Proxy Statement for

*The Annual Meeting of Stockholders
To Be Held on Friday, June 1, 2007*

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board of Directors, or the Board) of Anika Therapeutics, Inc. (Anika Therapeutics, the Company, we, us, or our), a Massachusetts corporation, for use at the 2007 Annual Meeting of Stockholders (the Annual Meeting) to be held at the offices of Goodwin Procter LLP, 53 State Street, Boston, Massachusetts 02109 on Friday, June 1, 2007, at 9:00 a.m. local time and at any adjournment or postponement thereof. At the Annual Meeting, the stockholders will be asked to consider and vote upon the following matters:

1. The election of two (2) Class II directors, each to serve until the 2010 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified; and
2. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

This proxy statement, the accompanying notice of Annual Meeting, the form of proxy and Anika Therapeutics Annual Report are first being sent to stockholders on or about April 25, 2007. Our Annual Report, however, is not a part of the proxy solicitation material. The Board of Directors has fixed the close of business on April 20, 2007 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. Only stockholders of record of our common stock, par value \$.01 per share, at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 10,972,928 shares of common stock outstanding and entitled to vote at the Annual Meeting. Holders of common stock as of the close of business on the record date will be entitled to one vote per share.

All properly authorized proxies received and not revoked prior to or at the Annual Meeting will be voted in accordance with the stockholders instructions by the persons named as proxies. If no voting instructions are specified, properly executed proxies will be voted FOR the election of the nominees for director listed in this proxy statement. If other matters are presented, proxies will be voted in accordance with the discretion of the persons named as proxies. A stockholder may revoke a proxy at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of Anika Therapeutics or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares held of record by stockholders or their nominees who do not return a signed and dated proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Proxies withholding authority or marked as abstaining from a particular matter will be treated as present for purposes of determining whether a quorum is present for the Annual Meeting, but will not be counted as voting on any proposal for which authority is withheld or an abstention is indicated. If your common stock is held by a broker, bank or other nominee (i.e., in street name) and you fail to give instructions as to how you want your shares voted (a non-vote), the broker, bank or other nominee may in certain circumstances, but is not required to, vote the shares in their own discretion; however, in certain circumstances a broker will not be permitted to vote such shares in its own discretion. Proxies returned by brokers as non-votes on behalf of shares held in street name will be counted only for the purpose of

determining the presence or absence of a quorum for the transaction of business. Any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the proposal to approve the election of directors except to the extent that the failure to vote for an individual in the election of directors results in another individual receiving a larger percentage of votes.

The election of directors will be determined by a plurality of the votes cast if a quorum is present. In a plurality election, votes may only be cast in favor of or withheld from each proposal; votes that are withheld will be excluded entirely from the vote and will have no effect. This means that the two persons receiving the highest number of FOR votes will be elected as directors.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is currently comprised of six directors and is divided into three classes: Class I, Class II and Class III. Each class of directors serves for a three-year term with one class of directors being elected by our stockholders at each annual meeting.

Drs. Bower and Davidson serve as Class I Directors with a term of office expiring at the 2009 Annual Meeting. Messrs. Land and Moran serve as Class II Directors with a term of office expiring at the 2007 Annual Meeting. Mr. Wheeler and Dr. Sherwood serve as Class III Directors with a term of office expiring at the 2008 Annual Meeting.

Messrs. Land and Moran are our Board of Directors nominees for election to the Board of Directors at the Annual Meeting. The Class II Directors will be elected to hold office until the 2010 Annual Meeting and until their successors are duly elected and qualified. Unless otherwise instructed, the persons named in the accompanying proxy will vote, as permitted by the Amended and Restated By-laws of Anika Therapeutics, to elect Mr. Land and Mr. Moran as Class II Directors.

