ABOUT THE MEETING

WHO IS SOLICITING MY VOTE?

The board of directors of the Corporation is soliciting your vote at the 2003 annual meeting of Popular, Inc.'s stockholders.

WHAT WILL I BE VOTING ON?

- o Election of directors (see page 6)
- o Ratification of PricewaterhouseCoopers LLP as the Corporation's auditors for 2003 (see page 16)

HOW MANY VOTES DO I HAVE?

You will have one vote for every share of the Corporation common stock (the "common stock") you owned on March 11 , 2003 (the record date).

HOW MANY VOTES CAN ALL STOCKHOLDERS CAST?

One vote for each of Popular, Inc. 132,576,590 shares of common stock that were outstanding on the record date. The shares covered by any proxy that is properly executed and received by management before 9:00 a.m. on the day of the Meeting will be voted.

HOW MANY VOTES MUST BE PRESENT TO HOLD THE MEETING?

## Edgar Filing: POPULAR INC - Form DEF 14A

A majority of the votes that can be cast. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by the Corporation as members of the vote-counting committee for the meeting. We urge you to vote by proxy even if you plan to attend the annual meeting, so that we will know as soon as possible that enough votes will be present for us to hold the meeting.

### HOW DO I VOTE?

You can vote either in person at the meeting or by proxy without attending the annual meeting.

To vote by proxy, you must either

- o Fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope,
- o Vote by telephone (instructions are on the Proxy Card, as authorized by the Puerto Rico Corporation Law and the Bylaws of the Corporation), or
- o Vote by Internet (instructions are on the Proxy Card, as authorized by the Puerto Rico Corporation Law and the Bylaws of the Corporation).

If you want to vote in person at the annual meeting, and you hold your common stock through a securities broker (that is, in street name), you must obtain a proxy from your broker and bring that proxy to the meeting.

In addition to solicitation by mail, management may participate in the solicitation of Proxies by telephone, personal interviews or otherwise. The Board of Directors has engaged the firm of Georgeson & Company Inc. to aid in the solicitation of Proxies. The cost of solicitation will be borne by the Corporation and is estimated at \$6,500.

To avoid delays in ballot taking and counting, and in order to assure that your Proxy is voted in accordance with your wishes, compliance with the following instructions is respectfully requested: upon signing a Proxy as attorney, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor, please give full title. If shares are in the names of more than one recordholder, all should sign.

### CAN I CHANGE MY VOTE?

Yes. Just send in a new proxy card with a later date, or cast a new vote by telephone or Internet, or send a written notice of revocation to the President or Secretary of Popular, Inc., P.O. Box 362708, San Juan, Puerto Rico 00936-2708, delivered before the proxy is exercised. If you attend the annual meeting and want to vote in person, you can request that your previously submitted proxy not be used.

### HOW WILL ABSTENTIONS AND BROKER NON-VOTES BE TREATED?

For purposes of determining a quorum, the members of the vote-counting committee will treat abstentions and brokers non-votes as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated in the proxy that it does not have discretionary authority to vote on a particular matter. As to the election of directors, the Proxy Card being provided by the Board of Directors enables a stockholders to vote for the election of the nominees proposed by the Board, or to withhold authority to vote for one or more of the nominees being proposed. The election of directors and the ratification of independent auditors will be acted upon a majority of the votes cast. Therefore, abstentions and brokers non-votes will not have an effect

## Edgar Filing: POPULAR INC - Form DEF 14A

on the election of directors of the Corporation, neither on the ratification of independent auditors.

3

### COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

The Board of Directors does not intend to present any business at the Meeting other than that described in the Notice of Meeting. The Board of Directors at this time knows of no other matters, which may come before the Meeting. However, if any new matter requiring the vote of the stockholders are properly presented before the Meeting, proxies may be voted with respect thereto in accordance with the best judgment of Proxyholders, under the discretionary power granted by stockholders to their proxies in connection with general matters.

