PIMCO Municipal Income Funds III  
Letter to Shareholders

---

May 23, 2008

Dear Shareholder:

We are pleased to provide you with the semi-annual report for PIMCO Municipal Income Fund III, PIMCO California Municipal Income Fund III and PIMCO New York Municipal Income Fund III (the “Funds”) for the six-month period ended March 31, 2008.

The U.S. bond market delivered stable, positive returns during the reporting period as economic growth moderated and interest rates declined. The Lehman Municipal Bond Index returned 0.75% for the period, trailing the broad market return of 5.23% as represented by the Lehman Aggregate Bond Index. The Federal Reserve moved aggressively during the six-month period to inject liquidity into the banking system. The move was designed to ease a credit crunch caused by the bursting of a bubble in U.S. housing prices and weakness in subprime mortgages and mortgage securities. The central bank reduced the Fed Funds rate five times in the period, reducing the benchmark rate on loans between member banks from 4.75% to 2.25%.

Since February 2008, industry-wide developments in the auction-rate preferred markets have caused auctions for the Funds’ auction-rate preferred shares (“ARPS”) to fail, as described in Note 5 in the accompanying notes to Financial Statements. At the time this report is being prepared, it is not possible to predict how and when full or partial liquidity will return, if at all, to the closed-end fund ARPS market. Additional information regarding ARPS, failed auctions and potential solutions to address the unprecedented lack of liquidity of the ARPS due to recent failed auctions can be accessed on our Web site, [www.allianzinvestors.com/arps](http://www.allianzinvestors.com/arps).

For specific information on the Funds and their performance during the reporting period, please review the following pages. If you have any questions regarding the information provided, we encourage you to contact your financial advisor or call the Funds’ shareholder servicing agent at (800) 331-1710. In addition, a wide range of information and resources is available on our Web site, [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds).

Together with Allianz Global Investors Fund Management LLC, the Funds’ investment manager, and Pacific Investment Management Company LLC, the Funds’ sub-adviser, we thank you for investing with us.

We remain dedicated to serving your investment needs.

Sincerely,

Hans W. Kertess

Chairman Brian S. Shlissel  
President & Chief Executive Officer

PIMCO Municipal Income Fund III  
 Fund Insights/Performance & Statistics  
 March 31, 2008 (unaudited)

For the six months ended March 31, 2008, PIMCO Municipal Income Fund III returned (6.77)% on net asset value (“NAV”) and (2.94)% on market price, compared with (4.30)% and (2.89)%, respectively, for the Lipper Analytical General Municipal Debt Funds (Leveraged) average.

The municipal bond market underperformed the taxable bond market for the six-month reporting period, as the Lehman Municipal Bond Index returned 0.75% and the Lehman Aggregate Bond Index returned 5.23%, respectively.

Longer-dated municipal bonds underperformed shorter-dated municipals during the reporting period as the yield curve steepened. For example, yields on five- and 10-year AAA General Obligation yields declined 58 and 6 basis points, while 20- and 30-year yields rose 44 and 47 basis points, respectively. Note that when a bond’s yield rises, its price declines, and vice-versa.

Longer-dated municipals also underperformed longer-dated Treasuries for the period. Consequently, interest rate hedging strategies that benefit when longer-term Treasuries lag municipals were negative for performance.

Exposure to tobacco-securitized debt was negative for performance as the Tobacco Index underperformed the general Muni Bond Index during the six-month period.

Exposure to zero-coupon bonds was negative for performance as the Zero Coupon Index underperformed the general Muni Bond Index by over 4% during the period.

A focus on higher credit quality bonds added to performance as lower-rated, more speculative issues underperformed during the latter part period due to liquidity challenges.