The election of a director requires the affirmative vote of a plurality of votes cast by the holders of common stock entitled to vote on the matter. In a plurality election, votes may only be cast in favor of or withheld from each proposal; votes that are withheld will be excluded entirely from the vote and will have no effect. This means that the two persons receiving the highest number of FOR votes will be elected as directors.

If any of the Class II Directors becomes unavailable or declines to serve, the persons acting under the accompanying proxy may vote the proxy for the election of a substitute in their discretion. The Board of Directors has no reason to believe that either of the nominees will be unable or unwilling to serve if elected. There are no arrangements or understandings between any nominee and any other person pursuant to which such nominee was selected. **The Board of Directors Recommends a Vote FOR each Director Nominee.**

Corporate Governance, Board Matters and Committees

The Board of Directors has determined that each of its incumbent members, except for Dr. Sherwood, is independent within the meaning of director independence standards of Rule 4200(a)(15) of the National Association of Securities Dealers (the NASD), NASDAQ listing standards and the Securities and Exchange Commission (SEC), including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board of Directors based these determinations primarily on a review of the responses of each director to questions regarding employment and compensation history, affiliations and family and other relationships and on other relevant discussions with the directors.

Independent directors meet periodically in executive sessions without management participation. The executive sessions generally occur in connection with regularly scheduled meetings of the Board of Directors, committees of the Board of Directors and at other times the independent directors deem appropriate. The executive sessions are chaired either by the Lead Director or by the chair of the Board committee having jurisdiction over the particular subject matter to be discussed at the particular meeting or portion of a meeting.

Effective April 11, 2005, the Board of Directors designated Dr. Bower as Lead Director until his resignation or election of a successor. The Lead Director's responsibilities are to convene and chair meetings of the Board of Directors, convene and chair executive sessions of the independent directors, provide feedback to the Chief Executive Officer on executive sessions, collaborate with the Chief

Executive Officer in setting meeting agendas, and facilitate discussion among the independent directors outside of meetings of the Board. The Lead Director receives an annual retainer of \$10,000 (in addition to other director compensation) for service as the Lead Director.

Anika Therapeutics Board of Directors met seven times during 2006. No director attended less than 75% of the aggregate of: (1) the total number of Board meetings and (2) the total number of meetings held by all committees on which such director served. Our Annual Meeting of Stockholders is generally held to coincide with one of the Board's regularly scheduled meetings. Directors are strongly encouraged to attend the Annual Meeting. Each of the then current directors attended the 2006 Annual Meeting of Stockholders.

The Board of Directors currently has three standing committees:

- an Audit Committee;
- a Compensation Committee; and
- a Nominating Committee.

The Board of Directors has adopted a written charter for each of the Audit Committee, the Compensation Committee and the Nominating Committee. The Audit Committee has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. You can find links to these materials in the corporate governance section of our website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement.

Audit Committee. The current members of the Audit Committee are Mr. Land, as Chairperson, Dr. Bower and Mr. Wheeler. In January 2006, Samuel F. McKay resigned from the Board of Directors, and Mr. Land filled the vacancy on the Audit Committee. Messrs. Land and Wheeler and Dr. Bower served on the Audit Committee throughout 2006. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by NASDAQ and the SEC, including Rule 10A-3(b)(1) under the Exchange Act. In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and has the requisite financial sophistication required by the NASD audit committee requirements. In addition, the Board of Directors has determined that Mr. Land qualifies as an audit committee financial expert under the rules of the SEC. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Land's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Land any duties, obligations or liability that are greater than those that are generally imposed on him as a member of the Audit Committee and the Board of Directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board of Directors.

The purposes of the Audit Committee are, among other things, to (1) oversee the accounting and financial reporting processes of Anika Therapeutics and the audits of its financial statements, (2) take or recommend that the Board of Directors take appropriate action to oversee the qualifications, independence and performance of Anika Therapeutics' independent registered public accounting firm and (3) prepare an Audit Committee report as required by the SEC to be included in Anika Therapeutics' annual proxy statement. The Audit Committee has direct authority to appoint, retain, oversee and, when appropriate, terminate Anika Therapeutics' independent registered public accounting firm. The Audit Committee also has the responsibility to confer with the independent registered public accounting firm regarding the scope, method and result of the audit of our books and records and to report the same to the Board of Directors and to establish and monitor a policy relative to non-audit services provided by the independent registered public accounting firm in order to ensure their independence.

