March 31, 2008

Dear Fellow Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of 3D Systems Corporation scheduled to be held on Tuesday, May 20, 2008, at 10:00 a.m., Eastern Daylight Time, at our offices at 333 Three D Systems Circle, Rock Hill, South Carolina 29730. Your Board of Directors and senior management look forward to greeting you at the meeting.

At the meeting, you will be asked to elect eight directors, who constitute the whole Board of Directors, to serve until the next Annual Meeting and to ratify the selection of BDO Seidman, LLP as the Company's independent registered public accounting firm for 2008.

These proposals are important, and we urge you to vote in favor of them. It is important that your shares are represented and voted at the Annual Meeting.

During 2007, the SEC adopted its new notice and access rule, which we have adopted for the Annual Meeting. The notice and access rule permits us to deliver to you a Notice of Internet Availability of Proxy Materials and to provide online access to our Proxy Statement and Annual Report, replacing the requirement that we automatically send you a paper copy of our proxy materials and an annual report to stockholders. Consistent with the announced objectives of the notice and access rule, we believe that it will enable us to provide you with the information that you need to determine how to vote on the matters to be addressed at the Annual Meeting while lowering the costs of our Annual Meeting and contributing environmental benefits by reducing our use of paper and other resources to produce, print and mail our proxy materials and an annual report to stockholders.

We are also proud to offer you an opportunity to be environmentally responsible through choosing electronic delivery of all future stockholder materials that we send. We will plant a tree on your behalf if you sign up to receive all future stockholder materials online. It's fast and easy, and you can change your electronic delivery options at any time. Sign up at www.eTree.com/3DSystems or call (800) 962-4284.

On or about March 31, 2008, we began mailing a Notice of Internet Availability of Proxy Materials to all of our stockholders of record as of March 24, 2008, which is the record date for our Annual Meeting, and we have posted this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2007 on the internet as described in that notice. You may also choose to have a paper copy of the Proxy Statement and Annual Report sent to you by following the instructions on the notice.

Votes may be cast on the internet via the website that hosts our Proxy Statement and Annual Report as described on the notice that you receive. If you have requested delivery of a printed version of the materials, you will receive a proxy card on which you may vote your shares by signing, dating and mailing the printed proxy card in the postage-paid return envelope that you are provided. You may also follow the instructions for voting by telephone as set forth on your proxy card. Regardless of whether you plan to attend the Annual Meeting, we encourage you to vote your shares on the dedicated website or by proxy card in case your plans change. Please vote today to ensure that your votes are counted.

On behalf of your Board of Directors, we thank you for your continued support.

Sincerely,

Abraham N. Reichental
President and Chief Executive Officer

PROXY STATEMENT
Dated March 31, 2008

For the Annual Meeting of Stockholders
To Be Held on May 20, 2008

GENERAL INFORMATION

Our 2008 Annual Meeting of Stockholders (the Annual Meeting) is scheduled to be held at our offices at 333 Three D Systems Circle, Rock Hill, South Carolina 29730 at 10:00 a.m., Eastern Daylight Time, on May 20, 2008. We are furnishing this Proxy Statement to the holders of our Common Stock in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting and any adjournments or postponements of the Annual Meeting. This Proxy Statement and related materials are first being made available to stockholders on or about March 31, 2008.

VOTING SECURITIES

Our only outstanding class of voting securities is our Common Stock, par value \$0.001 per share (the Common Stock). As of the close of business on March 24, 2008, the record date for the Annual Meeting, there were 22,334,137 shares of Common Stock issued and outstanding. Holders of record of shares of our Common Stock outstanding as of the record date are entitled to notice of and to vote at the Annual Meeting.

Each share of Common Stock is entitled to one vote on each matter to be voted on at the Annual Meeting.

VOTING MATTERS

Your vote is very important. Stockholders may vote by internet via a website that provides links to our Proxy Statement and Annual Report. Alternatively, if you asked to receive printed materials, you may vote by mail by using the proxy card or voting instruction card and postage-paid return envelope that you receive or by using the toll-free telephone number that is included on your proxy card or voting instruction card. Your voting alternatives are more fully described in the Notice of Internet Availability of Proxy Materials that we mailed to you.

Record Date

The Board of Directors has fixed the close of business on March 24, 2008 as the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting. As required by Delaware law, a list of the stockholders of record as of the record date will be kept at our principal office at 333 Three D Systems Circle, Rock Hill, South Carolina 29730 for a period of ten days prior to the Annual Meeting.

Quorum

A majority of the outstanding shares of Common Stock present in person or represented by proxy will constitute a quorum for the transaction of business at the Annual Meeting.

Vote Required

The votes required to approve the matters to be considered at the Annual Meeting are as follows:

Election of Directors. The directors are elected by a plurality of the votes cast in the election.

Ratification of Selection of Auditors. This proposal must be approved by the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting.

Voting on Other Matters. We do not know of any other matters to be presented for consideration at the Annual Meeting. However, if any other matters are properly presented for consideration, the proxy holders will have the discretion to vote your shares on those matters in accordance with the Board of Directors' recommendations. If the Board of Directors does not make a recommendation on any such matters, the proxy holders will be entitled to vote in their discretion on those matters.

Voting Policies

All stockholders will receive a Notice of Internet Availability of Proxy Materials. In the event that you request a physical set of proxy materials as directed on such notice, you will be sent proxy materials along with a proxy card or a voting instruction card, as applicable.

For stockholders of record, regardless of the method by which you vote, if you specify how your shares are to be voted on a matter, the shares represented by your proxy will be voted in accordance with your instructions. If you do not give specific voting instructions when you grant an otherwise valid proxy, your shares will be voted FOR the election of the eight nominees for director described below and FOR the ratification of the selection of the Company's independent registered public accounting firm.

Many of you hold your shares in a brokerage account or bank or through another nominee holder. In such case, you are considered the beneficial owner of shares held in street name. As a beneficial owner, you have the right to instruct your broker or nominee how to vote your shares, and that party is required to vote your shares in accordance with your instructions.

In limited circumstances, a nominee for a beneficial owner of shares held in street name is entitled to vote your shares in the absence of specific voting instructions from you on matters that are considered routine. We understand that each of the two proposals that are to be voted on at the Annual Meeting is considered to be a routine proposal. Accordingly, if you do not give specific voting instructions to your broker or other nominee holder, that party will be entitled to vote your shares in its discretion on the election of directors and the ratification of the appointment of our independent registered public accounting firm.

Multiple Accounts

If you hold shares in more than one account, shares that are registered in different names or shares that are held through one or more banks, brokerage firms or other nominees, you may receive more than one Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card for shares that you own.

Please either follow the instructions on each notice you receive or sign, date and return all proxy cards and voting instruction cards that you receive to ensure that all of your shares are represented and voted at the Annual Meeting. If you are a stockholder of record and have requested the delivery of printed materials, you may also vote by telephone as described below.

Finally, if you hold shares through a nominee, that nominee may also provide you with an alternative to voting by telephone or via the internet.

Householding; Delivery of Documents to Security Holders Sharing an Address

We are making this Proxy Statement, our 2007 Annual Report on Form 10-K and the Notice of Internet Availability of Proxy Materials available to all stockholders of record as of the record date for the Annual Meeting.