									Total Return (1):	Market
Price	NAV	Six Months	(2.94) %	(6.77)%	1 Year	(7.00) %	(7.70)%	5 Year	6.42 %	4.84%

Market Price/NAV Performance:

Commencement of Operations (10/31/02) to 3/31/08

Market Price/NAV: Market Price \$14.18 NAV \$13.15 Premium to NAV 7.83% Market Price Yield (2) 5.92%

Moody’s Ratings (as a % of total investments)

(1) **Past performance is no guarantee of future results.** Returns are calculated by determining the percentage change in net asset value or market share price (as applicable) in the period covered. The calculation assumes that all of the Fund's income dividends and capital gain distributions have been reinvested. Total return does not reflect broker commissions or sales charges. Total return for a period of less than one year is not annualized. Total return for a period of more than one year represents the average annual total return.

The Fund's performance at market price will differ from its results at NAV. Although market price returns typically reflect investment results over time, during shorter periods returns at market price can also be influenced by factors such as changing views about the Fund, market conditions, supply and demand for the Fund's shares, or changes in Fund distributions.

An investment in the Fund involves risk, including the loss of principal. Total return, market price, market yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is equal to total assets attributable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(2) Market Price Yield is determined by dividing the annualized current monthly per share dividend (comprised from net investment income) payable to common shareholders by the market price per common share at March 31, 2008.

performance at market price will differ from its results at NAV. Although market price returns typically reflect investment results over time, during shorter periods returns at market price can also be influenced by factors such as changing views about the Fund, market conditions, supply and demand for the Fund's shares, or changes in Fund distributions.

An investment in the Fund involves risk, including the loss of principal. Total return, market price, market yield and net asset value will fluctuate with changes in market conditions. Price Yield is determined by dividing the annualized current monthly per share dividend (comprised from net investment income) payable to common shareholders by the market price per common share at March 31, 2008.

3.31.08 | PIMCO Municipal Income Funds III Semi-Annual Report 3

---

PIMCO New York Municipal Income Fund III  
 Fund Insights/Performance & Statistics  
 March 31, 2008 (unaudited)

• For the six months ended March 31, 2008, PIMCO New York Municipal Income Fund III returned (7.57)% on net asset value (“NAV”) and (3.20)% on market price, compared with (2.92)% and (0.79)%, respectively, for the Lipper Analytical New York Municipal Debt Funds average.

• Municipal bonds issued within New York, as measured by the Lehman New York Municipal Bond Index, slightly outperformed the national market, as measured by the Lehman Municipal Bond Index, for the one-year reporting period, returning 1.25% and 0.75%, respectively.

• The New York AAA insured municipal yield curve steepened over the reporting period. For example, five-year and 10- year maturity AAA yields decreased 55 and 6 basis points, while 20- and 30-year maturities increased 45, and 47 basis points, respectively.

• Exposure to tobacco-securitized debt was negative for performance as the Tobacco Index underperformed the general Muni Bond Index during the period.

• Exposure to zero-coupon bonds was negative for performance as the Zero Coupon Index underperformed the general Muni Bond Index by over 4% during the period.

• A focus on higher credit quality bonds added to performance as lower-rated, more speculative issues underperformed during the latter part period due to liquidity challenges.

Total Return (1): Market

PIMCO Municipal Income Funds III  
 Notes to Schedule of Investments  
 March 31, 2008 (unaudited)

(a)  
 Private Placement – Restricted as to resale and may not have a readily available market. Securities with an aggregate value of \$14,726,415, representing 1.66% of total investments in Municipal Income III. Securities with an aggregate value of \$7,853,086, representing 1.33% of total investments in California Municipal Income III. Securities with an aggregated value of \$703,990, representing 0.45% of total investments in New York Municipal Income III.

(b)  
 Pre-refunded bonds are collateralized by U.S. Government or other eligible securities which are held in escrow and used to pay principal and interest and retire the bonds at the earliest refunding date (payment date) and/or whose interest rates vary with changes in a designated base rate (such as the prime interest rate).

(c) 144A  
 Security – Security exempt from registration, under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, typically only to qualified institutional buyers. Unless otherwise indicated, these securities are not considered to be illiquid.

(d)  
 When-issued or delayed-delivery security. To be settled/delivered after March 31, 2008.

