NOTICE TO SHAREHOLDERS

THE ANNUAL MEETING OF SHAREHOLDERS of Goodrich Corporation, a New York corporation, will be held at Goodrich's headquarters, Four Coliseum Centre, 2730 West Tyvola Road, Charlotte, North Carolina on April 25, 2006, at 10:00 a.m. Eastern Time to:

1. Elect eleven Directors to hold office until the next Annual Meeting of Shareholders and until their respective successors are elected and qualified.
2. Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year 2006.
3. Transact such other business as may properly come before the meeting.

Information with respect to these matters is contained in the Proxy Statement attached to this Notice.

The Board of Directors has fixed March 6, 2006 as the record date for determining shareholders entitled to notice of and to vote at the meeting. Only holders of record at the close of business on that date shall be entitled to notice of and to vote at the meeting or any adjournment thereof.

A proxy for use at the meeting in the form accompanying this Notice is hereby solicited on behalf of the Board of Directors from holders of Common Stock. Shareholders may withdraw their proxies at the meeting should they be present and desire to vote their shares in person, and they may revoke their proxies for any reason at any time prior to the voting thereof.

It is important that every shareholder be represented at the meeting regardless of the number of shares owned. To minimize expense associated with collecting proxies, please execute and return your proxy promptly.

By Order of the Board of Directors

GENERAL INFORMATION

The accompanying proxy is solicited on behalf of the Board of Directors of Goodrich Corporation. Our 2006 Annual Meeting of Shareholders will be held at our corporate headquarters, Four Coliseum Centre, 2730 West Tyvola Road, Charlotte, North Carolina at 10:00 a.m. Eastern Time on April 25, 2006.

All shareholders of record of our Common Stock at the close of business on March 6, 2006 are entitled to notice of and to vote at the Annual Meeting. There were 123,645,257 shares outstanding and entitled to vote on such date, and each share is entitled to one vote. There are no cumulative voting rights.

Most shareholders have a choice of voting by proxy over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for shareholders of record will close at 5:00 p.m. Eastern Time on April 24, 2006.

When you vote by proxy, your shares will be voted according to your instructions. If you sign your proxy card but don't specify how you want your shares to be voted, they will be voted as our Board of Directors recommends. You can revoke your proxy at any time before it is exercised by written notice to our Secretary, timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote) or voting by ballot at the Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

Proxies for shares of Common Stock will also represent shares held under our Dividend Reinvestment Plan. Proxies will also be considered to be voting instructions to the plan trustees with respect to shares held in accounts under the Goodrich Corporation Employees Savings Plan and Goodrich Corporation Savings Plan for Rohr Employees. If participants in any such plan also are shareholders of record with the same account information, they will receive a single proxy that will represent all shares. If the account information is different, then the participants will receive separate proxies. We have been advised that voting instructions from plan participants must be received by not later than 5:00 p.m. Eastern Time on April 24, 2006 in order to be included in the final voting instruction tabulation provided to the plan trustees.

We will pay the expense of soliciting these proxies. In addition to using the mails and the Internet, our officers, Directors and employees may solicit proxies personally, by telephone or by facsimile. We will reimburse brokers and others holding shares in their names, or in the names of nominees, for their expenses in sending proxy material to the beneficial owners of such shares and obtaining their proxies. We have retained D.F. King & Co., Inc., 48 Wall Street, New York, New York 10005, to assist us in soliciting proxies from shareholders, including brokers, custodians, nominees and fiduciaries, and will pay that firm fees estimated at \$11,500 for its services, plus the firm's expenses and disbursements.

The approximate date on which we will begin mailing this proxy statement and the accompanying proxy to shareholders is March 10, 2006. Our 2005 Annual Report, including financial statements, is being mailed with this proxy statement to each shareholder of record. An additional copy will be furnished to any shareholder upon request.

This proxy statement and our 2005 Annual Report are available on our Internet site at www.goodrich.com. Most shareholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. If you are a shareholder of record, you can choose this option and save us the cost of producing and mailing these

Table of Contents

documents by checking the appropriate box on your proxy card or by following the instructions provided if you vote over the Internet or by telephone. If you are a shareholder of record and choose to view future proxy statements and annual reports over the Internet, you will receive instructions in the mail next year containing the Internet address to access those documents. If your shares are held through a bank, broker or other holder of record, check the information provided by that entity for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Our principal executive offices are located at Four Coliseum Centre, 2730 West Tyvola Road, Charlotte, North Carolina 28217.

Unless the context otherwise requires, the terms we, our, us, Goodrich and the Company as used in this proxy statement refer to Goodrich Corporation.

VOTE REQUIRED FOR APPROVAL

The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. Withheld votes, abstentions and broker non-votes are counted as present and entitled to vote for purposes of constituting a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

If you are a beneficial shareholder and your broker holds your shares in its name, the rules of the New York Stock Exchange permit your broker to vote your shares on the election of Directors and the ratification of the appointment of our independent registered public accounting firm, even if the broker does not receive voting instructions from you.

The eleven nominees for Director receiving a plurality of the votes cast at the Annual Meeting in person or by proxy shall be elected. This means that the Director nominee with the most votes for a particular slot is elected for that slot. Only votes for affect the outcome. Withheld votes and, if applicable, broker non-votes are not counted for purposes of the election of Directors.

Ratification of the appointment of our independent registered public accounting firm will be decided by a majority of the votes cast for or against the proposal at the Annual Meeting. Abstentions and, if applicable, broker non-votes are not counted as votes for or against this proposal.

PROPOSALS TO SHAREHOLDERS

1. ELECTION OF DIRECTORS

One of the purposes of the Annual Meeting is the election of eleven Directors to hold office until the next annual meeting of shareholders in 2007 and until their respective successors are elected and qualified. The eleven nominees for election as a Director are named on the following pages. All of them are now Directors whose terms expire at the 2006 Annual Meeting.

All nominees have indicated that they are willing to serve as Directors if elected. If any nominee should be unable or unwilling to serve, the proxies will be voted for the election of such person as may be designated by our Board of Directors to replace such nominee.

The Board recommends that you vote FOR the election of these nominees for Director.

OTHER NOMINEES

Under our By-Laws, nominations of persons for election to the Board of Directors may be made at an annual meeting of shareholders by any shareholder who was a shareholder of record at the time of giving the notice described below, who is entitled to vote at such meeting and who complies with the notice procedures set forth in the By-Laws.

For a nomination to be properly brought before an annual meeting of shareholders, the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, the shareholder's notice must have been sent to, and received by, our Secretary at our principal executive offices generally not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. For the 2007 Annual Meeting such notice must be received between December 26, 2006 and January 25, 2007. Each such notice must include:

the name, age, and principal occupation or employment of each proposed nominee and a brief description of any arrangement or understanding between the nominee and others relating to why he or she was selected as a nominee, in addition to any other information required by the SEC's proxy regulations;

the proposed nominee's written consent to serve as a director if elected;

Table of Contents

the name and address of the shareholder proposing the nominee as well as any other shareholders believed to be supporting such nominee; and

the number of shares of each class of Goodrich stock owned by such shareholders.

No person nominated by a shareholder at the Annual Meeting is eligible for election as a director unless nominated in accordance with the procedures contained in the By-Laws. See Appendix A for the full text of the relevant section of the By-Laws.

2. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Review Committee of our Board of Directors has appointed the firm of Ernst & Young LLP, subject to ratification by the shareholders at the Annual Meeting, to serve as our independent registered public accounting firm for the year 2006. Should Ernst & Young LLP be unable to perform these services for any reason, the Audit Review Committee will appoint another independent registered public accounting firm to perform these services.

Representatives of the firm of Ernst & Young LLP, our independent registered public accounting firm for the most recently completed fiscal year, are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from shareholders.