If you have requested printed materials, we will promptly deliver an additional copy of the 2007 Annual Report on Form 10-K, the Proxy Statement and the Notice of Internet Availability of Proxy Materials to street-name stockholders in a single household who participate in a householding program upon their request to receive separate copies in the future. Instructions to request additional copies of these documents should be provided on the voting instruction form that your bank, broker or other holder of record provides to you.

Street-name stockholders who are receiving multiple copies may request that only a single set of materials be sent to them in the future by following the householding instructions on the voting instruction form provided to you by your bank, broker or other nominee holder. Alternatively, street-name stockholders whose nominee holders utilize the services of Broadridge Financial Solutions, Inc. (as indicated on the voting instruction form that Broadridge sends to you) may send written instructions to Household Department, 51 Mercedes Way, Edgewood, New York 11717 or call (800) 542-1061. The instructions must include the stockholder's name and account number and the name of the bank, broker or other nominee holder. Otherwise, street-name stockholders should contact their bank, broker or other nominee holder.

Similarly, street-name stockholders residing in the same household may receive only one 2007 Annual Report on Form 10-K, Proxy Statement and Notice of Internet Availability of Proxy Materials if you have previously made a householding election furnished to you by your bank, broker or other nominee holder to deliver only one copy to you. This process, by which only one set of these materials is delivered to multiple security holders sharing an address is called householding. Householding may provide convenience for you and cost savings for us. Once initiated, householding may continue until one or more of the stockholders within the household provides instructions to the contrary to their nominee.

Copies of this Proxy Statement, our 2007 Annual Report on Form 10-K and the Notice of Internet Availability of Proxy Materials are available upon request by calling (803) 326-4010 or by writing to Investor Relations, 3D Systems Corporation, 333 Three D Systems Circle, Rock Hill, South Carolina 29730.

Voting by Internet

For all stockholders, including stockholders of record and holders of shares in street name, you may vote by accessing a dedicated website on the internet that provides links to our Proxy Statement and Annual Report. The web address is provided on the Notice of Internet Availability of Proxy Materials that was mailed to you. Instructions on how to vote are provided upon accessing the website. Internet voting is available 24 hours a day, seven days a week, except that no internet votes will be accepted after 11:59 P.M., Eastern Daylight Time, on Monday, May 19, 2008, the day prior to the Annual Meeting.

Voting by Telephone

For all stockholders of record, including stockholders of record and holders of shares in street name, who have requested printed materials, you may vote by calling the toll-free number listed on the proxy card or voting instruction card. Telephone voting is available 24 hours a day, seven days a week, except that, as is the case with internet voting, no telephone votes will be accepted after 11:59 P.M., Eastern Daylight Time, on Monday, May 19, 2008, the day prior to the Annual Meeting.

Easy-to-follow voice prompts allow you to vote your shares and confirm that your voting instructions have been properly recorded. Our telephone voting procedures are designed to authenticate stockholders by using the individual control numbers provided on each proxy card or voting instruction card. Accordingly, please have your proxy card or voting instruction card available when you call. If you vote by telephone, you do not need to return your proxy card or voting instruction card.

Voting by Mail

If you requested printed versions of the Proxy Statement and Annual Report, you may vote by mail. In such case, simply mark, sign and date the proxy card or voting instruction card, and return it in the enclosed postage-paid envelope.

As stated above, for stockholders of record, if you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be voted FOR the nominees for election to the Board of Directors described below and FOR the ratification of the selection of BDO Seidman, LLP as our independent registered public accounting firm for 2008, as described below. On any other matters that properly may come before the Annual Meeting, your proxy will be voted as recommended by the Board of Directors or, if no recommendation is made, in the discretion of the proxy holders named on the proxy card. For stockholders of shares held in street name, if you do not give specific instructions to your broker or other nominee holder on your voting instruction card, such party will be entitled to vote your shares in its discretion.

Voting in Person at the Annual Meeting

Any stockholder of record may vote in person at the Annual Meeting whether or not he or she has previously voted, and regardless of whether the prior vote was by internet, telephone or by mail. If you hold your shares in street name, that is, if you hold your shares through a bank, broker or other nominee holder, you must obtain a written proxy, executed in your favor, from the nominee holding your shares in order to vote your shares in person at the Annual Meeting.

If You Wish to Revoke Your Proxy

Regardless of the method you use to vote, you may revoke your proxy at any time before your shares are voted at the Annual Meeting by:

voting by internet at a later time;

voting by telephone at a later time;

submitting a properly signed proxy with a later date; or

voting in person at the Annual Meeting if you are a stockholder of record (or hold a valid proxy from the nominee who holds your shares in their name.)

Please remember that, as described above, there will be no internet or telephone voting available after 11:59 P.M., Eastern Daylight Time, on Monday May 19, 2008, the day prior to the Annual Meeting.

Abstentions; Broker Non-Votes

Abstentions, votes withheld and broker non-votes will be treated as being present for the purpose of determining the presence of a quorum at the Annual Meeting. A broker non-vote occurs when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary authority to vote on that matter.

In the election of directors, the eight director nominees receiving the most affirmative votes out of the shares of Common Stock present or represented and entitled to vote at the meeting will be elected as directors. The affirmative

vote of a majority of the shares of Common Stock present or represented and entitled to vote is required to ratify the selection BDO Seidman, LLP as our independent registered public accounting firm for 2008.

Abstentions and broker non-votes will have no effect on the election of directors.

With respect to the ratification of our selection of BDO Seidman, LLP as our independent registered public accounting firm for 2008, any abstentions will have the effect of a vote against the proposal and any broker non-votes will have no effect on the proposal.

Stockholder Proposals for the 2009 Annual Meeting

Under Rule 14a-8 of the Securities Exchange Act of 1934, as amended, certain stockholder proposals may be eligible for inclusion in our Proxy Statement and form of proxy. The date by which we must receive stockholder proposals to be considered for inclusion in the Proxy Statement and form of proxy for the 2009 Annual Meeting of Stockholders is December 1, 2008 (or if the date of the 2009 Annual Meeting is changed by more than 30 days from May 20, 2009, a reasonable time before we begin to print and mail the proxy materials for the 2009 Annual Meeting).

Our By-Laws set forth certain procedures that stockholders must follow in order to properly nominate a person for election to the Board of Directors or to present any other business at an annual meeting of stockholders, other than proposals included in our Proxy Statement pursuant to Rule 14a-8. In addition to any other applicable requirements, to properly nominate a person for election to the Board of Directors or for a stockholder to properly bring other business before the 2009 Annual Meeting, a stockholder of record must give timely notice thereof in proper written form to the Corporate Secretary of the Company. To be timely, a stockholder's notice to the Corporate Secretary must be received at our principal office between January 14, 2009 and February 13, 2009, provided that, if the 2009 Annual Meeting is called for a date that is not within 30 days before or after May 20, 2009, then the notice by the stockholder must be so received a reasonable time before we make available our Proxy Statement for the 2009 Annual Meeting. The notice also must contain specific information regarding the nomination or the other business proposed to be brought before the meeting, as set forth in our By-Laws. The By-Law provisions relating to advance notice of business to be transacted at annual meetings are contained in Section 2.13 of our By-Laws, which are available on our website and can be viewed by going to www.3DSystems.com and clicking on the Investors tab, then the Corporate Governance tab and then selecting the document titled Amended and Restated By-Laws from the list of documents on the web page.