The Audit Committee operates under a written charter adopted by the Board of Directors, which was revised effective March 2004. The charter may be viewed in the corporate governance section of Anika Therapeutics' website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement. The Audit Committee holds separate sessions of its meetings, outside the presence of management, with Anika Therapeutics' independent auditors in conjunction with each regularly scheduled Audit Committee meeting that the independent auditors participate in. The Audit Committee met five times during 2006.

Compensation Committee. The current members of the Compensation Committee are Dr. Bower, as Chairperson, Dr. Davidson and Mr. Wheeler, each of whom is independent for purposes of NASDAQ listing standards and the SEC. Mr. Wheeler and Drs. Bower and Davidson served on the Compensation Committee throughout 2006. The Compensation Committee, among other things, exercises on behalf of the Board of Directors all of the Board's responsibilities relating to the development and implementation of Anika Therapeutics' compensation programs which provide incentives that further Anika Therapeutics' long-term strategic plan with the goal of enhancing enduring stockholder value, including: (1) reviewing and approving corporate goals and objectives relevant to the compensation of Anika Therapeutics' Chief Executive Officer and evaluating his or her performance in light of those goals, (2) determining, with the advice and assistance of the Chief Executive Officer, the compensation of Anika Therapeutics' officers other than the Chief Executive Officer, (3) overseeing Anika Therapeutics' overall compensation programs, including granting awards under Anika Therapeutics' 2003 Stock Option and Incentive Plan (the 2003 Plan) and (4) preparing a report on executive compensation to be included in Anika Therapeutics' annual proxy statement. The Board of Directors has approved a written charter for the Compensation Committee, the text of which may be viewed in the corporate governance section of Anika Therapeutics' website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement. The Compensation Committee met four times during 2006.

Nominating Committee. The current members of the Nominating Committee are Mr. Wheeler, as Chairperson, Drs. Bower and Davidson, and Mr. Land, each of whom is independent for purposes of NASDAQ listing standards and the SEC. In January 2006, Samuel F. McKay resigned from the Board of Directors and Mr. Land filled the vacancy on the Nominating Committee. Messrs. Wheeler and Land, and Drs. Bower and Davidson served on the Nominating Committee throughout 2006. The Nominating Committee is primarily responsible for (1) recommending to the Board of Directors the criteria for Board and committee membership and (2) identifying, evaluating and recommending nominees to stand for election as directors at each Annual Meeting of Stockholders, including incumbent directors and candidates recommended by stockholders. In addition, the Nominating Committee is responsible for annually reviewing and recommending to the Board of Directors compensation for non-employee directors. The Board of Directors has approved a written charter for the Nominating Committee, the text of which may be viewed in the corporate governance section of Anika Therapeutics' website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement. The Nominating Committee met once during 2006.

When considering candidates for director, the Nominating Committee takes into account a number of factors, including the following minimum qualifications: the nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other members of the Board, in collectively serving the long-term interests of the stockholders. In addition, the Nominating Committee will take into consideration such other factors as it deems appropriate, including any direct experience in the biotechnology, pharmaceutical and/or life sciences industries or in the markets in which Anika Therapeutics operates and whether the candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background

and experience. The Nominating Committee may also consider, among other things, the skills of the candidate, his or her availability, depth and breadth of experience or other background characteristics, and his or her independence. Depending upon the current needs of the Board, these and other factors may be weighed more or less heavily by the Nominating Committee.

