A form of proxy is enclosed. All properly executed proxies received by I-trax's board of directors, and not revoked, will be voted as indicated in accordance with the instructions written on the proxies. In the absence of contrary instructions, shares represented by returned proxies will be voted for the election of the directors as described in this proxy statement, and, in the discretion of the proxy holders, on any other matter properly brought before the meeting.

Solicitation of Proxies

Edgar Filing: I TRAX INC - Form DEF 14A

I-trax will bear all of the costs of soliciting proxies. I-trax will arrange with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of I-trax common stock and I-trax Series A Convertible Preferred Stock, and may reimburse these persons or institutions for expenses incurred in connection with this distribution. Directors, officers or employees of I-trax, none of whom will receive additional compensation, may solicit proxies in person or by telephone, facsimile, e-mail or other means.

I-trax's board of directors currently consists of ten directors. Eight of I-trax's current directors, whose terms expire at the 2004 annual meeting, have been nominated for reelection at the 2004 annual meeting to serve until the 2005 annual meeting. Board of Directors Meetings

The board of directors of I-trax held 11 meetings during 2003. Each director while serving in 2003, other than Philip D. Green, Michael M.E. Johns and David Nash, attended more than 75% of the meetings of the board and its committees of which he or she is a member.

Board of Directors' Committees

The board of directors has a compensation committee and an audit committee. Currently, the board does not have a nominating committee. All members of the board, however, participate in the consideration of director nominees.

Compensation Committee

The compensation committee is primarily responsible for determining the compensation payable to the officers and key employees of I-trax and recommending to the board additions, deletions and alterations with respect to the various employee benefit plans and other fringe benefits provided by I-trax. No member of the committee, however, may participate in decisions pertaining to his or her compensation or benefits in his or her capacity as a director of I-trax. The committee also is primarily responsible for administering I-trax's stock option plans, recommending stock options to the board at large with regard to I-trax's key employees and non-employee directors and determining the terms and conditions on which the options are granted. The committee currently has two members, Messrs. Bock and Thayer. The committee held 4 separate meetings in 2003. In addition, members of the committee participated in other board meetings concerning compensation issues and had recommended a course of action with respect to compensation matters to the board at those meetings. All of the members of the compensation committee are independent, as defined in Section 121(A), as in effect on April 19, 2004, of the American Stock Exchange listing standards.

Audit Committee

The audit committee is primarily responsible for appointing and pre-approving the services performed by I-trax's independent auditors as well as reviewing and evaluating I-trax's accounting principles and reporting

4

practices. The audit committee is also responsible for monitoring I-trax's system of internal accounting controls and has the responsibility and authority described in its charter, which is attached as Exhibit A to this proxy statement. Currently, the audit committee consists of Mr. Thayer, as Chairman, and Mr. Bock. Further, the board has determined that each of Messrs. Bock and Thayer meets the SEC criteria of financial expert and is financially sophisticated for the purposes of American Stock Exchange listing standards. The committee held 6 separate meetings in 2003. All of the members of the audit committee are independent, as defined in Section 121(A), as in effect on April 19, 2004, of the American Stock Exchange listing standards and Rule 10A-3 promulgated under the Securities Exchange Act of 1934.

Director Nominations

Edgar Filing: I TRAX INC - Form DEF 14A

Currently, the board does not have a nominating committee and all members of the board consider director nominees. Because of the significance of I-trax's acquisition of CHD Meridian Healthcare and the resulting changes in management, the board determined that establishing a nominating committee was not appropriate until the acquisition was completed. The board intends to establish a nominating committee in the second or third quarter of 2004. Currently, the board conducts functions of a nominating committee, which include identifying and recommending nominees for election to the board. The board considers candidates for board membership suggested by its members and management. The board has authority to retain a search firm to assist in the identification of director candidates. In selecting nominees for director, the board considers a number of factors, including but not limited to:

- o whether a candidate has business and industry experience that is relevant to I-trax, including recent experience at the senior management level of a company at least as large or larger than I-trax;
- o the candidate's ability to work constructively with I-trax's management and other directors;
- o the candidate's ability to represent interests of the stockholders;
- o the candidate's independence from management and freedom from potential conflicts of interest with I-trax;
- o the candidate's reputation, integrity, judgment, skill, leadership ability, interpersonal skills, honesty and moral values;
- o the candidate's financial literacy;
- o the candidate's availability, including the number of other boards on which the candidate serves, and his or her ability to dedicate sufficient time and energy to his or her board duties;
- o legal and regulatory concerns; and
- o whether the candidate contributes to the range of talent, skills and expertise appropriate for enhancing the board's diversity, overall composition and effectiveness.

