This financial statement is the responsibility of Interpark 70 s management. Our responsibility is to express an opinion on this financial statement based upon our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and for inclusion in the Current Report on Form 8-K of Dividend Capital Trust Inc., as described in Note 1. Note 1 - Description of Business and Summary of Significant Accounting Policies

The accompanying statements of revenues and certain expenses reflect the operations of the Interpark 70 Center (Interpark 70) for the six months ended June 30, 2004 (unaudited) and for the year ended December 31, 2003. Interpark 70 consists of one industrial building comprising approximately 160,233 rentable square feet located in Denver, Colorado. As of December 31, 2003, Interpark 70 was approximately 71% occupied and subsequently became 83% occupied through the addition of new tenants.

Interpark 70 was acquired by Dividend Capital Trust Inc. (the Company) from an unrelated party on September 30, 2004 for a total cost of approximately \$8.9 million (which includes an acquisition fee of \$86,000 paid to Dividend Capital Advisors LLC, an affiliate), which was paid using net proceeds from the Company's public offering.

The accounting records of Interpark 70 are maintained on the accrual basis. The accompanying statements of revenues and certain expenses was prepared pursuant to Rule 3-14 of the Securities and Exchange Commission, and exclude certain expenses such as mortgage interest, depreciation and amortization, professional fees and other costs not directly related to future operations of Interpark 70.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The results of operations can be significantly impacted by the rental market of the Denver, Colorado region.

Interim Information (unaudited)

In the opinion of management, the unaudited information as of June 30, 2004 included herein contains all the adjustments necessary, which are of a normal recurring nature, to present fairly the revenue and certain expenses for the six months ended June 30, 2004. Results of interim periods are not necessarily indicative of results to be expected for the year. Management is not aware of any material factors that would cause the information included herein to not be indicative of future operating results.

Note 2 - Operating Leases

Interpark 70's revenues are obtained from tenant rental payments as provided for under non-cancelable operating leases. Interpark 70 records rental revenue for the full term of the lease on a straight-line basis. In the case where the minimum rental payments increase over the life of the lease, Interpark 70 records a receivable due from tenants for the difference between the amount of revenue recorded and the amount of cash received. This accounting treatment resulted in a decrease in rental revenue of \$6,899 and \$11,256 for the six months ended June 30, 2004 and the year ended December 31, 2003, respectively.

Edgar Filing: DIVIDEND CAPITAL TRUST INC - Form 8-K/A

Thereafter	\$ 1,749,980

Tenant reimbursements of operating expenses are included in other revenue in the accompanying statements of revenue and certain expenses.

The following table exhibits those tenants who accounted for greater than 10% of the rental revenues for the year ended December 31, 2003, and the corresponding percentage of the future minimum revenues above:
