The Compensation Committee of the Board of Directors of the Company administers the Executive Incentive Compensation Plan ("EICP"), a cash bonus plan under which a number of employees and executive officers participate. The bonus paid under the EICP is based principally on the business and individual performance, however, the Compensation Committee may authorize additional payments to recognize exemplary accomplishments in any year. Under the EICP, the Compensation Committee establishes annual target awards, expressed as a percentage of the participant's annual base salary, as well as weighted business plan and individual goals. On February 22, 2005, the Compensation Committee set specific target awards and performance goals for several executive officers including, Bruce Wilkinson, Robert Deason, John Fees and Frank Kalman.

For the year ending December 31, 2005, the target awards for these executive officers are as follows:

Name of Executive Officer	Target Award (percentage of 2005 base salary)	
Bruce W. Wilkinson	80%	
Robert A. Deason	65%	
John A. Fees	65%	
Francis S. Kalman	55%	

Additionally, the Committee established minimum, target and maximum bonus levels based upon operating income as business plan goals for the purposes of determining final award payout. The bonus levels for each of these executive officers are based upon the sum of the Company's three principal operating groups' combined operating income. The business plan goals for Mr. Deason and Mr. Fees also include separate operating income goals for J. Ray McDermott, S.A. and BWX Technologies, Inc., respectively.

Finally, the individual goals for these executive officers include (1) targeted levels of company-wide or applicable operating group safety cost severity index averages at levels deemed appropriate to the Compensation Committee; (2) the effectiveness of applicable internal controls over financial reporting and, for Mr. Fees, (3) developing a plan to reduce the cost of the pension plan applicable to BWX Technologies, Inc.
