ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION.

No funds or other consideration were, or will be, paid by the Reporting Persons to acquire the shares of Class A Common Stock acquired pursuant to the transaction subject to this Schedule 13D. The information contained in Item 4 is incorporated herein by reference.

ITEM 4. PURPOSE OF TRANSACTION.

(a) - (j). Each of the Reporting Persons acquired the Common Stock for investment purposes.

On May 17, 2002, a meeting of the Board of Directors of the Issuer was held to consider the Reporting Persons' intention to convert all of the shares of Class B Common Stock owned by them into shares of Class A Common Stock pursuant to Article II(b)(5) of the Articles of Incorporation. Pursuant to the Articles of Incorporation, subject to the right of first refusal contained in Article II(b)(4) of the Articles of Incorporation (described below), shares of Class B Common Stock may be converted into shares of Class A Common Stock, on a one-for-one basis, at the option of the holder of such shares of Class B Common Stock.

According to the most recent 10-Q for the quarterly period ended March 31, 2002, as of May 10, 2002, there were an aggregate of 24,457,937 shares of issued and outstanding Class A Common Stock and 9,632,901 shares of issued and outstanding Class B Common Stock.

As of May 17, 2002, the Reporting Persons beneficially owned the following shares of Class B Common Stock:

James A. Rubright	70,000
Stephen G. Anderson	143,998

On May 17, 2002, at the meeting of the Board of Directors of the Issuer, the Reporting Persons collectively notified the Issuer of their intention, pursuant to Article II(b)(5) of the Articles of Incorporation, to convert all of the shares of Class B Common Stock owned by them into shares of Class A Common Stock (the "Conversion Notice"). The Conversion Notice (which is attached hereto as Exhibit 1 and is incorporated herein by reference) was delivered subject to the condition that the right of first refusal pursuant to Article II(b)(4) of the Articles of Incorporation would not be exercised by either the Issuer or any of the members of the Management Committee. In the Conversion Notice, the Reporting Persons established June 30, 2002 as the date the certificates for the Class B Common Stock are to be delivered to the Issuer and the conversion is to occur (the "Conversion Date").

Article II(b)(4) of the Articles of Incorporation provides that if holders of Class B Common Stock deliver a Conversion Notice to the Issuer, the members of the Management Committee of the Issuer and the Issuer shall collectively have the right to purchase (the "Right of First Refusal") up to all of such shares to be converted at a price per share equal to the "Current Market Price." The Current Market Price is defined in the Articles of Incorporation to mean the weighted average of the sales prices on each of the four consecutive business days commencing on the day after the Issuer receives the Conversion Notice of a share of Class A Common Stock as reported by the National Association of Securities Dealers Automated Quotation System/National Market System.

At the meeting of the Board of Directors of the Issuer, the Board of Directors accepted the delivery of the Conversion Notice and agreed to waive the notice requirements and the Right of First Refusal of the Issuer pursuant to Article II(b)(4) of the Articles of Incorporation. The Board of Directors also acknowledged that, provided the Management Committee unanimously waives the notice requirements and the Right of First Refusal pursuant to Article II(b)(4) of the Articles of Incorporation, upon the conversion of the Class B Common Stock and on the Conversion Date, the remaining shares of Class B Common Stock shall represent less than 15% of the aggregate issued and outstanding shares of Common Stock (treating for the purposes of such calculation each issued and outstanding share of Class B Common Stock as one issued and outstanding share of Class A Common Stock). Consequently, the Board of Directors acknowledged that, pursuant to Article II(b)(6) of the Articles of Incorporation, on the Conversion Date (which is the last day of the current fiscal quarter of the Issuer), each remaining issued and outstanding share of Class B Common Stock shall automatically convert, without any further action on the part of the Issuer or any other person, into one share of Class A Common Stock.

On May 17, 2002, each of the members of the Management Committee notified the Reporting Persons that they waived all notice requirements with respect to the Right of First Refusal and would not exercise their Right of First Refusal to purchase any of the Class B Common Stock subject to the Conversion Notice. In addition, the Reporting Persons were notified that the Issuer would not exercise its Right of First Refusal to purchase the shares of Class B Common Stock subject to the Conversion Notice.

Edgar Filing: ROCK TENN CO - Form SC 13D

As a result of the waivers by the Issuer and the Management Committee of the Right of First Refusal, upon delivery of the share certificates representing the Class B Common Stock by the Reporting Persons, on the Conversion Date each share of Class B Common Stock of the Reporting Persons will convert into one share of Class A Common Stock on the Conversion Date, for an aggregate of 4,806,210 shares of Class A Common Stock. As a result of the conversion of the Class B Common Stock pursuant to the Conversion Notice, the remaining issued and outstanding shares of Class B Common Stock will constitute less than 15% of the aggregate issued and outstanding shares of Common Stock (treating for the purposes of such calculation each issued and outstanding share of Class B Common Stock as one issued and outstanding share of Class A Common Stock). Consequently, pursuant to Article II(b)(6) of the Articles of Incorporation, on the Conversion Date (which is the last day of the current fiscal quarter of the Issuer), each remaining issued and outstanding share of Class B Common Stock shall automatically convert, without any further action on the part of the Issuer or any other person, into one share of Class A Common Stock. Following such automatic conversion, there will be no issued or outstanding shares of Class B Common Stock.

The Reporting Persons advised the Issuer that the Class B Common Stock was originally intended to be held or controlled by members of the senior management team of the Issuer. During the past ten years since the retirement of former Chief Executive Officer A. Worley Brown in 1993 and former CEO Bradley Currey in January 2000, the majority of shares of Class B Common Stock have ceased to be held by individuals who hold management positions in the Company. Accordingly, the Reporting Persons advised the Issuer that they believe the two-class

Page 18 of 26 Pages
Exhibit Index on Page 26

stock structure no longer serves the purpose for which it was intended and that by converting all shares of Class B Common Stock into shares of Class A Common Stock, a feature of the Issuer's capital structure will be removed that the Reporting Persons believe is viewed by some institutional investors as unattractive and, in some cases, represents an impediment to investment in the Issuer. It is the desire of the Reporting Persons to improve the liquidity of the Issuer's Common Stock and increase its attractiveness as an investment to potential shareholders by causing the elimination of the shares of Class B Common Stock.

The Reporting Persons are acting together, and may be deemed to be a group within the meaning of Rule 13d-5 of the Act, with respect to the Class B Common Stock owned by them solely with respect to the Conversion Notice and the matters described in this Item 4. Following the Conversion Date, the Reporting Persons shall no longer be acting together with respect to the Common Stock, and may no longer be considered to be a group for purposes of Rule 13d-5 of the Act.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER.

(a) The Reporting Persons may be deemed to constitute a group within the meaning of Rule 13d-5 of the Act. Prior to the conversion of the Class B Common Stock owned by the Reporting Persons pursuant to the Conversion Notice, the Reporting Persons, as a group, may be deemed to own beneficially (as that term is defined in Rule 13d-3 under the Act) 3,189,045 shares of Class A Common Stock and 7,854,333 shares of Class B Common Stock, which constitutes 9.35% and 23.04%, respectively, of the outstanding shares of Common Stock (treating for the purposes of such calculation each issued and outstanding

Although the Reporting Persons may be deemed to be a group for purposes of Rule 13d-5, except as specifically provided herein, each of the Reporting Persons disclaims beneficial ownership of the Common Stock owned by the other Reporting Persons.