The Nominating Committee will consider written recommendations from stockholders of Anika Therapeutics regarding potential candidates for election as directors. The Nominating Committee will review and evaluate the qualifications of director nominee candidates who have been recommended by stockholders in compliance with procedures established from time to time by the Nominating Committee and conduct such inquiries as it deems appropriate. The Nominating Committee will consider for nomination any proposed director candidate who is deemed qualified by the Nominating Committee in light of the minimum qualification and other criteria for Board membership described above or otherwise approved by the Board from time to time.

Stockholders wishing to suggest a candidate for director should write to the Nominating Committee c/o Chief Financial Officer at Anika Therapeutics, Inc., 160 New Boston Street, Woburn, Massachusetts 01801 and include:

- The name and address of record of the stockholder;
- A representation that the stockholder is a record holder of Anika Therapeutics common stock, or if the stockholder is not a record holder, evidence of ownership in accordance with SEC Rule 14a-8(b)(2) of the Exchange Act;
- The name, age, business and residential address, educational background, public company directorships, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate;
- A description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications and other criteria for Board membership approved by the Board from time to time;
- A description of all arrangements or understandings between the stockholder and the proposed director candidate;
- The written consent of the proposed director candidate (1) to be named in the proxy statement relating to Anika Therapeutics Annual Meeting of Stockholders, (2) to have all required information regarding such candidate included in the proxy statement relating to Anika Therapeutics Annual Meeting of Stockholders filed pursuant to the rules of the SEC and (3) to serve as a director if elected at such annual meeting; and
- Any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to the rules of the SEC.

The Nominating Committee may solicit recommendations for candidates for directors from non-management directors, the Chief Executive Officer, other executive officers, third-party search firms and such other sources as it deems appropriate, including stockholders. The Nominating Committee will review and evaluate the qualifications of all such proposed candidates in the same manner and without regard to the source of the recommendation.

The Exchange Act requires that Anika Therapeutics' officers, directors and persons who own more than 10% of Anika Therapeutics' common stock file initial reports of ownership and reports of changes in ownership with the SEC and NASDAQ. Officers, directors and persons who beneficially own more than 10% of Anika Therapeutics' common stock are also required to furnish us with a copy of all forms they file pursuant to Section 16(a) of the Exchange Act. To Anika Therapeutics' knowledge, based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to us under Rule 16a-3(e) of the Exchange Act for the year ended December 31, 2006, no officer, director or person who owns more than 10% of Anika Therapeutics' outstanding shares of common stock failed to file such reports on a timely basis.

COMPENSATION DISCUSSION AND ANALYSIS

This section describes and analyzes the material elements of 2006 compensation for the Anika Therapeutics executive officers identified in the Summary Compensation Table hereunder. We refer to these individuals as the named executive officers, or NEOs. The Compensation Committee of the Board of Directors oversees all decisions regarding the compensation of the NEOs, including base salary, annual bonuses, equity incentives, perquisites, and other agreements and arrangements.

Philosophy and Process

The overall objective of Anika Therapeutics' executive compensation policy is to attract and retain highly qualified executive officers and motivate them to provide a high level of performance for the benefit of Anika Therapeutics and its shareholders. The Compensation Committee approves Anika Therapeutics' compensation policies and oversees Anika Therapeutics' overall compensation program. The Committee

believes that to accomplish these objectives the compensation packages should provide executive officers with market competitive base salaries and the opportunity to earn additional compensation based upon Anika Therapeutics' achievement of objectives, financial performance, and the performance of Anika Therapeutics' common stock. In considering compensation for Anika Therapeutics' executive officers, the Compensation Committee relies primarily on the Company's financial performance, an assessment of the individual's performance and contribution to Anika Therapeutics and the achievement of corporate objectives, in addition to quantitative factors such as compensation trends generally. In this regard the Compensation Committee reviews surveys of executive compensation and information concerning compensation at similarly situated companies.

