Item 1. Security and Issuer.

This statement on Schedule 13D (this "Statement") relates to the Common Stock, par value \$0.01 per share ("Common Stock"), of USA Truck, Inc., a Delaware corporation (the "Issuer"). The principal executive offices of the Issuer are located at 3200 Industrial Park Road, Van Buren, Arkansas 72956.

Item 2. Identity and Background.

This Statement is being filed by Celadon Group, Inc, a Delaware corporation ("Celadon Group"). Celadon Group is a truckload carrier. The principal executive offices of Celadon Group are located at 9503 East 33rd Street, One Celadon Drive, Indianapolis, Indiana 46235.

The name, citizenship, present principal occupation or employment, and business address of each director and executive officer of Celadon Group are set forth in Schedule A, which is incorporated herein by reference.

Neither Celadon Group nor any director or executive officer of Celadon Group, has, during the past five years, (i) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors); or (ii) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree, or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

Celadon Group holds 658,000 shares of Common Stock. The aggregate purchase price of the shares of Common Stock purchased by Celadon Group was \$4,660,702 (including commissions). The source of funding for the purchase of the Common Stock was the general working capital of Celadon Group. No part of the purchase price is or will be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding, trading, or voting the Common Stock.

Item 4. Purpose of Transaction.

Celadon Group acquired the Common Stock reported in this Schedule 13D because its board of directors believed the Issuer's Common Stock represented a potentially attractive investment at recent prices. The average investment price of \$7.08 per share, including commissions, represents approximately 55% of the book value per share of the Issuer's Common Stock as reflected in the most recent publicly available financial statements. Based on publicly available information, Celadon Group believes there is an opportunity to realize value for its stockholders from this investment.

Celadon Group's board of directors and management team believe the truckload industry offers consolidation and other strategic opportunities as successful companies seek, among other things, additional capacity and services for customers, more diverse routes for drivers, and greater value and liquidity for investors. Celadon Group recently requested a meeting with the Issuer's management to discuss a possible association between Celadon Group and the Issuer, potentially including a combination of the two companies. Depending on the outcome of these discussions, any such association, alliance or business combination could result in one or more of the events set forth in Items 4(a) through (j) of Schedule 13D. Celadon Group has not had any discussions of these matters with the Issuer's management or board of directors to date and does not know whether the Issuer would entertain any such discussions. Moreover, Celadon Group has not had the opportunity to evaluate whether or how the Issuer's operations might be complementary to its operations and has not formed any opinion as to whether the Issuer would offer an attractive strategic fit.

Celadon Group intends to routinely monitor and assess, among other things (i) the financial condition, operations, prospects, capital structure, and management of the Issuer, (ii) the value and price of the Common Stock, (iii) relevant business developments, competitive and strategic matters, and prevailing industry and market conditions, (iv) alternative investment opportunities available to Celadon Group, (v) its liquidity requirements, and (vi) other investment considerations. On the basis of such assessments, Celadon Group may, at any time and from time to time, take such actions with respect to its investment in the Issuer as it deems appropriate, including, without limitation, (I) proposing measures which it believes would enhance stockholder value, (II) seeking representation on the board of directors of the Issuer, (III) purchasing additional Common Stock and/or other equity, debt, notes, instruments, or other securities and/or derivative securities relating thereto (collectively, "Securities") of the Issuer, (IV) disposing of any and all of its Securities in the open market or otherwise, (V) engaging in any hedging or similar transactions with respect to the Securities, (VI) selling some or all of any Securities of the Issuer held by Celadon Group, (VII) proposing an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries, or (VIII) otherwise changing its intention with respect to any of the matters referenced in this Item 4.

Except as set forth in this Item 4, Celadon Group has no present plans or proposals that relate to or would result in any of the actions required to be disclosed in this Item 4.

Item 5. Interest in Securities of the Issuer.

(a) As of August 3, 2011, as reported on the Issuer's Quarterly Report on Form 10-Q filed on August 8, 2011, there were 10,456,381 shares of Common Stock outstanding. As of the date hereof, Celadon Group is the beneficial

owners of an aggregate of 658,000 shares of Common Stock, representing approximately 6.29% of the issued and outstanding shares of Common Stock of the Issuer.

(b) Celadon Group has the sole voting power and dispositive power over 658,000 of the Issuer's Common Stock.

(c) The following table sets forth all transactions with respect to the Common Stock effected during the last sixty (60) days by Celadon Group. All such transactions were purchases of Common Stock effected in the open market, and the table includes commissions in per-share prices reported.