Fees to Independent Registered Public Accounting Firm for 2005 and 2004

The following is a summary of the fees billed to us by Ernst & Young LLP for professional services rendered for 2005 and 2004:

	2005	2004
	(In millions)	
Audit Fees	\$ 6.95	\$ 5.70
Audit-Related Fees	0.24	0.28
Tax Fees	0.00	0.19
All Other Fees	0.02	0.06
Total Fees	\$ 7.21	\$ 6.23

Audit Fees. Audit fees consist of fees billed by Ernst & Young LLP for professional services rendered for the audit of our financial statements, the review of financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by them in connection with statutory and regulatory filings or engagements for those years. Audit fees also include the audit of management's assessment of and the effectiveness of our internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002. Audit fees for 2005 includes \$665,000 of fees relating to 2004 that were billed in 2005.

Audit-Related Fees. Audit-related fees consist of fees billed by Ernst & Young LLP for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees above. Audit-related fees included fees for employee benefit plan audits, acquisition assistance, accounting consultation and audits of a joint venture.

Tax Fees. Tax fees billed by Ernst & Young LLP for 2005 were *de minimis*. Tax fees for 2004 represents fees billed by Ernst & Young LLP for global expatriate tax services.

All Other Fees. All other fees consist of fees related to products and services provided by Ernst & Young LLP, other than those reported above under Audit Fees, Audit-Related Fees and Tax Fees. For 2005, all other fees represents fees billed by Ernst & Young LLP for

Table of Contents

miscellaneous services. For 2004, all other fees represents fees billed by Ernst & Young LLP for global expatriate administrative services.

None of the services represented by the fees set forth in the above table were provided in accordance with the *de minimus* exception to Audit Review Committee approval that appears in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

Non-Audit Services Performed by Ernst & Young LLP

Ernst & Young LLP has notified the U.S. Securities and Exchange Commission (SEC), the Public Company Accounting Oversight Board and us that certain non-audit work Ernst & Young LLP previously performed in China and Japan, for us and other companies, has raised questions regarding its independence with respect to its performance of audit services. Prior to March 2001 an affiliated firm of Ernst & Young LLP performed tax calculation and tax return preparation services and made tax payments in China for representative offices of one of our subsidiaries. In Japan, an affiliated firm of Ernst & Young LLP handled consumption tax remittances for one of our subsidiaries. The payment of these taxes involved the custody of our funds, which is not permitted under SEC auditor independence rules. These services in China were discontinued in 2001 and these services in Japan were discontinued in 2002.

Ernst & Young LLP has also notified us that it has concluded that certain non-audit work Ernst & Young LLP previously performed for us in the United Kingdom violated the SEC 's auditor independence rules as well as Ernst & Young LLP 's independence requirements. Beginning in 1990, an affiliated firm of Ernst & Young LLP provided registered office and certain company secretarial services for our United Kingdom subsidiaries. The provision of these services may have involved the performance of management functions and the custody of our assets, which are not permitted under SEC auditor independence rules. These services were discontinued in February 2004.

Our Audit Review Committee has reviewed the facts surrounding these services provided by Ernst & Young LLP and its affiliates. We and the Audit Review Committee have concluded that Ernst & Young LLP 's independence was not impaired by the performance of the services in China and Japan in view of the *de minimis* fees paid to Ernst & Young LLP and its affiliates (less than \$10,000 per year in 2001 and 2002), the ministerial nature of the actions performed, and the fact that the representative offices and subsidiaries involved were not material to our consolidated financial statements. We and the Audit Review Committee also have concluded that Ernst & Young LLP 's independence was not impaired by the performance of the services in the United Kingdom in view of the *de minimis* fees paid to Ernst & Young LLP and its affiliates (less than \$50,000 per year) and the ministerial nature of the actions performed. Ernst & Young LLP has concluded that its independence was not impaired by the performance of these services. We continue to monitor the SEC 's consideration of these matters.

Audit Review Committee Pre-Approval Policy

The Audit Review Committee of our Board of Directors must review and pre-approve all audit and non-audit services performed by our independent registered public accounting firm. In conducting such reviews, the Audit Review Committee will determine whether the provision of non-audit services would impair the firm 's independence. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Review Committee specifically provides for a different period.

Requests or applications to provide services that require pre-approval by the Audit Review Committee are submitted by both the independent registered public accounting firm and management and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC 's rules on auditor independence. Detailed back-up documentation must be provided in connection with each request or application.

Table of Contents

The Audit Review Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Review Committee at its next scheduled meeting. The Audit Review Committee does not delegate to management its responsibilities to pre-approve services performed by the independent registered public accounting firm.

The full text of the Audit Review Committee pre-approval policy is available on the corporate governance page of our Internet site at www.goodrich.com/governance.

Vote Required

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year 2006 will be decided by a majority of the votes cast for or against the proposal at the Annual Meeting.

The Board of Directors recommends that you vote FOR ratifying this appointment.

3. OTHER MATTERS

Our Board of Directors knows of no other matters that may properly be presented to the Annual Meeting. If any other matters do properly come before the Annual Meeting, however, the persons appointed in the accompanying proxy intend to vote the shares represented by such proxy in accordance with their best judgment.

Table of Contents

GOVERNANCE OF THE COMPANY

Pursuant to the New York Business Corporation Law and our By-Laws, our business is managed under the direction of our Board of Directors. Members of the Board are kept informed of our business through discussions with our Chairman, President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. In addition, to promote open discussion among our non-management directors, those directors meet in regularly scheduled executive sessions without management participation.

Corporate Governance

Our Board of Directors has a long-standing commitment to sound and effective corporate governance practices. In 1995 the Board adopted its Guidelines on Governance, which address a number of important governance issues including director independence, qualifications for Board membership, mandatory retirement, Board self-assessment and succession planning. In addition, the Board has for many years had in place formal charters setting forth the powers and responsibilities of each of its standing committees.

We maintain a corporate governance page (www.goodrich.com/governance) on our Internet site that includes key information about our corporate governance initiatives, including our Guidelines on Governance, the charters for our standing committees and our Business Code of Conduct.

Business Code of Conduct

In 2003 our Board of Directors adopted our revised Business Code of Conduct, which sets forth the fundamental legal and ethical principles for conducting all aspects of our business. The code applies to all directors, officers and employees of our company and its subsidiaries, as well as to agents and representatives doing business on our behalf. Our Business Code of Conduct, together with specific policies and procedures, outlines the behavior expected of such individuals in carrying out their daily activities within appropriate ethical and legal standards. Our Business Code of Conduct is available on the corporate governance page of our web site at www.goodrich.com/governance. Shareholders may also obtain copies of the Business Code of Conduct by writing to: Secretary, Goodrich Corporation, 2730 West Tyvola Road, Charlotte, North Carolina 28217.

Board of Directors

Our Board of Directors held eleven meetings in 2005. All Directors other than Ms. Creel attended 75% or more of the aggregate total number of meetings held in 2005 by the Board and the committees of the Board on which they served.

We typically schedule a Board of Directors meeting in conjunction with our annual meeting of shareholders and expect that our Directors will attend absent a valid reason, such as a schedule conflict. Seven of the ten individuals standing for election as Directors at our 2005 annual meeting of shareholders were in attendance at that meeting. The retiring Director who did not stand for election also attended the 2005 annual meeting.

Our non-management Directors meet in regularly scheduled executive sessions without management participation. These sessions are presided over by the Chair of our Committee on Governance.

Director Independence; Audit Committee Financial Expert

Our Board of Directors has determined that each of our Directors other than Mr. Larsen, and each of the members of our Audit Review Committee, Committee on Governance and

Table of Contents

Compensation Committee, has no material relationship with Goodrich (other than in the individual's position as a Director) and is an independent director under the New York Stock Exchange director independence standards and the director independence standards set forth in our Guidelines on Governance (which reflect exactly the New York Stock Exchange standards).