### WHAT HAPPENS IF THE MEETING IS POSTPONED OR ADJOURNED?

Your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

### WHAT SHOULD I RECEIVE?

By now you should have received the Corporation's Annual Report, including the financial statements for the year ended December 31, 2002, duly certified by PricewaterhouseCoopers LLP as independent public accountants. The Proxy Statement, the enclosed Annual Report, the Notice of Annual Meeting of Stockholders and the form of proxy are being sent to stockholders on or about March 20, 2003.

### AUDIT COMMITTEE

The Audit Committee shall consist of at least three members of the Board. The members of the Audit Committee shall each have been determined by the Board to be "independent" under the standards of the National Association of Securities Dealers. Currently, the Audit Committee is comprised of five outside directors. The Audit Committee held seven meetings during the fiscal year ended December 31, 2002.

The Audit Committee is responsible for assisting the Board in its oversight of the accounting and financial reporting processes of the Corporation, as well as the oversight of the audits of the financial statements of the Corporation. The Committee operates pursuant to a Charter that was last amended and restated by the Board on January 16, 2003 and included in this document as Exhibit A.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements of the Corporation for the fiscal year ended December 31, 2002 with management and PricewaterhouseCoopers LLP, the Corporation's independent accountants. The Audit Committee has also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. Finally, the Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), as currently in effect, has considered whether the provision of non-audit services by the independent accountants to the Corporation is compatible with maintaining the accountants' independence, and has discussed with the independent accountants the accountants' independence from the Corporation and its management. These considerations and discussions, however, do not assure that the audit of the Corporation's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

As set forth in the Charter, the management of the Corporation is responsible for the preparation, presentation and integrity of the Corporation's financial statements. Furthermore, management and the Internal Audit Division are responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. PricewaterhouseCoopers LLP, the Corporation's independent public accountants, are responsible for auditing the Corporation's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the United States of America.

The members of the Audit Committee are not engaged professionally in the practice of auditing or accounting and are not employees of the Corporation. The Corporation's management is responsible for its accounting, financial management and internal controls. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures to set auditor independence standards. Moreover, the Committee relies on and makes no independent verification of the facts presented to it and representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies or internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations.

Based on the Audit Committee's consideration of the audited financial statements and the discussions referred to above with management and the

## Edgar Filing: POPULAR INC - Form DEF 14A

independent accountants, and subject to the limitations on the role and responsibilities of the Audit Committee set forth in the Charter and those discussed above, the Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the SEC.

### HUMAN RESOURCES AND COMPENSATION COMMITTEE

The functions of the Human Resources and Compensation Committee include reviewing the compensation and benefits of management and employees, reviewing the policies related to the performance and compensation of management and employees, and reviewing the long-range planning for executive development and succession. The Committee held three meetings during the fiscal year ended December 31, 2002.

Adalberto Roig Jr. was member of the Committee until April 30, 2002. None of the members of the Committee are officers or employees of the Corporation or any of its subsidiaries.

### COMPENSATION OF DIRECTORS

On February 15, 2001 the Corporation suspended the Stock Deferment Plan it had maintained for directors who are not employees of the Corporation. In lieu thereof, on March 7, 2001 outside directors of the Corporation and the Bank became eligible to receive stock options pursuant to the 2001 Stock Option Plan (the "2001 Option Plan"). The 2001 Option Plan award is made quarterly on February, May, August and November of each year. The amount of stock options granted is equal to the quotient (rounded to the nearest whole share) of (x) 6,250 and (y) the value of the option based on the closing price of the common stock of the Corporation of the date granted. Option values on the grant dates were determined by using the Black-Scholes Option Valuation Model. Each director has been granted options to purchase the shares of stock of the Corporation. Grants are made quarterly. The options granted shall, subject to early vesting provision of the Plan, become exercisable, with respect to 20% of the shares on each anniversary of the date of grant and remain exercisable until the 10th anniversary of the grant.

