**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of  
the U.S. Borax Inc. 401(k) Plan for Hourly Employees:

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the U.S. Borax Inc. 401(k) Plan for Hourly Employees (the "Plan") at December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) at December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **U.S. Borax Inc. 401(k) Plan for Hourly Employees**

### **Notes to Financial Statements**

---

#### **1. Description of the Plan**

The following description of the U.S. Borax Inc. 401(k) Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan covering all eligible union hourly Boron and Wilmington employees of U.S. Borax Inc. (the "Company"), and was organized to facilitate savings for retirement by employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's trustee and plan administrator is Putnam Investments. Each employee is eligible to participate in the Plan on his or her date of hire, direct investment contributions in increments of 1%, and change both their contribution rate and contribution investment direction on a daily basis. Also, under Putnam Investments, the Plan offers eleven investment options, one of which is the option to invest in American Depository Receipts ("ADR's") of Rio Tinto plc ("Rio Tinto"), which is the ultimate parent of the Company. At December 31, 2003, investments in ADR's of Rio Tinto totalled \$1,102,000.

##### **Contributions**

A participant is permitted to contribute to the Plan up to 15% of annual compensation (as defined in the Plan Agreement) in whole percentages. Contributions cannot exceed the dollar amount prescribed by law and cannot be calculated on a base pay in excess of the amount allowed by law. Effective June 17, 2001, the Company makes matching contributions for limited number of union employees, as specified in the Plan agreement. The Company matches 20% of the employees' contributions not to exceed 5% of their total compensation for each payroll period.

All contributions are held in trust and invested by the Plan's trustee in accordance with the option or options elected by the participant.

##### **Participant Accounts**

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings or losses, less transaction processing and investment management expenses. Allocations are based on the proportion of the participant's account balance to the total of account balances of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are immediately 100% vested in their contributions plus actual earnings thereon as well as employer match plus actual earnings thereon.

#### **1. Description of the Plan (Continued)**

##### **Participant Notes Receivable**

The Plan allows participants to borrow up to the limits permitted by applicable government regulations. These notes must be repaid with interest, as defined in the Plan Agreement.

##### **Payment of Benefits**

Effective April 1, 1997, a participant who terminates or incurs a disability prior to age 55 receives a lump-sum amount equal to the vested interest in his or her account. A participant who retires, terminates or incurs a disability after age 55 may choose to receive his or her distribution in either a lump sum or in a series of payments as detailed in the Plan Agreement. Upon the death of a participant, his or her beneficiary receives a lump-sum amount equal to the vested interest in his or her account.

For termination of service due to reasons other than retirement, disability or death, distributions may be subject to certain federal and state penalties on amounts withdrawn if such amounts are not transferred into certain other retirement savings options. In no case may distributions be deferred beyond the end of the calendar year in which the participant attains age 70½. In the event that all or a portion of the participant's account is invested in the Rio Tinto Stock Fund, he or she may elect to receive such portion in whole shares of Rio Tinto stock.

#### **2. Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

##### **Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

#### **2. Summary of Significant Accounting Policies (Continued)**

##### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value, except for investment contracts in the Stable Value Fund, which are valued at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Shares of registered investment companies are valued at quoted market prices from national exchanges which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at the amount of unpaid principal, which approximates fair value. The Rio Tinto ADR's are valued at the quoted market price on the last business day of the Plan's year-end as reported by the New York Stock Exchange.

Purchases and sales of shares in registered investment companies are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

##### **Recording of Contributions**

Contributions are recorded in the period the Company makes payroll deductions from the participants.

##### **Payment of Benefits**

Benefits are recorded when paid.

#### **3. Concentration of Credit Risk**

The Stable Value Fund consists of a series of fixed-rate investment contracts with various insurance companies. Although this fund includes a diversified portfolio of investment contracts, the ultimate performance of the contract fund is dependent upon the ability of the underlying companies to honor them.

#### 4. Investments

The following are investments that represent 5% or more of the Plan's net assets available for benefits:

	2003	2002
	(in thousands)	
The Putnam Fund for Growth and Income, 181,074 and 176,834 shares, respectively	\$ 3,210	\$ 2,504
Putnam Voyager Fund, 139,538 and 134,285 shares, respectively	2,276	1,752
Putnam New Opportunities Fund, 106,079 and 98,305 shares, respectively	4,117	2,869
Investment contract with Monumental Life Insurance Company, #MDA00132TR	2,366	2,242
Investment contract with State Street Bank and Trust Company, #99058	2,371	2,245

#### **5. Investment Contracts**

The Plan invests in the Stable Value Fund (the "Fund") with Dwight Asset Management Company ("Dwight"). The Fund holds contracts directly with various insurance companies. The Fund account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund is included in the financial statements at contract value as reported to the Plan by Dwight. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves charged against the contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 4.44% for 2003 and 5.63% for 2002. Such rates are reviewed on a quarterly basis for resetting.

#### **6. Related-Party Transactions**

Certain of the Plan's investments are shares of mutual funds managed by Putnam Investments, trustee of the Plan, as defined by the Plan Agreement. Therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists. Fees paid by the Plan for investment management services were nominal for the years ended December 31, 2003 and 2002, respectively.

The Company, who also qualifies as a party-in-interest, absorbs certain administrative expenses of the Plan. Such transactions with the Company also qualify for a statutory exemption. Total expenses paid by the Company were nominal for the years ended December 31, 2003 and 2002.

#### **7. Plan Termination**

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA. In the event of such discontinuance of the Plan, the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

#### **8. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated July 29, 1996 that the Plan is designed in accordance with Section 401(a) of the Internal Revenue Code (the "Code"). Accordingly, the Plan is exempt from Federal income taxes under the provisions of Section 501(a) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.