The Board has also determined that each of the members of our Audit Review Committee is independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, and that four members of the Audit Review Committee, Messrs. DeLoach, Griffith, Rankin and Young, are audit committee financial experts as that term is defined in Item 401(h) of Regulation S-K.

The Board based these determinations primarily on a review of the responses of our Directors to questions regarding education, employment and compensation history, affiliations and family and other relationships and on discussions with the Directors. In making its independence determinations, the Board considered that (a) Mr. Griffith is President and Chief Executive Officer of The Timken Company, which had direct and indirect sales to us in 2005, (b) Mr. Jumper serves as a non-management Director of Rolls-Royce North America Holdings, Inc., which is a subsidiary of one of our significant customers, (c) and Mr. Rankin is Chairman, President and Chief Executive Officer of NACCO Industries, Inc., which had direct and indirect sales to us in 2005. The Board considered these relationships between the directors and us and determined that, based on the information available to the Board, none of those relationships was material.

Board Committees

Our Board of Directors has established five standing committees: the Executive Committee, the Audit Review Committee, the Compensation Committee, the Committee on Governance and the Financial Policy Committee.

The following table shows the current committee membership and the number of meetings each committee held in 2005.

Executive Committee. The Executive Committee acts on behalf of our Board of Directors between regularly scheduled Board meetings. Our Guidelines on Governance state that it is the view of the Board that the Executive Committee will meet only when formal action is necessary and it is not feasible to convene a special meeting, in person or by telephone, of the full Board.

Audit Review Committee. The Audit Review Committee assists our Board of Directors in its oversight of the integrity of our financial statements, the qualifications and independence of our independent registered public accounting firm, the performance of our internal audit function and independent registered public accounting firm, and our compliance with legal and regulatory requirements. This committee has direct responsibility for the selection and appointment of our independent registered public accounting firm.

Compensation Committee. The Compensation Committee assists and makes recommendations to our Board of Directors regarding employee and executive compensation, and incentive, equity-based and benefit programs, including compensation for our Chief Executive Officer and his direct reports.

Committee on Governance. The Committee on Governance assists our Board of Directors in identifying and recommending individuals to the Board for nomination as Board members, and in reviewing and assessing corporate governance guidelines.

Financial Policy Committee. The Financial Policy Committee assists our Board of Directors in reviewing and monitoring our financial planning and financial structure.

Director Nominations

Our Board of Directors is responsible for nominating members of the Board and for filling vacancies on the Board that may exist between annual meetings of shareholders. The Board has delegated the screening process for new Directors to the Committee on Governance.

Our Guidelines on Governance state that candidates nominated for election or re-election to our Board of Directors generally should meet the following qualifications:

Candidates should possess broad training and experience at the policy-making level in business, government, education, technology or philanthropy.

Candidates should possess expertise that is useful to us and complementary to the background and experience of other Board members, so that an optimum balance in Board membership can be achieved and maintained.

Candidates should be of the highest integrity, possess strength of character and the mature judgment essential to effective decision-making.

Candidates should be willing to devote the required amount of time to the work of the Board and one or more of its committees. Candidates should be willing to serve on the Board over a period of several years to allow for the development of sound knowledge of our company and its principal operations.

Candidates should be without any significant conflict of interest or legal impediment with regard to service on the Board.

The Guidelines on Governance state that normally only the Chief Executive Officer should be an employee Director.

When a vacancy exists on the Board, or when the Board determines to add an additional Director, the Committee on Governance seeks out appropriate candidates from various sources, which may include other Directors as well as consultants and search firms to which we pay fees for their assistance in identifying and evaluating candidates.

Mr. Jumper, who was elected to

Table of Contents

the Board in December 2005, was first brought to the Committee's attention by an executive search firm. The Committee evaluates all candidates on the basis of the above qualifications and other criteria that may vary from time to time.

The Committee on Governance does not have a formal policy on the consideration of director candidates recommended by shareholders. The Board of Directors believes that such a formal policy is unnecessary and that the issue is more appropriately dealt with on a case-by-case basis.

Under our By-Laws, nominations of persons for election to the Board of Directors may be made at an annual meeting of shareholders by any shareholder who complies with the advance notice provisions of our By-Laws. These advance notice provisions are discussed elsewhere in this proxy statement under the caption "Election of Directors - Other Nominees".

Shareholder Communications with Directors

Shareholders who wish to communicate with our Board of Directors, our non-management Directors as a group or any individual Director can do so by writing to them, c/o Secretary, Goodrich Corporation, 2730 West Tyvola Road, Charlotte, North Carolina 28217. Our Secretary has been instructed by the Board to promptly forward all communications so received to the addressee or addressees.

Compensation of Directors

The following table sets forth the dollar value of the annual retainer and meeting fees earned by our non-management Directors for service in 2005 and the phantom share awards made to our non-management directors in 2005. Management Directors receive no additional compensation for Board service.

Name	Annual Retainer (\$)	Board and Committee Meeting Fees (\$)	Annual Phantom Share Award (\$)	Total (\$)
Diane C. Creel	50,000	21,000	60,000	131,000
George A. Davidson, Jr.	50,000	28,500	60,000	138,500

James R. Wilson	50,000	37,000	60,000	147,000
A. Thomas Young	50,000	27,000	60,000	137,000

(1) Mr. Glasser retired from the Board of Directors on April 19, 2005.

(2) Mr. Jumper was elected to the Board of Directors on December 5, 2005.

Annual Retainer and Meeting Fees

During 2005 each of our non-management Directors received an annual retainer of \$50,000, payable in quarterly installments. In addition, each of our non-management directors received \$1,500 for each Board and Board Committee meeting attended, except that the chair of a Committee received \$2,500 for each meeting of that Committee attended.

Table of Contents

Effective January 1, 2006, Committee chairs no longer receive an additional \$1,000 for each Committee meeting attended. Instead, each non-management Director who serves as chair of a Committee receives an annual retainer of \$5,000 (\$10,000 in the case of the chair of the Audit Review Committee).

Outside Director Deferral Plan

In 2005, non-management Directors could elect to defer annual retainer and meeting fees under the Outside Director Deferral Plan. The plan permits non-management Directors to elect to defer a portion or all of the annual retainer and meeting fees into either a phantom Goodrich share account or a cash account. Amounts deferred into the phantom share account accrue dividend equivalents, and amounts deferred into the cash account accrue interest at the prime rate. The plan provides that amounts deferred into the phantom share account are paid out in shares of Common Stock, and amounts deferred into the cash account are paid out in cash, in each case following termination of service as a Director in either a single lump sum, five annual installments or ten annual installments.

Prior to 2005, non-management Directors could elect to defer a portion or all of the annual retainer and meeting fees into a phantom Goodrich share account pursuant to the Directors' Deferred Compensation Plan. The plan provides that amounts deferred into the account are paid out in shares of Common Stock following termination of service as a Director. Dividend equivalents accrue on all phantom shares credited to a Director's account.

Outside Director Phantom Share Plan

In addition to the annual retainer and meeting fees, in 2005, each non-management Director received an annual grant of phantom shares under the Outside Director Phantom Share Plan equal in value to \$60,000. Dividend equivalents accrue on all phantom shares credited to a Director's account. All phantom shares are fully vested on the date of grant. Following termination of service as a Director, the cash value of the phantom shares will be paid to each Director in either a single lump sum, five annual installments or ten annual installments. The value of each phantom share is determined on the relevant date by the fair market value of Common Stock (as defined in the plan).

