PECO II, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying consolidated financial statements include the accounts of PECO II, Inc. (the Company) and its wholly owned subsidiaries. In the opinion of management, the accompanying unaudited interim condensed consolidated financial statements reflect all adjustments, of a normal and recurring nature, necessary to present fairly the results for the interim periods presented.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The December 31, 2002 balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States. It is suggested that these condensed statements be read in conjunction with the Company's most recent Annual Report on Form 10-K.

This Form 10-Q contains forward-looking statements, which involve risks and uncertainties. The Company's actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause the Company's actual results or activities to differ materially from these forward-looking statements include but are not limited to the statements under Forward Looking Statements and other sections in the Company's Form 10-K filed with the Securities and Exchange Commission and press releases.

Results for the interim period are not necessarily indicative of the results that may be expected for the entire year.

2. Treasury Shares

In September 2001 the Board of Directors authorized the repurchase of up to one million shares in the open market or in private transactions. On July 26, 2002, the Board approved a one million share increase in the program. As of March 31, 2003 the Company has repurchased an aggregate of 1,385,712 shares at an average price of \$2.70 per share since inception of the repurchase program. The Company did not repurchase any shares during the first quarter of 2003.

3. Impairment of Goodwill and Other Intangibles

The Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 142, Goodwill and Other Intangible Assets, in July 2001. This statement was effective for us on January 1, 2002. This statement resulted in modifications to our accounting for goodwill and other intangible assets. Specifically, we ceased the amortization of goodwill and certain intangible assets beginning January 1, 2002. Additionally, intangible assets, including goodwill, are now subjected to new impairment testing criteria annually or more frequently when circumstances occur that goodwill might be impaired.

The Company disclosed in its second quarter 2002 Form 10-Q that it had completed the first step of the transitional goodwill impairment test and there was an indication of impairment of goodwill. The Company completed its impairment analysis in the third quarter 2002 and concluded that its goodwill balance as it pertains to its manufacturing operations was impaired as defined by SFAS 142. As a result, the Company recorded a one-time cumulative effect of a change in accounting of approximately \$1.8 million, related to the Company's acquisition of EDA Controls in 1998. This charge was recorded as of January 1, 2002.

The company will continue to analyze its goodwill and other intangibles as it pertains to the services segment of the business for any potential impairment. Should the downturn in the service segment of our business continue, additional impairment charges related to the recorded goodwill and other intangibles may be necessary.

Table of Contents

PECO II, INC.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Cont.)**

4. Real estate impairment charges

The Company incurred a \$1.1 million impairment charge related to excess real estate listed for sale in the first quarter of 2003, reflecting the properties at their estimated current fair value based upon the market conditions that exist at this time.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
Results of Operations

Net sales declined to \$11.1 million for the three months ended March 31, 2003, a decrease of \$5.9 million, or 35%, compared to the same period in 2002. The product segment generated net sales of \$6.1 million for the first quarter 2003, a decrease of \$0.4 million, or 6%, compared to the first quarter 2002. The service segment generated net sales of \$5.0 million for the first quarter 2003, a decrease of \$5.5 million, or 52%, compared to the first quarter 2002. This decrease was primarily due to the reduction in spending by the communications industry, particularly in the service segment of the business. As of March 31, 2003, our sales backlog, which represents total dollar volume of firm sales orders not yet recognized as revenue, was \$6.7 million.

Gross margin dollars for the quarter ended March 31, 2003 were a negative \$1.6 million, compared to a negative \$0.2 million in 2002. Gross margin as a percentage of net sales declined to negative 14.4% compare to a negative 1.3% for the comparable prior year period. The product segment reported a negative gross margin of \$0.6 million, or a negative 9.1% of product sales, for the quarter ended March 31, 2003. The product segment's gross margin includes \$0.2 million related to a resolved dispute with a vendor involving inventory purchased. Excluding the additional \$0.2 million charge, the product segment showed an improved gross margin, primarily due to cost reductions related to outsourcing certain inventory products, in addition to the reduction in work force that was done during the first quarter of 2003. The service segment reported a negative gross margin of \$1.0 million for the quarter ended March 31, 2003, compared to a positive gross margin of \$1.3 million for the first quarter 2002. The service segment's lower revenue in the first quarter 2003 contributed to the negative gross margin, as some of the fixed costs were not absorbed. Additionally, cost overruns at certain installation sites in the first quarter 2003 attributed to the negative gross margin for the service segment.

Research, development and engineering expense decreased to \$1.2 million in the three months ended March 31, 2003 from \$2.7 million for the three months ended March 31, 2002. This represents a 55.5% decrease as we continue our efforts to align costs and headcount with the lower sales volume during 2002 and the first quarter 2003. The Company's total workforce was further reduced from 498 in December 2002 to 476 at the end of March and to 428 at April 30, while services personnel increased by 13 during that period.

Selling, general and administrative expense decreased to \$3.1 million for the quarter ended March 31, 2003 from \$4.7 million for the quarter ended March 31, 2002. This represents a 33.0% decrease in expenses. In our continued efforts to control expenses, centralization of certain administrative expenses are reflected in the \$1.6 million decrease from the first quarter 2002 to 2003. Our organization and business processes are actively being restructured to reflect the current economic and industry environment.

Liquidity and Capital Resources

Our primary liquidity needs for the foreseeable future will be for working capital and operations. At March 31, 2003, available cash equivalents approximated \$9.2 million. We have pledged \$10.2 million relating to the industrial revenue bonds associated with our Nashua, New Hampshire and Denver facilities. Both facilities are being held for sale. The \$10.2 million will be unrestricted at the time of the completed sale of these facilities. In April 2003, we received an expected tax refund of \$12.5 million.

Table of Contents

PECO II, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Cont.)

Working capital was \$46.7 million at March 31, 2003, which represented a working capital ratio of 3.1 to 1 compared to \$52.0 million, or 3.3 to 1, at December 31, 2002. Our working capital declined in the first quarter due primarily to operating losses and our need to borrow on our \$750,000 line of credit with our bank.

Our capital expenditures were \$16,000 for the three months ended March 31, 2003, reflecting our continued efforts to conserve cash.

Cash flow used in operating activities for the first quarter of 2003 was \$6.8 million due primarily to operating losses. We also experienced an increase in accounts receivables, due to higher revenue in latter part of the first quarter 2003.

In 1999, we acquired real estate in Nashua, New Hampshire at a cost of \$3.5 million, which was financed with the proceeds from an industrial revenue bond. In August 2001 we entered into adjustable rate industrial revenue bonds for \$6.5 million from the County of Arapahoe, Colorado in connection with the opening of our Denver service center. We intend to pay these obligations in 2003, since we expect to sell the facilities that secure this debt. As such, this debt has been classified as a current liability in the accompanying financial statements.

We executed a fifth amendment to the our second amended and restated security and loan agreement effective as of January 1, 2003, which waived tangible net worth covenant non-compliance and further reduced our bank loan facility to \$750,000. The amendment also modified the tangible net worth covenant and required that we maintain liquidity of not less than \$13 million through and including May 30, 2003 and not less than \$15 million beginning May 31, 2003, and continuing thereafter. As a condition of entering into the amendment, we were required to deposit \$10.2 million into a pledge account with the bank. The pledge will be reduced as the obligations to the bank with respect to our industrial revenue bond agreements are reduced. At March 31, 2003, we complied with the covenants under the loan agreement. As of March 31, 2003, we had \$702,000 in borrowings on our unsecured \$750,000 line of credit.

We do not currently plan to pay dividends, but rather to retain earnings for use in the operation of our business.

We believe that cash and cash equivalents on hand, anticipated cash flow from operations, the tax refund received in April 2003, disposal of excess facilities, and our credit facilities will be sufficient to fund our working capital and capital expenditure requirements for the next 12 months.

Critical Accounting Policies

In response to the SEC's Release No. 33-8040, "Cautionary Advice Regarding Disclosure about Critical Accounting Policies", the Company considers certain accounting policies related to revenue recognition, inventory valuation, impairment of long lived assets, and deferred income taxes to be critical policies due to the estimation processes involved in each. We state these accounting policies in the notes to the consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2002, which was filed on March 31, 2003, and at relevant sections in this discussion and analysis.

ITEM 3. Qualitative and Quantitative Disclosure About Market Risk

We are exposed to the impact of interest rate changes and, to a lesser extent, foreign currency fluctuations. We have not entered into interest rate transactions for speculative purposes or otherwise. Our foreign currency exposures were immaterial as of March 31, 2003. Our primary interest rate risk exposure has resulted from floating rate debt related to our revolving loan facility and would be immaterial to our results from operations if rates were to increase 1% from March 31, 2003 rates. We currently do not hedge our exposure to floating interest rate risk.

Table of Contents

PECO II, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Cont.)

ITEM 4. Controls and Procedures

- (a) Evaluation of disclosure controls and procedures. The Company's Chief Executive Officer and Acting Chief Financial Officer, after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-14) as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"), have concluded that as of the Evaluation Date, the Company's disclosure controls and procedures were effective in ensuring that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms.
- (b) Changes in internal controls. There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the Evaluation Date.

PART II. OTHER INFORMATION

ITEM 2(d) Use of Proceeds

On August 17, 2000, the SEC declared effective a Registration Statement on Form S-1 (File No. 333-37566) filed by us in connection with an initial public offering of 5,000,000 of our common shares, without par value. From the date of receipt of the proceeds from the offering through March 31, 2003, of the \$78.3 million in net proceeds, \$14.4 million was used to repay bank indebtedness, \$5.2 million was used in connection with the acquisitions of Thornton Communications and JNB Communications, \$16.2 million was used for capital expenditures, excluding the purchase of the Denver regional operating center in February 2001, which is being financed through industrial revenue bonds, and approximately \$23.5 million for general working capital purposes. The remaining net proceeds have been invested in short-term, interest-bearing, investment grade securities or guaranteed obligations of the U.S. government.

ITEM 6(a) Exhibits

10.1 Fifth Amendment to the Second Amendment and Restated Loan and Security Agreement, dated as of January 1, 2003, between PECO II, Inc. and The Huntington National Bank(A)

10.2 Release and Waiver Agreement, dated as of January 8, 2003, between the Company and Randolph C. Lumb (A)

(A) Incorporated by reference to the appropriate exhibit to the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 filed on March 31, 2003.

ITEM 6(b) Reports on Form 8-K

We did not file a report on Form 8-K during the quarter ended March 31, 2003.
