PROXY STATEMENT FOR 2002 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the "Common Stock"), of Informatica Corporation, a Delaware corporation ("Informatica" or the "Company"), in connection with the solicitation of proxies by the Board of Directors of Informatica for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Tuesday, May 28, 2002 at 3:00 p.m., local time, and at any adjournment or postponement thereof for the purpose of considering and acting upon the matters set forth herein. The Annual Meeting will be held at Informatica's corporate offices, located at 2100 Seaport Boulevard, Redwood City, CA 94063. The telephone number at that location is (650) 385-5000.

This Proxy Statement, the accompanying form of proxy card and the Company's Annual Report to Stockholders are first being mailed on or about April 16, 2002 to all stockholders entitled to vote at the Annual Meeting.

Stockholders Entitled to Vote; Record Date

Only holders of record of Informatica's Common Stock at the close of business on April 5, 2002 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. As of the record date, there were 79,253,282 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. No shares of preferred stock were outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of Informatica's Common Stock, see "Share Ownership by Principal Stockholders and Management."

Quorum; Required Vote

The presence of the holders of a majority of the shares of Common Stock entitled to vote generally at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the Annual Meeting or (2) have properly submitted a proxy card or voted by telephone or by using the Internet. A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required to ratify

Edgar Filing: INFORMATICA CORP - Form DEF 14A

the appointment of auditors.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker "non-vote" are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting; however, broker "non-votes" are not deemed to be "votes cast." As a result, broker "non-votes" are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting

Voting by attending the meeting. A stockholder may vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting.

Voting by proxy card. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting. Any proxy card given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy card may be revoked (1) by filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Informatica Corporation, 2100 Seaport Boulevard, Redwood City, CA 94063, Attention: Corporate Secretary.

Voting by telephone or the Internet. A stockholder may vote his or her shares by calling the toll-free number indicated on the enclosed proxy card and following the recorded instructions or by accessing the website indicated on the enclosed proxy card and following the instructions provided.

When a stockholder votes via the Internet or by telephone, his or her vote is recorded immediately. Informatica encourages its stockholders to vote using these methods whenever possible. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail,

Edgar Filing: INFORMATICA CORP - Form DEF 14A

will be superseded by the vote that such stockholder casts at the Annual Meeting.

Expenses of Solicitation

Informatica will bear all expenses of this solicitation, including the cost of preparing and mailing this proxy material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be material.

Procedure for Submitting Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals in writing to the Secretary of the Company in a timely manner. In order to be included in the Company's proxy materials for the 2003 annual meeting of stockholders, stockholder proposals must be received by the Secretary of the Company no later than December 17, 2002, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934 (the "Exchange Act").

2

Requirements for stockholder proposals to be brought before an annual meeting. In addition, the Company's Bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made by (1) the Board of Directors, (2) any nominating committee appointed by the Board of Directors or (3) any stockholder entitled to vote who has written notice delivered to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations.

The Company's Bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board of Directors, (2) properly brought before the meeting by or at the direction of the Board of Directors, or (3) properly brought before the meeting by any stockholder entitled to vote who has written notice delivered to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters.

The "Notice Period" is defined as that period not less than 45 days nor more than 75 days prior to the anniversary of the date on which the Company

Edgar Filing: INFORMATICA CORP - Form DEF 14A

first mailed its proxy materials for the previous year's annual meeting of stockholders. As a result, the Notice Period for the 2003 annual stockholder meeting will start on February 1, 2003 and end on March 2, 2003.

If a stockholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, the Company need not present the proposal for vote at such meeting.

A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to Informatica Corporation, 2100 Seaport Boulevard, Redwood City, CA 94063, Attention: Corporate Secretary.

PROPOSAL ONE

ELECTION OF DIRECTORS

General

The Company's Board of Directors is currently comprised of five members who are divided into three classes with overlapping three-year terms. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. Vincent Worms resigned as a director of the Company on February 15, 2002, which created a vacancy on the Board of Directors. The Board has not nominated a successor for Mr. Worms and no more than two directors shall be elected at the Annual Meeting.