(e) Security  
 in default.

(f) Inverse  
 Floater – The interest rate shown bears an inverse relationship to the interest rate on another security or the value of an index.

(g) Variable Rate Notes – Instruments whose interest rates change on specified date (such as a coupon date or interest payment date) and/or whose interest rates vary with changes in a designated base rate (such as the prime interest rate). The interest rate disclosed reflects the rate in effect on March 31, 2008.

(h) All or  
 partial amount segregated as collateral for futures contracts.

(i)  
 Non-income producing.

(j) Residual  
 Interest Bonds held in Trust – Securities represent underlying bonds transferred to a separate securitization trust established in a tender option bond transaction in which the Funds acquired the residual interest certificates. These securities serve as collateral in a financing transaction.

1. Organization and Significant Accounting Policies

PIMCO Municipal Income Fund III (“Municipal III”), PIMCO California Municipal Income Fund III (“California Municipal III”) and PIMCO New York Municipal Income Fund III (“New York Municipal III”), collectively referred to as the “Funds” or “PIMCO Municipal Income Funds III”, were organized as Massachusetts business trusts on August 20, 2002. Prior to commencing operations on October 31, 2002, the Funds had no operations other than matters relating to their organization and registration as non-diversified, closed-end management investment companies registered under the Investment Company Act of 1940 and the rules and regulations thereunder, as amended. Allianz Global Investors Fund Management LLC (the “Investment Manager”), serves as the investment manager and is an indirect, wholly-owned subsidiary of Allianz Global Investors of America L.P. (“Allianz Global”). Allianz Global is an indirect majority-owned subsidiary of Allianz SE, a publicly traded European insurance and financial services company. The Funds have an unlimited amount of \$0.00001 par value common stock authorized.

Under normal market conditions, Municipal III invests substantially all of its assets in a portfolio of municipal bonds, the interest from which is exempt from federal income taxes. Under normal market conditions, California Municipal III invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal and California state income taxes. Under normal market conditions, New York Municipal III invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal, New York State and New York City income taxes. The Funds will seek to avoid bonds generating interest income which could potentially subject individuals to alternative minimum tax. The issuers’ abilities to meet their obligations may be affected by economic and political developments in a specific state or region.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

In the normal course of business the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds’ maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds based upon events that have not been asserted. However, the Funds expect the risk of any loss to be remote.

In July 2006, the Financial Accounting Standards Board issued Interpretation No. 48, “Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109” (the “Interpretation”). The Interpretation establishes for all entities, including pass-through entities such as the Funds, a minimum threshold for financial statement recognition of the benefit of positions taken in filing tax returns (including whether an entity is taxable in a particular jurisdiction), and requires certain expanded tax disclosures. The Funds’ management has determined that its evaluation of the Interpretation has resulted in no material impact to the Funds’ financial statements at March 31, 2008. The Funds’ federal tax returns for the prior three fiscal years remains subject to examination by the Internal Revenue Service.

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (“SFAS”) 157, Fair Value Measurements, which clarifies the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. Adoption of SFAS 157 requires the use of the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods

within those fiscal years. At this time, the Funds are in the process of reviewing SFAS 157 against its current valuation policies to determine future applicability.

In March 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 161, "Disclosures about Derivative Instruments and Hedging Activities" ("SFAS 161"). SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. SFAS 161 requires enhanced disclosures about a fund's derivative and hedging activities. The Funds' management is currently evaluating the impact the adoption of SFAS 161 will have on the Funds' financial statement disclosures.

