Cargill) and set forth in the underwriting agreement or agreements entered into in connection with the First Formation Offering; provided, however, that the maximum number of Cargill Registrable Securities that may be included in the First Formation Offering shall not exceed the First Formation Offering Maximum Sale Number less the number of MAC Trusts Registrable Securities being included in the First Formation Offering pursuant to clause (x) above; and (z) to the extent that the First Formation Offering Maximum Sale Number exceeds the number of Registrable Securities being included in the First Formation Offering pursuant to clauses (x) and (y) above, the MAC Trusts, in the aggregate, shall be entitled to include in the First Formation Offering a number of additional MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock up to such excess. Unless agreed by Cargill and the MAC Trusts (with the MAC Trusts

acting jointly), the Company shall not include any securities in the First Formation Offering (for the account of the Company or any other Person), except in accordance with this Section 2.1(b)(ii).

(iii) Cargill and the Company shall be entitled, in each case in consultation with the MAC Trusts, to (a) conduct the negotiations with the underwriters with respect to the pricing, the Underwriting Fees and the other terms of the underwriting agreement for the First Formation Offering, and (b) conduct the negotiations with the underwriters with respect to the terms of the underwriters' lock-up associated with the First Formation Offering (it being agreed that the underwriters' lock-up period associated with the First Formation Offering (the First Formation Offering Underwriters' Lock-up) shall expire no later than 180 days after the Closing Date)).

(c) Second Formation Offering. Unless a Compelling Reason shall have occurred and shall continue to exist, the Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause an underwritten offering of Registrable Securities to be consummated during the Second Formation Offering Period (such offering, the Second Formation Offering), subject to the provisions of this Section 2.1(c). The exact timing of the Second Formation Offering during the Second Formation Offering Period shall be determined in good faith by the Company, in consultation with the joint book-running managing underwriters selected by Cargill, the Company and the MAC Trusts based on market conditions; provided, that if Cargill desires to effect a Follow-on Debt Exchange in connection with the Second Formation Offering, the Second Formation Offering shall be timed in consultation with Cargill so as to allow Cargill to consummate the Follow-on Debt Exchange in a manner consistent in all material respects with the terms, conditions and structure set forth in the Private Letter Ruling and the IRS Ruling Submission (both as defined in the Merger and Distribution Agreement) immediately prior to the consummation of the Second Formation Offering. If a Compelling Reason shall exist at any time during the Second Formation Offering Period, the Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause the Second Formation Offering to be consummated as promptly as practicable after such Compelling Reason ceases to exist (but in no event shall the Second Formation Offering be required or permitted to occur after the fifteen (15) month anniversary of the Closing Date). For the avoidance of doubt, the Company's and Mosaic's obligation to cause a Second Formation Offering to be effected pursuant to this Section 2.1(c) shall not be deemed satisfied by the occurrence of any S&P 500 Index Inclusion Offering.

(i) Each of the Company, the MAC Trusts (with the MAC Trusts acting jointly) and Cargill (if Cargill Registrable Securities are to be included in the Second Formation Offering) shall be entitled to select one joint book-running managing underwriter (for a total of up to three book-running managing underwriters) for the Second Formation Offering, and, if Cargill Registrable Securities are not to be included in the Second Formation Offering, each of the other underwriters for the Second Formation Offering shall be selected by the Company (provided that one of such other underwriters shall be an underwriter selected by Cargill) or, if Cargill Registrable Securities are to be included in the Second Formation Offering, each of the other underwriters for the Second Formation Offering shall be jointly selected by the Company and Cargill, in each case in consultation with the MAC Trusts and the joint book-running managing underwriters. Each of the joint book-running managing underwriters for the Second Formation Offering shall be entitled to participate in due diligence, structuring, marketing, general execution, pricing and book-building in connection with such offering; provided that the maximum number of Registrable Securities that may be included in such offering, including the number of Registrable Securities to be included in any over-allotment option associated with such offering (such maximum number, the Second Formation Offering Maximum Sale Number), shall be determined by the book-running managing underwriter selected by the Company, in consultation with the book-running underwriter selected by the MAC Trusts; provided further, however, that if Cargill shall have selected a joint book-running managing underwriter for the Second Formation Offering in accordance with the foregoing, the Second Formation Offering Maximum Sale Number shall be jointly determined by the book-running managing underwriters selected by the Company and Cargill, in consultation with the book-running underwriter selected by the MAC Trusts. Subject to the foregoing, the book-running managing underwriter selected by Cargill (if Cargill Registrable Securities are to be included in the Second Formation Offering), or (if no Cargill Registrable Securities are to be included in the Second Formation Offering) the book-running managing underwriter selected by the Company, shall

be the Lead Manager for the Second Formation Offering, shall lead the due diligence, structuring, marketing and general execution of the Second Formation Offering and shall have the exclusive right to release Persons from the Second Formation Offering Underwriters Lock-up.

(ii) Unless otherwise agreed by the MAC Trusts (with the MAC Trusts acting jointly) and Cargill, Registrable Securities shall be included in the Second Formation Offering in accordance with the following order of priority:

A. first, the MAC Trusts, in the aggregate, shall be entitled to include in the Second Formation Offering up to a number of MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock equal to the Second Formation Offering MAC Base Share Number (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts);

B. second, Exchanging Cargill Debt Holders and Cargill shall be entitled to include in the Second Formation Offering such number of Cargill Registrable Securities as shall be determined by Cargill (with the allocation amongst the Exchanging Cargill Debt Holders and Cargill of such Cargill Registrable Securities to be determined by Cargill); provided, however, that the maximum number of Cargill Registrable Securities that may be included in the Second Formation Offering shall not exceed the Second Formation Offering Maximum Sale Number less the number of MAC Trusts Registrable Securities being included in the Second Formation Offering pursuant to clause A. above; and

C. third, to the extent that the Second Formation Offering Maximum Sale Number exceeds the number of Registrable Securities being included in the Second Formation Offering pursuant to clauses A. and B. above, the MAC Trusts, in the aggregate, shall be entitled to include in the Second Formation Offering a number of additional MAC Trusts Registrable Securities up to such excess comprised of MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock and Consent Shares (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts).

Unless agreed by the MAC Trusts (with the MAC Trusts acting jointly) and Cargill (if Cargill Registrable Securities will be included in the Second Formation Offering), the Company shall not include any securities in the Second Formation Offering (for the account of the Company or any other Person), except in accordance with clauses A., B., and C. above.

(iii) The Company and Cargill (if Cargill Registrable Securities are to be included in the Second Formation Offering) shall be entitled, in each case in consultation with the MAC Trusts, to (a) conduct the negotiations with the underwriters with respect to the pricing, the Underwriting Fees and the other terms of the underwriting agreement for the Second Formation Offering, and (b) conduct the negotiations with the underwriters with respect to the terms of the underwriters lock-up associated with the Second Formation Offering (it being agreed that the underwriters lock-up period associated with the Second Formation Offering (the Second Formation Offering Underwriters Lock-up) shall expire no later than 90 days after the closing of the Second Formation Offering).

(d) Third Formation Offering. Subject to the last sentence of this paragraph (d), unless a Compelling Reason shall have occurred and shall continue to exist, the Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause an underwritten offering of shares of Registrable Securities to be consummated during the Third Formation Offering Period (such offering, the Third Formation Offering), subject to the provisions of this Section 2.1(d). The exact timing of the Third Formation Offering during the Third Formation Offering Period shall be determined in good faith by the Company in consultation with the joint book-running managing underwriters selected by Cargill (if Cargill Registrable Securities are to be included in the Third Formation Offering), the Company and the MAC Trusts (if MAC Trust Registrable Securities are to be included in the Third Formation Offering) based on market conditions; provided, that if Cargill desires to effect a Follow-on Debt Exchange in connection with the Third Formation Offering, the Third Formation Offering shall be timed in consultation with Cargill so as to allow Cargill to consummate the Follow-on Debt Exchange in a

manner consistent in all material respects with the terms, conditions and structure set forth in the Private Letter Ruling and the IRS Ruling Submission immediately prior to the consummation of the Third Formation Offering. If a Compelling Reason shall exist at any time during the Third Formation Offering Period, the Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause the Third Formation Offering to be consummated as promptly as practicable after such Compelling Reason ceases to exist (but in no event shall a Third Formation Offering be required or permitted to occur after the fifteen (15) month anniversary of the Closing Date). For the avoidance of doubt, the Company's and Mosaic's obligation to cause a Third Formation Offering to be effected pursuant to this Section 2.1(d) shall not be deemed satisfied by the occurrence of any S&P 500 Index Inclusion Offering. Notwithstanding anything herein to the contrary, the Company shall not, without the consent of Cargill and the MAC Trusts, effect the Third Formation Offering contemplated by this Section 2.1(d) if (A) following the consummation of the later of the Second Formation Offering and, if the Company has determined to conduct the S&P 500 Index Inclusion Offering prior to the Third Formation Offering, the S&P 500 Index Inclusion Offering, the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares for which the MAC Trusts have received consent from the Company to sell in any Third Formation Offering is less than 9.5 million, (B) the MAC Trusts (acting jointly) have delivered to the Company on or prior to the expiration of the Second Formation Offering Underwriters' Lock-up or the S&P Index Inclusion Offering Underwriters' Lock-up, as applicable, a written request that no Third Formation Offering be consummated and (C) Cargill then holds no Cargill Registrable Securities or Cargill, by written notice to the Company, shall have waived its right to the Third Formation Offering.

(i) Each of the Company, the MAC Trusts (with the MAC Trusts acting jointly) (if MAC Trust Registrable Securities are to be included in the Third Formation Offering) and Cargill (if Cargill Registrable Securities are to be included in the Third Formation Offering) shall be entitled to select one joint book-running managing underwriter (for a total of up to three book-running managing underwriters) for the Third Formation Offering, and each of the other underwriters for the Third Formation Offering shall be selected by the Company in consultation with the MAC Trusts (if MAC Trust Registrable Securities are to be included in the Third Formation Offering) and Cargill (if Cargill Registrable Securities are to be included in the Third Formation Offering) and the joint book-running managing underwriters (provided that one of such other underwriters shall be an underwriter selected by Cargill). Each of the joint book-running managing underwriters shall be entitled to participate in due diligence, structuring, marketing, general execution, pricing and book-building in connection with such offering; provided that the maximum number of Registrable Securities that may be included in such offering, including the number of Registrable Securities to be included in any over-allotment option associated with such offering (such maximum number, the Third Formation Offering Maximum Sale Number), shall be jointly determined by the book-running managing underwriters selected by the Company and the MAC Trusts; provided, however, that if the MAC Trusts shall not have selected a joint book-running managing underwriter for the Third Formation Offering, the Third Formation Offering Maximum Sale Number shall be jointly determined by the book-running managing underwriters selected by the Company and Cargill. Subject to the foregoing, the book-running managing underwriter selected by the Company shall be the Lead Manager for the Third Formation Offering, shall lead the due diligence, structuring, marketing and general execution of the Third Formation Offering and shall have the exclusive right to release Persons from the Third Formation Offering Underwriters' Lock-up.

(ii) Unless otherwise agreed by the MAC Trusts (with the MAC Trusts acting jointly) and Cargill, Registrable Securities shall be included in the Third Formation Offering in accordance with the following order of priority:

A. first, the MAC Trusts, in the aggregate, shall be entitled to include in the Third Formation Offering up to a number of MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock equal to the Third Formation Offering MAC Base Share Number (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts); provided, however, that the maximum number of MAC Trusts Registrable Securities that may be included in the Third Formation Offering shall not exceed the Third Formation Offering Maximum Sale Number;

B. second, subject to the Tax Lock Up Restrictions, the MAC Trusts, in the aggregate, shall be entitled to include in the Third Formation Offering Consent Shares (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts); provided, however, that the maximum number of MAC Trusts Registrable Securities that may be included in the Third Formation Offering pursuant to clause A. and this clause B. shall not exceed the Third Formation Offering Maximum Sale Number;

C. third, Exchanging Cargill Debt Holders and Cargill shall be entitled to include in the Third Formation Offering such number of Cargill Registrable Securities as shall be determined by Cargill (with the allocation amongst the Exchanging Cargill Debt Holders and Cargill of such Cargill Registrable Securities to be determined by Cargill); provided, however, that the maximum number of Cargill Registrable Securities that may be included in the Third Formation Offering shall not exceed the Third Formation Offering Maximum Sale Number less the number of MAC Trusts Registrable Securities being included in the Third Formation Offering pursuant to clauses A. and B. above; and

D. fourth, subject to the Tax Agreement, the Company shall be entitled to include in the Third Formation Offering such number of shares of Company Common Stock for its own account or for the account of any other Person as shall be determined by the Company; provided, however, that the maximum number of shares of Company Common Stock that may be included in the Third Formation Offering by the Company pursuant to this clause D. shall not exceed the Third Formation Offering Maximum Sale Number less the number of Registrable Securities being included in the Third Formation Offering pursuant to clauses A., B. and C. above.

(iii) The Company and the MAC Trusts (with the MAC Trusts acting jointly) shall be entitled, in consultation with Cargill (if Cargill Registrable Securities are to be included in the Third Formation Offering), to (a) conduct the negotiations with the underwriters with respect to the pricing, the Underwriting Fees and the other terms of the underwriting agreement for the Third Formation Offering and (b) conduct the negotiations with the underwriters with respect to the terms of the underwriters' lock-up associated with such offering (it being agreed that the underwriters' lock-up period associated with the Third Formation Offering (the Third Formation Offering Underwriters' Lock-up) shall expire no later than 60 days after the closing of the Third Formation Offering).

