PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON SEPTEMBER 12, 2003

This Proxy Statement and the enclosed form of proxy are furnished to stockholders of WebMD Corporation, a Delaware corporation, in connection with the solicitation of proxies by our Board of Directors from holders of outstanding shares of our common stock, par value \$0.0001 per share, for use at our Annual Meeting of Stockholders to be held on September 12, 2003, at 9:30 a.m., Eastern time, at The Marriott at Glenpointe, 100 Frank W. Burr Boulevard, Teaneck, New Jersey 07666, and at any adjournment or postponement thereof. The date of this Proxy Statement is August 7, 2003 and it and a form of proxy are first being mailed or otherwise delivered to stockholders on or about August 8, 2003.

Please complete, date and sign the accompanying proxy and promptly return it in the enclosed envelope or otherwise mail it to us. All properly signed proxies that we receive prior to the vote at the Annual Meeting and that are not revoked will be voted (or withheld from voting) at the Annual Meeting according to the instructions indicated on the proxies or, if no direction is indicated, FOR the election of each of the nominees for director listed below for Proposal 1, FOR ratification of the proposed amendment to WebMD's 2000 Long-Term Incentive Plan described in Proposal 2, and FOR the amendment to WebMD's Tenth Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock described in Proposal 3. A stockholder may revoke a proxy at any time before it is exercised at the Annual Meeting by taking any of the following actions:

delivering to the Secretary of WebMD, at the address set forth above, a written notice, bearing a date later than the date of the proxy, stating that the proxy is revoked,

signing and so delivering a proxy relating to the same shares and bearing a later date prior to the vote at the Annual Meeting, or

attending the Annual Meeting and voting in person, although attendance at the meeting will not, by itself, revoke a proxy.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the meeting a letter from the broker, bank or other nominee confirming the stockholder's beneficial ownership of the shares.

Our Board of Directors does not know of any matter that is not referred to herein to be presented for action at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the proxies will have discretion to vote on these matters in accordance with their judgment.

Table of Contents

PROPOSALS TO BE CONSIDERED AT THE ANNUAL MEETING

The following proposals will be considered and voted on at the Annual Meeting:

Proposal 1: Election of three Class II directors of WebMD, each to serve a three-year term, or until his successor has been elected and qualified or until his earlier resignation or removal. The three nominees are:

Paul A. Brooke
James V. Manning
Martin J. Wygod

Proposal 2: A proposal to ratify and approve an amendment to WebMD's 2000 Long-Term Incentive Plan to increase the number of shares of common stock that may be issued under the Plan by 9.5 million shares, to a total of 29.5 million shares.

Proposal 3: A proposal to approve an amendment to WebMD's Tenth Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock by 300 million shares, to a total of 900 million shares.

Recommendation of Our Board of Directors

Our Board of Directors unanimously recommends that you vote FOR the election of each of the nominees for director listed in Proposal 1, FOR the amendment to WebMD's 2000 Long-Term Incentive Plan described in Proposal 2, and FOR the amendment to WebMD's Tenth Amended and Restated Certificate of Incorporation described in Proposal 3.

Record Date and Outstanding Shares

Our Board of Directors has fixed the close of business on July 21, 2003 as the record date for the determination of our stockholders entitled to notice of and to vote at our Annual Meeting. Only holders of record of our common stock at the close of business on the record date are entitled to notice of and to vote at the meeting. As of the close of business on the record date, there were 305,394,146 shares of our common stock outstanding and entitled to vote held of record by approximately 4,600 stockholders, although we believe that there are approximately 100,000 beneficial owners of our common stock. No other voting securities of WebMD are outstanding.

Vote and Quorum Required

Holders of our common stock are entitled to one vote for each share held as of the record date. Votes may be cast either in person or by properly executed proxy.

The presence, in person or by properly executed proxy, of the holders of a majority of the shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the meeting. Abstentions will be counted as shares that are present and entitled to vote for purposes of determining whether a quorum is present. Shares held by nominees for beneficial owners will also be counted for purposes of determining whether a quorum is present if the nominee has the discretion to vote on at least one of the matters presented and even though the nominee may not exercise discretionary voting power with respect to other matters and voting instructions have not been received from the beneficial owner (sometimes referred to as a broker non-vote). If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is obtained.

Proposal 1 Election of Directors. Election of directors is by a plurality of the votes cast at the Annual Meeting with respect to such election. Accordingly, the three nominees receiving the greatest number of votes for their election will be elected. Abstentions, broker non-votes and instructions on the

Table of Contents

accompanying proxy card to withhold authority to vote for a nominee will result in that nominee receiving fewer votes for election.

Proposal 2 Proposal for Plan Amendment. The affirmative vote of the holders of a majority of the shares of common stock present or represented at the meeting and entitled to vote is required to ratify and approve the amendment to WebMD's 2000 Long-Term Incentive Plan described in Proposal 2. Abstentions with respect to Proposal 2 will be treated as shares that are present or represented at the meeting, but will not be counted in favor of that proposal. Accordingly, an abstention from voting on Proposal 2 will have the same effect as a vote against that proposal. Broker non-votes with respect to Proposal 2 will not be considered as present or represented at the meeting and, accordingly, will have no impact on the outcome of the vote with respect to Proposal 2.

Proposal 3 Proposal for Amendment to Tenth Amended and Restated Certificate of Incorporation. The affirmative vote of the holders of a majority of the shares of common stock outstanding as of the record date is required to ratify and approve the amendment to WebMD's Tenth Amended and Restated Certificate of Incorporation described in Proposal 3. An abstention or broker non-vote with respect to Proposal 3 will have the same effect as a vote against Proposal 3 because it is one less vote for approval.

Expenses of Proxy Solicitation

We will pay the expenses of soliciting proxies from our stockholders to be voted at the Annual Meeting and the cost of preparing and mailing this Proxy Statement to our stockholders. Following the original mailing of this Proxy Statement and other soliciting materials, we and our agents also may solicit proxies by mail, telephone, facsimile or in person. In addition, proxies may be solicited from our stockholders by our directors, officers and employees in person or by telephone, facsimile or other means of communication. These officers, directors and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation. Following the original mailing of this Proxy Statement and other soliciting materials, we will request brokers, custodians, nominees and other record holders of our common stock to forward copies of this Proxy Statement and other soliciting materials to persons for whom they hold shares of our common stock and to request authority for the exercise of proxies. In these cases, we will, upon the request of the record holders, reimburse these holders for their reasonable expenses. We have retained Innisfree M&A Incorporated, a proxy solicitation firm, for assistance in connection with the solicitation of proxies for our Annual Meeting at a cost of approximately \$8,500 plus reimbursement of out-of-pocket expenses.

No Appraisal Rights

Holders of our common stock are not entitled to dissenters' rights or appraisal rights with respect to the proposals to be considered at the Annual Meeting.

