*This Current Report on Form 8-K includes both financial measures in accordance with accounting principles generally accepted in the United States of America, or GAAP, as well as non-GAAP financial measures. The non-GAAP financial measures include: income before taxes, restructuring, non-cash and other items and related per share amounts. WebMD believes that the presentation of those non-GAAP measures, and changes in those measures, provides additional information that may be useful to investors. The tables included in Exhibit 99.2 hereto contain GAAP financial measures and a reconciliation between GAAP and non-GAAP financial measures. The non-GAAP financial measures should be viewed as supplemental to, and not as an alternative for, the GAAP financial measures.*