(e) Fourth Formation Offering.

(i) If following the consummation of the Third Formation Offering (if any) the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares for which the MAC Trusts have received consent from the Company to sell in any Fourth Formation Offering is greater than or equal to 9.5 million, at the request of the MAC Trusts (with the MAC Trusts acting jointly) but not otherwise, unless a Compelling Reason shall have occurred and shall continue to exist, the Company and Mosaic shall, subject to Section 2.1(f), take all actions necessary on the part of the Company and Mosaic to cause an underwritten offering of shares of MAC Trusts Registrable Securities to be consummated during the Fourth Formation Offering Period (such offering, the Fourth Formation Offering), subject to the provisions of this Section 2.1(e). The exact timing of the Fourth Formation Offering during the Fourth Formation Offering Period shall be determined in good faith by the Company based on market conditions. If a Compelling Reason shall exist at any time during the Fourth Formation Offering Period, the Company and Mosaic shall take all actions necessary on the part of the Company and Mosaic to cause the Fourth Formation Offering to be consummated as promptly as practicable after such Compelling Reason ceases to exist; provided, that in no event shall a Fourth Formation Offering be required or permitted to occur after the fifteen (15) month anniversary of the Closing Date.

(ii) Each of the Company, the MAC Trusts (with the MAC Trusts acting jointly) and Cargill (if a joint book-running managing underwriter selected by Cargill is entitled to receive a portion of the Underwriting Fees in the Fourth Formation Offering) shall be entitled to select one joint book-running managing underwriter (for a total of up to three book-running managing underwriters) for the Fourth Formation Offering, and each of the other underwriters for the Fourth Formation Offering shall be selected by the

Company in consultation with the MAC Trusts and the joint book-running managing underwriters. Each of the joint book-running managing underwriters shall be entitled to participate in due diligence, structuring, marketing, general execution, pricing and book-building in connection with such offering; provided that the maximum number of MAC Trust Registrable Securities that may be included in such offering, including the number of MAC Trust Registrable Securities to be included in any over-allotment option associated with such offering, (such maximum number, the Fourth Formation Offering Maximum Sale Number), shall be jointly determined by the book-running managing underwriters selected by the Company and the MAC Trusts. Subject to the foregoing, the book-running managing underwriter selected by the Company shall be the Lead Manager for the Fourth Formation Offering, shall lead the due diligence, structuring, marketing and general execution of the Fourth Formation Offering and shall have the exclusive right to release Persons from the Fourth Formation Offering Underwriters Lock-up.

(iii) The MAC Trusts, in the aggregate, shall be entitled to include in the Fourth Formation Offering up to a number of MAC Trust Registrable Securities issuable upon the conversion of Company Series A-4 Common Stock equal to the Fourth Formation Offering MAC Base Share Number (with the allocation amongst the MAC Trusts of such MAC Trust Registrable Securities to be determined by the MAC Trusts); provided, however, that the maximum number of MAC Trust Registrable Securities that may be included in the Fourth Formation Offering shall not exceed the Fourth Formation Offering Maximum Sale Number.

(iv) The Company shall be entitled, in consultation with the MAC Trusts, to (a) conduct the negotiations with the underwriters with respect to the pricing, the Underwriting Fees and the other terms of the underwriting agreement for the Fourth Formation Offering, and (b) conduct the negotiations with the underwriters with respect to the terms of the underwriters lock-up associated with such offering (it being agreed that the underwriters lock-up period associated with the Fourth Formation Offering (the Fourth Formation Offering Underwriters Lock-up) shall expire no later than 60 days after the closing of the Fourth Formation Offering).

(f) Optional Repurchase. In place of the obligations (if any) of the Company and Mosaic to consummate a Fourth Formation Offering pursuant to Section 2.1(e), the Company shall have the option (exercisable in its sole discretion), to repurchase (the Optional Repurchase), out of funds legally available therefor, from the MAC Trusts (with the allocation amongst the MAC Trusts of such shares to be repurchased to be determined by the MAC Trusts) the Optional Repurchase Shares at the Optional Repurchase Price. The Company shall have the right to exercise such option and effect such repurchase at any time from and after the consummation of the Third Formation Offering through the end of the Fourth Formation Offering Period.

2.2. Market Sales: Private Sales.

(a) Market Sales. Subject to Section 2.2(b), if (x) following the consummation of the Second Formation Offering, (i) the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is less than 9.5 million but greater than zero and (ii) in accordance with the last sentence of Section 2.1(d), the Company will not effect the Third Formation Offering, (y) following the consummation of the Third Formation Offering, the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is either (A) greater than 9.5 million and the MAC Trusts (acting jointly) have indicated in writing to the Company that no request will be made by the MAC Trusts pursuant to Section 2.1(e)(1) for the Company to conduct a Fourth Formation Offering or (B) less than 9.5 million but greater than zero or (z) following the consummation of the Fourth Formation Offering, the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is greater than zero, then, in the case of any of clauses (x), (y) or (z), the MAC Trusts (acting jointly) shall have the right, by delivery of a written request to the Company (a Market Shelf Request), to request that the Company prepare and file with the SEC, and cause to become effective, in each case as promptly as practicable (but no earlier than the applicable Formation Shelf Trigger Date), a Shelf Registration Statement (and any necessary or appropriate prospectuses and prospectus supplements), and the Company shall use its reasonable best efforts to comply with such request, pursuant to which, subject to Section 2.2(b), the MAC Trusts shall be

permitted to sell MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock and Consent Shares from time to time after the applicable Formation Shelf Trigger Date (or, if later, the effective time of such Shelf Registration Statement), but in no event later than the twenty-four (24) month anniversary of the Closing Date (with the right to sell such MAC Trusts Registrable Securities to be allocated amongst the MAC Trusts as shall be determined by the MAC Trusts) (including through a broker that acted as underwriter in any Formation Offering or the S&P 500 Index Inclusion Offering); provided that all such sales shall (i) be effected solely through a broker in open market transactions on the New York Stock Exchange or other principal trading market of Company Common Stock at prices then prevailing in the market, (ii) not involve a public offering for cash or an underwriting and (iii) not involve an investment bank acting in a capacity other than as a broker. Any sales of MAC Trusts Registrable Securities made pursuant to this Section 2.2(a) are referred to as Market Sales. The Company shall use its reasonable best efforts to keep any Shelf Registration Statement under this Section 2.2(a) continuously effective under the Securities Act (including by filing any necessary post-effective amendments to such Shelf Registration Statement (or a new automatic shelf registration statement)) until the date that is the twenty-four (24) month anniversary of the Closing Date or until such earlier time as all securities that are eligible to be sold in such Shelf Registration Statement shall no longer constitute Registrable Securities.

(b) Sale Suspension. If the continued sales by the MAC Trusts pursuant to Section 2.2(a) would at any time require the Company to make an Adverse Disclosure, the Company may, by giving written notice to the MAC Trusts, require the MAC Trusts to suspend sales pursuant to Section 2.2(a) and Section 2.2(c) (a Sale Suspension); provided, that the Company shall not be permitted to require a Sale Suspension (i) more than two (2) times during any twelve (12) month period or (ii) for a period exceeding forty-five (45) days in succession on any one occasion. In the case of a Sale Suspension, the MAC Trusts agree not to effect any Private Sales and to suspend use of the applicable prospectus and any free writing prospectuses in connection with any Market Sales or any other offer to sell Registrable Securities, upon receipt of the notice referred to above. The Company shall immediately notify the MAC Trusts upon the termination of any Sale Suspension.

(c) Private Sales. If (x) following the consummation of the Second Formation Offering, (i) the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is less than 9.5 million but greater than zero and (ii) in accordance with the last sentence of Section 2.1(d), the Company will not effect the Third Formation Offering, (y) following the consummation of the Third Formation Offering, the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is either (A) greater than 9.5 million and the MAC Trusts (acting jointly) have indicated in writing to the Company that no request will be made by the MAC Trusts pursuant to Section 2.1(e)(i) for the Company to conduct a Fourth Formation Offering or (B) less than 9.5 million but greater than zero or (z) following the consummation of the Fourth Formation Offering, the sum of the MAC Remaining A-4 Share Number plus the number of Consent Shares not yet Transferred by the MAC Trusts is greater than zero, then, in the case of any of clauses (x), (y) or (z), subject to Section 2.2(b), the MAC Trusts shall be permitted to sell MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock and Consent Shares from time to time after the applicable Formation Shelf Trigger Date; provided that all such sales (i) shall be made in accordance with applicable securities laws and pursuant to the terms of Section 2.02(b)(vi) of the Governance Agreement, (ii) shall not involve a public offering for cash or an underwriting, (iii) shall not involve an investment bank acting in a capacity other than as a broker and (iv) shall either (A) be effected solely through a broker in open market transactions on the New York Stock Exchange or other principal trading market of Company Common Stock at prices then prevailing in the market or (B) involve a negotiation with the potential acquirers regarding terms of the acquisition. 2.3. S&P 500 Index Inclusion Offering.

(a) The Company may, at its election, cause an S&P 500 Index Inclusion Offering to be effected, subject to the following:

(i) The exact timing of any S&P 500 Index Inclusion Offering and the maximum number of shares of Company Common Stock that may be included in such offering, including the number of shares of Company Common Stock to be included in any over-allotment option associated with such offering (such maximum number, the S&P 500 Index Inclusion Offering Maximum Sale Number) shall be determined in good faith by the Company in consultation with Cargill (if Cargill then holds Cargill Registrable Securities) and the MAC Trusts, in each case in consultation with the book-running managing underwriter selected by the Company; provided, however, that (x) the Company shall not be permitted to effect an S&P 500 Index Inclusion Offering after the date of the Third Formation Offering without the prior consent of the MAC Trusts, (y) if Cargill desires to effect a Follow-on Debt Exchange in connection with the S&P 500 Index Inclusion Offering, the Company shall, to the extent reasonably practicable (which the Company shall determine in its reasonable discretion), time the S&P 500 Index Inclusion Offering to allow Cargill to consummate the Follow-on Debt Exchange in a manner consistent in all material respects with the terms, conditions and structure set forth in the Private Letter Ruling and the IRS Ruling Submission immediately prior to the S&P 500 Index Inclusion Offering, and (z) the Company shall not effect an S&P 500 Index Inclusion Offering (A) later than the fifteen (15) month anniversary of the Closing Date, (B) without the consent of Cargill and the MAC Trusts, if the underwriters' lock-up period associated with an S&P 500 Index Inclusion Offering would reasonably be expected to prevent the completion of the Second Formation Offering within the time period prescribed by this Agreement, or (C) without the consent of the MAC Trusts, if the underwriters' lock-up period associated with an S&P 500 Index Inclusion Offering would reasonably be expected to prevent the completion of the Third Formation Offering within the time period prescribed by this Agreement.

(ii) The consummation of an S&P 500 Index Inclusion Offering shall not relieve the Company or Mosaic of its obligations to effect any of the Formation Offerings in accordance with Section 2.1.

(b) Each of the Company, the MAC Trusts (with the MAC Trusts acting jointly) and Cargill (if Cargill Registrable Securities are to be included in the S&P 500 Index Inclusion Offering) shall be entitled to select one joint book-running managing underwriter (for a total of up to three book-running managing underwriters) for the S&P 500 Index Inclusion Offering, and the Company shall be entitled to select the other underwriters for the S&P 500 Index Inclusion Offering (if any) in consultation with the joint book-running managing underwriters. The joint book-running managing underwriter for the S&P 500 Index Inclusion Offering selected by the Company shall be the Lead Manager for the S&P 500 Index Inclusion Offering, shall lead the due diligence, structuring, marketing and general execution of the S&P 500 Index Inclusion Offering and shall have the exclusive right to release Persons from the S&P 500 Index Inclusion Offering Underwriters' Lockup; provided that to the extent practicable any other joint book-running underwriters shall be entitled to participate in such due diligence, structuring, marking, general execution, pricing and book-building in connection with such offering.

A. first, the MAC Trusts, in the aggregate, shall be entitled to include in the S&P 500 Index Inclusion Offering up to a number of MAC Trusts Registrable Securities issuable upon conversion of Company Series A-4 Common Stock equal to the S&P 500 Index Inclusion Offering MAC Base Share Number (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts); provided, however, that the maximum number of MAC Trusts Registrable Securities that may be included in the S&P 500 Index Inclusion Offering shall not exceed the S&P 500 Index Inclusion Offering Maximum Sale Number;

B. second, Exchanging Cargill Debt Holders and Cargill shall be entitled to include in the S&P 500 Index Inclusion Offering such number of Cargill Registrable Securities as shall be determined by Cargill (with the allocation amongst the Exchanging Cargill Debt Holders and Cargill of such Cargill Registrable Securities to be determined by Cargill); provided, however, that the maximum number of Cargill Registrable Securities that may be included in the S&P 500 Index Inclusion Offering pursuant to this clause B. shall not exceed the S&P 500 Index Inclusion Offering Maximum Sale Number less the number of MAC Trusts Registrable Securities being included in the S&P 500 Index Inclusion Offering pursuant to clause A. above;

C. third, subject to the Tax Lock Up Restrictions, to the extent that the S&P 500 Index Inclusion Offering Maximum Sale Number exceeds the number of Registrable Securities being included in the S&P 500 Index Inclusion Offering pursuant to clauses A. and B. above, the MAC Trusts, in the aggregate, shall be entitled to include in the S&P 500 Index Inclusion Offering a number of additional MAC Trusts Registrable Securities issuable upon conversion of the Company Series A-4 Common Stock and Consent Shares up to such excess (with the allocation amongst the MAC Trusts of such MAC Trusts Registrable Securities to be determined by the MAC Trusts).