Generally, one-third of the number of PIP Shares allocated to each participant vests on each December 31 following the allocation.
- (2) Beneficial ownership is determined under the rules and regulations of the SEC, which provide that shares of common stock that a person has the right to acquire within 60 days are deemed to be outstanding and beneficially owned by that person for the purpose of computing the total number of shares beneficially owned by that person and the percentage ownership of that person. However, those shares are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Accordingly, we have set forth, in the column entitled Options, the number of shares of WebMD common stock that each person listed has the right to acquire pursuant to options that are currently exercisable or that will be exercisable within 60 days of July 24, 2003. We have calculated the percentages set forth in the column entitled Percent of Outstanding based on the number of shares outstanding as of July 24, 2003 (which was

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes, each of which currently has three directors. At each Annual Meeting, the term of one of the classes of directors expires and WebMD stockholders vote to elect nominees for the directorships in that class for a new three-year term.

At this year's Annual Meeting, the terms of the three Class II directors, Paul A. Brooke, James V. Manning and Martin J. Wygod, will expire. The Board of Directors has nominated each of these individuals for re-election at the Annual Meeting, to serve for a three-year term expiring at our Annual Meeting in 2006 and until his successor is elected and has qualified or until his earlier resignation or removal.

The persons named in the enclosed proxy intend to vote for the election of each of the three nominees, unless you indicate on the proxy card that your vote should be withheld.

Our Board of Directors recommends a vote FOR the election of these nominees as directors.

We have inquired of each nominee and have determined that each will serve if elected. While our Board of Directors does not anticipate that any of the nominees will be unable to serve, if any nominee is not able to serve, proxies will be voted for a substitute nominee unless the Board of Directors chooses to reduce the number of directors serving on the Board.

respective option exercise prices, (b) the exercise of options within three years of the date that they become exercisable, (c) a risk-free interest rate of 1.85% per annum and (d) volatility of 0.9. The ultimate values of the options will depend on the future market price of our common stock, which cannot be forecast with reasonable accuracy. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of our common stock over the exercise price on the date the option is exercised. We cannot assure you that the value realized by an optionee will be at or near the value estimated by the Black-Scholes model or any other model applied to value the options.

The following table sets forth information with respect to the named executive officers concerning exercisable and unexercisable options held as of December 31, 2002. The values of in-the-money options are based on the year-end closing price of our common stock as of December 31, 2002 of \$8.55 and are net of the option exercise price.

Compensation Arrangements with Executive Officers*Arrangements with Roger C. Holstein*

We are party to an employment agreement, dated October 23, 2002, with Roger C. Holstein which provides for an employment period through December 31, 2007. In May 2003, Mr. Holstein, who until that time had served as our President, began serving as our Chief Executive Officer. In connection with his appointment as Chief Executive Officer, his annual base salary was increased from \$600,000 to \$1,000,000 and he received a grant of non-qualified options to purchase 500,000 shares of our common stock at an exercise price of \$8.89 per share. The option vests ratably over five years. Mr. Holstein received a bonus of \$450,000 for the year ended December 31, 2002. Beginning in 2003, and continuing each year for the duration of his employment, Mr. Holstein is eligible to receive a bonus of up to 100% of his base salary in the event that WebMD attains certain specified performance goals.

In the event of the termination of Mr. Holstein's employment by us without cause or by Mr. Holstein for good reason, as those terms are defined in Mr. Holstein's employment agreement, he would be entitled to: (a) the greater of (i) a two year continuation of his base salary in effect immediately prior to the effectiveness of the employment agreement (\$450,000 per year) or (ii) a continuation of his base salary in effect at the time of termination for six months for each six month period from the effectiveness of the employment agreement (in no event will such salary continuation continue for longer than three years); and (b) continued participation in our benefit plans (or comparable plans) for the duration of the severance period. In addition, all options granted to Mr. Holstein shall remain outstanding and continue to vest, and shall otherwise be treated as if Mr. Holstein remained employed by WebMD through the second anniversary of the termination date.

Mr. Holstein may terminate his employment upon 30 days notice at any time after 11 months following a Change in Control (as defined in the employment agreement) and, if this occurs: (a) Mr. Holstein would be entitled receive the greater of (i) the salary continuance he would be entitled

Table of Contents

to if his employment were terminated without cause or for good reason or (ii) a continuation of his base salary through October 23, 2007; (b) his participation in our benefit plans (or comparable plans) would continue for the duration of the severance period; and (c) all options granted to Mr. Holstein which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain exercisable as if he remained in our employ through the expiration date specified in the respective stock option plans and agreements.

Mr. Holstein may also terminate his employment upon 30 days notice at any time after the 11 month anniversary of the date on which Mr. Wygod ceases to serve as Chairman of the Board. If this occurs: (a) Mr. Holstein would be entitled to salary continuation from the date of termination through the second anniversary thereof; (b) his participation in our benefit plans (or comparable plans) would continue for the duration of the severance period; and (c) all options granted to Mr. Holstein which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain outstanding as if Mr. Holstein remained in the employ of WebMD until the earlier of (i) five years from the date of termination and (ii) the date on which the stock option would have expired under the terms of the applicable stock option plan or agreement. Mr. Holstein (or his estate) would have the same rights in the event of Mr. Holstein's permanent disability (as defined in the employment agreement) or his death.

If Mr. Holstein's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits. In addition, Mr. Holstein would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations that survive indefinitely and non-solicitation and non-competition obligations that end on the second anniversary of the date of cessation of Mr. Holstein's employment.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Holstein incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Martin J. Wygod

In October 2001, we entered into a five-year employment agreement with Martin J. Wygod. The employment agreement provides that Mr. Wygod will be Chairman and Chief Executive Officer of WebMD. In accordance with the terms of the employment agreement, Mr. Wygod has elected to serve solely as Chairman of the Board and to perform duties commensurate with that position; his resignation as Chief Executive Officer did not result in the termination of his employment agreement or in any change in his compensation or the other terms of his employment, except that his annual base salary was reduced from \$1,400,000 to \$1,260,000.

In the event of termination of Mr. Wygod's employment by us without cause or by Mr. Wygod for good reason, as those terms are defined in his employment agreement, Mr. Wygod would become a consultant for us and would be entitled to receive his salary and continuation of benefits for two years or, if longer, the expiration of the term of the employment period. In addition, all options, or other forms of equity compensation, granted to Mr. Wygod which have not vested prior to the date of termination would be vested as of the date of termination and, assuming there has not been a change in control (as defined in the employment agreement), would continue to be exercisable as long as he remains a consultant (or longer if the plan or agreement expressly provided). In the event that Mr. Wygod's employment is terminated due to death or disability, he would receive the same benefits as described above.

The employment agreement provides that in the event of a change in control (as defined in the employment agreement, which definition includes certain business combination transactions) of WebMD all outstanding options and other forms of equity compensation would become immediately vested on the date of the change in control and, if following the change in control, Mr. Wygod's employment terminates for any reason other than cause, they will continue to be exercisable until the tenth anniversary of the

Table of Contents

applicable date of grant. A change in control is also an event that constitutes "good reason" for purposes of a termination by Mr. Wygod.