Prior to 2005, each non-management Director received an annual grant of phantom shares under the Directors' Phantom Share Plan equal in value to the then-current annual retainer. Dividend equivalents accrue on all phantom shares credited to a Director's account. All phantom shares become fully vested at the earlier of five years from the date of grant, upon the Director's termination of Board service after age 55, or upon a change in control of Goodrich as defined in our Equity Compensation Plan. Following termination of service as a Director, the cash value of the vested number of phantom shares will be paid to each Director in twelve monthly installments. The value of each phantom share is determined on the relevant date by the fair market value of Common Stock (as defined in the plan).

Directors' Retirement Income Plan

Mr. Rankin participates in our 1982 Directors' Retirement Income Plan, which was terminated in 1995. The plan provided that, upon retirement from the Board of Directors after reaching the age of 55 with at least ten years of service as a Director, any non-management Director would be entitled to receive an annual amount equal to the annual retainer in effect at retirement. A retiring Director who had reached age 55 and served for at least five but less than ten years would be entitled to a reduced amount equal to 50% of the annual retainer in effect at retirement, plus 10% of such annual retainer for each additional year of service (rounded to the nearest whole year) up to ten. Under the transition provisions of the plan,

Table of Contents

upon his retirement Mr. Rankin will be entitled to receive an annual amount under the plan equal to 70% of the annual retainer in effect at retirement.

Other

Non-management Directors are reimbursed for actual expenses incurred in the performance of their services as Directors and, in most instances, provided with travel via company-provided private aircraft to Board of Directors and committee meetings. We also provide each non-management Director with long-distance telephone service for business and personal use and with \$275,000 in business travel accident insurance coverage.

Indemnification; Insurance

We indemnify our Directors and officers to the fullest extent permitted by the New York Business Corporation Law. This is required under our By-Laws, and we have also signed agreements with each of our Directors and some of our officers contractually obligating us to provide this indemnification to them.

As authorized by the New York Business Corporation Law and our By-Laws, we have purchased insurance providing indemnification for Goodrich and its subsidiaries as well as their directors and officers. The insurance is part of a package that includes employment practices, fiduciary and crime insurance coverage.

AUDIT REVIEW COMMITTEE REPORT

The Audit Review Committee is appointed annually by the Board of Directors to assist it in its oversight function by monitoring the integrity of Goodrich's consolidated financial statements, the qualifications and independence of the independent registered public accounting firm, the performance of the internal audit function and independent registered public accounting firm and compliance with legal and regulatory requirements. The Audit Review Committee has the sole authority and responsibility to select, determine the compensation of, evaluate and, when appropriate, replace the independent registered public accounting firm.

Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with generally accepted accounting principles and for the report on internal control over financial reporting. The independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. In addition, that firm is responsible for attesting to management's assessment of and the effectiveness of Goodrich's internal control over financial reporting.

In this context, the Audit Review Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Review Committee that Goodrich's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Review Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The independent registered public accounting firm discussed with the Audit Review Committee the matters required to be discussed by Statement on Auditing Standards No. 61 (*Communication With Audit Committees*). The Audit Review Committee also reviewed and discussed with management and the independent registered public accounting firm management's report and the independent registered public accounting firm's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

In addition, the Audit Review Committee received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (*Independence Discussions With Audit Committees*), and discussed with the independent registered public accounting firm its independence from Goodrich and its management. The Audit Review Committee also considered whether the provision of non-audit services to Goodrich is compatible with maintaining the firm's independence. The Audit Review Committee has concluded that the independent registered public accounting firm is independent from Goodrich and its management.

The Audit Review Committee discussed with Goodrich's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Review Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of Goodrich's internal controls, and the overall quality of Goodrich's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Review Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in Goodrich's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission. The Audit Review Committee also appointed, subject to shareholder ratification, Goodrich's independent registered public accounting firm for the year 2006.

COMPENSATION COMMITTEE REPORT

Executive Compensation Philosophy

The Compensation Committee and the Company are committed to the philosophy that pay should be linked to Company performance so that the interests of executives are aligned with those of shareholders.

This philosophy is supported by the following guiding principles for the Company's compensation programs:

A significant portion of pay will be dependent on the Company's annual and long-term performance including growth in shareholder value.

Compensation will include stock-based programs in order to link shareholder and executive interests and to encourage stock ownership by executives.

The Company intends to provide total compensation commensurate with performance, with good performance resulting in superior compensation and poor performance resulting in below average compensation, compared to other companies.

The Company's compensation program consists of three primary elements: annual base salary, annual cash incentive compensation and long-term incentive compensation. To assist it in performing its duties, the Committee consults regularly with its own independent compensation consultant.

Competitive Labor Market

The Compensation Committee establishes compensation, in part, on the basis of competitive factors. It considers the pay levels and practices of a group of specific companies employing executives with comparable experience and skills as well as broad-based surveys of large industrial companies. In performing these comparisons, the Committee looks primarily at those companies comprising the different indices used in the cumulative total shareholder performance graph on page 34 of this proxy statement.

Base Salary

The Company's base salary policy is intended to ensure that compensation practices are competitive within the aerospace industry and with major industrial companies. The Compensation Committee believes that the middle of the salary range for each of the Company's executive positions should be at the median base salary of comparable positions at comparable industrial companies. The Committee recommends to the Board of Directors the annual base salary for the Chairman, President and Chief Executive Officer and establishes the annual base salary for certain other executive officers.

Incentive Compensation

Incentive compensation is intended to motivate and retain qualified individuals who have the opportunity to influence Company results and enhance shareholder value. The philosophy for incentive compensation plans is to provide competitive awards when financial objectives are achieved and provide reduced or no awards when the objectives are not achieved. Incentive compensation programs are divided into two types—annual cash bonus and long-term incentive compensation. Generally speaking, the more senior an individual's position within the Company, the greater the percentage of that individual's potential total compensation is represented by incentive compensation.

For 2005, the performance measures for the Company's annual cash incentive programs were: (a) earnings before interest and income taxes, adjusted for special items (Adjusted

Table of Contents

EBIT) (at the Company and business unit level); (b) free cash flow (at the Company level), which measures operating cash flow adjusted for cash payments related to special items, less capital expenditures (Free Cash Flow); (c) operating cash flow (at the business unit level); and (d) individual and team goals. The term special items includes merger-related and consolidation costs, debt redemption costs, certain gains and losses on the sale of businesses, results of discontinued operations, cumulative effect of change in accounting, asset impairment charges and other costs. Payouts relating to individual and team goals are made only if threshold performance is achieved on at least one financial performance measure at the Company or business unit level, as appropriate for the individual.

The performance measures for the 2005-2007 performance unit awards were relative total shareholder return (RTSR), which measures Company stock performance against a peer group of aerospace companies, and adjusted return on invested capital (Adjusted ROIC), defined as net income excluding special items, divided by the average invested capital (measured at the Company level).

Annual Incentive Compensation

An individual s annual cash incentive compensation target under the Company s Management Incentive Plan is expressed as a percentage of annual base salary, with the percentages of salary increasing with the level of the job. Incentive payments can range from 0% to 200% of target, based on the level of performance against the financial performance measures and individual and team goals.

In 2005, Mr. Larsen and eight other executive officers did not participate in the Management Incentive Plan. Instead, they participated in the Senior Executive Management Incentive Plan (SEMIP). For 2005, target annual incentive awards, financial performance measures and individual and team goals under the SEMIP were established based on the same criteria as the Management Incentive Plan. Incentive payments under the SEMIP can range from 0% to 200% of target, based on the level of performance against the financial performance measures and individual and team goals.