In addition, directors receive \$1,000 for attending each Board meeting and \$500 for attending each committee meeting. Directors who are employees of the Corporation do not receive fees for attending Board and committee meetings.

### PROPOSAL 2: RATIFICATION OF SELECTION OF AUDITORS

The Board intends to retain the services of PricewaterhouseCoopers LLP as the independent public accountants of the Corporation for the year 2003. PricewaterhouseCoopers LLP served as independent public accountants of the Bank since 1971 and of the Corporation since May 1991, when it was appointed by the Board.

Neither our certificate of incorporation nor by-laws requires that the shareholders ratify the selection of PricewaterhouseCoopers LLP as our independent auditors. We are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but may retain such independent auditors. Even if the selection is ratified, the Board of Directors and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interests of the Corporation and its shareholders.

Representatives of PricewaterhouseCoopers LLP will attend the Meeting and will be available to respond to any appropriate questions that may arise; they will also have the opportunity to make a statement if they so desire.

The selection of PricewaterhouseCoopers LLP as the Corporation's auditors must be ratified by a majority of the votes cast at the Meeting.

The Board recommends that you vote FOR ratification of PricewaterhouseCoopers LLP as the Corporation's independent auditors for 2003.

### DISCLOSURE OF AUDITORS' FEES

### FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

There were no fees billed to the Corporation for the year ended December 31, 2002 by PricewaterhouseCoopers LLP for professional services rendered for information technology services relating to financial information systems design and implementation.

### ALL OTHER FEES

### EXECUTIVE COMPENSATION PROGRAM

#### REPORT OF THE BANK'S HUMAN RESOURCES AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

##### OVERVIEW

The Bank's Human Resources and Compensation Committee (the "Human Resources Committee") consists of six non-employee directors of the Bank. The Committee endeavors to keep abreast of competitive compensation practices with regard to salaries, incentive compensation and supplemental programs in order to assist the Corporation in attracting and retaining the most qualified executive officers whose contributions and experience help the Corporation sustain growth, thereby enhancing shareholders' value. They also oversee the general human resources and compensation practices of the Corporation.

The Human Resources Committee evaluates and recommends to the Board the Corporation's compensation policy for the Chairman of the Board, President and CEO and the Executive Officers. They consider, among other factors, competitive pay practices for developing a stronger relationship between executive compensation and the Bank's long-term performance. The executive compensation program for principal officers of the Corporation's subsidiaries is set according to the industry and geographical area in which each operates and is approved by the Board of Directors of each respective subsidiary.

##### CHAIRMAN OF THE BOARD, PRESIDENT AND CEO AND EXECUTIVE OFFICERS

On an annual basis, Mr. Carrion submits to the Human Resources Committee a plan setting forth both quantitative and qualitative goals for the fiscal year, and objectives for the medium and long-term. In evaluating and setting compensation, the Human Resources Committee considers the Corporation's performance with respect to the goals set forth in the plan. Therefore, the Human Resources Committee evaluates Mr. Carrion's performance by taking into consideration the growth of the organization, implementation of a diversification strategy, achievement of financial goals, improvements to the product and service delivery system and development of human resources. The weight and significance accorded to these factors is subjective in nature.

Edgar Filing: POPULAR INC - Form DEF 14A

The group of Executive Officers is composed of two Senior Executive Vice Presidents of the Corporation and nine Executive Vice Presidents of the Corporation (the "Executive Officers") all of whom participate in an Annual and Long-Term Incentive Plan. The President and CEO sets the salary increases and the bonuses to be awarded to the Executive Officers pursuant to the incentive plans.

Mr. Carrion and the Executive Officers participate in an annual incentive program based on financial results of the Corporation, individual business results, service quality and individual performance. The Plan is designed to encourage the achievement of short-term financial goals and to increase shareholder value. The first incentive component is a cash bonus. The second component is a deferred long-term incentive awarded in stock options of the Corporation.

