PART I

Item 1. BUSINESS

(a) General Development of Business

Hormel Foods Corporation, a Delaware corporation (the Company), was founded by George A. Hormel in 1891 in Austin, Minnesota, as George A. Hormel & Company. The Company started as a processor of meat and food products and continues in this line of business. The Company name was changed to Hormel Foods Corporation on January 31, 1995. The Company is primarily engaged in the production of a variety of meat and food products and the marketing of those products throughout the United States and internationally. Although pork and turkey remain the major raw materials for Hormel products, the Company has emphasized for several years the manufacture and distribution of branded, value-added consumer items rather than the commodity fresh meat business. The Company has continually expanded its product portfolio through organic growth, new product development, and the completion of numerous strategic acquisitions.

In March of fiscal 2006, the Company acquired privately held Valley Fresh, Inc. (Valley Fresh) of Turlock, California. Valley Fresh has the leading market share in the canned ready-to-eat chicken category and distributes more than 50 convenient precooked chicken products on a national basis, primarily under the Valley Fresh brand.

In November of 2006, subsequent to the end of the 2006 fiscal year, the Company acquired the assets of Saag's Products, Inc. (Saag's). Saag's is based in San Leandro, California, and is a processor and marketer of branded, premium quality gourmet sausages and specialty smoked meats.

In December of 2006, also subsequent to the end of the 2006 fiscal year, the Company completed the acquisition of Provena Foods Inc. (Provena). Provena was a publicly traded company based in Chino, California, which provides pepperoni and pasta to pizza makers and packaged food manufacturers.

Internationally, the Company markets its products through Hormel Foods International Corporation (HFIC), a wholly owned subsidiary. HFIC has a presence in the international marketplace through joint ventures and placement of personnel in strategic foreign locations such as Australia, Canada, China, Japan, and the Philippines. HFIC also has a global presence with minority positions in food companies in Mexico (Hormel Alimentos, 50% holding) and the Philippines (Purefoods-Hormel, 40% holding), and in a hog production and processing operation in Vietnam (San Miguel Pure Foods (VN) Co. Ltd., 49% holding).

The Company has not been involved in any bankruptcy, receivership, or similar proceedings during its history. Substantially all of the assets of the Company have been acquired in the ordinary course of business.

The Company had no significant change in the type of products produced or services rendered, or in the markets or methods of distribution since the beginning of the 2006 fiscal year.

(b) Industry Segment

The Company's business is reported in five segments: Grocery Products, Refrigerated Foods, Jennie-O Turkey Store (JOTS), Specialty Foods, and All Other. Net sales to unaffiliated customers and operating profit, and the presentation of certain other financial information by segment, are reported in Note K of the Notes to Consolidated Financial Statements and in the Management's Discussion and Analysis of Financial Condition and Results of Operations of the Annual Stockholder's Report for the year ended October 29, 2006, incorporated herein by reference.

(c) Description of Business

Products and Distribution

Edgar Filing: Hormel Foods Corp /DE/ - Form 10-K

The Company's products primarily consist of meat and other food products. The meat products are sold fresh, frozen, cured, smoked, cooked, and canned. The percentages of total revenues contributed by classes of similar products for the last three fiscal years of the Company are as follows:

	Year Ended		October 30, 2005		October 30, 2004
	October 29, 2006				
Perishable meat	53.8	%	54.0	%	50.7
Poultry	19.7		20.1		22.0
Shelf-stable	17.1		16.3		16.9
Other	9.4		9.6		10.4
	100.0	%	100.0	%	100.0

Reporting of revenues from external customers is based on similarity of products, as the same or similar products are sold across multiple distribution channels such as retail, foodservice, or international. Revenues reported are based on financial information used to produce the Company's general-purpose financial statements.

Perishable meat includes fresh meats, sausages, hams, wieners, and bacon (excluding JOTS products.) The Poultry category is composed primarily of JOTS products. Shelf-stable includes canned luncheon meats, shelf-stable microwaveable entrees, stews, chilies, hash, meat spreads, flour and corn tortillas, salsas, tortilla chips, and other items that do not require refrigeration. The Other category primarily consists of nutritional food products and supplements, sugar and sugar substitutes, creamers, salt and pepper products, sauces and salad dressings, dessert and drink mixes, and industrial gelatin products.