Stockholder Nominees to the Board

Our Corporate Governance and Nominating Committee will consider director nominees recommended by stockholders in accordance with a policy adopted by the Board. Recommendations should be submitted to the Corporate Secretary of the Company in writing at our offices in Rock Hill, South Carolina, along with additional required information about the nominee and the stockholder making the recommendation. A copy of our stockholder nomination policy is posted on our website, which can be viewed by going to www.3DSystems.com and clicking on the Investors tab, then the Corporate Governance tab and then selecting the document titled Policy and Procedure for Shareholders Nominees to the Board from the list of documents on the web page.

The Corporate Governance and Nominating Committee and the Board have also approved qualifications for nomination to the Board. In determining whether to recommend particular individuals to the Board, the Committee will consider, among other factors, a director's ethical character, a director's experience and diversity of background as well as whether a director is independent under applicable listing standards and financially literate. A complete copy of our Qualifications for Nominations for the Board is posted on our website at www.3DSystems.com under the Investors tab and then the Corporate Governance tab. The process by which the Committee identifies and evaluates nominees for director is the same regardless of whether the nominee is recommended by a stockholder.

When the Board or the Committee has identified the need to add a new Board member with specific qualifications or to fill a vacancy on the Board, the chairman of the Committee will initiate a search, seeking input from other directors and senior management and hiring a search firm, if necessary. The initial list of candidates that satisfy the specific criteria, if any, and otherwise qualify for membership on the Board will be identified by the Committee. At least one member of the Committee (generally the chairman) and the Chief Executive Officer will interview each qualified candidate. Other directors will also interview the candidate if possible. Based on a satisfactory outcome of those reviews, the Committee will make its recommendation for approval of the candidate to the Board.

The Board of Directors is comprised of a majority of independent directors. The Board has determined that Ms. Gold and Messrs. Curran, Kever, Loewenbaum, Moore and Van Riper are independent directors as defined in the listing standards of The Nasdaq Stock Market, LLC and that these directors have no relationships with the Company that, in the opinion of the Board, would interfere with their exercise of independent judgment in carrying out their responsibilities as a director.

2007 Meetings of the Board of Directors; Meeting Attendance

During 2007, the Board of Directors held eight meetings. The Board of Directors holds executive sessions with only non-management directors in attendance at its regular meetings and at other meetings when circumstances warrant those sessions.

He has not yet been appointed to any committees of the Board of Directors, and no determination has been made as to any committees of the Board of Directors to which he may be appointed. There are no arrangements or understandings between him and any other person pursuant to which he was elected a director, and, prior to his election as a director, there were no relationships or transactions between him and the Company.

Policy on Attending Annual Meetings

We encourage, but do not require, all incumbent directors and director nominees to attend our annual meetings of stockholders. All of the directors then in office attended our 2007 Annual Meeting of Stockholders.

Code of Conduct and Code of Ethics

Our Code of Conduct applies to all of our employees worldwide, including all of our officers. Our Code of Ethics applies to our Chief Executive Officer, Chief Financial Officer, all other senior financial executives and to directors of the Company when acting in their capacity as directors.

These documents are designed to set the standards of business conduct and ethics for our activities and to help directors, officers and employees resolve ethical issues. The purpose of our Code of Conduct and our Code of Ethics is to provide assurance to the greatest possible extent that our business is conducted in a consistently legal and ethical manner. Employees may submit concerns or complaints regarding ethical issues on a confidential basis by means of a toll-free telephone call to an assigned voicemail box. We investigate all concerns and complaints.

We intend to disclose amendments to, or waivers from, any provision of the Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer, principal accounting officer or controller and persons performing similar functions and that relates to any element of the Code of Ethics described in Item 406(b) of Regulation S-K by posting such information on our website, which can be viewed by going to www.3DSystems.com and clicking on the Investors tab, then the Corporate Governance tab and then selecting the document titled Code of Conduct or Code of Ethics from the list of documents on the web page.

Related Party Transaction Policies and Procedures

In addition to the provisions of our Code of Conduct and Code of Ethics that deal with conflicts of interest and related-party transactions, we have adopted a Related Party Transaction Policy that is designed to confirm our position that related-party transactions should be avoided except when they are in our interests and to require that certain types of transactions that may create conflicts of interest or other relationships with related parties are approved in advance by the Board of Directors and a committee composed of directors who are independent and disinterested with respect to the matter under consideration. This policy applies to transactions meeting the following criteria:

the amount involved will or may be expected to exceed \$120,000 in any calendar year;

the Company or any of its subsidiaries would be a participant; and

any person who is or was in the current or immediately preceding calendar year an executive officer, director, director nominee, greater than five percent beneficial owner of our Common Stock or immediate family member of any of the foregoing has or will have a direct or indirect interest.

In adopting this policy, the Board of Directors reviewed certain types of transactions and deemed them to be pre-approved even if the amount involved exceeds \$120,000. These types of transactions include:

employment arrangements with executive officers where such executive officer's employment in that capacity and compensation for serving as an executive officer has been approved by the Board of Directors, the Compensation Committee or another committee of independent directors;

director compensation arrangements where such arrangement has been approved by the Corporate Governance and Nominating Committee (or another committee of independent directors) and the Board of Directors;

awards to executive officers and directors under compensatory plans and arrangements pursuant to our 2004 Incentive Stock Plan and 2004 Restricted Stock Plan for Non-Employee Directors, the exercise by any executive officer or director of any previously awarded stock option that is exercised in accordance with its terms and any grants or awards made to any director or executive officer under any other equity compensation plan that has been approved by our stockholders;

certain transactions with other companies where a related party has a *de minimis* relationship (as described in the policy) with the other company and the amount involved in the transaction does not exceed the lesser of \$500,000 or two percent of the other company's total annual revenue;

charitable contributions made by the Company to a charitable organization where a related party has a *de minimis* relationship and the amount involved does not exceed the lesser of \$10,000 or two percent of the charitable organization's total annual receipts and charitable contributions under any matching program maintained by the Company that is available on a broad basis to employees generally; and

other transactions where all securityholders receive proportional benefits.

Under the terms of our Related Party Transaction Policy, when considering whether to approve a proposed related party transaction, factors to be considered include, among other things, whether such transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction.

A copy of our Related Party Transaction Policy is posted on our website, which can be viewed by going to www.3DSystems.com and clicking on the Investors tab, then the Corporate Governance tab and then selecting the document titled Related Party Transaction Policies and Procedures from the list of documents on the web page.

Directors Fees

Director compensation is set by the Board, based upon the recommendation of the Corporate Governance and Nominating Committee. We pay the following cash compensation to directors:

1. Directors (other than the Chairman of the Board) who are not officers or employees of the Company receive an annual retainer of \$15,000.
2. The Chairman of the Board of Directors receives a fee of \$180,000 per annum for serving as Chairman.
3. Each member of the Audit Committee receives a \$10,000 annual retainer.
4. The committee chairs receive annual retainers as well. The Chairman of the Audit Committee receives a \$50,000 retainer and the Chairs of the Compensation Committee, the Finance Committee and the Corporate Governance and Nominating Committee each receive \$5,000 retainers.

