PROXY STATEMENT

Annual Meeting of Shareholders to be held April 21, 2014

This Proxy Statement is being furnished to the common shareholders of Cass Information Systems, Inc. (the Company) on or about March 11, 2014 in connection with the solicitation of proxies on behalf of the Board of Directors of the Company (the Board) for use at the annual meeting of shareholders (the Annual Meeting) to be held on April 21, 2014 at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting, and at any adjournment of that meeting.

Holders of common stock, par value \$.50 per share, of the Company at its close of business on March 5, 2014 (the Record Date) are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, there were 11,529,461 shares of common stock outstanding and entitled to vote at the Annual Meeting. Holders of record of common stock are entitled to one vote per share of common stock they held of record on the Record Date on each matter that may properly come before the Annual Meeting. Company management and members of the Board, in the aggregate, directly or indirectly controlled approximately 5.32% of the common stock outstanding on the Record Date.

Shareholders of record on the Record Date are entitled to cast their votes in person or by properly executed proxies at the Annual Meeting. The presence, in person or by properly executed proxy, of a majority of the shares of common stock outstanding on the Record Date is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present at the time the Annual Meeting is convened, the Company may adjourn the Annual Meeting.

If a quorum is present, the affirmative vote of a majority of the shares entitled to vote which are present in person or represented by proxy at the Annual Meeting is required to elect directors, approve the non-binding vote on executive compensation, ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2014, and to act on any other matters properly brought before the Annual Meeting. Shareholders may not cumulate their votes in the election of directors.

Shares represented by proxies which are marked or voted (i) “withheld” for the election of the Board’s director nominee or nominees, (ii) “abstain” to ratify the appointment of the Company’s independent registered public accounting firm and approve executive compensation or (iii) to deny discretionary authority on other matters will be counted for the purpose of determining the number of shares represented by proxy at the meeting. Such proxies will thus have the same effect as if the shares represented thereby were voted against such nominee or nominees and proposals. Shares held by brokers that do not have discretionary authority to vote on a proposal and have not received voting instructions from their clients are considered “broker non-votes.” Broker non-votes are considered present or represented for purposes of determining a quorum but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote for directors or other proposals. As such, for your vote to be counted, you must submit your voting instruction form to your broker.

Please note that brokers may no longer use discretionary authority to vote shares on the election of directors or on executive compensation matters if they have not received instructions from their clients. Please vote your proxy so your vote can be counted. The inspector of elections appointed for the Annual Meeting will separately tabulate and certify affirmative and negative votes, abstentions and broker non-votes.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the Annual Meeting, a written notice of revocation bearing a date later than the date of the proxy, (ii) duly executing and dating a subsequent proxy relating to the common stock and delivering it to the Secretary of the Company at or before the vote is taken at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice revoking a proxy, or any subsequent proxy, should be sent to Cass Information Systems, Inc., Attn: P. Stephen Appelbaum, Secretary, 12444 Powerscourt Drive, Suite 550, St. Louis, Missouri 63131.

All common stock represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting and not properly revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated, such proxies will be voted FOR the election of the Board's director nominees, FOR approval of executive compensation, FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2014, and in the discretion of the proxies with respect to any other matter that is properly brought before the Annual Meeting or any adjournment thereof. The Board does not know of any matters other than the matters described in the Notice of Annual Meeting attached to the Proxy Statement that will come before the Annual Meeting.

The Board solicits the proxies. In addition to the use of the mails, proxies may be solicited personally or by telephone or electronic transmission by directors, officers or regular employees of the Company. It is contemplated that brokerage houses, custodians, nominees and fiduciaries will be requested to forward the soliciting material to the beneficial owners of common stock held of record by such persons, and will be reimbursed by the Company for expenses incurred therewith. The cost of solicitation of proxies will be borne by the Company.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON April 21, 2014

The Company's proxy statement, annual report on Form 10-K for the 2013 fiscal year and summary Annual Report to Shareholders are available at <http://ir.cassinfo.com/phoenix.zhtml?c=97994&p=proxy>.

The Company makes available free of charge through its website www.cassinfo.com its annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed and furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 as soon as reasonably practicable after such documents are electronically filed with, or furnished to, the Securities and Exchange Commission (the SEC).

I. ELECTION OF DIRECTORS – PROPOSAL 1

Nominees and Continuing Directors

The size of the Company's Board is set at 12 members, divided into classes of four directors each. Each director is elected for a three-year term, and the term of each class of directors expires in successive years.

In 2013, Mr. Andrew J. Signorelli, a long-time member of the Company's Board, passed away. In addition, Mr. K. Dane Brooksher is currently serving a three year term that expires on the date of the annual meeting. He will not stand for re-election having reached the Board's mandatory retirement age. Mr. Bryan S. Chapell is also currently serving a three year term that will expire on the date of the Annual Meeting. He will not stand for re-election due to the fact that he has accepted a new position as the Senior Pastor of Grace Presbyterian Church (PCA) in Peoria, Illinois.

The Board is currently in the process of identifying and recruiting new Board members with specific skill sets with the ultimate objective of setting the Board size at 9-10 members.

The Board, upon recommendation by the Nominating and Corporate Governance Committee, has nominated incumbent directors Eric H. Brunngraber and Benjamin F. Edwards, IV for re-election. Each of the nominees has consented to serve if elected. If either of them becomes unavailable to serve as a director before the Annual Meeting, the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board. Proxies cannot be voted for a greater number of nominees than those named in this Proxy Statement.

All the directors and nominees bring to the Board a wealth of executive leadership experience derived from their service as corporate executives. Each possesses individual qualifications and skills that contribute to the Board's effectiveness as a whole. The following information is submitted with respect to the nominees for election to the Board, together with the members of the Board whose terms will continue after the Annual Meeting or until their respective successors are duly elected and qualified:

Nominated to serve until 2017:

Eric H. Brunngraber, 57, has been a director since 2003. Mr. Brunngraber is President and Chief Executive Officer (CEO) of the Company. Prior to his appointment as CEO in 2008, he held the position of President and Chief Operating Officer (COO) since 2006. Mr. Brunngraber served as Chief Financial Officer (CFO) of the Company from 1997 to 2006. He has held numerous positions with the Company since his employment began in 1979, including Executive Vice President of Cass Commercial Bank, the Company's bank subsidiary. Mr. Brunngraber is active in various civic, charitable, and professional organizations in the St. Louis metropolitan area, including the Regional Business Council and the American Diabetes Association – Community Leadership Board.

The Board selected Mr. Brunngraber to serve as a director because he is the Company's President and CEO and is responsible for the strategic direction and day-to-day leadership of the Company.

Benjamin F. Edwards, IV, 58, has been a director since 2005. He is Chairman, CEO and President of Benjamin F. Edwards & Company, a St. Louis-based investment firm. Previously, Mr. Edwards was branch manager of the Town & Country, Missouri office of A.G. Edwards/Wachovia Securities LLC, a national investment firm. Mr. Edwards' career with A.G. Edwards began in 1977, where he held numerous positions including Employment Manager, Financial Advisor, Associate Branch Manager, Regional Officer, Director of Sales and Marketing and President, as well as a member of the Board of Directors of A.G. Edwards from 1994 to 2007. He currently is a member of the Board of The Bogey Club in St. Louis and a member of the CEO Forum.