The following is a summary of significant accounting policies consistently followed by the Funds:

(a) Valuation of Investments

Portfolio securities and other financial instruments for which market quotations are readily available are stated at market value. Portfolio securities and other financial instruments for which market quotations are not readily available or if a development/event occurs that may significantly impact the value of a security are fair-valued, in good faith,

---

1. Organization and Significant Accounting Policies (continued)

pursuant to guidelines established by the Board of Trustees or persons acting at their discretion pursuant to guidelines established by the Board of Trustees. The Funds' investments are valued daily using prices supplied by an independent pricing service or dealer quotations, or by using the last sale price on the exchange that is the primary market for such securities, or the last quoted mean price for those securities for which the over-the-counter market is the primary market or for listed securities in which there were no sales. Independent pricing services use information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with similar characteristics. Exchange traded options and futures are valued at the settlement price determined by the relevant exchange. Securities purchased on a when-issued or delayed-delivery basis are marked to market daily until settlement at the forward settlement value. Short-term securities maturing in 60 days or less are valued at amortized cost, if their original term to maturity was 60 days or less, or by amortizing their value on the 61st day prior to maturity, if the original term to maturity exceeded 60 days. The prices used by the Funds to value securities may differ from the value that would be realized if the securities were sold and these differences could be material to the financial statements of the Funds. Each Fund's net asset value is normally determined as of the close of regular trading (normally, 4:00 p.m. Eastern time) on the New York Stock Exchange ("NYSE") on each day the NYSE is open for business.

(b) Investment Transactions and Investment Income

Investment transactions are accounted for on the trade date. Securities purchased and sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Discounts or premiums on debt securities purchased are accreted or amortized to interest income over the lives of the respective securities using the effective interest method. Dividend income is recorded on the ex-dividend date.

(c) Federal Income Taxes

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required.

(d) Dividends and Distributions – Common Stock

The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. The Funds record dividends and distributions to their shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles. These "book-tax" differences are considered either temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification. To the extent dividends and/or distributions exceed current and accumulated earnings and profits for federal income tax purposes; they are reported as dividends and/or distributions of paid-in capital.

(e) Futures Contracts

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash or securities, equal to the minimum “initial margin” requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash or securities equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as “variation margin” and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The use of futures transactions involves the risk of an imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

(f) Option Transactions

The Funds may purchase and write (sell) put and call options on securities for hedging purposes, risk management purposes or as part of their investment strategies. The risk associated with purchasing an option is that the Funds pay a premium whether or not the option is exercised. Additionally, the Funds bear the risk of loss of premium and

---

1. Organization and Significant Accounting Policies (continued)

change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities. The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from securities sold through the exercise of put options is decreased by the premiums paid.

When an option is written, the premium received is recorded as an asset with an equal liability which is subsequently marked to market to reflect the current market value of the option written. These liabilities are reflected as options written in the Statements of Assets and Liabilities. Premiums received from writing options which expire unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchased transactions, as a realized loss. If a call option written by the Funds is exercised, the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss. If a put option written by the Funds is exercised, the premium reduces the cost basis of the security. In writing an option, the Funds bear the market risk of an unfavorable change in the price of the security underlying the written option. Exercise of a written option could result in the Funds purchasing a security at a price different from the current market value.

(g) Inverse Floating Rate Transactions – Residual Interest Municipal Bonds (“RIBs”) / Residual Interest Tax Exempt Bonds (“RITES”)

The Funds invest in RIBs and RITES (“Inverse Floaters”) whose interest rates bear an inverse relationship to the interest rate on another security or the value of an index. In these transactions, the Funds sell a fixed rate municipal bond (“Fixed Rate Bond”) to a broker who places the Fixed Rate Bond in a special purpose trust (“Trust”) from which floating rate bonds (“Floating Rate Notes”) and Inverse Floaters are issued. The Funds simultaneously or within a short period of time purchase the Inverse Floaters from the broker. The Inverse Floaters held by the Funds provide the Funds with the right to: (1) cause the holders of the Floating Rate Notes to tender their notes at par, and (2) cause the broker to transfer the Fixed-Rate Bond held by the Trust to the Funds, thereby collapsing the Trust. Pursuant to Statement of Financial Accounting Standards No. 140 (“FASB Statement No. 140”), the Funds account for the transaction described above as a secured borrowing by including the Fixed-Rate Bond in their Schedules of Investments, and account for the Floating Rate Notes as a liability under the caption “Payable for floating rate notes” in the Funds’ Statements of Assets and Liabilities. The Floating Rate Notes have interest rates that generally reset weekly and their holders have the option to tender their notes to the broker for redemption at par at each reset date.