Mr. Carrion recommended to the Human Resources Committee that it consider both his short-term and long-term incentive on a future date (See Note (d) of the Summary Compensation Table). All members of the Human Resources Committee accepted this proposal.

STOCK OPTION PLAN

The 2001 Option Plan is intended to provide the Corporation and its subsidiaries with an effective means to attract and retain highly qualified personnel as well as to provide additional incentive to employees and directors who provide services to the Corporation and its subsidiaries.

Any employee or director of the Corporation or of any of its subsidiaries, is eligible to participate in the 2001 Option Plan. The selection of individuals eligible to participate is within the discretion of the Board of Directors, or the Human Resources Committee.

The 2001 Option Plan provides for the grant of stock options that are intended to qualify as "qualified stock options" ("QSOs") under Section 1046 of the Puerto Rico Internal Revenue Code of 1994, as amended (the "Puerto Rico Code"), as "incentive stock options" ("ISOs") under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") or "non-statutory stock options" ("NSOs"). At the time of the original grant of NSOs, the Board of Directors or the Committee, may also authorize the grant of reload options, which shall be NSOs for such number of shares of common stock as were used by the Participant to pay the purchase price upon the exercise of previously granted options, and the withholding taxes applicable to NSOs exercises, but are still subject to other terms set forth in the 2001 Option Plan. All options granted by the Corporation were QSOs.

STOCK OPTION GRANT TABLE

The following table shows options grants to the covered executives, based on 2002 performance. All 2002 stock option grants were made under the 2001 Option Plan. The value of

19

the stock options depends upon a long-term increase in the market price of the common stock. A benefit is perceived only if the stock price does increase. Options vest in cumulative installments of 20% per year over a five-year period and remain exercisable until the 10th anniversary of the grant.

Option values on the grant dates were determined by using the Black-Scholes Option Valuation Model. The model assumes that future dividends increase at a rate equal to the historical compound average growth rate during the past six years, the stock price volatility, and the exercise of all options on the final day of their 10 year terms.

PROFIT SHARING PLAN OF THE BANK

All officers and regular monthly salaried employees of the Bank are active participants in the Bank's Profit Sharing Plan, as of the first day of the calendar month following the completion of three months of service.

Under this plan, the Board of Directors determines the Bank's annual contribution based on the profits of the Bank for the year. The amount allocated to each officer or employee is based on his or her earned salary for the year. The total amount contributed for the year 2002 was \$21,335,450. Of the total awarded 40% is deferred under the Profit Sharing Plan, 10% under the Savings & Stock Plan and the remainder 50% is paid in cash. However, since 1998 each officer and employee may elect to increase his (her) contribution to the Savings & Stock Plan up to 15%; as a result of this election 40% was deferred under the Profit Sharing Plan and 10% under the Savings & Stock Plan.

BENEFIT RESTORATION PLAN OF THE BANK

The Internal Revenue Service (IRS) set a limit of \$200,000 as the amount of compensation that may be considered in calculating future retirement payments from tax qualified retirement plans. This limit applies to the Bank's Retirement Plan and Profit Sharing.

The Board of Directors has adopted three "Benefit Restoration Plans" for those employees whose annual compensation is higher than the established limit. These plans will provide those benefits that cannot be accrued under the Bank's Retirement and Profit Sharing Plan, which are qualified plans under the Employee Retirement Income Security Act ("ERISA"). Benefits under the Benefit Restoration Plans shall be equal to the account balance that would be provided under the Profit Sharing Plan and to the benefits that would have been accrued under the Retirement Plan. The restoration benefits of employees who are residents of Puerto Rico are funded through two irrevocable trusts, while the restoration benefits of all other employees are unfunded.

### RETIREMENT PLAN OF THE BANK

The Bank has a non-contributory, defined benefit Retirement Plan covering substantially all regular monthly employees. Monthly salaried employees are eligible to participate in the Plan following the completion of one year of service and 21 years of age. Pension costs are funded in accordance with minimum funding standards under ERISA.