Members of the board may also request additional information about, or an interview with, the potential nominee.

The board will also consider recommendations of nominees for director received from stockholders at least 120 days prior to the anniversary date of I-trax's annual meeting of stockholders for the previous year. In evaluating nominations received from stockholders, the board will apply the criteria and follow the process described above. Stockholders wishing to recommend a nominee for director should submit such nomination in writing, along with any other supporting materials the stockholder deems appropriate, to I-trax's Secretary.

Compensation of Directors

During 2003, directors did not receive any cash payments. In May 2003,

Edgar Filing: I TRAX INC - Form DEF 14A

Messrs. Thayer and Bock each received options to acquire 40,000 shares of common stock in consideration for their service on the board and its audit and compensation committees. Dr. Johns received options to acquire 20,000 shares of common stock in consideration for his service on the board. All of these options are exercisable at \$1.51 and vest over two years. Directors are reimbursed for out-of-pocket expenses incurred in connection with attending board and committee meetings.

Stockholder Access to Directors

Stockholders who wish to communicate with directors should do so by writing to the Secretary, I-trax, Inc., One Logan Square, Suite 2615, 130 N. 18th Street, Philadelphia, PA 19103. Under that process, the Secretary of I-trax reviews all such correspondence and regularly forwards to the board a summary of all such correspondence and copies of all correspondence that, in the opinion of the Secretary, deals with the functions of the board or committees thereof or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by I-trax that is addressed to members of the board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will be brought to the attention of I-trax's audit committee.

Director Attendance at Annual Stockholders Meeting

I-trax encourages all of its directors to attend I-trax's annual meeting of stockholders. All of the individuals then serving as directors attended I-trax's 2003 annual meeting of stockholders.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES LISTED IN THIS PROXY STATEMENT.

CODE OF CONDUCT DISCLOSURE

I-trax has a Code of Conduct that is applicable to all employees of I-trax, including I-trax's principal executive officer, the principal financial officer and the principal accounting officer. The Code of Conduct is designed to deter wrongdoing and promote ethical conduct, full and accurate reporting in I-trax's SEC filings, compliance with applicable law, as well as other matters. A copy of the Code of Conduct is available on I-trax's website at www.i-trax.com.

PRINCIPAL ACCOUNTING FEES AND SERVICES

I-trax engaged Goldstein Golub Kessler LLP on February 19, 2003, pursuant to the authorization of the audit committee of the board, to audit I-trax's financial statements for the years ended December 31, 2002 and 2003. I-trax also engaged Goldstein Golub Kessler LLP, pursuant to the authorization of the audit committee of the board, to audit I-trax's financial statements for the year ending December 31, 2004. PricewaterhouseCoopers LLP audited I-trax's financial statements for the years ending December 31, 2000 and 2001.

I-trax filed with the Securities and Exchange Commission on February 12, 2003 a Current Report on Form 8-K to report the dismissal of PricewaterhouseCoopers LLP effective February 6, 2003 and on February 19, 2003 a Current Report on Form 8-K to report the engagement of Goldstein Golub Kessler LLP effective February 18, 2003. The board of directors and the audit committee dismissed PricewaterhouseCoopers LLP and engaged Goldstein Golub Kessler LLP after reviewing PricewaterhouseCoopers LLP's proposed fees to audit I-trax's

Edgar Filing: I TRAX INC - Form DEF 14A

2002 financial statements and comparing those fees with those quoted by comparable audit firms.