5. The following meeting fees are paid:

- (a) A meeting fee of \$2,000 for each regular or special Board meeting attended.
- (b) Members of the Audit Committee receive a fee of \$2,000 for each committee meeting attended on a day other than a day on which the Board of Directors is holding a regularly scheduled Board meeting.
- (c) For meetings of other standing committees of the Board, members of those committees receive a fee of \$1,500 for each committee meeting attended on a day other than a day on which the Board of Directors is holding a regularly scheduled Board meeting.
- (d) Effective February 1, 2008, for meetings of any standing committee of the Board attended by a member of such committee on a day on which the Board of Directors is holding a regularly scheduled Board meeting, 50% of the meeting fee that would otherwise be payable to such director.
- (e) A director who attends by invitation a meeting of a committee that he or she is not a member of is similarly entitled to receive a meeting fee.

Ms. Gold and Messrs. Curran, Kever, Loewenbaum, Moore and Van Riper are entitled to receive these directors' fees.

As discussed below, non-employee directors also participate in the Directors Stock Plan, and, prior to its termination in 2004, certain of them participated in the 1996 Non-Employee Directors Stock Option Plan. Directors are also entitled to be reimbursed for their expenses of attendance at meetings of the Board of Directors or its committees.

Messrs. Reichental and Hull, our other directors, are also executive officers of the Company. Their compensation is described below under Executive Compensation.

Directors Stock Plan

The stockholders approved the Directors Stock Plan in May 2004. Under this Plan, each director who is neither one of our officers or employees nor an officer or employee of any of our subsidiaries or affiliates (referred to in the Plan as a Non-Employee Director) is eligible to receive grants of Common Stock under the Plan as described below. Of the current directors, Messrs. Curran, Loewenbaum, Kever, Moore and Van Riper and Ms. Gold are entitled to participate in this Plan and to receive stock grants, as follows:

Annual Grants. Upon the adjournment of each annual meeting of the stockholders, each Non-Employee Director who has been elected a director at that annual meeting receives a grant of 3,000 shares of Common Stock.

Interim Grants. Any Non-Employee Director who is first elected a director other than at an annual meeting receives on the date of election a pro rata portion of the annual grant that the director would have received if elected at an annual meeting.

Initial Grants. Each newly elected Non-Employee Director receives an initial grant of 1,000 shares of Common Stock when he or she is first elected to the Board.

As a condition of each award under this Plan, each participant is required to pay an issue price equal to the \$0.001 par value per share of Common Stock issued under the Plan, to execute an agreement to hold the shares covered by such grant in accordance with the terms and conditions of the Plan (including without limitation restrictions on

transferability provided for in the Plan) and to comply with certain other terms and conditions of the grant. Except in limited circumstances provided for in the Plan, a Non-Employee Director is not permitted to sell, transfer, pledge or otherwise dispose of shares of Common Stock awarded under the Plan as long as (a) the Non-Employee Director remains a director of the Company or (b) there is not a change of control as provided for in the Plan. Non-Employee Directors who hold shares of Common Stock under the Plan are entitled to voting rights and any dividends paid with respect to such shares. Shares of Common Stock issued under the Plan are considered to be fully vested when issued.

The Plan authorizes the issuance of up to 200,000 shares of Common Stock for awards under the Plan, subject to adjustment in the event of changes in the Common Stock by reason of any stock dividend, stock split, combination of shares, reclassification, recapitalization, merger, consolidation, reorganization or liquidation. At December 31, 2007, 140,677 shares of Common Stock remained available for issuance under this Plan. We record an amount equal to the fair market value of each award on the date of grant less the amount paid by the director for the number of shares awarded as director compensation expense in our accounts as of the date of grant.

The Directors Stock Plan does not prevent the Board of Directors from exercising its authority to approve the payment of additional fees to members of the Board of Directors, to adopt additional plans or arrangements relating to the compensation of directors or to amend the existing cash fees paid to directors.

The number of shares awarded to each Non-Employee Director since the adoption of the Plan in 2004 and their aggregate fair market value at December 31, 2007 (\$15.44 per share) is set forth in the following table.

Upon his election as a director on January 24, 2008, William E. Curran was granted 1,970 shares of Common Stock pursuant to the Directors Stock Plan, which included a 1,000 share initial grant and a 970 share interim grant.

1996 Non-Employee Directors Stock Option Plan

The 1996 Non-Employee Directors Stock Option Plan was terminated except as to outstanding options following the approval of the Directors Stock Plan at the 2004 Annual Meeting. Under the 1996 Non-Employee Directors Stock Option Plan, each Non-Employee Director received stock options covering 10,000 shares of Common Stock at the first meeting of the Board of Directors following each annual meeting of the stockholders. Ms. Gold and Messrs. Keever, Loewenbaum and Moore participated in this Plan.

These options were granted with an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant. These options vested as to one-third of the shares covered by each grant on the first, second and third anniversaries of the date of grant, and are thereafter exercisable until the tenth anniversary of the grant date, subject to certain limitations if the option holder ceases to be a director. All options previously granted under this plan became fully vested in accordance with their terms in 2006, and no options were granted under it subsequent to 2003.

The following table sets forth for each of the current directors who hold options granted to them under the 1996 Non-Employee Directors Stock Option Plan, the number of shares of Common Stock underlying outstanding stock options previously granted under that Plan held at December 31, 2007 and the option exercise prices and expiration dates of each of those options.

At December 31, 2007, Mr. Loewenbaum held fully vested options covering an additional 225,000 shares of Common Stock that were awarded to him between 1999 and 2002, while he was an employee. These options included an option covering 150,000 shares of Common Stock with an exercise price of \$6.61 per share and an expiration date of July 1, 2009, and an option covering 75,000 shares of Common Stock with an exercise price of \$11.75 per share and an expiration date of February 12, 2012.

In January 2008, Mr. Loewenbaum exercised that 150,000 share stock option, Mr. Kever exercised the option referred to in the table above that was to expire on May 22, 2008, and Mr. Moore exercised the option referred to in the table above that was to expire on October 20, 2009. The following table reflects the amounts received by Messrs. Loewenbaum, Kever and Moore in connection with such option exercises.

- (3) Such option had an exercise price of \$8.00 per share and an expiration date of May 22, 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board of Directors is responsible for setting the compensation of all executive officers, including the persons named in the Summary Compensation Table below (referred to below as "NEOs"). It is also responsible for setting the compensation of any other employees of the Company or our subsidiaries who have base annual salaries of \$200,000 or more.

While our executive compensation program generally applies to all of our executive officers and management employees, the following is a discussion and analysis of the material elements of our compensation program as it relates to the NEOs. This discussion focuses on:

- the objectives of our compensation program, including the results and behaviors the program is designed to reward;
- the process used to determine executive compensation;
- each element of compensation;
- the reasons why the Committee chooses to pay each element;
- how the Committee determines the amount of or the formula used for each element; and
- how each element and the Committee's decisions regarding that element fit into the Committee's stated objectives and affect the Committee's decisions regarding other elements.

The purpose of this discussion is to put into perspective the Summary Compensation Table that is set forth below and the other tables and narrative disclosure that follow this discussion.

Objectives of Executive Compensation Program

The primary objectives of our executive compensation program are to:

- attract executives, and once hired retain executives, with the skills and attributes that we need to promote the growth and success of our business;
- motivate our executives to achieve our annual and long-term strategic objectives;
- reward performance based on the attainment of goals and objectives intended to benefit us and our stockholders;
- create an identity of interests between our executives and our stockholders; and
- encourage our executives to promote and conduct themselves in accordance with our values and Code of Conduct.