The Board selected Mr. Edwards to serve as a director because it believes he possesses management expertise in investment banking, including experience with capital markets transactions and investments in both public and private companies.

The Company's Board recommends a vote FOR the two nominees for election to the Board of Directors.

Directors to serve until 2016:

Lawrence A. Collett, 71, has been a director since 1983. He is Chairman of the Board of the Company, a position he has held since 1992. Mr. Collett retired as CEO of the Company in 2008, having served in that capacity since 1990. He began his career with the Company in 1963 and served as Executive Vice President from 1974 to 1983 and President from 1983 to 1990. He holds numerous positions with civic, charitable, and church-related institutions.

The Board selected Mr. Collett to serve as a director because of his previous tenure with the Company in multiple roles, including CEO, which affords him unique insights into the Company's strategies, challenges and opportunities.

Wayne J. Grace, 73, has been a director since 2003. He is Retired Managing Director of UHY Advisors MO, Inc., a tax and business consulting firm. Mr. Grace was the founder and Managing Director of the accounting firm Grace Advisors, Inc., where he served from 1983 to 2004. Mr. Grace began his career with the St. Louis, Missouri office of Fox & Company, an accounting firm, which spanned from 1966 to 1983. While serving at Fox & Company, he became both partner and partner in charge prior to his departure in 1983 to begin Grace Advisors, Inc. During his tenure at Fox & Company he was a member of the National Consulting Services Steering Committee. He is currently director and Audit Committee chairman for Benjamin F. Edwards & Company, a St. Louis-based investment firm. Mr. Grace served as a director of Siegel-Robert, Inc., a privately-held plastics product manufacturer from 2006 to 2008. Mr. Grace is a certified public accountant.

The Board selected Mr. Grace to serve as a director because it believes he has valuable experience in audit, governance and management issues resulting from his background as a certified public accountant and managing partner of a public accounting firm.

James J. Lindemann, 58, has been a director since 2007. He is Executive Vice President of Emerson Electric Co. (Emerson), a publicly-traded manufacturing company based in St. Louis, Missouri. Mr. Lindemann joined Emerson in 1977, where he has held a number of increasingly responsible engineering and marketing positions with its Specialty Motor business unit. In 1992, he was named President of Commercial Cam, and in 1995, he was named President of the Emerson Appliance Motor business unit. In 1996, Mr. Lindemann was promoted to Chairman and CEO of the Emerson Motor Co. He was named Senior Vice President of Emerson in 1999 and Executive Vice President in 2000. Mr. Lindemann has served on the Emerson Advisory Board since 2000 and has been a board member of the CEO Forum since 2003.

The Board selected Mr. Lindemann to serve as a director based on his experiences with Emerson, where he has served as a senior manager of a public manufacturing company, obtained international expertise and worked successfully with large corporate enterprises.

Directors to serve until 2015:

Robert A. Ebel, 58, has been a director since 2006. He is CEO of Universal Printing Company, a privately-held printing company headquartered in St. Louis, Missouri. Mr. Ebel began his tenure with Universal Printing Company as CFO and board member in 1986. In 1996, he was appointed to the position of CEO. Mr. Ebel currently serves on the Board of the St. Louis Graphic Arts Joint Health and Welfare Fund and is active in various civic and charitable organizations in the St. Louis metropolitan area.

The Board selected Mr. Ebel to serve as a director because it believes he brings valuable business management and finance expertise to the Board. His current duties as CEO of a privately-held business based in St. Louis provide him with a strong knowledge of the local commercial marketplace served by the Company's subsidiary bank.

John L. Gillis, Jr., 74, has been a director since 2007. Mr. Gillis is retired from the law firm of Armstrong Teasdale LLP. Mr. Gillis began his career as an associate with Armstrong Teasdale LLP in 1968, served as partner with the firm from 1975 to 2006 and as Senior Counsel from 2007 until 2009. He is a director of the Midwest Marines Foundation and has been active in other various civic and charitable organizations in the St. Louis metropolitan area.

The Board selected Mr. Gillis to serve as a director because of his legal background, as well as his knowledge of SEC rules and regulations as they relate to the Company's role and responsibilities as a publicly-traded entity.

Randall L. Schilling, 51, has been a director since 2009. He is President and CEO of Candelstiq LLC, a privately-held software company based in St. Charles, Missouri. From 1992 to 2010, he was the CEO of Quilogy, Inc., a nationally recognized, privately-held information technology professional services company. Mr. Schilling is currently an Advisory Board member of FormFast Inc., a St. Louis-based company that provides electronic workflow solutions for healthcare organizations; KETC Channel 9, a St. Louis-based public television station; and St. Louis Children's Hospital Foundation. Additionally, Mr. Schilling has been active in various other civic and charitable organizations in the St. Louis metropolitan area, including Partners for Progress – Education Chairman and Young Presidents Organization.

The Board selected Mr. Schilling to serve as a director because he possesses information technology expertise to help address the challenges the Company faces in the rapidly changing information technology arena.

Franklin D. Wicks, Jr., 60, has been a director since 2006. He is Executive Vice President and President of Applied Markets of Sigma-Aldrich Corporation (Sigma-Aldrich), a publicly-traded life science and high technology company located in St. Louis, Missouri. Dr. Wicks has worked for Sigma-Aldrich since 1982, beginning as a research chemist and subsequently working in marketing, then as President of Sigma Chemical and Vice President of Worldwide Operations, Sigma-Aldrich. He served as President, Scientific Research Division, Sigma-Aldrich from 1999 to 2002 and was responsible for operations in 34 countries. Prior to his most recent appointment, Dr. Wicks served as President-SAFC. After receiving his Ph. D., Dr. Wicks served for four years on the staff of the Navigators at the Air Force Academy and at the University of Colorado at Boulder before joining Sigma-Aldrich. He is currently a member of the CEO Forum and serves as a trustee of Covenant Theological Seminary.

The Board selected Dr. Wicks to serve as a director because of his public company senior management experience, familiarity with corporate governance, and knowledge of local and global marketplace issues.

