**Table of Contents**

**Agenda and Proposals**

**1. Annual Report, Annual Financial Statement and Consolidated Financial Statements for fiscal year 2004, Reports of the Statutory and Group Auditors**

**A. Proposal**

The Board of Directors proposes that the Annual Report, the annual financial statement and the consolidated financial statements for fiscal year 2004 be approved.

**B. Explanatory Notes**

Swisscom increased its consolidated net revenue year-on-year by 0.3 per cent to CHF 10,057 million. Operating income (EBIT) amounted to CHF 2,705 million in fiscal year 2004. The consolidated financial statements reported net income of CHF 1,594 million. Net earnings per share amounted to CHF 24.63.

For the year ended 31 December 2004, Swisscom AG (holding company) posted net income of CHF 2,399 million and retained earnings of CHF 4,218 million.

The statutory and group auditors KPMG Klynveld Peat Marwick Goerdeler SA recommend in their reports to the Shareholders Meeting that the consolidated financial statements for the year ended 31 December 2004 and the annual financial statement of Swisscom AG for the year ended 31 December 2004 be approved.

**2. Appropriation of Retained Earnings and Declaration of Dividend**

**A. Proposal**

The Board of Directors proposes that the retained earnings of CHF 4,218 million for fiscal year 2004 be appropriated as follows: CHF 861 million as dividend payments and CHF 3,357 million to be carried forward to the next fiscal year.

**B. Explanatory Notes**

The Board of Directors proposes that the dividend be set at CHF 14 per share. Provided the Shareholders Meeting approves this proposal, a net dividend of CHF 9.10, after deduction of a 35 per cent withholding tax, will be paid out on 29 April 2005.

In addition to this payout, Swisscom AG also plans to execute a share buyback this year.

**3. Reduction of Share Capital**

**A. Proposal**

The Board of Directors proposes:

that the share capital be reduced by CHF 4,720,500, from CHF 66,203,261 to CHF 61,482,761 by cancellation of the shares acquired through the 2004 share buyback programme;

---

**Table of Contents**

that it be declared on the basis of the special auditor's report as per Art. 732, Para 2 of the Swiss Code of Obligations (OR), that the claims of creditors be met in full despite the reduction in share capital;

an amendment to Section 3.1.1 of the articles of incorporation as follows: «The share capital of the Corporation is CHF 61,482,761 divided into 61,482,761 registered shares with a par value of CHF 1 each. The shares are fully paid in.»

**B. Explanatory Notes**

At the 2004 Shareholders' Meeting, the Board of Directors announced that Swisscom AG planned to buy back shares to a maximum value of CHF 2,000 million in order to be able to channel unneeded cash and cash equivalents back to the shareholders. The share buy-back scheme was successfully launched in May 2004 and concluded in December 2004. During this period, Swisscom AG bought back 4,720,500 shares via the second trading line specially set up on the virt-x trading platform for the share buyback. This corresponds to 7.13 per cent of the share capital. The average price per share amounted to CHF 423.68; the total value of the buyback amounted to some CHF 2,000 million.

The reduction of share capital results in an increase in the percentage of shares held by the principal shareholder. With hindsight, following entry of the amendment to the Articles of Incorporation in the Commercial Register, the Swiss Confederation will hold 66.1 per cent of all shares issued.

The Board of Directors proposes to the Shareholders' Meeting that the cancellation of the 4,720,500 shares be approved and the share capital be reduced accordingly in Section 3.1.1 of the articles of incorporation.