The basis for the Retirement Plan formula is total compensation, which includes Christmas bonus, incentives, overtime, differentials, profit sharing cash bonuses and any other compensation received by the employees. Benefits are paid on the basis of a straight life annuity plus supplemental death benefits and are not reduced for Social Security or other payments received by the participants.

Normal retirement age at the Bank is a combination of years of age and completed years of service totaling 75. Early retirement is at 55 years of age with 10 years of service. Employees with 30 years of service or more are provided with a retirement benefit of 40% of total compensation. Benefits are reduced only if the employees retire before age 55. Benefits are subject to the U.S. Internal Revenue Code limits on compensation and benefits.

The following table sets forth the estimated annual benefits that would become payable under the Retirement Plan and the Benefit Restoration Plan based upon certain assumptions as to total compensation levels and years of service.

21

The amounts shown in this table are not necessarily representative of amounts that may actually become payable under the plans. The amounts represent the benefits upon retirement on December 31, 2002, of a participant at age 65.

In the event of a vacancy or an absence in the Audit Committee, the Board may designate any member of the Board as substitute, provided such person complies with the requisites established herein.

#### ARTICLE 3 - PURPOSE

## Edgar Filing: POPULAR INC - Form DEF 14A

The purpose of the Audit Committee is to assist the Board in its oversight of:

1. the Corporation's accounting and financial reporting principles and policies, and internal audit controls and procedures;
2. the Corporation's financial statements and the independent audit thereof; and
3. the outside auditors' qualifications, independence and performance.

In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not employees of the Corporation and are not, and do not represent themselves to be, accountants or auditors by profession. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

The function of the Audit Committee is to act in an oversight capacity. The management of the Corporation is responsible for the preparation, presentation and integrity of the Corporation's financial statements. Furthermore, management and the Internal Audit Division are responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws

The outside auditors are responsible for planning and carrying out a proper audit of the Corporation's annual financial statements, reviewing the Corporation's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures.

The Audit Committee, in its capacity as a Committee of the Board of Directors, shall be directly responsible for the outside auditors, who in turn shall be accountable to the Audit Committee. The outside auditors shall annually submit to the Audit Committee a formal written statement of the fees billed for each of the following categories of services rendered by the outside auditors: (i) the audit of the Corporation's annual financial statements for the most recent fiscal year and the reviews of the financial statements included in the Corporation's Quarterly Reports on Form 10-Q for that fiscal year; and (ii) all other permitted non-audit services rendered by the outside auditors for the most recent fiscal year, in the aggregate and by each service.

### ARTICLE 4 - DUTIES AND POWERS

II. ROLES OF BOARD AND MANAGEMENT

The roles of the Board and management are related, but distinct. Management proposes Popular's strategy to the Board for approval. Management also implements Popular's strategy in the day-to-day operation of its business, reporting regularly to the Board on significant events, issues and risks that may materially affect Popular's business or financial performance.

The Board's function is oversight. The Board oversees, directly or through committees, the performance of Popular's business and management. The Board reviews and approves Popular's business strategy and oversees management's implementation of that strategy.

III. BOARD COMPOSITION

The composition of the Board should balance the following goals:

- The size of the Board should facilitate substantive discussions of the whole Board in which each director can participate meaningfully;
- The composition of the Board should encompass a broad range of skills, expertise, industry knowledge, diversity of opinion and contacts relevant to Popular's business;
- A majority of the Board will consist of directors who the Board has determined have no material relationship with Popular and who are otherwise "independent" under the rules of The NASDAQ Stock Market, Inc.