Components of Compensation

The principal components of Anika Therapeutics' compensation policy for its executive officers are base salary, cash bonuses, and equity based grants. Decisions regarding each component are made independent of any other component.

The primary component of compensation for Anika Therapeutics' executive officers is base salary. Base salary levels for Anika Therapeutics' executive officers are determined based upon an evaluation of a number of factors, including the individual's level of responsibility, experience, performance and competitive market practices as determined by Anika Therapeutics' analysis of management compensation surveys, and a review of other published data relating to executive compensation.

The second principal component of Anika Therapeutics' compensation policy for executive officers consists of discretionary cash bonuses. The Compensation Committee considers the achievement of financial objectives, organizational development, business and technical development, and contribution to corporate objectives in its discretion to determine the amounts and timing of the bonuses. Historically, cash bonuses for the most recently completed fiscal year are awarded contemporaneously with annual compensation reviews for the new fiscal year. Bonuses are prorated in the year of hire. The Compensation Committee also grants cash bonuses for executive retention purposes, taking into account, among other things, general industry practices, as well as special performance bonuses in exceptional circumstances. For 2006, the Compensation Committee utilized the services of Mellon Human Resources & Investor Solutions to assist in determining cash bonuses.

The third principal component of Anika Therapeutics' compensation policy for executive officers consists of grants under the 2003 Stock Option and Incentive Plan. Under this plan executive officers may be granted stock options or other forms of equity security such as stock appreciation rights or restricted stock. This element of Anika Therapeutics' compensation policy provides the opportunity for Anika Therapeutics' executive officers to be compensated based upon increases in the market price of Anika Therapeutics' common stock. For the 2006 grants, the Compensation Committee utilized the services of Mellon Human Resources & Investor Solutions to assist in determining long term incentives. The Compensation Committee has delegated to the CEO the ability to make grants to non-officer employees under the 2003 Stock Option and Incentive Plan up to an annual maximum of 10,000 shares per individual and 50,000 shares per year in the aggregate, and provided any such grants comply with all existing plan and statutory requirements.

Compensation of Chief Executive Officer. In 2006, Dr. Sherwood's annual salary was \$375,000 and effective January 1, 2007, Dr. Sherwood's annual salary was increased to \$412,000. In determining the compensation for Dr. Sherwood in 2006, the Compensation Committee evaluated the achievement of corporate, individual and organizational objectives by Anika Therapeutics in 2005. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Executive Officers in comparably-sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies. The Compensation Committee also

factored into its evaluation the aggregate value of all compensation received by the Chief Executive Officer, including the total beneficial ownership of Anika Therapeutics represented by the Chief Executive Officer's in-the-money stock options as compared to the holdings of other comparably situated Chief Executive Officers.

In January 2006, Dr. Sherwood was awarded stock appreciation rights to acquire up to 49,000 shares of common stock at an exercise price of \$10.51 per share (in connection with the annual compensation review for fiscal 2006), vesting in four equal annual installments. In December 2006, Dr. Sherwood was awarded stock appreciation rights to acquire up to 49,000 shares of common stock at an exercise price of \$10.36 per share (in connection with the annual compensation review for fiscal 2007), vesting in four equal annual installments.

In recognition of the achievement of the corporate, individual and organizational objectives of Anika Therapeutics for the 2006 fiscal year, in January 2007 the Compensation Committee awarded Dr. Sherwood a cash bonus of \$150,000.

Compensation of Chief Financial Officer. In 2006, Mr. Quinlan's annual salary was \$224,000 and effective January 1, 2007, Mr. Quinlan's annual salary was increased to \$232,000. In determining the compensation for Mr. Quinlan in 2006, the Compensation Committee evaluated the achievement of corporate, individual and organizational objectives by Anika Therapeutics in 2005. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Financial Officers in comparably-sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies.