The employment agreement contains confidentiality obligations that survive indefinitely and non-solicitation and non-competition obligations that continue until the second anniversary of the date his employment has ceased.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Wygod incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Charles A. Mele

We are party to an employment agreement with Charles A. Mele, our Executive Vice President, General Counsel and Secretary, which provides for an employment period through July 1, 2006. Mr. Mele currently receives an annual base salary of \$450,000 and is entitled to receive a bonus in the same form and amount received by any other executive officer with similar responsibilities and compensation.

In the event of the termination of Mr. Mele's employment due to his death or disability, by us "without cause" or by Mr. Mele for "good reason," as those terms are defined in Mr. Mele's employment agreement, he would be entitled to: (i) continuation of his base salary through the later of eighteen months and the expiration of the term of the agreement; (ii) any bonuses that he would have normally been entitled to through the term of his employment agreement (the amount of the bonus for years subsequent to the year in which the termination of employment occurred will be equal to the bonus received for the year of termination) and (iii) continued participation in our benefit plans (or comparable plans) for thirty-six months. In addition, all options granted to Mr. Mele which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain exercisable as if he remained in our employ through the expiration date specified in each applicable stock option agreement. A change in control (which is defined in the employment agreement) of WebMD is an event that constitutes "good reason."

If Mr. Mele's employment is terminated by us for cause or by him "without good reason," he is not entitled to any further compensation or benefits. In addition, Mr. Mele would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations that survive indefinitely and non-solicitation and non-competition obligations that end on the later of the second anniversary of the date employment has ceased and the last day of the term of the agreement.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Mele incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Michael A. Singer

We are party to an employment agreement with Michael A. Singer, Chief Executive Officer, WebMD Medical Manager, which provides for an employment period through July 23, 2004. Mr. Singer currently receives an annual base salary of \$450,000.

In the event of the termination of Mr. Singer's employment by us "without cause" or by Mr. Singer for "good reason," as those terms are defined in Mr. Singer's employment agreement, he would be entitled to: (i) continuation of his base salary in effect at the time of termination for a period of two years and (ii) continued participation in our benefit plans (or comparable plans) for the duration of the severance period or, if earlier, until he is eligible for comparable plans with a subsequent employer. In addition, the option granted to Mr. Singer on June 5, 2000 will be deemed fully vested and exercisable on the date of termination and would remain exercisable for the duration of the severance period. If a change in control (as defined in the employment agreement) occurs, Mr. Singer may resign for "good reason" at any time.

Table of Contents

after the six month anniversary of the change in control (or immediately if the incumbent directors did not approve the change in control).

The merger with Medical Manager constituted a change in control and an event of good reason for purposes of Mr. Singer's employment agreement after the six month anniversary of the merger date (March 12, 2001). On September 5, 2000, Mr. Singer agreed that if he resigned following March 12, 2001 as a result of the Medical Manager merger, his severance benefits would be based upon an annual base salary of \$250,000 and his June 5, 2000 option would not vest. The option granted to Mr. Singer on July 23, 1999 was deemed fully vested on the six month anniversary of the merger.

In the event of the termination of Mr. Singer's employment due to his death or disability, he would be entitled to a continuation of his base salary and benefits for the period through the expiration of the term of the agreement. In addition, the option granted to Mr. Singer on June 5, 2000 will be deemed fully vested and exercisable on the date of termination and would remain exercisable through such period.

If Mr. Singer's employment is terminated by us for cause, he is not entitled to any further compensation or benefits. In addition, Mr. Singer would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations that survive indefinitely and non-solicitation and non-competition obligations that end on the later of (a) the first anniversary of the date of termination; (b) July 23, 2004; or (c) the last day on which Mr. Singer is receiving severance or benefits following his separation from the employ of WebMD.

Arrangements with Anthony Vuolo

We are party to an employment agreement with Anthony Vuolo which provides for an employment period through July 1, 2006. Mr. Vuolo served as our Executive Vice President, Chief Financial Officer until May 15, 2003, at which time he became our Executive Vice President, Business Development. Mr. Vuolo currently receives an annual base salary of \$450,000 and is entitled to receive a bonus in the same form and amount received by any other executive officer with similar responsibilities and compensation.

In the event of the termination of Mr. Vuolo's employment due to his death or disability, by us without cause or by Mr. Vuolo for good reason, as those terms are defined in Mr. Vuolo's employment agreement, he would be entitled to: (i) continuation of his base salary through the later of eighteen months and the expiration of the term of the agreement; (ii) any bonuses that he would have normally been entitled to through the term of his employment agreement (the amount of the bonus for years subsequent to the year in which the termination of employment occurred will be equal to the bonus received for the year of termination); and (iii) continued participation in our benefit plans (or comparable plans) for thirty-six months. In addition, all options granted to Mr. Vuolo which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain exercisable as if he remained in our employ through the expiration date specified in each applicable stock option agreement. A change in control (as defined in the employment agreement) of WebMD is an event that constitutes good reason.

If Mr. Vuolo's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits. In addition, Mr. Vuolo would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations that survive indefinitely and non-solicitation and non-competition obligations that end on the later of the second anniversary of the date employment has ceased and the last day of the term of the agreement.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Vuolo incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

REPORT OF THE COMPENSATION COMMITTEE

The current members of the Compensation Committee of our Board of Directors are Mark J. Adler, M.D., Herman Sarkowsky and Joseph E. Smith. Each of these persons is a non-employee director within the meaning of Section 16 of the Securities Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The Compensation Committee:

administers our executive compensation program and our equity compensation plans,

has responsibility for the approval of compensation levels for and grants of options to our executive officers, and

reviews and makes recommendations regarding other matters relating to WebMD's compensation practices.

WebMD's compensation policies are intended to provide compensation opportunities that will help attract, motivate and retain highly qualified managers and executives and link their total compensation to increases in shareholder value. The compensation of each of our executive officers (including our Chief Executive Officer) may, in one or more years, be comprised of the following three elements:

base salary;

annual discretionary cash bonuses that reflect the individual's specific responsibilities, experience and overall performance, as well as the performance of WebMD during the year; and

stock-based incentive awards, mostly in the form of stock options.

We believe that WebMD's compensation policies foster a high performance culture, provide appropriate incentives to our executives and create a mutuality of interest between our executives and our stockholders.

In May 2003, Mr. Holstein was appointed our Chief Executive Officer and received an increase in salary from \$600,000 to \$1,000,000 and a grant of options to purchase 500,000 shares of our common stock at an exercise price of \$8.89. We believe that Mr. Holstein's compensation arrangements (more fully discussed under Executive Compensation, including under Compensation Arrangements with Executive Officers Arrangements with Roger C. Holstein) are appropriate in light of his increased responsibilities. A significant portion of Mr. Holstein's annual cash compensation will be contingent upon WebMD's annual financial performance. For 2003, Mr. Holstein will be eligible to receive a bonus of up to 100% of his base salary in the event that WebMD attains certain specified performance goals determined at the time his current employment agreement was entered into. For 2004 and following years under the employment agreement, he will continue to be eligible to receive a similar bonus, and the Compensation Committee intends to set performance goals that will create appropriate incentives to achieve WebMD's financial goals for those years.

