Table of Contents**AVATAR HOLDINGS INC. AND SUBSIDIARIES****Notes to Consolidated Financial Statements (Unaudited)****March 31, 2004****(Dollars in thousands except per share data)****Basis of Statement Presentation and Summary of Significant Accounting Policies**

The accompanying consolidated financial statements include the accounts of Avatar Holdings Inc. and its subsidiaries (Avatar). All significant intercompany accounts and transactions have been eliminated in consolidation.

The consolidated balance sheets as of March 31, 2004 and December 31, 2003, and the related consolidated statements of operations for the three months ended March 31, 2004 and 2003 and the consolidated statements of cash flows for the three months ended March 31, 2004 and 2003 have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information, the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statement presentation. In the opinion of management, all adjustments necessary for a fair presentation of such financial statements have been included. Such adjustments consisted only of normal recurring items. Interim results are not necessarily indicative of results for a full year.

The preparation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

For a complete description of Avatar's other accounting policies, refer to Avatar Holdings Inc.'s 2003 Annual Report on Form 10-K and the notes to Avatar's consolidated financial statements included therein.

Warranty reserves for houses are established to cover potential costs for materials and labor with regard to warranty-type claims to be incurred subsequent to the closing of a house. Reserves are determined based on historical data and current factors. Avatar may have recourse against the subcontractors for claims relating to workmanship and materials. Warranty reserves are included in Accrued and Other Liabilities in the consolidated balance sheets.

During the three months ended March 31, 2004 changes in the warranty accrual consisted of the following:

	2004
Accrued warranty reserve as of January 1	\$ 977
Estimated warranty expense	409
Amounts charged against warranty reserve	(294)

Accrued warranty reserve as of March 31	\$1,092

Notes, Mortgage Notes and Other Debt

On March 30, 2004, Avatar issued \$120,000 aggregate principal amount of 4.50% Convertible Senior Notes due 2024 (the 4.50% Notes) in a private, unregistered offering sold only to qualified institutional buyers, in accordance with Rule 144A under the Securities Act of 1933, as amended, and outside the United States to non-U.S. persons in accordance with Regulation S under the Securities Act of 1933, as amended. Within 90 days from the date of issue, Avatar will, for the benefit of the 4.50% Note holders, file a shelf registration statement covering resales of the 4.50% Notes and the shares of Avatar's common stock issuable upon the conversion of the 4.50% Notes. The 4.50% Notes are senior, unsecured obligations and rank equal in right of payment to all of Avatar's existing and future unsecured and senior indebtedness. However, the 4.50% Notes are effectively subordinated to all of Avatar's existing and future secured debt to the extent of the collateral securing such indebtedness, and to all existing and future liabilities of subsidiaries of Avatar. Each \$1 in principal amount of the 4.50% Notes is convertible, at the option of the holder, at a conversion price of \$52.63, or 19.0006 shares of Avatar's common stock, upon the satisfaction of certain conditions and contingencies. In conjunction with the offering, Avatar used approximately \$42,906 of the net proceeds from the offering to purchase 1,141,400 shares of its common stock in privately negotiated transactions at a price of \$37.59 per share. Avatar intends to use the balance of the net proceeds from the offering for general corporate purposes.

During the first quarter of 2004, Avatar made payments of \$16,337 under the \$100,000 Secured Revolving Line of Credit Facility (the Long-Term Facility). As of March 31, 2004, approximately \$99,400 was available for borrowings under the Long-Term Facility, net of approximately \$600 outstanding letters of credit.

During the third and fourth quarters of 2003, Avatar redeemed the 7% Convertible Subordinated Notes due 2005 (the 7% Notes). For a complete description of these transactions, refer to Avatar Holdings Inc.'s 2003 Annual Report on Form 10-K and the notes to Avatar's consolidated financial statements included therein.

Table of Contents**Notes to Consolidated Financial Statements (dollars in thousands except per share data) (Unaudited)
continued****Earnings Per Share**

Avatar presents earnings per share in accordance with SFAS No. 128, *Earnings Per Share*. Basic earnings per share is computed by dividing earnings available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of Avatar. In accordance with SFAS No. 128, the computation of diluted earnings per share for the three months ended March 31, 2004 did not assume the conversion of the 4.50% Notes since certain conditions and contingencies were not met as of March 31, 2004 that would deem them convertible. The computation of diluted earnings per share for the three months ended March 31, 2003 did not assume the conversion of the 7% Notes because the effect was antidilutive.

