PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has reappointed Ernst & Young LLP, independent auditors, to audit the accounts of Medicis and its subsidiaries for the fiscal year ending June 30, 2003. We have been advised by Ernst & Young LLP that no member of that firm, to the best of its knowledge and belief, has any direct or any material indirect financial interest in Medicis or its subsidiaries, nor during the past three fiscal years has any member of the firm had any connection with Medicis or its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

Fees for the last annual audit were \$160,000 and all other fees were \$939,000, including audit-related services of \$394,000 and non-audit services of \$545,000. Audit-related services generally include fees for pension and statutory audits, business development opportunities, fees on our convertible bond offering, accounting consultations and review of Securities and Exchange Commission (SEC) registration statements. Non-audit services generally include fees for tax preparation, tax consultations and non-accounting consultations. Medicis did not engage Ernst & Young LLP to provide any information technology services during the fiscal year ended June 30, 2002. A representative of Ernst & Young LLP is expected to be present at the annual meeting, will have an opportunity to make a statement should he or she desire to do so and is expected to be available to respond to appropriate questions.

Vote Required

The proposal to ratify the appointment of Ernst & Young LLP as our independent auditors requires an affirmative vote of a majority of the voting power of the capital stock present at the meeting in person or represented by proxy. Notwithstanding ratification of the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending June 30, 2002, the Board of Directors or the Audit Committee may select other independent auditors for such year without any vote of the shareholders. If the shareholders do not ratify the appointment, the matter of the appointment of independent auditors will be considered by the Board of Directors and the Audit Committee.

Board Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 2 TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS.

AUDIT COMMITTEE REPORT

In accordance with its written charter adopted by the Board of Directors, the Audit Committee is responsible for the oversight of the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgment and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2002 for filing with the SEC. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors, Ernst & Young LLP.

(1) Fiscal 2002 options were granted in July 2001; fiscal 2001 options were granted in July 2000; fiscal 2000 options were granted in July 1999.

(2) At the end of fiscal 2002, Mr. Shacknai, Mr. Cooper, Mr. Havens, Mr. Prygocki and Mr. Wortzman each held 10,000 shares of restricted stock awards having a value of \$427,600, based on the market closing price of Medicis Class A common stock of \$42.76 on June 28, 2002. Restricted stock awards have no value to the recipient until the restrictions are released, which begins in fiscal 2005. See discussion on the Company's Senior Executive Restricted Stock Plan in Executive Employment Agreements and Other Relationships.

Medicis has no defined benefit or defined contribution retirement plans other than the Medicis Pharmaceutical Corporation 401(k) Employee Savings Plan established under Section 401(k) of the Internal Revenue Code of 1986, as amended. Contributions to the 401(k) plan are voluntary and all employees are eligible to participate. The 401(k) plan permits Medicis to match employee contributions, and the Company began making matching contributions in April 2002, at 50% of the first 3% of gross pay that each employee contributes to the plan.

Table of Contents**STOCK OPTIONS**

Medicis stock option plans provide for the grant of stock options to key employees and key consultants. Options may be either incentive stock options or non-qualified stock options. The plans are administered by the Stock Option and Compensation Committee appointed by the Board of Directors. This table sets forth certain information for our last fiscal year with respect to options to purchase shares of Class A common stock granted to Medicis chief executive officer and our other named executive officers pursuant to the stock option plans.

(2) The potential realizable value portion of the table illustrates amounts that might be realized upon exercise of the options immediately prior to the expiration of their term, assuming the specified compounded annual rates of stock price

appreciation over the scheduled life of the options. This table does not take into account provisions of certain options providing for termination of the option following termination of employment, nontransferability or vesting schedules. The dollar amounts under these columns are the result of calculations at the 5% and 10% rates set by the SEC and are not intended to forecast possible future appreciation, if any, of our stock price. The column indicating 0% appreciation is included to reflect the fact that a zero percent gain in stock price appreciation from the market price of the Class A common stock on the date of grant will result in zero dollars for the optionee. No gain to the optionees is possible without an increase in stock price, which will benefit all shareholders commensurately. Dollar amounts shown are not discounted to present value.

During the last fiscal year, 287 employees and six non-employee directors were granted options to purchase an aggregate of 1,568,486 shares of Class A common stock under Medicis' stock option plans.