Determining Executive Compensation

The Committee conducts an annual review of executive performance and compensation during the first quarter of each year. The purpose this annual review is:

To determine the amount of any annual incentive compensation to be awarded to each of our officers, including each of the NEOs, with respect to the preceding calendar year;

To determine the amount of any adjustments to be made to the annual salary of each such individual for the current year; and

To approve our incentive compensation program for the current year and establish target incentive bonuses for the current calendar year for each of our officers.

As part of this review, our Chief Executive Officer (the CEO) submits recommendations to the Committee relating to the compensation of these individuals and the terms of our incentive compensation program for the current year. Following a review of those recommendations, the Committee makes such modifications to the CEO s recommendations as the Committee considers appropriate and approves the amount of any annual incentive compensation to be awarded to each individual with respect to the preceding calendar year, determines the amount of any adjustments to be made to the annual salary of each such individual for the current year, approves the terms of our incentive compensation program for the current year, and establishes target incentive bonuses for the current calendar year for each of our officers. The Committee may

also adjust compensation for specific individuals at other times during the year when there are significant changes in the responsibilities of such individuals or under other circumstances that the Committee considers appropriate.

The Committee's review of our CEO's compensation is subject to separate procedures under which, after receiving the views of other independent directors, the Committee evaluates his performance, reviews the Committee's evaluation with him, and, based on that evaluation and review, determines his compensation and performance and annual incentive objectives. Consistent with the requirements of the listing standards of The Nasdaq Stock Market, LLC, our CEO is excused from meetings of the Committee during voting or deliberations regarding his compensation.

Elements of Executive Compensation

Our compensation program consists of the following elements:

base annual salaries;

incentive awards under our annual incentive programs, which we have made either as cash payments or as awards of restricted stock under our 2004 Incentive Stock Plan; and

long-term equity compensation under our 2004 Incentive Stock Plan.

In setting compensation levels, the Committee considers primarily the base annual salary and target annual incentive awards for each individual. The Committee also reviews summaries of each executive's compensation history with the Company and prior equity awards or grants. The Committee is guided by its own judgment and those sources of information (including, when deemed appropriate, compensation surveys) that the Committee considers relevant. Neither we nor the Committee currently retain or use executive compensation consultants.

As a general principle, the Committee believes that compensation of our executives cannot always be based upon fixed formulas and that the prudent use of discretion in determining compensation will generally be in the best interests of the Company and its stockholders. Accordingly, from time to time in the exercise of its discretion, the Committee may approve changes in compensation that it considers to be appropriate to award performance or otherwise to provide incentives toward achieving the objectives of our executive compensation program.

Base Salaries

We pay annual salaries to provide executives with a base level of monthly compensation to achieve our objectives of attracting and retaining executive talent and to reward performance and responsibility. The Committee's decisions regarding adjustments to base salaries are based principally on the responsibilities of the executives, the Committee's evaluation of the market demand for executives with similar capability and experience, and our corporate performance and the performance of each executive in relation to our strategic objectives.

The Committee also seeks to strike a balance that it considers to be appropriate in its discretion between fixed elements of compensation, such as base salaries, and variable performance-based elements represented by annual incentive awards and long-term equity compensation. As a general matter, the Committee believes that the Company's executives should have at least 20% of their annual compensation at risk under variable performance-based elements of our incentive compensation program, including in particular our annual incentive program. In most cases, the portion of our NEOs' compensation that is at risk exceeds that level. See *2008 Incentive Compensation Program* below.

Annual Incentive Program

We maintain an annual incentive compensation program for our executives, including the NEOs, to provide appropriate incentives toward achieving the objectives of rewarding performance and motivating the executives to attain our strategic objectives. These strategic objectives include:

Improving our customer s bottom line;

- Developing significant product applications;
- Expanding our range of customer services;
- Accelerating new product development;
- Optimizing cash flow and supply chain;
- Creating a performance-based ethical culture; and
- Developing people and opportunities.

Our annual incentive compensation programs, which are revised and readopted annually, are designed with these strategic objectives in mind and focus on the achievement of pre-determined corporate financial goals and objectives as well as, for each executive, personal goals and objectives. In setting performance objectives, the Committee generally places greater emphasis on our financial performance objectives than on personal performance objectives. As an overriding condition, a failure to perform in accordance with our Code of Conduct or Code of Ethics may serve as a basis for a participant in this program to not receive an incentive award.

Financial performance objectives are determined based on our business plan for the year in question. This business plan is developed by management and approved by the Board of Directors. Personal performance objectives are prepared by each executive in discussions with the CEO and submitted by the CEO to the Committee for its review and approval. The Committee maintains discretion to adjust performance objectives for extraordinary items and other items as it deems appropriate.

As a general matter, for 2007, 2006 and 2005, 25% of each NEO's target incentive award was based on our achievement of a pre-approved target for operating income, 30% was based on our achievement of a pre-approved target for return on operating assets, and the remaining 45% was based on the individual's attainment of his or her pre-approved individual performance objectives. The Committee considers both quantitative and qualitative factors in determining the extent to which these targets and objectives have been achieved, and credit may be awarded for the partial attainment of these objectives.

These pre-approved individual performance objectives, which are revised annually and approved by the Committee, relate to matters such as the individual's execution of projects that fall within our strategic objectives, timely completion of specified projects within budget, enhancements to sales and service productivity and other matters involved in our annual budget and business plans. The types and relative importance of an executive's individual performance objectives varies depending on the executive's areas of responsibility.

With respect to the foregoing financial measures, 100% of each executive's bonus related to each financial measure would generally be deemed to have been earned if the target for that financial measure were fully achieved, and under certain circumstances an executive's bonus related to a financial measure may be deemed by the Compensation Committee to have been more than fully earned, and as a consequence increased, if the target for that financial measure is more than fully achieved.

As part of this goal-setting process, the Committee establishes target incentive awards for each executive. These targets are used to determine the amount of any annual incentive to be paid to a participant in this program based upon the Committee's assessment of the extent to which the Company has achieved the financial objectives of the incentive program and such individual has achieved his or her personal objectives for the year in question. In setting these target

incentive awards, the Committee considers each executive's level of responsibility and the recommendations of our CEO.

These target incentive awards are set at levels that are designed to link a substantial portion of each individual's total annual compensation to attaining the corporate and personal performance objectives for the year in question in order to provide appropriate incentives to achieving those objectives. See *Grants of Plan Based Awards in 2007* below for a summary of target incentive awards for the NEOs applicable to 2007. The threshold amounts under our annual incentive programs are zero because no minimum awards are guaranteed to NEOs under this program. The base target amounts represent the incentive awards that may be awarded assuming achievement of 100% of the pre-determined financial and individual performance objectives. The maximum amounts represent the maximum amount

that could have been awarded assuming achievement of 150% or greater of the financial performance measures and 100% of the individual performance measures for 2007.

As discussed above, the Committee also has the discretion to grant our executives the opportunity to receive restricted stock under the 2004 Incentive Stock Plan in lieu of all or any portion of their cash incentive awards earned under our annual incentive program.

Long-Term Equity Compensation

The Committee administers our 2004 Incentive Stock Plan. Under this Plan, the Committee is authorized to grant restricted stock awards, stock options and other awards that are provided for under the Plan to such employees of the Company and its subsidiaries as the Committee determines to be eligible for awards. Awards granted to a participant are based upon a number of factors, including the recipient's position, salary and performance as well as our overall corporate performance.