Director Independence

Based on the independence standards as defined by the marketplace rules of The Nasdaq Stock Market, Inc. (Nasdaq), the Board has determined in its business judgment that all of the directors and director-nominees are independent as such term is defined in the Nasdaq listing standards, except for Mr. Collett and Mr. Brunngraber. Under the objective criteria of the Nasdaq standards, Mr. Collett is not deemed independent because he received payments in excess of \$120,000 during 2013 pursuant to his consulting agreement with the Company. Additionally, Mr. Brunngraber is not considered independent because he is currently employed by the Company. In addition, each of the members of the Audit Committee and Compensation Committee meets the heightened independence standards set forth in the SEC rules and the Nasdaq listing standards. In making these determinations, the Board has reviewed all transactions and relationships between each director (or any member of his or her immediate family) and the Company, including transactions and relationships described in the directors' responses to questions regarding employment, business,

family, and other relationships with the Company and its management. As a result of this review, the Board concluded, as to each independent director, that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Corporate Governance

The Board oversees and guides the Company's management and its business affairs. Committees support the role of the Board on issues that benefit from consideration by a smaller, more focused subset of directors. All committee members are elected by and serve at the pleasure of the Board. In its oversight of the Company, the Board sets the tone for the ethical standards and performance of management, staff, and the Company as a whole. The Board has adopted Corporate Governance Guidelines that capture the long-standing practices of the Company as well as current corporate governance best practices. The guidelines are available at www.cassinfo.com.

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Company held its first advisory (non-binding) shareholder vote on the compensation of the Company's named executive officers (commonly known as a "say-on-pay" proposal), and its first shareholder vote on the frequency of such say-on-pay proposal, at its 2011 Annual Meeting of Shareholders. At such meeting, the shareholders of the Company approved the overall compensation of the

Company's named executive officers and elected to hold a say-on-pay vote every three years. Accordingly, a say-on-pay proposal is included in this proxy statement for the 2014 Annual Meeting of Shareholders.

The Company has adopted a Code of Conduct and Business Ethics policy, applicable to all Company directors, executive officers and employees. This policy is publicly available and can be viewed at www.cassinfo.com.

Board Leadership Structure

The Company's Corporate Governance Guidelines specify that the Board has flexibility to decide whether it is best for the Company to combine or separate the roles of Chairman of the Board and CEO. Since July 2008, the Company's leadership structure consists of separate roles for Chairman and CEO of the Company as performed by Mr. Collett and Mr. Brunngraber, respectively. The Board has chosen to separate the roles of Chairman and CEO in recognition of the current demands of the two roles. While the Chairman organizes Board activities to enable the Board to effectively provide guidance to and oversight and accountability of management, the CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company. The Chairman creates and maintains an effective working relationship with the CEO, other members of management and other members of the Board; provides the CEO ongoing direction as to Board needs, interests and opinions; and assures that the Board agenda is appropriately directed to the matters of greatest importance to the Company. In carrying out his responsibilities, the Chairman preserves the distinction between management and Board oversight by ensuring that management develops corporate strategy and risk management practices, and focusing the Board to review and express its judgments on such developments.

The Board recognizes that no single leadership model is right for all companies and at all times, and depending on the circumstances, other leadership models may be appropriate. Accordingly, the Board periodically reviews its leadership structure to ensure the proper balance is present in the Company's current model.

In accordance with the Company's Corporate Governance Guidelines, non-management directors convene quarterly without the presence of management directors or executive officers of the Company.

Risk Management Oversight

The Board believes that risk is inherent in innovation and the pursuit of long-term growth opportunities. The Company's management is responsible for day-to-day risk management activities. The Board, acting directly and through its committees, is responsible for the oversight of the Company's risk management practices. The Board's role

in the Company's risk oversight process includes regular reviews of information from senior management (generally through Board committee presentation) regarding the areas of material risk to the Company. A description of certain material risks affecting the Company can be found in the Annual Report on Form 10-K for the year ended December 31, 2013. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial and information technology risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. Each committee reports regularly to the full Board on its activities. In addition, the Board participates in regular discussions with the Company's senior management on many core subjects, including strategy, operations, finance, and legal and public policy matters, in which risk oversight is an inherent element.

Communications with the Board of Directors

The Board has established a process by which shareholders can communicate with the Board. Shareholders may communicate with any and all members of the Board by transmitting correspondence to the following address or fax number: Cass Information Systems, Inc., Name of Director(s), Attn: P. Stephen Appelbaum, Secretary, 12444 Powerscourt Drive, Suite 550, St. Louis, Missouri 63131, (314) 506-5560 (fax).

The Secretary will forward all correspondence to the Chairman or the identified director as soon as practicable. Communications that are deemed to be inappropriate or present a safety or security concern may be handled differently. Correspondence addressed to the full Board will be forwarded to the Chairman, who will present the correspondence to the full Board or a committee thereof. If a response to the communication is warranted, the content and method of the response may be coordinated with the Company's legal counsel.

Board Meetings and Committees of the Board

The Board holds regularly scheduled meetings in January, April, July, and October. During the fiscal year ended December 31, 2013, the Board held four meetings. All directors attended at least 75% of the aggregate number of meetings of the Board and committees on which they served. The Company’s directors are encouraged, but not required, to attend the Company’s Annual Meeting. Twelve directors attended the 2013 Annual Meeting.

The Company has three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee. Each of these committees has a written charter approved by the Board. A copy of each charter can be found in the Investor Relations section of the Company’s website at www.cassinfo.com.

The following table represents the membership and number of meetings in 2013 (in parentheses) of the Board committees, each of which is comprised entirely of independent directors, as defined by Nasdaq and SEC rules:

Audit (5)	Nominating and Corporate Governance (4)	Compensation (4)
Robert A. Ebel	Bryan S. Chapell	K. Dane Brooksher*
Wayne J. Grace*	John L. Gillis, Jr.	Benjamin F. Edwards, IV
Randall L. Schilling	Wayne J. Grace	James J. Lindemann
	Franklin D. Wicks, Jr.*	Andrew J. Signorelli**

*Committee Chairman

**Committee member until his passing in October 2013.

Audit Committee

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of the Company’s financial statements. The Audit Committee is responsible for appointing, determining funding for and overseeing the independent registered public accountants for the Company, and meeting with the independent registered public accountants and other corporate officers to review matters relating to corporate financial reporting and accounting procedures and policies. Among other responsibilities, the Audit Committee reviews financial information provided to shareholders and others, assesses the adequacy of financial and accounting controls, and evaluates the scope of the audits of the independent registered public accountants and reports on the results of such reviews to the Board. In addition, the Audit Committee assists the Board in its oversight of the performance of the Company’s internal auditors. The Audit Committee meets with the internal auditors on a quarterly basis to review the scope and results of their work. The Board has determined that Mr. Grace qualifies as an “audit committee financial

expert,” as defined by the SEC and in accordance with the Nasdaq listing rules.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, recommending director-nominees, and developing and addressing corporate governance principles and issues applicable to the Company and its subsidiaries. In recommending director-nominees to the Board, the Nominating and Corporate Governance Committee solicits candidate recommendations from its own members, other directors, and management. In evaluating candidates, the Nominating and Corporate Governance Committee takes into consideration such factors as it deems appropriate, including any legal requirements or listing standards requirements. The Nominating and Corporate Governance Committee considers a candidate’s judgment, skills, integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate’s experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it does consider such issues as diversity of education, professional experience, differences of viewpoints, and skills when assessing individual director-nominees. In general, no person who will have reached the age of 75 prior to election date may be nominated for election or re-election to the Board. It is also the Board’s practice to limit new directors to no more than two per year in order to maintain Board continuity.