During 2002 and until May 2003, Mr. Wygod, now Chairman of the Board, also served as our Chief Executive Officer. As contemplated by his employment agreement and announced in October 2002, Mr. Wygod will serve solely as Chairman of the Board. The Committee recognized Mr. Wygod's efforts to position WebMD for the future by assisting in the transition of his management responsibilities to Mr. Holstein. Under Mr. Wygod's leadership as Chief Executive Officer, WebMD completed a period of restructuring and integration following numerous mergers and acquisitions in 2000 and prior years and prepared for future growth through new product offerings and other initiatives. Prior to October 2001, Mr. Wygod's salary was \$1,000 per year. He received an increase in his base salary, effective October 2001, from \$1,000 per year to \$1.4 million per year as a result of WebMD generating Income (as defined in his employment agreement) for the fourth quarter of 2001. For 2002, Mr. Wygod received a bonus of \$475,000. Previously, he had not received any bonuses. We believe that Mr. Wygod's compensation arrangements (more fully discussed under Executive Compensation, including under Compensation Arrangements with Executive Officers Arrangements with Martin J. Wygod) are appropriate in light of his contributions to date and the importance of having his continued commitment to WebMD.

Table of Contents

The salaries and bonuses of the other executive officers are generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as the compensation packages for similar positions at other companies.

WebMD currently intends to continue to use stock options as a key component of executive and employee compensation in order to provide long-term incentives that are aligned to the interests of stockholders. Stock options are generally exercisable in installments over periods of three to four years and are generally granted at a price that is equal to the fair market value of our common stock on the date of grant, reflecting the objective of the Compensation Committee to link compensation to increases in stockholder value through stock appreciation and to attract and retain qualified executives and employees. No specific formula is used to determine stock option grants to any particular person (including the Chief Executive Officer and the executive officers), but grants are generally based upon factors such as the optionee's contribution to WebMD's performance and expected contribution to meeting long-term strategic goals of WebMD. Stock options typically have been granted to executive officers and other employees when the person first joins WebMD, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. WebMD may, however, grant additional stock options to executive officers and other employees in other situations where appropriate in order to retain and motivate executives and other employees.

We regularly evaluate our compensation philosophy and the methods we are using to implement that philosophy in order to determine whether our objectives are being met. These evaluations may from time to time result in changes in our philosophy or the methods of implementation. For example, the Board of Directors or the Compensation Committee may, in the future, consider authorizing stock options with different terms and conditions than those WebMD currently grants or may consider granting other types of awards payable in or valued relative to shares of WebMD common stock. In addition, changes in tax laws, securities laws or accounting rules may also cause us to reevaluate the types of compensation paid to executive officers and other employees.

Section 162(m) of the Internal Revenue Code limits the ability of a publicly held corporation to deduct compensation in excess of \$1 million paid to certain executive officers. It is the policy of the Compensation Committee to comply, where practicable, with Section 162(m) of the Code so as to maximize the tax deductibility of compensation paid to its top executive officers. Accordingly, WebMD's stock option plans under which awards are made to officers and directors are currently designed to ensure that compensation attributable to options granted will be tax deductible by WebMD. The Compensation Committee recognizes that \$400,000 of the \$1,400,000 salary that Mr. Wygod received exceeded the limits on deductibility during 2002 and a portion will exceed these limits in 2003. However, for the reasons discussed earlier in this Report, the Compensation Committee believes that the arrangement with Mr. Wygod is in the best interests of WebMD and its stockholders. Any bonus that may be paid to Mr. Holstein will not be deductible pursuant to Section 162(m) of the Code. No executive officer's compensation, other than Mr. Wygod's, exceeded the limits on deductible compensation during 2002 and the Compensation Committee does not expect that the compensation from WebMD to any executive officer other than Mr. Wygod and Mr. Holstein during 2003 will exceed these limits.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the Compensation Committee of our Board of Directors are Mark J. Adler, M.D., Herman Sarkowsky and Joseph E. Smith. L. John Doerr, who did not seek reelection as a member of the Board of Directors in 2002, also served as a member of the Compensation Committee in 2002.

No interlocking relationship exists between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed in the past.

Dr. Adler is a partner in a group medical practice that is a customer of WebMD Medical Manager. For information regarding this relationship, see Certain Relationships and Related Transactions.

Table of Contents**INDEPENDENT AUDITORS****Information Regarding our Independent Auditors**

Ernst & Young LLP has served as our independent auditors since 1995. Our Audit Committee has appointed Ernst & Young as our independent auditors for the fiscal year ending December 31, 2003. A representative of Ernst & Young is expected to be present at the Annual Meeting. The representative will be afforded an opportunity to make a statement and will be available to respond to questions by stockholders.

Services and Fees of Ernst & Young

In addition to retaining Ernst & Young LLP to audit our consolidated financial statements for 2002, to review our quarterly financial statements and to re-audit prior year financial statements of Porex Holdings, Inc. that had previously been audited by Arthur Andersen LLP, we retained Ernst & Young to provide certain assurance and related services that were reasonably related to the performance of the audit or review of our financial statements. The aggregate fees in 2002 for Ernst & Young's services to WebMD were:

<u>Type of Fees</u>	<u>2002</u>
Audit Fees	\$2,728,364
Audit-Related Fees	142,700
Tax Fees	-0-
All Other Fees	-0-
Total Fees	2,871,064

In the above table, in accordance with new SEC definitions and rules that we elected to adopt for this year's proxy statement:

audit fees are fees we paid Ernst & Young for professional services for the audit of our consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements,

audit-related fees are fees billed by Ernst & Young for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements,

tax fees are fees for tax compliance, tax advice, and tax planning, and

all other fees are fees billed by Ernst & Young to WebMD for any services not included in the first three categories.

The Audit Committee has determined that the provision by Ernst & Young of audit-related services to us in 2002 is compatible with Ernst & Young maintaining their independence.

REPORT OF THE AUDIT COMMITTEE

The current members of the Audit Committee of our Board of Directors are Mark J. Adler, M.D., Paul A. Brooke and Joseph E. Smith. The Audit Committee oversees WebMD's financial reporting process on behalf of our Board of Directors and is composed solely of directors who are independent under the Nasdaq Stock Market's listing standards. The Audit Committee is responsible for, among other things:

appointing our independent auditors and evaluating such auditors' performance and independence,

approving the fees to be paid to our independent auditors,

pre-approving any non-audit services provided by our independent auditors,

Table of Contents

reviewing our annual audit plan with WebMD's financial management and independent auditors,

reviewing the adequacy and effectiveness of our internal controls with WebMD's financial management, internal auditors and independent auditors,

reviewing the annual audited financial statements and the interim unaudited financial statements with WebMD's financial management and independent auditors,

approving our internal audit plan and budget and reviewing reports of our internal auditors, and

overseeing implementation of WebMD's Code of Business Conduct.

The Audit Committee operates under a written charter adopted by the Board of Directors on May 12, 2000 and amended on March 5, 2002, which was included as Annex A to the Proxy Statement for our 2002 Annual Meeting, a copy of which was filed with the SEC on September 16, 2002.