6

During the two years ending December 31, 2002 and through February 12, 2003 there were no disagreements between I-trax and PricewaterhouseCoopers LLP on any matters of accounting principles or practices, financial statement disclosure, or audit scope or procedures, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused it to make reference to such disagreements in its reports. PricewaterhouseCoopers LLP furnished to I-trax a letter addressed to the Securities and Exchange Commission agreeing with this statement. This letter, dated February 12, 2003, was filed as an exhibit to Form 8-K announcing the dismissal of PricewaterhouseCoopers LLP.

In addition, neither I-trax nor anyone on its behalf consulted Goldstein Golub Kessler LLP regarding the application of accounting principals to a specific completed or contemplated transaction or regarding the type of audit opinion that Goldstein Golub Kessler LLP would render on I-trax's financial statements prior to Goldstein Golub Kessler LLP's engagement.

A summary of the audit and non-audit fees paid to Goldstein Golub Kessler LLP and PricewaterhouseCoopers LLP in 2002 and 2003 is as follows:

	Fiscal 2003	Fiscal 2002
	-----	-----
Audit Fees	\$128,000	\$94,000
Audit-Related Fees	--	--
Tax Fees	4,500	--
All Other Fees	--	--
	-----	-----
Total Fees	\$132,500	\$94,000

The audit committee's policy provides for the pre-approval of audit and non-audit services performed by I-trax's independent auditor. Under the policy, the audit committee may pre-approve specific services, including fee levels, by the independent auditor in a designated category (audit, audit-related, tax services and all other services).

Representatives of Goldstein Golub Kessler LLP are expected to be present at the 2004 annual meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Goldstein Golub Kessler LLP has a continuing relationship with American Express Tax and Business Services Inc. from which it leases auditing staff who are full time, permanent employees of American Express Tax and Business Services and through which its partners provide non-audit services. As a result of this arrangement, Goldstein Golub Kessler LLP has no full time employees and therefore, none of the audit services performed were provided by permanent full-time employees of Goldstein Golub Kessler LLP. Goldstein Golub Kessler LLP manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

- o each person who is known by I-trax to own beneficially five percent or more of I-trax's outstanding common stock.

Beneficial ownership was determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, a person is deemed to beneficially own certain shares if the person has the right to acquire the shares, such as upon exercise of options or warrants, within 60 days of April 16, 2004, the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares includes the amount of shares beneficially owned by such person (and only such person) by reason of any acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

To I-trax's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

common stock at a conversion price of \$1.75 per share effective June 30, 2003 or repaid.

- (3) Salary includes amounts deferred under I-trax's salary deferment program in effect from November 2000 to December 31, 2001. Pursuant to the program, Mr. Martin deferred \$135,357 in 2001; Mr. Reiss deferred \$135,357 in 2001; Mr. Tomaro deferred \$70,665 in 2001; and Mr. Rozenfeld deferred \$65,132 in 2001. Accordingly, if an officer exercises these warrants in the future, the effective per share price for each share of common

stock that such officer would receive upon exercise would be \$2.50. These extra warrants were issued to all employees that participated in the salary deferment program because similar warrants were issued by I-trax to third-party investors in connection with the several private placements completed by I-trax in 2001. As a condition to deferring pay in the salary deferment program, I-trax promised the participating employees that they would be treated in the same manner as third-party investors in I-trax.

Palumbo and Reiss each filed a Form 4 delinquent by 3 days reporting a conversion of loans and accrued salary into common stock.

EXHIBIT A

AUDIT COMMITTEE CHARTER

I. Purposes of the Committee

The primary purpose of the Audit Committee (the "Committee") is oversight. The Committee will assist the Board of Directors (the "Board") in fulfilling its responsibility to oversee:

- o Management's conduct of the Corporation's financial reporting process;
- o The financial reports and other financial information provided by the Corporation to the Securities and Exchange Commission (the "SEC") and the public;
- o The Corporation's system of internal accounting and financial controls;
- o The performance of the Corporation's internal audit function;
- o The independent auditors' qualifications, performance, and independence; and
- o The annual independent audit of the Corporation's financial statements.

The Committee has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent auditors.

The Committee will also prepare the report that the SEC rules require be included in the Corporation's annual proxy statement.

