(Address of principal executive office) (Zip Code)

Registrant's telephone number (404) 522-1202

Item 9. Regulation FD Disclosure.

GROUP MANAGEMENT ANNOUNCES RE-CAPITALIZATION PLAN

January 29, 2003, Atlanta, GA (Internet Wires). Group Management Corp., (OTCBB: GPMT) indicates that it has received from debenture holders notices of conversions totaling more than 8,942,689 shares. The debenture holders Markham Holdings, LTD and Ari Kluger of Alpha Capital, AG requested 7,591,338 and 1,351,351 shares respectively.

This unsolicited bid to take over the company places the debenture holders into the rules and regulations of the Exchange Act governing unsolicited takeovers.

Re-capitalization Plan

The Board of Directors met on January 28, 2003 and authorized (i) a name change, (ii) a CUSIP number change, (iii) a re-capitalization of the company's capital structure, (iv) and reorganization if necessary. A reorganization would give the Company 180 days to reorganize and place tremendous pressure on the debenture holders to go into the open market and cover their positions.

In desperation to cover their position, the attorney for the debenture holders attempted to go directly to the

Edgar Filing: GROUP MANAGEMENT CORP - Form 8-K

transfer agent to get shares but was denied.

Request Physical Certificate

Legal counsel is designing a strategy to force open market coverage by the debenture holders of their position. Legal counsel is requesting that all shareholders of the company call their broker and request a physical certificate for their shares. Once Standard and Poor's assigns the new CUSIP number, the certificates with the new CUSIP number will replace certificates with the old CUSIP number of registered shareholders.

Dividend Declaration

To place greater pressure on the debenture holders to make an open market cover of their positions the company is considering the creation of two new classes of stock, Class A and Class B. A declaration of a dividend on GPMT current common stock of 10 shares of the new Class A stock for each share of the current GPMT common stock held by shareholders, a dividend consisting of the new Class B stock of GPMT, with a record date prior to the notice of conversion. Each new share of the Class A and Class B common stock would have contingent dividend rights subject to the discretion of the Board of Directors.

Management's Statement

We feel that the debenture holders are attempting to harm the company and in our business judgment these measures will create shareholder value and help solidify the financial structure. Management will, in its business judgment, take whatever measures necessary to prevent any harm from occurring to the company.

Management encourages any company that has experienced similar problems to contact its legal counsel to document the occurrences.

The statements contained in this release are forward looking and may or may not occur. This is not a recommendation to buy or sell stock and we do not express any opinion as to whether a person should buy or sell stock based on this release. This release is for informational purposes only.