The 2004 Incentive Stock Plan is intended to provide an effective method of motivating performance from key employees, including our NEOs, and of creating an identity of interests in participants with the interests of our stockholders. Awards are made under this Plan as long-term incentive compensation to executives and other key employees when the Committee feels such awards are appropriate. We expect that participants who receive these awards will retain a substantial portion of the shares awarded to them to foster a mutuality of interests with our stockholders.

The Committee makes awards under this Plan both to reward short-term performance with equity-based compensation and to motivate the recipient's long-term performance. The Committee does not follow the practice of making annual or other periodic awards to participants who are determined to be eligible to participate in the Plan. However, the Committee periodically reviews the stock ownership of key employees and, when it deems appropriate, makes awards under the Plan to reflect the contributions of those participants to specific corporate achievements and to provide motivation toward achieving strategic objectives.

As a matter of practice adopted by the Compensation Committee, all awards made under this Plan through the date of this Proxy Statement have been restricted stock awards. Restricted stock awards made under this Plan require the recipient to pay \$1.00 for each share of Common Stock granted (but not more than 10% of the fair market value of the Common Stock on the date of grant) and are subject to an option in favor of the Company for three years after they are awarded, or such other period as may be determined by the Committee, to repurchase the shares upon payment of an amount equal to the \$1.00 per share issue price. We can exercise this option only upon the termination of an employee's employment during the vesting period other than as a result of death or total disability. Such option terminates upon the occurrence of any of the events related to a change of control as specified in the Plan. Shares of Common Stock issued pursuant to this Plan may not be sold, transferred or encumbered by the employee while our option to repurchase the shares remains in effect. The compensation associated with these awards is expensed over the three-year vesting period, shares covered by these awards are considered outstanding upon issuance following the acceptance of each award for the purpose of calculating diluted earnings (loss) per common share, and holders of shares issued pursuant to such awards are entitled to vote such shares and to receive any dividends declared in respect of our Common Stock.

With respect to outstanding options, the Committee also continues to administer our former stock option plans, including the 1996 Stock Incentive Plan and 2001 Stock Option Plan.

2007 Incentive Compensation Program

On April 13, 2007, the Compensation Committee approved our 2007 incentive compensation program.

Under this program, 25% of each NEO's incentive award was based on the achievement of our budgeted operating income, and 30% was based on the achievement of our budgeted return on operating assets, each as pre-approved by our Board of Directors and the Compensation Committee. The remaining 45% of each NEO's incentive award was based upon the attainment of individual performance objectives that were approved by the Committee (*e.g.*, execution of our strategic roadmap, timely completion of specified projects within budget).

and enhancements to sales and service productivity and effectiveness.) The types and relative importance of each NEO's individual performance objectives varied depending on the executive's areas of responsibility for 2007.

The Committee also assigned a base target incentive award under this program to each of our officers, including the NEOs, based on a percentage of each individual's base salary for 2007. See *Grants of Plan Based Awards in 2007* below for a summary of the amounts of these target incentive awards. Mr. Reichental's base target incentive award was set at 100% of his annual base salary for 2007, with a maximum potential incentive award equal to 150% of his annual base salary. Mr. Hull was assigned a base target incentive award for 2007 equal to approximately 31% of his base salary, with a maximum potential incentive award equal to approximately 53% of his annual base salary. Mr. Grace was assigned a base target incentive award for 2007 equal to approximately 50% of his base salary, with a maximum potential incentive award equal to approximately 86% of his annual base salary. Mr. McAlea was assigned a base target incentive award for 2007 equal to approximately 35% of his base salary, with a maximum potential incentive award equal to approximately 60% of his annual base salary. On April 25, 2007, Mr. Gregoire began work with the Company as Vice President and Chief Financial Officer, and the Compensation Committee assigned to him a base target incentive award for 2007 of approximately 50% of his base salary.

At that same meeting, the Committee reviewed the NEOs' performance under our 2006 incentive compensation program and considered salary adjustments for the NEOs. As a result of that review, no bonuses were paid to NEOs due to the magnitude of the net loss that the Company reported for 2006. The Committee also made no adjustments to the salaries of the NEOs.

On March 19, 2008, the Committee completed its 2008 annual compensation review of the officers. After reviewing, the Company's financial results for 2007, the Committee determined that neither of the Company's financial objectives under the 2007 incentive compensation program had been achieved. However, the Committee determined that bonuses should be awarded to the NEOs with respect to their personal objectives for 2007, notwithstanding the net loss reported by the Company for that year. In evaluating the amounts of those bonuses, the Committee reviewed, among other things, the ways in which the NEOs' achievement of their personal objectives contributed to improvements in the Company's operating results and financial condition for the year ended December 31, 2007 and positioned the Company for future success. Those improvements included record revenue for 2007 and an 80% reduction in operating loss, the adoption of a business unit structure to guide the growth of the Company's business and significant progress with the Company's new ERP system.

With respect to the CEO, the Committee:

awarded a \$209,000 cash incentive award to Mr. Reichental for 2007, which amounted to 38% of his 2007 base target incentive award; and

approved a 5% increase in Mr. Reichental's base salary to \$577,500 effective April 1, 2008. Mr. Reichental's salary had last been increased to \$550,000 effective April 1, 2006, from its level of \$450,000 when Mr. Reichental was first hired as CEO.

In determining these items, the Committee considered primarily the contributions that Mr. Reichental made in 2007 with respect to his pre-approved personal objectives in executing the Company's strategic roadmap, including developing new rapid manufacturing and 3-D printing growth opportunities, improving the Company's productivity and operating results and improving the Company's working capital management. After considering these accomplishments, and the Company's performance during 2007, Mr. Reichental requested, and the Committee approved, reducing his cash incentive award to \$160,000, or 29% of his 2007 base target incentive award.

With respect to the Chief Financial Officer (the CFO), the Committee:

awarded a \$55,000 cash incentive award to Mr. Gregoire for 2007, which amounted to 48% of his 2007 base target incentive award; and

approved an 8.7% increase in Mr. Gregoire's base salary to \$250,000 effective April 1, 2008. His base salary was previously \$230,000.

In determining these items, the Committee considered primarily the contributions that Mr. Gregoire made in 2007 after joining us in strengthening our internal controls over financial reporting and our finance organization, in advancing the use of our enterprise resource planning system to facilitate financial and operational reporting and in pursuing the earlier release of our quarterly operating results.

The Committee also conducted a compensation review for the other NEOs. In connection with that review, the Committee:

granted annual cash incentive awards for 2007 to Messrs. Grace, Hull and McAlea, respectively, in the amounts of \$47,000, \$30,000 and \$55,000, representing 38%, 22% and 42% of their base target incentive awards, respectively; and

approved a 4.9% increase in Mr. Grace's base salary to \$257,000, a 5.5% increase in Mr. Hull's base salary to \$290,000 and a 5.8% increase in Mr. McAlea's base salary \$275,000, in each case effective April 1, 2008.

In determining these items, the Committee considered the following factors:

With respect to Mr. Grace, his efforts to promote legal compliance, his efforts to manage legal expenses, his work on various corporate transactions and his oversight of our intellectual property;

With respect to Mr. Hull, his work on new product development; and

With respect to Mr. McAlea, his leadership of our laser sintering business unit and new product development contributions.