Unless agreed by the MAC Trusts (with the MAC Trusts acting jointly) and, if Cargill then holds Cargill Registrable Securities, by Cargill, the Company shall not include any securities in the S&P 500 Index Inclusion Offering (for the account of the Company or any other Person), except in accordance with clauses A., B., and C. above.

(d) The Company shall be entitled, in consultation with the MAC Trusts (with the MAC Trusts acting jointly) and Cargill (if Cargill Registrable Securities are to be included in the S&P 500 Index Inclusion Offering), to (a) conduct the negotiations with the underwriters with respect to the pricing, the Underwriting Fees and the other terms of the underwriting agreement for the S&P 500 Index Inclusion Offering, and (b) conduct the negotiations with the underwriters with respect to the terms of the underwriters' lock-up associated with the S&P 500 Index Inclusion Offering (provided that (x) without the consent of Cargill (if Cargill holds Cargill Retained M Holdings Shares) and the MAC Trusts, the underwriters' lock-up period associated with the S&P 500 Index Inclusion Offering (the S&P 500 Index Inclusion Offering Underwriters' Lock-up) may not prevent the completion of the Second Formation Offering within the time period prescribed by this Agreement and (y) without the consent of the MAC Trusts, the S&P 500 Index Inclusion Offering Underwriters' Lock-up may not prevent the completion of the Third Formation Offering within the time period prescribed by this Agreement and (z) it being agreed that, in any event, the S&P 500 Index Inclusion Offering Underwriter's Lock-up shall expire no later than 60 days after the closing of the S&P 500 Index Inclusion Offering).

2.4. Released Share Offerings.

(a) (i) The MAC Trusts (with the MAC Trusts acting jointly) shall have the right to request that the Company and Mosaic cause an underwritten secondary offering (a Released Share Offering) of Registrable Securities to be effected pursuant to a Registration Statement (a Released Share Registration Statement), by delivering a written request to the Company during any Demand Period, specifying the number of MAC Trusts Registrable Securities that each of the MAC Trusts requests to include in such offering (any such request, a Released Share Request); provided that the MAC Trusts (with the MAC Trusts acting jointly) may only make one Released Share Request during any Demand Period. If the MAC Trusts decline or otherwise fail to deliver a Released Share Request to the Company during any Demand Period, the Company will have the right, in its sole discretion, to effect a Released Share Offering in accordance with this Section 2.4 (the exercise of such right by the Company, a Released Share Offering Election). If the Company either receives a Released Share Request during a Demand Period or makes a Released Share Offering Election, the Company shall use its reasonable best efforts to cause a Released Share Offering to be consummated at a time determined in good faith by the Company that is subsequent to the date of its receipt of the Released Share Request or the date of its Released Share Offering Election, as applicable (such date, the Released Share Offering Initiation Date) and no later

(v) take no direct or indirect action prohibited by Regulation M under the Exchange Act; provided, however, that to the extent that any prohibition is applicable to the Company (or, where applicable, Mosaic), the Company (or, where applicable, Mosaic) will take such reasonable action as is necessary and feasible to make any such prohibition inapplicable;

(w) take all such other reasonable actions necessary on the part of the Company or Mosaic in order to expedite or facilitate the disposition of such Registrable Securities;

(x) take all such reasonable actions necessary on the part of the Company and Mosaic to ensure that any free writing prospectus utilized in connection with any Registration Statement complies in all material respects with the Securities Act, is filed in accordance with the Securities Act to the extent required thereby and is retained in accordance with the Securities Act to the extent required thereby;

(y) if at any time the information conveyed to a purchaser at the time of sale includes any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, use its reasonable best efforts to promptly file with the SEC such amendments or supplements to such information as may be necessary so that the statements as so amended or supplemented will not, in light of the circumstances, be misleading; and

(z) if at any time during any Formation Offering Period a Compelling Reason resulting from a Legal Conflict or a Force Majeure Event (as described in clauses (x) or (y), respectively, of such definition) shall have occurred and/or continues to exist, the Company and Mosaic, in each case, shall use best efforts to eliminate as promptly as practicable such Legal Conflict or Force Majeure Event, as the case may be.

be required by Rule 430B under the Securities Act (referring to the unnamed selling security holders in a generic manner by identifying the initial offering of the securities to the Holders) in order to ensure that the Holders may be added to such Shelf Registration Statement at a later time through the filing of a prospectus supplement rather than a post-effective amendment.

The Company may require that each Participating Holder as to which any registration is being effected furnish the Company a selling securityholder questionnaire customary for offerings of this type and that each such Participating Holder and any underwriter furnish the Company such other information regarding themselves and the Registrable Securities held by them as the Company may from time to time reasonably request provided that such information shall be used only in connection with such registration and the Company and Mosaic shall have no responsibility to any Participating Holder with respect to such information included in any Registration Statement, prospectus, amendment or supplement thereto or other document.

2.7. Registration Expenses. All Expenses incurred in connection with any offering, registration, filing, qualification or compliance pursuant to Section 2 shall be borne by the Company, whether or not a Registration Statement becomes effective. All Underwriting Fees and transfer taxes, if any, relating to securities registered by the Holders shall be borne by the Holders of such securities pro rata in accordance with the number of shares sold in the offering by such Holders.

2.8. Restrictions on Equity Issuances, Share Repurchases.

(a) The Company agrees that, during the period from and after the Closing Date and ending the later of (x) such time as the Aggregate MAC Shares Transferred equals or exceeds 49.5 million and (y) the consummation of the Second Formation Offering, but no later than the second (2nd) anniversary of the Closing Date, the Company and its Subsidiaries shall not, directly or indirectly, (1) issue, authorize for issuance, Transfer or otherwise dispose of, or register for issuance, sale, Transfer or other disposition, announce an intention to issue, sell, Transfer or otherwise dispose of, contract or offer to issue, sell, Transfer or otherwise dispose of, or grant any option, right or warrant to purchase, or any other right to acquire (A) any shares of any class or series of capital stock of the Company, Mosaic or any successor entity of the Company or Mosaic, (B) any options or other securities convertible, exchangeable or redeemable for, any shares of any class or series of capital stock of the Company, Mosaic or any successor entity of the Company or Mosaic or (C) any other security or right that may entitle its holder to vote, or participate with respect to dividends or upon liquidation of the Company, Mosaic, or any successor entity of the Company or Mosaic, with the holders of shares of capital stock or other equity interests in the Company, Mosaic or any successor entity of the Company or Mosaic (the securities described in clauses (A), (B) and (C), Equity Securities) or (2) issue, authorize for issuance, Transfer or otherwise dispose of, offer or enter into any swap, derivative or any other agreement or any transaction that Transfers, in whole or in part, directly or indirectly, the economic risks or consequence of ownership of shares of any Equity Securities, whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise (any of the actions described in the foregoing clauses (1) and (2), a Primary Equity Issuance); provided that the foregoing shall not prohibit, in each case subject to the terms of the Tax Agreement: (i) the consummation of the Merger pursuant to the terms of the Merger and Distribution Agreement; (ii) grants or issuances of equity compensation in the ordinary course pursuant to any employee or director stock plan or other employee or director benefit plan arrangement or employment contract; (iii) the registration, sale, and offering of Registrable Securities pursuant to and in accordance with Sections 2.1, 2.2, 2.3, 2.4 and 2.5; (iv) the granting by the Company of registration rights to Exchanging Cargill Debt Holders pursuant to the Debt Exchange Agreements, and the registration, offering and sale of Cargill Registrable Securities transferred to any Exchanging Cargill Debt Holder in the Initial Debt Exchange or any Follow-on Debt Exchange, in each case pursuant to and in accordance with the terms of such Debt Exchange Agreements; (v) the issuance (pursuant to the terms of the certificate of incorporation of the Company) of any shares of Company Common Stock and/or Company Class A Common Stock upon conversion of any shares of Company Class A Common Stock or Company Class B Common Stock transferred by Cargill to the Exchanging Cargill Stockholders or the MAC Trusts pursuant to the Split-off; (vi) one or more Primary Equity Issuances for the account of the Company, if

and to the extent that the Board reasonably determines in good faith, after consultation with its financial advisor, evidenced by an officer's certificate delivered to the MAC Trusts and, prior to the Second Formation Offering, Cargill, that (A) the Company requires capital in order to fund its ongoing operations and/or capital expenditure programs and (B) it is advisable for the Company to raise such capital through one or more Primary Equity Issuances; (vii) any Primary Equity Issuance that the MAC Trusts (with the MAC Trusts acting jointly) and, at any time prior to the Second Formation Offering, Cargill, shall have consented to in writing (such consents not to be unreasonably withheld or delayed); (viii) issuances of capital stock by a wholly-owned subsidiary of the Company to its parent or to another wholly-owned subsidiary of the Company or (ix) the issuance of Equity Securities or shares of Company Common Stock in accordance with any shareholder rights agreement of the Company or Mosaic.

(b) The Company agrees that, during the period beginning on the date of this Agreement and ending on the First Lock-up Release Date (the First Lock-up Period), it shall not, nor shall it permit any of its Subsidiaries to, directly or indirectly, purchase or acquire any Equity Securities other than purchases by the Company (in each case subject to the terms of the Tax Agreement):

(i) of shares of Company Common Stock in the ordinary course in connection with the exercise or vesting of any equity-based awards under any employee or director stock plan or other employee or director benefit plan arrangement (including in order to pay taxes or satisfy withholding obligations in respect of such taxes in connection with any such exercise or vesting);

(ii) from the MAC Trusts, at any time and from time to time during the First Lock-up Period, shares of Company Common Stock issued upon the conversion of shares of Company Series A-4 Common Stock not to exceed the excess, if any, of (x) 49.5 million over the Aggregate MAC Shares Transferred; and

(iii) pursuant to any self tender offer by the Company for shares of Company Stock commenced on or after the twenty-four (24) month anniversary of the Closing Date if, treating all series and classes of Company Stock as one class of securities for this purpose, such self tender offer would comply with the terms and provisions of Rule 13e-4 promulgated under the Exchange Act (whether or not such terms and provisions are otherwise applicable).

2.9. Limitations on Registration: No Required Sale.

(a) Notwithstanding anything in this Agreement to the contrary, the Company shall be under no obligation to register any Registrable Securities pursuant to Sections 2.1(b), 2.1(c), 2.1(d), 2.1(e), 2.2 and 2.3 (in the aggregate) in excess of the sum of (x) 49.5 million plus (y) the total number of Cargill Retained M Holdings Shares. The Company shall not initiate or effect, or participate in, any public offering for cash in a transaction involving an underwriting of shares of Company Stock or other equity securities of the Company (i) for a period of twelve months beginning on the later of the closing of the last Formation Offering and any S&P 500 Index Inclusion Offering (or after the closing of all sales of shares pursuant to any overallotment option granted to underwriters in connection with such Formation Offering or S&P 500 Index Inclusion Offering) and (ii) if the Company effects a public offering or underwriting pursuant to the following proviso, for a period of twelve months beginning on the closing of any such public offering or underwriting (or after the closing of all sales of shares pursuant to any overallotment option granted to underwriters in connection therewith); provided, that the foregoing shall not prohibit, subject to the terms of the Tax Agreement, one or more public offerings or underwritings of shares of Company Stock or other equity securities of the Company for the account of the Company, if and to the extent that the Board reasonably determines in good faith, after consultation with its financial advisor, evidenced by an officer's certificate delivered to the MAC Trusts and Cargill, that (A) the Company requires additional capital in order to fund its ongoing operations and/or capital expenditure programs and (B) it is necessary (after in good faith considering and taking into account other alternatives available to the Company to raise such capital and the possible negative implications that raising such capital through such public offering or underwriting could have on the ability to timely conduct the first Released Share Offering) for the Company to raise such capital through such public offerings or underwritings.

(b) For the avoidance of doubt, the Company shall be under no obligation to register or list any shares of Company Class A Common Stock or Company Class B Common Stock.

(c) Nothing in this Agreement shall be deemed to create an independent obligation on the part of any Holder to sell any Registrable Securities pursuant to any effective Registration Statement.

2.10. Indemnification.

(a) In the event of any registration and/or offering of any Registrable Securities under the Securities Act pursuant to this Article 2, the Company and Mosaic will, and hereby agree to, and hereby do, jointly and severally, indemnify and hold harmless, to the fullest extent permitted by law, Cargill, the MAC Trusts and each other Holder, and their respective directors, officers, fiduciaries, trustees, employees, stockholders, members or general and limited partners (and the directors, officers, fiduciaries, employees, stockholders, members or general and limited partners thereof), and each Person, if any, who controls Cargill, the MAC Trusts or such other Holder, as applicable, within the meaning of the Securities Act or Exchange Act, from and against any and all losses, claims, damages or liabilities, joint or several, actions or proceedings (whether commenced or threatened) and expenses (including reasonable fees of counsel and any amounts paid in any settlement effected with the Company's consent, which consent shall not be unreasonably withheld or delayed) to which each such indemnified party may become subject under the Securities Act or otherwise (collectively, Claims), insofar as such Claims arise out of or are based upon (i) any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein in light of the circumstances in which they were made not misleading, or (ii) any untrue statement or alleged untrue statement of a material fact contained in any preliminary or final prospectus or any amendment or supplement thereto, together with the documents incorporated by reference therein, or any free writing prospectus utilized in connection therewith, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, and the Company and Mosaic, jointly and severally, agree to reimburse any such indemnified party for any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim that is threatened or commenced (whether or not the indemnified party is designated as an actual or potential party to such Claim) and in connection with the enforcement of this provision with respect to any of the above, as such expenses are incurred; provided, however, that neither the Company nor Mosaic shall be liable to any such indemnified party in any such case to the extent such Claim (including any legal or other expenses) arises out of or is based upon any untrue statement or alleged untrue statement of a material fact or omission or alleged omission of a material fact made in such Registration Statement or amendment thereof or supplement thereto or in any such prospectus or any preliminary or final prospectus or free writing prospectus in reliance upon and in conformity with written information furnished to the Company or Mosaic by or on behalf of such indemnified party or any underwriters selected by such indemnified party specifically for use therein. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the Transfer of such securities by such Holder.

