MDC PARTNERS INC. ANNOUNCES FINANCIAL RESULTS FOR THE YEAR AND FOURTH
QUARTER ENDED DECEMBER 31, 2003

TORONTO, Ontario (February 25, 2004) - MDC Partners Inc. ("MDC") of Toronto today announced its financial results for the year and fourth quarter ended December 31, 2003. Consolidated revenues for 2003 totalled US\$312.7 million, a decrease of 19% compared to US\$387.8 million in 2002. Operating income before other charges was US\$36.6 million, a decline of 33% from the US\$54.6 million reported in 2002. Net income was US\$16.8 million, which included a pre-tax net gain on asset dispositions and other charges of US\$17.4 million compared to US\$93.3 million in 2002, which included a pre-tax net gain of US\$97.3 million. Diluted earnings per share for 2003 was US\$0.74 compared to diluted earnings per share of US\$3.70 reported last year. Diluted cashflow per share was US\$0.93

Edgar Filing: MDC PARTNERS INC - Form 6-K

compared to US\$0.94 achieved in 2002. The inclusion in the 2002 results of divested operations (Davis + Henderson, Custom Direct, Spectron Security Print and Questa) together with the increased focus on Marketing Communications makes the periods' results less comparable.

"This was a wonderful year of accomplishment for MDC. We completed the sale of our 100% interest in Custom Direct which significantly strengthened the balance sheet and allowed for investment spending in our remaining operations. We successfully completed the privatization of Maxxcom Inc., which was fundamental to our strategy of significantly expanding in the marketing communications sector. We believe this focus has paid great dividends for our shareholders, and combined with our recent new business wins and acquisition initiatives, we anticipate this momentum will continue in 2004 and beyond," said Miles S. Nadal, Chairman, President & CEO of MDC.

For the fourth quarter, consolidated revenues were US\$75.8 million, a decline of US\$12.0 million compared with the US\$87.8 million reported for 2002. Excluding Custom Direct, revenues increased by US\$14.4. Operating income before other charges, at US\$10.8 million, declined US\$3.4 million or 24% compared to the US\$14.2 million achieved during the same quarter of 2002. Excluding divested operations, operating income for the period was US\$10.3 million, up 5% from the US\$9.9 million achieved in the fourth quarter of 2002. Net income for the three months ended December 31, 2003 was

US\$4.3 million compared to US\$1.6 million for 2002. Diluted earnings per share for the quarter was US\$0.19 compared to US\$0.07 in 2002.

During 2003, MDC adopted the U.S. dollar as its reporting currency in order to reflect the U.S. nature of the Company's business and shareholder base. In addition, MDC modified its financial statement presentation to improve investors' ability to compare the Company's results with those of other publicly traded businesses in the marketing communications industry.

Marketing Communications reported revenues of US\$55.2 million for the fourth quarter of 2003, an increase of US\$8.3 million or 18% compared to the fourth quarter of 2002. Operating income before other charges increased 14% to US\$9.3 million for the quarter compared to the US\$8.2 million achieved in the same quarter in the previous year. Operating margins were 16.8% for the fourth quarter of 2003. Revenues for Marketing Communications for the year ended December 31, 2003 increased 13% to US\$193.6 million compared to the US\$171.7 million reported in the prior year. Operating income increased 32% to US\$28.6 million from US\$21.7 million. The revenue and operating income growth was 100% organic.

"The organic growth we experienced in our businesses was exceptional. We are of the view that the marketing communications industry is going through a major change. Clients are no longer satisfied with institutionalized mediocrity. While advertising spending is improving, clients are making change to providers who can deliver exceptional creativity and results. With our entrepreneurial partnership model and a demonstrated ability to attract the best talent, we are taking advantage of this opportunity," said Mr. Nadal.

"Marketing Communications continued to attract new clients throughout the fourth quarter, including Sprint PCS, State Farm Insurance and a credit card acquisition program of Chase. Net new business wins for the quarter resulted in revenues of approximately US\$25 million. Our operations remain focused on the generation of new business while maintaining a cost-effective structure," said Mr. Nadal.

Edgar Filing: MDC PARTNERS INC - Form 6-K

Subsequent to year end, MDC's affiliate Crispin Porter + Bogusky was made lead creative agency by Burger King. "This win was a seminal event in the evolution of MDC Partners. It confirms the beliefs and values that we operate by are working and will continue to drive new business wins and greater market share," added Mr. Nadal.