In January 2006, Mr. Quinlan was awarded stock appreciation rights to acquire up to 6,500 shares of common stock at an exercise price of \$10.51 per share (in connection with the annual compensation review for fiscal 2006), vesting in four equal annual installments. In December 2006, Mr. Quinlan was awarded stock appreciation rights to acquire up to 13,000 shares of common stock at an exercise price of \$10.36 per share (in connection with the annual compensation review for fiscal 2007), vesting in four equal annual installments. In recognition of the achievement of the corporate, individual and organizational objectives of Anika Therapeutics for the 2006 fiscal year, in January 2007 the Compensation Committee awarded Mr. Quinlan a cash bonus of \$42,013.

Compensation of Vice President of Operations. In 2006, Mr. Luppino's annual salary was \$203,000 and effective January 1, 2007, Mr. Luppino's annual salary was increased to \$210,000. In determining the compensation for Mr. Luppino in 2006, the Compensation Committee evaluated the achievement of corporate, individual and organizational objectives by Anika Therapeutics in 2005.

In January 2006, Mr. Luppino was awarded stock appreciation rights to acquire up to 13,000 shares of common stock at an exercise price of \$10.51 per share (in connection with the annual compensation review for fiscal 2006), vesting in four equal annual installments. In December 2006, Mr. Luppino was awarded stock appreciation rights to acquire up to 13,000 shares of common stock at an exercise price of \$10.36 per share (in connection with the annual compensation review for fiscal 2007), vesting in four equal annual installments. In recognition of the achievement of the corporate, individual and organizational objectives of Anika Therapeutics for the 2006 fiscal year, in January 2007 the Compensation Committee awarded Mr. Luppino a cash bonus of \$38,168.

Deductibility of Executive Compensation. The Internal Revenue Code of 1986, as amended (the Code), limits the federal income tax deductibility of compensation paid to Anika Therapeutics' Chief Executive Officer and to each of the other four most highly compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. Anika Therapeutics may deduct compensation with respect to any of these individuals only to the extent that during any fiscal

year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). Considering Anika Therapeutics' current compensation plans and policy, Anika Therapeutics and the Compensation Committee believe that, for the near future, there is little risk that Anika Therapeutics will lose any significant tax deduction relating to executive compensation. If the deductibility of executive compensation becomes a significant issue, Anika Therapeutics' compensation plans and policies may be modified to maximize deductibility if Anika Therapeutics and the Compensation Committee determine that such action is in the best interests of Anika Therapeutics.

Agreements with Named Executive Officers

Dr. Sherwood has an at-will employment relationship with Anika Therapeutics, the terms of which are evidenced by an offer letter which was countersigned by Dr. Sherwood at the commencement of his employment on April 20, 1998. Under the offer letter, Dr. Sherwood was awarded, in addition to his respective salary, a grant of stock options for 75,000 shares of common stock vesting in equal installments over four years, plus bonuses and benefits. If Anika Therapeutics terminates Dr. Sherwood's employment without cause, the offer letter entitles him to severance in the amount of six months current base salary and six months medical benefits. In the event of a hostile change of control (as defined in the offer letter) and Dr. Sherwood either is not offered employment with the new company or resigns from employment with the new company that is not comparable employment, he will be entitled to the same benefits as if he had been terminated by Anika Therapeutics without cause. Messrs. Luppino and Quinlan also have at-will employment relationships with Anika Therapeutics and entered into similar offer letters at the commencement of their employment. If Anika Therapeutics terminates Mr. Quinlan's employment without cause, his offer letter entitles him to severance in the amount of six months current base salary and six months medical benefits.