Although the Nominating and Corporate Governance Committee does not specifically solicit suggestions for possible candidates from shareholders, the Nominating and Corporate Governance Committee will consider candidates recommended by shareholders meeting the criteria discussed above and set by the Nominating and Corporate Governance Committee, with the concurrence of the full Board. The criteria will be re-evaluated periodically and will include those criteria set out in the Corporate Governance Guidelines and the Nominating and Corporate Governance Committee's charter. Suggestions, together with a description of the proposed nominee's qualifications, other relevant biographical information and an indication of the willingness of the proposed nominee to serve, should be sent to Cass Information Systems, Inc., Attn: P. Stephen Appelbaum, Secretary, 12444 Powerscourt Drive, Suite 550, St. Louis, Missouri 63131.

Compensation Committee

The Compensation Committee fulfills the Board's responsibilities relating to compensation of the Company's directors, CEO, and other executives. The Compensation Committee also has responsibility for approving, evaluating, and administering the compensation plans, policies, and overall programs of the Company.

Compensation Processes and Procedures

As specified in its charter, the Compensation Committee recommends annual retainer fees, Board and committee meeting fees, and terms and awards of stock compensation for non-management directors, subject to appropriate approval by the Board or shareholders.

The Compensation Committee establishes and administers the Company's executive compensation program and related benefits. While the Compensation Committee may seek input and recommendations from the CEO, CFO, or the Vice President of Human Resources concerning the elements of executive and director compensation, and confer with them on compensation philosophies, all significant matters regarding compensation for executives are ultimately the responsibility of the Compensation Committee. The Compensation Committee annually reviews corporate goals and objectives relative to the CEO's compensation and determines the CEO's compensation level based on this evaluation, subject to Board approval. The Compensation Committee is responsible for recommending to the Board salary levels and incentive stock compensation for executive officers of the Company, and approving incentive stock compensation for other members of management as recommended by the CEO. The responsibility for allocating cash bonuses for executive officers other than himself is delegated to the CEO, in accordance with provisions of the profit sharing program approved by the Board.

Periodically, the Company uses compensation specialists to assist in designing or modifying some components of its overall compensation program and to provide comparison data of compensation at other organizations with which the

Company competes for executive management talent. In such circumstances, the Compensation Committee does not rely solely on survey data or the consultant's judgment or recommendation, but considers such data when exercising its judgment in evaluating the Company's compensation program.

Compensation Committee Interlocks and Insider Participation

Messrs. Brooksher, Edwards, Lindemann, and Signorelli served on the Compensation Committee during the fiscal year ended December 31, 2013. The functions of the Compensation Committee are set forth under this Compensation Committee section. No member of the Compensation Committee is, or was during the year ended December 31, 2013, an officer, former officer, employee of the Company or any of its subsidiaries, or a person having a relationship requiring disclosure by the Company pursuant to Item 404 of Regulation S-K. No executive officer of the Company served as a member of (i) the compensation committee or board of directors of another entity of which one of the executive officers of such entity served on the Company's Compensation Committee or (ii) the compensation committee of another entity of which one of the executive officers of such entity served on the Company's Board, during the year ended December 31, 2013.

Director Compensation

Each director of the Company who is not an officer or employee of the Company receives compensation for his services. Based on recommendation from the Compensation Committee, the Board elected to revise the fee structure as of April 16, 2013. The following represents the new fee structures applicable for the periods indicated:

	January 1, 2013 to April 16, 2013	After April 16, 2013
Regular Board Meeting Fee	\$ 2,500	\$ 2,500
Board Committee Meeting Fee	\$ 750	\$ 1,000
Annual Retainer:		
Board Member	\$ 16,750	\$ 20,000
Audit Committee Chair	\$ 10,000	\$ 10,000
Compensation Committee Chair	\$ 7,000	\$ 7,000
Nominating and Corporate Governance Committee Chair	\$ 7,000	\$ 7,000

* Directors will receive the equity equivalent of the dollar amounts indicated above.

Restricted stock awards are issued under the Company's Amended and Restated Omnibus Stock and Performance Compensation Plan (the "Omnibus Plan"). The shares carry voting and dividend rights. Dividends are paid quarterly prior to vesting. Shares granted prior to April 16, 2013 are subject to a three-year vesting schedule, with 1/3 of the shares vesting each year on the anniversary date of the awards. Shares granted on or after April 16, 2013 vest in one year on the first anniversary date of the awards or, if elected by the director, vest at retirement from the Board, as disclosed below. The grant date of awards is typically the day following the annual meeting, when the full Board approves the awards. In accordance with the Company's stock ownership guidelines, directors are expected to retain all shares granted to them during their service as a Board member and encouraged to acquire stock in an amount consistent with their financial resources.

In January 2013, the Board approved a non-employee director compensation election program to allow non-employee directors to receive their annual retainer fees in the form of restricted stock and provide for a separate election to defer the vesting of all restricted stock until the date of termination of service as a director. Elections must be made prior to the calendar year for which the election will apply and made annually, with the exception of the first year in which a director becomes eligible to participate, after which the election must be made within 30 days. These election options became effective April 15, 2013 upon approval by shareholders of the revisions to the Omnibus Plan.

These amounts do not represent the actual amounts paid to or realized by the directors during fiscal year 2013. The value as of the grant date for restricted stock is recognized over the number of days of service required for the grant to become vested. See Note 11 to the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for a complete description of the material assumptions applied in determining grant date fair value. Certain Relationships and Related Party Transactions

Some of the directors and executive officers of the Company, and members of their immediate families and firms and corporations with which they are associated, have had transactions with the Company's subsidiary bank, including borrowings and investments in depository accounts. All such loans and investments have been made in the ordinary course of business, on substantially the same terms, including interest rates charged or paid and collateral required, as those prevailing at the same time for comparable transactions with unaffiliated persons, and did not involve more than the normal risk of collectability or present other unfavorable features.

As provided by the Audit Committee's charter, the Audit Committee must review and approve all transactions between the Company and any related person that are required to be disclosed pursuant to Item 404 of Regulation S-K. "Related person"

and “transaction” shall have the meanings given to such terms in Item 404 of Regulation S-K, as amended from time to time. In determining whether to approve or ratify a particular transaction, the Audit Committee will take into account any factors it deems relevant.

Report of the Audit Committee

The Audit Committee assists the Board in providing oversight of the systems and procedures relating to the integrity of the Company’s financial statements, the Company’s financial reporting process, its systems of internal accounting and financial controls, the internal audit process, risk management, the annual independent audit process of the Company’s annual financial statements, the Company’s compliance with legal and regulatory requirements, and the qualification and independence of the Company’s independent registered public accounting firm. The Audit Committee reviews with management the Company’s major financial risk exposures and the steps management has taken to monitor, mitigate, and control such exposures. Management has the responsibility for the implementation of these activities. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013, including a discussion of the quality and the acceptability of the Company’s financial reporting and controls.

