PROXY STATEMENT

Annual Meeting of Shareholders
to be held April 17, 2006

This Proxy Statement is being furnished to the common shareholders of Cass Information Systems, Inc. (the "Company") on or about March 14, 2006 in connection with the solicitation of proxies on behalf of the Board of Directors

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

of the Company (the "Board") for use at the annual meeting of shareholders (the "Annual Meeting") to be held on April 17, 2006 at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting, and at any adjournment or postponement of that meeting.

Holders of shares of Common Stock, par value \$.50 per share ("Shares" or the "Common Stock"), of the Company at its close of business on March 3, 2006 (the "Record Date") are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, 5,565,463 shares of Common Stock were outstanding. Holders of record of Common Stock (the "Shareholders") are entitled to one vote per share of Common Stock they held of record on the Record Date on each matter that may properly come before the Annual Meeting. Company management ("Management"), and members of the Board, in the aggregate, directly or indirectly controlled approximately 19.47% of the Common Stock outstanding on the Record Date.

Shareholders of record on the Record Date are entitled to cast their votes in person or by properly executed proxies at the Annual Meeting. The presence, in person or by properly executed proxy, of a majority of the Common Stock outstanding on the Record Date is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present at the time the Annual Meeting is convened, the Company may adjourn or postpone the Annual Meeting.

A plurality of the votes of Shareholders cast at the Annual Meeting is required for the election of each director. Abstentions are counted in the number of shares present for purposes of determining whether a quorum is present, and are counted as having voted on each matter presented for vote. As a result, an abstention has the same effect as a vote against a proposal, but will have no effect on the vote to elect directors. Broker non-votes are counted in the number of shares present for purposes of determining whether a quorum is present, but as not being present as to matters for which voting instructions are not given. As a result, broker non-votes will not affect voting on any matter voted on at the meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the Annual Meeting, a written notice of revocation bearing a date later than the date of the proxy, (ii) duly executing and dating a subsequent proxy relating to the Common Stock and delivering it to the Secretary of the Company at or before the vote is taken at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice revoking a proxy, or any subsequent proxy should be sent to Eric H. Brunngraber, Secretary, Cass Information Systems, Inc., 13001 Hollenberg Drive, Bridgeton, Missouri 63044 (telephone number (314) 506-5500).

All Common Stock represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting and not properly revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated, such proxies will be voted FOR the election of the Board's director nominees and FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for 2006. The Board of the Company does not know of any matters other than the matters described in the Notice of Annual Meeting attached to the Proxy Statement that will come before the Annual Meeting.

The Board solicits the proxies. In addition to the use of the mails, proxies may be solicited personally or by telephone or facsimile transmission by directors, officers or regular employees of the Company or persons employed by the Company for the purpose of soliciting proxies. It is contemplated that brokerage houses, custodians, nominees and fiduciaries will be requested to

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

forward the soliciting material to the beneficial owners of Common Stock held of record by such persons, and will be reimbursed by the Company for expenses incurred therewith. The cost of solicitation of proxies will be borne by the Company.

PROPOSAL 1 ELECTION OF DIRECTORS

Pursuant to the by-laws of the Company, the Company's Board consists of twelve members and is divided into three classes of approximately equal numbers of directors. Each director is elected for a three-year term, and the term of each class of directors expires in successive years.

Board and Committee Membership

The Company's Board oversees and guides the Company's management and its business. Committees support the role of the Board on issues that benefit from consideration by a smaller, more focused subset of directors.

Each director of the Company who is neither an officer nor an employee of the Company receives compensation for his services. The following table shows the 2005 fee schedule, noting changes that were approved and implemented on March 1, 2005:

Additionally, upon re-election to the Board, each director that is not an officer of the Company receives shares of restricted stock, carrying voting and dividend rights. Shares are subject to a three-year vesting schedule, with 1/3 of the shares vesting each year on the anniversary date of the awards. Effective March 1, 2005, the number of shares awarded upon re-election increased from 300 to 600.

The Audit Committee is composed entirely of independent directors, as defined by the Nasdaq listing standards, and operates pursuant to a written charter, included as Exhibit I and available on the Company's website at www.cassinfo.com. The Committee is responsible for selecting, evaluating and where appropriate, replacing the independent registered public accountants for the Company, and meeting with the independent registered public accountants and other corporate officers to review matters relating to corporate financial reporting and accounting procedures and policies. Among other responsibilities, the Audit Committee also reviews financial information provided to Shareholders and others, assesses the adequacy of financial, accounting, operating and disclosure controls, evaluates the scope of the audits of the independent registered public accountants and reports on the results of such reviews to the Board. In addition, the Committee assists the Board in its oversight of the performance of the Company's internal auditors. The Committee meets with the internal auditors on a quarterly basis to review the scope and results of such services. The Board has determined that Mr. Grace and Mr. Krieg serve as "audit committee financial experts", as defined by the Securities and Exchange Commission ("SEC") and the Nasdaq listing rules.