As noted above, the performance measures used in 2005 in the Management Incentive Plan and the SEMIP were Adjusted EBIT (at the Company and business unit level), Free Cash Flow (at the Company level), operating cash flow (at the business unit level) and individual and team goals. The plans place various weightings on these measures depending upon a participant s role in the Company and scope of responsibility. For 2005, the performance measures and weightings under these plans were as follows:

Measures	Chief Executive Officer	Other Executive Officers and Company Staff	General Managers	Business Unit Staff*
Company Adjusted EBIT	42.5%	40.0%	20.0%	10.0%
Company Free Cash Flow	42.5%	40.0%	20.0%	10.0%
Business Unit Adjusted EBIT			20.0%	30.0%
Business Unit Operating Cash Flow			20.0%	30.0%
Individual and Team Goals	15.0%	20.0%	20.0%	20.0%

* Several business units use a weighting formula which varies somewhat from the weighting formula set forth in the table above.

Table of Contents**Long-Term Incentive Compensation**

The Company's long-term incentive compensation awards are made pursuant to the 2001 Equity Compensation Plan, which was approved by shareholders in April 2001 and amended and restated by the shareholders in April 2005. The 2001 Equity Compensation Plan is administered by the Compensation Committee and provides for a variety of equity-based forms of incentive compensation such as stock options, restricted stock units, restricted stock and performance units. Historically, the Company's long-term incentive compensation program for senior management had been split into two equal-value components: grants of stock options and grants of performance units with actual awards being paid in Common Stock. In limited circumstances, the Committee granted restricted stock as part of an employee's long-term incentive compensation. In late 2003 and early 2004, the Compensation Committee and Company management undertook a study to evaluate the appropriateness of the Company's long-term incentives. The Committee and management considered the dilutive effects of the Company's outstanding stock option grants and reviewed surveys of similar programs at large industrial companies and various aerospace companies. They also reviewed the amount of grants and the number of participants in the Company's various long-term incentive programs as compared to competitive peer data. The Committee also considered the Company's decision to expense stock options beginning January 1, 2004.

Based on the analysis and report of the Committee's independent consultant, the Committee decided to make certain changes in long-term incentives design beginning January 1, 2004. The Committee approved the following changes:

1. For the Company's senior management, the long-term incentive value opportunity is divided such that 40% is in restricted stock units, 30% in stock options and 30% in performance units. Restricted stock units are granted annually as long as the Company achieves an Adjusted ROIC at or above a target level for the previous year. Restricted stock units, once granted, vest at the rate of 50% after three years, 25% after four years and the balance after five years from the date of grant. If a participant's employment with the Company terminates prior to vesting for any reason other than death or disability or at a time when the participant is not eligible for retirement under our pension plans, the unvested restricted stock units will be forfeited.

2. For the Company's management level below senior management, the long-term incentive value opportunity is divided such that 70% is in restricted stock units and 30% is in stock options. The condition for granting restricted stock units and the vesting and forfeiture terms of the restricted stock units are the same as those applicable to restricted stock units issued to senior management.

3. Certain other key employees who had previously received grants of stock options generally receive only restricted stock units as their long-term incentive compensation. Grants of restricted stock units to participants who do not receive a grant of stock options will not be subject to the Adjusted ROIC condition, but will be subject to the same terms regarding vesting and forfeiture.

With respect to selected senior executives other than the Chief Executive Officer, including the persons named in the Summary Compensation Table, the Committee considers the recommendation of the Chief Executive Officer in determining the level of awards of long-term incentive compensation. It also considers its own evaluation of the individuals since the members have ample opportunity to observe their performance. With respect to other executives who receive long-term incentive compensation, the Committee makes the determination of the appropriate awards, but generally considers the recommendations of management in making the specific awards within the established guidelines. The Committee has available information as to the level of past awards and individual stock ownership of the

Table of Contents

executives. The factors considered in making the awards for the Chief Executive Officer are discussed below.

Performance Units

In 2005, the Committee granted 188,000 performance unit awards to 57 executives under the 2001 Equity Compensation Plan. The Committee makes awards every year, based on overlapping three-year performance cycles. At the beginning of each three-year cycle, the Committee establishes the performance goals.

For the 2005-2007 awards, the performance measures used were RTSR and Adjusted ROIC, equally weighted, for all participants.

Awards are credited as performance units in a book account for each participant. Each performance unit is equivalent to one share of Goodrich common stock. Under the award terms, participants will be entitled to a cash payout at the end of each Plan cycle only if the threshold performance standard is met. The number of performance units to be used in the calculation of the payout will range from 0% to 200% of the total performance unit account (including shares credited through dividend equivalents), based on the level of performance against the performance measures.

Guidelines set by the Committee establish a target award of performance units with the aggregate market value of the shares awarded based upon the value of the individual's position within the Company—the more senior the position, the greater the award. The determination of whether to make an award is dependent upon the individual's past performance and expectations of future performance.

For the 2006-2008 awards, performance measures are RTSR and Adjusted ROIC, equally weighted, for all participants.

Stock Options

The 2001 Equity Compensation Plan provides that stock options may not be granted at less than 100% of fair market value and that options may not be repriced. The Committee has established a target award for individuals based upon the individual's position within the Company—the more senior the position, the greater the award. In 2005, the Committee granted 716,000 stock options to 141 employees. All stock options granted in 2005 have a 10-year term and vest in equal annual installments over a three-year period.

Restricted Stock Units

In 2005, a total of 618,950 restricted stock units were granted to 335 employees. These grants have a vesting period of between three and five years. Grants of restricted stock units to participants who also receive a grant of stock options are contingent on Adjusted ROIC in the previous year meeting or exceeding a specified threshold level. Grants of restricted stock units to participants who do not receive a grant of stock options are not subject to the ROIC condition.

Restricted Stock

No restricted stock was issued to employees in 2005. Restricted stock grants generally vest at the completion of a three-year vesting period.

Benefit and Perquisite Programs

The Company's executive officers, including Mr. Larsen, participate in a number of broad-based benefit programs, including health, disability and life insurance programs, qualified

Table of Contents

401(k) and pension plans and a severance plan. Other benefit programs available to executive officers include non-qualified 401(k) and pension plans, a supplemental executive retirement plan, a disability benefit program, management continuity agreements that take effect upon a change in control of the Company and, in certain cases, an executive life insurance program. The perquisites offered to executive officers include an automobile allowance, automobile and umbrella liability insurance, financial counseling and tax preparation, club memberships, annual physical examinations for the executive and spouse, cellular telephone service, long-distance telephone service for the executive and family and, in certain cases, home security systems and use of the Company's aircraft for personal use. Executives receive a tax gross-up equal to 100% of the amounts paid by the Company on behalf of the executive with respect to the automobile allowance, umbrella liability insurance, financial counseling and tax preparation, club initiation fees and certain life insurance programs.

Stock Ownership Guidelines

The stock ownership guidelines for the Company's senior management are based on a multiple of salary ranging from .75 to 4 times salary, with the multiple increasing with one's level within the Company. Individuals are given five years to achieve the target ownership levels.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer or any of the other four most highly compensated executive officers. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is performance based as defined in Section 162(m). The Committee believes that it is generally in the Company's interests to comply with Section 162(m). The Committee also believes, however, that it must maintain the flexibility to take actions which it deems to be in the best interests of the Company and its shareholders but which may not qualify for tax deductibility under Section 162(m).

Chief Executive Officer

The Board of Directors upon recommendation of the Compensation Committee determines compensation for the Chief Executive Officer.

Effective January 1, 2005, the Compensation Committee recommended, and the Board of Directors set, Mr. Larsen's annual base salary at \$900,000. This represents a 9.1% increase over his 2004 salary level. In recommending this base salary, the Committee took into account surveys of base compensation of chief executive officers of other major aerospace and industrial companies. The Committee also considered Mr. Larsen's leadership and key contributions to the overall financial performance of the Company, and the Company's progress towards achieving important strategic objectives.