The Company’s independent registered public accounting firm is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles and on the effectiveness of the Company’s internal control over financial reporting. The Committee reviewed with the independent registered public accounting firm the firm’s judgments as to the quality and the acceptability of the Company’s financial reporting and such other matters as are required to be discussed with the Committee under auditing standards of the Public Company Accounting Oversight Board (PCAOB) (United States), including the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, as adopted by the PCAOB in Rule 3200T. In addition, the Committee has discussed with the independent registered public accounting firm the firm’s independence, including the impact of non-audit-related services provided to the Company, and has received the written disclosures and the letter from the independent registered public accounting firm required by Rule 3526 of the PCAOB, as may be modified or supplemented.

The Committee also discussed with the Company’s internal auditors and the independent registered public accounting firm in advance the overall scope and plans for their respective audits. The Committee meets regularly with the internal auditor and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company’s internal controls, and the overall quality of the Company’s financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

As an advisory vote, this proposal is non-binding and will not overrule any decision by the Board or require the Board to take any action. However, the Board and the Compensation Committee value the opinions of our shareholders, and will consider the outcome of the vote when making future compensation decisions for the named executive officers.

The Company’s Board recommends a vote FOR the Company’s executive compensation program as described in the Compensation Discussion and Analysis, the compensation tables and otherwise in this proxy statement.

III. EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Overview of Compensation Philosophy and Objectives

The Compensation Committee believes that the skill and dedication of executive officers and other management personnel are critical factors affecting the Company’s long-term success in meeting its objectives and fostering growth and profitability. In support of this, compensation programs have been designed to attract and retain a high level of talented leadership, to reward performance in accordance with results, provide an incentive for future performance and align Company executives’ long-term interests with those of the shareholders.

The overall compensation program is designed to result in compensation that is commensurate with Company and individual performance. High levels of performance should yield compensation which is competitive externally and equitable internally. The Compensation Committee periodically assesses the Company's compensation programs to confirm that incentives are in place to retain key management talent, reward attainment of longer term objectives, and assure that these programs do not encourage risky behavior on the part of individuals or the executive management team.

Executive compensation is comprised of three major components: (i) base salaries reviewed annually by the Compensation Committee, (ii) cash bonuses distributed from the Company's profit sharing program based on individual and Company performance, and (iii) long-term equity incentives awarded annually based on an individual officer's level of responsibility along with Company performance. The compensation mix of cash and long-term incentives for the CEO is similar to that of other executive officers of the Company, and is believed to be consistent with compensation provided to similar positions at comparable organizations. The CEO is eligible to participate in all Company benefit programs including those available to other executive officers, and receives no additional perquisites beyond those available to other executive officers except for a club membership allowance which is also provided to the President and COO of Cass Commercial Bank.

In order to assure that executive compensation is both competitive and appropriate, the Compensation Committee reviews executive compensation in its entirety before determining any adjustments to specific compensation components. In this process, the Compensation Committee primarily considers the value of cash and incentive stock compensation. Benefits, such as perquisites, and the calculated values of any retirement benefits provided under the Company's defined benefit, defined contribution and supplemental retirement plans are also considered, though these elements are given less weight. Gains from prior incentive stock awards are also given less weight, as these were awards earned and granted based on prior performance.

The Compensation Committee also periodically reviews external market data on executive compensation in order to obtain a general understanding of current compensation practices. Prior to review and adjustment of executive management compensation for 2013, the Committee retained Pay Governance to gather relevant marketplace data on total compensation

for similar executive positions. This size-adjusted data consisted of annual salary, short-term incentives, long-term incentives, and pay mix. Data was obtained from the following sources:

- Tower Watson's 2012 Survey Report on Top Management, focusing on:
 - o Services sector, including the Business Support Services industry; and
 - o the Banking and Finance sector.
- Total compensation data from other publicly-traded companies in the IT Services and Data Processing sectors.

In reviewing external data, the Company does not engage in benchmarking to establish compensation levels or make specific compensation decisions. This is due to the Company's unique structure, needs, differences in the size of surveyed companies, and the lack of sufficient appropriate matches to provide statistical relevance. Instead, the Company reviews survey data only to gain a better understanding of general compensation practices. In establishing executive compensation, the Committee takes into account a number of considerations, including individual and company performance, experience, responsibilities, retention, and internal equity. Periodic review of external market data is, however, considered to be a necessary point of reference. It is the Company's preference that performance rather than benchmarking data drive executive compensation. Pay Governance's overall conclusion confirmed the Committee's belief that 2013 compensation levels were appropriate for the Company.

The Committee has determined that the consultants retained by the Committee [and its advisers] are independent and raise no conflict of interest concerns. Pay Governance does not provide any services to the Company other than those services for which it was retained by the Committee.

The Compensation Committee determines base salary and incentive stock compensation adjustments for the CEO and executive officers, subject to Board approval. In determining executive officer compensation adjustments other than those for the CEO, the Compensation Committee gives consideration to the CEO's recommendations concerning each executive's performance and related salary and incentive stock levels. Cash bonuses for the CEO and executive officers are allocated in accordance with the Company's board-approved profit sharing program, as further described in the section below titled Profit Sharing Bonus.

Finally, in arriving at its decisions on executive compensation, the Compensation Committee took into account the affirmative shareholder "say-on-pay" vote at the 2011 Annual Meeting of Shareholders and continued to apply the same principles in determining the amounts and types of executive compensation.

Elements of Compensation

The key elements in the executive compensation program are base salary, cash bonus awards distributed from the Company's profit sharing program, and long-term incentive stock compensation. These elements, as well as benefits plans and perquisites, are described below.

Base Salary

Salaries are established for executive officers by balancing both internal and external factors. Internal equity is determined through comparison with other executives within the Company, taking into account the scope of responsibilities, performance, skills, and experience. Similarly, the Company considers external data to validate competitiveness and reasonableness in the marketplace. Considerable weight is given to performance of the individual and his or her associated operating unit, taking into account factors such as revenue growth, cost efficiencies, technological advancements, and leadership. Specific individualized targets and quantitative performance measurements are not utilized. Base salaries are designed to attract and retain high levels of expertise and talent. The Compensation Committee reviews salaries of the CEO and other executive officers at the beginning of each fiscal year. The Compensation Committee determines any adjustments to the CEO's salary and gives consideration to the CEO's recommendation regarding adjustment to executive officer salaries, based on the criteria referenced above.

The Company believes that base salary increases for 2013 were reflective of the performance of individuals and individual operating units, sustained corporate earnings, overall corporate growth over the past several years, and competitive forces

projected by the external market. Base salary levels were adjusted, effective April 2013, for the named executive officers as follows: Mr. Brunngraber, \$505,000, up from \$470,000; Mr. Appelbaum, \$251,000, up from \$243,000; Mr. Langfitt, \$223,000, up from \$217,000; Mr. Mathias, \$261,000, up from \$255,000; Mr. Murray, \$260,000, up from \$255,000; and, Mr. Pickering, \$222,000, up from \$212,000.