2008 Incentive Compensation Program

At its meeting on March 19, 2008, the Compensation Committee also approved an annual incentive program for 2008 that is similar to the 2007 annual incentive program and includes the NEOs' target annual incentive awards for 2008, our targeted financial objectives for 2008 and individual performance objectives to be used in the determination of incentive awards for 2008. The 2008 target incentive awards for the NEOs are as follows:

for Mr. Reichental, a base target of 100% of his 2008 annual base salary, with a maximum potential incentive award equal to 150% of his annual base salary, resulting in up to 60% of Mr. Reichental's total annual compensation being at risk for 2008;

for Messrs. McAlea, Gregoire and Grace, a base target of 50% of their 2008 base annual salaries, respectively, with a maximum potential incentive award of approximately 100% of their base annual salaries; and

for Mr. Hull, a base target of approximately 29% of his 2008 base annual salary, with a maximum potential incentive award of approximately 50% of his base annual salary.

As was the case for prior years, no minimum incentive awards were approved for any of the NEOs.

Accordingly, approximately 50% of each NEO's maximum annual compensation will be at risk.

The performance objectives established for the 2008 annual incentive program were as follows:

25% of each NEO's base target incentive award will be based on the achievement of our budgeted operating income as approved by the Board of Directors and the Committee;

for the CEO and the NEOs other than Mr. McAlea, 30% will be based on the achievement of a budgeted level, previously approved by the Board of Directors and the Committee, of fully diluted net income per share and for Mr. McAlea 30% will be based on the achievement of pre-approved laser-sintering business unit financial objectives relating to gross profit and inventory levels; and

the 45% remainder will be based upon the achievement of personal objectives for each NEO that have been approved by the Compensation Committee.

The attainment of the financial objectives under the 2008 incentive program is tied to and dependent upon the achievement of our goals under our annual business plan. The Committee may under certain circumstances determine to exclude certain items of expense or benefit from the determination of the level of achievement of the approved financial objectives. As in previous years, in the discretion of the Committee, recipients of incentive awards under the 2008 incentive program may be afforded the opportunity, if and when 2008 incentive awards are granted in 2009, to receive an award of restricted stock under the 2004 Incentive Stock Plan in lieu of some or all of any cash incentive awarded to the recipient for 2008.

Other Compensation Matters

Benefits and Perquisites

We provide our employees, including the NEOs, with a benefit program that the Committee believes is reasonable, competitive and consistent with the objectives of our compensation program. As a matter of policy, the Committee does not award personal benefits or perquisites that are unrelated to our business. However, under certain circumstances discussed below, the Committee has approved certain personal benefits or perquisites that it deemed to be in the Company's interests in order to induce executives to accept employment with the Company or to relocate. All other perquisites for the NEOs amount to less than \$10,000 per person.

Our executives, including the NEOs, are eligible to participate in our employee benefit programs, which include a group insurance program providing group health, dental, vision, life and long-term disability insurance. Other benefits include a 401(k) plan, flexible spending accounts and a pre-tax medical-insurance premium plan, paid sick leave, paid holidays and paid vacations. Certain benefits and perquisites provided to the NEOs are described in the Summary Compensation Table below.

Payments and Benefits Upon Termination or Change of Control

Our CEO is entitled under his employment agreement to severance payments in connection with the occurrence of certain events, including non-renewal of such employment agreement, his death and termination of his employment by the Company without cause. We negotiated these provisions, and the Board of Directors approved them, when Mr. Reichental was hired.

While not triggering severance payments, other events such as a change of control may result in our becoming obligated to otherwise compensate executives through the early vesting of unvested shares of restricted stock. For example, a change in control is defined under the 2004 Stock Incentive Plan as an event that has the effect of:

the Company being merged or consolidated with another corporation or entity such that less than 70% of the voting securities of the resulting entity are owned by the former stockholders of the Company;

the Company selling all or substantially all of its assets;

any person becoming the beneficial owner of 30% or more of the voting power of the Company's outstanding securities;

as the result of a solicitation under Rule 14a-11 of the Exchange Act, one or more persons not recommended by one third or more of our Board of Directors being elected to our Board of Directors; or

the Company becoming subject to dissolution or liquidation.

We do not currently anticipate that any of these events will occur in the foreseeable future.

We have also entered into:

an arrangement with Mr. Hull, pursuant to which he will become a consultant for a period of four years after his retirement; and

a severance arrangement with Mr. McAlea, pursuant to which he would become entitled to severance payments if his employment is terminated other than for cause.

In addition, any share of restricted stock granted to an NEO, as well as other recipients of restricted stock awards, under the 2004 Stock Incentive Plan will no longer be subject to our option to repurchase that share,

as described above, if the recipient leaves our employ due to death or disability or in the event of a change in control.

For additional information regarding each of the foregoing arrangements, see *Employment and Other Agreements with NEOs* below.

Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, we are generally not entitled to deduct non-performance-based compensation paid to our NEOs for federal income tax purposes to the extent that any such individual's compensation in any year exceeds \$1.0 million. Special rules apply for performance-based compensation, including the pre-approval of performance goals applicable to that compensation.

With respect to non-performance based compensation to be paid to NEOs, in certain instances such compensation may exceed \$1.0 million. However, in order to maintain flexibility in compensating executives in a manner designed to promote varying corporate goals, the Committee has not adopted a policy that all compensation must be deductible for federal income tax purposes.

Stock Performance

The Committee generally does not consider stock performance in making its compensation decisions since short-term movements in our stock price and total return to stockholders as reflected in the performance of our stock price are subject to factors, including factors affecting the securities markets generally, that are unrelated to our performance.

The Committee notes that our priorities and the priorities of our management are centered on meeting customer needs, new product development, building cash flow and return on assets, and promoting operational excellence and innovation in the pursuit of our business. The pursuit of such longer range objectives is not necessarily consistent with producing short-term results to increase our stock price, but we believe that pursuing longer range objectives should result in performance that is more likely to maximize total return to our stockholders over time.

Since executive compensation is based upon factors relating to our growth and profitability and the performance of our business as well as the contributions of each of our executives to achieving our objectives, the Committee believes that it has provided appropriate incentives to align management's interests with our long-term growth and development and the interests of our stockholders. The Committee also believes that there are many ways in which the Company's executives contribute to building a successful company. While our financial statements and stock price should eventually reflect the results of those efforts, many long-term strategic decisions made in pursuing our growth and development may have little visible impact on our stock price in the short term.

Summary Compensation Table

The following table sets forth information concerning all compensation paid to the CEO, the CFO and to each of the three other most highly compensated officers (collectively referred to below as NEOs) for services provided to us in all capacities for each of the three years in the period ended December 31, 2007. With respect to compensation reported for the year ended December 31, 2005, we have reclassified that information as previously presented in our 2005 Proxy Statement in order to conform to the presentation required by the executive compensation rules adopted by the Securities and Exchange Commission in 2006.

The Summary Compensation Table sets forth the total compensation during 2007, 2006 and 2005 paid to or earned by each of the NEOs during the period that they have been employed by us. Total Compensation equals the sum of Salary, Bonus, Stock Awards, Option Awards, Non-Equity Incentive Plan Compensation and All Other Compensation set forth in the Summary Compensation Table for each year. We have included Notes to this Table to explain various items of compensation in the Table. We also call your attention to the following general matters affecting the Table:

1. The amounts in the column labeled *Stock Awards* set forth in the Summary Compensation Table above are the amounts that we recognized for financial statement reporting purposes with respect to 2007 and 2006 in accordance with Statement of Financial Accounting Standards No. 123(R) (*SFAS No. 123(R)*), which were the years in which those awards were granted. Each of those awards was a restricted stock award made under our 2004 Incentive Stock Plan. The recipient was required to pay \$1.00 for each share of Common Stock covered by such recipient's award, and the shares covered by each award are subject to forfeiture if the recipient leaves our employ before the third anniversary of the date of the award other than as a result of death or disability. See *Long-Term Equity Compensation* above.

