Report of Independent Registered Public Accounting Firm

To the Pension Committee  
The Andersons, Inc. Retirement  
Savings Investment Plan

We have audited the accompanying statement of net assets available for plan benefits of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2004 and 2003 and the related statement of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2004 and 2003 and the changes in net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to those basic financial statements taken as a whole.

**The Andersons, Inc. Retirement Savings Investment Plan**

**Notes to Financial Statements  
December 31, 2004 and 2003**

**Note 1 Significant Accounting Policies**

The accounting records of The Andersons, Inc. Retirement Savings Investment Plan (the Plan ) are maintained on the accrual basis by The Andersons, Inc. (the Plan Sponsor ). Plan assets are maintained by Fidelity Management Trust Company (the Trustee ) and monitored by the pension committee established by the Plan Sponsor.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Unpaid withdrawals due to terminated participants have not been deducted in determining assets available for benefits for financial reporting purposes, but have been deducted from total assets in the Plan s annual return on Form 5500. These amounts totaled \$572,210 and \$591,462 at December 31, 2004 and 2003, respectively. As a result, withdrawals for financial reporting purposes were \$19,252 and \$160,949 lower for 2004 and 2003, respectively, than the amounts reported on Form 5500.

Investments are stated at fair value. The fair values of the Plan s investments in mutual funds are based on net asset values on the last business day of the plan year. The fair value of the Plan s investments in The Andersons, Inc. common stock is based on NASDAQ closing market prices on the last business day of each plan year. Participant loans are stated at their outstanding balances, which approximates fair value. Changes in the fair value of investments are included in net realized and unrealized appreciation or depreciation

in the aggregate fair value of investments presented in the statement of changes in net assets available for plan benefits.

**Note 2 Description of the Plan**

The Plan is a defined contribution plan that covers substantially all employees of The Andersons, Inc. and its wholly owned subsidiary, The Andersons Mower Center, Inc. The Plan provides for retirement, disability, and death benefits for participants who meet certain eligibility requirements, including attaining age 21. Full-time employees are eligible to begin deferring money into the Plan on the first day of the month after being hired. Part-time employees are eligible to begin deferring money into the Plan upon meeting the one-year of service requirement. Employer matching contributions are to be made only after a participant has one year of service.

Employee contributions may be made by salary reduction up to 50 percent of annual compensation (in .50 percent increments) subject to the maximum annual contribution allowed by law. Employer matching contributions are made at the rate of 50 percent of employee contributions, with a maximum contribution of 3 percent of annual compensation. Participants vest ratably over five years in the employer's matching contributions. Participants are fully vested in their contributions to the Plan.

The Plan may accept rollover contributions from IRAs or from other qualified defined benefit or contribution plans of The Andersons, Inc. or participants' former employers.

Forfeited balances of terminated accounts are used to reduce future employer contributions. The balance of forfeited nonvested accounts was not material in 2004 or 2003. The Plan Sponsor may make supplemental contributions to the Plan at its sole discretion.