Profit Sharing Bonus

The Company is unique in having a profit sharing program which has been in existence since 1968. These cash bonuses are paid to all full-time employees including executives, exempt, and non-exempt staff, according to the profit sharing program approved by the Board, pursuant to the Company's Omnibus Plan. The purpose of this program is to facilitate the Company's continued growth and success by providing rewards that are commensurate with achievement, thereby creating an incentive for superior performance and improved results for shareholders. The profit sharing program is funded and paid semi-annually with 12.5% of the Company's profits before taxes. As such, all cash bonuses paid by the Company are capped and are available only when, and to the extent that, the Company is profitable overall.

Total profit sharing funds are divided into "pools" to be distributed among various employee groups, including the CEO, executives, exempt and non-exempt staff. The target percentage of salary to be received by the CEO ranges from 0% to a maximum of 70%. The target percentage of salary to be received by the other named executive officers ranges from 0% to a maximum of 45% in the case of Messrs. Langfitt, Mathias, and Pickering or 0% to a maximum of 50% in the case of Messrs. Appelbaum and Murray. Payments made to the CEO are based on return on average equity for the period and can range from 0% of the total profit sharing fund if return on average equity is zero or negative to a maximum of 5% if return on average equity is 20% or higher. For the purpose of determining whether profit sharing funds are available to the CEO, return on average equity is calculated by dividing net income for the period by average daily shareholders' equity for the same period. Payments made to the named executive officers other than the CEO, while primarily based on the size of the pool, are also based on a subjective assessment of performance, considering factors such as performance of the individual and his associated operating unit taking into account factors such as revenue growth, cost efficiencies, technological advancements, and leadership. For named executive officers other than the CEO, consideration is also given to profit sharing payments that an individual has received in the past as well as those received by other named executive officers in order to help ensure internal equity. The portion of the profit sharing funds allocated to payouts for the named executive officers other than the CEO is determined based on the increase in net income after taxes (NIAT) for the respective semi-annual period. This pool can range from 9% to 16% of the total profit sharing funds available to exempt staff based on a change in the NIAT of -20% to +20% or greater, respectively.

The percentages of the total profit sharing funds available to the CEO and other named executive officers have been set to result in payments that fall within the targeted salary percentages for the CEO and other named executive officers. The targeted percentage salary ranges for the CEO and other named executive officers have, for the most part, been in place since the Company's profit sharing program was established. These ranges were established based on the following factors: (i) the goal to maintain internal equity that reflects the responsibilities of the position relative

to other positions within the Company; (ii) the objective to provide incentive compensation that is adequate to attract and retain talent, validated through the Company's recruitment efforts and periodic review of general marketplace survey data; and (iii) the desire to minimize overly risky compensation practices in line with the Company's conservative risk strategy.

The target salary percentage payouts and the distributions made to the CEO and other named executive officers are regularly reviewed by the Compensation Committee in accordance with the factors noted above. The Compensation Committee has continuously determined that the profit sharing payments resulting from the methodology described above are desirable based on the Company's past performance and its compensation philosophies and objectives.

Bonuses earned in the first and second halves of 2013 were paid in August 2013 and February 2014, respectively, and were made in accordance with the Company's profit sharing program. The CEO bonus calculations were based on the return on average equity achieved by the Company during the respective six-month periods (i.e., 13.93% and 12.88%). These return on equity achievements resulted in the CEO receiving 3.79% and 3.58% of the total profit sharing pool based on the profit sharing program guidelines, for a total 2013 profit sharing payment of \$186,700.

The total profit sharing pool funds available to other executive officers, including the named executive officers other than the CEO, was based on a 2.27% increase in net income after taxes for the first half of 2013 over the first half of 2012 and a 7.4% decrease in net income after taxes in the second half of 2013 over the first half of 2013, resulting in 13.29% and 11.79% of

the total exempt staff profit sharing pool being available for profit sharing payments to executive officers, including named executive officers other than the CEO, in the first and second halves of 2013, respectively. As noted above, the amount of these profit sharing funds allocated to individual named executive officers, other than the CEO, is determined by the CEO based on a subjective evaluation considering internal equity among the named executive officers and other individual factors, including:

- P. Stephen Appelbaum: overall stewardship of corporate financial processes, reporting, and controls.
- Gary B. Langfitt: leadership and growth of the Company's expense management business units.
- Robert J. Mathias: ongoing growth of the Company's banking subsidiary while maintaining excellent credit quality.
- Harry M. Murray: planning and direction of corporate development activities.
- John F. Pickering: leadership and growth of the Company's transportation information services business unit.

Payments made to the named executive officers decreased in 2013 as compared to 2012 due primarily to the decrease in the profit sharing pool and the related factors that determine the amounts available to the CEO and named executive officers.

Long-Term Incentive Stock Compensation

Long-term incentive stock compensation (LTIC) is awarded to various members of the Company's management team, including all named executive officers, in accordance with the Company's Omnibus Plan. The objectives of the Omnibus Plan are to provide an incentive which aligns executive officers' interests with those of shareholders, assist in recruiting, encourage retention, and reward executive officers for the Company's success.

Availability of LTIC is tied to the Company's overall performance over a three-year period. Annual awards are granted each January and are based on the performance of the three prior calendar years. In determining the amount of awards, the Company uses a framework that places equal emphasis on risk and return by balancing growth with profitability. For 2013 awards based on 2012, 2011, and 2010 performance, the Company used the following financial factors with respective weightings: (i) return on equity (ROE) weighted 50%; (ii) increase in diluted earnings per share (EPS) weighted 25%; and (iii) increase in processing fee revenues weighted 25%. In 2013, a fourth factor, Average Equity to Asset Ratio, was added for performance in 2013 and thereafter, as described in Post-Fiscal Year Compensation Actions. The LTIC earned percentage for each factor is calculated annually based on the targets

achieved and prorated when actual performance falls between the percentage ranges, as shown in the following table:

Factor	LTIC Earned Percentage				
	60%	100%	125%		
	Threshold	Target	Maximum		
ROE	12 %	16 %	20 %		
EPS growth	6 %	9 %	12 %		
Processing fee growth	8 %	10 %	12 %		

The average percentage earned over the three-year performance period is calculated for each performance factor, appropriately weighted, and totaled to determine the total LTIC earned percentage for the current performance period. The actual amount of annual grants is then determined by applying the total LTIC earned percentage to the target grant amounts, which are set as a percentage of annual salary and vary by executive based on their level of responsibility. If the thresholds are met or exceeded for all three performance factors, the plan provides for grant amounts of: (i) between 60% and 125% of total salary for the CEO; (ii) between 45% and 94% of total salary for Messrs. Langfitt, Mathias, and Pickering; and (iii) between 36% and 75% of total salary for Messrs. Appelbaum and Murray. If one or more of the performance factors does not meet the threshold, the grant amounts would fall below these ranges.