Nominees for Class II Directors

Two Class II directors are to be elected at the Annual Meeting for a three-year term ending in 2005. The Board of Directors has nominated Diaz H. Nesamoney and A. Brooke Seawell for re-election as Class II directors. Unless otherwise instructed, the proxyholders will vote the proxies received by them for the re-election of Messrs. Nesamoney and Seawell. The Company expects that Messrs. Nesamoney and Seawell will accept such nomination; however, in the event that either such nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee who shall be designated by the Board of Directors to fill the vacancy. The term of office of each person elected as director will continue until such director's term expires in 2005 or until such director's successor has been elected and qualified.

The Board of Directors recommends a vote "FOR" the nominees listed above.

The Audit Committee met four times in 2001. The Board has adopted a written charter for the Audit Committee. On the date of each annual stockholders' meeting, each individual who is at the time continuing to serve as a non-employee director will automatically be granted an option to purchase 20,000 shares of the Company's Common Stock ("Subsequent Grant"). All options automati-

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed Ernst & Young LLP as independent auditors of the Company to audit the consolidated financial statements of the Company for fiscal year 2002. Although ratification by stockholders is not required by law, the Board has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the Board, in its discretion, may appoint new independent auditors at any time during the year if the Board believes that such a change would be in the best interest of Informatica and its stockholders. If the stockholders do not ratify the appointment of Ernst & Young LLP, the Board may reconsider its selection.

Ernst & Young LLP has audited the Company's financial statements since the Company's inception. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" this proposal.

- (1) The options in this table are incentive stock options or nonstatutory stock options granted under the 1999 Stock Incentive Plan and 1999 Director Plan, as applicable, and have exercise prices equal to the fair market value of the Company's Common Stock on the date of grant. All such options have ten-year terms and vest over a period of four years at a rate of 2.03% each month.
- (2) The Company granted options to purchase 3,847,350 shares of Common Stock in the year ended December 31, 2001.
- (3) The options in this table may terminate before their expiration upon the termination of optionee's status as an employee or consultant or upon the optionee's disability or death.
- (4) Under rules promulgated by the SEC, the amounts in these two columns represent the hypothetical gain or "option spread" that would exist for the options in this table based on assumed stock price appreciation from the date of grant until the end of such options' ten-year term at assumed annual rates of 5% and 10%. Annual compounding results in total appreciation of 63% (at 5% per year) and 159% (at 10% per year). The 5% and 10% assumed annual rates of appreciation are specified in SEC rules and do not represent the Company's estimate or projection of future stock price growth. The Company does not necessarily agree that this method can properly determine the value of an option, and there can be no assurance that the potential realizable values shown in this table will be achieved.

OF THE BOARD OF DIRECTORS

With respect to the Company's financial reporting process, the management of the Company is responsible for (1) establishing and maintaining internal controls and (2) preparing the Company's consolidated financial statements. The independent auditors are responsible for auditing these financial statements. It is the responsibility of the Audit Committee to oversee these activities. The Board of Directors has determined that each member of the Audit Committee is "independent" as required by the listing standards of the Nasdaq National Market. The Board of Directors has adopted a written charter for the Audit Committee. In the performance of its oversight function, the Audit Committee has:

- o reviewed and discussed the audited financial statements with management;
- o discussed with Ernst & Young LLP, its independent auditors, the matters required to be discussed by the Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect;
- o received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect;
- o considered whether the provision of information technology consulting services relating to financial information systems design and implementation and other non-audit services by Ernst & Young LLP is compatible with maintaining Ernst & Young LLP's independence and has discussed with Ernst & Young LLP the auditors' independence.

Based upon the reports and discussions described in this Report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee was formed in March 1999 and currently consists of Messrs. Seawell and Pidwell. The Compensation Committee generally reviews and approves the Company's executive compensation policies, including the base salary levels and target incentives for the Company's executive officers at the beginning of each year, and approves the performance objectives of the executive officers in their areas of responsibility. The Compensation Committee also administers the Company's stock plans, including the Company's 1999 Stock Incentive Plan, the 2000 Employee Stock Incentive Plan (the "2000 Stock Plan")

Edgar Filing: INFORMATICA CORP - Form DEF 14A

and the 1999 Employee Stock Purchase Plan. No member of the Compensation Committee is a former or current officer or employee of Informatica or any of its subsidiaries. Certain meetings of the Compensation Committee are also attended by Mr. Dhillon, Mr. Nesamoney and Earl Fry, who provide background and market information and make recommendations to the Compensation Committee on salary levels, officer performance objectives, and corporate financial goals. However, Mr. Dhillon, Mr. Nesamoney, and Mr. Fry are not entitled to vote on any actions taken by the Compensation Committee.