Dr. Sherwood is also party to a change in control, bonus and severance agreement dated July 8, 2002, Mr. Luppino is party to a change in control agreement dated June 9, 2003, and Mr. Quinlan is a party to a change in control agreement dated July 11, 2005. Under the change in control agreements, upon the effective date of a change in control, Dr. Sherwood is entitled to a lump-sum payment equal to 100% of his annual salary and Messrs. Quinlan and Luppino are each entitled to a lump-sum payment equal to 50% of their annual salary. These change in control agreements also provide Dr. Sherwood and Messrs. Quinlan and Luppino the right to receive payment of an additional lump-sum equal to 100% of annual salary and 12 months of benefits payments in the event that their employment is terminated within 12 months after a change in control and that termination is (i) by Anika Therapeutics and without cause (as defined in the applicable agreement), or (ii) by the executive for good reason (as defined in the applicable agreement). See the table hereunder entitled Potential Payments upon Termination or Change in Control .

We believe that establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. Executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, group life and accidental death and dismemberment insurance, short- and long-term disability coverage and our 401(k) plan, in each case on the same basis as other employees. We provide a matching contribution under our 401(k) plan. None of our NEOs participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by Anika Therapeutics, nor are covered by a defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

2003 Stock Option and Incentive Plan

In 2003, Anika Therapeutics adopted the 2003 Stock Option and Incentive Plan (the 2003 Plan) to provide incentives to officers, employees, non-employee directors and other key persons. The 2003 Plan is administered by the Compensation Committee of the Board of Directors, which, in its discretion, may grant stock-based awards, including incentive stock options, non-qualified stock options, stock appreciation

rights, deferred stock, restricted stock, unrestricted stock, performance shares and dividend equivalent rights. The 2003 Plan provides that in the event of a change of control as defined in the 2003 Plan, generally all stock options and stock appreciation rights will automatically become fully exercisable and that the restrictions and conditions on all awards of restricted stock, deferred stock awards and performance share awards will automatically be deemed waived. At December 31, 2006, a total of 1,547,412 options and shares were outstanding under the plan at a weighted average price of \$6.39, and the total number of remaining options and shares of common stock available for future grants was 572,365. See section entitled "Option Grants in Last Fiscal Year" for information regarding grants in 2006 to NEOs.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The accounting firm of PricewaterhouseCoopers LLP (PwC) has served as Anika Therapeutics' principal independent auditor since the fiscal year 2002. A representative of PwC is expected to be present at the Annual Meeting of Stockholders and will have the opportunity to make a statement if he desires to do so and will be available to respond to appropriate questions from stockholders.

Fees Paid to Anika Therapeutics' Principal Independent Auditor

The following table summarizes the fees that Anika Therapeutics paid or accrued for audit and other services provided by its principal independent auditor for each of the last two fiscal years:

Fee Category	2006	2005
Audit fees	\$ 459,000	\$ 380,000
Tax fees	54,000	71,000
Total fees	\$ 513,000	\$ 451,000

For purposes of the preceding table:

- Audit fees consist of fees for the audit of our consolidated financial statements, the review of the interim financial statements included in our quarterly reports of Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements for those fiscal years. For 2006 and 2005, audit fees also include the audit of (a) management's assessment of internal control over financial reporting and (b) the effectiveness of internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002.
- Tax fees consist of fees for tax compliance, tax advice and tax planning services for those fiscal years. Tax compliance services relate to preparation and review of original and amended tax returns, claims for refunds and tax payment-planning services. Tax studies, tax advice and tax planning services relate to miscellaneous items.

In considering the nature of the services provided by the principal independent auditor, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Anika Therapeutics' management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Under its charter, the Audit Committee must pre-approve all audit and permitted non-audit services to be provided by our principal independent auditor unless an exception to such pre-approval exists under the Exchange Act or the rules of the SEC. Each year, the Audit Committee approves the retention of the independent auditor to audit our financial statements, including the associated fee. The Audit Committee evaluates other known potential engagements of the independent auditor, including the scope of audit-related services, tax services and other services proposed to be performed and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. All such services were approved by the Audit Committee pursuant to Rule 2-01 of Regulation S-X under the Exchange Act of 1934, to the extent that rule was applicable. Since May 2003 each new engagement of PwC has been approved in advance by the Audit Committee.
