PROXY STATEMENT  
ANNUAL MEETING OF STOCKHOLDERS  
December 14, 2001

---

INTRODUCTION

The Board of Directors and management of Bigmar, Inc. ( "Bigmar" or the "Company" ) are requesting your proxy for use at the Annual Meeting of Stockholders to be held on December 14, 2001 (the "Annual Meeting" ), and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

The expense of preparing, printing and mailing proxy materials to the Company's stockholders will be borne by the Company. In addition, proxies may be solicited personally or by telephone, mail or telegram. Officers or employees of the Company may assist with personal or telephone solicitation and will receive no additional compensation therefor. The Company will also reimburse brokerage houses and other nominees for their reasonable expenses in forwarding proxy materials to beneficial owners of the Company's common stock.

OUTSTANDING VOTING SECURITIES AND DATE OF MAILING

As of November 12, 2001, the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting, Bigmar had outstanding 10,168,973 shares of common stock, par value \$.001 per share ( "Common Stock" ). Each share is entitled to one vote. Only stockholders of record at the close of business on November 12, 2001 will be entitled to vote at the Annual Meeting. The approximate mailing date of this Proxy Statement and the accompanying proxy card is November 22, 2001.

VOTING PROCEDURES

Stockholders may vote in person or by proxy at the Annual Meeting.

Directors will be elected by a plurality of the votes of the shares of Common Stock present or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Stockholders do not have cumulative voting rights with respect to the election of

## **Table of Contents**

directors. For all other matters to be voted upon at the meeting, the affirmative vote of holders of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for approval.

For purposes of determining the number of shares of Common Stock present in person or represented by proxy on a voting matter, all votes cast for, against or abstain are included, as are shares of Common Stock represented by proxy where the authority to vote has been withheld. Stockholders may withhold authority to vote for the entire slate as nominated or, by writing the name of one or more nominees in the space provided on the proxy card, withhold the authority to vote for such nominee or nominees. Shares of Common Stock as to which the authority to vote is withheld will be counted for quorum purposes but will not be counted toward the election of directors, or toward the election of the individual nominees specified on the form of proxy.

Broker/dealers who hold their customers' stock in street name may, under the applicable rules of the exchange and other self-regulatory organizations of which the broker/dealers are members, sign and submit proxies for such stock and may vote such stock on routine matters, which, under such rules, typically include the election of directors, but broker/dealers may not vote such stock on other matters, which typically include amendments to the certificate of incorporation of the Company and the approval of stock compensation plans, without specific instructions from the customer who owns such stock. Proxies signed and submitted by broker/dealers which have not been voted on certain matters as described in the previous sentence are referred to as "broker non-votes."

All shares will be voted as specified on each properly executed proxy card. If no choice is specified, the shares will be voted as recommended by the Board of Directors in favor of proposals 1, 2 and 3, and on all other matters that properly come before the Annual Meeting for a vote in the discretion of the person holding proxy unless otherwise specified on the proxy card, unless authority to vote for one or more nominees, or on a proposal, is withheld. Proxies given may be revoked at any time by filing with the Company either a written revocation or a duly executed proxy card bearing a later date, or by appearing at the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, in itself, constitute revocation of the proxy.

## PROPOSAL NO. 1: ELECTION OF DIRECTORS

Bigmar's Certificate of Incorporation and Bylaws provide that the number of directors to constitute the Board of Directors shall be determined by vote of the Board of Directors or action of stockholders. At the last Annual Meeting of Stockholders, the number was established at five and five directors were elected in accordance with the Company's Bylaws.

At this year's Annual Meeting, pursuant to resolution of the Board of Directors, nine directors will be elected to hold office for one year and until their successors are elected at the next annual meeting and shall have qualified. The board is nominating for re-election its current directors, namely, Bernard Kramer, Cynthia R. May, Massimo Pedrani, Philippe Rohrer, John G. Tramontana, Kevin Ryan, Timothy K. Carroll, John S. Hodgson, and Declan J. Service. The shares of Common Stock voted by the proxies will be voted for their election unless authority to do so is withheld as provided in the proxy card. All nominees have consented to serve if elected. The Board of Directors has no reason to believe that any of the nominees will not serve if elected, but if any of the nominees become unable to serve, proxies will be voted for any substitute nominee designated by the Board of Directors. Nominees receiving the highest number of votes cast for the positions to be filled will be elected. Proxies solicited by the Board of Directors will be voted for the election of these nominees.

### **Compensation of Directors**

Directors who are not employees of the Company receive \$500 per meeting attended as a director. Committee members receive \$500 per committee meeting attended. In addition, all directors are reimbursed for their reasonable out-of-pocket expenses in connection with attending meetings of the Board or any committee thereof. The directors waived their fees and out-of-pocket expense reimbursements for the meetings held in fiscal 2000.

### **Director Option Plan**

The Board of Directors has adopted a director stock option plan ( Director Option Plan ) pursuant to which directors who are not otherwise affiliated with the Company (such as employees or consultants of the Company, or an affiliate thereof) will receive options to purchase Common Stock. The purpose of the Director Option Plan is to promote the overall financial objectives of the Company and its stockholders by motivating directors to achieve long-term growth in stockholder equity in the Company, to further align the interest of the directors with those of the Company's stockholders and to recruit and retain the association of these directors. The Director Option Plan provides for the award of up to an aggregate of 50,000 shares of Common Stock and will be administered by the Compensation and Stock Option Committee.

The Director Option Plan provides for (i) the grant of an option to purchase 3,000 shares of Common Stock to each director who was not an employee or consultant of the Company and (ii) the grant of an option to purchase 1,500 shares of Common Stock on the date of each regular annual stockholder meeting to each participant who either is continuing as a director subsequent to the meeting or who is elected at such meeting to serve as a director. Options granted under the Director Option Plan must provide for the purchase of shares of Common Stock at an exercise price of not less than the fair market value of the Common Stock on the date of grant. No option under the plan may be exercisable 10 years after its date of grant. Options granted under the Director Option Plan will not be transferable by the optionee other than by will, by the laws of descent and distribution or as required by law.

The members of the Executive Committee during 2000 were Cynthia R. May, John G. Tramontana and Bernard Kramer. The members of the Executive Committee did not meet or take written action in such capacity during 2000.

**Table of Contents**

**COMMITTEE REPORTS**

*The following reports of the Compensation and Stock Option Committee and Audit Committee of the Company's Board of Directors shall not be deemed soliciting material or otherwise deemed filed and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any other filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.*

**Report of the Compensation and Stock Option Committee of the Board of Directors**

The Compensation and Stock Option Committee of the Board of Directors (the Compensation Committee) did not meet during fiscal 2000, but acted by unanimous written consent on one occasion.

The objective of the Compensation Committee is to create compensation packages to attract and retain executives who can bring the experience and skills to the Company necessary for the development of the Company and its products. The Compensation Committee accomplishes this object by utilizing salary as the base compensation and stock options to promote long-term incentives. As the Company grows, other forms of annual and long-term compensation arrangements may be developed to provide appropriate incentives and to reward specific accomplishments.

In determining base salaries, the Compensation Committee examines, among other factors, the executive's performance, degree of responsibility and experience, as well as general employment conditions and economic factors. Specific weights are not assigned to any of the factors employed by the Compensation Committee.

The Compensation Committee also uses stock options to provide long-term incentive compensation to the Company's employees, including executive officers, enabling them to

**Table of Contents**

benefit, along with all stockholders, if the market price for Common Stock rises. The Compensation Committee believes that the use of stock options ties employee interests to those of the Company's stockholders through stock ownership and potential stock ownership, while also providing the Company with a means of compensating employees using a method which enables the Company to conserve its available cash for operations and product development. Decisions of the Compensation Committee as to option grants are based, in large measure, upon a review of such factors as the executive's level of responsibility, other compensation, accomplishments and goals, as well as recommendations and evaluations of the executive's performance. Determinations are made subjectively without giving weight to specific factors.

The salary of John G. Tramontana, the Company's President and Chief Executive Officer has remained unchanged since the Company's initial public offering.

Section 162(m) of the Internal Revenue Code places certain restrictions on the amount of compensation in excess of \$1,000,000 which may be deducted for each executive officer. The Company intends to satisfy the requirements of Section 162(m) should the need arise.

**Report of the Audit Committee of the Board of Directors**

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors has adopted a written charter for the Audit Committee, which charter is attached hereto as Exhibit A. The Board of Directors, in its business judgment, has determined that Mr. Pedrani, Ms. May and Mr. Kramer do not qualify as Independent Directors as that term is defined in Rule 4200(a)(14) of the NASD's listing standards. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and written confirmations from management with respect to services provided by the auditors, has considered whether the provision of non-audit services by the independent auditors to the

**Table of Contents**

Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2000 filed with the Securities and Exchange Commission.

Mr. Tramontana's base salary for fiscal 2001 has been set at \$200,000. In addition to his base salary, Mr. Tramontana is entitled to receive an annual bonus, at the discretion of the Board of Directors, provided such bonus is equal to at least 25% of his base salary. The Company and Mr. Tramontana are currently negotiating a new employment contract.

The agreement further provides that if the Company terminates Mr. Tramontana's employment for cause or if Mr. Tramontana voluntarily leaves the employment of the Company, Mr. Tramontana shall receive his salary through the end of the month in which the termination occurred. If Mr. Tramontana's employment is terminated by the Company without cause, Mr. Tramontana shall receive from the Company the base salary that would otherwise be due to the end of the month during which the termination of employment occurred, plus four additional months. Mr. Tramontana's employment agreement contains certain confidentiality and non-competition provisions. The Company has obtained \$2,000,000 of key-person life insurance for the benefit of the Company on the life of Mr. Tramontana.

**Changes in Control**

convertible to Common Stock on a one-to-one basis, subject to adjustment to reflect dilutive issuances of equity securities by the Company and stock splits, dividends, combinations and similar events. The Preferred Stock is entitled to five votes per share and votes together with the Common Stock in addition to having certain special approval rights. The Preferred Stock has a liquidation preference equal to the purchase price per share. The Warrants include a net exercise clause (to permit the conversion of the Warrants into shares having a fair market value equal to the spread between the exercise price and the then fair market value) and the shares issuable on exercise shall be entitled to piggyback registration rights, subject to certain restrictions.

Jericho holds other warrants to purchase up to 500,000 shares of the Company's Common Stock.

In October 1998, Jericho acquired 3,692,308 shares of newly issued Common Stock for a purchase price of \$6,000,000.

In January 1999, pursuant to a Debt Repayment Agreement, 1,231,231 shares of Common Stock were transferred to Jericho from John G. Tramontana in satisfaction of a debt incurred by a third party holder of the Company's Common Stock. Mr. Tramontana, Chief Executive Officer and Chairman of the Board of Directors of the Company, has a 50% ownership interest in Jericho. Cynthia R. May, President and a Director of the Company, is the Managing Member of Jericho and as such, has sole voting and investment power over shares of the Company's Common Stock owned by Jericho.

Specific due dates for these reports have been established and the Company is required to disclose any failure to file by these dates. Based solely upon its review of reports received by it, or upon written representation from certain reporting persons that no reports were required, the Company believes that during fiscal 2000 all filing requirements were timely met.

**BIGMAR, INC.  
AUDIT COMMITTEE CHARTER**

The Board of Directors of Bigmar, Inc. (the "Corporation") hereby constitutes and establishes an Audit Committee with authority, responsibility, and specific duties as described below.

**Composition**

The Audit Committee shall be comprised of two or more directors, at least a majority of which are independent directors. For this purpose, "independent director" shall mean a person other than an officer or employee of the Corporation or its subsidiaries or any other individual having a relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. One of the members shall be appointed Committee Chairman by the Board of Directors.

**Authority**

The Audit Committee is granted the authority to investigate any activity of the Corporation, and all employees are directed to cooperate as required by members of the Committee. The Committee is empowered to retain persons having special competence, such as counsel, auditors or other advisors, as necessary to assist the Committee in fulfilling its responsibility.

**Responsibility**

The Audit Committee is intended to serve as focal point for communication between non-Committee directors, the Corporation's independent accountants and the Corporation's management as their duties relate to financial accounting, reporting and controls. The Audit Committee is to assist the Board of Directors in fulfilling its fiduciary responsibilities as to accounting policies and reporting practices of the Corporation and all subsidiaries and the sufficiency of auditing relative thereto. It is to be the Board's principal agent in confirming and assuring the independence of the Corporation's independent accountants, the integrity of management, and the adequacy of disclosures to shareholders. However, the opportunity for the independent accountants to meet with the entire Board of Directors as needed is not to be restricted.