STOCK OPTION AND COMPENSATION COMMITTEE REPORT

The Stock Option and Compensation Committee is responsible for the oversight of the compensation of our executive officers and administration of our stock option plans. Our executive officers' compensation is composed of salary, stock options and cash bonuses. Jonah Shacknai, our chairman and chief executive officer, recommends the annual salary and any cash bonus for each executive officer other than himself. In the case of an increase in salary or bonus to an executive officer, Mr. Shacknai makes a recommendation to this committee to approve the increase. Mr. Shacknai and the committee apply the largely subjective and non-quantitative criteria discussed below in evaluating compensation and have not assigned any particular numerical weight to these factors. The salary of an executive officer is determined by the significance of the position to our company, individual experience, talents and expertise, tenure with our company, cumulative contribution to our company's success, individual performance as it relates to effort and achievement of progress toward particular objectives for the executive officer and to Medicis' immediate and long-term goals, and information gathered as to comparable companies in the same industry as the Company. Due to Medicis' phase of growth and development, in addition to its goal of increasing profitability, other elements of performance that are used in structuring executive compensation levels are increases in revenues, new product introductions, progress in research and development, raising new capital if necessary, strategic alliances, customer service values, cost-effective operation and the personal commitment to Medicis' ideals and mission. This committee believes the compensation of our executive officers is generally in the middle section of the range of compensation data obtained when we gathered data as to comparable companies. However, this belief should be considered in light of the facts that the elements of compensation of such comparable companies are not necessarily directly comparable to those of our company. Although we do not have a formal bonus plan for executive officers, from time to time we award cash bonuses to certain executive officers after fiscal year end. The amount awarded to a particular executive officer is based upon Medicis' overall performance as described above, individual performance, the particular executive officer's base salary level, and overall equity and fairness.

We grant stock options to our executive officers to link the interests and risks of our executive officers with those of our shareholders. The executive officers granted options receive value as the price of our stock increases. We generally grant stock options to the executive officers after the close of the fiscal year. We base our decisions on Medicis' performance and the individual's performance as discussed above, base salary and bonus levels, the amount of prior option grants, length of service, and overall equity and fairness.

For fiscal 2002, Jonah Shacknai, chairman of the board and chief executive officer, received an annual salary of \$687,000, was paid a bonus of \$600,000, and was granted options to purchase 140,000 shares of Class A common stock in fiscal 2002 (at an exercise price of \$53.90 per share, which was the fair market value of Medicis shares on the date the options were granted). We made these decisions based upon a subjective analysis of his contributions to Medicis' improved performance in the most recent fiscal year, and the above noted criteria. The committee did not assign any particular numerical weight to any of these matters.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of our company. These reports are also filed with the New York Stock Exchange. A copy of each report is furnished to Medicis.

SEC rules require Medicis to identify anyone who filed a required report late during the most recent fiscal year. Based solely on a review of reports furnished to Medicis and written representations that no other reports were required, we believe that during the year ended June 30, 2002, all Section 16(a) filing requirements were met except that Ms. Shackelford sold shares in December 2001 and filed the report in August 2002.

EXECUTIVE EMPLOYMENT AGREEMENTS AND OTHER RELATIONSHIPS

Executive Retention Plan

On March 2, 1999, the Board of Directors authorized and adopted the Medicis Pharmaceutical Corporation Executive Retention Plan, effective on April 1, 1999. The purpose of the retention plan is to facilitate the exercise of best judgment and improve the recruitment and retention of key employees by Medicis. Pursuant to the retention plan, certain key employees will receive a Benefit Allowance upon an Involuntary Termination other than for Good Cause in connection with a Change in Control, as each term is defined in the retention plan. Upon a Change in Control, persons who report directly to the chief executive officer and such others as may be designated by the chief executive officer receive a Benefit Allowance of two times salary and bonus, and insurance and retirement benefit payments for two years, and certain other key employees designated by the chief executive officer receive a Benefit Allowance of one times salary and bonus, and insurance and retirement benefit payments for one year.

Senior Executive Restricted Stock Plan

On July 24, 2001, the Company granted 55,000 restricted shares of its Class A common stock under the Company's 2001 Senior Executive Restricted Stock Plan. The shares begin vesting on the third anniversary of the grant date, and become fully vested on the fifth anniversary of the

grant date. Under terms of the grants, holders of the restricted shares can exercise all rights of a shareholder, but cannot transfer, sell, pledge, hypothecate or assign

Table of Contents

any of the restricted shares until they have vested. Any restricted shares not vested at the time of voluntary termination or termination for cause shall be forfeited to the Company.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended June 30, 2002, the stock option and compensation committee of the Board of Directors consisted of Spencer Davidson, Peter S. Knight and Michael A. Pietrangelo, all of whom are non-employee directors. No member of the compensation committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Employment Agreement

In July 1996, Medicis entered into an employment agreement with Mr. Shacknai, effective July 1, 1996, to continue to serve as chairman and chief executive officer. The agreement was amended in February 2001, renewing the agreement for a five-year period commencing on July 1, 2001 and expiring on June 30, 2006. The agreement automatically renews for successive periods of five years, unless either party gives timely notice of an intention not to renew. Mr. Shacknai also may terminate the employment agreement prior to the end of the term. Under the agreement, Mr. Shacknai agreed that, during his employment, and for a period of one year following termination for reasons other than a change in ownership or control of Medicis, he will not engage in, consult with or be employed by any Competing Business (as defined in the employment agreement). The agreement contains customary non-solicitation provisions and provides for the transfer to Medicis of any intellectual property relating to its business.