The following table represents a reconciliation of weighted average shares outstanding for the three months ended March 31, 2004 and 2003:

	Three Months	
	2004	2003
Basic weighted average shares outstanding	9,365,931	8,625,548
Effect of dilutive restricted stock	115,769	61,846
Effect of dilutive employee stock options	40,655	
	<hr/>	<hr/>
Diluted weighted average shares outstanding	9,522,355	8,687,394

Repurchase and Exchange of Common Stock and Notes

In conjunction with the offering of \$120,000 of the 4.50% Notes, on March 22, 2004, Avatar's Board of Directors authorized Avatar to use up to approximately \$43,000 of the gross proceeds to purchase shares of its common stock in privately negotiated transactions. On March 30, 2004, Avatar used approximately \$42,906 to purchase 1,141,400 shares of its common stock at a price of \$37.59 per share.

Under previous authorizations by the Board of Directors to purchase from time to time, shares of its common stock and/or 7% Notes in the open market, through privately negotiated transactions or otherwise, depending on market and business conditions and other factors, from January 1 through March 7, 2003, Avatar repurchased \$5,225 of its common stock representing 229,758 shares and \$7,585 principal amount of its 7% Notes. As of March 31, 2004, the remaining authorization is \$26,350.

Table of Contents**Notes to Consolidated Financial Statements (dollars in thousands except per share data) (Unaudited)
continued****Stock-Based Compensation**

Avatar has accounted for stock-based compensation using the intrinsic value based method in accordance with Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* and related interpretations. For stock options granted, no compensation expense has been recognized because all stock options granted have exercise prices greater than the market value of Avatar's stock on the date of the grant. For restricted stock units granted, compensation expense of \$409 and \$344 has been accrued for the three months ended March 31, 2004 and 2003, respectively.

SFAS No. 123, as amended by SFAS No. 148, requires disclosure of pro forma income and pro forma income per share as if the fair value based method had been applied in measuring compensation expense. The following table summarizes pro forma net income and earnings per share in accordance with SFAS No. 123, for the three months ended March 31, 2004 and 2003 had compensation expense for Avatar's option plan been based on fair value at the grant date:

Joint Ventures

On March 17, 2004, Avatar entered into a joint venture for development of Regalia (the Regalia Joint Venture), a luxury residential highrise condominium on an approximately 1.18-acre oceanfront site in Sunny Isles Beach, Florida, approximately three miles south of Hollywood, Florida. Avatar has a 50% equity interest in the Regalia Joint Venture and is managing member of the project. Avatar contributed \$1,000 to the Regalia Joint Venture on March 25, 2004 to pay all monetary obligations due and payable. Avatar's 50% equity partner contributed and conveyed, by special warranty deed, the 1.18-acre property which is subject to a \$5,000 mortgage. Avatar has agreed to execute any required guaranty, if any, for the benefit of a third-party lender to the Regalia Joint Venture pursuant to future construction financing of the project. Avatar has also guaranteed certain additional contributions, if any, to fund operations. Avatar has consolidated the assets and liabilities of the Regalia Joint Venture into the consolidated balance sheet as of March 31, 2004 and has eliminated all significant intercompany accounts and transactions.

continued****Joint Ventures continued**

On April 14, 2004, Avatar paid off the \$5,000 mortgage that existed when the Regalia Joint Venture was formed.

In late-December 2002, Avatar entered into a joint venture in which it committed to fund up to \$25,000 for the development of Ocean Palms (the Ocean Palms Joint Venture), a 38-story, 240-unit highrise condominium on a 3.5-acre oceanfront site in Hollywood, Florida. Construction commenced in late-2003 and during the first quarter of 2004 surpassed the preliminary stage of construction whereby recognition of profits under the percentage completion method commenced. Avatar has a 50% equity interest in the Ocean Palms Joint Venture and is accounting for its investment under the equity method whereby Avatar will recognize its share of profits and losses. As of March 31, 2004, Avatar funded \$20,000 of its commitment to fund the Ocean Palms Joint Venture.

The following is the Ocean Palms Joint Venture's condensed balance sheet as of March 31, 2004 and December 31, 2003:

Contingencies

Avatar is involved in various pending litigation matters primarily arising in the normal course of its business. Although the outcome of these matters cannot be determined, management believes that the resolution thereof will not have a material effect on Avatar's business or financial statements.

In addition, on July 22, 2003, a holder of the 7% Notes filed a lawsuit against Avatar and certain of its officers in the federal district court of Delaware seeking class action status and alleging that Avatar violated Section 12(a)(2) of the Securities Act of 1933 with respect to its partial redemption of \$60,000 of the 7% Notes. Avatar believes that the allegations contained in the lawsuit are without merit and intends to take all appropriate actions to vigorously defend its position.

Discontinued Operations

During February 2004, Avatar closed on the sale of the Harbor Islands marina located in Hollywood, Florida for a sales price of approximately \$6,711. The pre-tax gain of approximately \$2,784 on this sale and the operating results for the three months ended March 31, 2004 and 2003 have been reported as discontinued operations.