**Meetings**

The Audit Committee is to meet at least two times per year, and as many other times as that Committee deems necessary.

**Attendance**

At least a majority of the members of the Audit Committee are to be present at all meetings. As necessary or desirable, the Chairman may request that members of management and representatives of the independent accountants be present at meetings of the Committee.

**Minutes**

Minutes of each meeting are to be prepared and sent to Committee members and Corporation directors who are not members of the Committee. If the Secretary of the Corporation has not taken the minutes, they should be sent to him or her for permanent filing.

**Specific Duties**

The Audit Committee is to:

**Table of Contents**

1. Inform the independent accountants and management that the independent accountants and the Committee may communicate with each other at all times; and the Committee Chairman may call a meeting whenever he deems it necessary.
  2. Review with the Corporation's management and independent accountants, the Corporation's general policies and procedures to reasonably assure the adequacy of internal accounting and financial reporting controls.
  3. Have familiarity, through the individual efforts of its members, with the accounting and reporting principles and practices applied by the Corporation in preparing its financial statements. Further, the Committee is to make, or cause to be made, all necessary inquiries of management and the independent accountants concerning established standards of corporate conduct and performance, and deviations therefrom.
  4. Review, prior to the annual audit, the scope and general extent of the independent accountants' audit examination, including their engagement letter. The auditor's fees are to be arranged with management, and annually summarized for Committee review. The Committee's review should entail an understanding from the independent accountants of the factors considered in determining the audit scope, including:
    - Industry and business risk characteristics of the Corporation
    - External reporting requirements
    - Materiality of the various segments and/or classes of services of the Corporation's consolidated and non-consolidated activities
    - Quality of internal accounting controls
    - Extent of involvement of internal audit procedures and functions in the audit examination
    - Other areas to be covered during the audit engagement
  5. Review the extent of nonaudit services provided by the independent accountants in relation to the objectivity needed in the audit.
  6. Review with management and the independent accountants, upon completion of their audit, financial results for the year. This review is to encompass:
    - The Corporation's annual report to shareholders and Form 10-KSB, including the financial statements, and financial statement schedules and supplemental disclosures required by generally accepted accounting principles and the Securities and Exchange Commission's Regulation S-X, such review to include the items required by SAS 61.
    - Significant transactions not a normal part of the Corporation's operations
    - Changes, if any, during the year in the Corporation's accounting principles or their application
    - Significant adjustments proposed by the independent accountants
  7. Evaluate the cooperation received by the independent accountants during their audit examination, including their access to all requested records, data and information. Inquire of the independent accountants whether there have been any disagreements with management which if not satisfactorily resolved would have caused them to issue a nonstandard report on the Corporation's

financial statements. Also, elicit the comments of management regarding the responsiveness of the independent accountants to the Corporation's needs.

8. Discuss with the independent accountants the quality of the Corporation's financial and accounting personnel, and any relevant recommendations which the independent accountants may have (including those in their letter of comments and recommendations). Topics to be considered during the discussion include improving internal financial controls, the selection of accounting principles and management reporting systems. Review written responses of management to letter of comments and recommendations from the independent accountants.
  9. Discuss with Corporation management the scope and quality of internal accounting and financial reporting controls in effect.
  10. Apprise the Board of Directors, through minutes and special presentations as necessary, of significant developments in the course of performing the above duties.
  11. Review the Committee's charter annually and recommend to the Board of Directors any appropriate extensions or changes in the duties of the Committee.
  12. Review and recommend to the Board of Directors the independent accountants to be selected to audit the financial statements of the Corporation and its divisions and subsidiaries, and provide a written summary of the basis for any recommendations. Review and approve the compensation of the independent accountants. Review and approve the discharge of the independent accountants.
  13. Conduct an appropriate review of all related party transactions with the Corporation on an ongoing basis and review potential conflict of interest situations where appropriate.
  14. On an annual basis, review and discuss with the independent accountants all significant relationships the accountants have with the Corporation to determine the accountants' independence.
  15. Receive from the independent accountants the report required by Independence Standards Board Standard No. 1 as in effect at that time and discuss it with the independent accountants.