(b) Each Participating Holder shall, severally and not jointly, indemnify and hold harmless (in the same manner as set forth in paragraph (a) of this Section 2.10) to the fullest extent permitted by law each of the Company and Mosaic, each officer of the Company and/or Mosaic who shall sign such Registration Statement, their respective directors, officers, fiduciaries, trustees, employees, stockholders, members or general and limited partners (and the directors, officers, fiduciaries, employees, stockholders, members or general and limited partners thereof), each Person controlling the Company and/or Mosaic within the meaning of the Securities Act, and any other Holder selling securities in such Registration Statement and each of its directors, officers, partners or agents or any Person who controls such Holder with respect to any untrue statement or alleged untrue statement of any material fact in, or omission or alleged omission of any material fact from, such Registration Statement, any preliminary or final prospectus contained therein, or any amendment or supplement thereto, or any free writing prospectus utilized in connection therewith, if such statement or alleged statement or omission or

alleged omission was made in reliance upon and in conformity with written information furnished to any of the Company or Mosaic or any of its representatives by or on behalf of such Participating Holder, specifically for use in connection with the preparation of such Registration Statement, preliminary prospectus, final prospectus, amendment, supplement or free writing prospectus and reimburse such indemnified party for any legal or other expenses reasonably incurred in connection with investigating or defending any such Claim as such expenses are incurred; provided, however, that the aggregate amount which any such Participating Holder shall be required to pay pursuant to this Section 2.10(b) and Section 2.10(c) shall be in proportion to, and in no case be greater than, the amount of the net proceeds actually received by such Participating Holder upon the sale of the Registrable Securities pursuant to the Registration Statement giving rise to such Claim. The Company, Mosaic and each Participating Holder hereby acknowledge and agree that, unless otherwise expressly agreed to in writing by such Participating Holders to the contrary, or as otherwise required by SEC rules, for all purposes of this Agreement, the only information furnished or to be furnished to the Company by a Participating Holder for use in any such Registration Statement, preliminary or final prospectus or amendment or supplement thereto or any free writing prospectus are statements specifically relating to (a) the beneficial ownership of shares of capital stock of the Company or Mosaic by such Participating Holder and its Affiliates and (b) the name and address of such Participating Holder. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the Transfer of such securities by such Holder.

(c) Any Person entitled to indemnification under this Agreement shall notify promptly the indemnifying party or parties in writing of the commencement of any action or proceeding with respect to which a claim for indemnification may be made pursuant to this Section 2.10, but the failure of any indemnified party to provide such notice shall not relieve the indemnifying party of its obligations under the preceding paragraphs of this Section 2.10, except to the extent an indemnifying party is materially and actually prejudiced thereby and shall not relieve any indemnifying party from any liability which it may have to any indemnified party otherwise than under this Section 2.10. In case any action or proceeding is brought against an indemnified party, an indemnifying party shall be entitled to (x) participate in such action or proceeding and (y), unless, in the reasonable opinion of outside counsel to the indemnified party, a conflict of interest between such indemnified and indemnifying parties may exist in respect of such claim, assume the defense thereof jointly with any other indemnifying party similarly notified, with counsel reasonably satisfactory to such indemnified party. An indemnifying party shall promptly notify the indemnified party of its decision to participate in such action or proceeding. If, and after, the indemnified party has received such notice from an indemnifying party, the indemnifying party shall not be liable to such indemnified party for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense of such action or proceeding other than reasonable costs of investigation; provided, however, that (i) if the indemnifying party fails to take reasonable steps necessary to defend diligently the action or proceeding within twenty (20) days after receiving notice from such indemnified party that the indemnified party believes it has failed to do so; or (ii) if such indemnified party who is a defendant in any action or proceeding which is also brought against the indemnifying party reasonably shall have concluded that there may be one or more legal or equitable defenses available to such indemnified party which are not available to the indemnifying party or which may conflict with those available to another indemnified party with respect to such Claim; or (iii) if representation of both parties by the same counsel is otherwise inappropriate under applicable standards of professional conduct, then, in any such case, the indemnified party shall have the right to assume or continue its own defense as set forth above (but with no more than one firm of counsel for all indemnified parties in each jurisdiction, except to the extent any indemnified party or parties reasonably shall have made a conclusion described in clause (ii) or (iii) above) and the indemnifying party shall be liable for any expenses therefor. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or Claim in respect of which indemnification or contribution may be sought hereunder by such indemnified party (whether or not the indemnified party is an actual or potential party to such action or Claim) unless such settlement (i) includes an unconditional release of such indemnified party from all liability on any Claims that are the subject of such action and (ii) does not include a statement as to, or an admission of, fault, culpability or a failure to act by or on behalf of such indemnified party.

Table of Contents

(d) If for any reason the foregoing indemnity is held by a court of competent jurisdiction to be unavailable to an indemnified party or is insufficient to hold harmless an indemnified party under Section 2.10(a) or Section 2.10(b), then each applicable indemnifying party, severally and not jointly, shall contribute to the amount paid or payable to such indemnified party as a result of any Claim in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and the indemnified party, on the other hand, with respect to such Claim as well as any other relevant equitable considerations. The relative fault shall be determined by a court by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. If, however, the allocation provided in the second preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative faults but also the relative benefits of the indemnifying party and the indemnified party as well as any other relevant equitable considerations. The parties hereto agree that it would not be just and equitable if any contribution pursuant to this Section 2.10(d) were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the preceding sentences of this Section 2.10(d). The amount paid or payable in respect of any Claim shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. Notwithstanding anything in this Section 2.10(d) to the contrary, no indemnifying party (other than the Company and Mosaic) shall be required pursuant to this Section 2.10(d) to contribute any amount greater than the amount of the net proceeds actually received by such indemnifying party upon the sale of the Registrable Securities pursuant to the Registration Statement giving rise to such Claim, less the amount of any indemnification payment made by such indemnifying party pursuant to Section 2.10(b).

(e) The indemnity and contribution agreements contained herein shall be in addition to any other rights to indemnification or contribution which any indemnified party may have pursuant to law or contract and shall remain operative and in full force and effect regardless of any investigation made or omitted by or on behalf of any indemnified party and shall survive the Transfer of the Registrable Securities by any such party and the completion of any offering of Registrable Securities in a Registration Statement.

3. Underwritten Offerings. The right of any Holder to include its Registrable Securities in any underwritten offering pursuant to this Agreement shall be conditioned upon such Holder's participation in the underwriting and the inclusion of such Holder's Registrable Securities in the underwriting to the extent provided herein. No Holder may participate in such underwriting unless such Holder (x) agrees to sell such Holder's Registrable Securities on the basis provided in any underwriting arrangements reasonably customary and negotiated for the particular offering by the party specified herein with the underwriter or underwriters selected for such underwriting in accordance with this Agreement and (y) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements, custody agreements, opinions and other documents, in each case, in reasonably customary form and negotiated for the particular offering by the party specified herein with the selected underwriters.

4. General.

4.1. Compliance with Filing Obligations; Rule 144. The Company and Mosaic each covenant that it will use its reasonable best efforts to timely file (including, for this purpose, pursuant to Rule 12b-25(b)(2)(ii) promulgated by the SEC) the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder (or, if the Company is not required to file such reports, it will, upon the request of any Holder, make publicly available other information so long as necessary to permit sales pursuant to Rule 144 under the Securities Act, as such Rule may be amended from time to time (Rule 144), and it will take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such

Holder to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 or any similar rule or regulation hereafter adopted by the SEC, in each case subject to any restrictions on transfer of such Registrable Securities pursuant to the certificate of incorporation of the Company or otherwise. Upon the request of any Holder, the Company (and/or Mosaic, as applicable) will deliver a written statement to such Holder as to whether it has complied with such requirements.

4.2. Nominees for Beneficial Owners. If Registrable Securities are held by a nominee for the beneficial owner thereof, the beneficial owner thereof may, at its option, be treated as the Holder of such Registrable Securities for the purposes of any request or other action by any Holder or Holders of Registrable Securities pursuant to this Agreement (or any determination of any number or percentage of shares constituting Registrable Securities held by any Holder or Holders of Registrable Securities contemplated by this Agreement), provided that the Company shall have received assurances reasonably satisfactory to it of such beneficial ownership.

4.3. Amendments and Waivers. Subject to the next succeeding sentence of this Section 4.3, any provision of this Agreement may be amended, modified or supplemented and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Company, Mosaic, Cargill and the MAC Trusts (with the MAC Trusts acting jointly). Any amendment, modification or supplement of any provision of this Agreement effected in accordance with this Section 4.3 shall be binding on all parties to this Agreement; provided, however, that, after the Closing Date, no amendment that materially and adversely impacts the rights hereunder of the Holders of Exchanging Cargill Stockholders Registrable Securities in a manner disproportionate to the impact of such amendment on the rights of other Holders shall be binding on the Holders of Exchanging Cargill Stockholders Registrable Securities unless approved by Holders of a majority of the Exchanging Cargill Stockholders Registrable Securities. Any waiver of any breach or default by any other party of any of the terms of this Agreement effected in accordance with this Section 4.3 shall not operate as a waiver of any other breach or default, whether similar to or different from the breach or default waived. 4.9. Governing Law. This Agreement is governed by and will be construed in accordance with the laws of the State of New York, excluding any conflict-of-laws rule or principle (whether of New York or any other jurisdiction) that might refer the governance or the construction of this Agreement to the law of another jurisdiction.

Each party hereto shall, therefore, be entitled (in addition to any other remedy to which such party may be entitled at law or in equity) to injunctive relief, including specific performance, to enforce such obligations, without the posting of any bond, and if any action should be brought in equity to enforce any of the provisions of this Agreement, none of the parties hereto shall raise the defense that there is an adequate remedy at law.

SECTION 2.04 Notice of Transfer. Any Stockholder Transferring any Voting Securities (other than a Transfer in any public offering permitted by the Registration Agreement) shall, within five (5) Business Days following consummation of such Transfer, deliver notice thereof to the Company.

SECTION 2.05 Legends. In addition to any legend required by the Merger and Distribution Agreement, by the Certificate of Incorporation or by the General Corporation Law of the State of Delaware, the certificates evidencing ownership of Company Common Stock held by Stockholders shall also contain the following (or substantially similar) legend:

THE SECURITIES EVIDENCED BY THIS CERTIFICATE ARE SUBJECT TO CERTAIN RESTRICTIONS AS SET FORTH IN A GOVERNANCE AGREEMENT DATED AS OF JANUARY 18, 2011 BY AND AMONG THE CORPORATION AND THE OTHER PARTIES NAMED THEREIN, AS IT MAY BE AMENDED FROM TIME TO TIME, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICES OF THE CORPORATION AND WHICH SHALL BE FURNISHED TO ANY STOCKHOLDER OF THE CORPORATION, ON REQUEST AND WITHOUT COST. NO REGISTRATION OF TRANSFER OF SUCH SECURITIES WILL BE MADE ON THE BOOKS OF THE CORPORATION UNLESS AND UNTIL SUCH RESTRICTIONS SHALL HAVE BEEN COMPLIED WITH. ANY TRANSFER NOT IN COMPLIANCE WITH SUCH AGREEMENT SHALL BE NULL AND VOID AND OF NO EFFECT.

At such time at which the provisions of this Article II no longer apply to a Stockholder by reason of Section 2.08, upon written request of such Stockholder, the Company shall promptly exchange certificate or certificates representing Voting Securities held by such Stockholder for new certificates or certificates or book-entry confirmation (if such Voting Security is a share of Common Stock) representing such Voting Security which shall not contain such legend.

SECTION 2.06 Prohibited Persons. No later than ten (10) calendar days prior to the date on which a Stockholder (the Transferring Stockholder) intends to Transfer Voting Securities pursuant to Section 2.02(b)(vi), or enter into any binding agreement providing for such Transfer, such Stockholder shall notify the Company in writing of the identity of the intended transferee (the Intended Transferee) and shall provide the Company any additional information regarding the Intended Transferee as may reasonably be requested by the Company following receipt by the Company of such notice. No later than five (5) Business Days following the receipt by the Company of such notice, the Company shall notify the Transferring Stockholder in writing (a Determination Notice) if the Intended Transferee is a Prohibited Person. If the Company determines that the Person is a Prohibited Person, the Determination Notice shall specify in reasonable detail the Company's basis for such determination. If the Transferring Stockholder does not receive a Determination Notice within the time period prescribed above, the Intended Transferee shall be deemed not to be a Prohibited Person with respect to such transaction.

SECTION 2.07 Delay of Transfer. The Company shall not incur any liability for any delay in recognizing any Transfer of Voting Securities if the Company in good faith reasonably believes that such Transfer may have been or would be in violation in any material respect of the provisions of the Securities Act, applicable state securities or blue sky laws, or this Agreement.

SECTION 2.08 Article II Termination. The provisions of this Article II shall cease to apply to a Stockholder at the time such Stockholder, together with its Counted Permitted Transferees, beneficially owns Voting Securities that represent in the aggregate less than 5% of the Total Voting Power.