Under the agreement, Mr. Shacknai receives an annual base salary of \$400,000, effective July 1996, plus certain benefits and an annual grant of options to purchase shares of common stock representing a minimum specified percentage of the fully diluted capitalization of Medicis. He is also eligible for annual cash bonuses and increases in his base compensation.

The agreement provides that, if Mr. Shacknai's employment is terminated as a result of a change in control, Medicis will pay him a lump sum amount equal to four times the sum of (i) his base salary at the highest rate in effect during the preceding 12 months and (ii) the average annual bonus, if any, paid during the preceding three years. If Mr. Shacknai's employment is terminated without cause or by his Resignation for Good Reason (as defined in the agreement), Medicis will pay him a lump sum equal to the sum of (i) the amount he would have collected in salary for the unexpired term of the agreement, were he paid at the highest salary rate in effect for the 12 months preceding his termination, and (ii) his average annual bonus for the preceding three years multiplied by the number of years remaining in the agreement. In no event, however, will Mr. Shacknai's severance payment for termination without cause be less than twice the sum of (i) his highest effective salary and (ii) the average annual bonus for the preceding three years, plus 1/24 of such lump sum for each full year of Mr. Shacknai's service with Medicis. If Mr. Shacknai's employment is terminated by his death, the agreement provides that Medicis will continue to pay his salary, at the then-current rate, to his estate for 12 months. If Mr. Shacknai is terminated pursuant to his Disability (as defined in the agreement), Medicis will pay him 100% of his base salary for 12 months, and 50% of that base salary for the remainder of the term of the agreement, but in no event for less than an additional 12 months of his base salary. Finally, the agreement provides that, if it is not renewed by Medicis for at least three years after its initial expiration, Medicis must pay Mr. Shacknai a lump sum equal to twice the sum of (i) his annual base salary at the highest rate in effect during his last 12 months of employment and (ii) the annual average of bonus payments made to him over the preceding three years, plus 1/24 of such lump sum for each full year of Mr. Shacknai's service with Medicis.

Upon the termination of Mr. Shacknai's employment, all options previously granted to him will automatically vest and will remain exercisable for their full term. After termination, Mr. Shacknai will also receive the employee benefits he was eligible to participate in for four years, unless the agreement is not renewed, in which event he will receive those benefits for two years. Under certain circumstances, the agreement may require Medicis to make payments that would constitute excess parachute payments under the Internal Revenue Code of 1986, as amended. If Medicis makes excess parachute payments to Mr. Shacknai, those payments would not be deductible by Medicis for tax purposes, and Mr. Shacknai would be required to pay an excise tax.

Medicis currently has no employment agreements with other employees.

OTHER MATTERS

Shareholder Proposals

Any shareholder proposal that is intended to be presented at the 2003 annual meeting and included in Medicis proxy statement relating to that meeting, must be received at our principal offices no later than June 9, 2003.

In order for a shareholder to bring other business before our 2003 annual shareholders meeting, timely notice must be received by us at our principal offices between the dates of June 26, 2003 and July 26, 2003. This notice must include a description of the proposed business, the reasons for this proposed business, and other specified matters. These requirements are separate from and in addition to the requirements a shareholder must meet to have a proposal included in our proxy statement. The time limit also applies in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

The address of our principal offices is 8125 North Hayden Road, Scottsdale, Arizona 85258-2463.

Voting Rights and Revocability of Proxies

A majority of the outstanding shares of capital stock on the record date will constitute a quorum for the annual meeting. Shares may be represented at the meeting in person or by proxy.

Votes will be tabulated by the inspector of election appointed for the meeting. The inspector of election will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Under Medicis bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present for purposes of determining the presence of a quorum; (2) there is no cumulative voting, and the three director nominees receiving the highest number of votes are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; (3) proxies that reflect abstentions as to a particular proposal will be treated as voted for purposes of determining the approval of that proposal and will have the same effect as a vote against that proposal; and (4) proxies that reflect broker non-votes will be treated as unvoted and will not be counted for or against a proposal.

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. A proxy may be revoked by sending to the Corporate Secretary, at 8125 North Hayden Road, Scottsdale, Arizona 85258-2463, a written notice of revocation or a duly executed proxy bearing a later date, or a proxy may be revoked by attending the annual meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Annual Report and Annual Report on Form 10-K

Medicis annual report for fiscal 2002 and Medicis annual report on Form 10-K for fiscal 2002 is being mailed to shareholders together with this proxy statement.