2. The amounts in the column labeled *Option Awards* are the dollar amounts that we recognized for financial statement reporting purposes in 2007 and 2006 with respect to outstanding stock options held by the NEOs in question in accordance with SFAS No. 123(R), which became effective on January 1, 2006, except that for purposes of this column we have disregarded estimates of forfeitures related to service-based vesting conditions. For additional information regarding the assumptions made in calculating these amounts, see Note 14 to the Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2007. We discontinued granting stock options in 2003, there were no forfeitures of option awards by any of the NEOs in either 2007, 2006 or 2005, and all stock options held by the NEOs had become fully vested by the end of 2007.

3. With respect to *Non-Equity Incentive Plan Compensation*, each of the NEOs participates in an annual incentive program that provides for an annual target incentive award that is approved by the Compensation Committee. See *Executive Compensation Compensation Discussion and Analysis, Grants of Plan-Based Awards in 2007, 2007 Incentive Compensation Program* and *2008 Incentive Compensation Program*.

4. As discussed above, the persons named in the Summary Compensation Table also participate in employee benefit programs that we provide to our employees generally. Except as otherwise noted below, *All Other Compensation* does not include our cost of providing benefits that are generally available to all of our employees on a non-discriminatory basis or perquisites or personal benefits where the aggregate amount of such perquisites and personal benefits is less than \$10,000 for a particular NEO.

5. In addition to the items discussed below in the notes for each NEO, *All Other Compensation* includes matching contributions that we make for their accounts under our Section 401(k) Plan. Under this Plan, eligible employees, including the NEOs, may contribute a part of their annual compensation on a before-tax basis. Subject to certain

conditions and to an annual limit of \$1,500 for each participant, participating employees receive matching contributions equal to 50% of the amount of their contributions. Contributions made by the NEOs to our Section 401(k) Plan have not been deducted from the compensation reported for them in the Summary Compensation Table.

6. In November 2005, we announced plans to relocate our corporate headquarters to Rock Hill, South Carolina. In connection with these plans, we adopted a relocation program that each of our

executive officers who relocated was entitled to participate in. Benefits available under that plan included, among other things, reimbursement of costs of sale and purchase of residences, moving expenses, a guaranteed sale price of an existing residence based on an independent appraisal, if required, and payment or reimbursement of certain other incidental expenses. Messrs. Reichental, McAlea and Grace participated in that program.

- (1) On March 19, 2008, the Compensation Committee granted annual incentive awards for 2007 to the NEOs. These awards were granted either in cash or as restricted stock awards under our 2004 Incentive Stock Plan. The Committee granted cash bonuses to Messrs. Gregoire, Hull, McAlea and Grace. Mr. Grace accepted such cash award. As an alternative to those cash bonuses, the Committee granted restricted stock awards to Messrs. Gregoire, Hull and McAlea covering 4,800 shares, 2,600 shares and 4,800 shares, respectively, of Common Stock. Each of those restricted stock awards was made under our 2004 Incentive Stock Plan with a fair market value on the grant date equal to approximately 120% of the amount of the cash incentive award he would have otherwise received and can be accepted in whole or in part by each of such individuals on or before May 18, 2008. If accepted, each recipient is required to pay \$1.00 for each share of Common Stock covered by such recipient's award and the shares covered by this award are subject to forfeiture if Messrs. Gregoire, Hull or McAlea leave our employ before March 19, 2011 other than as a result of death or disability. To the extent that Messrs. Gregoire, Hull and McAlea do not accept the foregoing restricted stock awards, their cash bonuses will be paid to them promptly after May 18, 2008. The Table above assumes that each of those awards will be fully accepted in cash. The grant date fair value of such shares, computed in accordance with SFAS No. 123(R), is set forth below. Cash amounts granted to, and to the extent applicable, the alternative fair market value of restricted stock awards granted to the NEOs were as follows:

Calculated Amount of	Grant Date Fair Value of Stock Award in
----------------------	---

Name	Incentive Award	Cash Incentive Award Payable	Lieu of Cash Incentive Award
Abraham N. Reichental	\$ 160,000	\$ 160,000	\$
Damon J. Gregoire	55,000	55,000	65,808
Charles W. Hull	30,000	30,000	35,646
Kevin P. McAlea	55,000	55,000	65,808
Robert M. Grace, Jr.	47,000	47,000	
Total	\$ 347,000	\$ 347,000	\$ 167,262

No annual incentive awards were made to any of the NEOs with respect to 2006 as a result of our financial performance in that year and the net loss that we reported.

On March 24, 2006, the Compensation Committee granted annual incentive awards for 2005 to the NEOs. These awards were granted either in cash or as restricted stock awards under our 2004 Incentive Stock Plan. Messrs. Reichental, Hull and McAlea accepted their incentive awards in cash as set forth in the table below. The Committee awarded Mr. Grace 4,300 shares of restricted stock in lieu of a cash incentive award under our 2004 Incentive Stock Plan with a fair market value on the grant date equal to approximately 120% of the amount of the cash incentive award he would have otherwise received. The shares covered by this award are subject to forfeiture if Mr. Grace leaves our employ before March 24, 2009 other than as a result of death or disability. The grant date fair value of such shares, computed in accordance with FAS 123(R), is set forth below. Cash amounts paid to, and the fair market value of restricted stock awards accepted by, the NEOs were as follows:

Name	Calculated Amount of Incentive Award	Cash Incentive Award Paid	Grant Date Fair Value of Stock Award Received in Lieu of Cash Incentive Award
Abraham N. Reichental	\$ 360,000	\$ 360,000	\$
Charles W. Hull	42,705	42,705	
Kevin P. McAlea	46,774	46,774	
Robert M. Grace, Jr.			89,053
Total	\$ 449,479	\$ 449,479	\$ 89,053

- (2) On March 24, 2006, the Compensation Committee made the following restricted stock awards under the 2004 Incentive Stock Plan to the NEOs named below to reflect the contributions that those individuals had made to the improvement in our operations and financial condition since 2003, to provide motivation toward achieving our future strategic objectives and to further align the interests of those individuals with our stockholders.

Name	Number of Shares	Grant Date Fair Value
Abraham N. Reichental	50,000	\$ 1,035,500
Kevin P. McAlea	8,000	165,680
Robert M. Grace, Jr.	8,000	165,680
Total	66,000	\$ 1,366,860

The shares covered by each award are subject to forfeiture if the recipient leaves our employ before March 24, 2009 other than as a result of death or disability.

- (3) Mr. Reichental's other compensation includes amounts that we paid for living expenses, costs for an automobile that we provide for his general use and employer-paid group term life insurance premiums. The living expenses reported below relate to residences that he maintained in either California where our headquarters were located

until 2006, or thereafter in the Rock Hill, South Carolina area, away from his primary residence. Such items, certain of which included income tax reimbursements, were as follows in each year:
