REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Management and Shareholders of

Lakeland Brasil S.A.

São Paulo - SP

We have audited the accompanying balance sheet of Lakeland Brasil S.A. (“The Company”) as at January 31, 2015, and the related statements of operations, stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our report dated May 15, 2015 on the January 31, 2015 financial statements, we expressed a qualified opinion due to a departure from accounting principles generally accepted in the United States of America. As more fully described in Note 13.1, the Company has corrected this departure from accounting principles generally accepted in the United States of America for the recognition of the interest and penalties related to the value added tax and restated the January 31, 2015 financial statements. Accordingly, our present opinion on the January 31, 2015 financial statements, as presented herein, is different from that expressed in our previous report.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of January 31, 2015, and the results of its operations and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

We also have audited the adjustments described in Notes 6 and 13.1 that were applied to restate the 2014 financial statements to correct errors. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2014 financial statements of the Company other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on

the 2014 financial statements taken as a whole.

The accompanying financial statements have been prepared assuming that Lakeland Brasil S.A. will continue as a going concern. As discussed in Note 1 to the financial statements, Lakeland Brasil S.A. has suffered recurring losses from operations and has a net capital deficiency that raises substantial doubt about the entity's ability to continue as a going concern. Management's plans concerning these matters as described in Note 1 – Operating context. There is also relevant Subsequent Events information in the Note 17 that the Board of Directors approved a sale of Parent Company's wholly-owned Brazilian subsidiary Lakeland Brasil to a current officer of Lakeland Brasil. The financial statements do not include any adjustments about that.

The financial statements of the Company for the year ended January 31, 2014, were audited by another auditor who expressed an unqualified opinion on those statements on April 22, 2014.