In fiscal 2005, the Company began test marketing *Hormel Natural Choice* sliced lunchmeats, which use high-pressure processing technology. Due to successful test market results, this line was rolled out on a national basis during fiscal 2006. *Natural Choice* deli hams, roast beef, and turkey were also introduced during the year. No other new products in fiscal 2006 required a material investment of the Company assets.

Domestically, the Company sells its products in all 50 states. Hormel products are sold through Company sales personnel, operating in assigned territories coordinated from sales offices located in most of the larger U.S. cities, as well as independent brokers and distributors. Dedicated sales teams also serve major retail customers and coordinate sales of both Grocery Products and Refrigerated Foods products. As of October 29, 2006, the Company had approximately 575 sales personnel engaged in selling its products. Distribution of products to customers is primarily by common carrier.

Through HFIC, the Company markets its products in various locations throughout the world. Some of the larger markets include Australia, Canada, China, England, Japan, Mexico, and Micronesia. The distribution of export sales to customers is by common carrier, while the China operations own and operate their own delivery system. The Company, through HFIC, has licensed companies to manufacture various Hormel products internationally on a royalty basis, with the primary licensees being Tulip International of Denmark and CJ Corp. of South Korea.

Raw Materials

The Company has, for the past several years, been concentrating on processed branded products for consumers with year-round demand to minimize the seasonal variation experienced with commodity-type products. Pork continues to be the primary raw material for Company products. Although the live pork industry has evolved to large, vertically integrated, year-round confinement operations, and supply contracts have become prevalent in the industry, there is still a seasonal variation in the supply of fresh pork materials. The Company's expanding line of processed items has reduced but not eliminated the sensitivity of Company results to raw material supply and price fluctuations.

The majority of the hogs harvested by the Company are purchased under supply contracts from producers located principally in California, Colorado, Idaho, Illinois, Iowa, Kansas, Minnesota, Nebraska, Oklahoma, South Dakota, Texas, Utah, Wisconsin, and Canada. The cost of hogs and the utilization of the Company's facilities are affected by both the level and the methods of pork production in the United States. The movement toward year-round confinement operations which operate under supply agreements with processors has resulted in fewer hogs being available on the spot cash market, which decreases the supply of hogs on the open market. The Company, along with others in the industry, uses supply contracts to manage the effects of this trend and to ensure a stable supply of raw materials. The Company has been actively converting its contracts to market-based formulas to better match input costs with customer pricing, and all contract costs are fully reflected in the Company's reported financial results. In fiscal 2006, the Company purchased 81 percent of its hogs under supply contracts. The Farmer John operation also procures a portion of its hogs through farms which the Company either owns or operates in Arizona, California, and Wyoming.

In fiscal 2006, JOTS raised approximately 57 percent of the turkeys needed to meet its raw material requirements for whole bird and processed turkey products. Turkeys not sourced within the Company are contracted with independent turkey growers. JOTS' turkey-raising farms are located throughout Minnesota and Wisconsin. Production costs in raising turkeys are primarily subject to fluctuations in feed grain prices and, to a lesser extent, fuel costs. To manage this risk, the Company periodically hedges its anticipated purchases of grain using futures contracts.

Manufacturing

Edgar Filing: HORMEL FOODS CORP /DE/ - Form 10-K

The Company has plants in Austin, Minnesota; Fremont, Nebraska; Vernon, California; and Beijing, China that harvest hogs for processing. Quality Pork Processors, Inc. of Dallas, Texas, operates the harvesting facility at Austin under a custom harvesting arrangement.