The total LTIC earned percentage used in computing the 2013 grants was calculated as follows:

	2010 Actual*	Earned %	2011 Actual*	Earned %	2012 Actual*	Earned %	3-Year Average Earned %	Weights	LTIC Earned %
ROE	14.74 %	87 %	15.17 %	92 %	13.88 %	20 %	86 %	50 %	43 %
EPS growth	24.28 %	125 %	13.33 %	125 %	.50 %	0 %	83 %	25 %	21 %
Processing fee growth	11.34 %	118 %	12.01 %	125 %	9.90 %	98 %	113 %	25 %	28 %
Total LTIC Earned Percentage									92 %

*For a more detailed discussion on the actual results of the financial factors, refer to the Company's Annual Report on Form 10-K for the respective fiscal years ended December 31.

The 2013 grants (calculated based on the three-year performance period ended December 31, 2012) were slightly higher than the 2012 grants (calculated based on the three-year performance period ended December 31, 2011) due to the 2009 performance period, included in the 2012 grants, which were depressed due mainly to the slowdown in economic activity in the transportation sector.

For the 2013 LTIC awards, the Company selected a mix of 50% restricted stock awards and 50% SARs to reinforce its long-term objectives. The SARs encourage and reward growth in the share price over time, and the restricted stock serves as a retention incentive as well as rewarding the appreciation of the Company's common stock price. The grant date of the awards was the Board approval date. Restricted stock awards were valued at that day's closing stock price as reported on the Nasdaq, and the SARs were valued at the equivalent Black-Scholes value. Restricted stock awards are for common stock shares carrying voting and dividend rights, and are subject to a three-year vesting schedule with 1/3 of the shares vesting each year on the anniversary date of the awards. Dividends are paid quarterly prior to vesting. SARs are for common stock shares, are subject to a three-year vesting schedule with 1/3 of the shares vesting each year on the anniversary date of the grant, become exercisable upon vesting and expire 10 years from the original grant date. In the event of disability or death of the participant, or a change in control of the Company, restricted stock awards vest and SARs become fully exercisable. LTIC awards are not re-priced, in accordance with the Company's long-standing practice.

The Compensation Committee reserves the right, subject to Board approval, to issue or refrain from issuing LTIC awards on a discretionary basis. Influencing factors include economic achievement, ethical standards, financial strength, management effectiveness, and external market forces.

Presently, long-term incentive stock awards outstanding consist of restricted stock bonus awards and SARs issued pursuant to the Company's Omnibus Plan. The Compensation Committee reviews the number of outstanding long-term incentive stock awards held by the Company's executive officers annually and to date, has not considered the overall amount of such awards as a significant factor in determining additional grants or awards.

In accordance with the Company's stock ownership guidelines, executive officers are expected to retain a majority of the shares granted to them prior to their retirement, net of shares tendered for applicable taxes. Any executive officer wishing to sell shares for purposes other than to pay associated taxes should first consult with the CEO and CFO. Shares sold by the CEO require prior approval by the Chairman of the Board of Directors. Generally, approval to sell more than 50% of total shares granted would only be given if the value of shares retained exceeded 3 times current annual salary for the CEO and 2.25 times current annual salary for other executive officers, or in the case of financial hardship.

As part of the Company's Clawback Policy, in the event the Company materially restates its financial results, including any performance standards, the Compensation Committee has the right to rescind, revoke, adjust, or otherwise modify any awards granted under the Omnibus Plan that would have been lesser if calculated based on the restated results. The rescission, revocation, adjustment or modification of awards is at the sole discretion of the Compensation Committee and will be made consistently for all recipients in the plan for the restatement year, whether or not the recipient participated in

conduct which led to the restatement.

The Company does not allow the grant of option awards to be timed with the release of material non-public information such that it would have an effect on the exercise price that would benefit the executive. The grant date for LTIC awards is the date independent Board members approve such awards and generally occurs at the January Board meeting.

401(k) Defined Contribution Plan

All employees of the Company and its subsidiaries, other than those classified as off-site employees, are eligible to participate in the Cass Information Systems, Inc. 401(k) Plan. Eligible employees may enter the plan at the first of the month following one month of service. Employees may voluntarily defer the maximum level allowed by the Internal Revenue Service (IRS), which was \$17,500 for 2013, plus an additional \$5,500 catch-up contribution for employees age 50 or older. The Company matches 50% of the first 3% of employee contributions, subject to IRS limitations. All employee contributions vest immediately. Company contributions vest for each employee on the employee's third anniversary of employment with the Company.

Defined Benefit Retirement Plans

Retirement Plan for Employees of Cass Information Systems, Inc.

All employees of the Company and subsidiaries, other than those classified as off-site employees, become participants in the Retirement Plan for Employees of Cass Information Systems, Inc. at the next semi-annual entry period immediately following completion of one year of service. Upon retirement, participants in this qualified plan will begin to receive monthly payments equal to 1/12 of the sum of: (i) 0.9% of final average earnings multiplied by the number of years of service, plus (ii) 0.5% of final average earnings in excess of Covered Compensation multiplied by years of service.

Final average earnings is defined as the average annual total compensation for the five consecutive years of highest earnings during the last 10 years of employment. Covered Compensation is defined as the average of the maximum social security taxable wage bases in effect for each calendar year during the 35-year period, ending with the year in which retirement age is attained under the Social Security Act. Earnings covered by the plan equal W-2 earnings, excluding stock based compensation and including any amounts deferred under the Company's 401(k) plan and Section 125 plan, up to the maximum IRS limit (\$255,000 in 2013). Service for benefit accrual purposes is the period

beginning on the date of participation in the plan and ending on the severance date.

Normal retirement age under the plan is 65 with five years of vesting service. Early retirement eligibility is age 55 with five years of vesting service. Benefits for early retirement under the defined benefit pension plan would be calculated under the formula described above based on final average earnings and years of service as of the date of retirement, reduced by (i) 5/9 of 1% for each month by which the early retirement date or the first day of the month coinciding with or next following the 60th birthday, whichever is later, precedes the normal retirement date, and (ii) 5/18 of 1% for each month, if any, by which the early retirement date precedes the first day of the month coinciding with or next following the 60th birthday. Postponed retirement benefits are an amount equal to the greater of (i) the normal retirement benefit determined in accordance with the above formula using service and final average earnings through the postponed retirement date, or (ii) the actuarial equivalent of the normal retirement benefit on the postponed retirement date. The normal form of benefit is a straight-life annuity with 120 months guaranteed.

Supplementary Executive Retirement Program

The Company's benefits program also provides for the Cass Information Systems, Inc. Supplemental Executive Retirement Plan (the SERP). The SERP was designed to provide additional retirement benefits to key executives whose benefits are limited by the IRS under the Company's qualified plan.

Upon retirement, participants in the SERP will receive monthly payments equal to 1/12 of 70% of the final average earnings, reduced proportionately for length of service less than 25 years. Such amount is further reduced by the participant's: (i) qualified retirement plan benefit, (ii) primary social security benefit, and (iii) 401(k) hypothetical annuity.

Final average earnings, normal and early retirement age, years of service, and normal form of payment are the same as under the Retirement Plan for Employees of Cass Information Systems, Inc., as described above.

