Item 2.02. Results of Operations and Financial Condition.

On July 26, 2018, Registrant released its second quarter 2018 earnings and is furnishing to the Securities and Exchange Commission ("SEC") a copy of the earnings press release as Exhibit 99.1 to this Report under Item 2.02 of Form 8-K.

Exhibit 99.1 to this Report contains certain financial measures that are considered "non-GAAP financial measures" as defined in the SEC rules. Exhibit 99.1 to this Report also contains the reconciliation of these non-GAAP financial measures to their most directly comparable financial measures calculated and presented in accordance with generally accepted accounting principles, as well as the reasons why Registrant's management believes that presentation of the non-GAAP financial measures provides useful information to investors regarding Registrant's results of operations and, to the extent material, a statement disclosing any other additional purposes for which Registrant's management uses the non-GAAP financial measures.

The information contained in Item 2.02 of this Report and in Exhibit 99.1 to this Report shall not be deemed "filed" with the Commission for purposes of Section 18 of the Exchange Act of 1934, as amended, or otherwise subject to the liability of that section.

Open-market repurchases will be made in compliance with the Securities and Exchange Commission's Rule 10b-18, and are subject to market conditions, as well as applicable legal and other considerations. Registrant expects to opportunistically repurchase up to \$500 million of shares during the remainder of 2018.

Forward-Looking Statements

This filing, and other written or oral statements made from time to time by management contain “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. The words “anticipate”, “believe”, “estimate”, “expect”, “intend”, “will”, “should” and similar expressions, as they relate to us, are intended to identify forward-looking statements. These statements reflect management’s current beliefs, assumptions and expectations and are subject to a number of factors that may cause actual results to differ materially. Such factors include but are not limited to: our ability to address our business challenges in order to reverse revenue declines, reduce costs and increase productivity so that we can invest in and grow our business; changes in economic and political conditions, trade protection measures, licensing requirements and tax laws in the United States and in the foreign countries in which we do business; changes in foreign currency exchange rates; our ability to successfully develop new products, technologies and service offerings and to protect our intellectual property rights; the risk that multi-year contracts with governmental entities could be terminated prior to the end of the contract term and that civil or criminal penalties and administrative sanctions could be imposed on us if we fail to comply with the terms of such contracts and applicable law; the risk that partners, subcontractors and software vendors will not perform in a timely, quality manner; actions of competitors and our ability to promptly and effectively react to changing technologies and customer expectations; our ability to obtain adequate pricing for our products and services and to maintain and improve cost efficiency of operations, including savings from restructuring actions; the risk that individually identifiable information of customers, clients and employees could be inadvertently disclosed or disclosed as a result of a breach of our security systems; reliance on third parties, including subcontractors, for manufacturing of products and provision of services; our ability to manage changes in the printing environment and expand equipment placements; interest rates, cost of borrowing and access to credit markets; funding requirements associated with our employee pension and retiree health benefit plans; the risk that our operations and products may not comply with applicable worldwide regulatory requirements, particularly environmental regulations and directives and anti-corruption laws; the outcome of litigation and regulatory proceedings to which we may be a party; the outcome of our process to evaluate all strategic alternatives to maximize shareholder value, including terminating or restructuring Xerox’s relationship with FUJIFILM Holdings Corporation (“Fujifilm”); and other factors that are set forth in the “Risk Factors” section, the “Legal Proceedings” section, the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section and other sections of our 2017 Annual Report on Form 10-K, as well as our Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC. Xerox assumes no obligation to update any forward looking statements as a result of new information or future events or developments, except as required by law.

Fuji Xerox Co., Ltd. (“Fuji Xerox”) is a joint venture between Xerox and Fujifilm in which Xerox holds a noncontrolling 25% equity interest and Fujifilm holds the remaining equity interest. Given our status as a minority investor, we have limited contractual and other rights to information with respect to Fuji Xerox matters. In April 2017, Fujifilm formed an independent investigation committee (the “IIC”) to primarily conduct a review of the appropriateness of the accounting practices at Fuji Xerox’s New Zealand subsidiary and at other subsidiaries. The IIC completed its review during the second quarter 2017 and identified aggregate adjustments to Fuji Xerox’s financial statements of approximately JPY 40 billion (approximately \$360 million) primarily related to misstatements at Fuji Xerox’s New Zealand and Australian subsidiaries. We determined that our share of the total adjustments identified as part of the investigation was approximately \$90 million and impacted our fiscal years 2009 through 2017. We revised our previously issued annual and interim consolidated financial statements for 2014, 2015 and 2016 and the first quarter of 2017. However, Fujifilm and Fuji Xerox continue to review Fujifilm’s oversight and governance of Fuji Xerox as well as Fuji Xerox’s oversight and governance over its businesses in light of the findings of the IIC.

In 2018, in connection with the completion of audits of Fuji Xerox’s fiscal year-end financial statements as of and for the years ended March 31, 2016 and 2017, as well as the review of Fuji Xerox’s unaudited interim financial statements as of and for the nine months ended December 31, 2017 and 2016, additional adjustments and misstatements were identified. These additional adjustments and misstatements were to the net income of Fuji Xerox for the period from 2010 through 2017 previously revised for the items identified by the IIC noted above. At this time, we can provide no assurances relative to the outcome of any potential governmental investigations or any consequences thereof that may happen as a result of this matter.