The Corporation's management is responsible for preparing the Corporation's financial statements. The independent auditors are responsible for auditing those financial statements. Management, including the internal audit function, and the independent auditors, have more time, knowledge, and detailed information about the Corporation than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Corporation's financial statements, or any professional certification as to the independent auditors' work, including with respect to auditor independence. Each member of the Committee is entitled to rely on the integrity of people and organizations from whom the Committee receives information and the accuracy of such information, including representations by management and the independent auditors regarding non-audit services provided by the independent auditors.

Edgar Filing: I TRAX INC - Form DEF 14A

II. Committee Membership

The Committee will consist of not less than two, nor more than four, members who will be appointed by the Board from among its members. Each member of the Committee must satisfy such criteria of independence as the Board may establish and such additional regulatory or listing requirements as the Board may determine to be applicable or appropriate.

Accordingly, each member of the Committee must be financially literate within a reasonable period of time after appointment to the Committee, and at least one member of the Committee shall be an "audit committee financial expert" as defined by the SEC.

The actual number of members will be determined from time to time by resolution of the Board. Two members of the Committee will constitute a quorum.

III. Committee Structure and Operations

The Board will designate the Chair of the Committee. The Committee will fix its own rules of procedure and will meet where and as provided by such rules or by resolution of the Committee. In addition to the regular meeting schedule established by the Committee, the Chair of the Committee may call a special meeting at any time.

The Secretary of the Corporation will be the Secretary of the Audit Committee, unless the Committee designates otherwise.

In the absence of the Chair during any Committee meeting, the Committee may designate a Chair pro tempore.

The Committee will act only on the affirmative vote of a majority of the members at a meeting or by unanimous written consent.

The Committee may establish sub-committees to carry out such duties as the Committee may assign.

IV. Committee Activities

The following will be the common recurring activities of the Committee in carrying out its purposes. These activities are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

2. Pre-approve all audit and non-audit services to be provided by the independent auditors to the Corporation, and regularly review (a) the adequacy of the Committee's policies and procedures for pre-approving the use of the independent

The Committee will report the foregoing to the Board with such recommendations as it may deem appropriate.
4. Review major changes to the Corporation's auditing and accounting principles and practices based on advice of the independent auditors or management.
5. The Committee will (a) request annually from the independent auditors a formal written statement delineating all relationships between the independent auditors and the Corporation consistent with Independence Standards Board Standard Number 1; and (b) discuss with the independent auditors any such disclosed relationships and their impact on the independent auditors' independence.
6. Evaluate, along with the other members of the Board and management the performance of the independent auditors.
7. The Committee, along with the other members of the Board, will discuss with management and the independent auditors the audited financial statements to be included in the Corporation's annual report on Form 10-KSB, including the Corporation's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations." 10. Confer with management and the independent auditors as requested by any of them or by the Committee, at least annually, and review their reports with respect to the functioning, quality, and adequacy of programs for compliance with the Corporation's policies and procedures regarding business ethics, financial controls, and internal auditing, including information regarding violations or probable violations of such policies. The Committee will report the foregoing to the Board with such recommendations as it may deem appropriate.
11. Review the expenses of officers of the Corporation who are also members of the Board and such other officers as it may deem appropriate.
12. Review with the Controller and the Chief Financial Officer, at least annually, the activities, budget, staffing, and structure of the internal auditing function of the Corporation and its subsidiaries, including their evaluations of the performance of that function and any recommendations with respect to improving the performance of or strengthening of that function. As appropriate, the Committee shall review the reports of any internal auditor on a financial safeguard problem that has not resulted in corrective action or has not otherwise been resolved to the auditor's satisfaction at any intermediate level of audit management.
13. From time to time, meet separately with management, internal auditors, and independent auditors to discuss issues warranting attention by the Committee.
14. Prepare any report or other disclosure by the Committee required to be included in any proxy statement for the election of the Corporation's directors under the rules of the SEC.
15. Review the adequacy of this charter on an annual basis.
16. Take other such actions and do other such things as may be referred to it from time to time by the Board.

The Committee has the authority to retain outside advisors, including legal counsel, auditors, or other experts, as it deems appropriate, and to approve the fees and expenses of such advisors.
