ITEM 5. MARKET FOR REGISTRANT'S COMMON STOCK AND RELATED STOCKHOLDER MATTERS

The Company has granted stock options to eligible agents of American Commerce. The following table provides a summary of those grants.

GRANT DATE -----	NUMBER OF UNDERLYING SHARES -----	DATE EXERCISABLE -----	EXPIRATION DATE -----	EXERCISE PRICE -----
11/29/99	1,872,380	11/29/04	11/29/09	\$36.32
07/31/00	25,000	7/31/05	7/31/10	\$34.04
07/31/01	225,000	7/31/06	7/31/11	\$42.85
07/31/02	475,000	7/31/07	7/31/12	\$49.50

No cash consideration was received by the Company in exchange for the options. The purpose of the options is to provide an incentive for the agents to maintain their existing business volume with American Commerce. Additional options are granted based on the year-over-year increase in the volume of agency business written with American Commerce.

The options have been offered and sold pursuant to Securities Act Rule 506. Neither the Company nor any person acting on its behalf has offered or sold the options by any form of general solicitation or general advertising, and the Company has exercised reasonable care to assure that none of the recipients is an underwriter within the meaning of Section 2(11) of the Securities Act. Based upon representations from the recipients, the Company has reason to believe that not more than one of the recipients was not an accredited investor, as defined in Securities Act Rule 501.

The right of the recipient to exercise these options is contingent upon the average volume of other-than-Massachusetts private passenger automobile and homeowners direct written premiums placed and maintained with American Commerce for a five-year period specified in each option agreement. If qualified, the recipient may purchase the Company's common stock at the exercise price for a period of five years beginning five years after the date of the grant (the "Confirmation Date"). Unexercised options terminate not later than ten years after the date of the grant (the "Expiration Date"). The options may be exercised only by withholding option shares to pay the exercise price.

The Company provided "put rights" to the holders of the options granted in 1999. These put rights permit the option holders to require the Company to purchase the options, at any time from and after the Confirmation Date through and including the Expiration Date, at a price of \$3.68 per share, which is the difference between the exercise price per option and \$40.00. Our total liability under the put rights, assuming that the options become fully exercisable, would be \$6.9 million.
