Report of Independent Auditors

Executive Committee of the Board of Directors
Park National Corporation

We have audited the accompanying statements of net assets available for benefits of the Park National Corporation Employees Voluntary Salary Deferral Plan and Trust as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Park National Corporation Employees Voluntary Salary Deferral Plan and Trust for the year ended December 31, 2000, were audited by other auditors whose report dated September 28, 2001, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2001 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the Park National Corporation Employees Voluntary Salary Deferral Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of Park National Corporation and subsidiaries (Park) who have one year of service and are age twenty-one or older. It is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 14% of their pretax annual compensation, as defined in the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans. The maximum salary deferral permitted by the Internal Revenue Code (Code) for both 2001 and 2000 was \$10,500.

Park provides a matching contribution at a level established annually by Park. For 2001 and 2000, Park matched 20% of officers' contributions and 40% of non-officers' contributions. If the participant chooses the option of investing in Park National Corporation stock, Park will match 50% of the contributions for both officers and non-officers.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's salary deferral and allocation of Park's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING

Participants' accounts are 100% vested at all times.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified to conform with the current year presentation. These reclassifications had no effect on net assets available for benefits as previously reported.

3. PLAN MERGER

On November 20, 2000, Security Banc Corporation (Security) entered into an agreement and plan of merger with Park. The corporate merger was completed on March 23, 2001 and the Security Banc Corporation 401(k) Profit Sharing Savings Plan (the Security Plan) was merged into the Plan as of December 31, 2001. Participants previously eligible for the Security Plan were immediately eligible to participate in the Plan. As a result of the merger, cash of \$4,958,851 and shares of Park National Corporation common stock (Ticker Symbol PRK) with a market value of \$7,674,321, totaling \$12,633,172 were transferred to the Plan on January 2, 2002 which is reflected as a receivable at December 31, 2001.

The Second National Bank Employees Retirement Plan (a 401(k) plan) (Second) and the United Bank, N.A. 401(k) Profit Sharing Retirement Plan (United) were merged into the Plan. United and Second transferred \$1,981,695 and \$3,384,717, respectively, into the Plan.