This report reviews the actions taken by the Audit Committee with regard to our financial reporting process for 2002 and particularly with regard to our audited consolidated financial statements included in our Annual Report on Form 10-K for year ended December 31, 2002.

Our management has the primary responsibility for WebMD's financial statements and reporting process, including the systems of internal controls. Our independent auditors are responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In carrying out its oversight responsibilities, the Audit Committee is not providing any expert or special assurance as to WebMD's financial statements or any professional certification as to the independent auditors' work. The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's charter.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements in our Annual Report on Form 10-K for 2002. In addition, the Audit Committee reviewed with WebMD's independent auditors, Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, rather than just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee discussed with Ernst & Young their independence from management and WebMD, including the matters in the written disclosures required of Ernst & Young by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee also considered whether the provision of audit-related services (see Independent Auditors' Services and Fees of Ernst & Young above) during 2002 by Ernst & Young is compatible with maintaining Ernst & Young's independence.

Additionally, the Audit Committee discussed with our independent auditors the overall scope and plan for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of WebMD's internal controls and the overall quality of WebMD's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for 2002 for filing with the SEC. The Audit Committee also approved the retention of Ernst & Young LLP as our independent auditors for 2003.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On April 6, 2001, we loaned \$1,450,000 to K. Robert Draughon, our Executive Vice President, Business Development. The funds were advanced pursuant to a promissory note bearing interest at the fixed rate per annum of 4.63%. The loan is full recourse and is secured by a pledge by Mr. Draughon of all shares of WebMD common stock owned by him and all options to purchase shares of WebMD common stock owned by him. As of July 24, 2003, approximately \$107,000 of the principal amount and approximately \$2,400 of accrued interest were outstanding.

We were reimbursed approximately \$367,000 during 2002 by Martin J. Wygod, our Chairman of the Board of Directors (formerly also our Chief Executive Officer), and a corporation that he controls, for the partial use of our office facilities, for services rendered by our employees and for expenses relating to use of aircraft.

We lease property in Alachua, Florida that is owned by a corporation controlled by Michael A. PROPOSAL 2:

AMENDMENT TO THE 2000 LONG-TERM INCENTIVE PLAN

TO INCREASE THE NUMBER OF SHARES ISSUABLE UNDER THE PLAN

The Compensation Committee of our Board of Directors has determined that it is in the best interests of WebMD and our stockholders to amend WebMD's 2000 Long-Term Incentive Plan to increase the number of shares of our common stock issuable under this Plan by 9.5 million shares, to a total of 29.5 million shares. We are asking stockholders to ratify and approve this increase in the number of shares issuable under this Plan in order to comply with applicable requirements of The NASDAQ Stock Market and, to the extent permitted by law, to preserve the tax deductible status for the awards granted under the Plan. Our employees, officers (including executive officers) and directors are eligible to receive grants under this Plan.

As of July 24, 2003, 9,345,625 shares were available for future grant under the 2000 Long-Term Incentive Plan. In addition, as of July 24, 2003, approximately 5,759,259 shares were available for future grant under our other stockholder approved plan, the 1996 Stock Plan. For additional information regarding our existing option plans, including shares available for future grant under plans not approved by stockholders, see Equity Compensation Plan Information below.

WebMD operates in competitive and rapidly changing markets and needs to be able to attract, motivate and retain employees, including its executive officers. A competitive environment exists for attracting and retaining such personnel. The availability of additional options for future grants will provide WebMD with greater ability to attract and retain executive officers and other employees in the future by offering compensation packages competitive with those available from other potential employers, while continuing to allow WebMD to use stock options as a significant component of compensation.

As more fully described in Report of the Compensation Committee above, WebMD typically grants stock options when officers and other employees first join our company, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. We expect to continue these practices. We have in the past, from time to time, made additional grants where appropriate to retain and motivate our officers and employees and may do so in the future. However, as of the date of this Proxy Statement, we have no current plans or proposals to make grants of awards under the 2000 Long-Term Incentive Plan to specific employees or officers.

As more fully described in Compensation of Non-Employee Directors above, our non-employee directors receive automatic annual grants of options to purchase 20,000 shares on January 1 of each year, with an exercise price equal to the closing price of our common stock on the last trading day of the prior year. Our Compensation Committee has in the past, with approval by the entire Board, from time to time, made additional grants under the 2000 Long-Term Incentive Plan to our non-employee directors, including grants when non-employee directors first join our Board, and may determine to do so in the future. As of the date of this Proxy Statement, we have no current plans or proposals to make any such additional grants of awards under the 2000 Long-Term Incentive Plan to our non-employee directors.

As of August 6, 2003, the market price of our common stock, based upon the last sales price as reported on the Nasdaq National Market, was \$10.42 per share.

Our Board of Directors recommends that stockholders vote FOR Proposal 2.

Set forth below is a summary of the principal features of the 2000 Long-Term Incentive Plan. We will provide without charge to each person to whom this Proxy Statement is delivered, upon request and by first class mail within three days of receipt of the request, a copy of the 2000 Long-Term Incentive Plan. Any request should be directed as follows: Investor Relations, WebMD Corporation, 669 River Drive, Center 2, Elmwood Park, New Jersey 07407-1361; telephone number (201) 414-2002.

Summary of the 2000 Long-Term Incentive Plan

General

The purpose of the 2000 Long-Term Incentive Plan is to promote our success by linking the personal interests of our employees, officers and directors to those of our stockholders, and by providing participants with an incentive for outstanding performance.

The 2000 Long-Term Incentive Plan authorizes the granting of awards in any of the following forms:

options to purchase shares of our common stock, which may be incentive stock options or non-qualified stock options,

stock appreciation rights,

performance shares,

restricted stock,

dividend equivalents,

other stock-based awards,

any other right or interest relating to our common stock, or

cash.

Not more than 10% of the shares authorized under the 2000 Long-Term Incentive Plan may be granted as awards of restricted stock or unrestricted stock awards.

The maximum number of shares of our common stock with respect to one or more options, stock appreciation rights or combinations of options and stock appreciation rights that may be granted during any one calendar year under the 2000 Long-Term Incentive Plan to any one person is 2,000,000, except that that limit may be increased by 2,000,000 for awards made in connection with a person's initial hiring.

The maximum fair market value of any awards, other than options and stock appreciation rights, that may be received by a participant, less any consideration paid by the participant for such award, during any one calendar year under the 2000 Long-Term Incentive Plan is \$5,000,000.

Administration

The 2000 Long-Term Incentive Plan is administered by the Compensation Committee of our Board of Directors. The Compensation Committee has the authority to:

designate participants,

determine the type or types of awards to be granted to each participant and the number, terms and conditions of award,

establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2000 Long-Term Incentive Plan, and

make all other decisions and determinations that may be required under the 2000 Long-Term Incentive Plan.

The Compensation Committee has delegated much of the authority described above to Mr. Holstein with respect to persons who are not executive officers of WebMD, subject to a limit of 200,000 shares per employee per year.

Stock Options

Edgar Filing: WEBMD CORP /NEW/ - Form DEF 14A

The Compensation Committee is authorized under the 2000 Long-Term Incentive Plan to grant options, which may be incentive stock options or non-qualified stock options. All options will be evidenced

Table of Contents

by a written award agreement between us and the participant, which will include any provisions specified by the Compensation Committee. The terms of an incentive stock option must meet the requirements of Section 422 of the Internal Revenue Code.

Stock Appreciation Rights

The Compensation Committee may also grant stock appreciation rights. Upon the exercise of a stock appreciation right, the holder has the right to receive the excess, if any, of the fair market value of one share of our common stock on the date of exercise, over the grant price of the stock appreciation right as determined by the Compensation Committee, which will not be less than the fair market value of one share of our common stock on the date of grant. All awards of stock appreciation rights will be evidenced by an award agreement reflecting the terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of the stock appreciation right, as determined by the Compensation Committee at the time of grant.

Performance Shares

The Compensation Committee may grant performance shares to participants on terms and conditions as may be selected by the Compensation Committee. The Compensation Committee will have the complete discretion to determine the number of performance shares granted to each participant and to set performance goals and other terms or conditions to payment of the performance shares in its discretion which, depending on the extent to which they are met, will determine the number and value of performance shares that will be paid to the participant.

Restricted Stock Awards

The Compensation Committee may make awards of restricted stock to participants, which will be subject to restrictions on transferability and other restrictions as the Compensation Committee may impose, including, without limitation, limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock. These awards may be subject to forfeiture upon termination of employment or upon a failure to satisfy performance goals during the applicable restriction period.

Dividend Equivalents

The Compensation Committee is authorized to grant dividend equivalents to participants subject to terms and conditions as may be selected by the Compensation Committee. Dividend equivalents entitle the participant to receive payments equal to dividends with respect to all or a portion of the number of shares of our common stock subject to an award.

Annual Awards to Non-Employee Directors

The 2000 Long-Term Incentive Plan provides for an automatic grant on January 1 of each year of options to purchase 20,000 shares to each member of the Board of Directors on that date who is not an employee of WebMD. These options will have an exercise price equal to the fair market value of our common stock on the date of grant and will vest as to 25% on the first anniversary of the date of grant and monthly thereafter for a period of three years. These options will expire, to the extent not previously exercised, ten years after the date of grant.

Other Stock-Based Awards

The Compensation Committee may, subject to limitations under applicable law, grant other awards that are payable in or valued relative to shares of our common stock as deemed by the Compensation Committee to be consistent with the purposes of the 2000 Long-Term Incentive Plan, including shares of common stock awarded purely as a bonus and not subject to any restrictions or conditions. The Compensation Committee will determine the terms and conditions of any other stock-based awards.

Table of Contents

Performance Goals

In order to preserve full deductibility under Section 162(m) of the Internal Revenue Code, the Compensation Committee may determine that any award will be determined solely on the basis of:

the achievement by WebMD or a parent or subsidiary of WebMD of a specified target return, or target growth in return, on equity or assets,

total stockholder return, described as our stock price appreciation plus reinvested dividends, relative to a defined comparison group or target over a specific performance period,

our stock price,

the achievement by an individual, WebMD or a business unit, parent or subsidiary of WebMD, of a specified target, or target growth in, revenues, net income, earnings per share, EBIT or EBITDA, or

any combination of the above.

If an award is made on this basis, the Compensation Committee must establish goals prior to the beginning of the period for which the performance goal relates, or by a later date as may be permitted under applicable tax regulations, and the Compensation Committee may for any reason reduce, but not increase, any award, notwithstanding the achievement of a specified goal. Any payment of an award granted with performance goals will be conditioned on the written certification of the Compensation Committee in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer and Beneficiaries

No award under the 2000 Long-Term Incentive Plan is assignable or transferable other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a qualified domestic relations order. However, the Compensation Committee may permit other transfers if it deems appropriate.

Acceleration upon Certain Events

Upon the participant's death or termination of employment as a result of disability, all outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully exercisable and all restrictions on outstanding awards will lapse. Any options or stock appreciation rights will thereafter continue or lapse in accordance with the other provisions of the 2000 Long-Term Incentive Plan and the award agreement. In addition, the Compensation Committee may at any time in its discretion declare any or all awards to be fully or partially vested and exercisable. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Termination and Amendment

The Compensation Committee may at any time amend or terminate this Plan without stockholder approval, but it may condition any amendment on the approval of our stockholders if such approval is necessary or advisable under tax, securities or other applicable laws, policies or regulations. The Compensation Committee may amend or terminate any outstanding award without approval of the participant, but an amendment or termination may not, without the participant's consent, reduce or diminish the value of the award determined as if it had been exercised, vested, cashed in or otherwise settled on the date of the amendment or termination, but the original term of any option may not be extended.

Table of Contents***New Plan Benefits***

Awards to officers and other employees under the 2000 Long-Term Incentive Plan are determined by the Compensation Committee in its discretion. Awards under this Plan to our non-employee directors are determined by our Compensation Committee, with the approval of our Board of Directors, in their discretion, except that our non-employee directors receive automatic annual grants of options to purchase 20,000 shares on January 1 of each year, with an exercise price equal to the closing price of our common stock on the last trading day of the prior year. As a result, it is not possible to determine the benefits and amounts that will be received by any individual participant or group of participants in the future. During the fiscal year ended December 31, 2002, the grants of options shown on the table below were made pursuant to the 2000 Long-Term Incentive Plan.

Federal Income Tax Information

The following discussion is a summary of the federal income tax provisions relating to the grant and exercise of awards under the 2000 Long-Term Incentive Plan and the subsequent sale of common stock acquired under this plan. The tax effect of exercising awards may vary depending upon the particular circumstances, and the income tax laws and regulations change frequently.

Nonqualified Stock Options. There will be no federal income tax consequences to a participant or to us upon the grant of a nonqualified stock option. When the participant exercises a nonqualified option, however, he will realize ordinary income in an amount equal to the excess of the fair market value of the option shares that he receives upon exercise of the option at the time of exercise over the exercise price, and we will be allowed a corresponding deduction, subject to limitations under Section 162(m) of the Internal Revenue Code. Any gain that a participant realized when the participant later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the participant held the shares.

Incentive Stock Options. There typically will be no federal income tax consequences to a participant or to us upon the grant or exercise of an incentive stock option. If the participant holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise of the option, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and we will not be entitled to a federal income tax deduction. If the participant disposes of the option shares in a sale, exchange or other disqualifying disposition before the required holding period ends, he will realize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and we will be allowed a federal income tax deduction equal to such amount, subject to certain limitations under Section 162(m) of the Internal Revenue Code. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the participant's alternative minimum tax income.

Stock Appreciation Rights. The participant will not recognize income, and we will not be allowed a tax deduction, at the time a stock appreciation right is granted. When the participant exercises the stock

Table of Contents

appreciation right, the amount of cash and the fair market value of any shares of common stock received will be ordinary income, and we will be allowed a federal income tax deduction equal to such amount, subject to certain limitations under Section 162(m) of the Internal Revenue Code.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, the participant will not recognize income, and we will not be allowed a tax deduction, at the time a restricted stock award is granted. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the common stock as of that date, less any amount he paid for the stock, and we will be allowed a corresponding tax deduction at that time, subject to certain limitations under Section 162(m) of the Internal Revenue Code. If the participant files an election under Section 83(b) of the Internal Revenue Code within 30 days after the date of grant of the restricted stock, he will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date, less any amount a participant paid for the stock, and we will be allowed a corresponding tax deduction at that time, subject to specified limitations under Section 162(m) of the Internal Revenue Code. Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, he will not be able to recover the tax previously paid pursuant to his Section 83(b) election.

Performance Shares. A participant will not recognize income, and we will not be allowed a tax deduction, at the time performance shares are granted. When the participant receives payment under the performance shares, the amount of cash and the fair market value of any shares of stock received will be ordinary income to the participant, and we will be allowed a corresponding tax deduction at that time, subject to specified limitations under Section 162(m) of the Internal Revenue Code.

Description of Plans Not Approved by Stockholders

2001 Stock Plan. The 2001 Employee Non-Qualified Stock Option Plan authorizes the granting of awards of non-qualified stock options to purchase shares of our common stock to our employees who are not subject to Section 16(a) of the Securities Exchange Act of 1934. As of December 31, 2002, options to purchase 114 shares of our common stock remained available for grant under the 2001 Stock Plan. The maximum number of shares of our common stock with respect to one or more options that may be granted during any one calendar year under the 2001 Stock Plan to any one person is 200,000. Generally, options become exercisable ratably over a three to five year period based on their individual grant dates and expire on the tenth anniversary of the date of grant. Options are granted with exercise prices not less than fair market value on the date of grant. The exercise price may be paid in cash or shares of WebMD common stock held by the optionee for a period of at least six months or through a cashless exercise arrangement. Upon termination of employment, unvested options generally are forfeited and vested options generally expire 90 days after termination (one year in the case of termination as a result of death or disability or immediately in the event of termination for cause). The 2001 Stock Plan is administered by the Compensation Committee of our Board of Directors and all or a portion of such authority may be delegated to one or more officers of WebMD. The Compensation Committee has the authority to designate participants, determine the number, terms and conditions of options, establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2001 Stock Plan and make all other decisions and determinations that may be required under the 2001 Stock Plan. The Compensation Committee has delegated to Roger C. Holstein the authority to grant options and determine the terms and conditions of such grant in accordance with the terms of the Plan.

2002 Restricted Stock Plan. During 2002, WebMD adopted the 2002 Restricted Stock Plan. The 2002 Restricted Stock Plan authorizes the granting of awards of shares of WebMD common stock that are subject to restrictions on transfer until such time as they are vested. As of December 31, 2002, 603,803 shares of restricted common stock remained available for grant under the 2002 Restricted Stock Plan. All of our employees, other than those officers who are subject to Section 16(a) of the Securities Exchange Act, are eligible for grants under the plan. The vesting schedule applicable to a restricted stock grant is generally 25% per year subject to the holder's continued employment on the applicable dates. Unvested restricted stock is subject to forfeiture upon termination of employment. The 2002 Restricted Stock Plan is administered by the Compensation Committee of our Board of Directors, with responsibilities and authority similar to those described above for the 2001 Stock Plan. The authority to grant restricted stock and determine the terms and conditions thereof in accordance with the terms of the plan has been delegated to Roger C. Holstein.

Envoy Stock Plan. In January 2000, our Board of Directors adopted the WebMD Envoy Stock Plan in connection with the acquisition of Envoy Corporation. The Envoy Stock Plan authorizes the granting of awards of non-qualified stock options to purchase shares of our common stock and grants of shares of common stock. As of December 31, 2002, 711,472 shares of our common stock remained available for

Table of Contents

option grants or grants of shares under the Envoy Stock Plan. The maximum number of shares of our common stock with respect to one or more options that may be granted during any one fiscal year under the Envoy Stock Plan to any one person is 1,000,000, except that, in connection with an employee's initial employment, he or she may be granted options to purchase an additional 500,000 shares which shall not count against the 1,000,000 limit. The terms of the Envoy Stock Plan and its administration are substantially similar to those described above for the 2001 Stock Plan.

Option Agreement with Wayne Gattinella. We are party to an option agreement with Wayne Gattinella, who became President, WebMD Health in August 2001. The option agreement, entered into on August 20, 2001, provides for a nonqualified stock option to purchase 600,000 shares of common stock, at an exercise price of \$4.81 per share. The exercise price is equal to the closing price of WebMD common stock on the date of grant. No further shares of our common stock are available for grant under this option agreement. Subject to Mr. Gattinella's continued employment (except as set forth below), the option vests and becomes exercisable with respect to 25% of the shares on the first, second, third and fourth anniversaries of the date of grant and expires on the tenth anniversary of the date of grant. In the event of the termination of Mr. Gattinella's employment without cause or for good reason (as such terms are defined in his employment agreement), the option, to the extent unvested, will remain outstanding and continue to vest as if he remained in the employ of WebMD through the first anniversary of the date of termination. In addition, on the one year anniversary of a change in control (or earlier if his employment is terminated without cause for good reason), 75% of the unvested portion of the option shall vest.

ABF Stock Plan

One additional plan was adopted after December 31, 2002 without stockholder approval: the 2003 Nonqualified Stock Option Plan for Employees of Advanced Business Fulfillment, Inc., which we refer to as the ABF Stock Plan. The ABF Stock Plan was adopted on June 12, 2003 in connection with our acquisition of Advanced Business Fulfillment, or ABF, and grants under the plan are limited to ABF employees who are not executive officers of WebMD. At the time of the closing of the acquisition of ABF, options to purchase 3,570,000 shares of WebMD common stock were granted under the ABF Stock Plan to ABF employees. The options have an exercise price of \$11.73 (the fair market value of WebMD common stock on the closing date of the acquisition) and vest 25% per year subject to the holder's continued employment on the applicable dates. As of July 18, 2003, options to purchase 30,000 shares of WebMD common stock remained available for grant under the ABF Stock Plan. The other terms of the ABF Stock Plan and its administration are substantially similar to those described above for the 2001 Stock Plan.

PROPOSAL 3:
AMENDMENT TO THE
TENTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

Our Board of Directors has determined that it is in the best interests of WebMD to amend WebMD's Tenth Amended and Restated Certificate of Incorporation to increase the number of shares of authorized shares of our common stock by 300 million to 900 million. Our Certificate of Incorporation currently authorizes the issuance of 600 million shares of common stock, with a par value of \$0.0001 per share, and 5 million shares of preferred stock with a par value of \$0.0001 per share. The number of shares of preferred stock would remain unchanged.

The approval of the amendment to our Certificate of Incorporation increasing the number of authorized shares of common stock requires the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting.

Our Board of Directors unanimously recommends a vote FOR approval of the proposed amendment to the our Certificate of Incorporation.

Our Board of Directors believes the increase in the number of authorized shares of common stock will provide flexibility in connection with future stock dividends or splits, financings, investment opportunities, acquisitions of other companies and for other corporate purposes that our Board deems advisable. We consider acquisition opportunities on a regular basis, including acquisition opportunities that may involve issuance of our common stock as consideration. However, as of the date of this Proxy Statement, our Board of Directors has made no determination regarding any specific plan, proposal, transaction or arrangement that would involve the issuance of any additional shares of common stock in an acquisition or otherwise, other than previously announced transactions for which shares have already been reserved, as listed in the next paragraph. There can be no assurance that any such acquisitions, transactions or issuances for other purposes will be made or, if made, as to their timing, type, or size. The authorized but unissued common stock, including the increased number of shares of common stock if this proposed amendment is approved by the stockholders and made effective, may be issued from time to time as determined by our Board of Directors without further stockholder action (subject to any applicable stock exchange rules) unless issued in transactions, such as certain mergers, which require stockholder approval. We do not intend to seek stockholder approval for any such corporate acquisitions or share issuances unless required by applicable law, stock exchange rule or other regulation. The issuance of additional shares of common stock may cause a dilution in the equity and earnings of the present stockholders. No preemptive rights exist with respect to any outstanding shares of WebMD common stock.

Of the 600 million shares of common stock currently authorized, as of July 24, 2003, 381,719,159 shares were issued, of which 305,394,994 shares are outstanding and 76,324,165 shares are held in treasury. Shares of WebMD common stock held in treasury may be returned to the status of authorized but unissued by resolution of our Board of Directors. In addition, as of the same date, there were 218,280,841 authorized but unissued shares. We have reserved an aggregate of 222,571,275 shares for the purposes described below:

126,862,878 shares reserved for issuance under our equity compensation plans (for additional information regarding the awards granted under our equity compensation plans, see Proposal 2: Amendment to the 2000 Long-Term Incentive Plan to Increase the Number of Shares Available for Grant Equity Compensation Plan Information above).

32,386,807 shares reserved for issuance upon the conversion of our 3 1/4% Convertible Notes due 2007,

22,742,040 shares reserved for issuance upon the conversion of our 1.75% Convertible Notes due 2023,

15,000,000 shares reserved for issuance in connection with contingent payments for our acquisition of ABF, and

Table of Contents

25,579,550 shares reserved for issuance upon the exercise of our outstanding warrants.

Accordingly, assuming all shares we hold in treasury were returned to the status of authorized but unissued shares, as of July 24, 2003, we would have 72,033,731 shares available for issuance.

If the proposed amendment is adopted by the stockholders, the second sentence of Article Four of the Tenth Amended and Restated Certificate of Incorporation will be amended to read as follows:

The total number of shares of common stock that this corporation is authorized to issue is 900 million with a par value of \$0.0001 per share.

Our Board of Directors does not intend or view the proposed increase in authorized common stock as an anti-takeover measure, but rather, as a means of providing greater flexibility to the Board as indicated above. Nevertheless, having additional authorized shares may provide a means for the Board to block an unsolicited acquisition through the issuance of large blocks of stock to persons or entities considered by our officers and directors to be opposed to such acquisition.

NOMINATING COMMITTEE
OF THE
BOARD OF DIRECTORS
OF
WEBMD CORPORATION**

A. Purpose

1. *General.* The Nominating Committee (the *Committee*) is established by the Board of Directors (the *Board*) of WebMD Corporation (the *Corporation*) to assist the Board by actively identifying individuals qualified to become Board members and making recommendations to the Board regarding (a) the persons to be nominated by the Board for election as director at each annual meeting of stockholders, (b) appointments of directors to fill vacancies occurring between annual meetings and (c) appointments of directors to fill newly created directorships, if any, created by expansion of the size of the Board between annual meetings.

2. *Diversity.* The Board believes that diversity is a critical attribute of a well-functioning board. It is the responsibility of the Nominating Committee to seek qualified candidates to fill vacancies on the Board that contribute distinctive and useful perspectives to governance that best serves the interests of the Company and its stockholders. The Committee shall advise the Board on matters of diversity, including gender, race, culture, thought and geography, and recommend, as necessary, procedures for achieving diversity of viewpoint, background, skills, types of experience, and areas of expertise on the Board.

B. Composition

1. *Members.* The Committee shall consist of as many members as the Board shall determine, but in any event not fewer than two members. Committee members shall serve until the earliest of their resignation or their replacement or removal by the Board in accordance with this Charter and the Bylaws of the Corporation.

2. *Qualifications.* Each member of the Committee shall meet all applicable independence and other requirements of law and the requirements for companies listed for quotation on the NASDAQ NMS and shall be free from any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a member of the Committee.

3. *Chair.* A Chair of the Committee may be appointed by the Committee.

D. Authority Delegated to the Committee

1. The Committee shall establish and review with the Board the qualifications and characteristics that it determines should be sought with respect to individual Board members and the Board as a whole and shall review with the Board any changes thereto that it may, from time to time, determine to be appropriate. These qualifications and characteristics shall be designed to assist the Board in meeting the objectives set forth in Section A.2 of this Charter with respect to diversity.

2. The Committee shall assess the adequacy of this Charter and the procedures developed by the Committee to implement this Charter on at least an annual basis and shall submit any proposed amendments to this Charter that the Committee recommends be made to the Board for its approval. This assessment shall include a review of procedures developed to assist the Board in meeting the objectives set forth in Section A.2 of this Charter with respect to diversity.

3. In order to assist the Board in meeting the objectives set forth in Section A.2 of this Charter with respect to diversity, the Committee shall develop director search processes that identify qualified Board candidates both in the corporate environment as well as other enterprises, such as government, academia, private enterprise, complex non-profit organizations, and professions that serve them, such as accounting, human resources, and legal services. The search process will be designed so that candidates are not systematically eliminated from the search process due solely to background or organizational affiliation and so that each director search affirmatively seeks to include candidates with diverse backgrounds and skills.

4. The Committee shall, in accordance with (a) the policies and principles set forth in this Charter and (b) the relevant requirements of applicable law and requirements applicable to companies listed for quotation on the NASDAQ NMS, identify and recommend to the Board:

i. the persons to be nominated by the Board for election as director at each annual meeting of stockholders,

ii. persons to be appointed as directors to fill vacancies occurring between annual meetings, and

iii. persons to be appointed as directors to fill newly created directorships, if any, created by expansion of the size of the Board between annual meetings.

5. The Committee shall review candidates for the Board recommended by stockholders.

6. The Committee may recommend to the Board increases or decreases in the size of the Board.

The foregoing list is not intended to be exhaustive, and the Committee shall, in addition, have such powers as may be necessary or appropriate in furtherance of the objectives set forth in this Charter, including the objectives set forth in Section A.2 of this Charter with respect to diversity. The Committee shall have the power to delegate its authority to subcommittees or individual members of the Committee as it deems appropriate.

The Committee shall have the power to retain search firms or advisors to identify director candidates. The Committee may also retain counsel or other advisors, as it deems appropriate. The Committee shall have sole authority to retain and terminate such search firms or advisors and to review and approve such search firm or advisor's fees and other retention terms.