In addition, during the first quarter of 2004, the Company announced the 60% acquisition of kirshenbaum bond + partners ("KBP"). KBP is one of North America's preeminent independent agencies with revenues approaching US\$50 million, billings of over US\$525 million, and more than 200 employees with offices in New York and San Francisco. The company is widely recognized for creating highly acclaimed non-traditional marketing campaigns for Snapple, Kenneth Cole, Hennessy, Target, Coach and The Meow Mix Company. Current clients include Verizon SuperPages, The Andrew Jergens Company, Target and more. "We are thrilled to partner with kirshenbaum bond + partners. They have established a solid franchise and have developed a wonderful reputation for delivering outstanding work to outstanding clients. We definitely believe that they will enhance the MDC Partner network," said Mr. Nadal.

Fourth quarter revenues of the Secure Transactions Division were US\$19.4 million, a decrease of 52% from the US\$40.6 million recorded for the same period of 2002 primarily the result of the Custom Direct divestiture. Operating income before other charges was US\$3.2 million, down 53% from the US\$6.7 million earned in the prior year. Excluding divested operations, revenues and operating income for the fourth quarter were US\$19.4 million and US\$3.2 million, an increase of 38% and 54% respectively. For the year, revenues of US\$115.6 million and operating income of US\$13.0 million declined from 2002 by US\$93.5 million and US\$23.9 million respectively as a result of the above mentioned divestitures.

Excluding divestitures, revenues of remaining businesses increased 8% to US\$67.1 million with operating income declining 24% to US\$5.0 million.

"We are excited by the progress of our remaining secure transaction businesses. With the implementation of state-of-the-art equipment, the group is well positioned to benefit from existing contracts while pursuing new opportunities to further increase plant utilization with nominal investment spending. We expect significant growth in operating performance in 2004," said Mr. Nadal.

During the quarter, pursuant to its normal course issuer bid, MDC repurchased 632,900 Class A subordinate voting shares at an average price per share of Cdn\$15.28 for total consideration of US\$7.3 million. For the fiscal year, the Company repurchased 1,274,816 Class A subordinate voting shares at an average price per share of Cdn\$14.77 for total consideration of US\$13.7 million.

"We are thrilled with our overall performance and believe we have established a platform that will deliver excellent returns and increased shareholder value," said Mr. Nadal.

MDC'S CONTROLLING SHAREHOLDER TO CONVERT 100% OF HIS
CLASS B MULTIPLE VOTING SHARES INTO CLASS A SUBORDINATE VOTING SHARES

Conversion To Be Effected On A One-for-One Basis Without Any Cash
Or Non-Cash Consideration

TORONTO, Ontario (February 26, 2004) - MDC Partners Inc. ("MDC") of Toronto announced today that its controlling shareholder, Miles Nadal, has given formal notice to the corporation's Board of Directors that he initiated the process to affect conversion of 100% of his Class B multiple voting shares into Class A Subordinate Voting Shares on a one-for-one basis, without any cash or non-cash consideration. Mr. Nadal is MDC's Founder, Chairman and Chief Executive Officer.

Mr. Nadal's current equity interest in MDC is approximately 20.2%, and he currently controls 44.9% of the voting rights attached to the corporation. He owns 447,968 Class B multiple voting shares, which represents 99% of the Class B and carry 20 votes per share, in addition to 3,400,351 Class A Subordinate Voting Shares, which carry one vote per share.

After the conversion, both Mr. Nadal's equity interest and voting interest in MDC will be approximately 20.2%.

MDC's Board of Directors welcome the decision to convert, which is expected to occur within 10 business days. The Class B shares are convertible at any time at the option of the holder into one Class A share for one Class B share.

As a result of the conversion, MDC will become a U.S. domestic issuer and commence reporting in accordance with U.S. GAAP, effective the first quarter of 2004.

"The decision to convert my multiple voting shares into single voting shares is an important incremental step in my commitment to the highest standards of corporate governance and is in the spirit of the great partnership we are building," said Mr. Nadal.

Edgar Filing: MDC PARTNERS INC - Form 6-K

"We believe that a single class share structure better aligns management's interest with the shareholders and will further enhance the attractiveness of MDC shares to investors, particularly in the United States," added Mr. Nadal.