IV. SELECTION OF CHAIRMAN OF THE BOARD AND CHIEF EXECUTIVE OFFICER

The Board should be free to select its Chairman and Popular's Chief Executive Officer in the manner it considers in the best interests of Popular at any given point in time. Therefore, the Board does not have a policy on whether the roles of Chairman and CEO should be separate or combined and, if they are to be separate, whether the Chairman should be selected from the

non-executive directors or be an employee.

(1) These guidelines have been drafted to comply with current NASDAQ corporate governance proposals. Changes to these guidelines will likely be necessary once final rules are approved by the SEC.

### V. SELECTION OF DIRECTORS

A. NOMINATIONS. The Board is responsible for selecting the nominees for election to Popular's Board of Directors by the stockholders. Popular's Corporate Governance and Nominating Committee is responsible for recommending to the Board a slate of directors or one or more nominees to fill vacancies occurring between annual meetings of stockholders.

B. CRITERIA. The Board should, based on the recommendations of the Corporate Governance and Nominating Committee, select new nominees for the position of independent director considering the following criteria:

- Personal qualities and characteristics, accomplishments and reputation in the business community;
- Current knowledge and contacts in the communities in which Popular does business and in Popular's industry or other industries relevant to Popular's business;
- Ability and willingness to commit adequate time to Board and committee matters;
- The fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of Popular; and
- Diversity of viewpoints, background, experience and other demographics.

C. INVITATION. The invitation to join the Board should be extended by the Board via the Chairman of the Board and CEO of Popular, together with an independent director, when deemed appropriate.

D. ORIENTATION AND CONTINUING EDUCATION. Management, working with the Board, will provide an orientation process for new directors, including background material on Popular, its business plan and its risk profile, and meetings with senior management. Periodically, management will prepare additional educational sessions for all directors on matters relevant to Popular, its business plan and risk profile in accordance with applicable rules of The NASDAQ Stock Market, Inc.

### VI. ELECTION TERM

The Board does not believe it should establish term limits.

### VII. RETIREMENT OF DIRECTORS

A director who would attain age 72 at the time of the election or during the term to be served may not stand for re-election.

### VIII. BOARD MEETINGS

The Board currently plans [at least eight] meetings, with further meetings to occur (or action to be taken by unanimous written consent) at the discretion of the Board. The meetings may consist of committee meetings and the Board meeting.

The agenda for each Board meeting will be prepared by the Office of the Corporate Secretary. Any director is free to offer agenda items for consideration by the Board. Management will seek to provide to all directors an agenda and appropriate materials approximately one week in advance of meetings, although the Board recognizes that this timing will not always be consistent with the timing of transactions and the operations of the business and that in certain cases it may not be practicable.

Materials presented to the Board or its committees should be as concise as possible, while still providing the desired information needed for the directors to make an informed judgment. As a general rule, presentations on specific subjects should be sent to the Board members in advance so that Board meeting time may be conserved and discussion time focused on questions that the Board has about the material. As the need arises, presentations may be made orally at meetings.

32

### IX. EXECUTIVE SESSIONS

To ensure free and open discussion and communication among the independent directors, the independent directors will meet regularly in executive sessions, with no members of management present. These executive sessions should be held with sufficient regularity that no negative inference attaches to the calling of an executive session. The independent directors will designate the independent director who will preside at executive sessions, and those designations should be rotated. There should be no lead director.

### X. THE COMMITTEES OF THE BOARD

Popular will have at least the following committees: Audit Committee, Risk Management Committee, Compensation Committee and the Corporate Governance and Nominating Committee. Each of the Audit, Compensation and Corporate Governance and Nominating Committees must have a written charter in accordance with the rules of The Stock Market, Inc.

All directors, whether members of a committee or not, are invited to make suggestions to a committee chair for additions to the agenda of the chair's committee or to request that an item from a committee agenda be considered by the Board. The chair of each committee will give a periodic report of the committee's activities to the Board.

