Not applicable.

ITEM 4. CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANT.

Not applicable.

ITEM 5. OTHER MATERIAL EVENTS

On February 4, 2002, the Board of Directors of the Company, unanimously consented to the termination of the registration of its shares of common stock (the "Shares") under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), by filing a Form 15, Certification and Notice of Termination of Registration under Section 12(g) of the Exchange Act with the SEC. The Board of Directors made its decision for the following reasons:

1. The Shares are currently registered under Section 12(g) of the Exchange Act and are traded on the NASDAQ OTC Bulletin Board. Recently, the market for the Shares has been extremely illiquid, with the market price of the Shares over the past twelve months having ranged from \$1.01 to \$0.12 on extremely low volume.
2. The recent public capital market trends affecting small-cap companies, including a perceived lack of interest by institutional investors in companies with a limited public float and low stock price, such as with that of the Corporation.
3. The reduction in the amount of public information available to competitors about the Corporation's business that would result from the termination of the Corporation's obligations under the reporting requirements of the SEC.
4. The elimination of additional burdens on management associated with public reporting and other tasks resulting from the Corporation's public company status.
5. The greater flexibility that the Corporation's management would have to focus on long-term business goals, as opposed to quarterly earnings, as a non-reporting company.
6. The decrease in costs, particularly those associated with being a public company (for example, as a privately-held entity, the Company would no longer be required to file quarterly, annual or other periodic reports with the Commission or publish and distribute to its stockholders annual reports and proxy statements), including related audit and legal fees and personnel costs.

On February 5, 2002, the Company issued a press release disclosing the decision to terminate its registration under the Exchange Act. A copy of the