Early retirement benefits under the SERP are calculated to be an annual amount equal to 70% of the final average earnings multiplied by the number of full years of service divided by 25% (not to exceed 100%), less the sum of the defined pension plan benefit, primary social security benefit, and 401(k) hypothetical annuity, reduced by 1/180 for each of the first 60 calendar months and 1/360 for each of the next 60 calendar months by which commencement of benefits precedes normal retirement date. Benefits are not increased if payment of benefits commences after the normal retirement date.

Employees are generally not eligible for benefits under the SERP if they leave the Company prior to reaching age 55, and they receive a significant increase in benefits if they remain with the Company until age 65; therefore, the Compensation Committee believes that the SERP is an effective executive retention tool.

Perquisites and Other Benefits

The Company provides executive officers with perquisites that the Compensation Committee believes are reasonable and competitive based on the Compensation Committee's knowledge of other companies with which the Company competes for talent. For 2013, these perquisites included an automobile allowance and, where deemed appropriate, a club membership allowance. Historically, the Company has not benchmarked or set targets for this compensation component. The perquisites' value to the executive, as well as the incremental cost to the Company, is considered when establishing compensation levels; however, the value of this component of compensation is modest and has not been given significant weight by the Compensation Committee when establishing overall levels of executive compensation. Executive officers are eligible to receive the same health, dental, disability, and life insurance benefits as are available to all other full-time employees of the Company and its subsidiaries.

Post-Employment Payments

Named executive officers referred to herein do not have employment agreements, nor are there any provisions for payments following or in connection with any termination or change-in-control, other than for provisions that allow for SERP benefits, SARs, and restricted stock awards to vest and/or become fully exercisable upon a change in control or in some circumstances, upon disability, in accordance with their respective plans.

Federal Income Tax Deductibility Limitations

The Compensation Committee takes into consideration the tax consequences to employees and the Company when considering types and levels of awards and other compensation granted to executives and directors.

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and the other senior executive officers, other than compensation that is performance-based under a plan that is approved by the shareholders of the Company and that meets certain other technical requirements. Based on these requirements, the Compensation Committee has determined that for 2013, Section 162(m) will not prevent the Company from receiving a tax deduction for any of the compensation paid to executive officers. Mr. Brunngraber is the only named executive officer whose compensation exceeds \$1 million.

Post-Fiscal Year Compensation Actions

On January 27, 2014, Mr. Murray, the Company's former Executive Vice President – Corporate Development, assumed a non-executive officer role at the Company, and his compensation was reduced accordingly.

Executive Compensation Comparative Data

In 2013, the Compensation Committee performed a review of executive compensation. As part of the review process, the Compensation Committee retained Pay Governance to provide comparative data on cash and total executive compensation. Data reviewed was from the (i) IT Services and Data Processing sector, (ii) Financial Services sector, and (iii) Services sector, including the Business Support Services industry. Consistent with prior years and the Company's intent not to engage

in benchmarking, the Compensation Committee did not rely solely on comparative data, but did consider such elements when exercising its own judgment in determining 2014 compensation.

Base Salary

Base salary increases for 2014 were approved in January based on the factors discussed herein, including overall performance of individuals, individual operating units, corporate earnings, and overall corporate growth over the past several years. Such base salary increases, effective in April 2014, were approved for the following: Mr. Brunngraber, \$505,000 to \$535,000; Mr. Appelbaum, \$251,000 to \$259,000; Mr. Langfitt, \$223,000 to \$230,000; Mr. Mathias, \$261,000 to \$270,000 and; Mr. Pickering, \$222,000 to \$232,000.

Long-Term Incentives

LTIC awards made in January 2014 were granted in accordance with the Omnibus Plan and were comprised of 50% restricted stock awards and 50% SARs. The grant date of the awards was the Board approval date of January 28, 2014. Restricted stock awards were valued at that day's closing stock price as reported on Nasdaq, and the SARs were valued at the equivalent Black-Scholes value. The awards granted and detailed below were based on the three-year performance period ended December 31, 2013 as previously described under Elements of Compensation – Long-Term Incentive Stock Compensation. The restricted stock awards shown here have also been included in the beneficial ownership numbers reported in the Principal Shareholders table included herein.

Name	Restricted Stock Awards	SARs
Eric H. Brunngraber	3,149	10,880
P. Stephen Appelbaum	939	3,245
Gary B. Langfitt	1,043	3,603
Robert J. Mathias	1,221	4,217
John F. Pickering	1,038	3,587

In January 2013, the Compensation Committee approved the addition of a fourth factor, capital-to-asset ratio, in calculating LTIC awards. This factor was added to provide an incentive to maintain a strong financial position as well as reduce the risk of excess leveraging. For prospective performance periods beginning January 1, 2013, the LTIC awards will be based on the following financial factors with respective weightings: (i) ROE weighted 40%; (ii) increase in diluted EPS weighted 20%; (iii) increase in processing fee revenues weighted 20%; and (iv) capital-to-asset ratio weighted 20%. Therefore, beginning January 1, 2013 the LTIC earned percentage, as described in Elements of Compensation-Long-Term Incentive Stock Compensation, will be calculated based on the following table:

Factor	LTIC Earned Percentage				
	60%	100%	125%		
	Threshold	Target	Maximum		
ROE	12 %	16 %	20 %		
EPS growth	6 %	9 %	12 %		
Processing fee growth	8 %	10 %	12 %		
Capital-to-asset ratio	8 %	9 %	10 %

These amounts represent distributions under the Company's profit sharing program as further described in the Compensation Discussion and Analysis section contained herein. Amounts paid to the CEO are reported separately (1) as non-equity incentive plan compensation due to the fact the payments are based on pre-determined return on average equity targets which are communicated to the CEO prior to the performance period, the outcome of which is uncertain at the time the targets are made.

These amounts represent the aggregate grant date fair value of restricted stock and SAR awards granted during the fiscal years ended December 31, 2013, 2012, and 2011, respectively, computed in accordance with FASB ASC Topic 718. These amounts do not represent the actual amounts paid to or realized by the named executive officer for these awards during fiscal years 2013, 2012, and 2011. The value as of the grant date for restricted stock and (2) SAR awards is recognized over the number of days of service required for the grant to become vested. See Note 11 to the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for a complete description of the material assumptions applied in determining grant date fair value.

Represents the aggregate change in actuarial present value of accumulated benefits under the Company's defined benefit pension plan and SERP based on a five-year average of current pay. See Note 10 to the Company's audited (3) financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for a complete description of the material assumptions applied in quantifying the present value of accumulated benefits.

Consists of the Company's incremental cost on perquisite benefits, dividends paid on restricted stock awards, the Company's matching contributions paid to the Company's 401(k) Plan on behalf of each executive, and for 2012 and (4) 2011, the value of premiums paid on behalf of each executive for group term life. Perquisite benefits provided in 2013 consist of an allowance for personal automobile usage for all the named executive officers and club membership allowances for Mr. Brunngraber and Mr. Mathias.