Mr. Larsen's target annual incentive award and financial performance objectives under the SEMIP for calendar year 2005 were established and the payout determined by the Committee and the Board based on the same criteria as discussed above for executive officers generally. Mr. Larsen's individual and team goals were established by the Board. For 2005, Mr. Larsen's target amount under the plan was 100% of base salary, and in February 2006 he received \$1,660,500, or 185% of his target amount, based upon performance against the financial performance measures and individual and team goals.

In 2005, Mr. Larsen received options to purchase 80,000 shares, 35,500 restricted stock units, and 26,500 performance units. The performance guidelines for these awards for Mr. Larsen and the actual performance targets for these awards are the same as for other

Table of Contents

executive officers. The Committee and the Board of Directors used the same factors to make these awards as it did in determining the other elements of Mr. Larsen's compensation.

In 2005, Mr. Larsen also received a payout of \$372,197, or 43.7% of his target amount, under the 2002-2004 Long-Term Incentive Plan. The payout percentage, which was the same for all plan participants, was based on the Company's performance over the 2002-2004 performance period with respect to RTSR, Total Business Return (which measures earnings before interest, taxes, depreciation and amortization (EBITDA) as well as cash flow) and, for 2002 only, Free Cash Flow.

In late 2005, the Committee undertook a comprehensive review of Mr. Larsen's compensation arrangements with the assistance of its independent compensation consultant. The Committee reviewed all components of Mr. Larsen's compensation, including base salary, annual and long-term incentive compensation, accumulated realized and unrealized stock-based compensation gains, the cost to the Company of all perquisites and other personal benefits, the projected payment obligations under the Company's qualified and nonqualified defined benefit and defined contribution plans and supplemental executive retirement plan, and the projected payment obligations under potential severance and change-in control scenarios. A written analysis setting forth all of the above components was prepared and reviewed by the Committee. Based on this review, the Committee found Mr. Larsen's total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable.

Table of Contents**BENEFICIAL OWNERSHIP OF SECURITIES**

The following table contains information known to us with respect to persons who are the beneficial owner of more than 5% of our Common Stock as of January 31, 2006.

The table does not include information regarding shares of Common Stock held of record, but not beneficially, by the plan trustee under the Goodrich Corporation Employees Savings Plan and other Goodrich defined contribution plans. Participants have the power to vote and dispose of these shares. The plan trustee is required to vote shares as to which no voting instructions have been received in proportion to how shares for which voting instructions have been received are voted. At January 31, 2006, those plans held 6,006,375 shares or 4.9% of our outstanding Common Stock.

(1) Represents (i) perquisites and (ii) amounts reimbursed for payment of taxes relating to perquisites. The dollar value of the perquisites provided to the named executive officers was determined on the basis of the aggregate incremental cost to us of providing the perquisites. Perquisites provided to the named executive officers include an automobile allowance, automobile and umbrella liability insurance, financial counseling and tax preparation, club

memberships, annual physical examinations for the executive and spouse, cellular telephone service, long-distance telephone service for the executive and family, and, in certain cases, home security systems and use of the Company's aircraft for personal use. Amounts reimbursed for payment of taxes represents an amount paid by us to the named executive officer equal to 100% of the amounts paid by us on behalf of the executive with respect to the automobile allowance, umbrella liability insurance, financial counseling and tax preparation, club initiation fees and certain life insurance programs.

The following table provides additional detail regarding the amounts included in the table under the caption "Other Annual Compensation".

(1) The estimated value of the stock options has been developed solely for purposes of comparative disclosure in accordance with the rules and regulations of the SEC and is consistent with the assumptions we used for Statement of Financial Accounting Standards 123(R) reporting during 2005. The estimated value has been determined by application of the Black-Scholes option-pricing model, based upon the terms of the option grants and our stock price performance history as of the date of the grant. The key assumptions are as follows: risk-free interest rate 4.0%; dividend yield 2.6%; volatility factor 40.6%; and weighted average expected life of the options 7.0 years. The above estimates do not reflect any adjustments for risk of forfeiture or restrictions on transferability. The assumptions used in the valuation are based upon experience, and are not a forecast of future stock price or volatility, or of future dividend policy.

Table of Contents

All options were granted pursuant to our 2001 Equity Compensation Plan with an exercise price equal to 100% of the fair market value (as defined in the plan) on the date of grant, have a 10 year term and vest in equal annual installments over a three-year period.

The options granted to our executive officers in 2005 include limited stock appreciation rights that generally entitle the optionee to elect to receive the appreciation on the option in cash for a 60-day period following a change in control, which generally is deemed to have occurred if (i) any person becomes the beneficial owner of 20% or more of the Common Stock or combined voting power of our outstanding securities (subject to certain exceptions), (ii) during any two-year period there generally has been a change in the majority of our Directors, or (iii) certain corporate reorganizations are approved by our shareholders where the existing shareholders will not retain at least 70% of the voting securities of the surviving entity.

- (1) This table describes the 2005-2007 performance unit awards made in 2005 pursuant to the 2001 Equity Compensation Plan. Payouts on these awards will be based on the Company's Relative Total Shareholder Return and Return on Invested Capital over the 2005-2007 performance period. At the end of the performance period, each participant will earn a cash payout only if the threshold performance standard is exceeded. The cash payout to be received will range from 0% to 200% of the value of the total performance unit account (including performance units credited through dividend equivalents), based on the level of performance against the financial objectives.

Table of Contents**Retirement Plans*****Defined Benefit Pension Plans***

We have in effect a tax-qualified defined benefit pension plan for salaried employees that provides pensions payable at retirement to each eligible employee. The plan makes available a pension that is paid from funds provided through contributions by us and contributions by the employee, if any, made prior to 1972. The plan is not available to Directors other than those who are employees. The amount of an employee's pension depends on a number of factors including (i) Final Average Earnings (FAE) for the highest 48 consecutive months of an employee's earnings during the employee's last 10 years of service and (ii) years of credited service to the Company.

The following chart shows the annual pension amounts currently available to employees who retire with the combinations of FAE and years of credited service shown in the chart, which should be read in conjunction with the notes following the chart. The current plan formula, which became effective as of January 1, 1989, generally provides a benefit of 1.15% of FAE times all years of pension credit plus 0.45% of FAE in excess of covered compensation times years of pension credit up to 35 years. In addition, employees hired prior to January 1, 1990 may receive an additional pension credit of up to four years. Benefits become vested after five years of service.

Any benefits shown in the chart which exceed the level of benefits permitted to be paid from a tax-qualified defined benefit pension plan under the Internal Revenue Code are payable under a non-qualified supplemental pension plan, funded in part with life insurance policies.

(1) FAE includes salary, certain incentive payments including annual cash bonuses and certain restricted stock awards in lieu of cash bonuses, but excludes awards under long-term incentive programs and the Company match in the Company savings plans. As of December 31, 2005, FAE for Messrs. Larsen, Grisik, Linnert and Carmola and Ms. Egnotovich were as follows: Mr. Larsen, \$1,459,751; Mr. Grisik, \$720,101; Mr. Linnert, \$694,449; Mr. Carmola, \$639,822; and Ms. Egnotovich, \$536,662.

(2) In computing the pension amounts shown, it was assumed that an employee would retire at age 65 and elect to receive a five year certain and continuous annuity under the pension plan and that the employee would not elect any of the available survivor options, which would result in a lower annual pension. Pensions are not subject to any deduction for Social Security or any other offset amounts.

(3) As of December 31, 2005, Messrs. Larsen, Grisik, Linnert and Carmola and Ms. Egnotovich had the following credited years of service under the pension plan (including, where appropriate, up to the 4 additional years): Mr. Larsen, 28.4624 years; Mr. Grisik, 14.043 years; Mr. Linnert, 8.1611 years; Mr. Carmola, 9.6532 years; and Ms. Egnotovich, 21.2382 years.