The Nominating and Corporate Governance Committee is composed entirely of

independent directors, as defined by the Nasdaq listing standards, and operates pursuant to a written charter, which is available on the Company's website at www.cassinfo.com. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, recommending director nominees and developing and addressing corporate governance principles and issues applicable to the Company and its subsidiaries. In recommending director nominees to the Board, the Committee solicits candidate recommendations from its own members, other directors and Management. No person who has reached the age of 80 prior to the election date may be nominated for election or re-election to the Board. It is also the Board's practice to limit new directors to no more than two per year in order to maintain Board continuity. As discussed above, because the Board has nominated two new nominees for election at the 2006 annual meeting, it has also nominated Messrs. Bodine and Krieg, each of whom is 81, for re-election. The Board anticipates the resignation from the Board of Messrs. Bodine and Krieg prior to expiration of their terms in order for the Company to nominate two new directors for election at each of the Company's annual meetings in 2007 and 2008. Although the Nominating and Corporate Governance Committee does not specifically solicit suggestions for possible candidates from Shareholders, the Committee will consider candidates meeting the criteria set by the Committee, with the concurrence of the full Board and re-evaluated periodically, including those criteria set out in the Committee's charter. Suggestions, together with a description of the proposed nominee's qualifications, other relevant biographical information and an indication of the willingness of the proposed nominee to serve, should be sent to the Nominating and Corporate Governance Committee, c/o Eric H. Brunngraber, Secretary, Cass Information Systems, Inc., 13001 Hollenberg Drive, Bridgeton, Missouri 63044.

The Compensation Committee is composed entirely of independent directors, as defined by the Nasdaq listing standards, and operates pursuant to a written charter, which is available on the Company's website at www.cassinfo.com. The Committee reviews and recommends to the Board the salaries and all other forms of compensation of the officers of the Company and its subsidiaries.

Code of Conduct and Business Ethics

The Company has adopted a Code of Conduct and Business Ethics policy, applicable to all Company directors, executive officers and employees. This policy is publicly available and can be viewed on the Company's website at www.cassinfo.com.

Report of the Audit Committee

The Audit Committee, composed entirely of independent directors, as defined by the Nasdaq listing standards, assists the Board in its oversight of (i) the integrity of the financial statements of the Company, (ii) the independent registered public accountants' qualifications and independence (iii) the performance of the independent registered public accountants and the Company's internal audit function, and (iv) the compliance by the Company with legal and regulatory requirements. The Audit Committee operates pursuant to a written charter that was last revised and adopted in February 2006 and is attached as Exhibit I to this Proxy Statement.

In the performance of its oversight function for the year ended December 31, 2005 the Audit Committee reviewed and discussed the audited consolidated financial statements with Management and the independent registered public accountants. The Committee also discussed with the independent registered public accountants the matters required by Statement on Auditing Standards No. 61, Communications with Audit Committees, as currently in effect. The Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees, as currently in effect and has discussed with the independent registered public accounting firm its independence. The Committee has considered whether the provision of all non-audit services to the Company by the independent registered public accountants is compatible with maintaining the registered public accountants' independence and has discussed with them their independence.

Based upon these reviews and discussions, and the roles and responsibilities of the Committee outlined in its charter, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2005 filed with the SEC.

Report of the Compensation Committee

The Compensation Committee is appointed by the Board of Directors and is composed of three independent directors, as defined by the Nasdaq listing standards. The Committee operates under a written charter approved by the Board; the charter is available on the Company's website at www.cassinio.com. The Committee establishes and administers the Company's executive compensation programs and benefits. While the Committee may seek input occasionally from the CEO, the CFO or the Vice President, Human Resources, all matters are independently resolved and decided without the presence or voting of any officer of the Company or its subsidiaries. The Compensation Committee of the Board is also responsible for recommending salary levels for executive officers to the Board of the Company and recommending the overall levels of salary compensation for all Company employees.

Compensation Philosophy

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

The Committee's goal with regard to executive compensation has been to develop and provide a combination of programs that enable the Company to attract and retain competent executive officers and other management personnel with the capabilities and experience necessary to continue leading the Company in meeting its objectives and in furthering its growth and profitability. Additionally, the Committee's goal is to reward executives and managers in accordance with the results that are accomplished. The Committee believes that total compensation should be related to results and to individual and Company performance over the long term.

Use of HR Specialists

The Company does occasionally use compensation specialists to assist in designing or modifying some components of its overall compensation program. When this occurs, the arrangement is with the Committee and not with Management. Also, in such circumstances, the Committee does not solely rely on the consultant's judgment or recommendation, but considers such in exercising its own careful and informed deliberation.

In order to determine the levels of peer compensation within its industry, the Committee utilizes the services of Peter R. Johnson & Company of West Chester, Pennsylvania. Additionally, when evaluating the cash compensation and stock incentives for senior executive management, the Committee utilizes the services of Mercer Human Resource Consulting and other sources for comparison to compensation levels at companies performing in industries similar to those of the Company. For peer group comparison, compensation data is gathered from both the Financial Services and Professional/Business Services industries.

Elements of Compensation

Most elements of compensation are tied to plans directly related to the Company's earnings or its return on equity. The Company also places a strong emphasis on retaining key employees and seeks to provide programs that provide benefits over extended periods of time in addition to earnings-based compensation.

Cash Compensation

The Committee seeks to maintain salaries at levels competitive with peer groups as long as satisfactory economic, regulatory and governance results are being achieved. Bonuses are available to all personnel of the Company based upon the level of profits before taxes achieved by the Company. These bonuses are distributed on the basis of merit. The pool available for executive bonuses is formula-driven and is based on the size of the overall bonus pool, which is determined by the level of earnings achieved before taxes. The portion available for executive bonuses takes into consideration such factors as the return on investment and the growth in the Company's net profits after taxes.

The determination of salaries for the Company's executive officers is a process, which consists of individual performance, growth in the Company's profits and resources, and the quality of the Company's operations, as well as adherence to regulatory requirements. The amount of bonuses available for executive officers is a percentage of the profit-sharing allocation for all staff members and is based on the growth in net earnings of the Company. Because the Company's net earnings in 2005 were greater than in 2004 and its return on investment grew significantly, the bonus amount available for executive officers in 2005 was higher than 2004 levels, and most of the executives received bonuses in 2005 that exceeded those received in 2004.

The Committee reviews salaries of the CEO, CFO and other executive officers annually in January for the current fiscal year. Salaries are determined based on performance in meeting financial results such as growth in profits and return on equity, as well as continuity of performance and leadership. Bonuses are calculated in July and January, and relate directly to the profit performance for the year. The CEO's bonus is a percentage of total profit sharing allocations and fluctuates with the Company's return on equity. The CEO's salary was increased in 2005 due to improved profitability and continued success on meeting the Company's long term goals related to profitability, return on equity and capital adequacy. The CEO's bonus for 2005 was directly related to profit performance in 2005 and was therefore higher than that received in 2004.

Incentive Stock Compensation

The Committee considers stock options and restricted stock grants to be a significant motivational tool for rewarding its executive officers and senior management. Stock options and grants provided under the Company's stock incentive programs are awarded primarily on the basis of performance of the Company, performance of the individual operating subsidiaries, relationship of the Company's performance to other companies in its peer group and the recommendation of the CEO regarding the individual's performance.

The Company has also developed supplemental guidelines for stock compensation based on the return on investment received. In determining the amount of such incentive stock compensation, the Company does not rely on statistics provided by retained consultants, but rather on how such incentives fit within the overall compensation structure desired and how total compensation relates to the performance achieved. Because of the relatively small number of restricted stock options and shares held by the Company's executive officers, the Committee has not considered the overall amount of restricted stock grants and stock options outstanding as a significant factor in granting additional restricted shares and options.

In 2005, the CEO and other executive officers also received long-term incentive awards, based on results of 2004, in the form of incentive stock options and restricted stock grants in conjunction with the plans adopted by the Committee and approved by the Board. Their awards are based on the return on equity of the Company. The higher the return the larger the amount of options and grants awarded. The number of shares provided in 2005 was similar to that in 2004 since the return on equity in 2004 and 2003 was similar. However, awards in 2006 will be higher as a result of a significant increase in the return on equity being achieved.

Federal Income Tax Deductibility Limitations

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and the other senior executive officers, other than compensation that is performance-based under a plan that is approved by the Shareholders of the Company and that meets certain other technical requirements. Based on these requirements, the Compensation Committee has determined that Section 162(m) will not prevent the Company from receiving a tax deduction for any of the compensation paid to executive officers.

Total Compensation

The Committee also reviews total compensation, including the value of non-cash benefits, provided the CEO and CFO. This includes the calculated values of any retirement benefits provided under the Company's defined benefit and defined contribution plans as well as those provided under the Supplemental Employee Retirement Plan. In addition, benefits such as Company-provided automobiles or country club memberships are also considered. The Committee evaluates the total of all these benefits together with cash compensation and any incentive stock compensation in determining the levels of compensation provided. The objective is to insure that all compensation items are reviewed before determining any salary or incentive stock awards for the forthcoming year.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or was during the year ended December 31, 2005 an officer, former officer or employee of the Company or any of its subsidiaries or a person having a relationship requiring disclosure by the Company pursuant to item 404 of SEC Regulation S-K. Defined Benefit Retirement Plans

Retirement Plan for Employees of Cass Information Systems, Inc.

All executive officers of the Company and subsidiaries are participants in the Retirement Plan for Employees of Cass Information Systems, Inc., which covers all full-time employees. Upon retirement, participants in the plan will begin to receive monthly payments equal to 1/12 of the sum of:

- (a) .9% of Final Average Earnings multiplied by the number of years of participation, plus
- (b) .5% of Final Average Earnings in excess of Covered Compensation multiplied by years of participation.

Final Average Earnings is defined as the average annual total compensation for the five consecutive years of highest earnings during the last ten years of employment. Covered Compensation is the average of the maximum social security taxable wage bases in effect for each calendar year during the 35-year period, ending with the year in which retirement age is attained under the Social Security Act. Earnings covered by the Plan equal total compensation as reported in the Summary Compensation Table, including any amounts deferred under the Cass Information Systems, Inc. 401(k) Plan.

Normal retirement under the Plan commences at age 65. At normal retirement, the years of participation under the Plan for the executive officers listed in the Compensation Table would be as follows: Mr. Collett -- 41; Mr. Brunngraber -- 41; Mr. Murray -- 34; Mr. Pickering -- 37; and Mr. Langfitt -- 21.

The following table shows the estimated annual benefits payable at retirement, assuming a straight-life annuity with 120 months guaranteed.

Supplemental Executive Retirement Plan

In addition to the Retirement Plan for Employees of Cass Information Systems, Inc. described above, the Company established the Cass Information Systems, Inc. Supplemental Retirement Plan in 1998, which covers key executive officers of the Company. This supplemental plan was designed to provide additional retirement benefits to key executives whose benefits are limited by the IRS under the Company's qualified plan.

Upon retirement, participants in the plan will receive monthly payments equal to 1/12 of 70% of the Final Average Earnings, reduced proportionately for length of service less than 25 years and reduced by the participant's: (i) qualified retirement plan benefit, (ii) primary social security benefit and (iii) 401(k) hypothetical annuity.

OTHER MATTERS, HOUSEHOLDING and SHAREHOLDER PROPOSALS

Management does not intend to present to the Annual Meeting any business other than the items stated in the "Notice of Annual Meeting of Shareholders" and does not know of any matters to be brought before the Annual Meeting other than those referred to above. If, however, any other matters properly come before the Annual Meeting, the persons designated as proxies will vote on each such matter in accordance with their best judgment.

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of this proxy statement or annual report may have been sent to multiple Shareholders in your household. We will promptly deliver a separate copy of either document to you if you write us at Cass Information Systems, Inc., Attn: Eric H. Brunngraber, Secretary, 13001 Hollenberg Drive, Bridgeton, Missouri 63044, or call (314) 506-5500.

If you wish to receive separate copies of our proxy statements and annual reports to Shareholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

Any Shareholder proposal to be considered for inclusion in the Company's Proxy Statement for its next Annual Meeting, which is expected to be held in April, 2007, must be received by the Company in writing at its principal office at the address listed in the section above no later than November 14, 2006. The deadline for written notice of a proposal for which the Shareholder will conduct his or her own solicitation is January 29, 2007.

Cass Information Systems, Inc.
Audit Committee Charter

I. PURPOSE

The Audit Committee is appointed by the Board to oversee the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. In that regard, the Audit Committee assists the Board in monitoring (1) the integrity of the financial statements of the Company, (2) the independent auditors' qualifications and independence, (3) the performance of the Company's internal audit function and independent auditors, (4) the compliance by the Company with legal and regulatory requirements, and (5) the Company's efforts to manage its information technology and data security risks.

The Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the "Commission") to be included in the Company's annual proxy statement.