(b) Other Restrictions. Each Stockholder covenants and agrees, severally and not jointly with any other Stockholder, with the Company that, until the earlier of the fifth anniversary of the Closing Date and the first date upon which such Stockholder, together with its Counted Permitted Transferees, beneficially owns Voting Securities that represent in the aggregate less than 5% of the Total Voting Power, such Stockholder shall not, and shall not cause any of its Affiliates to, directly or indirectly, alone or in concert with others, take any of the actions set forth below (or take any action that would require the Company to make an announcement regarding any of the following):

(ii) take or propose to take any action to seek to affect the control of the management of the Company or any of the businesses, operations or policies of the Company, including through (A) any solicitation of proxies (as such terms are used in the proxy rules of the SEC but without regard to the exclusion set forth in Section 14a-1(l)(2)(iv) from the definition of solicitation) to vote any securities of the Company or consents to any action from any holder of any Voting Securities, (B) publicly announcing its desire to affect the control of the management or policies of the Company or (C) any filings with any government or judicial authority;

(iii) call or seek to call a special meeting of the stockholders of the Company or nominate any person as a Director or propose any matter to be voted upon by the stockholders of the Company;

(v) seek to amend or waive any provision of Section 3.01 (other than a proposal made privately to the Board in a manner that is not intended to result in the Company being required to make any public disclosure or other public announcement related to such proposal);

(vi) take any action, make any statement, or disclose any intention, that to such Stockholder's knowledge is inconsistent with any of the foregoing; or

(vii) enter into any discussions, negotiations, arrangements or understandings with any Person inconsistent with any of the foregoing, or advise, assist or encourage any Person in connection with the foregoing.

SECTION 3.02 Voting.

(a) Voting on Certain Matters. Each Stockholder covenants and agrees, severally and not jointly with any other Stockholder, with the Company that, until the earlier of the third anniversary of the date of Closing and the first date upon which such Stockholder, together with its Counted Permitted Transferees, beneficially owns Voting Securities that represent in the aggregate less than 10% of the Total Voting Power, such Stockholder shall:

(i) cause the Voting Securities beneficially owned by such Stockholder to be present, in person or represented by proxy, at all meetings of the stockholders of the Company (whether annual or special and whether or not an adjourned or postponed meeting) so that the Voting Securities of such Stockholder may be counted for determining a quorum at each such meeting; and

(ii) other than for the election of Directors and for any vote with respect to the Class B Conversion Approval, vote, or cause to be voted, the Voting Securities beneficially owned by such Stockholder, or execute one or more written consents in respect of the Voting Securities beneficially owned by such Stockholder at all meetings (whether annual or special and whether or not an adjourned or postponed meeting) of the stockholders of the Company in accordance with the Board's recommendation with respect to each matter, so long as holders of a majority of the Public Voting Securities who have submitted proxies to the Company in respect of such meeting by the Measurement Time have authorized the proxy holder to vote their Voting Securities at such meeting in accordance with the Board's recommendation on such matter (it being understood that if holders of a majority of the Public Voting Securities who have submitted proxies to the Company in respect of such meeting by the Measurement Time have authorized the proxy holder to vote the Voting Securities represented by such proxies other than in accordance with the Board's recommendation on such matter, then each Stockholder may vote at such meeting (or execute one or more written consents in respect of) its Voting Securities on such matter in its sole discretion).

(b) Irrevocable Proxy. With respect to any meeting of stockholders of the Company that is scheduled to take place at a time during which the provisions of Section 3.02(a) are applicable to a Stockholder, at least ten (10) Business Days prior to such meeting, such Stockholder shall deliver a duly executed irrevocable proxy to the Company specifying for any matter brought before the meeting other than with respect to the election of directors and any stockholder vote with respect to the Class B Conversion Approval (A) that such Stockholder shall vote its Voting Securities at the meeting in accordance with the Board's recommendation on such matter if holders of a majority of the Public Voting Securities who have submitted proxies to the Company in respect of such meeting by the Measurement Time have authorized the proxy holder to vote the Voting Securities represented by such proxies in accordance with the Board's recommendation on such matter and (B) how such Stockholder shall vote its Voting Securities at the meeting with respect to such matter if the holders of a majority of the Public Voting Securities who have submitted proxies to the Company in respect of such meeting by the Measurement Time have agreed to vote their Voting Securities in such proxies other than in accordance with the Board's recommendation on such matter. Such proxy shall appoint such officers of the Company as the Board shall designate as such Stockholder's true and lawful proxies as to the matters to be voted at the meeting and shall state that it is irrevocable and coupled with an interest sufficient in the law to support an irrevocable proxy. The Company shall cause any such proxy to be voted in accordance with the instructions given in conformity herewith.

SECTION 5.02 Assignment. Except as expressly provided in Section 2.02, neither this Agreement, nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto, in whole or in part (whether by operation of law or otherwise), without the prior written consent of the other parties, and any attempt to make any such assignment without such consent shall be null and void. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by, the parties and their respective successors and assigns.

SECTION 5.03 Third Party Beneficiaries. This Agreement is for the sole benefit of the parties hereto and their respective successors and assigns and nothing herein express or implied shall give or shall be construed to confer any legal or equitable rights or remedies to any Person other than the parties to this Agreement and their respective successors and assigns.

SECTION 5.04 Entire Agreement; Amendment. This Agreement constitutes the entire agreement among the parties hereto with respect to the subject matter hereof, and supersedes any prior agreement or understanding among them with respect to the matters referred to herein. This Agreement and the provisions hereof may be amended, waived (either generally or in a particular instance and either retroactively or prospectively), modified or supplemented, in whole or in part, at any time by action of the Company; provided, however, that any such amendment, waiver, modification or supplement that would directly and adversely affect the rights, or directly increase the obligations, of any Stockholder, shall require the prior written consent of such adversely affected Stockholder. The execution of a Joinder Agreement to this Agreement after the date hereof shall require only the consent of the Company and shall not be deemed an amendment to this Agreement so long as such Person agrees to be treated as a Stockholder hereunder.

SECTION 5.05 Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of Delaware, without regard to the principles of conflicts of law.

SECTION 5.06 Consent to Jurisdiction; Waiver of Jury Trial.

(a) All actions and proceedings arising out of or relating to this Agreement shall be heard and determined in the Court of Chancery of the State of Delaware or, in the event that such court does not have subject matter jurisdiction over such action or proceeding, any federal court sitting in the State of Delaware, and the parties to this Agreement irrevocably submit to the exclusive jurisdiction of such courts (and, in the case of appeals, appropriate appellate courts therefrom) in any such action or proceeding and irrevocably waive the defense of an inconvenient forum to the maintenance of any such action or proceeding. The consents to jurisdiction set forth in this paragraph shall not constitute general consents to service of process in the State of Delaware and shall have no effect for any purpose except as provided in this paragraph and shall not be deemed to confer rights on any Person other than the parties hereto. To the fullest extent permitted by Law, each of the parties to this Agreement consents to service being made through the notice procedures set forth in Section 5.01 and agrees that service of any process, summons, notice or document by registered mail (return receipt requested and first-class postage prepaid) to the respective addresses of the parties set forth in Section 5.01 shall be effective service of process for any suit or proceeding in connection with this Agreement or the transactions contemplated by this Agreement. The parties hereto agree that a final judgment in any such action or proceeding

shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable law.

(b) EACH OF THE PARTIES TO THIS AGREEMENT IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT.

SECTION 5.07 Specific Performance.

(a) The parties hereto agree that the Company would suffer irreparable damage if any covenant or obligation of any Stockholder under this Agreement were not performed in accordance with the terms hereof. Accordingly, each Stockholder agrees that the Company shall be entitled (in addition to any other remedy to which the Company may be entitled at law or in equity) to specific performance and injunctive and other equitable relief to prevent a breach or non-performance by any Stockholder of its obligations under this Agreement, without the posting of any bond, and if any action should be brought in equity to enforce any of the provisions of this Agreement, no Stockholder shall raise the defense that there is an adequate remedy at law.

(b) The parties hereto agree that each Stockholder would suffer irreparable damage if any covenant or obligation of the Company under this Agreement were not performed in accordance with the terms hereof. Accordingly, the Company agrees that each Stockholder shall be entitled (in addition to any other remedy to which such Stockholder may be entitled at law or in equity) to specific performance and injunctive and other equitable relief to prevent a breach or non-performance by the Company of its obligations under this Agreement, without the posting of any bond, and if any action should be brought in equity to enforce any of the provisions of this Agreement, the Company shall not raise the defense that there is an adequate remedy at law.

SECTION 5.08 Counterparts. This Agreement may be executed in any number of separate counterparts each of which when so executed shall be deemed to be an original and all of which together shall constitute one and the same agreement.

SECTION 5.09 Severability. In the event that any provision of this Agreement shall be invalid, illegal or unenforceable, such provision shall be construed by limiting it so as to be valid, legal and enforceable to the maximum extent provided by law and the validity, legality and enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired thereby.

SECTION 5.10 Termination. This Agreement shall automatically terminate and be of no further force and effect upon the termination of the Merger and Distribution Agreement in accordance with its terms. In addition, if following the Split-off, any Person who has executed this Agreement has not received a number of shares of Company Common Stock necessary for such Person to be deemed a Significant Stockholder, this Agreement shall automatically terminate and be of no further force and effect with respect to such Person.

SECTION 5.11 Legal Expenses. In addition to any other relief to which it may be entitled, the prevailing party in any action or proceeding to enforce this Agreement shall, to the fullest extent permitted by law, be entitled to recover from the non-prevailing party all court costs, counsel fees, and other costs or expenses incurred by the prevailing party in connection with such action, including in enforcing this section and proving the amounts to which the prevailing party is entitled pursuant to this section.

(b) During the period from the Closing Date through the second anniversary of the Closing Date, M Holdings may consent in writing (a M Holdings Allotment Consent) to a Transfer of M Holdings Stock by the MAC Trusts solely out of the M Holdings Transferrable Share Allotment and only to the extent the sum of (i) the number of shares of M Holdings Stock for which consent is being sought to Transfer pursuant to this Section 2.03(b), (ii) the number of shares of M Holdings Stock for which a M Holdings Allotment Consent was previously granted pursuant to this Section 2.03(b), and (iii) the number of shares of M Holdings Stock previously Transferred pursuant to Section 2.04, does not exceed the M Holdings Transferrable Share Allotment. As an illustration, a M Holdings Allotment Consent may be granted (subject to the terms and conditions of the M Holdings Charter and the Transaction Documents) to permit the MAC Trusts to sell in excess of 49.5 million shares in an Underwritten Offering or in a privately negotiated transaction, subject to the limitations set forth in the first sentence of this Section 2.03(b). M Holdings shall provide reasonable notice to Cargill prior to granting any M Holdings Allotment Consent to the Transfer of shares of M Holdings Stock by any of the MAC Trusts indicating that the proposed consent is a M Holdings Allotment Consent and describing the number of shares of M Holdings Stock subject to such proposed consent and the terms of the Transfer for which such consent is being granted; following the completion of such Transfer M Holdings shall provide notice to Cargill indicating the Transfer has been completed.

SECTION 2.04 *Permitted Equity Issuances and Permitted Employee Redemptions.*

(a) From the date hereof through the second anniversary of the Closing Date, solely out of the M Holdings Transferrable Share Allotment, M Holdings shall be permitted to make a Permitted Equity Issuance or Permitted Employee Redemption only to the extent the sum of (i) the number of shares of M Holdings Stock proposed to be Transferred pursuant to this Section 2.04 in the proposed Permitted Equity Issuance or Permitted Employee Redemption, (ii) the number of shares of M Holdings Stock previously Transferred pursuant to this Section 2.04 in a Permitted Equity Issuance or Permitted Employee Redemption, and (iii) the number of shares of M Holdings Stock for which a M Holdings Allotment Consent shall have been granted pursuant to Section 2.03(b), does not exceed the M Holdings Transferrable Share Allotment, calculated as if any such proposed Permitted Equity Issuance or Permitted Employee Redemption had occurred. For the avoidance of doubt and to avoid duplication, shares of M Holdings Stock issued within the two year period following the Closing Date pursuant to options, restricted stock units and other equity awards described in the definition of Mosaic Employee Award Amount shall not be subject to the limitations of this Section 2.04, to the extent that such shares are taken into account in determining the M Holdings Transferrable Share Allotment.

(b) Following the completion of a Permitted Equity Issuance (other than to one or more employees) M Holdings shall promptly notify Cargill of the number of shares of M Holdings Stock issued in such Permitted Equity Issuance. M Holdings shall provide notice to Cargill on a quarterly basis of all Permitted Equity Issuances made to employees during such quarter.

SECTION 2.05 *Prohibited Acts.*

(a) From the Closing Date through the second anniversary thereof (other than in the case of clause (ix), which shall apply through the end of the Quiet Period), M Holdings shall not, and shall not permit any of its Subsidiaries to, and shall not authorize or permit any other Person acting on behalf of M Holdings or any of its Subsidiaries to, directly or indirectly (each of the following actions, a Prohibited Act):

Notwithstanding the foregoing, acquisitions of M Holdings Stock that would otherwise constitute Prohibited Acts pursuant to clauses (x) and (xi) above shall not constitute Prohibited Acts to the extent the sum of (A) the number of shares of M Holdings Stock acquired in such acquisition, and (B), without duplication, the number of shares

(b) Notwithstanding anything in Section 2.05(a) to the contrary, M Holdings may take any of the foregoing Prohibited Acts after receipt by M Holdings at its sole expense of an opinion satisfactory to Cargill to the effect that such action will not result in any of the events listed in Section 2.07(a)(i) through 2.07(a)(v).