Each of the Corporate Governance and Nominating Committee, the Audit Committee and the Compensation Committee will be composed of at least three directors who the Board has determined have no material relationship with Popular and who are otherwise "independent" under the rules of The NASDAQ Stock Market, Inc., applicable law and SEC rules. The required qualifications for the members of each committee are specified in the committee's charter. A director may serve on more than one committee for which the director qualifies.

### XI. BOARD RESPONSIBILITIES

A. STRATEGY. The Board reviews and approves management's

## Edgar Filing: POPULAR INC - Form DEF 14A

proposed strategy for Popular and monitors implementation of Popular's strategic plans on an ongoing basis.

B. OPERATING PLANS AND BUDGETS. The Board oversees Popular's annual operating plans, reviews the annual budgets presented by management and monitors the implementation of the annual plans.

C. SELF-EVALUATION. The Board evaluates its own performance annually, as described below under "Evaluating Board Performance," based on the report and recommendations of its Corporate Governance and Nominating Committee. In connection with this evaluation, the Board should actively seek means of improving its performance. Each committee should also evaluate its performance annually.

D. MANAGEMENT SUCCESSION. At least annually, the Board will review and concur in a management succession plan, developed by the CEO, to ensure that future selections are appropriately considered. The principal components of this plan, which the CEO will report at least annually to the Board, are (1) a proposed plan for emergency CEO succession (2) a proposed plan for CEO succession in the ordinary course of business and (3) the CEO's plan for management succession for the other policy-making Officers of Popular. The succession plan should include an assessment of the experience, performance, skills and planned career paths for possible candidates within the senior management team.

E. EVALUATING AND APPROVING SALARY FOR THE CEO. The Board, acting through the Compensation Committee, evaluates the performance of the CEO and Popular against Popular's strategic and financial goals, and approves the compensation level of the CEO.

F. EVALUATING AND APPROVING THE COMPENSATION OF MANAGEMENT. The Board, acting through the Compensation Committee, evaluates and approves the proposals of the CEO for overall compensation policies applicable to executive officers.

33

G. BOARD COMPENSATION. The Board will conduct a review at least once every three years of the components and amount of Board compensation in relation to other similarly situated companies. As part of a director's total compensation and to create a direct linkage with corporate performance, the Board believes that a meaningful portion of a director's compensation should be provided and held in stock options or other equity-based compensation. Board compensation should be consistent with market practices but should not be set at a level that would call into question the Board's objectivity.

H. REVIEWING AND APPROVING SIGNIFICANT TRANSACTIONS. Board approval of a particular transaction may be appropriate because of several factors, including:

- Legal or regulatory requirements;
- The materiality of the transaction to Popular's financial performance, risk profile or businesses;
- The terms of the transaction;
- Other factors, such as entry into a new business or a variation from Popular's strategic plan.

Whenever Board approval is not required, the CEO will review and

## Edgar Filing: POPULAR INC - Form DEF 14A

approve those transactions or, where appropriate, delegate the review and approval of those transactions that implement Popular's strategic plan in the day-to-day operation of its business, reporting regularly to the Board or its committees on significant events, issues and risks that may materially affect Popular's financial performance or risk profile.

### XIII. EXPECTATIONS OF DIRECTORS

The business and affairs of Popular are managed by or under the direction of the Board in accordance with all applicable laws. In performing their duties, the primary responsibility of the directors is to exercise their business judgment in the best interests of all stockholders of Popular. The Board has developed a number of specific expectations of directors to promote the discharge of this responsibility and the efficient conduct of the Board's business.

A. COMMITMENT AND ATTENDANCE. The SEC requires disclosure of the failure of any director to attend 75% of the meetings of the Board and the committees on which the director serves. All directors should make every effort to attend meetings of the Board and meetings of committees of which they are members. Members may occasionally attend by telephone or videoconference to mitigate unavoidable scheduling conflicts.