Effective January 1, 2006, salaried employees whose most recent date of hire is on or after January 1, 2006, are not eligible to participate in the defined benefit pension plan. Effective July 1, 2006, an active salaried participant in the defined benefit pension plan will no longer accrue credited service under the plan unless he or she affirmatively elects to continue to accrue future credited service under the plan after June 30, 2006.

Supplemental Executive Retirement Plan

We have entered into Supplemental Executive Retirement Plan agreements with nine of our executive officers to provide them with supplemental pension and retiree medical benefits, which are in addition to those described above. Pursuant to these agreements, the executive officers earn a supplemental pension benefit equal to 1.6 percent of FAE for each of their first 15 years of participation in the non-qualified defined benefit pension plan; provided, however, that the number of years of service under the agreements, when added to the number of years of credited service under the tax-qualified defined benefit pension plan, cannot exceed a total of 35. This benefit is funded in part with life insurance policies. As of December 31, 2005, the accrued annual supplemental pension benefits payable under the agreements were as follows: Mr. Larsen, \$152,692; Mr. Grisik, \$72,034; Mr. Linnert, \$90,680; Mr. Carmola, \$58,898; and Ms. Egnotovich, \$31,853.

The agreements also provide the executive officers with a supplemental retiree medical benefit upon termination of employment equal to the full benefits of the Goodrich Retiree Medical Plan as then in effect, even if such person is not otherwise eligible to participate in or not entitled to full benefits under such plan.

401(k) Savings Plans

We have in effect a tax-qualified defined contribution plan (401(k) savings plan) under which an eligible employee can contribute from 1% to 25% of pay to the plan on a pre-tax or after-tax basis.

Each pay period, we make a matching contribution to the account of each eligible employee. The matching contribution is immediately vested.

Effective June 1, 2003, the matching contribution is 50% of employee contributions, up to 6% of pay. Effective January 1, 2006, for eligible employees whose most recent date of hire is on or after January 1, 2006, the matching contribution is 100% of employee contributions, up to 6% of pay. Effective July 1, 2006, for eligible employees whose most recent date of hire is prior to January 1, 2006, and who elect to continue full participation in the defined benefit pension plan after June 30, 2006, the matching contribution is 50% of employee contributions, up to 6% of pay. Also effective July 1, 2006, for eligible employees whose most recent date hire is prior to January 1, 2006, and who do not elect to continue full participation in the

Table of Contents

defined benefit pension plan after June 30, 2006, the matching contribution is 100% of employee contributions, up to 6% of pay.

Beginning January 1, 2006, we will make a discretionary contribution to the account of each eligible employee whose most recent date of hire is on or after January 1, 2006. Beginning July 1, 2006, we will make a discretionary contribution to the account of each eligible employee whose most recent date of hire is prior to January 1, 2006, and who does not elect to continue full participation in the defined benefit pension plan after June 30, 2006. The discretionary contribution is equal to 2% of pay. In order to receive the discretionary contribution, the eligible employee must be employed by us on the last day of the plan year (December 31). The discretionary contribution becomes vested after three years of service.

Any contributions which exceed the level of contributions permitted to be made to a tax-qualified defined contribution (401(k) savings) plan under the Internal Revenue Code are made to a non-qualified deferred compensation plan.

Executive Life Insurance

During 2005, Messrs. Grisik, Linnert and Carmola and two other executive officers participated in the Goodrich Corporation Split Dollar Insurance Plan, which provides a two-phase program of split-dollar life insurance for our executive officers.

The first phase provides the executive with a split-dollar life insurance benefit that is intended to equal five times salary. At the end of five years, the executive may continue participation in the plan or take ownership of the life insurance policy. If the executive takes ownership of the policy, the death benefit is reduced to two times current salary, ownership of the policy is transferred to the executive and the policy is funded by us to a level to assure that the policy can sustain itself (i.e., premiums can be paid from the cash surrender value for the executive's life). If the cash surrender value is adequate, we will recover the premiums previously paid by us. If the executive elects to participate in phase two of the plan, we will again provide the executive with a split-dollar life insurance benefit that is intended to equal five times salary. At termination of employment or retirement, the death benefit is reduced to two times current salary and ownership of the life insurance policy is transferred to the executive. At this point, the executive will have ownership of the policy and will be required to pay \$300 per year to maintain the policy.

We ceased making premium payments on the split-dollar life insurance policies in 2003. Since that time, the cash surrender value on the policies has been reduced to pay the premiums. We are currently evaluating various alternatives to this plan.

Disability Benefit Agreements

We have entered into disability benefit agreements with Mr. Larsen, Mr. Grisik, Mr. Linnert and one other executive officer. Under the agreements, if the executive officer becomes totally disabled prior to termination of employment with us, we will make monthly payments to him at a level so that the total of such payment and any monthly payments to him under our long term disability plan, before reduction for plan offsets, equals sixty percent (60%) of his benefit earnings as defined in our long term disability plan. The monthly payments commence simultaneously with the first monthly benefit payment paid under our long term disability plan and continue so long as the executive officer continues to receive monthly benefit payments under that plan. The agreement terminates automatically if the executive officer terminates his service with us for any reason other than total disability.

Severance Program

The Goodrich Corporation Severance Program is a broad-based program that provides severance pay and subsidization of health and welfare benefits to eligible employees whose employment is terminated other than by reason of resignation, termination for cause, temporary layoff, change in employment due to transfer of business unit, transfer within the company, death, disability or retirement. In the event of a qualifying termination, each of our executive officers is entitled to receive a cash payment equal to 52 weeks base salary, subsidization of medical, dental and vision coverage for up to six months and continuation of company-paid life insurance coverage in an amount of not more than the executive's annual base pay for six months.

Management Continuity Agreements

In 1984 we first entered into management continuity agreements (the Agreements) with certain employees, which include all of the executive officers named in the Summary Compensation Table. Presently there are 14 Agreements in effect.

The purpose of the Agreements is to encourage the individuals to carry out their duties in the event of the possibility of a change in control of the Company. The Agreements are not ordinary employment agreements and do not provide any assurance of continued employment unless there is a change in control. They generally provide for a two-year period of employment commencing upon a change in control which generally is deemed to have occurred if (i) any person becomes the beneficial owner of 20% or more of the Common Stock or combined voting power of our outstanding securities (subject to certain exceptions), (ii) during any two-year period there generally has been a change in the majority of our Directors, or (iii) certain corporate reorganizations occur where the existing shareholders do not retain at least 70% of the voting securities of the surviving entity. The Agreements generally provide for the continuation of employment of the individuals in the same positions and with the same responsibilities and authorities that they possessed immediately prior to the change in control and generally with the same benefits and level of compensation, including average annual increases.

If we or our successor terminate the individual's employment during the two-year employment period for reasons other than cause or the individual voluntarily terminates employment for a good reason (in each case as defined in the Agreements), the individual would be entitled to:

a lump sum cash payment equal to one-twelfth of the individual's annualized base salary in effect immediately prior to termination, multiplied by the number of months in such individual's Payment Period. As used in the Agreement, Payment Period means 36 months in the case of Messrs. Larsen, Grisik, Linnert and Carmola and Ms. Egnotovich and four other individuals and 24 months in the case of the other five individuals;

a lump sum cash payment equal to one-twelfth of the greater of the individual's most recent annual bonus or the individual's target incentive amount under our management incentive program, multiplied by a factor equal to the number of months in the individual's Payment Period;

an accelerated payout of outstanding performance unit awards;

continuation of all health and welfare benefit plans and programs and all fringe benefit programs, perquisites and similar arrangements during the Payment Period;

a cash payment equal to the sum of the number of stock options in the last annual grant of stock options by us to the individual, multiplied by the number of years in the Payment Period, multiplied by the calculated market value of our Common Stock on the

Table of Contents

date of the stock option grant, multiplied by a factor used by us in valuing fully vested stock options with a 10-year life in our most recent Annual Report on Form 10-K for options held by senior executives pursuant to the Black-Scholes method of valuing stock options, or, if such valuation was not made in the Form 10-K, then under the Black-Scholes method assuming options would be outstanding for 10 years; and

in addition to the benefits to which the individual is entitled under the retirement plans or programs in which he or she participates, a lump sum cash payment at retirement in an amount equal to the actuarial equivalent of the retirement pension to which the individual would have been entitled under the terms of such retirement plans or programs had the individual accumulated additional years of continuous service under such plans equal in length to the Payment Period.