SECTION 2.06 *Additional Covenants of the Mosaic Parties.*

(a) None of the Mosaic Parties shall knowingly take any action that could cause any of the Mosaic Parties not to be able to deliver the Mosaic Tax Certificate.

(b) On the Share Number Date, Mosaic shall furnish Cargill with an estimate of the Mosaic Outstanding Share Number, the Mosaic Employee Award Amount, the Mosaic Redemption Amount and the Mosaic Issued Amount and all of the facts, information, and calculations used in calculating such numbers.

(c) The Mosaic Outstanding Share Number delivered to Cargill immediately prior to the Closing (pursuant to Section 2.2(a)(i) of the Merger and Distribution Agreement) shall accurately reflect (i) the aggregate number of shares of Mosaic Common Stock issued and outstanding immediately prior to Closing and (ii) that there are no shares of Mosaic stock outstanding other than the Mosaic Common Stock described in clause (i).

(d) Within 10 Business Days after the Closing Date, M Holdings shall furnish to Cargill a true, accurate and complete final schedule of the M Holdings Transferable Share Allotment as of the Closing Date (based on the Mosaic Outstanding Share Number delivered by Mosaic to Cargill immediately prior to the Closing (pursuant to Section 2.2 of the Merger and Distribution Agreement) and the Cargill Retained M Holdings Shares calculated by Cargill and provided to M Holdings pursuant to Section 2.2(b) of the Merger and Distribution Agreement), the Mosaic Employee Award Amount, the Mosaic Redemption Amount, and the Mosaic Issued Amount and all of the facts, information, and calculations used in calculating such numbers.

SECTION 2.07 *Tax Indemnity.*

(a) Mosaic and M Holdings shall, jointly and severally, indemnify and hold harmless Cargill and/or any of its Subsidiaries from and against any Tax Losses suffered by Cargill and/or any of its Subsidiaries attributable to, arising out of, or resulting from any of the following events listed in clauses (i) through (v) below if and to the extent any such event is or was attributable to, arises out of or results from (x) any Prohibited Act (including Prohibited Acts for which M Holdings has obtained an opinion under Section 2.05(b)) or (y) any breach or inaccuracy of any representation, warranty or covenant made by any Mosaic Party pursuant to this Agreement or the Mosaic Tax Certificate.

(i) the Split-off failing to qualify under Section 355(a)(1) of the Code,

(ii) the Debt Exchanges failing to qualify under Section 361(c) of the Code by reason of the Split-off failing to qualify under Section 355(a)(1) of the Code,

(v) any failure of any shares of M Holdings Stock (including stock transferred pursuant to Section 361(c)(3) of the Code) to qualify as qualified property within the meaning of Section 361(c)(2) of the Code by reason of Section 355(e) of the Code.

(b) Cargill may seek indemnification for any Tax Loss or potential Tax Loss suffered by Cargill and/or any of its Subsidiaries by giving notice to M Holdings, specifying (i) the representation, warranty, covenant or Prohibited Act that is alleged to have been inaccurate, to have been breached or to have given rise to indemnification, (ii) the basis for such allegation and a description of the Tax Loss and (iii) if known, the aggregate amount of the Tax Losses for which a claim is being made under this Section 2.07 including a detailed computation of such Tax Loss or, to the extent that the aggregate amount of such Tax Losses are not known at the time such claim is made, a detailed computation setting forth an estimate, prepared in good faith, of the aggregate potential amount of such Tax Losses (it being understood and agreed that no inaccuracy in any such notice or estimate shall affect Cargill's right to indemnification for Tax Losses hereunder). Notice to M Holdings of the existence of a claim shall be given by Cargill as soon as practicable after Cargill receives written notice of the claim; provided that any failure to provide such prompt notice of the existence of a claim to M Holdings shall not affect Cargill's right to seek indemnification pursuant to this Section 2.07 except and only to the extent that such failure results in a lack of actual notice to M Holdings and M Holdings has been materially prejudiced as a result of such delay. No payment shall be required to be made pursuant to a claim for indemnification until the Final Determination of the amount of Tax Loss has been made by the applicable taxing authority.

(c) Subject to Section 3.11, the indemnification obligations and the remedies provided in this Section 2.07 shall be Cargill's sole remedy against Mosaic and/or M Holdings for Tax Losses.

(d) M Holdings shall not enter into any agreement pursuant to which any Person (other than Mosaic or any of its Subsidiaries) acquires all or substantially all of the assets of Mosaic or M Holdings or a majority of the outstanding shares of Mosaic stock or M Holdings Stock, whether by merger, tender offer, exchange offer, amalgamation or consolidation, asset purchase, stock purchase or subscription or otherwise, unless such Person expressly assumes the obligations of Mosaic and M Holdings under this Agreement in writing for the benefit of Cargill.

SECTION 2.08 *Inconsistent Actions.* Each party hereto agrees to report the Transactions consistent with the Private Letter Ruling on all Tax Returns and other filings; provided that, with respect to any supplemental rulings issued by the IRS, only if Cargill has complied with its obligations under Section 2.11 of this Agreement. Each party hereto agrees to make all filings required in connection with the Transaction with the IRS or any other taxing authority.

SECTION 2.09 *Survival.* Except as otherwise expressly contemplated by this Agreement, all covenants, representations, warranties and agreements of the parties contained in this Agreement, or in any certificate delivered in connection with this Agreement, shall survive the consummation of the Merger and the Split-off.

SECTION 2.10 *Tax Audits.*

(a) With respect to any deficiency, claim or adjustment proposed, asserted or assessed in connection with or as a result of any audit, examination, claim, adjustment or other proceeding (a Tax Controversy) relating to the Transactions that arises in an income tax return of M Holdings and that raises an issue which could have an adverse effect on Cargill and/or its shareholders, M Holdings shall have the right, through tax counsel of its choosing and at its own expense, to conduct and control the settlement or defense of such Tax Controversy; provided, however, that Cargill shall be entitled to jointly participate in such Tax Controversy, at its own expense, and M Holdings shall not, without Cargill's consent, which consent shall not be unreasonably withheld or delayed, agree to pay or settle any such Tax Controversy. If M Holdings would be entitled to, and proposes to, settle a Tax Controversy but Cargill reasonably withholds consent for such settlement, Cargill shall have the right to conduct and control the settlement or defense from that point forward. To the extent the amount of the final settlement or assessment or other final determination of the Tax Controversy exceeds the amount at which M Holdings had proposed to settle such Tax Controversy, Cargill shall bear the full cost of such excess, regardless of whether M Holdings is determined to be responsible for the underlying Tax Loss pursuant to Section 2.07.

(b) With respect to a Tax Controversy relating to the Transactions that arises in an income tax return of Cargill, Cargill shall have the right, through tax counsel of its choosing and at its own expense, to conduct and control the settlement or defense of such Tax Controversy; provided, however, that M Holdings shall be entitled to jointly participate in such Tax Controversy, at its own expense, and Cargill shall not, without M Holdings' consent, which consent shall not be unreasonably withheld or delayed, agree to pay or settle any such Tax Controversy. If Cargill would be entitled to, and proposes to, settle a Tax Controversy but M Holdings reasonably withholds consent for such settlement, M Holdings shall have the right to conduct and control the settlement or defense from that point forward. To the extent the amount of the final settlement or assessment or other final determination of the Tax Controversy exceeds the amount at which Cargill had proposed to settle such Tax Controversy, M Holdings shall bear the full cost of such excess, regardless of whether M Holdings is determined to be responsible for the underlying Tax Loss pursuant to Section 2.07.

(c) Notwithstanding anything to the contrary set forth in paragraphs (a) and (b) of this section 2.10, in the event that Cargill acknowledges in writing that Mosaic and M Holdings have no indemnification obligations pursuant to Section 2.07 for any Tax Losses relating to, or arising out of a Tax Controversy, Cargill shall have the exclusive right to conduct and control the settlement or defense of such Tax Controversy at its own expense.

(d) In the event Mosaic or M Holdings receives written notice of a Tax Controversy relating to the Transactions, M Holdings shall notify Cargill in writing within ten (10) Business Days after the receipt by Mosaic or M Holdings of such notice; provided that any failure to provide such prompt notice of a Tax Controversy shall not result in any liability of Mosaic or M Holdings hereunder, except to the extent that Cargill is materially prejudiced thereby.

(e) In the event Cargill receives written notice of a Tax Controversy relating to the Transactions and with respect to a Tax for which Cargill believes Mosaic or M Holdings is or may be responsible pursuant to Section 2.07, Cargill shall notify M Holdings in writing within ten (10) Business Days after the receipt by Cargill of such notice; provided that any failure to provide such prompt notice of the existence of a Tax Controversy to M Holdings shall not affect Cargill's right to seek indemnification pursuant to Section 2.07 except and only to the extent that M Holdings has been materially prejudiced as a result of such delay.

(f) Mosaic, M Holdings and their respective Subsidiaries, on one hand, and Cargill and its Subsidiaries, on the other, will provide each other with such cooperation and information as they may reasonably request of each other in connection with a Tax Controversy or other Tax matters related to the Transactions.

SECTION 2.11 *Supplemental Ruling Requests.* Cargill shall have the right to make one or more Supplemental Ruling Requests, provided that M Holdings and its counsel shall be given a reasonable opportunity to review and comment on any such Supplemental Ruling Request sufficiently in advance of such document being filed with the IRS, and Cargill shall give reasonable and good faith consideration to any comments made by M Holdings and its counsel. To the extent reasonably requested by Cargill, M Holdings shall use reasonable best efforts to assist Cargill in making a Supplemental Ruling Request. Cargill shall promptly provide M Holdings and its counsel with a copy of any ruling issued by the IRS in response to a Supplemental Ruling Request.

SECTION 3.04 Waivers. No failure or delay by Cargill or any Mosaic Party in exercising any right hereunder shall operate as a waiver of rights, nor shall any single or partial exercise of such rights preclude any other or further exercise of such rights or the exercise of any other right hereunder. SECTION 3.06 *Assignment.* Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned, in whole or in part, by any of the parties without the prior written consent of the other party. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the parties hereto and their respective successors and permitted assigns. Any purported assignment not permitted under this Section 3.06 shall be null and void.

SECTION 3.07 *Successors and Assigns.* The terms and provisions of this Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and permitted assigns.

SECTION 3.08 *No Third-Party Beneficiaries.* This Agreement is for the sole benefit of the parties and their successors and permitted assigns, and nothing herein express or implied shall give or shall be construed to confer any legal or equitable rights or remedies to any Person other than the parties to this Agreement and such successors and permitted assigns.

SECTION 3.09 *GOVERNING LAW.* THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED IN THE STATE OF DELAWARE, REGARDLESS OF THE LAWS THAT MIGHT OTHERWISE GOVERN UNDER APPLICABLE PRINCIPLES OF CONFLICTS OF LAWS.

SECTION 3.10 *Consent to Jurisdiction; Waiver of Jury Trial.*

(a) All actions and proceedings arising out of or relating to this Agreement shall be heard and determined in the Court of Chancery of the State of Delaware or, in the event that such court does not have subject matter jurisdiction over such action or proceeding, any federal court sitting in the State of Delaware, and the parties to this Agreement irrevocably submit to the exclusive jurisdiction of such courts (and, in the case of appeals, appropriate appellate courts therefrom) in any such action or proceeding and irrevocably waive the defense of an inconvenient forum to the maintenance of any such action or proceeding. The consents to jurisdiction set forth in this paragraph shall not constitute general consents to service of process in the State of Delaware and shall have no effect for any purpose except as provided in this paragraph and shall not be deemed to confer rights on any Person other than the parties hereto. To the fullest extent permitted by applicable Law, each of the parties to this Agreement consents to service being made through the notice procedures set forth in Section 3.03 and agrees that service of any process, summons, notice or document by registered mail (return receipt requested and first-class postage prepaid) to the respective addresses of the parties set forth in Section 3.03 shall be effective service of process for any suit or proceeding in connection with this Agreement or the transactions contemplated by this Agreement. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

(b) EACH OF THE PARTIES TO THIS AGREEMENT IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT.

SECTION 3.11 *Specific Performance.* The Mosaic Parties agree that Cargill would suffer irreparable damage if any covenant or obligation of any of the Mosaic Parties under this Agreement were not performed in accordance with the terms hereof. Accordingly, the Mosaic Parties agree that Cargill shall be entitled to specific performance of the terms and provisions of this Agreement and injunctive and other equitable relief, as appropriate. No Mosaic Party shall object to the granting of specific performance of the terms and provisions of this Agreement or other equitable relief on the basis that there exists an adequate remedy at law. The Mosaic Parties further agree to waive any requirement for the securing or posting of any bond in connection with the obtaining of any such injunctive or other equitable relief, this being in addition to any other remedy to which Cargill is entitled at Law or in equity. If, notwithstanding the preceding sentence, a court shall require that

Cargill prove that it is entitled to specific performance, injunctive or other equitable relief for a breach or non-performance of this Agreement by any Mosaic Party, Cargill's entitlement to such specific performance, injunctive or other equitable relief shall be governed by the preponderance of the evidence standard (and not the clear and convincing evidence or any other higher standard) for the burden of persuasion with respect to Cargill's entitlement to such relief.

SECTION 3.12 Severability. In the event any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and therein shall not in any way be affected or impaired thereby. The parties shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions, the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 3.13 Interpretation. The limitations and restrictions imposed upon M Holdings, Mosaic or any of their Subsidiaries in this Agreement shall apply notwithstanding the terms of any less restrictive provisions set forth in any other Transaction Document or in the M Holdings Charter. Nothing in this Agreement shall be interpreted to permit M Holdings or any of its Subsidiaries to take any action otherwise limited or barred under the other Transaction Documents or the M Holdings Charter. All references in this Agreement to the number of shares of any securities or calculations determined by reference to a number of securities shall be appropriately adjusted to reflect any stock split, stock dividend, reverse stock split or similar change in such securities which may be made by the issuer thereof after date of this Agreement.