The Funds may also invest in Inverse Floaters without transferring a fixed rate municipal bond into a special purpose trust, which are not accounted for as secured borrowings.

Inverse Floaters are created by dividing the income stream provided by the underlying bonds into two securities, one short-term and one long-term. The interest rate on the short-term component is reset by an index or auction process typically every 7 to 35 days. After income is paid on the short-term securities at current rates, the residual income from the underlying bond(s) goes to the long-term securities. Therefore, rising short-term rates result in lower income for the long-term component and visa versa. The longer-term bonds may be more volatile and less liquid than other municipal bonds of comparable maturity. Investments in Inverse Floaters typically will involve greater risk than an investment in Fixed Rate Bonds. The Funds may also invest in Inverse Floaters for the purpose of increasing leverage.

The Funds' restrictions on borrowings do not apply to the secured borrowings deemed to have occurred for accounting purposes pursuant to FASB Statement No. 140. Inverse Floaters held by the Funds are exempt from registration under Rule 144A of the Securities Act of 1933.

(h) When-Issued/Delayed-Delivery Transactions

The Funds may purchase or sell securities on a when-issued or delayed-delivery basis. The transactions involve a commitment to purchase or sell securities for a predetermined price or yield, with payment and delivery taking place beyond the customary settlement period. When delayed-delivery purchases are outstanding, the Funds will set aside and maintain until the settlement date in a designated account, liquid assets in an amount sufficient to meet the purchase price. When purchasing a security on a delayed-delivery basis, the Funds assume the rights and risks of ownership of the security, including the risk of price and yield fluctuations, and take such fluctuations into account when determining their net asset values. The Funds may dispose of or renegotiate a delayed-delivery transaction after it is entered into, and may sell when-issued securities before they are delivered, which may result in a realized gain or loss. When a security on a delayed-delivery basis is sold, the Funds do not participate in future gains and losses with respect to the security.

3.31.08 | PIMCO Municipal Income Funds III Semi-Annual Report 35

---

PIMCO Municipal Income Funds III  
 Notes to Financial Statements  
 March 31, 2008 (unaudited)

1. Organization and Significant Accounting Policies (continued)

(i) Custody Credits Earned on Cash Balances

The Funds benefit from an expense offset arrangement with its custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian and accounting agent expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

(j) Interest Expense

Relates to the Funds' liability in connection with floating rate notes held by third parties in conjunction with Inverse Floater transactions. Interest expense is recorded as incurred.

2. Investment Manager/Sub-Adviser

Each Fund has entered into an Investment Management Agreement (collectively the "Agreements") with the Investment Manager. Subject to the supervision by each Fund's Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the Fund's investment activities, business affairs and administrative matters. Pursuant to the Agreements, the Investment Manager receives an annual fee, payable on a monthly basis, at an annual rate of 0.65% of each Fund's average daily net assets, inclusive of net assets attributable to any preferred shares that may be outstanding. In order to reduce each Fund's expenses, the Investment Manager has contractually agreed to waive a portion of its investment management fee for each Fund at the annual rate of 0.15% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding through October 31, 2007. On November 1, 2007, the contractual fee waiver was reduced to 0.10% of each Fund's average daily net assets inclusive of net assets attributable to any preferred shares that may be outstanding through October 31, 2008, and for a declining amount thereafter through October 31, 2009. For the six months ended March 31, 2008, each Fund paid investment management fees at an annualized effective rate of 0.54% of each Fund's average daily net assets inclusive of net assets attributable to any preferred shares that may be outstanding.

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser"), to manage each Fund's investments. Subject to the supervision of the Investment Manager, the Sub-Adviser is responsible for making all investment decisions for the Funds. The Investment Manager, not the Funds, pays a portion of the fees it receives to the Sub-Adviser in return for its services.