The Agreements provide for a tax gross-up for any excise tax due under the Internal Revenue Code for these types of agreements.

Executive Stock Purchase Program

In September 2001 we adopted an Executive Stock Purchase Program (the Program) to encourage direct, long-term ownership of our Common Stock by our senior executives. The Program was suspended effective August 16, 2002, and no further loans may be made under the Program. In addition, none of the loans has been modified since we suspended the Program. There were no outstanding loans under the Program at December 31, 2005.

Under the Program, the executives could use the proceeds of personal full-recourse bank loans to purchase our Common Stock in open market or negotiated transactions with independent parties. Each of the loans had a maturity date of September 30, 2006, with the exception of one loan to a former officer that matured on March 31, 2005. The loans bore interest at a rate equal to the London Interbank Offered Rate for one-month U.S. Dollar deposits (LIBOR) plus 0.50%. We agreed to guarantee the loans in the event of default, but had recourse to the executives if we incurred a loss under the guarantee. Participants in the Program were fully liable for any losses, as well as for the repayment of the loans when they came due.

Two current executive officers and two former officers had outstanding loans under the Program during 2005. The following table sets forth information regarding these loans, all of which were repaid in full in 2005.

Set forth below is a line graph showing the yearly percentage change in the cumulative total shareholder return for our Common Stock with the similar returns for the Standard & Poor's 500 Stock Index and the Standard & Poor's 500 Aerospace & Defense Index. Each of the returns is calculated assuming the investment of \$100 in each of the securities on December 31, 2000 and reinvestment of dividends into additional shares of the respective equity securities when paid. The graph plots the respective values on the five single days that are the last trading days of calendar years 2001 through 2005. Past performance is not necessarily indicative of future performance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934 requires our Directors and executive officers and persons who own more than ten percent of our Common Stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. As a matter of practice, our administrative staff assists our Directors and executive officers in preparing and filing such reports. Based solely upon a review of such reports and representations from our Directors and executive officers, we believe that during 2005 all such reports were filed on a timely basis except that, due to an administrative error on our part, we filed a late Form 4 on behalf of each of Marshall O. Larsen, Ulrich Schmidt, Terrence G. Linnert,

Table of Contents

Scott E. Kuechle, Stephen R. Huggins, Jerry S. Lee, John J. Carmola, John J. Grisik and Cynthia M. Egnotovich relating to a stock option award and restricted stock unit award. The appropriate filings were made by us on behalf of these persons promptly following discovery of the error.

SHAREHOLDER PROPOSALS FOR 2007 ANNUAL MEETING

Under Securities and Exchange Commission rules, if a shareholder wants us to include a proposal in our proxy statement for presentation at the 2007 Annual Meeting, the proposal must be received by us, attention: Office of the Secretary, at our principal executive offices by November 10, 2006. We suggest that such proposals be sent by certified mail, return receipt requested.

Under our By-Laws, the proposal of business that is appropriate to be considered by the shareholders may be made at an annual meeting of shareholders by any shareholder who was a shareholder of record at the time of giving the notice described below, who is entitled to vote at such meeting and who complies with the notice procedures set forth in the By-Laws.

For business to be properly brought before an annual meeting of shareholders, the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, the shareholder's notice must have been sent to, and received by, our Secretary at our principal executive offices generally not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. For the 2007 Annual Meeting such notice must be received between December 26, 2006 and January 25, 2007. Each such notice must include:

for each matter, a brief description thereof and the reasons for conducting such business at the annual meeting;

the name and address of the shareholder proposing such business as well as any other shareholders believed to be supporting such proposal;

the number of shares of each class of Goodrich stock owned by such shareholders; and

any material interest of such shareholders in such proposal.

See Appendix A for the full text of the relevant section of the By-Laws.

This notice requirement applies to matters being brought before the meeting for a vote. Shareholders, of course, may and are encouraged to ask appropriate questions at the meeting without having to comply with the notice provisions.

ARTICLE I, SECTION 10**

Section 10.(A) *Annual Meetings of Shareholders.* (1) Nominations of persons for election to the Board of Directors of the Company and the proposal of business to be considered by the shareholders may be made at an annual meeting of shareholders (a) pursuant to the Company's notice of meeting, (b) by or at the direction of the Board of Directors or (c) by any shareholder of the Company who was a shareholder of record at the time of giving of notice provided for in this By-Law, who is entitled to vote at the meeting and who complied with the notice procedures set forth in this By-Law.

(2) For nominations or other business to be properly brought before an annual meeting by a shareholder pursuant to clause (c) of paragraph (A)(1) of this By-Law, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a shareholder's notice shall be delivered to the Secretary at the principal executive offices of the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or reelection as a director, the name, age, principal occupations and employment during the past five years, name and principal business of any corporation or other organization in which such occupations and employment were carried on, a brief description of any arrangement or understanding between such person and any other person(s) (naming such person(s)) pursuant to which he was or is to be selected as a nominee, and the written consent of such person(s) to serve as a director if elected; (b) as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made; (c) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such shareholder, as they appear on the Company's books, of such beneficial owner and any other shareholders believed by such shareholder to be supporting such nominee(s) or other business and (ii) the class and number of shares of the Company which are owned beneficially and of record by such shareholder, such beneficial owner and any other shareholders believed by such shareholder to be supporting such nominee(s) or other business.

(3) Notwithstanding anything in the second sentence of paragraph (A)(2) of this By-Law to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Company is increased and there is no public announcement naming all of the nominees for Director or specifying the size of the increased Board of Directors made by the Company at least 70 days prior to the first anniversary of the preceding year's annual meeting, a shareholder's notice required by this By-Law shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company.

Table of Contents

(B) *Special Meetings of Shareholders.* Only such business shall be conducted at a special meeting of shareholders as shall have been brought before the meeting pursuant to the Company's notice of meeting. Nominations of persons for election to the Board of Directors may be made at a special meeting of shareholders at which directors are to be elected pursuant to the Company's notice of meeting (a) by or at the direction of the Board of Directors or (b) provided that the Board of Directors has determined that directors shall be elected at such special meeting, by any shareholder of the Company who is a shareholder of record at the time of giving of notice provided for in this By-Law, who shall be entitled to vote at the meeting and who complies with the notice procedures set forth in this By-Law. In the event the Company calls a special meeting of shareholders for the purpose of electing one or more directors, any such shareholder may nominate a person or persons (as the case may be), for election to such position(s) as specified in the Company's notice of meeting, if the shareholder's notice required by paragraph (A)(2) of this By-Law shall be delivered to the Secretary at the principal executive offices of the Company not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.

(C) *General.* (1) Only such persons who are nominated in accordance with the procedures set forth in this By-Law shall be eligible to serve as directors and only such business shall be conducted at a meeting of shareholders as shall have been brought before the meeting in accordance with the procedures set forth in this By-Law. The Chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the procedures set forth in this By-Law and, if any proposed nomination or business is not in compliance with this By-Law, to declare that such defective proposal shall be disregarded.

(2) For purposes of this By-Law, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Company with the Securities and Exchange Commission pursuant to Sections 13, 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

(3) Notwithstanding the foregoing provisions of this By-Law, a shareholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this By-Law. Nothing in this By-Law shall be deemed to affect any rights of shareholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act.