Facilities that produce and distribute manufactured items are located in Albert Lea, Minnesota; Algona, Iowa; Alma, Kansas; Aurora, Illinois; Austin, Minnesota; Beloit, Wisconsin; Bondurant, Iowa; Bremen, Georgia; Browerville, Minnesota; Chino, California; Ft. Dodge, Iowa; Fremont, Nebraska; Knoxville, Iowa; Lathrop, California; Long Prairie, Minnesota; Mitchellville, Iowa; New Berlin, Wisconsin; Osceola, Iowa; Perrysburg, Ohio; Quakertown, Pennsylvania; Rochelle, Illinois; San Leandro, California; Savannah, Georgia; Sparta, Wisconsin; St. Paul, Minnesota; Stockton, California; Tucker, Georgia; Turlock, California; Vernon, California; Visalia, California; Wichita, Kansas; Beijing, China; and Shanghai, China. Albert Lea Select Foods, Inc. of Dallas, Texas, operates the processing facility at Albert Lea under a custom manufacturing agreement. The Company's Houston, Texas facility was closed during fiscal 2006. Company products are also custom manufactured by several other companies. The following are the Company's larger custom manufacturers: Steuben Foods, Jamaica, New York; Lakeside Packing Company, Manitowoc, Wisconsin; Schroeder Milk, Maplewood, Minnesota; Reichel Foods, Rochester, Minnesota; Power Packaging, St. Charles, Illinois; and Tony Downs, St. James, Minnesota. Power Logistics, Inc., based in St. Charles, Illinois, operates distribution centers for the Company in Dayton, Ohio, and Osceola, Iowa.

The Company's turkey harvest and processing operations are located in Barron, Wisconsin; Faribault, Minnesota; Melrose, Minnesota; Montevideo, Minnesota; Pelican Rapids, Minnesota; and Willmar, Minnesota.

Patents and Trademarks

Edgar Filing: Hormel Foods Corp /DE/ - Form 10-K

There are numerous patents and trademarks that are important to the Company's business. The Company holds 6 foreign and 50 U.S. issued patents. Some of the trademarks are registered and some are not. Some of the more significant owned or licensed trademarks used in the Company's segments are:

HORMEL, ALWAYS TENDER, AUSTIN BLUES, BLACK LABEL, BREAD READY, CAFÉ H, CALIFORNIA NATURAL, CARAPELLI, CHI-CHI'S, CURE 81, CUREMASTER, DAN'S PRIZE, DI LUSO, DINTY MOORE, DODGER DOGS, DUBUQUE, EL TORITO, FARMER JOHN, GRINGO PETE'S, FAST N EASY, HERB-OX, HERDEZ, HOMELAND, HOUSE OF TSANG, JENNIE-O TURKEY STORE, KID'S KITCHEN, LAYOUT, LITTLE SIZZLERS, LLOYD'S, MANNY'S, MARRAKESH EXPRESS, MARY KITCHEN, MEXICAN ACCENT, NATURAL CHOICE, OLD SMOKEHOUSE, PATAK'S, PELOPONNESE, PILLOW PACK, RANGE BRAND, ROSA, SAAG'S, SANDWICH MAKER, SPAM, STAGG, SWEET THING, THICK & EASY, VALLEY FRESH, and WRANGLERS.

The Company's patents expire after a term that is typically 20 years from the date of filing, with earlier expiration possible based on the Company's decision to pay required maintenance fees. As long as the Company intends to continue using its trademarks, they are renewed indefinitely.

Customers and Backlog Orders

Edgar Filing: HORMEL FOODS CORP /DE/ - Form 10-K

During fiscal year 2006, no customer accounted for more than 10 percent of total Company sales. The five largest customers in each segment make up approximately the following percentage of segment sales: 49 percent of Grocery Products, 38 percent of Refrigerated Foods, 35 percent of JOTS, 35 percent of Specialty Foods, and 19 percent of All Other. The loss of one or more of the top customers in any of these segments could have a material adverse effect on the results of such segment. Backlog orders are not significant due to the perishable nature of a large portion of the products. Orders are accepted and shipped on a current basis.

Competition

Edgar Filing: Hormel Foods Corp /DE/ - Form 10-K

The production and sale of meat and food products in the United States and internationally are highly competitive. The Company competes with manufacturers of pork and turkey products, as well as national and regional producers of other meat and protein sources, such as beef, chicken, and fish. The Company believes that its largest domestic competitors for its Refrigerated Foods segment in 2006 were Tyson Foods, Smithfield Foods, and ConAgra Foods; for its Grocery Products segment, ConAgra Foods, Pinnacle Foods, and Campbell Soup Co.; and for JOTS, Cargill, Inc. and Butterball, LLC.

All segments compete on the basis of price, product quality, brand identification, and customer service. Through aggressive marketing and strong quality assurance programs, the Company's strategy is to provide higher quality products that possess strong brand recognition, which would then support higher value perceptions from customers.

The Company competes using this same strategy in international markets around the world.