3. Investments in Securities

For the six months ended March 31, 2008, purchases and sales of investments, other than short-term securities and U.S. government obligations, were:

							Municipal III
		California					
		Municipal III	New York				
Municipal III Purchases	\$153,041,404	\$55,733,520	\$10,520,068	Sales	122,528,910	47,527,723	6,107,813

(a) Futures contracts outstanding at March 31, 2008:

	Contracts	Market			Fund Type
	(000)	Value	Expiration	Unrealized	
			Date		
Depreciation <u>Municipal III</u> Short: U.S. Treasury Bond Futures	(1,917)	\$ (227,734)	6/19/08	\$ (2,542,524)	
<u>California Municipal III</u> Short: U.S. Treasury Bond Futures	(1,296)	\$ (153,961)	6/19/08	\$ (1,475,305)	<u>New</u>
<u>York Municipal III</u> Short: U.S. Treasury Bond Futures	(371)	\$ (44,074)	6/19/08	\$ (540,031)	

Municipal III, California Municipal III and New York Municipal III pledged \$5,205,000, \$4,270,000 and \$760,000 in cash, respectively, as collateral for futures contracts.

36 PIMCO Municipal Income Funds III Semi-Annual Report | 3.31.08

PIMCO Municipal Income Funds III  
Notes to Financial Statements  
March 31, 2008 (unaudited)

3. Investments in Securities (continued)

(b) Transactions in options written for the six months ended March 31, 2008:

					Contracts	Premiums
<u>Municipal III:</u>	Options outstanding, September 30, 2007	—\$	—	Options written	1,873	
1,336,920	Options expired (1,522)	(1,050,188)	Options outstanding, March 31, 2008	351	\$ 286,732	
<u>California Municipal III:</u>	Options outstanding, September 30, 2007	—\$	—	Options written	1,285	
918,253	Options expired (1,036)	(714,845)	Options outstanding, March 31, 2008	249	\$ 203,408	<u>New</u>
<u>York Municipal III:</u>	Options outstanding, September 30, 2007	—\$	—	Options written	330	
235,823	Options expired (266)	(183,541)	Options outstanding, March 31, 2008	64	\$ 52,282	

4. Income Tax Information

The cost of investments for federal income tax purposes and gross unrealized appreciation and gross unrealized depreciation of investments at March 31, 2008 were:

						Cost of
			Investments	Gross		
			Unrealized			
			Appreciation	Gross		
			Unrealized			
			Depreciation	Net		
			Unrealized			
Appreciation Municipal III	\$ 715,779,562	\$ 29,496,125	\$ 28,921,642	\$ 574,483	California Municipal III	
466,665,630	20,982,750	18,417,322	2,565,428	New York Municipal III	118,214,601	4,250,231
			3,388,455	861,776		

5. Auction Preferred Shares

Municipal III has issued 2,160 shares of Preferred Shares Series A, 2,160 shares of Preferred Shares Series B, 2,160 shares of Preferred Shares Series C, 2,160 shares of Preferred Shares Series D and 2,160 shares of Preferred Shares Series E, each with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

California Municipal III has issued 3,700 shares of Preferred Shares Series A and 3,700 shares of Preferred Shares Series B, each with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

New York Municipal III has issued 1,880 shares of Preferred Shares Series A with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

Dividends are accumulated daily at an annual rate (typically re-set every seven days) through auction procedures. Distributions of net realized capital gains, if any, are paid annually.

PIMCO Municipal Income Funds III  
 Notes to Financial Statements  
 March 31, 2008 (unaudited)

5. Auction Preferred Shares (continued)

For the six months ended March 31, 2008, the annualized dividend rates ranged from:

										High	Low	At March
31, 2008	<u>Municipal III:</u>	Series A	6.00%	2.40%	3.259%	Series B	6.00%	2.00%	3.229%	Series C		
6.00%	1.00%	3.229%	Series D	4.508%	2.00%	3.229%	Series E	6.00%	2.70%	3.229%	<u>California Municipal</u>	
<u>III:</u>	Series A	6.00%	2.35%	3.229%	Series B	4.508%	2.50%	3.229%	<u>New York Municipal III:</u>			
	Series A	6.00%	2.60%	3.259%								

The Funds are subject to certain limitations and restrictions while Preferred Shares are outstanding. Failure to comply with these limitations and restrictions could preclude the Funds from declaring any dividends or distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of Preferred Shares at their liquidation value.