SECTION 3.14 Termination. If the Merger and Distribution Agreement is terminated at any time prior to the Merger Effective Time, this Agreement shall terminate automatically.

Unless otherwise specified, the words hereof, herein and hereunder and words of similar import when used in this Agreement shall refer to this Agreement as a whole (including the Exhibits hereto), and not to any particular provision of this Agreement. 2. Demand Registrations.

2.1. Requests for Registration. If the Split-off is consummated, at any time following the date that is 180 days following the fifty-four (54) month anniversary of the Split-off (the Effective Date), the MAC Trusts (acting jointly) may, subject to Section 2.2, request registration under the Securities Act of all or any portion of their Registrable Securities on Form S-3 or any similar short-form registration statement (a Demand Registration). If for any reason the Company is not eligible to file a Demand Registration on Form S-3 or any similar short-form registration statement, then the Company shall effect such Demand Registration using such form as the Company is then eligible to use. Each request for a Demand Registration shall specify the approximate number of Registrable Securities requested to be registered and the intended method of distribution.

Table of Contents

Within ten days after receipt of any such request, the Company shall give written notice of such requested registration to all other holders who may have registration rights with respect to its securities and, subject to Section 2.3, may include as part of such Demand Registration all other securities with respect to which the Company has received written requests for inclusion therein within 15 days after the receipt of the Company's notice by such holders.

2.2. Limitations on Demand Registrations. The MAC Trusts collectively shall be entitled, subject to Section 2.4, to request two (2) Demand Registrations with respect to Registrable Securities; provided, that the Company shall not be required to effect any registration pursuant to any such request (and any such request will not count as a request made under this Section 2.2) unless the expected sale price of the shares of Registrable Securities to be included thereunder is at least \$100,000,000 (based on the most recent closing price of the Common Stock at the time of the request). The Company may in its sole discretion file such Demand Registration on a Shelf Registration Statement.

2.3. Priority on Demand Registrations. If a Demand Registration is an underwritten offering and the managing underwriter advises the Company that, in their opinion, the number of Registrable Securities requested to be included in such offering exceeds the number of securities which can be sold therein without adversely affecting the marketability of the offering, the Company shall first include in such registration, prior to the inclusion of any securities which are not Registrable Securities, the Registrable Securities requested to be included by the MAC Trusts which in the opinion of such underwriter can be sold without adversely affecting the marketability of the offering.

2.4. Restrictions on Registration. The Company shall not be obligated to effect any Demand Registration within 180 days after the effective date of any other Registration Statement (other than pursuant to registrations related solely to employee benefit plans or a Rule 145 transaction). Furthermore, at any time following the Effective Date, if sales by the Participating Holders pursuant to this Agreement would at any time require the Company to make an Adverse Disclosure, the Company may, by giving prior written notice to the Participating Holders (a Suspension Notice), require the Participating Holders to suspend sales pursuant to this Agreement, and elect not to proceed with any Demand Registration (a Sale Suspension); provided, that the Company shall not be permitted to require a Sale Suspension (i) more than two (2) times during any twelve (12) month period and (ii) the Sale Suspension shall terminate upon the earlier to occur of (i) 120 days following the date of the applicable Suspension Notice and the (ii) date on which the Adverse Disclosure shall cease to exist. In the case of a Sale Suspension, the Participating Holders agree to suspend use of the applicable prospectus and any free writing prospectuses in connection with any sale of, or offer to sell, Registrable Securities, upon receipt of the Suspension Notice and the Company shall immediately notify the Participating Holders upon the termination of any Sale Suspension. For the avoidance of doubt, in the event that a request is made for a Demand Registration pursuant hereto, but is not effected as the result of a Sale Suspension, the MAC Trusts shall be entitled to withdraw such request and such request shall not count as one of the two (2) permitted requests for a Demand Registration hereunder.

2.5. Selection of Underwriters. Each of the Company and the MAC Trusts (acting jointly) shall have the right to select one joint book running managing underwriter for any offering in connection with a Demand Registration requested by the MAC Trusts. Each of the joint book running managing underwriters shall be entitled to participate in due diligence, structuring, marketing, general execution, pricing and book building in connection with such offering.

3. Piggyback Registration.

3.1. Right to Piggyback. At any time on or after the Effective Date, whenever the Company proposes to register any of its equity securities under the Securities Act (other than pursuant to a Demand Registration, which shall be governed by Section 2, and registrations related solely to employee benefit plans or a Rule 145 transaction) and the registration form to be used may be used for the registration of Registrable Securities (a

Table of Contents

Piggyback Registration), the Company shall give prompt written notice to the MAC Trusts of its intention to effect such a registration and, subject to the terms hereof (including Section 3.2), shall include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within 10 Business Days after such holders receive the Company's notice.

3.2. Priority on Primary Registrations. If a Piggyback Registration is an underwritten registration on behalf of the Company, and the managing underwriter advises the Company in writing that in their opinion the number of securities requested to be included in such registration exceeds the number which can be sold therein without adversely affecting the marketability of the offering, the Company shall include in such registration (a) first, the securities the Company proposes to sell, (b) second, the Registrable Securities requested to be included in such registration by the MAC Trusts and (c) third, other securities requested to be included in such registration, *pro rata* among the respective holders thereof on the basis of the amount of shares requested to be sold by each such holder.

3.3. Selection of Underwriters. The Company shall have the right to select the investment banker(s) and manager(s) to administer the offering in connection with any Piggyback Registration.

4. Holdback Agreement. Each Holder of Registrable Securities shall not effect any public sale or distribution (including sales pursuant to Rule 144) of equity securities of the Company, or any securities convertible into or exchangeable or exercisable for such securities, or engage in any hedging transactions relating to the same, during the 30-day period prior to and the 90-day period beginning on the effective date of any underwritten Demand Registration or any underwritten Piggyback Registration, in each case pursuant to which such holder's Registrable Securities are included (except as part of such underwritten registration), unless the underwriters managing the registered public offering agree otherwise.

5. Registration Procedures.

Whenever the MAC Trusts have requested that Registrable Securities be registered pursuant to this Agreement, the Company shall use commercially reasonable efforts to:

(a) prepare and file with the SEC as promptly as practicable (but in any event within forty-five (45) days after the receipt of any request relating thereto) a Registration Statement (or prepare and file with the SEC all necessary or appropriate amendments and supplements to any then effective Registration Statement) to allow for the disposition of Registrable Securities, each such Registration Statement shall comply as to form in all material respects with the requirements of the applicable registration form and include all financial statements required by the SEC to be filed therewith or incorporated therein, and the Company shall use commercially reasonable efforts to cause each such Registration Statement (or amendment) to be declared or become effective as promptly as reasonably practicable, but in any event within sixty (60) days after the filing thereof (or fifteen (15) days if such registration statement shall have received a no review or limited review by the staff of the SEC) (provided, however, that before filing a Registration Statement or prospectus or any amendments or supplements thereto, or comparable statements under securities or state blue sky laws of any jurisdiction, or any free writing prospectus related thereto, the Company will furnish to counsel for the MAC Trusts and to counsel for the underwriters, if any, copies of all such documents proposed to be filed (including all exhibits thereto), which documents will be subject to the reasonable review and reasonable comment of such counsel, and, before filing any such document, including any such Registration Statement or amendment thereto, any prospectus or supplement thereto or any free writing prospectus related thereto, the Company shall make any changes thereto that MAC Trusts or the underwriters, if any, shall reasonably request;

(b) use commercially reasonable efforts to prepare and file with the SEC such amendments and supplements to such Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Registration Statement continuously effective until the distribution described in the applicable Registration Statement has been completed (or, in the case of a Shelf Registration, a period ending on the earlier of (i) the date

(e) to register or qualify the Registrable Securities covered by any such Registration Statement under such other securities or state blue sky laws of such jurisdictions as the MAC Trusts (acting jointly) or managing underwriter, if any, shall reasonably request in writing, and do any and all other acts and things which may be reasonably necessary or advisable to enable the Participating Holders and underwriters, if any, to consummate the disposition of the Registrable Securities in such jurisdictions (including keeping such registration or qualification in effect for so long as such Registration Statement remains in effect), except that in no event shall the Company be required to qualify to do business as a foreign corporation in any jurisdiction where it would not, but for the requirements of this paragraph (e), be required to be so qualified, to subject itself to taxation in any such jurisdiction or to consent to general service of process in any such jurisdiction;

(f) promptly notify each Participating Holder and each managing underwriter, if any: (i) when any such Registration Statement or any prospectus, prospectus supplement or any free writing prospectus relating thereto has been filed and, with respect to such Registration Statement or any post-effective amendment related thereto, when the same has become effective; (ii) of any request by the SEC or state securities authority for amendments or supplements to any such Registration Statement or any prospectus, prospectus supplement or free writing prospectus related thereto or for additional information; (iii) of the issuance by the SEC of any stop order suspending the effectiveness of any such Registration Statement or the initiation of any proceedings for that purpose; (iv) of the receipt by the Company of any notification with respect to the suspension of the qualification of any Registrable Securities for sale under the securities or state blue sky laws of any jurisdiction or the initiation of any proceeding for such purpose; (v) unless in connection with a Sale Suspension, subject to the execution by the prospective recipient of a confidentiality agreement in form and substance reasonably satisfactory to the Company, of the existence of any fact of which the Company becomes aware which results in (x) any such Registration Statement as of the date it became effective under the Securities Act, containing an untrue statement of any material fact or omitting to state a material fact required to be stated therein or necessary in order to make the statements therein not misleading or (y) any prospectus, prospectus supplement (when taken together with the related prospectus) or free writing prospectus (when taken as a whole with any other free writing prospectus and the related prospectus supplement and prospectus), in each case including any document

documents and properties of the Company as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and use its commercially reasonable efforts to cause the Company's officers, directors and employees to supply all information requested by any such Inspector in connection with such Registration Statement (which may be subject to the execution by the prospective recipient thereof of a customary confidentiality agreement in form and substance reasonably satisfactory to the Company) and otherwise reasonably cooperate with the diligence investigation by any such Inspector;

(u) take no direct or indirect action prohibited by Regulation M under the Exchange Act; provided, however, that to the extent that any prohibition is applicable to the Company, the Company will take such reasonable action as is necessary and feasible to make any such prohibition inapplicable;

(v) take all such other reasonable actions necessary on the part of the Company in order to expedite or facilitate the disposition of such Registrable Securities;

(w) take all such reasonable actions necessary on the part of the Company to ensure that any free writing prospectus utilized in connection with any Registration Statement complies in all material respects with the Securities Act, is filed in accordance with the Securities Act to the extent required thereby and is retained in accordance with the Securities Act to the extent required thereby; and

(x) if at any time the information conveyed to a purchaser at the time of sale includes any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, use its commercially reasonable efforts to promptly file with the SEC such amendments or supplements to such information as may be necessary so that the statements as so amended or supplemented will not, in light of the circumstances, be misleading.

The Company may require that each Participating Holder as to which any registration is being effected furnish the Company a selling securityholder questionnaire customary for offerings of this type and that each such Participating Holder and any underwriter furnish the Company such other information regarding themselves and the Registrable Securities held by them as the Company may from time to time reasonably request provided that such information shall be used only in connection with such registration and the Company shall have no responsibility to any Participating Holder with respect to such information included in any Registration Statement, prospectus, amendment or supplement thereto or other document.

5.2. Registration Expenses. All Expenses incurred in connection with any offering, registration, filing, qualification or compliance pursuant to this Agreement shall be borne by the Company, whether or not a Registration Statement becomes effective. All Underwriting Fees and transfer taxes, if any, relating to securities registered by the Holders shall be borne by the Holders of such securities pro rata in accordance with the number of shares sold in the offering by such Holders.

5.3. No Required Sale. Nothing in this Agreement shall be deemed to create an independent obligation on the part of any Holder to sell any Registrable Securities pursuant to any effective Registration Statement.

5.4. Indemnification.

(a) In the event of any registration and/or offering of any Registrable Securities under the Securities Act pursuant to this Agreement, the Company will, and hereby agrees to, and hereby does indemnify and hold harmless, to the fullest extent permitted by law, each Participating Holder and its directors, officers, trustees, fiduciaries, employees, stockholders, members or general and limited partners (and the directors, officers, trustees, fiduciaries, employees, stockholders, members or general and limited partners thereof), and each Person, if any, who controls such Participating Holder, within the meaning of the Securities Act or Exchange Act, from and against any and all losses, claims, damages or liabilities, joint or several, actions or proceedings (whether commenced or threatened) and expenses (including reasonable fees of counsel and any amounts paid in any

settlement effected with the Company's consent, which consent shall not be unreasonably withheld or delayed) to which each such indemnified party may become subject under the Securities Act or otherwise (collectively, Claims), insofar as such Claims arise out of or are based upon (i) any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein in light of the circumstances in which they were made not misleading, or (ii) any untrue statement or alleged untrue statement of a material fact contained in any preliminary or final prospectus or any amendment or supplement thereto, together with the documents incorporated by reference therein, or any free writing prospectus utilized in connection therewith, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, and the Company agrees to reimburse any such indemnified party for any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such Claim that is threatened or commenced (whether or not the indemnified party is designated as an actual or potential party to such Claim) and in connection with the enforcement of this provision with respect to any of the above, as such expenses are incurred; provided, however, that the Company shall not be liable to any such indemnified party in any such case to the extent such Claim (including any legal or other expenses) arises out of or is based upon any untrue statement or alleged untrue statement of a material fact or omission or alleged omission of a material fact made in such Registration Statement or amendment thereof or supplement thereto or in any such prospectus or any preliminary or final prospectus or free writing prospectus in reliance upon and in conformity with written information furnished to the Company by or on behalf of such indemnified party or any underwriters selected by such indemnified party specifically for use therein. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the transfer of such securities by such Holder.