B. PARTICIPATION IN MEETINGS. Each director should be sufficiently familiar with the business of Popular, including its financial statements, capital structure, risks and the competition it faces, to facilitate active and effective participation in the deliberations of the Board and of each committee on which the director serves. Upon request, management will make appropriate personnel available to answer any questions a director may have about any aspect Popular's business. Directors should also review the materials provided by management and advisors in advance of the meetings of the Board and its committees and should arrive prepared to discuss the issues presented. Directors are entitled to rely on the work of management and professional advisors as discussed below under "Reliance on Management and Outside Advice".

C. LOYALTY AND ETHICS. In their roles as directors, all directors owe their primary duty of loyalty to Popular and its stockholders. This duty of loyalty mandates that the best interests of Popular take precedence over any interests possessed by a director. To prevent inadvertent conflicts of interest or even the appearance of a conflict of interest, directors should disclose all other business relationships with Popular and should excuse themselves from discussions and decisions affecting those relationships.

Popular intends to conduct its business in accordance with the highest legal and ethical standards and has adopted a Code of Business Conduct and Ethics (the "Code"). Certain portions of the Code deal with activities of directors, particularly with respect to transactions in the securities of Popular and potential conflicts of interest. Directors should be familiar with the Code and should consult with Popular's General Counsel in the event of any issues.

34

D. CHANGES IN RESPONSIBILITY. Directors whose employment or other outside responsibilities change substantially from those held when they were elected to the Board should inform the Board, providing an opportunity to consider the desirability of their continued service on the Board.

E. OTHER DIRECTORSHIPS. Popular values the experience directors

## Edgar Filing: POPULAR INC - Form DEF 14A

bring from other boards on which they serve, but recognizes that those boards may also present demand on a director's time and availability and may present conflicts or legal issues. Directors should advise the chair of the Corporate Governance and Nominating Committee and the CEO before accepting membership on other boards of directors or other significant commitments involving affiliation with other businesses or governmental units.

F. CONTACT WITH MANAGEMENT. All directors are invited to contact the CEO at any time to discuss any aspect of Popular's business. Directors also have complete access to other members of management. The Board expects that there will be frequent opportunities for directors to meet with the CEO and other members of management in Board and committee meetings and in other formal or informal settings.

Further, the Board encourages management to, from time to time, bring managers into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement and substantial knowledge in those areas, and/or (b) are managers with future potential that the senior management believes should be given exposure to the Board.

G. CONTACT WITH OTHER CONSTITUENCIES. It is important that Popular speak to constituencies other than management and the Board with a single voice, and that management serve as the primary spokesperson. If a situation arises in which it seems necessary for an individual director to make or participate in communications to one of these constituencies, the director should consult with the CEO.

H. CONFIDENTIALITY. The proceedings and deliberations of the Board and its committees are strictly CEO confidential. Each director has a fiduciary obligation to maintain the confidentiality of all information received in connection with his or her service as a director.

I. CONTACT ABOUT STRATEGIC TRANSACTIONS. It is important for Popular to have the opportunity to evaluate and communicate in an orderly way with respect to any potential strategic transaction. Therefore, any director who is approached by a third party about such a transaction should refrain from discussing it and refer the contact promptly to the CEO.

### XIII. EVALUATING BOARD PERFORMANCE

The Board, acting through the Corporate Governance and Nominating Committee, should conduct a self-evaluation at least annually to determine whether it is functioning effectively. The Corporate Governance and Nominating Committee should periodically consider the mix of skills and experience that directors bring to the Board to assess whether the Board has the necessary tools to perform its oversight function effectively.

Each committee of the Board should conduct a self-evaluation at least annually and report the results to the Board, acting through the Corporate Governance and Nominating Committee. Each committee's evaluation must compare the performance of the Committee with the requirements of its written charter, if any.

### XIV. RELIANCE ON MANAGEMENT AND OUTSIDE ADVICE

In performing its functions, the Board is entitled to rely on the advice, reports and opinions management, counsel, accountants, auditors and other expert advisors. The Board has the authority to retain and approve the fees and retention terms of its outside advisors.