Preferred Shares, which are entitled to one vote per share, generally vote with the common stock but vote separately as a class to elect two Trustees and on any matters affecting the rights of the Preferred Shares.

Since mid-February 2008, holders of auction-rate preferred shares (“ARPS”) issued by the Funds have been directly impacted by an unprecedented lack of liquidity, which has similarly affected ARPS holders in many of the nation’s closed-end funds. Since then, regularly scheduled auctions for ARPS issued by the Funds have consistently “failed” because of insufficient demand (bids to buy shares) to meet the supply (shares offered for sale) at each auction. In a failed auction, ARPS holders cannot sell all, and may not be able to sell any, of their shares tendered for sale. While repeated auction failures have affected the liquidity for ARPS, they do not constitute a default or alter the credit quality of the ARPS, and ARPS holders have continued to receive dividends at the defined “maximum rate” as the higher of the 30-day “AA” Composite Commercial Paper Rate multiplied by 110% or the Taxable Equivalent of the Short-Term Municipal Obligations Rate-defined as 90% of the quotient of (A) the per annum rate expressed on an interest equivalent basis equal to the Kenny S&P 30-day High Grade Index divided by (B) 1.00 minus the Marginal Tax Rate (expressed a decimal) multiplied by 110% (which is a function of short-term interest rates and typically higher than the rate that would have otherwise been set through a successful auction).

These developments with respect to ARPS have not affected the management or investment policies of the Funds, and the Funds’ outstanding common shares continue to trade on the NYSE. If the Funds’ ARPS auctions continue to fail and the “maximum rate” payable on the ARPS rises as a result of changes in short-term interest rates, returns for the Funds’ common shareholders could be adversely affected.

6. Subsequent Common Dividend Declarations

On April 1, 2008, the following dividends were declared to common shareholders payable May 1, 2008 to shareholders of record on April 11, 2008:

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND III - Form N-CSRS

Municipal III \$0.070 per common share California

Municipal III \$0.060 per common share New York Municipal III \$0.0525 per common share

On May 1, 2008 the following dividends were declared to common shareholders payable June 2, 2008 to shareholders of record on May 12, 2008:

Municipal III \$0.070 per common share California

Municipal III \$0.060 per common share New York Municipal III \$0.0525 per common share

## 7. Legal Proceedings

In June and September 2004, the Investment Manager and certain of its affiliates (including PEA Capital LLC (“PEA”), Allianz Global Investors Distributors LLC and Allianz Global Investors of America, L.P.) agreed to settle, without admitting or denying the allegations, claims brought by the Securities and Exchange Commission and the New Jersey Attorney General alleging violations of federal and state securities laws with respect to certain open-end funds for which the Investment Manager serves as investment adviser. The settlements related to an alleged “market timing” arrangement in certain open-end funds formerly sub-advised by PEA. The Investment Manager and its affiliates agreed to pay a total of \$68 million to settle the claims. In addition to monetary payments, the settling parties agreed to undertake certain corporate governance, compliance and disclosure reforms related to market timing and consented to cease and desist orders and censures. Subsequent to these events, PEA deregistered and dissolved. None of the settlements alleged that any inappropriate activity took place with respect to the Funds.

Since February 2004, the Investment Manager and certain of its affiliates and their employees have been named as defendants in a number of pending lawsuits concerning “market timing”, which allege the same or similar conduct underlying the regulatory settlements discussed above. The market timing lawsuits have been consolidated in a multi-district litigation proceeding in the U.S. District Court for the District of Maryland. Any potential resolution of these matters may include, but not be limited to, judgments or settlements for damages against the Investment Manager or its affiliates or related injunctions.