(b) Each Participating Holder shall, severally and not jointly, indemnify and hold harmless (in the same manner as set forth in paragraph (a) of this Section 5.4) to the fullest extent permitted by law the Company and each officer of the Company who shall sign such Registration Statement, its directors, officers, fiduciaries, employees, stockholders, members or general and limited partners (and the directors, officers, fiduciaries, employees, stockholders, members or general and limited partners thereof), each Person controlling the Company within the meaning of the Securities Act, and any other Holder selling securities in such Registration Statement and each of its directors, officers, partners or agents or any Person who controls such Holder with respect to any untrue statement or alleged untrue statement of any material fact in, or omission or alleged omission of any material fact from, such Registration Statement, any preliminary or final prospectus contained therein, or any amendment or supplement thereto, or any free writing prospectus utilized in connection therewith, if such statement or alleged statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Company or any of its representatives by or on behalf of such Participating Holder, specifically for use in connection with the preparation of such Registration Statement, preliminary prospectus, final prospectus, amendment, supplement or free writing prospectus and reimburse such indemnified party for any legal or other expenses reasonably incurred in connection with investigating or defending any such Claim as such expenses are incurred; provided, however, that the aggregate amount which any such Participating Holder shall be required to pay pursuant to this Section 5.4(b) and Section 5.4(c) shall be in proportion to, and in no case be greater than, the amount of the net proceeds actually received by such Participating Holder upon the sale of the Registrable Securities pursuant to the Registration Statement giving rise to such Claim. The Company and each Participating Holder hereby acknowledge and agree that, unless otherwise expressly agreed to in writing by such Participating Holders to the contrary, or as otherwise required by SEC rules, for all purposes of this Agreement, the only information furnished or to be furnished to the Company by a Participating Holder for use in any such Registration Statement, preliminary or final prospectus or amendment or supplement thereto or any free writing prospectus are statements specifically relating to (a) the beneficial ownership of shares of capital stock of the Company by such Participating Holder and its Affiliates and (b) the name and address of such Participating Holder. Such indemnity and reimbursement of expenses shall remain in full force and effect regardless of any investigation made by or on behalf of such indemnified party and shall survive the transfer of such securities by such Holder.

(c) Any Person entitled to indemnification under this Agreement shall notify promptly the indemnifying party or parties in writing of the commencement of any action or proceeding with respect to which a claim for indemnification may be made pursuant to this Section 5.4, but the failure of any indemnified party to provide such notice shall not relieve the indemnifying party of its obligations under the preceding paragraphs of this Section 5.4, except to the extent an indemnifying party is materially and actually prejudiced thereby and shall not relieve any indemnifying party from any liability which it may have to any indemnified party otherwise than under this Section 5.4. In case any action or proceeding is brought against an indemnified party, an indemnifying party shall be entitled to (x) participate in such action or proceeding and (y), unless, in the reasonable opinion of outside counsel to the indemnified party, a conflict of interest between such indemnified and indemnifying parties may exist in respect of such claim, assume the defense thereof jointly with any other indemnifying party similarly notified, with counsel reasonably satisfactory to such indemnified party. An indemnifying party shall promptly notify the indemnified party of its decision to participate in such action or proceeding. If, and after, the indemnified party has received such notice from an indemnifying party, the indemnifying party shall not be liable to such indemnified party for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense of such action or proceeding other than reasonable costs of investigation; provided, however, that (i) if the indemnifying party fails to take reasonable steps necessary to defend diligently the action or proceeding within twenty (20) days after receiving notice from such indemnified party that the indemnified party believes it has failed to do so; or (ii) if such indemnified party who is a defendant in any action or proceeding which is also brought against the indemnifying party reasonably shall have concluded that there may be one or more legal or equitable defenses available to such indemnified party which are not available to the indemnifying party or which may conflict with those available to another indemnified party with respect to such Claim; or (iii) if representation of both parties by the same counsel is otherwise inappropriate under applicable standards of professional conduct, then, in any such case, the indemnified party shall have the right to assume or continue its own defense as set forth above (but with no more than one firm of counsel for all indemnified parties in each jurisdiction, except to the extent any indemnified party or parties reasonably shall have made a conclusion described in clause (ii) or (iii) above) and the indemnifying party shall be liable for any expenses therefor. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or Claim in respect of which indemnification or contribution may be sought hereunder by such indemnified party (whether or not the indemnified party is an actual or potential party to such action or Claim) unless such settlement (i) includes an unconditional release of such indemnified party from all liability on any Claims that are the subject of such action and (ii) does not include a statement as to, or an admission of, fault, culpability or a failure to act by or on behalf of such indemnified party.

(d) If for any reason the foregoing indemnity is held by a court of competent jurisdiction to be unavailable to an indemnified party or is insufficient to hold harmless an indemnified party under Section 5.4(a) or Section 5.4(b), then each applicable indemnifying party, severally and not jointly, shall contribute to the amount paid or payable to such indemnified party as a result of any Claim in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and the indemnified party, on the other hand, with respect to such Claim as well as any other relevant equitable considerations. The relative fault shall be determined by a court by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. If, however, the allocation provided in the second preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative faults but also the relative benefits of the indemnifying party and the indemnified party as well as any other relevant equitable considerations. The parties hereto agree that it would not be just and equitable if any contribution pursuant to this Section 5.4(d) were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the preceding sentences of this Section 5.4(d). The amount paid or payable in respect of any Claim shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any

such Claim. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. Notwithstanding anything in this Section 5.4(d) to the contrary, no indemnifying party (other than the Company) shall be required pursuant to this Section 5.4(d) to contribute any amount greater than the amount of the net proceeds actually received by such indemnifying party upon the sale of the Registrable Securities pursuant to the Registration Statement giving rise to such Claim, less the amount of any indemnification payment made by such indemnifying party pursuant to Section 5.4(b).

(e) The indemnity and contribution agreements contained herein shall be in addition to any other rights to indemnification or contribution which any indemnified party may have pursuant to law or contract and shall remain operative and in full force and effect regardless of any investigation made or omitted by or on behalf of any indemnified party and shall survive the Transfer of the Registrable Securities by any such party and the completion of any offering of Registrable Securities in a Registration Statement.

6. Underwritten Offerings. The right of any Holder to include its Registrable Securities in any underwritten offering pursuant to this Agreement shall be conditioned upon such Holder's participation in the underwriting and the inclusion of such Holder's Registrable Securities in the underwriting to the extent provided herein. No Holder may participate in such underwriting unless such Holder (x) agrees to sell such Holder's Registrable Securities on the basis provided in any underwriting arrangements reasonably customary and negotiated for the particular offering by the party specified herein with the underwriter or underwriters selected for such underwriting in accordance with this Agreement and (y) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements, custody agreements, opinions and other documents, in each case, in reasonably customary form and negotiated for the particular offering by the party specified herein with the selected underwriters.

7. General.

7.1. Nominees for Beneficial Owners. If Registrable Securities are held by a nominee for the beneficial owner thereof, the beneficial owner thereof may, at its option, be treated as the Holder of such Registrable Securities for the purposes of any request or other action by any Holder or Holders of Registrable Securities pursuant to this Agreement (or any determination of any number or percentage of shares constituting Registrable Securities held by any Holder or Holders of Registrable Securities contemplated by this Agreement), provided that the Company shall have received assurances reasonably satisfactory to it of such beneficial ownership.

7.2. Amendments and Waivers. Any provision of this Agreement may be amended, modified or supplemented and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Company and the Holders representing a majority of the Registrable Securities. Any amendment, modification or supplement of any provision of this Agreement effected in accordance with this Section 7.3 shall be binding on all parties to this Agreement. Any waiver of any breach or default by any other party of any of the terms of this Agreement effected in accordance with this Section 7.3 shall not operate as a waiver of any other breach or default, whether similar to or different from the breach or default waived. No waiver of any provision of this Agreement shall be implied from any course of dealing between the parties hereto or from any failure by any party to assert its or his or her rights hereunder on any occasion or series of occasions.

7.3. Notices. Unless otherwise expressly set forth herein, all notices and other communications given or made pursuant hereto shall be in writing and shall be deemed to have been duly given or made (i) as of the date delivered, if delivered personally; (ii) on the date the delivering party receives confirmation, if delivered by facsimile or electronic mail; (iii) three (3) Business Days after being mailed by registered or certified mail (postage prepaid, return receipt requested); or (iv) one (1) Business Day after being sent by overnight courier (providing proof of delivery), to the parties at the following addresses (or at such other address for a party as shall be specified in a notice given in accordance with this Section 7.4) or to any other applicable Holder at the

7.4. Successors and Assigns. Except as otherwise expressly provided herein, all covenants and agreements in this Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns; provided, however, that no holder or transferee of Registrable Securities shall have any rights of a Holder (i) without the prior written consent of the Company (such consent not to be unreasonably withheld, conditioned or delayed) and (ii) until such person shall have executed and delivered to the Company a Joinder Agreement and thereupon become a Holder hereunder.

7.5. Third Party Beneficiaries. Other than as expressly contemplated in Section 5.4, this Agreement is for the sole benefit of the parties and their respective successors and assigns and nothing herein express or implied shall give or shall be construed to confer any legal or equitable rights or remedies to any Person other than the parties to this Agreement and their respective successors and assigns.

7.6. Entire Agreement. This Agreement constitutes the entire agreement among the parties hereto with respect to the subject matter hereof, and supersede any prior agreement or understanding among them with respect to the matters referred to herein.

7.7. **Termination: Existing Registration Rights Agreement.** If the Merger and Distribution Agreement is terminated at any time prior to the Merger Effective Time, this Agreement shall terminate automatically. This Agreement shall terminate with respect to a Holder on the date on which such Holder ceases to hold Registrable Securities; provided, that such Holder's rights and obligations pursuant to Section 5.4, as well as the Company's obligations to pay Expenses pursuant to Section 5.4, shall survive with respect to any registration statement in which any Registrable Securities of such Holder were included and, for the avoidance of doubt, any underwriter lock-up that a Holder has executed prior to a Holder's termination in accordance with this clause shall remain in effect in accordance with its terms.

7.8. **Governing Law.** This Agreement is governed by and will be construed in accordance with the laws of the State of New York, excluding any conflict-of-laws rule or principle (whether of New York or any other jurisdiction) that might refer the governance or the construction of this Agreement to the law of another jurisdiction.

7.9. **Consent to Jurisdiction: Waiver of Jury Trial.**

(a) All actions and proceedings arising out of or relating to this Agreement shall be heard and determined in the Chancery Court of the State of Delaware or, in the event that such court does not have subject matter jurisdiction over such action or proceeding, any federal court sitting in the State of Delaware, and the parties to this Agreement irrevocably submit to the exclusive jurisdiction of such courts (and, in the case of appeals, appropriate appellate courts therefrom) in any such action or proceeding and irrevocably waive the defense of an inconvenient forum to the maintenance of any such action or proceeding. The consents to jurisdiction set forth in this paragraph shall not constitute general consents to service of process in the State of Delaware and shall have no effect for any purpose except as provided in this paragraph and shall not be deemed to confer rights on any Person other than the parties hereto. To the fullest extent permitted by applicable law, each of the parties to this Agreement consents to service being made through the notice procedures set forth in Section 7.4 and agrees that service of any process, summons, notice or document by registered mail (return receipt requested and first-class postage prepaid) to the respective addresses of the parties set forth in Section 7.4 shall be effective service of process for any suit or proceeding in connection with this Agreement or the transactions contemplated by this Agreement. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable law.

(b) EACH OF THE PARTIES TO THIS AGREEMENT IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT.

7.10. **Counterparts.** This Agreement may be executed in any number of separate counterparts each of which when so executed shall be deemed to be an original and all of which together shall constitute one and the same agreement.

7.11. **Severability.** In the event that any provision of this Agreement shall be invalid, illegal or unenforceable, such provision shall be construed by limiting it so as to be valid, legal and enforceable to the maximum extent provided by law and the validity, legality and enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired thereby.

7.12. **Specific Performance: Legal Expenses.**

(a) It is hereby agreed and acknowledged that it will be impossible to measure the money damages that would be suffered if the parties fail to comply with any of the obligations imposed on them by this Agreement and that, in the event of any such failure, an aggrieved party will be irreparably damaged and will not have an adequate remedy at law. Each party hereto shall, therefore, be entitled (in addition to any other remedy to which

such party may be entitled at law or in equity) to injunctive relief, including specific performance, to enforce such obligations, without the posting of any bond, and if any action should be brought in equity to enforce any of the provisions of this Agreement, none of the parties hereto shall raise the defense that there is an adequate remedy at law.

(b) Each party agrees and acknowledges that, to the fullest extent permitted by law, the prevailing party in any action or proceeding to enforce this Agreement shall be entitled to recover from the non-prevailing party or parties all court costs, counsel fees, and other costs or expenses incurred by the prevailing party in connection with such action, including in enforcing this Section 7.13 and proving the amounts to which the prevailing party is entitled pursuant hereto.

7.13. Further Assurances. Each party hereto shall use commercially reasonable efforts to do and perform or cause to be done and performed all such further acts and things and shall execute and deliver all such other agreements, certificates, instruments, and documents as any other party hereto reasonably may request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.
