Item 1.01 Entry into a Material Definitive Agreement.

On July 23, 2012, Dynastar Holdings, Inc. (“we,” “us” or “our”) executed a binding letter of intent (the “LOI”) with uBuy2Give, Inc. (the “Seller”) to acquire substantially all of the assets (the “Assets”) of the Seller, consisting primarily of a suite of customized ConnectionPlus™ software applications that we expect will help us increase brand awareness, improve customer loyalty, and enhance our online presence. Pursuant to the LOI, among other things:

Upon the closing of the acquisition of the Assets (the “Closing”), in consideration for the Seller’s transfer of the Assets to us, we will issue to the Seller that number of restricted shares of our Common Stock (the “Initial Shares”) equal to 5% of the total number of shares of our Common Stock issued and outstanding immediately prior to the Closing;

If our utilization of the Assets causes us to generate at least \$1,000,000 in revenues, but less than \$1,500,000 in revenues, within the initial twelve (12) months of such use, we shall thereafter issue to the Seller an additional number of restricted shares of our Common Stock equal to 7.5% of the total number of shares of our Common Stock which were issued and outstanding immediately prior to the Closing (for an aggregate of 12.5%);

If our utilization of the Assets causes us to generate at least \$1,500,000 in revenues within the initial twelve (12) months of such use, we shall thereafter issue to the Seller an additional number of restricted shares of our Common Stock equal to 15% of the total number of shares of our Common Stock which were issued and outstanding immediately prior to the Closing (for an aggregate of 20%);

If we fail to meet certain minimum requirements with respect to the utilization of the Assets within the initial twelve (12) months of such use, regardless of the amount of revenues generated, we shall thereafter issue to the Seller an additional number of restricted shares of our Common Stock equal to 15% of the total number of shares of our Common Stock which were issued and outstanding immediately prior to the Closing (for an aggregate of 20%);

Prior to the date of Closing, we shall provide the Seller with a loan in the principal amount of \$100,000, which loan shall be evidenced by a senior subordinated promissory note on terms to be specified following the signing of the LOI; and

In the event that our utilization of the Assets does not cause us to generate at least \$1,000,000 in revenues within the initial twelve (12) months of our use, and we fail to meet certain minimum requirements with respect to the utilization of the Assets, the Seller may reacquire the Assets by returning the Initial Shares to us.

The Closing is subject to the completion to our satisfaction of a due diligence review of the Assets and related Seller matters. Subject to this condition being met, we expect to complete the acquisition of the Assets by August 23, 2012, unless that date is extended by mutual agreement.