The Investment Manager and the Sub-Adviser believe that these matters are not likely to have a material adverse effect on the Funds or on their ability to perform their respective investment advisory activities relating to the Funds.

The foregoing speaks only as of the date hereof.

\*

Commencement of operations.

\*\* Initial

public offering price of \$15.00 per share less underwriting discount of \$0.675 per share.

#

Annualized.

(1) Total

investment return is calculated assuming a purchase of a share of common stock at the current market price on the first day of each period and a sale of a share of common stock at the current market price on the last day of each period reported. Dividends and distributions are assumed, for purposes of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Total investment return does not reflect brokerage commissions or sales charges. Total investment return for a period of less than one year is not annualized.

(2)

Calculated on the basis of income and expenses applicable to both common and preferred shares relative to the average net assets of common shareholders.

(3) Inclusive of expenses offset by custody credits earned on cash balances at the custodian bank. (See Note 1(i) in Notes to Financial Statements).

(4) Interest expense relates to the liability for floating rate notes issued in connection with inverse floater transactions.

(5) During the periods indicated above, the Investment Manager waived a portion of its investment management fee. (See Note 2 in Notes to Financial Statements). The effect of such waiver relative to the average net assets of common shareholders was 0.17% (annualized), 0.24%, 0.24%, 0.24%, 0.24% and 0.23% (annualized), for the six months ended March 31, 2008, the years ended September 30, 2007, September 30, 2006, September 30, 2005, September 30, 2004 and for the period October 31, 2002 (commencement of operations) through September 30, 2003, respectively.

This report, including the financial information herein, is transmitted to the shareholders of PIMCO Municipal Income Fund III, PIMCO California Municipal Income Fund III and PIMCO New York Municipal Income Fund III for their information. It is not a prospectus, circular or representation intended for use in the purchase of shares of the Funds or any securities mentioned in this report.

The financial information included herein is taken from the records of the Funds without examination by an independent registered accounting firm, who did not express an opinion hereon.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that from time to time the Funds may purchase shares of its common stock in the open market.

The Funds file their complete schedules of portfolio holdings with the Securities and Exchange Commission (“SEC”) for the first and third quarter of its fiscal year on Form N-Q. The Funds’ Form N-Qs are available on the SEC’s website at [www.sec.gov](http://www.sec.gov), and may be reviewed and copied at the SEC’s Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. The information on Form N-Q is also available on the Funds’ website at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds).

On December 26, 2007, the Funds submitted a CEO annual certification to the New York Stock Exchange (“NYSE”) on which the Funds’ principal executive officer certified that he was not aware, as of that date, of any violation by the Funds of the NYSE’s Corporate Governance listing standards. In addition, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and related SEC rules each Fund’s principal executive and principal financial officer made quarterly certifications, included in filings with the SEC on Forms N-CSR and N-Q, relating to, among other things, the Funds’ disclosure controls and procedures and internal control over financial reporting, as applicable.

Information on the Funds is available at [www.allianzinvestors.com/closedendfunds](http://www.allianzinvestors.com/closedendfunds) or by calling the Funds’ shareholder servicing agent at (800) 331-1710.

ITEM 10.

SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There have been no material changes to the procedures by which shareholders may recommend nominees to the Fund's Board of Trustees since the Fund last provided disclosure in response to this item.

ITEM 11.

CONTROLS AND PROCEDURES

(a) The registrant's President and Chief Executive Officer and Principal Financial Officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-2(c) under the Act (17 CFR 270.30a-3(c))), as amended are effective based on their evaluation of these controls and procedures as of a date within 90 days of the filing date of this document.

(b) There were no significant changes over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's control over financial reporting.

ITEM 12.

EXHIBITS

(a) (1) Exhibit 99 Cert. - Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

(b) Exhibit 99.906 Cert. - Certification pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

---

Signature

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