Executive Officer Compensation Programs

The objectives of the executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills, through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options, and various benefits, including medical and life insurance plans. The executive compensation policies of the Compensation Committee are intended to combine competitive levels of compensation and rewards for above average performance and to align relative compensation with the achievements of key business objectives, optimal satisfaction of customers, and maximization of stockholder value. The Compensation Committee believes that stock ownership by management is beneficial in aligning management and stockholder interests, thereby enhancing stockholder value.

Base Salaries. Salaries for the Company's executive officers are determined primarily on the basis of the executive officer's level of responsibility, general salary practices of peer companies and the officer's individual qualifications and experience. The base salaries are reviewed annually and may be adjusted by the Compensation Committee in accordance with certain criteria which include individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties, general changes in the compensation peer group in which the Company competes for executive talent, and the Company's financial performance generally. The weight given each such factor by the Compensation Committee may vary from individual to individual.

Incentive Bonuses. The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The bonus amounts are based upon recommendations by management and a subjective consideration of factors including such officer's level of responsibility, individual performance, contributions to the Company's success and the Company's financial performance generally.

Stock Option Grants. Stock options may be granted to executive officers and other employees under the 1999 Stock Incentive Plan or the 2000 Stock Plan. Because of the direct relationship between the value of an option and the stock price, the Compensation Committee believes that options motivate executive officers to manage the Company in a manner that is consistent with stockholder interests. Stock option grants are intended to focus the attention of the recipient on the Company's long-term performance which the Company believes results in improved stockholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earnings potential. To this end, stock options generally vest and become fully exercisable over a four-year period. The principal factors considered in granting stock options to executive officers of the Company are prior performance, level of responsibility, other compensation and the executive officer's ability to influence the Company's long-term growth and profitability. However, neither the 1999 Stock Incentive Plan nor the 2000 Stock Plan provides any quantitative method for weighting these factors, and a

Edgar Filing: INFORMATICA CORP - Form DEF 14A

decision to grant an award is primarily based upon a subjective evaluation of the past as well as future anticipated performance of the executive officer.

13

In July 2001, the Board approved a voluntary stock option exchange program for the Company's employees (the "Exchange Program") because the Board determined that existing options no longer had sufficient value to motivate and retain the Company's employees in the current market environment. Under the Exchange Program, eligible employees, including Mr. Fry and Mr. Foster, were given the opportunity to cancel outstanding options to purchase the Company's Common Stock that were previously granted to them in exchange for a new non-qualified stock option grant for an equal number of shares of the Company's Common Stock to be granted at least six months and one day from the cancellation date of the exchanged options. No members of the Company's Board of Directors or executive officers, other than Mr. Fry and Mr. Foster, were eligible for the Exchange Program. On March 15, 2002, replacement options were granted to participating employees under the Exchange Program.

Other Compensation Plans. The Company has adopted certain general employee benefit plans in which executive officers are permitted to participate on parity with other employees. The Company also provides a 401(k) deferred compensation plan.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code ("IRC") disallows a deduction by the Company for compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance based compensation. Because the compensation paid to executive officers has not approached the limitation, the Compensation Committee has not had to use any of the available exemptions from the deduction limit with regard to such officers' compensation. The Compensation Committee remains aware of the IRC Section 162(m) limitations, and the available exemptions, and will address the issue of deductibility when and if circumstances continue to warrant the use of such exemptions.

Chief Executive Officer Compensation

The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. Mr. Dhillon's base salary for the year ended December 31, 2001 was \$247,083. Mr. Dhillon's base salary was established in part by comparing the base salaries of chief executive officers at other companies of similar size. Mr. Dhillon's base salary was below the median of the base salary range for Chief Executive Officers of comparable companies. Mr. Dhillon received an option to purchase 100,000 shares of the Company's Common Stock and no bonus for the year ended December 31, 2001.