II. COMMITTEE MEMBERSHIP

The Audit Committee shall consist of no fewer than three members. Each member of the Audit Committee shall meet the independence and experience requirements of The NASDAQ Stock Market, Inc. Marketplace Rules and the Securities Exchange Act of 1934 (the "Exchange Act"). All members of the Audit Committee shall be able to read and understand fundamental financial statements. No member of the Audit Committee shall have participated in the preparation of the financial statements of the Company in the past three years. At least one member of the Audit Committee shall be an "audit committee financial expert" as defined by the Commission. However, one director who does not meet the NASDAQ definition of independence, but who meets the criteria set forth in Section 10A(m)(3) under the Exchange Act and the rules there under, and who is not a current officer or employee or a family member of such person, may serve for no more than two years on the audit committee if the Board, under exceptional and limited circumstances, determines that such individual's membership is required by the best interests of the Company and its shareholders. Such person must satisfy the independence requirements set forth in Section 10A(m)(3) of the Exchange Act, and may not chair the Audit Committee. The use of this "exceptional and limited circumstances" exception, as well as the nature of the individual's relationship to the Company and the basis for the board's determination, shall be disclosed in the annual proxy statement.

In addition, if an audit committee member ceases to be independent for reasons outside the member's reasonable control, his or her membership on the audit committee may continue until the earlier of the Company's next annual shareholders' meeting or one year from the occurrence of the event that caused the failure to qualify as independent. If the Company is not already relying on this provision, and falls out of compliance with the requirements regarding audit committee composition due to a single vacancy on the audit committee, then the Company will have until the earlier of the next annual shareholders' meeting or one year from the occurrence of the event that caused the failure to comply with this requirement. The Company shall provide notice to Nasdaq immediately upon learning of the event or circumstance that caused the non-compliance, if it expects to rely on either of these provisions for a cure period.

The members of the Audit Committee shall be appointed and may be replaced by the Board.

III. MEETINGS

The Audit Committee shall meet as often as it determines necessary but not less frequently than quarterly. The Audit Committee shall meet periodically in

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

separate executive sessions with management, the internal auditors and the independent auditors, and have such other direct and independent interaction with such persons from time to time, as the members of the Audit Committee deem appropriate. The Audit Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

IV. COMMITTEE AUTHORITY AND RESPONSIBILITIES

The Audit Committee shall have the sole authority to appoint, determine funding for, and oversee the outside auditors (subject, if applicable, to shareholder ratification). The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditors shall report directly to the Audit Committee.

The Audit Committee shall pre-approve all auditing services, internal control-related services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditors, subject to the de minimis exception for non-audit services that are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may delegate to one or more members the authority to grant pre-approvals of audit and permitted non-audit services, provided that such decisions to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to engage and determine funding for independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditors for the purpose of rendering or issuing an audit report or performing other audit, review or attest services for the Company and to any advisors employed by the Audit Committee, as well as funding for the payment of ordinary administrative expenses of the Audit Committee that are necessary or appropriate in carrying out its duties.

The Audit Committee shall make regular reports to the Board. The Audit Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.

V. FINANCIAL STATEMENT AND DISCLOSURE MATTERS

The Audit Committee, to the extent it deems necessary or appropriate, shall:

- (1) Review and discuss with management and the independent auditors the annual audited financial statements, including disclosures made in management's discussion and analysis, and recommend to the Board whether the audited financial statements should be included in the Company's Form 10-K.
- (2) Review and discuss with management and the independent auditors the Company's quarterly financial statements prior to the filing of its Form 10-Q, including the results of the independent auditors' review of the quarterly financial statements.

 - (a) all critical accounting policies and practices to be used;
 - (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors, and
 - (c) other material written communications between the independent auditors and management, such as any management letter or schedule of unadjusted differences.
- (7) Discuss with management the Company's earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made).
- (8) Discuss with management and the independent auditors the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.
- (9) Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.
- (10) Discuss with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit, including any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information, and any significant disagreements with management.

Evaluate the qualifications, performance and independence of the independent auditors, including considering whether the auditors' quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditors' independence, and taking into account the opinions of management and internal auditors. The Audit Committee shall present its conclusions with respect to the independent auditors of the Board.
- (3) Obtain from the independent auditors a formal written statement delineating all relationships between the independent auditors and the Company. It is the responsibility of the Audit Committee to actively engage in a dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors and for purposes of taking, or recommending that the full board take, appropriate action to oversee the independence of the outside auditors.
- (4) Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.
